Table 7-1 includes information initially published by the Department of Health and Human Services about state spending (maintenance of effort) requirements under the Temporary Assistance for Needy Families block grant program. The required state spending levels have been subsequently revised. Table 7-1 (revised) shows information about state spending requirements updated for Fiscal Year 1999 (latest information available) as of March 9, 2000. The above referenced material as revised (Table 7-1) is a replacement for pages 365-367.
