PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-101. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to continue the current United States sugar program in the 2007 Farm Bill; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE CONCURRENT RESOLUTION NO.

83

Whereas, Louisiana farmers have produced sugarcane for more than two hundred years; and

Whereas, Louisiana's sugarcane industry employs approximately twenty-seven thousand people and contributes more than 1.7 billion dollars to the state's economy; and

Whereas, the state's sugar producers were severely harmed by Hurricanes Katrina and Rita; and

Whereas, a strong domestic sugar market is a critical component to the sugar industry's recovery in Louisiana; and

Whereas, the state's sugar producers depend on the sugar policy in the Farm Security and Rural Investment Act of 2002 for survival; and

Whereas, United States sugar policy has kept sugar affordable for grocery shoppers, has operated at no cost to taxpayers, and has strengthened the country's food security: Therefore be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to continue the current United States sugar program in the 2007 Farm Bill; be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-102. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to expedite the repair and rebuilding of the St. Bernard Parish levee system by all appropriate federal agencies and to close the Mississippi River Gulf Outlet; to the Committee on Environment and Public Works.

HOUSE CONCURRENT RESOLUTION NO.

67

Whereas, the Southeast Louisiana Flood Protection Authority-East (SLFPA-E) is

charged with flood protection of a large portion of south Louisiana; and

Whereas, this geographical area includes the Lake Borgne Levee District, which encompasses St. Bernard Parish; and

Whereas, the Lake Borgne Levee District has suffered catastrophic damage to its flood protection systems, including pumps, pump stations, drainage canals, and levees from the effects of Hurricanes Katrina and Rita; and

Whereas, it has been twenty months since the hurricanes passed through the area; and

Whereas, much-needed repairs to the flood protection systems include the need for temporary pumping capacity, sediment removal from all canals, storm-proofing pump stations, raising the Caernarvon to Verret levee to its authorized height, raising the Bayou Bienvenue to the Inner Harbor Navigation Canal levee and floodwall, and completion of the design and construction of permanent pump stations to replace those ruined by the hurricanes; and

Whereas, the Lake Borgne Levee District cannot provide adequate flood protection to the citizens of St. Bernard Parish until repairs to the levee system are complete; and

Whereas, delays have been caused by a lack of cooperation between several key federal agencies, including the United States Army Corps of Engineers, National Resources Conservation Service, Federal Emergency Management Agency, and the Department of Homeland Security; and

Whereas, congress must intervene on behalf of the citizens of Louisiana to finish these key hurricane flood protection projects; and

Whereas, the Mississippi River Gulf Outlet (MRGO) is a seventy-six-mile-long, man-made navigational channel which connects the Gulf of Mexico to the Port of New Orleans; and

Whereas, since MRGO was completed, the United States Army Corps of Engineers estimates that the area has lost nearly three thousand two hundred acres of fresh and intermediate marsh, more than ten thousand three hundred acres of brackish marsh, four thousand two hundred acres of saline marsh, and one thousand five hundred acres of cypress swamp and levee forest in addition to major habitat alterations due to saltwater intrusion; and

Whereas, the dramatic loss of coastal wetlands and marshes caused by MRGO exposed St. Bernard Parish to much more severe impacts from the hurricanes and tropical storms that regularly occur in the Gulf of Mexico; and

Whereas, those concerns proved true in an extremely dramatic fashion on August 29, 2005, when Hurricane Katrina struck Louisiana's coast with a tidal surge well in excess of twenty feet; and

Whereas, there is a growing consensus that the flooding that occurred in St. Bernard

Parish, New Orleans East, and the Lower Ninth Ward of New Orleans was a result of storm surge that flowed up MRGO to the point where it converges with the Intracoastal Waterway and that the confluence created a funnel that directed the storm surge into the New Orleans Industrial Canal, where it overtopped the levees along MRGO and the Industrial Canal and eventually breached the levees and flooded into the neighborhoods that lie close to those three waterways, resulting in more than eleven hundred deaths in the Greater New Orleans area, including one hundred twenty-eight deaths in St. Bernard Parish, destroying over twenty-four thousand homes, and rendering more than sixty-seven thousand residents of St. Bernard Parish and uncounted numbers in New Orleans East and the Lower Ninth Ward of New Orleans homeless, without possessions, and unemployed; and

Whereas, in addition to destroying homes, the floodwaters washed away churches and other places of worship, schools, businesses, community centers, recreational facilities, and utility and transportation infrastructure; and

Whereas, as the only entity which can authorize the waterway to be closed and which can enable the reestablishment of our essential coastal wetlands, the United States Congress must come to the aid of the citizens of Louisiana, particularly those of St. Bernard Parish by authorizing the immediate closure of MRGO: Therefore, be it,

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to expedite the repair and rebuilding of the St. Bernard Parish levee system by all appropriate federal agencies and to immediately close the Mississippi River Gulf Outlet; and Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-103. A joint resolution adopted by the Legislature of the State of Montana opposing, among other things, any effort to implement a trinational political, governmental entity among the United States, Canada, and Mexico; to the Committee on Foreign Relations.

HOUSE JOINT RESOLUTION NO. 25

Whereas, the Security and Prosperity Partnership of North America was launched in March of 2005 as a trilateral effort among the United States, Canada, and Mexico to share information and streamline traffic across shared borders; and

Whereas, in meeting Security and Prosperity Partnership initiatives, the security and prosperity ministers are examining

opportunities to open the borders between the United States, Canada, and Mexico; and

Whereas, the gradual creation of such a North American Union from a merger of the United States, Mexico, and Canada would be a direct threat to the Constitution and national independence of the United States and imply an eventual end to national borders within North America; and

Whereas, according to the Department of Commerce, United States trade deficits with Mexico and, Canada have significantly widened since the implementation of the North American Free Trade Agreement (NAFTA); and

Whereas, the economic and physical security of the United States is impaired by the potential loss of control of its borders attendant to the full operation of NAFTA; and

Whereas, a NAFTA Superhighway System from the west coast of Mexico through the United States and into Canada has been suggested as part of a North American Union and the broader plan to advance the Security and Prosperity Partnership; and

Whereas, it would be particularly difficult for Americans to collect insurance from Mexican companies that employ Mexican drivers involved in accidents in the United States, which would increase the insurance rates for American drivers; and

Whereas, future unrestricted foreign trucking into the United States can pose a safety hazard due to inadequate maintenance and inspection and can act collaterally as a conduit for the entry into the United States of illegal drugs, illegal human smuggling, and terrorist activities; and

Whereas, a NAFTA Superhighway System would be funded by foreign consortiums and controlled by foreign management, which threatens the sovereignty of the United States; and

Whereas, the Security and Prosperity Partnership aims to integrate United States laws with Mexico and Canada on a broad range of issues such as e-commerce, transportation, environment, health, agriculture, financial services, and national security, which may lead to negative changes in United States administrative laws; and

Whereas, state and local governments throughout the United States would be negatively impacted by the Security and Prosperity Partnership or a North American Union process, such as an open borders vision, eminent domain takings of private property along potential superhighways, and increased law enforcement problems along such superhighways; and

Whereas, this trilateral partnership to develop a North American Union has never been presented to Congress as an agreement or treaty and has had virtually no congressional oversight; and

Whereas, initiatives advancing the Security and Prosperity Partnership will lead to the erosion of United States sovereignty and could lead to integrated continental court systems and currency; and

Whereas, United States policy, not foreign consortiums, should be used to control our national borders and to ensure that national security is not compromised; Now, Therefore, be it

Resolved, by the Senate and the House of Representatives of the State of Montana:

That the Montana Legislature urge the President and the Congress of the United States to withdraw the United States from any further participation in the Security and Prosperity Partnership, any efforts to implement a trinational political, governmental entity among the United States, Canada, and Mexico, or any other efforts used to accomplish any form of a North American Union System; and be it further

Resolved, that copies of this resolution be sent by the Secretary of State to the Honorable George W. Bush, President of the United States, the Vice President of the United States, the United States Secretary of Commerce, and each member of the United States Congress.

POM-104. A concurrent resolution adopted by the Legislature of the State of Hawaii urging Congress to support legislation authorizing the Secretary of Health and Human Services to negotiate lower drug prices on behalf of Medicare beneficiaries; to the Committee on Health, Education, Labor, and Pensions.

Whereas, data provided by AARP Hawaii shows that half of all people in Hawaii, particularly those ages 50 and older and those with lower incomes, are concerned about being able to afford prescription drugs; and

Whereas, slightly over half of Hawaii's residents who are taking prescription medication on a regular basis say that paying for their drugs presents a financial burden; and

Whereas, nearly one-third of our residents who regularly take prescription drugs report taking at least one significant cost-reducing measure to pay for their medication; and

Whereas, the United States Congress has the opportunity to help reduce the cost of prescription drugs for Hawaii's 155,000 enrolled Medicare Part D beneficiaries by strengthening the Medicare Modernization Act of 2003 (MMA) through supporting legislation to give the Secretary of Health and Human Services the authority to use the bargaining power of 43 million Medicare beneficiaries to help make prescription drugs more affordable; and

Whereas, Hawaii families are counting on Congress to do everything possible to help make prescription drugs more affordable and accessible to beneficiaries under the MMA; now, therefore, be it

Resolved, by the House of Representatives of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2007, the Senate concurring, that the Legislature urges the United States Congress to support legislation authorizing the Secretary of Health and Human Services to negotiate lower drug prices on behalf of Medicare beneficiaries; and be it further

Resolved, that certified copies of this Concurrent Resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of Hawaii's Congressional Delegation.

POM-105. A concurrent resolution adopted by the Legislature of the State of Hawaii urging Congress to propose amendments to the No Child Left Behind Act of 2001; to the Committee on Health, Education, Labor, and Pensions.

SENATE CONCURRENT RESOLUTION
NO. 57

Whereas, the United States Congress must decide in 2007 whether to reauthorize the No Child Left Behind Act of 2001 or let it die and replace it with a new law; and

Whereas, the No Child Left Behind Act, unprecedented in the history of federal and state roles in public education by the mandated imposition of a federally prescribed, single accountability model for all public schools, undermines the established constitutional role of state and local public education governance; and

Whereas, the No Child Left Behind Act, while purporting to create an accountability system for public schools, has in reality, been an enormous financial and programmatic burden on schools and taxpayers; and

Whereas, even if states and schools are satisfied with their educational programs and outcomes, they are forced to participate in this top-down system in order to continue to receive federal funds for education, such as Title I funds; and

Whereas, the No Child Left Behind Act mandates consequences to schools if just one of thirty-seven possible adequate yearly progress calculation outcomes are not met, and makes no distinction in the consequences imposed on schools that did not meet one or did not meet all thirty-seven, resulting in dilution of energy, time, and money by mandating the treatment of all such schools to include identical sanctions; and

Whereas, the No Child Left Behind Act employs a view of motivation that is misguided and objectionable, using threats, punishments, and pernicious comparisons to "motivate" teachers, students, and schools; and

Whereas, private K-12 schools have chosen not to spend their time or money adopting key elements of the, No Child Left Behind

Act's intensive testing and accountability regimen; and

Whereas, the No Child Left Behind Act's narrow focus on the "basics" has discouraged the implementation of best practices cutting edge educational research in order to achieve higher test scores; and

Whereas, the No Child Left Behind Act has driven many schools and school systems into a narrowing of curriculum, often focused on only tested subjects, to the detriment of subjects and rich educational experiences, such as the arts; and

Whereas, the goal of achieving percent proficiency, including special education students, is unrealistic, and the pursuit of which channels millions of dollars into tactically targeted programs that divert limited resources from other critical school programs, professional, training, as well as the educational and physical environment of schools; and

Whereas, the requirements of the No Child Left Behind Act penalize schools who enroll students who have inherent educational deficiencies and, who as a group, will continue to remain below ever increasing No Child Left Behind "annual measurable objectives"; and

Whereas, while there has recently been some interest in the development of so-called "growth models" to recognize the contributions of a school to individual students over time, the lack of adequate funding and the prohibition against states developing their own growth models has rendered this initiative almost meaningless; and

Whereas, the No Child Left Behind Act does not provide additional funds for teacher education or training, if school is in "status" or under, restructuring, which creates a punitive environment with little commitment on the part of the federal government for improving teaching and learning, or for supporting increased school success; and

Whereas, Adequate Yearly Progress does not take into account a school's adoption of meaningful educational innovation or judicious use of research; and

Whereas, the No Child Left Behind Act has channeled countless dollars into high-stake testing, which has largely benefited national private testing companies, but at the expense of ignoring genuine student accomplishments; and

Whereas, the No Child Left Behind Act appears biased towards a one-size fits all multiple choice testing system, and tends to ignore other means of engaging and assessing students such as project-based, hands-on, or problem-solving demonstrations of competency; and

Whereas, the United States Department of Education has shown little or no interest in creating incentives among colleges and universities to incorporate innovative

portfolios or project-based competencies into their admissions decisions, thus reinforcing the use of high-stake, multiple-choice private contractors; now, therefore, be it

Resolved by the Senate of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2007, the House of Representatives concurring, that the United States Congress is strongly urged to proposed specific amendments to, or recommend the repeal of, the federal No Child Left Behind Act of 2001; and be it further

Resolved, that among the issues and amendments the United States Congress should address are the following:

(1) Improving teacher quality, preparation, and training by:

(A) Building support for a comprehensive incentive program to recruit, place, and retain experienced, well-qualified teachers in high-need schools (e.g., high poverty, or geographically-isolated communities);

(B) Providing significant support for teacher education, professional development, in-service training, and career opportunities;

(C) Improving the occupational status and compensation of teaching as a career;

(D) Improving qualifications of teacher candidates at colleges of education;

(E) Providing financial incentives for institutions of higher learning to incorporate portfolios and demonstrations of competency into their admissions decisions;

(F) Strengthening teacher education preparation programs in areas such as science, mathematics, technology, measurement, data analysis, and evaluation;

(G) Recognizing teachers having achieved certification by the National Board for Professional Teaching Standards as “highly qualified” in their respective fields; and

(H) Providing flexibility in recognizing certified secondary level special education teachers as qualified teachers in their own right, and removing the unrealistic expectation that such teachers be additionally certified in every single core subject area;

(2) Improving assessment measures and systems by:

(A) Refining student assessment instruments designed specifically for use in improving instruction as well as school accountability;

(B) Encouraging states and school districts to utilize a wider range of useful assessments, including project-based competency and portfolios;

(C) Developing more appropriate means of assessing the academic progress of English Language Learners, special education students; and those with behavioral health issues; and

(D) Supporting the development and implementation of comprehensive statewide data collection and exchange systems that allow for more efficient support for student record keeping and informed educational

policy decision making (e.g., electronic student transcript systems, and longitudinal analyses of growth in academic achievement);

(3) Improving accountability models, indicators of performance, and consequences by:

(A) Supporting states and the educational research community in research and development efforts to further the pioneering work required in refining the technology underlying growth (toward standards) analysis models;

(B) Permitting each state to adopt and pilot its own growth model to calculate adequate yearly progress under the No Child Left Behind Act to take advantage of inherent benefits that motivate students at all levels of proficiency;

(C) Supporting wholesale changes to the “adequate yearly progress” model for educational accountability that would provide for a fairer and more balanced appraisal of school performance and quality;

(D) Replacing punitive, conjunctive “miss one miss all” criteria;

(E) Expanding accountability indicators to reflect performance on standards in other important disciplines and countering unintended consequences such as a narrowing of curriculum;

(F) Allowing for current limitations in reliable and valid assessments of students within a wide range of disability classifications; and

(G) Allowing for deferrals to test new immigrant students with limited English proficiency for up to three years of entering the country;

(4) Augmenting resources to assist states in efforts to accomplish challenging educational initiatives by:

(A) Requiring schools to maintain a broad and comprehensive curriculum to support adopted content and performance standards, including the arts and physical education;

(B) Fully funding special education programs, as once promised;

(C) Providing adequate funding to research and develop multiple and more valid means of assessing student competence, skills and knowledge for use in both improvement and educational accountability; and

(D) Providing funding and training support for data and technology infrastructure requirements;

(5) Supporting innovation, capacity building, and flexibility to address state and local education needs by:

(A) Recognizing schools that demonstrate successful strategies using innovative curriculum and methodologies;

(B) Developing new initiatives for school facilities that do not push educational funding toward ever larger schools and economy-of-scale construction mentality;

(C) Avoiding simplistic “one size fits all” solutions for assessment, accountability, and intervention;

(D) Addressing unique needs of “high-need” schools (e.g., high poverty, high immigration, extreme geographic isolation); and

(E) Allowing states to determine which and how many grade levels are best to test; and

(6) Returning to the original intent and purpose of the Elementary and Secondary Education Act (ESEA) by:

(A) Restoring the foundational precepts of ESEA and its focus on equity in educational attainment despite disadvantages stemming from socio-economic background;

(B) Allowing states to “opt out” of requirements that impact schools that do not receive ESEA entitlements, without loss of Federal funds;

(C) Promoting strategies that directly reduce achievement gaps through better instruction, such as incentives for experienced, well-qualified teachers to accept positions in high-need schools and for reducing class size;

(D) Resolving to build the best public education system and teacher work force in the world, rather than promoting lofty rhetoric and ploys that undermine and divert public funds to private schools; and

(E) Returning policy setting and curriculum and teaching decision making control back to states, school districts and local communities; and be it further

Resolved that certified copies of this Concurrent Resolution be transmitted to the President of the United States, the Vice President of the United States, the President pro tempore of the United States Senate, the Speaker of the United States House of Representatives and the members of Hawaii’s Congressional delegation.

POM-106. A resolution adopted by the Senate of the State of Pennsylvania urging Congress to enact legislation to provide additional funding for amyotrophic lateral sclerosis research; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 115

Whereas, Amyotrophic lateral sclerosis (ALS) is better known as Lou Gehrig’s disease; and

Whereas, ALS is a fatal neurodegenerative disease characterized by degeneration of cell bodies of the lower motor neurons in the gray matter of the anterior horns of the spinal cord; and

Whereas, The initial symptom of ALS is weakness of the skeletal muscles, especially those of the extremities; and

Whereas, As ALS progresses, the patient experiences difficulty in swallowing, talking and breathing; and

Whereas, ALS eventually causes muscles to atrophy, and the patient becomes a functional quadriplegic; and

Whereas, Because ALS does not affect mental capacity, persons with ALS remain alert and aware of the loss of motor function and the inevitable outcome of continued deterioration and death; and

Whereas, ALS occurs in adulthood, most commonly between the ages of 40 and 70, with the peak age about 55; and

Whereas, ALS affects men two to three times more often than women; and

Whereas, More than 5,000 new ALS patients are diagnosed annually; and

Whereas, On average, patients diagnosed with ALS survive only two to five years from the time of diagnosis; and

Whereas, Research indicates that military veterans are at a 50% or greater risk of developing ALS than other persons; and

Whereas, ALS has no known cause, means of prevention or cure; and

Whereas, "Amyotrophic Lateral Sclerosis Awareness Month" increases public awareness of ALS patients' circumstances, acknowledges the terrible impact of ALS on patients and their families and recognizes ongoing research to eradicate ALS; therefore be it

Resolved, That the Senate of the Commonwealth of Pennsylvania recognize the month of May 2007 as "Amyotrophic Lateral Sclerosis (ALS) Awareness Month" in the Commonwealth of Pennsylvania; and be it further

Resolved, That the Senate urge the President and Congress of the United States to enact legislation to provide additional funding for ALS research; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, to the Vice President of the United States, to the Speaker of the House of Representatives, to the members of Congress from Pennsylvania and to the United States Secretary of Health and Human Services.

POM-107. A resolution adopted by the Senate of the State of Pennsylvania urging Congress to fulfill the commitment of the Individuals with Disabilities Education Act to provide resources equal to 40 percent of the national average per pupil expenditure for special education students for each Pennsylvania student with special needs; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 91

Whereas, In the interest of ensuring that children with disabilities in the United States receive a free appropriate public education, the Individuals with Disabilities Education Act (Public Law 91-230, 20 U.S.C. §1400 et seq.) encroached upon the states' traditional domain over education and established certain mandates that all state and local

governments must observe in the education of children with special needs; and

Whereas, In recognition of the high cost of these Federal mandates, the Individuals with Disabilities Education Act allows the Congress to provide each state with a maximum Federal grant equal to the number of children with disabilities in the state multiplied by 40% of the average per pupil expenditure for all special education students in the United States; and

Whereas, Although the Commonwealth of Pennsylvania has endeavored to serve its students with special needs by implementing the costly mandates imposed by the Individuals with Disabilities Education Act, the Federal Government has not provided sufficient funding to pay for these mandates; and

Whereas, The Federal funding the Commonwealth receives for each student with special needs is only the equivalent of 14.8% of the national average per pupil expenditure; and

Whereas, By this measure, the Federal Government contributes only 37% of the total cost of special education in this Commonwealth even though the Commonwealth and its school districts must comply with 100% of the costly mandates imposed by the Individuals with Disabilities Education Act; and

Whereas, These costs have been increasing rapidly in recent years; and

Whereas, In this Commonwealth, the population of students with special needs has increased by less than 1% since 2000; and

Whereas, In the same period, the Commonwealth's appropriations for special education have increased by 25% in order to keep pace; and

Whereas, Because the Federal Government has failed to provide the level of funding that the Individuals with Disabilities Education Act allows, it has placed a disproportionate financial burden on the Commonwealth and its school districts; and

Whereas, If the Individuals with Disabilities Education Act is to fully accomplish its mission to provide a free appropriate public education to children with disabilities, the Federal Government must provide State and local governments with the funding they need to successfully implement the act's mandates; therefore be it

Resolved, That the Senate of Pennsylvania urge Congress and the President of the United States to fulfill the commitment of the Individuals with Disabilities Education Act to provide resources equal to 40% of the national average per pupil expenditure for special education students for each Pennsylvania student with special needs; and be it further

Resolved, That copies of this resolution be sent to the President and Vice President of the United States, to the presiding officers of

each house of Congress from Pennsylvania, to the National Conference of State Legislatures, to the State Board of Education and to the Secretary of Education.

POM-108. A resolution adopted by the Legislature of the State of Arizona urging Congress to continue the funding and completion of the Secure Border Initiative Network program by the target date of December 31, 2008; to the Committee on Homeland Security and Governmental Affairs.

SENATE MEMORIAL 1004

To the Congress of the United States of America:

Your memorialist respectfully represents:

Whereas, the safety and security of Arizona's southern border are critical to the economy and the health and welfare of all Arizona citizens; and

Whereas, the Federal government, through the United States Customs and Border Protection's Secure Border Initiative Network program (SBI net), is allocating millions of dollars and significant resources to developing and deploying personnel, infrastructure, technologies and rapid response platforms to prohibit the illegal entry of people and contraband across the entire southern border of Arizona; and

Whereas, SBI net is a program of intense national interest with a challenge to accomplish something that has never before been done and is committed to delivering a system to the United States government that will support the United States Customs and Border Protection in detecting, apprehending and processing people who cross Arizona's border illegally; facilitate legitimate cross-border travel and commerce; and most importantly, provide taxpayers with the best value solution over the life of the program; and

Whereas, SBI net will deliver the ability to detect entries into the United States when they occur, to identify what the entry is and to classify its level of threat, thereby allowing the border patrol to effectively and efficiently respond to the entry, and to resolve the situation with appropriate law enforcement; and

Whereas, Arizona, takes pride in being the first state to receive the benefits of SBI net; and

Whereas, by the end of calendar year 2008, the SBI net program will deploy fencing, vehicle barriers and proven current and next-generation technology, including radars, sensors, communications enhancements and the requisite number of United States Customs and Border Protection Border Patrol agents to secure Arizona's southern border.

Wherefore your memorialist, the Senate of the State of Arizona, prays:

1. That the United States Congress continue the funding and completion of SBI net by the target date of December 31, 2008.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-109. A resolution adopted by the Legislature of the State of Arizona urging Congress to use its powers as delegated by the Indian Commerce Clause to acknowledge and protect the public interest of Indian country from competing public interests and regulatory jurisdictions; to the Committee on Indian Affairs.

HOUSE CONCURRENT MEMORIAL 2007

To the Congress of the United States of America:

Your memorialist respectfully represents:

Whereas, it is crucial for Native Americans to establish equitable, affordable and universal access to telecommunications services, allowing placement of infrastructure and information technology equipment to deliver broadband services and other evolving and emerging technologies on tribal lands to American Indian communities by the year 2010; and

Whereas, it is vital to ensure that the universal service concepts of the 1996 Telecommunications Act allow for telecommunications infrastructure and information technology to be developed and used in a manner that meets the social, civic, economic, educational and cultural needs of American Indian tribes and communities; and

Whereas, it is essential to protect, strengthen and assert tribal government sovereignty and regulatory jurisdiction, in the areas of telecommunications and information technology; and

Whereas, it is vital to create a framework and guidelines for tribal governments and communities, intertribal organizations and American Indian organizations to prepare, plan and make recommendations for telecommunications and information technology policy, legislation, appropriations, program development and self-determination.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress recognize the rights of tribal governments and communities to exercise and assert regulatory jurisdiction over telecommunications activities in the boundaries of reservations and communities.

2. That the United States Congress encourage states, counties and municipalities to provide partnership opportunities that promote telecommunication services and that are mutually beneficial for the economic, social and general welfare for all state citizens.

3. That the United States Congress provide a sufficient set-aside of Homeland Security monies to ensure equitable and sufficient

distribution of monies among tribal governments and American Indian communities for the development of telecommunications build-out necessary to mitigate emergencies and crisis brought about by acts of terrorism, drug trafficking, human smuggling and other deplorable acts that threaten national and local security.

4. That the United States Congress promote and support tribal government and community efforts to establish telecommunications regulatory authorities and codes.

5. That the United States Congress support and advance public safety implementation among tribes and communities through the provision of grants for the development of telecommunications and information technology capacities among law enforcement agencies, emergency medical service providers, fire departments, courts and justice departments and other emergency responder agencies.

6. That the United States Congress support and advance tribal government and ownership of spectrum above tribal lands and communities by granting, rather than auctioning, partitioned spectrum licenses to tribal entities.

7. That the United States Congress encourage and support tribal government and community efforts to establish and operate telephone companies and other telecommunication businesses, such as internet service providers, especially in unserved and underserved areas.

8. That the United States Congress support and advance the efforts of tribal governments and American Indian communities to bridge their respective digital divides through the provision of grants, loans and contracts, tax incentives and infrastructure build-out services.

9. That the United States Congress use its powers as delegated by the Indian Commerce Clause to acknowledge, and protect the public interest of Indian country from competing public interests and regulatory jurisdictions and perform the following:

(a) Amend section 214(e) of the Telecommunications Act to include the following definition of unserved areas:

An unserved area is defined as service penetration 15% below the nationwide penetration rate for any communications service; or 5% below national rural penetration rate for any communications service, whichever rate is higher.

(b) Amend section 214(e) 6 of the Telecommunications Act to include tribes and acknowledge tribal regulatory authority.

(c) Provide mechanisms, with enforcement powers, for ensuring equitable, affordable and sustainable access to communications services, including broadband, broadcast and emerging technologies, in Indian country.

(d) Support tribal access and options for ownership and management of spectrum on tribal lands for both wireless and broadcast applications.

(e) Provide mechanisms to promote cooperation among tribes, state public utility commissions and the federal communications commission and remedies for resolving unforeseen conflicts.

(f) Provide public financing to tribal communities that fall under the definition of an unserved area to close any service gap.

(g) Permit the bureau of Indian affairs to allow for telecommunication entities to collocate on existing linear rights of way, such as power and water routes, so that rapid expansion of telecom services, including categorical exclusion of clearance requirements, can proceed.

10. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-110. A resolution adopted by the California State Lands Commission expressing its support for H.R. 1187; to the Committee on Energy and Natural Resources.

POM-111. A resolution adopted by the Council of the District of Columbia expressing the Council's support of amending the Home Rule Charter to increase the pay of the Chief Financial Officer, Dr. Natwar M. Gandhi; to the Committee on Homeland Security and Governmental Affairs.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-112. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to take a proactive role in assisting the communities of New Orleans East in protecting their health and safety and in promoting economic development; to the Committee on Environment and Public Works.

SENATE CONCURRENT RESOLUTION NO. 4

Whereas, the health, safety, welfare, and economic recovery of the residents and businesses of New Orleans East are dependent upon the continued assistance and encouragement from our federal partners; and

Whereas, the Legislature of Louisiana created the New Orleans Regional Business Park as a special municipal district for the primary purpose of engaging industrial, manufacturing, processing, assembling, distribution, and wholesale businesses; and

Whereas, as of early May 2006, approximately forty companies out of one hundred four pre-Katrina were back in business and the future of the others is largely uncertain; and

Whereas, New Orleans East has become the illegal burial grounds for homes and businesses washed out by hurricanes Katrina and Rita; and

Whereas, illegal dumping makes it extremely hard to attract businesses to New Orleans East and to the business park; and

Whereas, in the business park alone there are twenty-three known illegal dumping sites and thirteen illegal automobile dumping sites; and

Whereas, the U.S. Environmental Protection Agency awarded the business park \$400,000 in grants to catalogue contamination, but none of the federal funds will be used for clean-up; and

Whereas, the Louisiana Department of Environmental Quality Enforcement Division, Surveillance Division and Criminal Investigations Section of the Legal Affairs Division have inspected over one hundred seventy-five sites and found potential environmental violations on one hundred fifty of these sites in the Almonaster/Gentilly area alone; and

Whereas, on one of these sites, sixty-five thousand cubic yards of debris or approximately an eleven foot tall mound of debris was found to have been illegally dumped on this one site in New Orleans East; and

Whereas, the illegal piles of debris do not have protective barriers to keep whatever poisons are in the piles contained and from leaking out into the wetlands surrounding this area; and

Whereas, numerous federal agencies have roles and responsibilities in the health, safety, and economic development after hurricanes Katrina and Rita which range from debris removal, oversight of regulations, and recovery funding; and

Whereas, the removal of all dump sites within the New Orleans Regional Business Parks will improve the health, safety, and economic development: Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to urge and request the respective executive branch departments to take a proactive role in assisting the communities of New Orleans East in protecting their health and safety and in promoting economic development; Therefore, be it further

Resolved, That the Legislature of Louisiana does hereby request the Congress of the United States and the appropriate federal agencies, in coordination with appropriate Louisiana state agencies, to immediately take the following actions: (a) cease funding any waste disposal activities within the New Orleans Regional Business Park; (b) develop and implement procedures for expeditious environmental sampling, analysis, and reporting; (c) resolve the blurring of debris management responsibilities between the Federal Emergency Management Agency and

Environmental Protection Agency, and state environmental and public health agencies; (d) review and enhance the Environmental Protection Agency's oversight role of illegal and improper debris disposal; and (e) provide guidance and mechanisms for the development of public/private partnerships in restoring and redeveloping the New Orleans Regional Business Park and the New Orleans East community; be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-113. A resolution adopted by the House of Representatives of the State of Hawaii urging Congress to create a replacement for the outdated Fast Track Trade Authority system so United States trade agreements are developed and implemented using a more democratic, inclusive mechanism that enshrines the principles of federalism and state sovereignty; to the Committee on Finance.

HOUSE RESOLUTION NO. 63

Whereas, in general, democratic accountable governance in the states, and specifically, the authority granted to the legislative branch by the Constitution of the State of Hawaii, is being undermined by international commercial and trade rules enforced by the World Trade Organization and established by the North American Free Trade Agreement, and is further threatened by similar provisions in an array of pending trade agreements; and

Whereas, today's trade agreements have effects that extend significantly beyond the bounds of traditional trade matters such as tariffs and quotas; and

Whereas, the North American Free Trade Agreement and other United States free trade agreements grant foreign firms new rights and privileges regarding acquisition of land and facilities and operating within a state that exceed those granted to American businesses under state and federal laws; and

Whereas, the North American Free Trade Agreement already has generated "regulatory takings" cases against state and local land use decisions, state environmental and public health policies, adverse state court rulings, and state and local contracts that would not have been possible in United States courts; and

Whereas, when states are bound to comply with government procurement provisions contained in trade agreements, common economic development and environmental policies such as buy-local laws, prevailing wage laws, policies to prevent offshoring of state jobs, as well as recycled content laws

could be subject to challenge as violating the obligations in the trade agreements; and

Whereas, recent trade agreements curtail state regulatory authority by placing constraints on future policy options; and

Whereas, the World Trade Organization General Agreement on Trade in Services could undermine state efforts to expand health care coverage and rein in health care costs and places constraints on state and local land use planning and gambling policy; and

Whereas, new General Agreement on Trade in Services negotiations could impose additional constraints on state regulation of energy, higher education, professional licensing, and other issues; and

Whereas, despite the indisputable fact that international trade agreements have a far-reaching impact on state and local laws, federal government trade negotiators have failed to respect states' rights to prior informed consent before binding states to conform state law and authority to trade agreement requirements and have refused even to send copies of key correspondence to state legislatures; and

Whereas, the current encroachment on state regulatory authority by international commercial and trade agreements has occurred due in no small part to the fact that United States trade policy is being formulated and implemented under the Fast Track Trade Authority procedure; and

Whereas, Fast Track Trade Authority eliminates vital checks and balances established in the United States Constitution by broadly delegating Congress' exclusive Constitutional authority to set the terms of trade to the Executive Branch such that the Executive Branch is empowered to negotiate broad-ranging trade agreements and to sign them before Congress votes on the agreements; and

Whereas, the ability of the Executive Branch to sign trade agreements prior to Congress' vote of approval means Executive Branch negotiators are able to ignore congressional negotiating objectives or states' demands, and neither Congress nor the states have any means to enforce any decision regarding what provisions must be contained in every United States trade agreement and what provisions may not be included in any United States trade agreement; and

Whereas, federal trade negotiators have ignored and disrespected states' demands regarding whether states agree to be bound to certain nontariff trade agreement provisions; and

Whereas, Fast Track Trade Authority also circumvents normal Congressional review and amendment committee procedures, limits debate to twenty hours total, and forbids any floor amendments to the implementing legislation that is presented to Congress to conform hundreds of United States laws to

trade agreement obligations and to incorporate the actual trade agreement itself into United States federal law, which preempts state law; and

Whereas, Fast Track Trade Authority is not necessary for negotiating trade agreements, as demonstrated by the existence of scores of trade agreements, including major pacts such as the agreements administered by the World Trade Organization implemented in the past thirty years without use of Fast Track Trade Authority; and

Whereas, Fast Track Trade Authority, which was established in 1974 by President Richard Nixon when trade agreements were limited to traditional matters such as tariffs and quotas, is now woefully outdated and inappropriate given the diverse range of nontrade issues now included in "trade" agreements that broadly affect federal and state nontrade regulatory authority; and

Whereas, the current grant of Fast Track Trade Authority expires in July 2007: Now, therefore, be it

Resolved by the House of Representatives of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2007, That the United States Congress is respectfully requested to create a replacement for the outdated Fast Track Trade Authority system so that United States trade agreements are developed and implemented using a more democratic, inclusive mechanism that enshrines the principles of federalism and state sovereignty; and be it further

Resolved, That the Congress is requested to include in this new process for developing and implementing trade agreements an explicit mechanism for ensuring the prior informed consent of state legislatures before states are bound to the nontariff terms of any trade agreement that affect state regulatory authority so as to ensure that the United States Trade Representative respects the decisions made by states; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, Ambassador Susan Schwab, United States Trade Representative, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of Hawaii's congressional delegation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-114. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to provide resources to address the colony collapse disorder affecting honeybees; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE RESOLUTION NO. 76

Whereas, Michigan and the nation's agricultural industry rely on honeybees to pollinate plants and enable the production of our nation's fruits, vegetables, seeds, and nuts. Honeybees pollinate at least 90 commercial crops and account for 80 percent of the nation's pollination services, providing \$5 billion to \$10 billion of direct benefits to United States agriculture; and

Whereas, honeybees in Michigan and 25 other states have succumbed to a mysterious ailment referred to as Colony Collapse Disorder, where honeybees abandon their hives. In affected states, beekeepers lost up to 50 percent of their colonies last winter, threatening Michigan's \$383 million fruit industry and billions of dollars of agricultural production nationwide; and

Whereas, immediate research is needed to determine the cause of Colony Collapse Disorder and assistance to Support our nation's 135,000 beekeepers and the agriculture industry from this potentially crippling threat: now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to provide resources to address the Colony Collapse Disorder affecting honeybees; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation,

Adopted by the House of Representatives, May 22, 2007.

POM-115. A resolution adopted by the House of Representatives of the State of Michigan expressing opposition to Norfolk Southern Corporation's proposed sale of its rail line between Lansing and Jackson; to the Committee on Commerce, Science, and Transportation.

HOUSE RESOLUTION NO. 96

Whereas, The Norfolk Southern Corporation is considering the sale of several Michigan lines, including the line that runs between Lansing and Jackson. Traffic on Michigan's rail lines has increased over the past two years. Expanding both freight and passenger rail service is being promoted as a solution to rising oil prices, pollution, and increased highway congestion. The sale or closure of rail lines could be counterproductive to efforts to improve Michigan's economy; and

Whereas, The Norfolk Southern lines are vital links between Michigan cities and between Michigan and neighboring states. Expanding rail capacity on the Lansing/Jackson line is essential to the future development of this area. New industry, including production plants for coal energy, biodiesel, and ethanol fuel, is proposed for Michigan and the railroad will play an integral role in moving products and supplies. Continued operation of this line by Norfolk Southern is essential to expansion of new industry in Michigan; and

Whereas, Norfolk Southern is a Class One railroad operator, earning revenue in excess of \$250 million annually. As a Class One operator, Norfolk Southern has the capacity to maintain and promote the use of these lines. The proposed sale of the Lansing to Jackson line will almost certainly place the line under the management of a Class Three operator, a rail company earning revenue of \$20 million or less annually. A Class Three operator may be far less likely to have the means to maintain the line, thus increasing the chance of accidents. Class Three operators also rely on federal grants for line and equipment maintenance—grants that are not always guaranteed; now, therefore, be it

Resolved by the House of Representatives, That we express opposition to Norfolk Southern's proposed sale of its rail line between Lansing and Jackson; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate; the Speaker of the United States House of Representatives; members of the Michigan congressional delegation; the United States Department of Transportation, Surface Transportation Board; the Norfolk Southern Corporation; AMTRAK; and the Michigan Department of Transportation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-116. A joint resolution adopted by the Legislature of the State of Montana expressing its opposition to the Rockies Prosperity Act; to the Committee on Energy and Natural Resources.

HOUSE JOINT RESOLUTION NO. 31

Whereas, bills with the same content have been introduced in the Congress for the past three sessions, named successively the Northern Rockies Ecosystem Protection Act of 2001, the Northern Rockies Ecosystem Protection Act of 2003, and the Rockies Prosperity Act of 2005; and

Whereas, these acts would designate more than 15.4 million acres as new wilderness, more than 1.4 million acres as park preserves, more than 1 million acres as recovery areas, and an additional 8.51 million acres as biological connecting corridors; and

Whereas, the proposed wilderness, preserves, and recovery areas would impose severe restrictions on access and human activities in violation of existing laws such as the Multiple-Use Sustained-Yield Act; and

Whereas, severe restrictions on the management of the private property within the corridors would lead to prohibition of even-aged silvicultural management, prohibition of timber harvesting, prohibition of mineral, oil, and gas exploration, prohibition of road construction or reconstruction with the goal of achieving zero miles of road in the corridors over a short time period, causing loss of value to private property even to the point of forcing landowners to abandon their properties, hopes and dreams and causing extreme hardship and anguish; and

Whereas, additional taking of private property would occur with the reduction of water rights on National Forest land and the reduction of grazing rights on National Forest land, causing hardship and loss of business to ranchers, farmers, and residents in the region; and

Whereas, the requirements for implementation of the management plans set forth in the acts are extremely unbalanced in their approach to conservation, focus entirely on plant, animal, and ecological effects and leave out the social, economic, and cultural

impacts on people who also are part of the natural environment, and are in violation of existing law, such as the National Environmental Policy Act; and

Whereas, the Montana Legislature does not believe these acts, drafted by extreme special interest groups funded by international foundations and other sources that do not represent the majority of Montana residents, should be allowed to subject land in Montana to this sort of unbalanced, unnecessary control; and

Whereas, the placing of environmental or other restrictions upon the use of private lands has been held by a number of recent United States Supreme Court decisions to constitute a taking of the land for public purposes; and

Whereas, these acts do not include proposals to purchase the private lands; and

Whereas, the restrictions contemplated constitute an unlawful taking of that land in violation of Article I, section 8, clause 17, of the Constitution of the United States, which provides that before any state land can be purchased, the consent of the state Legislature and not the state Executive Branch must be obtained; and

Whereas, Article IV, section 3, clause 2, of the Constitution of the United States provides that "nothing in this Constitution shall be so construed as to prejudice any claims of the United States, or of any particular state"; and

Whereas, Article IV, section 4, of the Constitution of the United States provides that "the United States shall guarantee to every state in this union a republican form of government"; and

Whereas, Amendment V of the Constitution of the United States provides that no person shall "be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation". Now, therefore, be it

Resolved by the Senate and the House of Representatives of the State of Montana: That the Montana Legislature is opposed to the passage of these acts. Be it further

Resolved, That the Montana Legislature urge the members of Congress, especially the Montana delegation, to vigorously oppose these acts and any revisions of these acts and to vote against these acts at every opportunity. Be it further

Resolved, That the Secretary of State send copies of this resolution to the President of the United States, the Secretary of State of the United States, the President of the Senate and the Speaker of the House of Representatives of the United States, and Montana's Congressional Delegation.

POM-117. A joint resolution adopted by the Senate of the State of Nevada urging Congress to support a proposed off-highway vehicle park in Clark County; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 18

Whereas, the Nellis Dunes area comprises approximately 10,181 acres located in unincorporated Clark County, Nevada, on federal public lands managed by the Bureau of Land Management, 8,921 acres of which are usable recreation space, offering a variety of terrain and trails for off-highway vehicle enthusiasts; and

Whereas, most areas of Clark County have been closed to motorized recreation; and

Whereas, the Nellis Dunes is recognized in the Southern Nevada Regional Planning Coalition's open space plan to protect the natural backdrops and maintain a perimeter trail corridor around the Las Vegas Valley; and

Whereas, the Bureau of Land Management's Las Vegas Resource Management Plan designates the Nellis Dunes as an "open area," allowing unrestricted motorized recreation; and

Whereas, an opportunity exists for Clark County to develop and manage a motorized recreation system, consistent with the mission of Nellis Air Force Base, with the potential to prevent safety concerns, improve air quality, protect rare plants and sensitive soils, prevent refuse dumping and capitalize on potential economic development possibilities; and

Whereas, a feasibility study, funded by the Board of County Commissioners for Clark County, evaluated supply and demand considerations, capital and operations and maintenance costs and options for funding, and likely operation models for a motorized recreation park; and

Whereas, development of a motorized recreation park managed by Clark County will benefit southern Nevadans through the promotion of safe off-road activities and implementation of environmental protections to air, sensitive soils and native plants: Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, Jointly, That the members of the Nevada Legislature hereby urge Congress to promulgate legislation for the conveyance of the Nellis Dunes area to Clark County for the purpose of off-road recreation and environmental protection; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Board of County Commissioners of Clark County and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-118. A joint resolution adopted by the Senate of the State of Nevada encouraging the use of biomass in the production of energy in Nevada and encouraging certain activities relating to that

production; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 11

Whereas, "Biomass" is the term used to describe organic matter that is available on a renewable basis, including, but not limited to, agricultural crops and agricultural wastes, wood and wood residues, animal wastes, municipal wastes and various aquatic plants; and

Whereas, unlike petroleum, biomass is a resource that is renewable and is generally readily available at the location where it is used to produce renewable energy, thereby reducing the costs of distributing the biomass; and

Whereas, although the production and use of renewable energy is encouraged in Nevada, and biomass is included in the incentives provided for the production and use of renewable energy, the availability and benefits of using biomass itself should be accentuated and brought to the attention of the members of the general public: Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, Jointly, That the Nevada Legislature hereby urges Congress to make biomass eligible for production tax credits at the same level and in the same manner as wind and geothermal energy: and be it further

Resolved, That this Legislature encourages the use of biomass in the production of energy in Nevada and therefore urges all Nevadans to consider investing money in the production of energy from biomass and to participate in the establishment throughout the State of Nevada of projects that demonstrate the effectiveness and desirability of using locally obtained biomass in the production of energy and partnerships between private enterprises and federal, state and local governmental entities to create those projects: and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the Senate, the Speaker of the House of Representatives, the Secretary of the Interior, the Secretary of Agriculture, the Director of the Bureau of Land Management, the Chief of the United States Forest Service, the Governor of the State of Nevada, the Director of the State Department of Conservation and Natural Resources and each member of the Nevada Congressional Delegation: and be it further

Resolved, That this resolution becomes effective upon passage.

POM-119. A resolution adopted by the Senate of the State of Florida urging Congress to, among other things, fully authorize the conditionally approved projects in section 601 of the Water Resources

Development Act of 2000; to the Committee on Environment and Public Works.

SENATE MEMORIAL 2770

Whereas, the Everglades is one of the most unique and fragile ecosystems in the world, and

Whereas, the Legislature and the Congress of the United States have long recognized that the Everglades is imperiled and must be restored, and

Whereas, the Comprehensive Everglades Restoration Plan was approved by Congress as a framework for restoration of the Everglades in the Water Resources Development Act of 2000, and

Whereas, the Comprehensive Everglades Restoration Plan will restore more than 2.4 million acres of the south Florida ecosystem while meeting the other water-related needs of the region, and

Whereas, the Legislature and the governing board of the South Florida Water Management District have appropriated more than \$2 billion to implement the Comprehensive Everglades Restoration Plan since the passage of the Water Resources Development Act of 2000, and

Whereas, the Legislature and the governing board of the South Florida Water Management District have provided more than 90 percent of the funding to implement the plan, and the South Florida Water Management District has begun construction on the initial conditionally authorized projects, and

Whereas, the Water Resources Development Act of 2000 approved the restoration plan as a full and equal partnership between the State Government and the Federal Government, and

Whereas, the Indian River Lagoon and Picayune Strand projects and 10 conditionally authorized projects require authorization from Congress: Now, therefore, be it

Resolved by the Legislature of the State of Florida, That the Congress of the United States is requested to fully authorize the conditionally approved projects in section 601 of the Water Resources Development Act of 2000 and the Indian River Lagoon and Picayune Strand projects in the Comprehensive Everglades Restoration Plan and to provide funding for the federal share of the full and equal partnership; and be it further

Resolved, That copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

POM-120. A resolution adopted by the Senate of the State of Florida urging

Congress to authorize improvements to bring the Herbert Hoover Dike into compliance with current levee protection safety standards and to authorize funding to expedite the improvements; to the Committee on Environment and Public Works.

SENATE MEMORIAL 1680

Whereas, Lake Okeechobee was impacted by four hurricanes during the 2004 and 2005 hurricane seasons, and

Whereas, subsequently, at the request of local community leaders, the South Florida Water Management District Governing Board implemented an independent report on the Herbert Hoover Dike surrounding Lake Okeechobee, and

Whereas, the report found that the dike does not meet current levee protection safety standards, which constitutes a failure of the structure, and

Whereas, the failure of the structure poses a clear and imminent threat of catastrophic proportion to the communities surrounding Lake Okeechobee, and

Whereas, the dike was not built to current levee engineering standards and is therefore not authorized by Congress to be brought into compliance to such standards: Now, therefore, be it

Resolved, by the Legislature of the State of Florida, That the Congress of the United States is requested to authorize improvements to bring the Herbert Hoover Dike into compliance with current levee protection safety standards by 2014 and to authorize funding to expedite the improvements; and be it further

Resolved, That copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

POM-121. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to reevaluate the "fast track" approval of international trade agreements; to the Committee on Finance.

ASSEMBLY JOINT RESOLUTION NO. 10

Whereas, as international trade has evolved in recent years under the "fast track" authority by which Congress reviews international trade agreements involving the United States, the authority for which will expire on June 30, 2007, significant questions have developed with respect to the continuing ability of states to retain their character, environmental controls and quality of life; and

Whereas, under "fast track" rules, the review of complex trade agreements by Congress is limited to a vote to approve or reject the agreements, after limited time for

consideration, without the possibility of amendments; and

Whereas, trade agreements today have an impact which extends significantly beyond the bounds of traditional trade matters such as tariffs and quotas, and instead grant foreign investors and service providers certain rights and privileges regarding acquisition of land and facilities and regarding operations within a state's territory, subject state laws to challenge as "non-tariff barriers to trade" in the binding dispute resolution bodies that accompany the pacts and place limits on the future policy options of state legislatures; and

Whereas, despite the demonstrated variety of significant impacts that trade and investment agreements have on state governance, taxation authority, environmental protection, land use regulation and many other areas of state interest, states and local governments have not received assurances that their concerns will be adequately addressed in any "fast track" renewal process; and

Whereas, Federal legislation should clarify the negotiating agenda of the United States in a manner that establishes a stronger role for states and should include an explicit mechanism for the prior informed consent of affected state legislatures: Now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, Jointly, That the Nevada Legislature hereby urges Congress to reevaluate the "fast track" approval of international trade agreements, and to consider replacing that authority with a more democratic, inclusive and deliberative mechanism which takes into consideration the concerns of state legislatures and authorizes their participation in the international trade agreement process; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the Senate, the Speaker of the House of Representatives and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-122. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to enact the Resident Physician Storage Reduction Act of 2007; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 17

Whereas, the Resident Physician Shortage Reduction Act of 2007 was recently introduced in Congress as a tool to help states whose physician to population ratios are below that of the national median; and

Whereas, the intent of this legislation is to increase the number of residency positions for which Medicare payments will be made to teaching hospitals in states with a shortage of resident physicians; and

Whereas, increasing the number of resident physicians in states is an important step towards ensuring an adequate supply of physicians in the health care system; and

Whereas, as a result of this legislation, teaching hospitals in approximately 24 states would be eligible for an increase in their resident cap, including Nevada which currently has 199 physicians in training and is estimated to be eligible for an additional 93 positions; and

Whereas, as one of the fastest growing states in the nation, and with a ranking of 43rd in the nation in physicians per 100,000 residents, it is critical to the residents of Nevada that the shortage of physicians be remedied; and

Whereas, it is the belief of the Nevada Legislature that the Resident Physician Shortage Reduction Act is an important first step that will help meet Nevada's and the nation's need for future physician services: Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, jointly, That the members of the Nevada Legislature hereby express their support for passage of the Resident Physician Shortage Reduction Act of 2007: and be it further

Resolved, That the Nevada Legislature will continue to do all things possible to make Nevada a desirable location for the physicians who choose to practice here; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the United States Senate, the Secretary of Health and Human Services and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-123. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to support a free trade agreement between the Republic of China on Taiwan and the United States; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 16

Whereas, it is our belief that it is this country's responsibility to promote the values of freedom and democracy, a commitment to open markets and the free exchange of goods and ideas both at home and abroad, and the Republic of China on Taiwan shares these values and has struggled throughout the past 50 years to create what is an open and thriving democracy; and

SENATE JOINT RESOLUTION NO. 15

Whereas, despite the fact that Taiwan is a member of the World Trade Organization, it has no formal trade agreement with the United States, yet Taiwan has emerged as the United States' eighth largest trading partner, the United States is Taiwan's largest trading partner and American businesses have benefited greatly from this dynamic trade relationship; and

Whereas, Taiwan has emerged over the past two decades as one of the United States' most important allies in Asia and throughout the world; and

Whereas, Taiwan has forged an open, market-based economy and a thriving democracy based on free elections and the freedom of dissent, and it is in the interest of the United States to encourage the development of both these institutions; and

Whereas, the United States has an obligation to its allies and to its own citizens to encourage economic growth, market opening and the destruction of trade barriers as a means of raising living standards across the board; and

Whereas, a free trade agreement with Taiwan would be a positive step toward accomplishing all of these goals: Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, Jointly, That the members of the Nevada Legislature hereby urge President George W. Bush and Congress to support a free trade agreement between the United States and Taiwan: and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as presiding officer of the United States Senate, the Speaker of the United States House of Representatives, the United States Secretary of State, the Director General of the Taipei Economic and Cultural Office in San Francisco, the Executive Director of the Las Vegas Taiwanese Chamber of Commerce and the members of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-124. A resolution adopted by the Senate of the State of Florida urging Congress to timely authorize the State Children's Health Insurance Program to assure federal funding for the Florida Kidcare program; to the Committee on Finance.

SENATE MEMORIAL 1506

Whereas, the Legislature of the State of Florida regards the health of children to be of paramount importance to families in the state, and

Whereas, the Legislature of the State of Florida regards poor child health as a threat to the educational achievement and social and

psychological well-being of the children of the State of Florida, and

Whereas, the Legislature of the State of Florida considers protecting the health of children to be essential to the well-being of Florida's youngest citizens and the quality of life in the state, and

Whereas, the Legislature of the State of Florida considers the Florida Kidcare program, which was created in 1998 and currently has 1,388,520 children enrolled in the program, to be an integral part of the arrangements for health benefits for the children of the State of Florida, and

Whereas, the Legislature of the State of Florida recognizes the value of the Florida Kidcare program in preserving child wellness, preventing and treating childhood disease, improving health outcomes, and reducing overall health costs, and

Whereas, the Legislature of the State of Florida considers the federal funding available for the Florida Kidcare program to be indispensable to providing health benefits for children of modest means, Now, therefore, be it

Resolved, by the Legislature of the State of Florida: That the Legislature urges the members of the Florida delegation to the United States Congress to ensure that the Congress reauthorizes the State Children's Health Insurance Program (SCHIP) to continue to provide federal funding for the Florida Kidcare program: Be it further

Resolved, That the Legislature urges the Governor to work with the Florida delegation to ensure that SCHIP is reauthorized in a timely manner. Be it further

Resolved, That the Legislature urges the Governor to provide the assistance necessary to identify and enroll children who qualify for Medicaid or the Florida Kidcare program. Be it further

Resolved, That the Legislature proclaims that all components of state government should work together with educators, health care providers, social workers, and parents to ensure that all available public and private assistance for providing health benefits to uninsured children in this state be used to the maximum extent possible. Be it further

Resolved, That copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

POM-125. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to continue to support the participation of the Republic of China on Taiwan in the World Health Organization; to the Committee on Foreign Relations.

Whereas, in the first chapter of its charter, the World Health Organization set forth the objective of attaining the highest possible level of health for all people, and participation in international health programs is crucial as the potential for the spread of infectious diseases increases proportionately with increases in world trade, travel and population; and

Whereas, Taiwan's population of over 23 million is larger than three-fourths of the member countries who currently participate in the World Health Organization; and

Whereas, the achievements of Taiwan in the field of health are substantial and include one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those of western countries, the eradication of such infectious diseases as cholera, smallpox and the plague, and the distinction of being the first country in the world to provide children with free hepatitis B vaccinations; and

Whereas, before its loss of membership in the World Health Organization in 1972, Taiwan sent specialists to serve in other member countries on countless health projects and its health experts held key positions in the organization, all to the benefit of the entire Pacific region; and .

Whereas, presently, this remarkable country is not allowed to participate in any forums or workshops organized by the World Health Organization concerning the latest technologies in the diagnosis, monitoring and control of disease; and

Whereas, in recent years, the government and the expert scientists and doctors of Taiwan have expressed a willingness to assist financially and technically in international aid and health activities supported by the World Health Organization, but these offers have been refused; and

Whereas, admittance of Taiwan to the World Health Organization would bring tremendous benefits to all persons in this world: Now, therefore, be it

Resolved, by the Senate and Assembly of the State of Nevada, Jointly, That the members of the Nevada Legislature hereby urge President George W. Bush and the Congress of the United States to continue to support all efforts made by the Republic of China on Taiwan to gain meaningful participation in the World Health Organization; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives, the Secretary of Health and Human Services, the Director General of the Taipei Economic and Cultural Office in San Francisco, the Executive Director of the Las Vegas Taiwanese

Chamber of Commerce and the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-126. A resolution adopted by the Senate of the State of Florida urging Congress to engage the international community to take action in the effort to bring a just and lasting peace to the people of Darfur; to the Committee on Foreign Relations.

SENATE MEMORIAL 1698

Whereas, United Nations officials have described the ongoing crisis in Darfur as “the world’s worst humanitarian crisis,” and

Whereas, hundreds of thousands of people have died and more than 2.5 million have been displaced in Darfur since 2003, and

Whereas, the Government of Sudan has failed in its responsibility to protect the many peoples of Darfur, and

Whereas, the United States Congress declared on July 22, 2004, that the atrocities in Darfur constituted genocide, and

Whereas, on September 9, 2004, Secretary of State Colin Powell and President George W. Bush described the crisis in Darfur as genocide, and

Whereas, on June 30, 2005, President Bush confirmed that “the violence in the Darfur region is clearly genocide and the human cost is beyond calculation,” and

Whereas, on May 8, 2006, President Bush stated, “we will call genocide by its rightful name, and we will stand up for the innocent until the peace of Darfur is secured,” and

Whereas, on May 5, 2006, the Government of Sudan and the largest rebel faction in Darfur, the Sudan Liberation Movement, led by Minni Minnawi, signed the Darfur Peace Agreement (DPA), and

Whereas, violence in Darfur escalated in the months following the signing of the DPA, with increased attacks against civilians and humanitarian workers, and

Whereas, violence has spread to the neighboring states of Chad and the Central African Republic, threatening regional peace and security, and

Whereas, in July 2006, more humanitarian aid workers were killed than in the previous 3 years combined, and

Whereas, violence has forced some humanitarian organizations to suspend operations, leaving 40 percent of the population of Darfur inaccessible to aid workers, and

Whereas, on August 30, 2006, the United Nations Security Council passed Security Council Resolution 1706 (2006), asserting that the existing United Nations Mission in Sudan (UNMIS) “shall take over from the African Union Mission in Sudan (AMIS) responsibility for supporting the implementation of the Darfur Peace

Agreement (DPA) upon the expiration of AMIS’s mandate but in any event no later than 31 December 2006,” and that UNMIS “shall be strengthened by up to 17,300 military personnel ... up to 3,300 civilian police personnel and up to 16 Formed Police Units,” which “shall begin to be deployed no later than 1 October 2006,” and

Whereas, on September 19, 2006, President Bush announced the appointment of Andrew Nastios as Presidential Special Envoy to lead United States efforts to bring peace to the Darfur region in Sudan, and

Whereas, on November 16, 2006, high-level consultations led by Kofi Annan, Secretary General of the United Nations, and Alpha Oumar Konare, Chairperson of the African Union Commission, and including representatives of the Arab League, the European Union, the Government of Sudan, and other national governments, produced the “Addis Ababa Agreement,” and

Whereas, the Agreement stated that the DPA must be made more inclusive, and “called upon all parties—Government and DPA nonsignatories—to immediately commit to a cessation of hostilities in Darfur in order to give the peace process the best chances for success,” and

Whereas, the Agreement included a plan to establish a United Nations-African Union peacekeeping operation that would consist of no fewer than 17,000 military troops and 3,000 civilian police, and would have a primarily African character, and

Whereas, the Agreement stated that the peacekeeping operation must be logistically and financially sustainable, with support coming from the United Nations, and

Whereas, it is imperative that a peacekeeping force in Darfur have sufficient strength and the mandate to provide adequate security to the people of Darfur, and

Whereas, on January 10, 2007, New Mexico Governor Bill Richardson met with Sudanese President Omar Hassan Al-Bashir; their meeting resulted in the issuance of a Joint Statement calling for “a 60-day cessation of hostilities by all parties within the framework of the Darfur Peace Agreement,” and

Whereas, the Joint Statement called for the initiation of African Union/United Nations diplomatic efforts within the framework of the DPA, and for two projected meetings—a Government of Sudan-sponsored field commanders’ conference to be attended by representatives of the African Union and the United Nations, and a subsequent African Union/United Nations sponsored peace summit, again within the framework of the DPA, to be held no later than March 15, 2007, and

Whereas, the Joint Statement stated the need to disarm all armed groups, including the Janjaweed, pursuant to the provision of the DPA: Now, therefore, be it

Resolved by the Legislature of the State of Florida, That the Florida Legislature:

(1) Supports, given the rapidly deteriorating situation on the ground in Darfur, the principles of the Addis Ababa Agreement of November 17, 2006, in order to increase security and stability for the people of Darfur.

(2) Declares that the deployment of an African Union-United Nations peacekeeping force under the command and control of the United Nations, as laid out in the Addis Ababa Agreement, is the minimum acceptable effort on the part of the international community to protect the people of Darfur.

(3) Supports the strengthening of the African Union peacekeeping mission in Sudan so that it may improve its performance with regard to civilian protection as the African Union peacekeeping mission begins to transfer responsibility for protecting the people of Darfur to the United Nations-African Union peacekeeping force under the command and control of the United Nations, as laid out in the Addis Ababa Agreement.

(4) Calls upon the Government of Sudan to immediately:

(a) Allow the implementation of the United Nations light and heavy support packages as provided for in the Addis Ababa Agreement; and

(b) Work with the United Nations and the international community to deploy United Nations peacekeepers to Darfur in keeping with the United Nations Security Council Resolution 1706 passed on August 31, 2006.

(5) Calls upon all parties to the conflict to immediately:

(a) Adhere to the Joint Statement issued by Governor Bill Richardson and President Omar Hassan Al-Bashir on January 10, 2007;

(b) Observe the cease-fire contained therein; and

(c) Respect the impartiality and neutrality of humanitarian agencies so that relief workers can have unfettered access to their beneficiary populations and deliver desperately needed assistance.

(6) Urges the President to:

(a) Continue work with other members of the international community, including the permanent members of the United Nations Security Council, the African Union, the European Union, the Arab League, Sudan’s trading partners, and the Government of Sudan to facilitate the implementation of the Addis Ababa Agreement and the subsequent Richardson-Bashir Joint Statement;

(b) Ensure the ability of any peacekeeping force deployed to Darfur to carry out its mandate by providing adequate funding and by working with our international partners to provide technical assistance, logistical support and intelligence-gathering capabilities, and military assets;

(c) Vigorously pursue, in cooperation with other members of the international community, strong punitive action against those persons responsible for crimes against humanity as previously authorized in the Darfur Peace and Accountability Act of 2006 (Public Law 109-344), United Nations Security Council Resolution 1591 (2005), and the Comprehensive Peace in Sudan Act of 2004 (Public Law 108-497, 118 Stat. 4012); and

(d) Make all necessary efforts to address the widespread incidents of gender-based violence in Darfur, including working with the Government of Sudan to help institute a zero-tolerance policy for gender-based violence as agreed to in the Richardson-Bashir Joint Statement.

(7) Calls upon the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and the Florida delegation to the United States Congress to:

(a) Provide all necessary funding and support for United Nations and African Union peacekeeping operations in Darfur;

(b) Provide all necessary funding and support for humanitarian aid in Darfur and affected areas of Chad and the Central African Republic;

(c) Conduct sufficient oversight of actions by the United States administration to ensure that no opportunities for furthering the peace are missed; and

(d) Continue to monitor the conflict and political processes and, if necessary, examine imposing additional punitive sanctions against the Government of Sudan, officials within the Government of Sudan, rebel leaders, and any other individual or group obstructing the ongoing peace process or in violation of agreed-upon cease-fires and the Darfur Peace Agreement; and be it further

Resolved, That the Florida Legislature urges Congress to do all in its power to further the goals expressed in this memorial in order to bring lasting peace to the people of Darfur: and be it further

Resolved, That copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

POM-127. A joint resolution adopted by the Legislature of the State of Montana repealing, rescinding, canceling, voiding, and superseding any and all extant application previously made by the Legislature to Congress to call a convention pursuant to the terms of Article V of the U.S. Constitution for proposing one or more amendments to it; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 38

Whereas, the Legislature of the State of Montana, acting with the best of intentions, has, at various times and during various sessions, previously made applications to the Congress of the United States of America to call one or more conventions to propose either a single amendment concerning a specific subject or to call a general convention to propose an unspecified and unlimited number of amendments to the United States Constitution, pursuant to the provisions of Article V of the United States Constitution; and

Whereas, former Chief Justice of the United States of America Warren E. Burger, former Associate Justice of the United States Supreme Court Arthur J. Goldberg, and other leading constitutional scholars agree that such a convention may propose sweeping changes to the Constitution, any limitations or restrictions purportedly imposed by the states in applying for a convention or conventions to the contrary notwithstanding, thereby creating an imminent peril to the well-established rights of the citizens and the duties of various levels of government; and

Whereas, the Constitution of the United States of America has been amended many times in the history of this nation and may be amended many more times, without the need to resort to a constitutional convention, and has been interpreted for more than 200 years and has been found to be a sound document that protects the lives and liberties of the citizens; and

Whereas, there is no need for, and rather there is great danger in, a new Constitution or in opening the Constitution to sweeping changes, the adoption of which would only create legal chaos in this nation and only begin the process of another 2 centuries of litigation over its meaning and interpretation. Now, therefore, be it

Resolved by the Senate and the House of Representatives of the State of Montana, That the Legislature does hereby repeal, rescind, cancel, nullify, and supersede to the same effect as if they had never been passed any and all extant applications by the Legislature of the State of Montana to the Congress of the United States of America to call a convention to propose amendments to the Constitution of the United States of America, pursuant to the terms of Article V of the Constitution, regardless of when or by which session or sessions of the Montana Legislature the applications were made and regardless of whether the applications were for a limited convention to propose one or more amendments regarding one or more specific subjects and purposes or for a general convention to propose an unlimited number of amendments upon an unlimited number of subjects; and be it further

Resolved, That the following resolutions and memorials are specifically repealed,

rescinded, canceled, nullified, and superseded: Joint Concurrent Resolution No. 2, 1901; House Joint Resolution No. 1, 1905; Senate Joint Resolution No. 1, 1907; House Joint Memorial No. 7, 1911; House Joint Resolution No. 13, 1963; and Senate Joint Resolution No. 5, 1965; and be it further

Resolved, That the Legislature of the State of Montana urges the Legislatures of each and every state that has applied to Congress to call a convention for either a general or a limited constitutional convention to repeal and rescind the applications; and be it further

Resolved, That the Secretary of State is directed to send copies of this resolution to the Secretary of State of each state in the Union, to the presiding officers of both houses of the Legislatures of each state in the Union, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to the Montana Congressional Delegation.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO BLOCKING THE PROPERTY OF CERTAIN PERSONS UNDERMINING DEMOCRATIC PROCESSES OR INSTITUTIONS IN BELARUS -- PM 16

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency and related measures blocking the property of certain persons undermining democratic processes or institutions in Belarus are to continue in effect beyond June 16, 2007.

The actions and policies of certain members of the Government of Belarus and other persons pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. These actions include undermining democratic processes or institutions; committing human rights abuses related to political repression, including detentions and disappearances; and engaging in public corruption, including by diverting or misusing Belarusian public assets or by misusing public authority. For these reasons, I have determined that it is necessary to continue the national emergency and related measures blocking the property of certain persons with respect to Belarus.

GEORGE W. BUSH.

THE WHITE HOUSE, June 14, 2007.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO WEAPONS-USABLE FISSILE MATERIAL IN THE TERRITORY OF THE RUSSIAN FEDERATION -- PM 17

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* for publication, stating that the emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation is to continue beyond June 21, 2007.

It remains a major national security goal of the United States to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to

peaceful uses, subject to transparency measures, and protected from diversion to activities of proliferation concern. The accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation and maintain in force these emergency authorities to respond to this threat.

GEORGE W. BUSH.
THE WHITE HOUSE, June 19, 2007.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-128. A resolution adopted by the Monroe County Board of County Commissioners of the State of Florida urging Congress to appropriate the funds necessary to bring the Herbert Hoover Dike into compliance with current levee protection safety standards and to expedite funding for the improvements through the prompt enactment of the Energy and Water Appropriations Bill; to the Committee on Environment and Public Works.

POM-129. A joint resolution adopted by the Legislature of the State of Maine urging Congress and the Federal Communications Commission to forego imposing a cap on Federal Universal Service Fund support for Maine's rural wireless carriers; to the Committee on Commerce, Science, and Transportation.

JOINT RESOLUTION

We, your Memorialists, the Members of the One Hundred and Twenty-Third Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the United States Congress and the Federal Communications Commission as follows:

Whereas, the federal Telecommunications Act of 1996 through the establishment of the Federal Universal Service Fund was intended to promote the availability of quality services at just, reasonable and affordable prices, increased access to advanced telecommunications services throughout the Nation and the availability of quality services to all consumers, including those in low-income, rural, insular and high-cost areas, at rates that are reasonably comparable to those charged in urban areas; and

Whereas, the intended goals of that legislation have not been met in the State of Maine, and many of Maine's communities have no wireless services or inadequate wireless service; and

Whereas, the failure to achieve the goals of improved and high-quality services has, and

will continue to have, a direct and substantial negative impact on the health and safety of the people living and working in Maine's rural areas; and

Whereas, the failure to achieve this goal of high-quality wireless services at just, reasonable and affordable rates to everyone is a very significant barrier to the economic development of much of rural Maine; and

Whereas, there are 2 rural wireless carriers in Maine that have successfully sought certification as eligible telecommunications carriers and have used the federal universal service funding they have received to construct significant additional wireless infrastructure in rural Maine; and

Whereas, the Maine Public Utilities Commission has certified that these Maine rural wireless carriers have used the funds received from the federal universal service fund in a manner consistent with all laws and regulations governing the funds; and

Whereas, the Federal-State Joint Board on Universal Service has recommended that the Federal Communications Commission impose a cap on funding for competitive eligible telecommunications carriers; and

Whereas, this recommended cap would limit Federal Universal Service Fund support for Maine's rural wireless carriers currently receiving these funds; and

Whereas, the proposed cap on funding would serve to undercut the purpose and objective of the federal telecommunications Act of 1996 by impairing the ability of Maine's wireless eligible telecommunications carriers to expand infrastructure into rural Maine so that rural and urban wireless service is equal, as promised by that act; now, therefore, be it

Resolved, That We, your Memorialists, on behalf of the people we represent, take this opportunity to request that the Federal Communications Commission reject the cap proposed by the Federal State Joint Board on Universal Service; and be it further

Resolved, That We, your Memorialists, respectfully urge and request that the United States Congress take action to repeal the cap if it is adopted by the Federal Communications Commission; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Kevin J. Martin, Chairman of the Federal Communications Commission, to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM-130. A joint resolution adopted by the Legislature of the State of Nevada urging the Secretary of the Interior to fully fund the interagency airtanker base programs for wildland fire suppression in Battle Mountain,

Minden and Stead; to the Committee on Energy and Natural Resources.

ASSEMBLY JOINT RESOLUTION NO. 7

Whereas, the United States Department of the Interior, through the Bureau of Land Management, has provided vital fire suppression services to the State of Nevada; and

Whereas, these services include air support for wildland fire suppression in northern Nevada through interagency airtanker base operations at the Battle Mountain, Minden-Tahoe and Reno Stead Airports; and

Whereas, the areas of service include the forests and watershed surrounding Lake Tahoe, one of the nation's premiere natural treasures, and the Wildland urban interface along the Sierra Front in both Nevada and California; and

Whereas, in July 2006, Nevada ranked first in the nation in the amount of wildland acreage burned by wildfire in the United States; and

Whereas, the Federal Government owns and manages 87 percent of the land in Nevada; and

Whereas, the Bureau of Land Management has provided exemplary air support for fighting the wildland fires which have threatened Nevada's residents, private property, public lands and other valuable natural resources; and

Whereas, the Sierra Front has complex and challenging conditions that generate volatile and high-intensity wildland fires which are fought over rugged terrain, and airtankers are a critical component of the fight, being used primarily for initial attack and support; and

Whereas, continued funding for the full operation of the interagency airtanker base programs in Battle Mountain, Minden and Stead with single-engine airtankers that can provide the quick response needed for early suppression of a wildland fire is critical; and

Whereas, the Secretary of the Interior has the authority to authorize the expenditure of money to provide full funding for the interagency airtanker base programs: Now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the members of the 74th Session of the Nevada Legislature hereby urge the Secretary of the Interior to fully fund the interagency airtanker base programs for wildland fire suppression in Battle Mountain, Minden and Stead; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Secretary of the Interior and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-131. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to allow certain proceeds from the Southern Nevada Public Land Management Act of 1998 to be used for Nevada's state parks; to the Committee on Energy and Natural Resources.

ASSEMBLY JOINT RESOLUTION NO. 9

Whereas, in 1998, Congress passed the Southern Nevada Public Land Management Act of 1998, Public Law 105-263, which allows the Secretary of the Interior to sell certain federal lands in Clark County, Nevada, for possible development and authorizes use of the proceeds to acquire, conserve and protect environmentally sensitive lands in the State of Nevada; and

Whereas, under the provisions of the Act, 5 percent of the profits from sales of the land is allocated to help fund education, 10 percent is allocated for water and airport infrastructure projects and the remaining 85 percent is deposited into a special account for disbursement; and

Whereas, the money in the special account is specified for certain capital improvement projects, including projects at Lake Mead, Red Rock Canyon, the Desert National Wildlife Refuge and other federally managed recreational areas, the development of parks, trails and a multispecies habitat conservation plan in and around Clark County, the acquisition of environmentally sensitive lands, and restoration and conservation of the Lake Tahoe Basin; and

Whereas, since the first auction of land in 1999, this Act has generated approximately \$3 billion, \$2.5 billion of which has been disbursed from the special account; and

Whereas, although the money distributed pursuant to the Act has been used for the enhancement and conservation of many federally managed areas in Nevada, there are numerous state parks in Nevada which could also benefit from this money; and

Whereas, with the growing popularity of the many rural recreational and historic sites in Nevada, it is vital that Nevada's state parks be maintained and preserved for the continued enjoyment of the residents of Nevada and its tourists; Now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the members of the Nevada Legislature urge Congress to amend the Southern Nevada Public Land Management Act of 1998 to authorize the State of Nevada to use a portion of the money in the special account for the improvement and preservation of Nevada's state parks; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Vice President of the United

States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Secretary of the Interior and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-132. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to provide additional appropriations or any other form of assistance to federal agencies and the State of Nevada for the prevention and suppression of wildfires and the rehabilitation of public rangelands destroyed by wildfires in Nevada; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 13

Whereas, during 2005, approximately 1,032,104 acres of land were burned by 794 wildfires occurring in Nevada; and

Whereas, during 2006, approximately 1,468,189 acres of land were burned in Nevada, thereby making Nevada one of the highest ranking states for the amount of land destroyed by wildfires; and

Whereas, the costs of suppressing wildfires for federal agencies nationwide is significant, totaling approximately \$161,403,000 for the Bureau of Land Management and approximately \$614,000,000 for the United States Forest Service for the fire season for 2005; and

Whereas, approximately 87 percent of the land in Nevada is controlled by the Federal Government, and much of that land includes public rangelands that are used in rural areas of Nevada to support the local ranching industry; and

Whereas, the production of livestock is an important asset for rural communities; and

Whereas, when wildfires occur on public land, those wildfires often destroy portions of the public rangelands in Nevada, thereby making them unavailable for use until rehabilitated; Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, jointly, That the members of the Nevada Legislature hereby urge Congress to provide additional appropriations or any other form of assistance to federal agencies and the State of Nevada in the prevention and suppression of wildfires and the rehabilitation of public rangelands destroyed by wildfires in Nevada; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Chairman of the Committee on Appropriations of the United States Senate, the Chairman of the Committee on Appropriations of the United States House of Representatives and each

member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-133. A joint resolution adopted by the Legislature of the State of Maine urging Congress to fully appropriate the money for radioactive waste management; to the Committee on Environment and Public Works.

JOINT RESOLUTION

Whereas, a nuclear-powered electric generation facility was located in Maine at Wiscasset's Bailey Point; and

Whereas, spent nuclear fuel and greater-than-class-C, high-level radioactive waste is currently being stored in Maine in dry casks 300 yards from the coastal tide of the Sheepscot River, at only 21 feet above sea level; and

Whereas, dry cask storage is now being required at the Maine Yankee interim storage site well after the expiration of its license to produce electricity; and

Whereas, continued storage of high-level radioactive spent nuclear fuel and greater-than-class-C, high-level waste in dry casks at the Wiscasset site is not in the best interests of the citizens of that community, nor of the State of Maine; and

Whereas, the Federal Nuclear Waste Policy Act of 1982 established a national policy that the Federal Government is responsible for safe, permanent disposal in a geologic repository of all high-level radioactive waste, including spent nuclear fuel from commercial power reactors and greater-than-class-C waste, as well as military nuclear waste; and

Whereas, the 109th Congress failed to enact a budget for the nuclear waste disposal program for the current fiscal year and took no action on proposed legislation to reform the federal Nuclear Waste Fund to provide more reliable financing of the repository program; and

Whereas, the Federal Accountability for Nuclear Waste Storage Act of 2007 (S. 784) has been introduced in this Congress, requiring the Federal Government to assume legal ownership of all spent nuclear fuel in the country; and

Whereas, the ratepayers of nuclear energy, including Maine, have paid an estimated \$19,000,000,000 into the federal Nuclear Waste Fund for the proper disposal of nuclear waste since 1983, and the ratepayers of nuclear energy pay into the Nuclear Waste Fund at least \$750,000,000 each year for the purpose of a national repository; and

Whereas, the United States Department of Energy now affirms it cannot initiate retrieval of repository waste for disposal any sooner than 2017 at the very earliest, 19 years past the federal Nuclear Waste Policy Act of 1982 statutory mandate date for initiating retrieval,

and the Department of Energy's Office of Civilian Radioactive Waste Management will need full funding to submit a construction application to the United States Nuclear Regulatory Commission by June 2008; and

Whereas, the United States Nuclear Regulatory Commission requires a minimum of 3 years to review such an application; and

Whereas, in order to meet the 2008 license application milestone, the President's budget for fiscal year 2008 requests \$202,500,000 from the Nuclear Waste Fund and \$292,000,000 from the Defense Nuclear Waste Disposal appropriation to achieve these goals; Now, therefore, be it

Resolved, That We, your Memorialists, respectfully urge and request that the United States Congress fully appropriate the \$494,500,000 budget request for the civilian radioactive waste management program; and be it further

Resolved, That Congress should enact legislation that will ensure repository appropriations to match annual Nuclear Waste Fund fee revenue collected from ratepayers for this specific purpose, and ensuring the future availability of any and all surplus for its intended purpose; and be it further

Resolved, That the Legislature of the State of Maine opposes the proposed Federal Accountability for Nuclear Waste Storage Act of 2007 and any proposal for the Federal Government to take title to spent nuclear fuel in this State if the effect of such an action would be that spent nuclear fuel would be kept in Maine without any protection from its long-term effects on the State's population and from acts of intrusion that would endanger the State's environmental and economic well-being; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM-134. A resolution adopted by the General Assembly of the State of New Jersey urging Congress to enact the Military Death Benefit Improvement Act of 2005; to the Committee on Armed Services.

ASSEMBLY RESOLUTION NO. 126

Whereas, the bill before Congress known as the Military Death Benefit Improvement Act of 2005 proposes to increase the military death gratuity from \$12,000 to \$100,000; and

Whereas, the military death gratuity is money provided within 72 hours to assist with the immediate financial needs of families of service members who are killed while on active duty; and

Whereas, this legislation would apply not only to those who are currently serving on active duty in the military, but would also be applied retroactively to all active duty service members who have died since September 11, 2001; and

Whereas, the current military death gratuity of \$12,000 is woefully inadequate to compensate families who have made the ultimate sacrifice; and

Whereas, in the face of the great emotional hardship caused by the loss of a loved one, the families of our brave servicemen and women should not also be faced with financial hardship; and

Whereas, the passage of the Military Death Benefit Improvement Act of 2005 will send a message to all men and women in uniform that their government and their country recognize and appreciate their service and sacrifice; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

1. This House strongly supports an increase in the military death gratuity from \$12,000 to \$100,000, and urges the President and Congress to enact legislation (H.R. 292 and S. 44) implementing this policy.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk of the General Assembly, shall be transmitted to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives, and each member of New Jersey's Congressional delegation.

POM-135. A resolution adopted by the General Assembly of the State of New Jersey expressing strong opposition to the surge of U.S. troops in Iraq; to the Committee on Foreign Relations.

ASSEMBLY RESOLUTION NO. 246

Whereas, President George W. Bush announced in January that he would send more United States armed forces to Iraq and extend the duty of many such troops already in that country in an effort to end the sectarian violence that has engulfed that nation and to provide stability to the new Iraqi government; and

Whereas, the United States has already committed 132,000 armed forces personnel to that country and plans to escalate troop levels by 21,500 for a total of 153,500, at a cost of \$5.6 billion; and

Whereas, the president's "surge" comes at a time when a substantial majority of the American public have expressed opposition to the war, in general, and his plan to expand it, in particular; and

Whereas, the president's plan is also opposed by members of Congress, including many who are members of the same political party as the president, who believe that the

United States is ultimately responsible for the civil war gripping Iraq; and

Whereas, many family members of service personnel fighting in Iraq are already deeply concerned about their loved ones' safety and are disappointed that the tour of many such soldiers will be extended by at least several months; and

Whereas, to date, the global war on terror, of which the war in Iraq is a part, has already had a significant impact on service men and women from New Jersey and their families, with over 6,000 State Army and Air National Guard and Reserve troops deployed and 83 service personnel killed and many more injured; and

Whereas, the surge will effect 159 members of the New Jersey National Guard currently in Iraq, so that instead of returning in March or April, members of the 117th Reconnaissance Surveillance Target Acquisition Unit and the 250th Brigade Support Battalion will now be returning in July or August; and

Whereas, it is clear to this House that sending more troops to Iraq will result in the death of more American service personnel but will do little to end the civil war in Iraq or bring lasting peace to the Iraqi people and stability to their new government; and

Whereas, despite this House's opposition to President Bush's action, it strongly and unequivocally supports the brave men and women in all branches of the Armed Forces of the United States who are currently in Iraq, those service personnel who will be sent to that county as a part of the surge and the families of such troops who remain at home concerned about their loved ones in the war zone; and

Whereas, it is therefore fitting and proper for this House to express its strong opposition to President Bush's surge in United States troops in Iraq; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey.

1. This House expresses its strong opposition to President George W. Bush's surge in United States troops in Iraq.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk thereof, shall be transmitted to the President George W. Bush and every member of Congress elected from New Jersey.

POM-136. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to repeal the REAL ID Act of 2005; to the Committee on Homeland Security and Governmental Affairs.

ASSEMBLY JOINT RESOLUTION NO. 6

Whereas, in May 2005, the United States Congress enacted the REAL ID Act of 2005 as part of the Emergency Supplemental Appropriations Act for Defense, the Global

War on Terror, and Tsunami Relief, 2005, Public Law 109-13, which was signed by President George W. Bush on May 11, 2005, and which becomes fully effective on May 11, 2008; and

Whereas, use of the federal minimum standards for state driver's licenses and state identification cards will be necessary for any type of federally regulated activity for which an identification card must be displayed; and

Whereas, the United States Department of Homeland Security, to date, has failed to promulgate rules for the implementation of the REAL ID Act; and

Whereas, the mandate to the states, through federal legislation, provides no funding for its requirements; and

Whereas, the American Association of Motor Vehicle Administrators, the National Governors' Association and the National Conference of State Legislatures have estimated that the cost to the states to implement the REAL ID Act will be more than \$11 billion over 5 years; and

Whereas, the implementation of the REAL ID Act would cost Nevada taxpayers approximately \$30 million during Fiscal Year 2007 and Fiscal Year 2008; and

Whereas, the State of Nevada would incur additional expenditures associated with the implementation of the national identification card through machine readable technology, increased training of Nevada's Department of Motor Vehicles employees and increased Department of Motor Vehicles employee work hours; and

Whereas, Nevada's compliance with the provisions of the REAL ID Act will require that, over the course of 4 years, an estimated 2 million Nevadans will be subjected to the unnecessary inconvenience of obtaining a REAL ID compliant driver's license or identification card in person at offices of Nevada's Department of Motor Vehicles; and

Whereas, the State of Nevada is committed to increased security and unimpeachable integrity of driver's licenses and identification cards within the State and the United States; and

Whereas, the State of Nevada is also committed to compliance with the REAL ID Act, should appropriate rules be adopted and federal funding be provided for implementation; now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the State of Nevada urges Congress to repeal the REAL ID Act portion of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of

Representatives and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-137. A resolution adopted by the General Assembly of the State of New Jersey opposing the federal legislation entitled "Fairness in Asbestos Injury Resolution Act of 2005"; to the Committee on the Judiciary.

ASSEMBLY RESOLUTION NO. 100

Whereas, asbestos was used for decades, especially during and after World War II, in several industries in a variety of products, notably insulation, and exposure to asbestos has proven deadly to thousands of workers; and

Whereas, long-term exposure to asbestos has been associated with various types of cancer, including lung cancer, as well as asbestosis and pleural disease; and

Whereas, the discovery, on a nationwide basis, of the fatal effects of asbestos exposure has spawned a massive and still growing civil litigation industry; and

Whereas, the United States Supreme Court has called upon Congress to resolve the national asbestos litigation issue; and

Whereas, the "Fairness in Asbestos Injury Resolution Act of 2005," pending in the United States Senate as Senate Bill 852 and sponsored by Senators Specter and Leahy, would seek to provide payouts to people sickened by exposure to asbestos by requiring that such individuals apply to the Department of Labor for compensation rather than take the case to court; and

Whereas, the bill would establish a \$140 billion trust fund, primarily financed by businesses, from which damages would be paid on accordance with a schedule so that those with the most serious health problems related to asbestos exposure would receive the most money, with maximum damages capped at \$1 million; and

Whereas, Senate Bill 852 has drawn reservations and opposition from many members of the United States Congress, organized labor and consumer groups, and some insurance companies, arguing that the bill would allow big businesses to avoid financial responsibility and that the fund would not adequately compensate all of the victims; and

Whereas, because contributions to the trust fund are capped at \$27.5 million per company per year, several Fortune 500 companies stand to save billions of dollars under the bill and many companies will be liable for only 10 to 20 cents of every dollar that they would have owed if the cases went to court; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

1. This House opposes the "Fairness in Asbestos Injury Resolution Act of 2005," currently pending in the United States Senate as Senate Bill 852.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk thereof, shall be transmitted to the President and Vice-President of the United States, the Speaker of the United States House of Representatives, the majority and minority leaders of the United States Senate and the United States House of Representatives, and each member of the Congress of the United States elected from this State.

Pending debate,

Mr. KYL, by unanimous consent, modified his pending amendment to reflect second-degree status to amendment No. 1704 in lieu of, as submitted, being to amendment No. 1502 (in the nature of a substitute).

The question then being on agreeing to amendment No. 1733, as modified, to amendment No. 1704 to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

Pending debate,

MORNING BUSINESS

The following morning business occurred on today:

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT OF THE VETO OF S. 5, THE STEM CELL RESEARCH ENHANCEMENT ACT OF 2007 -- PM 18

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was ordered to be held at the desk:

To the Senate of the United States:

I am returning herewith without my approval S. 5, the “Stem Cell Research Enhancement Act of 2007.”

Once again, the Congress has sent me legislation that would compel American taxpayers, for the first time in our history, to support the deliberate destruction of human embryos.

In 2001, I announced a policy to advance stem cell research in a way that is ambitious, ethical, and effective. I became the first President to make Federal funds available for embryonic stem cell research, and my policy did this in ways that would not encourage the destruction of embryos. Since then, my Administration has made more than \$130 million available for research on stem cell lines derived from embryos that had already been destroyed. We have also provided more than \$3 billion for research on all forms of stem cells, including those from adult and other non-embryonic sources.

This careful approach is producing results. It has contributed to proven therapeutic treatments in thousands of patients with many different diseases. And it is opening the prospect of new discoveries that could transform lives. Researchers are now developing promising new techniques that offer the potential to produce pluripotent stem cells, without having to destroy human life—for example, by reprogramming adult cells to make them function like stem cells.

Technical innovation in this difficult area is opening up new possibilities for progress without conflict or ethical controversy. Researchers pursuing these kinds of ethically responsible advances deserve support, and there is legislation in the Congress to give them that support. Bills supporting alternative research methods achieved majority support last year in both the House and the Senate. Earlier this spring another bill supporting alternative research won overwhelming majority support in the Senate, and I call on House leaders to pass similar legislation that would authorize additional funds for ethical stem cell research. We cannot lose the opportunity to conduct research that would give hope to those suffering from terrible diseases and help move our Nation beyond the controversies over embryo destruction. I invite policymakers and scientists to come together to solve medical problems without compromising either the high aims of science or the sanctity of human life.

S. 5, like the bill I vetoed last year, would overturn today’s carefully balanced policy on stem cell research. Compelling American taxpayers to support the deliberate destruction of human embryos would be a grave mistake. I will not allow our Nation to cross this moral line. For that reason, I must veto this bill.

GEORGE W. BUSH.
THE WHITE HOUSE, June 20, 2007.

So the motion was not agreed to; three-fifths of the Senators duly chosen and sworn not having voted in the affirmative.

Mr. REID, having voted on the prevailing side, entered a motion to reconsider the foregoing vote disagreeing to the motion to bring to a close debate on amendment No. 1704.

The question recurring on agreeing to amendment No. 1704 to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

Mr. REID noted that Mr. BYRD had just cast his 18,000th vote.

Pending debate,

By unanimous consent, on the request of Mr. REID,

Ordered, That, Senators be authorized to submit second-degree amendments until 2 p.m.

Pursuant to the order of yesterday,

The PRESIDING OFFICER laid before the Senate the motion, presented by Mr. REID on Tuesday, June 19, 2007, to bring to a close debate on amendment No. 1502 (in the nature of a substitute) to bill H.R. 6.

Pursuant to the order of Tuesday, June 19, 2007,

The quorum under the rule having been waived,

Pursuant to the provisions of rule XXII of the Standing Rules of the Senate,

So the motion was agreed to; three-fifths of Senators, duly chosen and sworn, having voted in the affirmative.

The question being on agreeing to amendment No. 1704 to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

Pending debate,

By unanimous consent, on the request of Mr. REID,

Ordered, That it be in order to raise a point of order against the pending amendments, en bloc.

Pursuant to the foregoing order,

Mr. REID raised a point of order, viz, that the pending amendments numbered 1704, 1615, 1520, 1557, 1573, and 1537 are non-germane, and that amendment No. 1608 is improperly drafted, and therefore are not in order.

The PRESIDING OFFICER held the point of order well-taken, and the amendments not in order.

The question being on agreeing to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

By unanimous consent, on the request of Mr. REID,

Ordered, That, at 11 p.m., amendment No. 1502 (in the nature of a substitute), as amended, be agreed to; that bill H.R. 6, as amended, be read the third time; that the Senate then vote on the question of agreeing to the motion to bring to close debate on bill H.R. 6; and that, if said motion is agreed to, the Senate vote on passage of bill H.R. 6, as amended, with no intervening action or debate.

Ordered further, That, at 11:30 a.m. on Tuesday, June 26, 2007, the Senate vote on the question of agreeing to the motion to bring to a close debate on the motion to proceed to consider bill H.R. 800; that, if said motion is agreed to, the motion to proceed to consider said bill be agreed to; that the Senate then vote on the question of agreeing to the motion to proceed to consider bill S. 1639; that, if said motion is agreed to, the motion to proceed to consider said bill be agreed to; and that, if the motion to bring to a close debate on bill S. 1639 is agreed to, and upon conclusion of debate pursuant to rule XXII of the Standing Rules of the Senate, there be 20 minutes for only debate, equally divided and controlled, on a motion to waive the Congressional Budget Act in answer to a point of order, under the Congressional Budget Act, to be raised against the bill by Mr. SESSIONS, or his designee.

Ordered further, That, on Wednesday next, if the Senate is considering bill S. 1639, Mr. SESSIONS be recognized, for debate only, for 2 hours.

The question being on agreeing to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

On motion by Mr. STEVENS (for himself, Ms. SNOWE, Mr. ALEXANDER, Mr. CARPER, Mr. LOTT, Mr. KERRY, Mr. CORKER, Mr. INOUE, Mrs. DOLE, Mrs. FEINSTEIN, Ms. CANTWELL, Mr. DORGAN, Mr. HAGEL, Mr. CRAIG, Mr. SESSIONS, and Mr. BILL NELSON) to further amend the pending amendment (in the nature of a substitute) on page 239, by

striking all beginning on line 16 through line 5 on page 277, and inserting in lieu thereof other words (being amendment No. 1792).

Mr. STEVENS, by unanimous consent, modified his pending amendment by incorporation as a modification thereof the amendment No. 1893 thereto.

The amendment, as modified, was agreed to.

The question being on agreeing to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

Pending debate,

Mr. BINGAMAN, by unanimous consent, proposed the following amendments on various pages and lines on behalf of the Senators indicated; each was modified, as indicated, and agreed to: Mr. BINGAMAN, amendment No. 1639; Mr. BINGAMAN, amendment No. 1677; Mr. BINGAMAN, amendment No. 1798; Ms. CANTWELL, amendment No. 1698; Mr. BINGAMAN (for himself and Mr. DOMENICI), amendment No. 1568, as modified; Mr. DOMENICI (for himself and Mr. BINGAMAN), amendment No. 1569; Mr. INOUE (for himself and Mr. DORGAN), amendment No. 1597, as modified; Mrs. DOLE (for herself and Mr. CARPER), amendment No. 1624; Mr. AKAKA (for himself, Ms. MURKOWSKI, Ms. SNOWE, Mr. SMITH, Ms. CANTWELL, and Mr. WYDEN), amendment No. 1764, as modified; Mrs. BOXER (for herself, Mr. ALEXANDER, Mr. WARNER, Mr. LIEBERMAN, Mrs. FEINSTEIN, Mr. MCCONNELL, Mr. BENNETT, and Mr. KERRY), amendment No. 1799; Mr. INHOFE, amendment No. 1602; Mr. INHOFE (for himself and Mrs. CLINTON), amendment No. 1660; Ms. MURKOWSKI (for herself and Mr. STEVENS), amendment No. 1513, as modified; Mr. VOINOVICH (for himself, Mr. CARPER, and Mr. INHOFE), amendment No. 1683; Mr. BINGAMAN, amendment No. 1729, as modified; Mr. MENENDEZ, amendment No. 1675; Mr. BURR, amendment No. 1687, as modified; Mr. BURR, amendment No. 1688; Mr. BURR, amendment No. 1689; Mr. SANDERS, amendment No. 1525, as modified; Mr. BINGAMAN (for himself and Mr. DOMENICI), amendment No. 1567, as modified; Mr. CARPER, amendment No. 1717; Mr. FEINGOLD (for himself, Mr. SANDERS, and Mr. MENENDEZ), amendment No. 1710; Mr. WYDEN (for himself, Ms. LANDRIEU, and Mr. SALAZAR), amendment No. 1759, as modified; Ms. CANTWELL, amendment No. 1797, as modified; Mr. KOHL, amendment No. 1595, as modified; Mr. BROWN, amendment No. 1676, as modified; Mrs. HUTCHISON (for himself and Mr. CORNYN), amendment No. 1679, as modified; Ms. COLLINS (for herself, Ms. CANTWELL, Ms. SNOWE, and Mrs. MURRAY), amendment No. 1615, as modified; Mr. CARDIN, amendment No. 1520, as modified; Ms. COLLINS, amendment No. 1700, as modified; Mr. ENZI, amendment No. 1724;

Ms. SNOWE (for herself and Mr. KERRY), amendment No. 1702; Mr. KERRY (for himself and Ms. SNOWE), amendment No. 1706, as modified.

The question being on agreeing to amendment No. 1502 (in the nature of a substitute), as amended, to the bill.

Pursuant to the order of today,

The amendment No. 1502 (in the nature of a substitute), as amended, was agreed to.

The question being on passage of the bill, as amended.

Pursuant to the order of today,

The bill, as amended, was read the third time.

Pursuant to the order of today,

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-138. A joint resolution adopted by the General Assembly of the State of Colorado concerning the 2007 Farm Bill, and, in connection therewith, continuing support for the federal food stamp program; to the Committee on Agriculture, Nutrition, and Forestry.

SENATE JOINT MEMORIAL 07

Whereas, the provisions of the federal "Farm Security and Rural Investment Act of 2002" (Farm Bill) that govern national food

assistance programs are set to expire this year; and

Whereas, the Food Stamp Program (Program), our nation's first defense against hunger and a major component of the Farm Bill, bolsters the efforts of the national emergency food assistance system; and

Whereas, the Program is efficiently targeted to reach the urgent needs of people who have the most difficulty purchasing adequate food; and

Whereas, over 95% of benefits from the Program go to households with incomes below the poverty level, 80% of which benefits go to families with children, and nearly all of the remaining beneficiaries are elderly or disabled; and

Whereas, the error rates for overpayment and underpayment to beneficiaries under the Program have steadily declined for the last six years and are now at an all-time low; and

Whereas, the federal government fed some 26 million low-income people at a cost of \$31 billion, nearly double the federal expenditure for welfare cash assistance programs; and

Whereas, \$323 million in federal food stamp funds are currently received by Colorado, yet, if an additional 185,000 eligible individuals participated in the Program, as much as an additional \$158 million from federal funds would flow into the state; and

Whereas, the United States Department of Agriculture estimates that, for every \$5.00 in food stamp benefits, an additional \$9.20 is generated in local economic activity; and

Whereas, the Program pays dividends for low-income consumers, food producers and manufacturers, grocery retailers, and communities; and

Whereas, as food stamp purchases made with Program benefits flow through grocery checkout lines, farmers' markets, and other outlets, those benefits generate almost double their value in economic activity, especially for many hard-pressed rural and urban communities desperately in need of business and job stimulus; and

Whereas, hunger has adverse consequences for all Coloradans, particularly for children and mothers; and

Whereas, too many people in our communities lack the resources to consistently put food on their tables for themselves and their families; and

Whereas, while the Program has substantially decreased malnutrition in our country and helps prevent the problem of hunger from becoming worse in our communities, the Program currently reaches only about one-half of eligible low-income working families; and

Whereas, food stamps outreach and nutrition education programs are useful tools in the fight against hunger, but these efforts

need more resources in order to fully reach their potential; Now, therefore, be it

Resolved by the Senate of the Sixty-sixth General Assembly of the State of Colorado, the House of Representatives concurring herein,

(1) That we, the Colorado General Assembly, support the passage of the 2007 Farm Bill;

(2) That we strongly urge Congress to place top priority on implementing a section of the Farm Bill on nutrition that would renew the provisions of, and improve upon, the Program; and

(3) That we further urge Congress: To improve the adequacy of benefits to help reduce hunger and ensure that everyone in the Program has the resources to assist them in purchasing and preparing a nutritionally adequate diet; to simplify the Program for clients and their caseworkers; and to continue to simplify and streamline the administrative aspects of the Program; and, be it further

Resolved, That copies of this Joint Memorial be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, United States Senator Tom Harkin, United States Representative Collin Peterson, the Colorado Anti-Hunger Network, and to each member of Colorado's Congressional delegation.

POM-139. A resolution adopted by the Legislature of the State of Arizona urging Congress to take action regarding space exploration; to the Committee on Commerce, Science, and Transportation.

SENATE MEMORIAL 1005

Whereas, the United States is a nation of explorers; and

Whereas, when Christopher Columbus made his voyages across the Atlantic in the fifteenth and sixteenth centuries his ships carried the inscription "Following the light of the sun, we left the Old World"; and

Whereas, exploration and discovery have been especially important to the American experience, providing vision, hope and economic stimulus, from New World pioneers and American frontiersmen to the Apollo program; and

Whereas just as Lewis and Clark could not have predicted the settlement of the American west within a hundred years of the start of their famous nineteenth century expedition, the total benefits of a single exploratory undertaking or discovery cannot be predicted in advance; and

Whereas, the desire to explore is part of our character and history has shown that space exploration benefits all humankind through new technologies for everyday application, new jobs across the entire economic enterprise economic contributions through new markets, commercial products, education, inspiration, leadership, increased

security and a legacy for future generations; and

Whereas, Arizona has been a leader in the exploration since the dawn of the space age, accounting for hundreds of millions of dollars in direct contracts in the entire state; and

Whereas, our nation's new vision for space exploration charts a new, "building block" strategy to explore destinations across our solar system with robots and humans, allowing our nation to remain competitive in the new industry of space commerce.

Wherefore your memorialist, the Senate of the State of Arizona, prays:

1. That the Congress of the United States enact and fully fund the proposed vision for space exploration, as submitted to Congress in the fiscal year 2008 budget of the United States government, to enable the United States to remain a leader in the exploration and development of space.

2. That the Secretary of State transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of the Congress from the State of Arizona.

POM-140. A joint resolution adopted by the House of Representatives of the State of Maine urging Congress to raise the weight limit on Interstate 95; to the Committee on Environment and Public Works.

JOINT RESOLUTION

Whereas, Interstate 95 in the State of Maine, which is part of the Dwight D. Eisenhower System of Interstate and Defense Highways and is governed by the Federal-Aid Highway Act of 1956, is central to Maine's commerce and industry; and

Whereas, the weight limit on the Interstate Highway System is set at 80,000 pounds by the Federal-Aid Highway Act of 1956 and consequently by Maine statute, yet the State of Maine has a 100,000-pound limit on its secondary roads, which does not match the national limit; and

Whereas, the Federal Government has given the State of Maine an exemption from the 80,000-pound limit for the last 5 miles of the Maine Turnpike and Interstate 95, which allows for a 100,000-pound limit, and this exemption matches the limit for the rest of the State; Now, therefore, be it

Resolved, That We, your Memorialists, on behalf of the people we represent, take this opportunity to request that the United States Congress allow the State of Maine a 100,000-pound limit on all of the Interstate Highway System in Maine, not only the authorized 5 miles, and that the United States Congress review this request when the Highway Bill comes up for reauthorization; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the

President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM-141. A joint resolution adopted by the Legislature of the State of Maine urging Congress to enact the Social Security Fairness Act of 2007; to the Committee on Finance.

JOINT RESOLUTION

Whereas, Social Security is a trust fund that is intended as a compact between generations, yet it has not always been treated in a manner similar to other trust funds; and

Whereas, Maine's educators, transportation workers, police, firefighters and other civil servants, as well as their spouses, have collectively contributed tens of billions of dollars to Social Security and should in good faith receive such benefits as have been projected to them annually in their personalized Social Security statements; and

Whereas, the federal "government pension offset provision" and the federal "windfall elimination provision," enacted, respectively, in 1977 and 1983, have effectively treated state government pensions as if they were a provenance of Social Security, which they are not, and have in this treatment appropriated hundreds of billions of dollars previously entrusted to Social Security by the civil servants of 15 states and by their spouses; and

Whereas, by unfairly taking these hundreds of billions of dollars from just 15 states, including Maine, these twin federal policies have adversely and disproportionately affected Maine's ability to attract and retain effective and qualified workers, as well as Maine's overall economy, its schools, its tax base and its taxpayers and other residents; and

Whereas, the State of Maine has worked hard, over generations, to attract, retain and provide for its state workers in their retirement and has scrupulously guarded and invested the funds entrusted to its retirement system, bringing those reserves to 100 times the value they had just 4 decades ago; and

Whereas, federal legislation has been introduced entitled the Social Security Fairness Act of 2007, proposing to repeal these unfair takings from Maine and from other states; and

Whereas, all Members of the Maine Congressional Delegation are cosponsors of this legislation, along with more than 200 other members of Congress as of mid-February; Now, therefore, be it

Resolved, That We, your Memorialists, respectfully urge and request that the United States Congress enact the Social Security Fairness Act of 2007; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the

United States, the President of the Senate of the United States, the Speaker of the House of Representatives of the United States and each Member of the Maine Congressional Delegation.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

NOTICE OF CONTINUATION OF
NATIONAL EMERGENCY WITH RESPECT
TO THE WESTERN BALKANS -- PM 19

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* for publication stating that the Western Balkans emergency is to continue in effect beyond June 26, 2007. The most recent notice continuing this emergency was published in the *Federal Register* on June 23, 2006, 71 FR 36183.

The crisis constituted by the actions of persons engaged in, or assisting, sponsoring, or supporting (i) extremist violence in the Republic of Macedonia and elsewhere in the Western Balkans region, or (ii) acts obstructing implementation of the Dayton Accords in Bosnia or United Nations Security

Council Resolution 1244 of June 10, 1999, in Kosovo, that led to the declaration of a national emergency on June 26, 2001, in Executive Order 13219 and to amendment of that order in Executive Order 13304 of May 28, 2003, has not been resolved. The acts of extremist violence and obstructionist activity outlined in Executive Order 13219, as amended, are hostile to U.S. interests and pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency declared with respect to the Western Balkans and maintain in force the comprehensive sanctions to respond to this threat.

GEORGE W. BUSH.

THE WHITE HOUSE, June 22, 2007.

EXECUTIVE AND OTHER
COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-142. A resolution adopted by the Senate of the State of Louisiana urging Congress to fulfill the commitment to the citizens of Louisiana to fully fund recovery from damages resulting from hurricanes Katrina and Rita; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 53

Whereas, as a result of these devastating events, the President's Office of Gulf Coast Rebuilding estimated that over one hundred twenty-seven thousand owner-occupied homes received major or severe damage based on the criteria used by the Federal Emergency Management Agency; and

Whereas, in the aftermath of Hurricane Katrina, President George W. Bush made a commitment to the people of Louisiana, in a nationally-covered statement that the federal government would do what was necessary to provide for the recovery of the state and its citizens; and

Whereas, the state of Louisiana has always proposed that the Road Home Program pay for owner-occupied uninsured or underinsured wind damage as well as flood damage within the parameters of the program; and

Whereas, in Action Plan Amendment No.1 proposed by the Louisiana Recovery Authority, captioned Action Plan Amendment for Disaster Recovery Funds for the Road Home Housing Programs, which, according to news releases, was approved by the U.S. Department of Housing and Urban Affairs in May 2006, it was clearly stated the program proposed to provide "the full proposed assistance to all of the Louisiana homeowners who suffered major or severe damage" and stated that "It is the State's policy that participants in the Homeowner Assistance Program deserve a fair and independent estimate or projection of damages from the storm, regardless of the cause of damage"; and

Whereas, according to federal sources, 43,298 homeowners experienced no major flooding but major or severe wind damage; and

Whereas, since the adoption of Action Plan Amendment No. 1, the state has experienced increased costs in the program, resulting in a current three billion dollar shortfall, duly from a combination of factors, including an increase in the number of eligible claimants from the original estimates by approximately eleven thousand, more homes severely damaged than originally estimated, increased costs per eligible claimant than originally estimated, lower than anticipated homeowner property insurance claim benefits received from private insurers, and higher than estimated costs of repair and construction. Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States and urges and requests the federal administration to fulfill the commitment to the citizens of Louisiana to fully fund recovery from damages resulting from hurricanes Katrina and Rita. Be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the

United States House of Representatives, to each member of the Louisiana delegation to the United States Congress, and to the President of the United States.

POM-143. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to take such actions as are necessary to prevent the taxation of rebuilding grants from the state's Road Home program; to the Committee on Finance.

SENATE CONCURRENT RESOLUTION NO. 25

Whereas, Louisiana taxpayers have spent countless hours coping with paperwork and bureaucracy that has inconvenienced them since hurricanes Katrina and Rita devastated southern Louisiana in 2005; and

Whereas, while the grants themselves are not taxable, the Internal Revenue Service says grant recipients who claimed a storm-related casualty loss would be required to consider all or part of the grant as income; and

Whereas, the average Road Home grant is sixty-five thousand dollars; therefore, some recipients would find themselves bumped up to higher tax brackets and would likely have a higher federal income tax liability; and

Whereas, the Louisiana Department of Revenue has determined that grants would not constitute income for state purposes. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorializes the Congress of the United States and the Internal Revenue Service to take such actions as are necessary to prevent the taxation of rebuilding grants from the state's Road Home program. Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America, to the Commissioner of the Internal Revenue Service, and to each member of the Louisiana congressional delegation.

POM-144. A joint resolution adopted by the Senate of the State of Colorado urging Congress to pass the federal "Gestational Diabetes Act of 2006"; to the Committee on Health, Education, Labor, and Pensions.

SENATE JOINT MEMORIAL 07-005

Whereas, gestational diabetes is one of the most common issues facing pregnant women and their health care providers, and the prevalence of gestational diabetes is increasing; and

Whereas, according to the American Diabetes Association, gestational diabetes affects approximately 4-8% of all pregnant women, which is about 135,000 women in the United States each year; and

Whereas, according to the Colorado Pregnancy Risk Assessment Monitoring System, gestational diabetes affects

approximately 7.5% of all pregnant women in Colorado, which is about 5,000 women in Colorado each year; and

Whereas, women who are overweight or obese are at an increased risk for developing gestational diabetes, and other risk factors include genetics, ethnicity, and maternal age; and

Whereas, gestational diabetes is associated with more health problems for the mother and child, including an increased risk for birth trauma, induction, and caesarean section; extreme increases in birth weight for children of women who developed gestational diabetes; an increased risk for developing childhood obesity; and putting the mothers and their children at a higher risk of developing Type 2 diabetes; and

Whereas, greater understanding is needed by both patients and health care providers on treating and preventing gestational diabetes, especially as there is disagreement among health care providers about how to treat gestational diabetes and the effectiveness of treatments; and

Whereas, United States Senator Hillary Rodham Clinton introduced the federal "Gestational Diabetes Act of 2006" (GEDI act), which is aimed at lowering the incidence of gestational diabetes, providing funding for research and community education, and preventing women who developed gestational diabetes and their children from developing Type 2 diabetes; and

Whereas, the GEDI act:

Creates a research advisory committee with representatives from federal agencies and health organizations to develop standardizing procedures for gestational diabetes data collection, to set up a method to track mothers who had gestational diabetes and develop methods to prevent these mothers and their children from developing Type 2 diabetes, and to address factors that influence risks for gestational diabetes; and

Provides grants to nonprofit organizations and state health agencies to be used for expanding state-based and community-based prevention activities and training for health care providers in helping to prevent gestational diabetes; and

Expands basic, clinical, and public health research on gestational diabetes, including therapies for detecting and treating gestational diabetes, facilitating enrollment in clinical trials for populations that disproportionately suffer from gestational diabetes, developing diagnostics, and understanding factors that influence gestational diabetes; and

Whereas, the GEDI act is an important step toward a better understanding of gestational diabetes and in lowering the incidence of gestational diabetes in pregnant women. Now, therefore, be it

Resolved by the Senate of the Sixty-sixth General Assembly of the State of Colorado,

the House of Representatives concurring herein, That we, the members of the Colorado General Assembly, respectfully request the Congress of the United States, including the members of Colorado's Congressional delegation, to support the proposed "Gestational Diabetes Act of 2006". Be it further

Resolved, That copies of this Joint Memorial be sent to the Colorado Chapter of the American Diabetes Association, the Colorado Diabetes Prevention Control Program, Senator Hillary Rodham Clinton, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of Colorado's Congressional delegation.

POM-145. A resolution adopted by the Senate of the State of Louisiana urging Congress to support efforts, programs, services and advocacy of organizations, such as the American Stroke Association, that work to enhance public awareness of childhood stroke; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 87

Whereas, a stroke, also known as a "cerebrovascular accident," is an acute neurologic injury that occurs when a blood vessel that carries oxygen and nutrients to the brain is either blocked by a clot or bursts; and

Whereas, a stroke is a medical emergency that can cause permanent neurologic damage or death if not promptly diagnosed and treated; and

Whereas, twenty-six out of every one hundred thousand newborns and almost three out of every one hundred thousand children have a stroke each year; and

Whereas, an individual can have a stroke before birth; and

Whereas, stroke is among the top ten causes of death for children in Louisiana, and twelve percent of all children who experience a stroke die as a result; and

Whereas, the death rate for children who experience a stroke before the age of one year is the highest out of all age groups; and

Whereas, many children who experience a stroke will suffer serious, long-term neurological disabilities, including hemiplegia, which is paralysis of one side of the body, seizures, speech and vision problems, and learning difficulties; and

Whereas, those disabilities may require ongoing physical therapy and surgeries; and

Whereas, the permanent health concerns and treatments resulting from strokes that occur during childhood and young adulthood have a considerable impact on children, families, and society; and

Whereas, very little is known about the cause, treatment, and prevention of childhood stroke; and

Whereas, medical research is the only means by which the citizens of the United States and Louisiana can identify and develop effective treatment and prevention strategies for childhood stroke; and

Whereas, early diagnosis and treatment of childhood stroke greatly improves the chances that the affected child will recover and not experience a recurrence; and

Whereas, all citizens of Louisiana are encouraged to learn more about the impact of childhood stroke on our state. Therefore, be it

Resolved, That the Senate of the Legislature of Louisiana does hereby urge and request the Congress of the United States to support the efforts, programs, services and advocacy of organizations, such as the American Stroke Association, that work to enhance public awareness of childhood stroke. Be it further

Resolved, That a copy of this Resolution be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-146. A joint resolution adopted by the Legislature of the State of Montana repealing, rescinding, canceling, voiding, and superseding any and all extant applications by the Legislature of the State of Montana previously made during any legislative session to the Congress to call a convention pursuant to the terms of Article V of the U.S. Constitution for proposing one or more amendments to it; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 38

Whereas, the Legislature of the State of Montana, acting with the best of intentions, has, at various times and during various sessions, previously made applications to the Congress of the United States of America to call one or more conventions to propose either a single amendment concerning a specific subject or to call a general convention to propose an unspecified and unlimited number of amendments to the United States Constitution, pursuant to the provisions of Article V of the United States Constitution; and

Whereas, former Chief Justice of the United States of America Warren E. Burger, former Associate Justice of the United States Supreme Court Arthur J. Goldberg, and other leading constitutional scholars agree that such a convention may propose sweeping changes to the Constitution, any limitations or restrictions purportedly imposed by the states in applying for a convention or conventions to the contrary notwithstanding, thereby creating an imminent peril to the well-established rights of the citizens and the duties of various levels of government; and

Whereas, the Constitution of the United States of America has been amended many times in the history of this nation and may be amended many more times, without the need to resort to a constitutional convention, and has been interpreted for more than 200 years and has been found to be a sound document that protects the lives and liberties of the citizens; and

Whereas, there is no need for, and rather there is great danger in, a new Constitution or in opening the Constitution to sweeping changes, the adoption of which would only create legal chaos in this nation and only begin the process of another 2 centuries of litigation over its meaning and interpretation. Now, therefore, be it

Resolved by the Senate and the House of Representatives of the State of Montana, That the Legislature does hereby repeal, rescind, cancel, nullify, and supersede to the same effect as if they had never been passed any and all extant applications by the Legislature of the State of Montana to the Congress of the United States of America to call a convention to propose amendments to the Constitution of the United States of America, pursuant to the terms of Article V of the Constitution, regardless of when or by which session or sessions of the Montana Legislature the applications were made and regardless of whether the applications were for a limited convention to propose one or more amendments regarding one or more specific subjects and purposes or for a general convention to propose an unlimited number of amendments upon an unlimited number of subjects. Be it further

Resolved, That the following resolutions and memorials are specifically repealed, rescinded, canceled, nullified, and superseded: Joint Concurrent Resolution No. 2, 1901; House Joint Resolution No. 1, 1905; Senate Joint Resolution No. 1, 1907; House Joint Memorial No. 7, 1911; House Joint Resolution No. 13, 1963; and Senate Joint Resolution No. 5, 1965. Be it further

Resolved, That the Legislature of the State of Montana urges the Legislatures of each and every state that has applied to Congress to call a convention for either a general or a limited constitutional convention to repeal and rescind the applications. Be it further

Resolved, That the Secretary of State is directed to send copies of this resolution to the Secretary of State of each state in the Union, to the presiding officers of both houses of the Legislatures of each state in the Union, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to the Montana Congressional Delegation.

POM-147. A concurrent resolution adopted by the Legislature of the State of Ohio urging Congress to appropriate full funding for the Adam Walsh Act; to the Committee on the Judiciary.

SENATE CONCURRENT RESOLUTION NO. 7

Whereas, the Congress of the United States passed the Adam Walsh Child Protection and Safety Act of 2006 (the "Adam Walsh Act") on July 25, 2006, to protect the public from sex offenders and offenders against children, and President George W. Bush signed the Adam Walsh Act into law on July 27, 2006; and

Whereas, the Adam Walsh Act establishes a comprehensive national system for the registration of sex offenders and offenders against children that requires the State of Ohio to amend its Sexual Offender Registration and Notification Act; and

Whereas, the Adam Walsh Act requires the U.S. Attorney General to implement a Sex Offender Management Assistance program through which the U.S. Attorney General may award grants to states to offset the costs of implementing the Adam Walsh Act and may give bonus payments to states that implement the Adam Walsh Act in a specified period of time. Now, therefore, be it

Resolved, That we, the members of the 127th General Assembly of the State of Ohio, urge the Congress to appropriate full funding for the Adam Walsh Act; and be it further

Resolved, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President of the United States, to the members of the Ohio Congressional delegation, to the Speaker and the Clerk of the United States House of Representatives, and to the President Pro Tempore and Secretary of the United States Senate.

So the amendment was not agreed to (the amendment not having received 60 yeas votes, as pursuant to the order of today).

On motion by Mr. LEVIN to reconsider the vote disagreeing to the amendment, as modified.

On motion by Mrs. BOXER,

The motion to reconsider was laid on the table.

Pursuant to the order of today,

The amendment was withdrawn.

The question recurring on agreeing to amendment No. 2088 to amendment No. 2087 to amendment No. 2011 (in the nature of a substitute), as amended, to the bill.

By unanimous consent, on the request of Mr. LEVIN,

Ordered, That the minority leader be recognized to speak on an amendment to be proposed; and that, following remarks by

him, Mr. ALLARD and Mr. SALAZAR each be recognized to speak for 10 minutes thereon.

Ordered further, That, upon conclusion of said debate, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein; that Mr. SALAZAR first be recognized therein; and that he control 60 minutes therein.

The question being on agreeing to amendment No. 2088 to amendment No. 2087 to amendment No. 2011 (in the nature of a substitute), as amended, to the bill.

Pending debate,

RECOGNIZING "NATIONAL HOMELESS YOUTH AWARENESS MONTH"

By unanimous consent, on the request of Mr. REID,

Ordered, That the Committee on Health, Education, Labor, and Pensions be discharged from the further consideration of the resolution (S. Res. 226) recognizing the month of November as "National Homeless Youth Awareness Month".

The Senate proceeded, by unanimous consent, to consider the resolution.

The question being on agreeing to the resolution.

On motion by Mr. REID (for Mr. LAUTENBERG) to amend the pending resolution on page 3 by striking the period on line 5, and inserting in lieu thereof "2007." (being amendment No. 2128).

The amendment was agreed to.

The question being on agreeing to the resolution, as amended.

Resolved, That the Senate agree thereto, and to the accompanying preamble.

The title was amended, on motion by Mr. REID (for Mr. LAUTENBERG), so as to read: "A resolution recognizing the month of November 2007 as 'National Homeless Youth Awareness Month'."

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

DESIGNATING "NATIONAL SAVE FOR RETIREMENT WEEK"

By unanimous consent, on the request of Mr. REID,

Ordered, That the Committee on the Judiciary be discharged from the further consideration of the resolution (S. Res. 240) designating October 21 through October 27, 2007, as "National Save for Retirement Week".

The Senate proceeded, by unanimous consent, to consider the resolution.

The question being on agreeing to the resolution.

Resolved, That the Senate agree thereto, and to the accompanying preamble.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

ORDERS FOR ADJOURNMENT UNTIL 9:30 A.M. ON TOMORROW, AND FOR PROGRAM

By unanimous consent, on the request of Mr. REID,

Ordered, That, when the Senate concludes its business on today, it adjourn until 9:30 a.m. on tomorrow; that, on tomorrow, immediately following the prayer and reciting of the Pledge of Allegiance to the Flag of the United States of America, the Journal of the proceedings of the Senate be approved to date, the morning hour be deemed expired, and the times for the two leaders be reserved; that the Senate then proceed to a period of 30 minutes for the transaction of morning business, with Senators permitted to speak therein; that the time therein be equally divided and controlled between the two leaders, or their designees; that, following morning business, the Senate resume consideration of bill H.R. 1585; and that Mr. MCCAIN, or his designee, then be recognized to propose an amendment, as pursuant to the order of today.

AUTHORITY FOR ADJOURNMENT ON TODAY

By unanimous consent, on the request of Mr. REID,

Ordered, That, upon conclusion of the time for debate to be controlled by Mr. SALAZAR on today, Mr. WARNER be recognized to speak for 10 minutes; and that, following his remarks, the Senate adjourn, as pursuant to the order of today.

After debate,

ADJOURNMENT

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

INITIAL ASSESSMENT REPORT
RELATIVE TO THE IRAQI BENCHMARKS
-- PM 20

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

To the Congress of the United States:

Consistent with section 1314 of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (Public Law 110-28) (the "Act"), attached is the report that assesses the status of each of the 18 Iraqi benchmarks contained in the Act and declares

whether satisfactory progress toward meeting these benchmarks is, or is not, being achieved.

This report has been prepared in consultation with the Secretaries of State and Defense; Commander, Multi-National Forces-Iraq; the United States Ambassador to Iraq; and the Commander of United States Central Command.

GEORGE W. BUSH.
THE WHITE HOUSE, *July 12, 2007.*

EXECUTIVE AND OTHER
COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-2558. A communication from the Secretary of the Interior, transmitting, the report of a draft bill entitled, "Preserve America and Save America's Treasures Act"; to the Committee on Energy and Natural Resources.

EC-2559. A communication from the Assistant Secretary of the Army (Civil Works), transmitting, pursuant to law, a report relative to a flood damage reduction project for the Des Moines and Raccoon Rivers, Des Moines, Iowa; to the Committee on Environment and Public Works.

EC-2560. A communication from the Chief of the Publications and Regulations Branch, Internal Revenue Service, Department of the Treasury, transmitting, pursuant to law, the report of a rule entitled "Partial Termination and Turnover Rate" (Rev. Rul. 2007-43), received on July 11, 2007; to the Committee on Finance.

EC-2561. A communication from the Director, Office of Labor-Management Standards, Department of Labor, transmitting, pursuant to law, the report of a rule entitled "Labor Organization Officer and Employee Report, Form LM-30" (RIN1215-AB49), received on July 11, 2007; to the Committee on Health, Education, Labor, and Pensions.

EC-2562. A communication from the Chairman, Council of the District of Columbia, transmitting, pursuant to law, a report on D.C. Act 17-70, "Safe and Stable Homes for Children and Youth Amendment Act of 2007" received on July 11, 2007; to the Committee on Homeland Security and Governmental Affairs.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-148. A resolution adopted by the City Council for the City of Okeechobee of the State of Florida urging Congress to appropriate the funds necessary to bring the

Herbert Hoover Dike into compliance with current levee safety standards; to the Committee on Environment and Public Works.

POM-149. A resolution adopted by the Council of the City of North Miami of the State of Florida urging Congress to appropriate the funds necessary to bring the Herbert Hoover dike into compliance with current levee protection safety standards; to the Committee on Environment and Public Works.

POM-150. A concurrent resolution adopted by the Legislature of the State of Utah expressing opposition to the Divine Strake explosive test that is to be conducted in Nevada in 2007; to the Committee on Armed Services.

Whereas, "Divine Strake" is the code name for a large high-explosive test to be conducted by the Defense Threat Reduction Agency;

Whereas, the Pentagon has stated the purpose of the test is to "determine the potential for future non-nuclear concepts," such as high-energy weapons or the simultaneous use of multiple conventional bombs to destroy deeply buried and fortified military targets, as an alternative to detonating a nuclear device;

Whereas, the test was originally planned to take place June 2, 2006 at the site of an existing underground tunnel in the United States Department of Energy Nevada Test Site, but was postponed several times due to legal action, then later delayed until 2007;

Whereas, the test is scheduled to utilize 700 tons of an ammonium nitrate combined with fuel oil explosive, which is equivalent to 593 tons of TNT;

Whereas, there is concern that the explosion could stir up nuclear particles, left from previous tests conducted decades earlier at the Nevada test site, into the atmosphere;

Whereas, in December 2006, the revision to the Environmental Assessment was released, and although the study concluded that there are no health risks to persons outside the blast area, it stated, "Since suspended natural radionuclides and resuspended fallout radionuclides from the detonation have potential to be transported off of the NTS by wind, they may contribute a radiological dose to the public";

Whereas, on January 22, 2006, the Washington County Commission issued a statement opposing the federal government's plan to conduct the test which reads in part, "The City of St. George has a unique history due to its proximity to the Nevada Nuclear Test Site during the atomic age. . . thousands of early deaths of those living in southern Utah and the surrounding areas have been attributed to nuclear testing during the 1950s and 1960s at the site. Many St. George residents and others have suffered incalculable loss as a result of radioactive

fallout exposure from the detonations at the site”;

Whereas, the Commission added, “To assure the safety and well-being of our citizenry, these concerns must be carefully studied and evaluated before a decision is made to proceed with the proposed detonation”; and

Whereas, much more needs to be done to assure that there is never a repeat of the immense suffering endured by citizens of Utah and nearby states due to the nuclear fallout from past tests at the Nevada Test Site. Now, therefore, be it

Resolved, That the Legislature of the state of Utah, the Governor concurring therein, express opposition to the Divine Strake high-explosive test to be conducted by the Defense Threat Reduction Agency at the United States Department of Energy Nevada Test Site in 2007. Be it further

Resolved, That copies of this resolution be sent to the Defense Threat Reduction Agency, the United States Department of Defense, the United States Department of Energy Nevada Test Site, the Washington County Commission, and to the members of Utah’s congressional delegation.

POM-151. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to enact H.R. 1619 or S. 587 to direct the Secretary of the Treasury to mint coins to commemorate the Ford Model T; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION NO. 78

Whereas, Michigan’s integral role as the heart of the automobile industry in our country and around the world is well established. Nearly 100 years ago, an especially meaningful chapter in this long history began with the opening of the Highland Park Ford Plant that is acknowledged to be the birthplace of the assembly line. In addition, the more than 15 million Model T Fords that were built between 1908 and 1927 reshaped the American landscape and our way of life; and

Whereas, The new age in manufacturing that was born in Michigan and the Model T Ford set in motion changes in how Americans live and how people travel around the world. The rise in the American middle class, the ability to prevail in defense of our nation in world wars, and subsequent technological advances all can be traced in significant measure to the automobile industry that began with the vision and hard work of the pioneer mechanics in Michigan; and

Whereas, Congress has before it legislation that would require the Secretary of the Treasury to mint not more than 500,000 coins to commemorate the 100th anniversary of the Model T Ford automobile. Under this

legislation, these dollar coins, which would be public tender, would be comprised of 90 percent silver and 10 percent copper. The legislation also provides that the money raised by a surcharge above the face value would be distributed to the Motor Cities National Heritage Area through the Automobile National Heritage Partnership and to the Edison Institute. This money would create endowments to support the celebration of the Model T and the preservation of its story through educational programs and displays; Now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to enact H.R. 1619 or S. 587, to direct the Secretary of the Treasury to mint coins to commemorate the 100th anniversary of the Model T Ford; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-152. A joint resolution adopted by the Senate of the State of Tennessee urging Congress to address the economic impact of interchange fees and merchant discount charges and develop clear and concise disclosure to consumers and retailers; to the Committee on Banking, Housing, and Urban Affairs.

SENATE JOINT RESOLUTION NO. 361

Whereas, consumers are increasingly using credit and debit cards and other electronic transactions to make purchases, and the number of credit and debit card transactions each year now exceeds the number of check transactions; and

Whereas, payment system networks and technology provide significant economic benefits to merchants and consumers; and

Whereas, merchants and retailers pay merchant discount fees, including interchange fees, to access payment system networks for credit and debit transactions; and

Whereas, the fees, policies, and practices of credit card organizations have social and economic consequences for merchants and consumers; and

Whereas, interchange costs have risen dramatically in recent years and the number of transactions involving interchange fees has grown in volume in recent years due to consumer preference to use credit and debit cards and the expansions in technology facilitating the use of credit card systems; and

Whereas, American consumers and retailers pay the highest credit card fees in the world, with rates averaging close to 2 percent and debit card fees averaging close to 1 percent; and

Whereas, merchants are required to pay merchant discount fees, including interchange fees, to banks to access credit and debit card payment system networks; and

Whereas, interchange fees are ultimately passed on to consumers, including those who pay by cash or check, in the form of higher prices; and

Whereas, it is advantageous to have competitive economic models that assure a highly competitive marketplace; and

Whereas, with more and more consumers using electronic payment methods, the United States Congress needs to assure a highly competitive and vibrant market that promotes an economic playing field that is fair to consumers, merchants, and card providers alike. Now, therefore, be it

Resolved by the Senate of the One Hundred Fifth General Assembly of the State of Tennessee, the House of Representatives concurring, that this General Assembly hereby urges the Congress of the United States of America to act expeditiously to address the economic impact of interchange fees and other merchant discount fees and develop clear and concise disclosure to consumers and retailers. Be it further

Resolved, That this General Assembly strongly urges each member of the Tennessee congressional delegation to utilize the full measure of his or her influence to assess the economic impact of interchange fees and other merchant discount fees. Be it further

Resolved, That the Chief Clerk of the House of Representatives is directed to transmit a certified copy of this resolution to the President and the Secretary of the United States Senate; the Speaker and the Clerk of the United States House of Representatives; and to each member of the Tennessee congressional delegation.

POM-153. A resolution adopted by the House of Representatives of the State of Pennsylvania urging Congress to provide equitable funding to the Department of Housing and Urban Development for the operation of quality affordable housing; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION NO. 292

Whereas, Pennsylvania’s public housing authorities are essential in the Commonwealth of Pennsylvania; and

Whereas, Pennsylvania is home to 90 public housing authorities serving an estimated 245,819 residents of the Commonwealth of Pennsylvania; and

Whereas, Pennsylvania’s public housing authorities provide high-quality affordable housing to the residents in the Commonwealth of Pennsylvania through the use of Federal resources and programs; and

Whereas, Pennsylvania’s public housing authorities have successfully assisted

residents of the Commonwealth of Pennsylvania with moving to work programs and preapprenticeship training, resulting in greater self-sufficiency and a reduced burden on Commonwealth resources; and

Whereas, developments built by Pennsylvania's public housing authorities have in some instances increased the values of neighboring properties and communities in the Commonwealth of Pennsylvania by 142%; and

Whereas, new funding guidelines developed by the United States Department of Housing and Urban Development have resulted in reduced funding for the Commonwealth of Pennsylvania, its public housing authorities and the Pennsylvanians who rely on these services; and

Whereas, Pennsylvania's public housing authorities are a major employer in the Commonwealth of Pennsylvania, and funding cuts from the United States Department of Housing and Urban Development have resulted in drastic layoffs and diminished services to the residents of public housing; therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania recognize the importance of the quality services, support and housing provided by Pennsylvania's public housing authorities and respectfully urge the Congress to provide equitable funding to the United States Department of Housing and Urban Development for the operation of quality affordable housing; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-154. A concurrent resolution adopted by the Legislature of the State of Utah expressing support for acquiring a second airport surveillance radar facility for the Salt Lake International Airport; to the Committee on Commerce, Science, and Transportation.

HOUSE CONCURRENT RESOLUTION NO. 2

Whereas, Salt Lake City International Airport (SLCIA) is one of the nation's primary hub airports, is the second largest hub airport for Delta Air Lines and processed over 455,000 aircraft operations during 2005 making it the 18th busiest airport in the world, and conservative forecasts project operations to grow to over 634,000 operations by 2025;

Whereas, the Provo Airport is the second busiest airport in Utah with over 175,000 operations a year and was recently designated as the primary reliever to SLCIA by major commercial airlines including Delta, Frontier, and Southwest, a designation that significantly increases the demand on Provo Airport;

Whereas, the Salt Lake City Terminal/TRACON (terminal radar approach control) facility has responsibility for coordinating the safe and efficient movement of aircraft within the regional airspace but experiences important limitations in the regulation of aircraft using the Provo Airport and airports in surrounding communities;

Whereas, coordinating air traffic activity within the region is complicated significantly because the mountainous terrain along the Wasatch Front creates a sizeable radar shadow which prevents air traffic controllers from seeing aircraft below 8,000 feet, above ground level, in Utah Valley, while aircraft operating below 500 feet, above ground level, at the Salt Lake City Airport II cannot be seen;

Whereas, aircraft arriving or departing the Provo Airport and surrounding airports regularly interact with commercial aircraft using SLCIA; when aircraft operating at these airports request entry into SLCIA airspace, air traffic controllers are not able to determine the precise location of the aircraft due to lack of radar coverage; the slower speeds of these aircraft combined with airspace congestion can present safety concerns for commercial airline operations as well as for general aviation;

Whereas, the lack of ASR-11 (automated surveillance radar) at Provo Airport causes significant delays to take-off and landing operations during poor weather conditions, resulting in a real and significant threat to air safety;

Whereas, there is no backup radar equipment to provide continuous radar coverage to the surface when existing radar becomes inoperable, and the volume of activity generated by the Delta Air Line hub is closely linked to the efficiency of the entire national air transportation system;

Whereas, ASR-11 would provide essential redundancy to assure that adequate safety is maintained at all times; and

Whereas, the radar shadow and the limitations it creates can be corrected by installing a second ASR-11 facility that would be fully integrated with the existing radar at SLCIA and would be optimally located at the Point of the Mountain, providing major safety and efficiency benefits to all of the airports previously mentioned: Now, therefore, be it

Resolved, That the Legislature of the state of Utah, the Governor concurring therein, support the critical need to acquire ASR-11 (automated surveillance radar) to provide radar redundancy for the Salt Lake City International Airport, and to achieve full radar coverage for Provo Airport and other general aviation airports. Be it further

Resolved, That the Legislature and the Governor request that Utah's Congressional Delegation seek the appropriation of funds in the 2008 FAA Facilities and Equipment

budget needed to acquire ASR-11, as well as to finalize site selection and to acquire property to the extent needed for the installation of the system. Be it further

Resolved, That copies of this resolution be sent to the city of Provo, the Provo Airport, Delta Air Lines, Frontier Air Lines, Southwest Air Lines, and to the members of Utah's congressional delegation.

POM-155. A concurrent resolution adopted by the Legislature of the State of Utah urging Congress to take action to help stop children and employees from accessing Internet pornography; to the Committee on Commerce, Science, and Transportation.

HOUSE CONCURRENT RESOLUTION NO. 3

Whereas, the Internet has become an extremely important and popular means of exchanging information, and is relied upon in Utah for business, education, recreation, and other uses;

Whereas, many Internet sites contain material that is pornographic, either obscene or inappropriate for children, and a majority of these sites originate within the United States but outside of the state of Utah;

Whereas, the availability of Internet pornography on the job costs Utah employers significant numbers of work hours, strains employers' computer equipment, reduces productivity, and leads to potentially hostile work environments for men and women;

Whereas, while the custody, care, and nurturing of children resides primarily with parents, the widespread availability of Internet pornography and the ability of children to circumvent existing filtering technology defeat the best attempts at parental supervision or control;

Whereas, Internet pornographers use evolving techniques to lure Utah children and others into viewing and purchasing pornographic material, defying existing technology designed to block adult content;

Whereas, current methods for protecting computers and computer networks from unwanted Internet content are expensive, block more than the intended content, and are easily circumvented;

Whereas, because children, employees, and others may seek out pornography, warnings and other labels meant to help avoid inadvertent hits on pornographic sites may simply increase the likelihood that these sites will be visited;

Whereas, credit card verification systems burden credit card companies, are expensive and time consuming to establish and maintain, and inhibit legal speech;

Whereas, other forms of age verification have not been practicable;

Whereas, prior Congressional attempts to address children's access to Internet pornography have been held unconstitutional

or otherwise have not passed constitutional scrutiny;

Whereas, prior Congressional attempts to address children's access to Internet pornography have not been based on technology that allows individual Internet users to select what kind of Internet content enters their homes and work spaces;

Whereas, protecting the physical and psychological well-being of Utah's children by shielding them from inappropriate materials is a compelling interest of the Legislature of the State of Utah;

Whereas, protecting the right of Utah's citizens to control what materials enter their homes and other private property is a compelling interest of the Legislature of the State of Utah;

Whereas, although the State of Utah has taken rigorous action in an attempt to shield Utah's children from obscenity and other inappropriate adult content, it cannot effectively curb the problems with Internet pornography within its borders without the support of the United States government;

Whereas, the United States remains in control of the Internet through the Department of Commerce, and the National Telecommunication and Information Association; and

Whereas, the United States has the ability to create appropriate policies and enforcement tools to effectively deal with these issues: *Now, therefore, be it*

Resolved, that the Legislature of the state of Utah, the Governor concurring therein, strongly urges the United States Congress to take action to help stop children and employees from accessing Internet pornography; *be it further*

Resolved, that the Legislature and the Governor strongly urge the United States Congress to seriously consider enacting legislation to facilitate a technology-based solution that allows parents and employers to subscribe to Internet access services that exclude adult content; *be it further*

Resolved, that a copy of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the President of the United States, and the members of Utah's congressional delegation.

POM-156. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to encourage expansion of existing or the construction of new petroleum refineries to meet increasing energy needs; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION NO. 121

Whereas, The price of petroleum products has been unpredictable. Between December 2006 and the end of February 2007, the price of crude oil fluctuated between 62 dollars a

barrel and 50 dollars several times. Currently, the world crude oil price exceeds 66 dollars a barrel. Recently, oil futures leapt above 72 dollars a barrel on the New York Mercantile Exchange due to shrinking gasoline supplies and international tensions. Increased refinery capacity would buffer the United States from some of the more volatile price swings that occur during periods of global conflict and which are often outside of our national control; and

Whereas, There has not been a new oil refinery built in the United States in nearly 30 years. Yet, in the intervening years, the total energy demand in the United States has grown by about 40 percent. According to the United States Energy Information Administration, the projected petroleum demand between 2003 and 2025 will increase by 30 percent. We must plan for our future energy needs by incorporating new petroleum refineries into the overall energy policy of the United States; and

Whereas, Recent major investments in the Marathon Refinery located in the city of Detroit, Michigan's only refinery, will increase the output by about 28 percent, from 74,000 barrels per day to over 102,000 barrels per day. Marathon's investment of \$300 million was made possible through the collaborative efforts of Marathon, the city of Detroit, and the state of Michigan. Marathon's commitment to Michigan and its collaboration with the city and state to create a renaissance zone encompassing the refinery illustrates the type of creative solutions that can be used to promote increased capacity or the construction of new refineries; and

Whereas, Constructing new refineries or expanding current facilities would also create new jobs and increase gasoline, fuels, and distillate output—all vital components of strengthening our economy, Michigan is well placed to locate a new refinery due to our proximity with Canada, this country's largest source of imported petroleum. Moreover, Michigan's highly skilled labor force could adapt to employment in the refinery industry; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to establish a national energy policy that promotes the expansion of existing or construction of new petroleum refineries in the United States; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, the United States Environmental Protection Agency, the United States Department of Energy, the American Petroleum Institute, and the American Petroleum Industries of Michigan.

POM-157. A resolution adopted by the Senate of the State of Louisiana urging Congress to pass the Non-Market Economy Trade Remedy Act of 2007; to the Committee on Finance.

SENATE RESOLUTION NO. 119

Whereas, H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007," will ensure that the United States countervailing duty law applies to imports from non-market economies; and

Whereas, the purpose of the countervailing duty law is to offset any unfair competitive advantage that foreign manufacturers or exporters have as a result of subsidies; and

Whereas, manufacturing is a vital part of the American economy; and

Whereas, each American manufacturing job results in the creation of approximately four additional jobs; and

Whereas, since 1997, Louisiana has lost over thirty-nine thousand manufacturing jobs due to unfair trade practices; and

Whereas, Louisiana's coastal area is home to some of the nation's premiere commercial fisheries, accounting for 30% of the commercial fisheries production of the lower 48 states; and

Whereas, the Louisiana seafood industry provides an annual economic impact of approximately two billion eight hundred million dollars and over thirty-one thousand jobs; and

Whereas, the Louisiana seafood industry has lost over eleven thousand jobs and millions of dollars due to illegally subsidized seafood imports and dumping from foreign nations; and

Whereas, industries that once were the pride of their communities and employed generations of the same family have been shut down resulting from jobs being shifted to foreign nations where labor is cheap and environmental standards are not enforced; and

Whereas, billions of dollars in wages and millions of jobs are expected to move from the United States to low-cost nations by 2015; and

Whereas, H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007," is being considered in Congress to correct the longstanding inequity of trade law, and requires the Department of Commerce to take action in countervailing duty cases in support of American businesses:

Now therefore, be it Resolved, that the Senate of the Legislature of Louisiana memorializes the Congress of the United States to vote in favor of H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007." and; *be it further Resolved*, that a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of

Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-158. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to oppose the South Korea Free Trade Agreement; to the Committee on Finance.

HOUSE RESOLUTION NO. 101

Whereas, the Bush Administration has negotiated a new free trade agreement with South Korea that fails to protect worker rights and will jeopardize tens of thousands of automotive jobs in the United States; and

Whereas, this flawed agreement is the largest since the North American Free Trade Agreement (NAFTA), and it contains no enforceable protections for workers' rights and will undermine the ability of the government to protect food safety, the environment, and public health; and

Whereas, this agreement will exacerbate and accelerate the loss of good jobs in the United States manufacturing sector, especially in automobiles, apparel, and electronics. The United States already has a massive trade deficit with South Korea, with a large portion of that deficit in automobiles and automobile parts; and

Whereas, the agreement will jeopardize thousands of automobile jobs because it opens the United States automobile market further while failing to address the barriers to the sale of United States automobiles in South Korea; and

Whereas, the United States Trade Representative rejected a very sensible proposal put forward by a bipartisan group of members of Congress to tie any opening of the United States automobile market to concrete benchmarks in United States sales in Korea. Until such benchmarks are set, we do not have confidence that the South Korea Free Trade Agreement is in the best interests of the United States: Now, therefore, be it

Resolved by the Senate, That we urge the United States Congress to oppose the South Korea Free Trade Agreement; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-159. A concurrent resolution adopted by the Legislature of the State of Utah urging Congress to pass legislation to resolve federal identity theft and fraud issues; to the Committee on Finance.

SENATE CONCURRENT RESOLUTION NO. 1

Whereas, identity theft and fraud includes the theft of a person's Social Security number for the purpose of obtaining employment,

avoiding child support payments, or for other personal gain;

Whereas, contributing to the problems are companies that do not have the tools or resources necessary to adequately verify whether or not a Social Security number is fraudulent and companies that are notified of fraudulent Social Security numbers of employees but take no corrective action; and

Whereas, identity theft and fraud are national problems that must be addressed with additional countermeasure: Now, therefore, be it

Resolved, That the Legislature of the state of Utah, the Governor concurring therein, urge the United States Congress to support, work to pass, and vote for legislation that prevents the misuse of a person's Social Security number, whether by an individual or a company. Be it further

Resolved, That the Legislature and Governor urge that the legislation include increased and effective verification requirements by companies, accompanied by the tools and resources necessary to adequately verify whether or not a Social Security number is fraudulent, and increased penalties for individuals who intentionally use fraudulent Social Security numbers to obtain employment, avoid child support obligations, or for other personal gain. Be it further

Resolved, That the Legislature and the Governor urge that the legislation include increased penalties for companies who repeatedly report wages on employees with fraudulent Social Security numbers. Be it further

Resolved, That copies of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Social Security Administration, the Utah Department of Workforce Services, and to the members of Utah's congressional delegation.

POM-160. A joint resolution adopted by the Legislature of the State of Utah urging Congress to pass the Children's Health Insurance Program; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 3

Whereas, the health of Utah's children is of paramount importance to Utah's families;

Whereas, poor child health is a threat to the educational achievement, social, and psychological well-being of Utah's children;

Whereas, protecting the health of our children is essential to the well-being of our youngest citizens and the quality of life in our state;

Whereas, the Utah's Children's Health Insurance Program (CHIP), which has enrolled 112,119 uninsured children since its inception in 1998, is an integral part of the

arrangements for health benefits for the children of Utah;

Whereas, Utah's CHIP is of great value in preserving child wellness, preventing and treating childhood disease, improving health outcomes, and reducing overall health costs; and

Whereas, the federal funding available for Utah's CHIP is indispensable to providing health benefits for children of modest means: Now, therefore, be it

Resolved, That the Legislature of the state of Utah urges the state's congressional delegation to work with the United States Congress to reauthorize the Children's Health Insurance Program (CHIP) in a timely manner to ensure federal funding for CHIP in Utah. Be it further

Resolved, That the Legislature urges the Governor to work with Utah's congressional delegation to ensure that CHIP is reauthorized in a timely manner. Be it further

Resolved, That the Legislature urges all components of state government to work together with educators, health care providers, social workers, and parents to ensure that all available public and private assistance for providing health benefits to uninsured children in Utah be used to the maximum extent possible. Be it further

Resolved, That the Legislature urges the Governor to ensure that children who qualify for Medicaid or Utah's CHIP are identified and enrolled. Be it further

Resolved, That copies of this resolution be sent to Governor Huntsman, the Utah Department of Health, the United States Department of Health and Human Services, and to the members of Utah's congressional delegation.

POM-161. A concurrent resolution adopted by the Legislature of the State of Utah urging support for Taiwan's participation in the World Health Organization; to the Committee on Foreign Relations.

SENATE CONCURRENT RESOLUTION NO. 4

Whereas, the World Health Organization's (WHO) Constitution states that "The objective of the World Health Organization shall be the attainment by all peoples of the highest possible level of health";

Whereas, this position demonstrates that the WHO is obligated to reach all peoples throughout the world, regardless of state or national boundaries;

Whereas, the WHO Constitution permits a wide variety of entities, including nonmember states, international organizations, national organizations, and nongovernmental organizations, to participate in the activities of the WHO;

Whereas, five entities, for example, have acquired the status of observer of the World Health Assembly (WHA) and are routinely invited to its assemblies;

Whereas, both the WHO Constitution and the International Covenant of Economic, Social, and Cultural Rights declare that health is an essential element of human rights and that no signatory shall impede on the health rights of others;

Whereas, Taiwan seeks to be invited to participate in the work of the WHA simply as an observer, instead of as a full member, in order to allow the work of the WHO to proceed without creating political frictions and to demonstrate Taiwan's willingness to put aside political controversies for the common good of global health;

Whereas, this request is fundamentally based on professional health grounds and has nothing to do with the political issues of sovereignty and statehood;

Whereas, Taiwan currently participates as a full member in organizations like the World Trade Organization, Asia-Pacific Economic Cooperation, and several other international organizations that count the People's Republic of China among their membership;

Whereas, Taiwan has become an asset to all these institutions because of a flexible interpretation of the terms of membership;

Whereas, closing the gap between the WHO and Taiwan is an urgent global health imperative;

Whereas, the health administration of Taiwan is the only competent body possessing and managing all the information on any outbreak in Taiwan of epidemics that could potentially threaten global health;

Whereas, excluding Taiwan from the WHO's Global Outbreak Alert and Response Network, for example, is dangerous and self-defeating from a professional perspective;

Whereas, good health is a basic right for every citizen of the world and access to the highest standard of health information and services is necessary to help guarantee this right;

Whereas, direct and unobstructed participation in international health cooperation forums and programs is therefore crucial, especially with today's greater potential for the cross-border spread of various infectious diseases through increased trade and travel;

Whereas, the WHO sets forth in the first chapter of its charter the objectives of attaining the highest possible level of health for all people;

Whereas, Taiwan's population of 23 million people is larger than that of three quarters of the member states already in the WHO and shares the noble goals of the organization;

Whereas, Taiwan's achievements in the field of health are substantial, including one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those in western countries, the eradication of such infectious diseases as cholera, smallpox, and the plague, and the

first country in the world to provide children with free hepatitis B vaccinations;

Whereas, Taiwan is not allowed to participate in any WHO-organized forums and workshops concerning the latest technologies in the diagnosis, monitoring, and control of diseases;

Whereas, in recent years, both the Taiwanese Government and individual Taiwanese experts have expressed a willingness to assist financially or technically in WHO-supported international aid and health activities, but have ultimately been unable to render assistance;

Whereas, the WHO does allow observers to participate in the activities of the organization; and

Whereas, in light of all the benefits that participation could bring to the state of health of people not only in Taiwan, but also regionally and globally, it seems appropriate, if not imperative, for Taiwan to be involved with the WHO: Now, therefore, be it

Resolved, That the Legislature of the state of Utah, the Governor concurring therein, urges the Bush Administration to support Taiwan and its 23 million people in obtaining appropriate and meaningful participation in the World Health Organization. Be it further resolved that the Legislature and the Governor urges that United States' policy should include the pursuit of some initiative in the World Health Organization which would give Taiwan meaningful participation in a manner that is consistent with the organization's requirements. Be it further

Resolved, That a copy of this resolution be sent to the President of the United States, the United States Secretary of State, the Secretary of Health and Human Services, the majority leader of the United States Senate, the Speaker of the United States House of Representatives, the members of Utah's congressional delegation, the Government of Taiwan, and the World Health Organization.

POM-162. A resolution adopted by the Senate of the State of Louisiana commending Congress for passing the Federal Minimum Wage Act of 2007; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 61

Whereas, the United States Congress passed the Fair Minimum Wage Act of 2007 (Minimum Wage Act) by an overwhelming vote by both Republicans and Democrats; and

Whereas, the President of the United States signed the Minimum Wage Act into law on May 27, 2007, as part of the U.S. Troop Readiness Veterans Care, Katrina Recovery and Iraq Accountability Appropriations Act; and

Whereas, the new law amends the Fair Labor Standards Act of 1938 and gradually raises the federal minimum wage from \$5.15

per hour to \$7.25 per hour over a two year period; and

Whereas, the Minimum Wage Act was a component of the new Democratic majority's 100-Hour Plan in the United States House of Representatives; and

Whereas, as part of the new law, \$4.8 billion worth of tax breaks are going to be given to small businesses over a ten year period to offset the wage increase; and

Whereas, the Minimum Wage Act is the first national minimum wage increase in over a decade and provides a wage boost for 12.5 million workers nationwide. Now, therefore, be it

Resolved, That the Senate of the Legislature of Louisiana does hereby commend President George W. Bush and the Congress of the United States for passing the Federal Minimum Wage Act of 2007. Be it further

Resolved, That a copy of this Resolution be transmitted to the President of the United States, the secretary of the United States Senate, and the clerk of the United States House of Representatives.

POM-163. A resolution adopted by the House of Representatives of the State of Pennsylvania urging Congress to enact improvements to the No Child Left Behind Act of 2001; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 345

Whereas NCLB, reauthorizing the Elementary and Secondary Education Act (ESEA), was signed into law on January 8, 2002; and

Whereas, NCLB significantly increased the Federal Government's role in elementary and secondary education; and

Whereas, NCLB represented the most sweeping changes in Federal education policy in 30 years; and

Whereas, the House of Representatives of the Commonwealth of Pennsylvania supports the goals of raising student achievement, closing achievement gaps and ensuring that each child has a qualified teacher; and

Whereas, NCLB, while establishing a rigorous standard for our nation's public schools and a model for assessing school achievement, has produced unintended consequences; and

Whereas, school districts in the Commonwealth of Pennsylvania have incurred additional costs under NCLB for staff development, certification requirements, testing, data collection, public school choice-related transportation, supplemental education services and other school improvement programs; and

Whereas, NCLB has resulted in overreliance on standardized testing to the exclusion of other recognized indicators of student achievement; and

Whereas, NCLB mandates have prevented teachers and paraprofessionals from delivering a comprehensive curriculum; and

Whereas, the present adequate yearly progress (AYP) structure under NCLB is flawed, resulting in a high AYP failure rate; and

Whereas, smaller class sizes and community/parent involvement are proven methods of increasing student achievement; and

Whereas, the Commonwealth of Pennsylvania's certification process requires individuals to meet high standards and complete a rigorous, thorough course of study; and

Whereas, federal funding for NCLB Title I (Improving the Academic Achievement of the Disadvantaged) between 2002 and 2005 fell \$21.4 billion short of statutorily authorized levels. Therefore be it

Resolved, That the House of Representatives of the commonwealth of Pennsylvania urge the Congress to enact NCLB improvements including:

State-level development of a research-based school accountability formula incorporating district-level assessments, school-level assessments, performance or portfolio assessments, high school graduation rates and percentage of students participating in dual enrollment or honors, Advanced Placement or International Baccalaureate courses.

(2) Support systems instead of sanctions: increased Federal funding for enhanced Federal and State technical assistance and Federal and State improvement plan assistance.

(3) Differentiated outcomes for schools, with targeted improvement plans for specific subgroups of students.

(4) Transparent growth models, at the State level, with data used exclusively for instructional, curricular and professional development purposes.

(5) Valid, reliable assessments for each child that accurately and fairly reflect student, school and school district performance.

(6) Flexibility relating to test scores of students with disabilities and English Language Learner students: allowing IEP teams to determine appropriate assessment and standards for each child, removing the 1% and 2% limits for alternative assessments and extending to three years the AYP inclusion of test scores of English Language Learner students for whom native language assessments in required core content subjects are not available.

(7) Restoration of the Class Size Reduction program in place prior to NCLB, whose goals were to provide an optimum class size of 15 students and to foster parent and community involvement by funding initiatives such as

adult and family literacy, parenting classes and community engagement programs.

(8) Defining "highly qualified teacher" as any educator who is teaching in his or her assigned area of certification and who has met the licensure/certification requirements set forth in his or her respective state.

(9) Full funding of all NCLB programs at authorized levels; and be it further

Resolved, That copies of this resolution be transmitted to the Secretary of Education, to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-164. A resolution adopted by the House of Representatives of the State of Utah urging Congress to suspend or repeal the REAL ID Act; to the Committee on Homeland Security and Governmental Affairs.

HOUSE RESOLUTION NO. 2

Whereas the implementation of the REAL ID Act intrudes upon the states' sovereign power to determine their own policies for identification, licensure, and credentialing of individuals residing therein;

Whereas one page of the 428 page 9/11 Commission report that did not give consideration to identification issues, prompted Congress to pass the legislation which created the REAL ID Act, ignoring states' sovereignty and their right to self-governance;

Whereas the REAL ID Act converts the state driver licensing function into federal law enforcement and national security functions that are outside the purpose and core competency of driver licensing bureaus;

Whereas the REAL ID Act constitutes an unfunded mandate by the federal government to the states;

Whereas the REAL ID Act requires states to confirm their processes of issuing driver licenses and identification cards to federal standards by May 2008;

Whereas the National Governor's Association, National Conference of State Legislatures, and American Association of Motor Vehicle Administrators predict state compliance with the REAL ID Act provisions will require all of the estimated 245 million current driver license and identification card holders in the United States to renew their current identity documents in person by producing three or four identity documents, thereby increasing processing time and doubling wait time at licensing centers;

Whereas identification-based security provides only limited security benefits because it can be avoided by defrauding or corrupting card issuers and because it gives no protection against people not already known to be planning or committing wrongful acts;

Whereas the REAL ID Act will cost the states over \$11 billion to implement according to a recent survey of 47 state licensing authorities conducted by the National Governor's Association, the National Conference of State Legislatures, and the American Association of Motor Vehicle Administrators;

Whereas the use of identification-based security cannot be justified as part of a "layered" security system if the costs of the identification "layer"—in dollars, lost privacy, and lost liberty—are greater than the security identification provides;

Whereas the "common machine-readable technology" required by the REAL ID Act would convert state-issued driver licenses and identification cards into tracking devices, allowing computers to note and record people's whereabouts each time they are identified;

Whereas a more secure and flexible system of verifying identity may be achieved by less intrusive means to the individual and to states by employing the free market and private sector ingenuity;

Whereas the requirement that states maintain databases of information about their citizens and residents and then share this personal information with all other states will expose every state to the information security weaknesses of every other state and threaten the privacy of every American;

Whereas the REAL ID Act wrongly coerces states into doing the federal government's bidding by threatening to refuse noncomplying states' citizens the privileges and immunities enjoyed by other states' citizens;

Whereas the REAL ID Act threatens the privacy and liberty of those individuals belonging to unpopular or minority groups, including racial and cultural organizations, firearm owners and collectors, faith-based and religious affiliates, political parties, and social movements;

Whereas Congress passed the REAL ID Act without a single hearing in either house and without an up-or-down vote in either house;

Whereas the REAL ID Act thus imposes a national identification system through the states, premised upon the threat to national security, but without the benefit of public debate and discourse; and

Whereas the REAL ID Act is determined by the Utah State House of Representatives to be in opposition to the Jeffersonian principles of individual liberty, free markets, and limited government: Now, therefore, be it

Resolved, That the Utah House of Representatives urges the United States Congress and the United States Department of Homeland Security to suspend implementation of the REAL ID Act; and be it further

Resolved, That the REAL ID Act should be repealed outright by the United States Congress to avoid the significant problems it currently poses to state sovereignty, individual liberty, and limited government; and be it further

Resolved, That a copy of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah's congressional delegation.

POM-165. A joint resolution adopted by the Legislature of the State of Tennessee opposing the implementation of the REAL 10 Act of 2005; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 248

Whereas the State of Tennessee recognizes the Constitution of the United States as our charter of liberty and the Bill of Rights as affirming the fundamental and inalienable rights of Americans, including freedom of privacy and freedom from unreasonable searches; and

Whereas the people of Tennessee recognize that the Constitution of the State of Tennessee affords even greater privacy rights for her citizens than those provided by the Constitution of the United States; and

Whereas Tennessee has a diverse population whose contributions are vital to the state's economy, culture and civic character; and

Whereas Tennessee is proud of her tradition of protecting the civil rights and liberties of all her residents, affirming the fundamental rights of all people, and providing more expansive protections than are granted by the Constitution of the United States; and

Whereas the federal REAL ID Act of 2005, Public Law 109-12, creates a national identification card by mandating federal standards for state driver's licenses and identification cards and requires states to share their motor vehicle databases; and

Whereas the REAL ID Act mandates the documents that states must require to issue driver's licenses and requires states to place uniform information on every driver's license in a standard, machine-readable format; and

Whereas the REAL ID Act prohibits federal agencies and federally regulated commercial aircraft from accepting a driver's license or identification card issued by a state that has not fully complied with the act; and

Whereas the REAL ID Act places a costly, unfunded mandate on states, with initial estimates for Tennessee of more than one hundred million dollars, plus the additional burden of millions of taxpayers' dollars in ongoing annual expenses, and a national estimate of more than eleven billion dollars over the five years following its implementation; and

Whereas the REAL ID Act requires the creation of a massive public sector database containing information on every American that is accessible to all motor vehicle employees and law enforcement officers nationwide and that can be used to gather and manage information on citizens. Such activities are not the business or responsibility of government; and

Whereas the REAL ID Act enables the creation of additional massive private sector databases, combining both transactional information and driver's license information gained from scanning the machine-readable information contained on every driver's license; and

Whereas these public and private databases are likely to contain numerous errors and false information, creating significant hardship for Americans attempting to verify their identities in order to travel on commercial aircraft, open a bank account, or perform any of the numerous functions required to live in the United States today; and

Whereas the Federal Trade Commission estimates that ten million Americans are victims of identify theft annually, and because identity thieves are increasingly targeting motor vehicle departments, the REAL ID Act will enable the crime of identity theft by making the personal information of all Americans, including date of birth and signature, accessible from tens of thousands of locations; and

Whereas the REAL ID Act requires a driver's license to contain a person's actual home address and makes no exception for individuals in potential danger, such as undercover law enforcement personnel or victims of stalking or criminal harassment; and

Whereas the REAL ID Act contains onerous record verification and retention provisions that place unreasonable burdens on state motor vehicle divisions and on third parties required to verify records; and

Whereas the REAL ID Act will place enormous burdens on citizens seeking new driver's licenses, such as longer lines, increased document requests, higher costs, and a waiting period; and

Whereas the REAL ID Act will place state motor vehicle staff on the front lines of immigration enforcement by forcing state employees to determine federal citizenship and immigration status, excessively burdening both foreign-born applicants and motor vehicle staff; and

Whereas the REAL ID Act passed without sufficient deliberation by Congress and did not receive a hearing by any congressional committee or a vote solely on its own merits, despite opposition from more than six hundred organizations; and

Whereas the REAL ID Act eliminated a process of negotiated rulemaking initiated

under the Intelligence Reform and Terrorism Prevention Act of 2004, which had convened federal, state and local policymakers, privacy advocates, and industry experts to solve the problem of the misuse of identity documents; and

Whereas the REAL ID Act provides little security benefit and leaves identification systems open to insider fraud, counterfeit documentation, and database failures; Now, therefore, be it

Resolved, By the Senate of the one hundred fifth General Assembly of the State of Tennessee, the House of Representatives concurring, that we support the government of the United States in its campaign to secure our country, while affirming the commitment that this campaign not be waged at the expense of the essential rights and liberties of the citizens of this country, nor by placing the added burden of a costly mandate upon the taxpayers of each state; and be it further

Resolved, That it is the policy of the State of Tennessee to oppose any portion of the REAL ID Act that violates the rights and liberties guaranteed under the constitutions of the State of Tennessee and the United States, including the Declaration of Rights and the Bill of Rights; and be it further

Resolved, That the Tennessee General Assembly urges the Tennessee congressional delegation to support measures to repeal the REAL ID Act; and be it further

Resolved, That there be no implementation of the REAL ID Act of 2005, unless and until funding for the additional cost associated with same is furnished by the United States government; and be it further

Resolved, That the Chief Clerk of the Senate be hereby authorized and directed to forward a certified copy of this resolution to the President of the United States, George W. Bush, the United States Attorney General, Alberto Gonzales, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Tennessee in the Congress of the United States.

POM-166. A resolution adopted by the House of Representatives of the State of Michigan urging the approval of the placement of a statue of President Gerald R. Ford in the United States Capitol; to the Committee on Rules and Administration.

HOUSE RESOLUTION NO. 148

Whereas each state is permitted to have two statues of prominent citizens on display in our nation's capitol as part of the National Statuary Hall Collection, which was created by federal law in 1864. This collection is a strong reminder of the heritage we share and the exceptional men and women who have helped shape our nation. Michigan's two statues are of Lewis Cass and Zachariah

Chandler, leaders who played pivotal roles in the history of our state and nation; and

Whereas the federal law governing the National Statuary Hall Collection also provides a procedure for states to replace an existing statue with a new one. This reflects the continuing growth and development of our country. With the recent passing of Gerald R. Ford, Michigan's only president and a man who devoted his entire life to the service of our state and nation, the people of Michigan wish to acknowledge this native son and commence the process of placing a statue of him in the National Statuary Hall Collection; and

Whereas under the established guidelines, the legislature must adopt a resolution to express formally its support for the statue of the person to be honored and to request the Joint Committee on the Library of Congress to approve the placement of the statue. The governor must also express support; and

Whereas under the procedures that govern the replacement of a statue in the collection, the resolution requesting the Joint Committee on the Library of Congress must identify the entity that will select the sculptor and pay for all aspects of the process; and

Whereas relocating the statue of Zachariah Chandler to Michigan would allow many more Michigan citizens, including young people, to learn more of the life of this exceptional man and his contributions to our state; and

Whereas Gerald Ford's life of honesty, integrity, and service constitutes one of Michigan's most important contributions to our nation. As a veteran of World War II and Grand Rapids congressman for a quarter century, Gerald Ford, a man of abiding principle and a strong sense of duty, came to the highest office in our land under most difficult circumstances. As the 38th president, Gerald Ford took the oath of office as our country faced a crisis in confidence. Acting with little regard for political expediency, President Ford helped the country heal through his own honesty and trustworthiness. These qualities, long known by the people of Grand Rapids and his colleagues in Congress, left a legacy that stands strong; and

Whereas the Gerald R. Ford Foundation is committed to the effort to add an image of President Ford to the National Statuary Hall Collection. The Gerald R. Ford Foundation has agreed to serve as the body selecting a sculptor and to fund all of the costs associated with the placement of the new statue and the relocation of the statue of Zachariah Chandler to Michigan; Now, therefore, be it

Resolved by the House of Representatives, That we request the Joint Committee on the Library of Congress to approve the placement of a statue of President Gerald R. Ford as part of the National Statuary Hall Collection in

the United States Capitol and to authorize the removal of the statue of Zachariah Chandler and its relocation to Michigan; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the Joint Committee on the Library of Congress, the members of the Michigan congressional delegation, the Office of the Governor, and the Gerald R. Ford Foundation.

POM-167. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to enact legislation to improve the health programs available to veterans; to the Committee on Veterans' Affairs.

HOUSE RESOLUTION NO. 53

Whereas, providing medical care for the men and women who risk their lives in defense of our nation is a most important responsibility. While this is always true, the significance of this task should be eminently clear as our armed forces are engaged in battle; and

Whereas, funding for the Department of Veterans Affairs is determined each year by the Congress as part of discretionary spending. This budget is seriously under funded each year. This chronic under funding has a direct impact on the level of services available to our injured veterans. Currently, nearly 90 percent of federal health care spending is carried out through direct, rather than discretionary funding; and

Whereas, the Department of Veterans Affairs has the nation's largest health care system, with more than 150 hospitals, hundreds of clinics, nursing homes, residential rehabilitation treatment programs, and specialized services to deal with the most horrific and widest range of injuries. Recent rises in demand for health care services have far outpaced spending; and

Whereas, the American people owe our returning veterans proper health care services to address the injuries they sustain in defense of our freedoms. Quality health care for those injured in service to the country should not be subject to the annual fluctuations of a budget process that is often held hostage to politics. Clearly, the care of our wounded must be a top priority; Now, therefore, be it

Resolved, By the House of Representatives, That we memorialize the Congress of the United States to enact legislation to increase funding for veterans health programs and to reform budget practices to assure that veterans health care needs are addressed by direct rather than discretionary funding; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United

States House of Representatives, and the members of the Michigan congressional delegation.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT RELATIVE TO THE ISSUANCE
OF AN EXECUTIVE ORDER BLOCKING
THE PROPERTY OF PERSONS ENGAGED
IN ACTS OF VIOLENCE THREATENING
THE PEACE OR STABILITY OF IRAQ --
PM 21

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act, as amended (50 U.S.C. 1701 et seq.) (IEEPA), I hereby report that I have issued an Executive Order blocking property of persons determined to have committed, or to pose a significant risk of committing, an act or acts of violence that have the purpose or effect of threatening the peace or stability of Iraq or the Government of Iraq or undermining efforts to promote economic reconstruction and political reform in Iraq or to provide humanitarian assistance to the Iraqi people. I issued this order to take additional steps with respect to the national emergency declared in Executive Order 13303 of May 22, 2003, and expanded in Executive Order 13315 of August 28, 2003, and relied upon for additional steps taken in Executive Order 13350 of July 29, 2004, and Executive Order 13364 of November 29, 2004. In these previous Executive Orders, I ordered various measures to address the unusual and extraordinary threat to the national security and foreign policy of the United States posed by obstacles to the

orderly reconstruction of Iraq, the restoration and maintenance of peace and security in that country, and the development of political, administrative, and economic institutions in Iraq.

My new order takes additional steps with respect to the national emergency declared in Executive Order 13303 and expanded in Executive Order 13315 by blocking the property and interests in property of persons determined by the Secretary of the Treasury, in consultation with the Secretary of State and the Secretary of Defense, to have committed, or to pose a significant risk of committing, an act or acts of violence that have the purpose or effect of threatening the peace or stability of Iraq or the Government of Iraq or undermining efforts to promote economic reconstruction and political reform in Iraq or to provide humanitarian assistance to the Iraqi people.

The order further authorizes the Secretary of the Treasury, in consultation with the Secretary of State and the Secretary of Defense, to designate for blocking those persons determined to have materially assisted, sponsored, or provided financial, material, logistical, or technical support for, or goods or services in support of, such an act or acts of violence or any person designated pursuant to this order, or to be owned or controlled by, or to have acted or purported to act for or on behalf of, directly or indirectly, any person whose property and interests in property are blocked pursuant to this order.

I delegated to the Secretary of the Treasury, in consultation with the Secretary of State and the Secretary of Defense, the authority to take such actions, including the promulgation of rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to carry out the purposes of my order. I am enclosing a copy of the Executive Order I have issued.

GEORGE W. BUSH.
THE WHITE HOUSE, July 17, 2007.

MESSAGE FROM THE PRESIDENT

A message from the President of the United States, by Ms. Evans, one of his secretaries:

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY AND
RELATED MEASURES DEALING WITH
THE FORMER LIBERIAN REGIME OF
CHARLES TAYLOR—PM 22

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* publication, stating that the national emergency and related measures dealing with the former Liberian regime of Charles Taylor are to continue in effect beyond July 22, 2007.

The actions and policies of former Liberian President Charles Taylor and other persons, in particular their unlawful depletion of Liberian resources, their trafficking of illegal arms, and their formation of irregular militia, continue to undermine Liberia's transition to democracy and the orderly development of its political, administrative, and economic institutions and resources. These actions and policies continue to pose an unusual and extraordinary threat to the foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency with respect to the former Liberian regime of Charles Taylor.

GEORGE W. BUSH.

THE WHITE HOUSE, July 19, 2007.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was communicated to the Senate by Ms. Evans, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY AND RELATED MEASURES DEALING WITH THE FORMER LIBERIAN REGIME OF CHARLES TAYLOR—PM 22

The PRESIDING OFFICER laid before the Senate the following message from the President of the United State's, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* publication, stating that the national emergency and related measures dealing with the former Liberian regime of Charles Taylor are to continue in effect beyond July 22, 2007.

The actions and policies of former Liberian President Charles Taylor and other persons, in particular their unlawful depletion of Liberian resources, their trafficking of illegal arms, and their formation of irregular militia, continue to undermine Liberia's transition to democracy and the orderly development of its political, administrative, and economic institutions and resources. These actions and policies continue to pose an unusual and extraordinary threat to the foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency with respect to the former Liberian regime of Charles Taylor.

GEORGE W. BUSH.

THE WHITE HOUSE, July 19, 2007.

Resolved, That the joint resolution do pass.

DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT

The Senate resumed consideration of bill H.R. 2638.

The question being on agreeing to amendment No. 2384 to amendment No. 2383 (in the nature of a substitute) to the bill.

Pending debate,

Mrs. MURRAY raised a point of order, viz, that the amendment is legislation on appropriations, violates provisions of rule XVI of the Standing Rules of the Senate, and therefore is not in order.

The PRESIDING OFFICER stated that the amendment is not germane, and therefore not in order.

The question being on agreeing to amendment No. 2383 (in the nature of a substitute) to the bill.

Pending debate,

On motion by Mr. BINGAMAN (for himself, Mr. DOMENICI, Mrs. HUTCHISON, Mr. CORNYN, and Mr. SALAZAR) to amend the pending amendment (in the nature of a substitute), at the end thereof, by adding certain words (being amendment No. 2388).

After debate,

The amendment was agreed to.

On motion by Mr. BINGAMAN to reconsider the vote agreeing to the amendment.

On motion by Mr. BYRD,

The motion to reconsider was laid on the table.

The question being on agreeing to amendment No. 2383 (in the nature of a substitute), as amended, to the bill.

SECOND HIGHER EDUCATION EXTENSION ACT

On the request of Mrs. MURRAY,

The PRESIDING OFFICER laid before the Senate the bill (S. 1868) to temporarily extend the programs under the Higher Education Act of 1965, and for other purposes, introduced on today by Mr. KENNEDY (for himself and Mr. ENZI), and at the desk; which was read the first and second times, by unanimous consent.

The Senate proceeded, by unanimous consent, to consider the bill.

The question being on the passage of the bill; and

No amendment being proposed,

The bill was read the third time, by unanimous consent.

Resolved, That it pass.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT

The Senate resumed consideration of bill H.R. 2638.

The question being on agreeing to amendment No. 2383 (in the nature of a substitute), as amended, to the bill.

Pending debate,

TRANSACTION OF MORNING BUSINESS

By unanimous consent, on the request of Mrs. MURRAY,

Ordered, That, effective immediately, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein.

Pending debate,

ENROLLED BILL PRESENTED

The Secretary of the Senate reported that on today, Tuesday, July 24, 2007, she had presented to the President of the United States the following enrolled bill:

S. 966. A bill to enable the Department of State to respond to a critical shortage of passport processing personnel, and for other purposes.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-169. A resolution adopted by the Senate of the State of Pennsylvania opposing the provisions of the Energy Policy Act of 1992 that preempt the authority of the Commonwealth of Pennsylvania to determine land use policies; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 129

Whereas, the Energy Policy Act of 2005 (EPact) was passed by the Congress on July 29, 2005, and signed into law on August 8, 2005; and

Whereas, the EPact was promoted as a comprehensive approach to growing energy needs and designed to guarantee development of domestic fuel production and energy supply, thereby ending United States dependence on foreign oil; and

Whereas, provisions of the omnibus legislation touch on nearly every segment of energy production and use, including nuclear power, electricity, natural gas, fossil fuels, renewable energy and competitive generation; and

Whereas, a provision of Title XII of the EPact, Electricity, however, preempts what have long been fundamental powers of state and local governments; and

Whereas, section 1221, for example, transfers the authority to approve the siting of certain transmission lines from state governments and their political subdivisions to agencies of the Federal Government; and

Whereas, section 1221(a) of EPact directs the United States Secretary of Energy to, in consultation with states, conduct periodic nationwide studies of electric transmission congestion; and

Whereas, the Secretary of Energy released its initial National Electric Transmission Congestion study in August 2006; and

Whereas, based upon the findings of any congestion study, the Secretary of Energy

may designate "any geographical area experiencing electric energy transmission capacity constraints or congestion that adversely affects customers" as "national interest electric transmission corridor" or national corridor; and

Whereas, section 1221(b) further conveys to the Federal Energy Regulatory Commission (FERC) the authority to issue permits for construction or modification of electric transmission facilities situated or proposed to be situated in any Department of Energy designated national interest electric transmission corridor; and

Whereas, the FERC would be able to override the authority of the Pennsylvania Public Utility Commission to issue a certificate of public convenience to approve and locate a transmission line in a Department of Energy designated national interest electric transmission corridor if:

(1) the Pennsylvania Public Utility Commission had no authority to approve a specified transmission line proposal or would fail to consider interstate benefits of the proposed transmission line;

(2) the applicant would not qualify for a certificate of public convenience issued by the Pennsylvania Public Utility Commission because it does not serve end-use customers in the Commonwealth of Pennsylvania;

(3) the Pennsylvania Public Utility Commission would fail to act on an application for approval to locate and construct the new transmission line within one year of the filing of an application or one year after designation as a national interest electric transmission corridor, whichever is later; or

(4) the Pennsylvania Public Utility Commission would condition its approval in such a manner that the proposed construction or modification would not significantly reduce transmission congestion or would not be economically feasible; and

Whereas, the Pennsylvania Public Utility Commission and its predecessor, the Public Service Commission, have had jurisdictional and regulatory authority over public utilities and public utility service, including the review and approval of applications for the location and construction of transmission lines in the Commonwealth of Pennsylvania since 1913, or for 94 years; and

Whereas, the designation of national interest electric transmission corridors in the Commonwealth of Pennsylvania, coupled with FERC "backstop" authority to issue permits to site a transmission line and thereby override the recommendations of the Pennsylvania Public Utility Commission, would give electric utilities access to Federal eminent domain authority; and

Whereas, if FERC would institute its "backstop" authority, the holder of a FERC-issued permit would be empowered to exercise the right of eminent domain to

condemn and acquire private property to locate and construct the transmission line; and

Whereas, on March 6, 2006, Allegheny Power and the PJM Interconnection, the Regional Transmission Organization that coordinates the movement of wholesale electricity in all or parts of 13 states and the District of Columbia, including the Commonwealth of Pennsylvania, filed for early designation as a national interest electric transmission corridor a 240-mile, 500 kV transmission line which would extend from southwestern Pennsylvania, traverse West Virginia and terminate in northern Virginia; and

Whereas, on October 10, 2006, the PJM Interconnection submitted another request to the Department of Energy for early designation of three additional national interest electric transmission corridors that will encompass nearly all of the Mid-Atlantic region; and

Whereas, the early request filed with the United States Department of Energy by Allegheny Power and the PJM Interconnection, if granted, will include significant acreage of land in the Commonwealth of Pennsylvania; and

Whereas, on April 26, 2007, the United States Department of Energy released drafts of two national interest electric transmission corridor designations, including the Mid-Atlantic Area National Corridor; and

Whereas, the Mid-Atlantic area National Corridor designation includes counties in Ohio, West Virginia, Pennsylvania, New York, Maryland, Virginia and includes all of New Jersey, Delaware and the District of Columbia; and

Whereas, Fifty of the Commonwealth of Pennsylvania's 67 counties, or 75% of the land within the Commonwealth's geographic borders, are included in the Mid-Atlantic Area National Corridor designation; and

Whereas, in its release announcing the draft national interest electric transmission corridor designations, the Department of Energy revealed that it would convene three public meetings during a 60-day comment period; and

Whereas, in its April 26, 2007, announcement, the Department of Energy revealed that public meetings would be held in New York, Virginia and California during the 60-day comment period; and

Whereas, some local governments, citizens and preservation groups that would be directly impacted by the designation of national interest electric transmission corridors in the Commonwealth of Pennsylvania and some other affected states contacted the Department of Energy to express their disappointment and concern that no public meetings were planned for Pennsylvania and other affected states during the 60-day comment period; and

Whereas, on May 8, 2007, the Department of Energy announced that it would hold four additional meetings during the 60-day public comment period in some states, including the Commonwealth of Pennsylvania, that would be impacted by the national interest electric transmission corridor designations; and

Whereas, the Pennsylvania public meeting will be convened in the month of June in Pittsburgh, Pennsylvania; and

Whereas, the 60-day comment period for the Mid-Atlantic Area National Corridor designation is scheduled to end on July 6, 2007; and

Whereas, it is alleged that the transmission lines proposed to be located and constructed in the Mid-Atlantic Area National Corridor would be used to relieve energy congestion and constraints and improve electric reliability in population centers of the East Coast; and

Whereas, designation of national interest electric transmission corridors in the Commonwealth of Pennsylvania could diminish or eliminate the role of the Pennsylvania Public Utility Commission, the administrative agency of the Commonwealth that has regulatory authority over the approval of applications for the location and construction of transmission lines; and

Whereas, designation of national interest electric transmission corridors would also adversely limit or completely eliminate the roles of the Office of Consumer Advocate and the Office of Small Business Advocate; and

Whereas, the Office of Consumer Advocate and the Office of Small Business Advocate are administrative agencies of the Commonwealth of Pennsylvania that were expressly established by Pennsylvania statute to represent the interests of consumers and small businesses, respectively, in proceedings before the Pennsylvania Public Utility Commission, including certain matters related to the location and construction of transmission lines; and

Whereas, designation of national interest electric transmission corridors and FERC's accompanying "backstop" authority could diminish or even eliminate the roles of other administrative agencies of the Commonwealth of Pennsylvania that were established for the express purpose of protecting Pennsylvania's economic, natural, historical, cultural and recreational resources, including the Departments of Environmental Protection, Conservation and Natural Resources, Agriculture and Transportation as well as the Game Commission and the Historical and Museum Commission; and

Whereas, designation of national interest electric transmission corridors in the Commonwealth of Pennsylvania would undermine and in some cases eliminate the Commonwealth's ability to determinate, manage and control land use policies,

including land use policies on its agricultural lands, forest reserves, recreational areas, game lands and other natural and environmentally sensitive areas: Therefore, be it

Resolved, That the Senate of Pennsylvania recognize fully the energy and environmental challenges facing the Commonwealth of Pennsylvania in general and the United States in particular; and be it further

Resolved, That the Senate believes that demand for energy continues to be a concern nationwide, especially in major population centers, and that an effective national energy policy must include increased emphasis on conservation, renewable energy, energy-efficient alternatives, demand-side management, innovations and new technologies while simultaneously providing incentives to increase domestic production and supply; and be it further

Resolved, That the Senate recognize that an effective energy policy must be addressed nationally but should reflect traditional state and local authority over environmental and energy matters; and be it further

Resolved, That the Senate oppose the provisions of EPact which preempt the authority of the Commonwealth of Pennsylvania and its political subdivisions to determined land use policies and which usurp the traditional and fundamental authority of the Pennsylvania Public Utility Commission to review and approve applications for the location and construction of transmission lines in the Commonwealth of Pennsylvania; and be it further

Resolved, That the Senate urge the members of the Pennsylvania Congressional Delegation to support legislation to repeal section 1221 of EPact and thereby preserve the fundamental rights of the Commonwealth of Pennsylvania and its people to determine the future of land use policies; and be it further

Resolved, That copies of this resolution be transmitted to the residing officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-170. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to review and consider eliminating provisions of federal law which reduce Social Security benefits for those receiving pension benefits from federal, state, or local government retirement systems or funds; to the Committee on Finance.

SENATE CONCURRENT RESOLUTION NO. 114

Whereas, the Congress of the United States has enacted both the Government Pension Offset (GPO), reducing the spousal and survivor Social Security benefit, and the Windfall Elimination Provision (WEP), reducing the earned Social Security benefit for any person who also receives a federal,

state, or local retirement or pension benefit; and

Whereas, the intent of Congress in enacting the GPO and the WEP provisions was to address concerns that a public employee who had worked primarily in federal, state, or local government employment might receive a public pension in addition to the same Social Security benefit as a person who had worked only in employment covered by Social Security throughout his career; and

Whereas, the purpose of Congress in enacting these reduction provisions was to provide a disincentive for public employees to receive two pensions; and

Whereas, the GPO negatively affects a spouse or survivor receiving a federal, state, or local government retirement or pension benefit who would also be entitled to a Social Security benefit earned by a spouse; and

Whereas, the GPO formula reduces the spousal or survivor Social Security benefit by two-thirds of the amount of the federal, state, or local government retirement or pension benefit received by the spouse or survivor, in many cases completely eliminating the Social Security benefit; and

Whereas, the WEP applies to those persons who have earned federal, state, or local government retirement benefits, in addition to working in employment covered under Social Security and paying into the Social Security system; and

Whereas, the WEP reduces the earned Social Security benefit using an averaged indexed monthly earnings formula and may reduce Social Security benefits for affected persons by as much as one-half of the retirement benefit earned as a public servant in employment not covered under Social Security; and

Whereas, because of these calculation characteristics, the GPO and the WEP have a disproportionately negative effect on employees working in lower-wage government jobs, like policemen, firefighters, teachers, and state employees; and

Whereas, because the Social Security benefit statements do not calculate the GPO and the WEP, many public employees in Louisiana are unaware that their expected Social Security benefits shown on such statements will be significantly lower or nonexistent due to the service in public employment through which they are members of a Louisiana public retirement or pension system or fund; and

Whereas, these provisions also have a greater adverse effect on women than on men because of the gender differences in salary that continue to plague our nation and the longer life expectancy of women; and

Whereas, Louisiana is making every effort to improve the quality of life of her citizens and to encourage them to live here lifelong: Therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the Congress of the United States to review the GPO and the WEP Social Security benefit reductions and to consider eliminating or reducing them by enacting the Social Security Fairness Act of 2007 (H.R. 82 or S. 206) or a similar instrument. Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-171. A concurrent resolution adopted by the Senate of the State of New Hampshire urging Congress to amend the No Child Left Behind Act with consideration of the National Conference of State Legislatures' task force recommendations; to the Committee on Health, Education, Labor, and Pensions.

SENATE CONCURRENT RESOLUTION

Whereas, in 2002 the No Child Left Behind Act was enacted on a bipartisan basis, which has as its purpose bringing academic achievement in language arts, mathematics, and science to students who are not presently achieving at proficiency levels; and

Whereas, in 2004 the National Conference of State Legislatures created a bipartisan task force to study the No Child Left Behind Act and the task force suggested specific changes to make the No Child Left Behind Act more workable, more responsive to variations among the states, and more effective in improving education; and

Whereas, a stated goal of the No Child Left Behind Act is to provide flexibility for states to improve academic achievement and to close the achievement gap, the task force found that more flexibility should be granted to states to implement the No Child Left Behind Act; and

Whereas, the New Hampshire general court had representation on the bipartisan task force and concurs with the spirit of the recommendations of the National Conference of State Legislatures; and

Whereas, a well-designed growth model, with multiple forms of assessment, is a more meaningful and accurate measure of student success than the No Child Left Behind Act model of identifying schools in need of improvement; and

Whereas, the No Child Left Behind Act mandates a costly sequence of intervention services, which the task force found to be inflexible and instead recommended states to be allowed to decide the interventions when a school is "in need of improvement": Now, therefore, be it

Resolved by the Senate, the House of Representatives concurring, That the New Hampshire general court urges the Congress

of the United States to amend the No Child Left Behind Act with consideration of the National Conference of State Legislatures' task force recommendations, to allow each state department of education the flexibility to monitor, supervise, and evaluate each school's effectiveness in documenting the physical, personal, social, and academic growth of each child; and

That the New Hampshire general court urges the Congress of the United States to request a Government Accountability Office evaluation of the costs to states and local school districts of complying with the No Child Left Behind Act requirements and of achieving the 100 percent proficiency goals of the No Child Left Behind Act; and

That the senate clerk send copies of this resolution to the President and Secretary of the United States Senate, the Speaker and the Clerk of the United States House of Representatives, and each member of the New Hampshire congressional delegation.

POM-172. A resolution adopted by the Senate of the State of Pennsylvania urging Congress to repeal the REAL ID Act or delay its implementation until such time as sufficient funds are available to adequately cover the costs of implementation and amendment is made to preserve essential civil rights; to the Committee on the Judiciary.

SENATE RESOLUTION

Whereas, in May 2005 the Congress of the United States passed the REAL ID Act of 2005 (REAL ID Act) as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief Act, 2005 (Public Law 109-13), which was signed into law on May 11, 2005, and which becomes fully effective May 11, 2008; and

Whereas, the Senate of the Commonwealth of Pennsylvania denounces terrorism in all its forms and condemns all acts of terrorism by any entity, wherever the acts occur; and

Whereas, any new security measures to protect against terrorist attacks should be carefully designed to enhance public safety without infringing on the civil liberties and rights of citizens; and

Whereas, the REAL ID Act constitutes an unfunded mandate by the Federal Government to the states; and

Whereas, it will cost the Commonwealth of Pennsylvania an estimated \$100 million to implement the REAL ID Act; and

Whereas, the implementation of the REAL ID Act intrudes upon the states' sovereign power to determine their own policies for identification, licensure and credentialing of individuals residing therein; and

Whereas, the REAL ID Act requires the creation of a massive public sector database containing information on every American that is accessible to all motor vehicle agency

employees and law enforcement officers nationwide and that can be used to gather and manage information on citizens, which is neither the business nor the responsibility of government; and

Whereas, the REAL ID Act enables the creation of additional massive private sector databases, combining both transactional information and driver's license information gained from scanning the machine-readable information contained on every driver's license; and

Whereas, these public and private databases are likely to contain numerous errors and false information, creating significant hardship for Americans attempting to verify their identities in order to fly, open a bank account or perform any of the numerous functions required to live in the United States today; and

Whereas, the REAL ID Act requires a driver's license to contain a person's actual home address and makes no exception for individuals in potential danger, such as undercover law enforcement officials or victims of domestic violence, stalking or criminal harassment; and

Whereas, the REAL ID Act contains onerous record verification provisions that place unreasonable burdens on Pennsylvanians renewing their driver's licenses; and

Whereas, some of the intended privacy requirements of the REAL ID Act, such as the use of common machine-readable technology and state maintenance of a database that can be shared with the United States Government and agencies of other states, may actually make it more likely that a federally required driver's license or state identification card, or the information about the bearer on which the license or card is based, will be stolen, sold or otherwise used for purposes that were never intended or that are criminally related than if the REAL ID Act had not been enacted; and

Whereas, these potential breaches in privacy that could result directly from compliance with the REAL ID Act may violate the right to privacy of thousands of Pennsylvanians; and

Whereas, identification-based security provides only limited security benefits because it can be avoided by defrauding or corrupting card issuers and because it gives no protection against people not already known to be planning or committing wrongful acts; and

Whereas, a growing number of states have proposed and passed legislation that opposes the implementation of the REAL ID Act: Therefore, be it

Resolved, That the Senate of the Commonwealth of Pennsylvania support the intention of the United States Government to prevent terrorism, but not at the expense of

the essential civil rights and liberties of the citizens of this country; and be it further

Resolved, That the Senate oppose any portion of the REAL ID Act that violates the rights and liberties guaranteed under the Constitution of Pennsylvania or the Constitution of the United States, including the Bill of Rights; and be it further

Resolved, That the Senate urge the Pennsylvania Congressional Delegation to support measures to repeal the REAL ID Act or to delay its implementation until such time as sufficient funds are available to adequately cover the costs of implementation and amendment is made to preserve essential civil rights and liberties of the citizens of this country; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

Ordered, That the Committee on Homeland Security and Governmental Affairs be discharged from further consideration of the bill (H.R. 2011) to designate the Federal building and United States courthouse located at 100 East 8th Avenue in Pine Bluff, Arkansas, as the "George Howard, Jr. Federal Building and United States Courthouse"; and that said bill be referred to the Committee on Environment and Public Works.

ORDERS FOR ADJOURNMENT UNTIL 10 A.M. ON TOMORROW, AND FOR PROGRAM

By unanimous consent, on the request of Mr. SANDERS,

Ordered, That, when the Senate concludes its business on today, it adjourn until 10 a.m. on tomorrow; that, on tomorrow, immediately following the prayer and reciting of the Pledge of Allegiance to the Flag of the United States of America, the Journal of the proceedings of the Senate be approved to date, the morning hour be deemed expired, and the times for the two leaders be reserved; that the Senate then proceed to a period of 60 minutes for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein; that the time therein be equally divided and controlled for debate between the

two leaders, or their designees; that the first half therein be controlled by the minority, and the second half therein be controlled by the majority; that, following morning business, all time for debate, pursuant to rule XXII of the Standing Rules of the Senate, on the motion to proceed to consider bill H.R. 976 be deemed concluded; that the motion to proceed then be agreed to; and that the Senate then proceed to consider the bill.

Ordered further, That, on tomorrow, the Senate recess from 12:30 p.m. until 2:15 p.m.

ADJOURNMENT

By unanimous consent, on the request of Mr. SANDERS,

At 7:24 p.m.,

The Senate adjourned, under its order of today, until 10 a.m. on tomorrow.

TUESDAY, JULY 31, 2007

Mr. JON TESTER, from the State of Montana, called the Senate to order at 10 a.m., the Chaplain offered a prayer, and Mr. TESTER led the Senate in reciting the Pledge of Allegiance to the Flag of the United States of America.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The Assistant Legislative Clerk read the following communication from the PRESIDENT pro tempore:

U.S. SENATE

PRESIDENT PRO TEMPORE,

Washington, DC, July 31, 2007.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable JON TESTER, a Senator from the State of Montana, to perform the duties of the Chair.

ROBERT C. BYRD

PRESIDENT pro tempore

Mr. TESTER took the chair.

THE JOURNAL

Pursuant to the order of yesterday, The Journal of the proceedings of the Senate was deemed approved to date.

CERTAIN PROCEDURES DISPENSED WITH

Pursuant to the order of yesterday, The morning hour being deemed expired, and the times for the recognition of the two leaders being reserved.

OBJECTION TO CONSIDERATION OF BILL S. 849

Mr. REID asked unanimous consent that, after the majority leader consults with the minority leader, and at a time to be determined by the majority leader, the Senate proceed to consider the bill (S. 849) to promote accessibility, accountability, and openness in Government by strengthening section 552 of title 5, United States Code (commonly referred to as the Freedom of Information Act), and for other purposes; that there be 2 hours, equally divided and controlled, for debate between the chairman and ranking member of the Committee on the Judiciary, or their designees; that the only amendment in order to be proposed thereto be an amendment intended to be proposed by Mr. LEAHY; that, upon conclusion of debate, the amendment be agreed to; that the bill, as thus amended, be read the third time; and that the Senate vote on passage of the bill, as amended, without intervening action or debate.

Mr. KYL objected.

TRANSACTION OF MORNING BUSINESS

Pursuant to the order of yesterday,

The Senate proceeded to a period of 60 minutes for the transaction of morning business.

Pending debate,

ENROLLED BILL PRESENTED

The Secretary of the Senate reported that on today, Tuesday, July 31, 2007, she had presented to the President of the United States the following enrolled bill:

S. 1868. A bill to temporarily extend the programs under the Higher Education Act of 1965, and for other purposes.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-173. A resolution adopted by the City Council of the City of Miami Gardens, Florida, urging Congress to appropriate the funds necessary to bring the Herbert Hoover Dike into compliance with current levee protection safety standards; to the Committee on Appropriations.

POM-174. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such

actions as are necessary to create a federal catastrophe fund; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION NO. 17

Whereas, the hurricane seasons of 2004 and 2005 were startling reminders of both the human and economic devastation that hurricanes, flooding, and other natural disasters can cause; and

Whereas, creation of a federal catastrophe fund is a comprehensive, integrated approach to help better prepare and protect the Nation from natural catastrophes, such as hurricanes, tornadoes, wildfires, snowstorms, and earthquakes; and

Whereas, the current system of response to catastrophes leaves many people and businesses at risk of being unable to replace what they lost, wastes tax dollars, raises insurance premiums, and leads to shortages of insurance needed to sustain our economy; and

Whereas, creation of a federal catastrophe fund would help stabilize insurance markets following a catastrophe and help steady insurance costs for consumers while making it possible for private insurers to offer more insurance in catastrophe-prone areas; and

Whereas, a portion of the premiums collected by insurance companies could be deposited into such a fund which could be administered by the United States Treasury and grow tax free; and

Whereas, a portion of the interest earnings of the fund could be dedicated to emergency responder efforts and public education and mitigation programs; and

Whereas, the federal catastrophe fund would operate as a "backstop" and could only be accessed when private insurers and state catastrophe funds have paid losses in excess of a defined threshold; and

Whereas, utilizing the capacity of the Federal Government would help smooth out fluctuations consumers currently experience in insurance prices and availability because of exposure to large catastrophic losses and would provide better protection at a lower price; and

Whereas, when there is a gap between the insurance protection consumers buy and the damage caused by a major catastrophe, taxpayers across the country pay much of the difference, as congressional appropriations of billions of dollars for after-the-fact disaster relief in the aftermath of Hurricane Katrina demonstrated; and

Whereas, there are a number of legislative instruments pending in the current One Hundred Tenth Congress which address the need for a federal catastrophe fund, including the Homeowners Protection Act of 2007 (H.R. 91) and the Commission on Catastrophic Disaster Risk an Insurance Act

of 2007 (H.R. 537 and S. 292). Therefore, be it

Resolved, that the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to create a federal catastrophe fund. Be it further

Resolved, that a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-175. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to either extend the Terrorism Risk Insurance Act to include insurance coverage for natural disasters such as earthquakes and hurricanes or, alternatively, to establish a tax incentive program for insurance companies that provide insurance coverage for such disasters; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION NO. 50

Whereas, as a result of the devastation caused by Hurricane Katrina and Hurricane Rita to personal residential property, commercial residential property, and commercial property, Louisiana insureds, especially those located in the greater New Orleans area, are at risk with regard to the availability and affordability of personal residential property, commercial residential property, and commercial property insurance; and

Whereas, Hurricane Katrina and Hurricane Rita have created a real threat to the public health, safety, and welfare of the citizens of Louisiana, as well as to the rebuilding efforts of Louisiana citizens in the post-Katrina and Rita era; and

Whereas, Louisiana, as a state located on the coast of the Gulf of Mexico, will continue to be at risk from the threat of hurricanes, further jeopardizing the availability and affordability of personal residential property, commercial residential property, and commercial property insurance. Therefore, be it

Resolved, that the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to either extend the Terrorism Risk Insurance Act (TRIA) to include insurance coverage for natural disasters such as earthquakes and hurricanes or, alternatively, to establish a tax incentive program for insurance companies that provide insurance coverage for natural disasters such as earthquakes and hurricanes. Be it further

Resolved, that a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of

the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-176. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to revise the National Flood Insurance Program to extend coverage for other natural disasters; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION NO. 212

Whereas, the National Flood Insurance Act of 1968 established the National Flood Insurance Program as a means of mitigating flood damages by making flood insurance available in communities that adopt and enforce measures to reduce flood losses; and

Whereas, the National Flood Insurance Program is a federal program that allows property owners to purchase insurance protection against losses due to flooding; and

Whereas, Louisiana as well as other states have significant vulnerability to natural disasters, and when coupled with the lack of appropriate insurance coverage, this may result in a catastrophic impact on the economic, human, and physical environment of the United States; and

Whereas, Hurricanes Katrina and Rita caused unprecedented property damage, loss of life, and the upheaval of societal norms in the state of Louisiana; and

Whereas, the availability and affordability of property insurance has become an issue of paramount importance in a post-Katrina environment that has seen a significant drop in property coverages offered in the private market, unprecedented rate increases, and total risk avoidance in hurricane-prone areas; and

Whereas, revising the National Flood Insurance Program to extend multi-peril insurance coverage for damage resulting from earthquakes, volcanoes, tsunamis, and hurricanes would reduce the economic consequences of future natural disasters; and

Whereas, the accessibility of multi-peril insurance coverage through a federally offered program may increase participation in the National Flood Insurance Program, thereby reducing rates due to the aggregate risk pooling of natural disasters; and

Whereas, this goal may be accomplished by generating sufficient premium income to provide insurance protection against disasters and to reduce the government's expenditures for future disaster relief; and

Whereas, the incorporation of a multi-peril mitigation program within the National Flood Insurance Program would afford consumers the protection of a residential insurance program with multi-peril protection. Therefore, be it

Resolved, that the Legislature of Louisiana does hereby memorialize the United States

Congress to take such actions as are necessary to allow the National Flood Insurance Program to extend coverage for other natural disasters. Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-177. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to ensure that all all-terrain vehicles sold in the United States meet mechanical equipment standards of the Consumer Product Safety Commission and that safety information and training are being provided to all purchasers of all-terrain vehicles; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION NO. 274

Whereas, the United States Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risks of serious injury or death from more than fifteen thousand types of consumer products under the agency's jurisdiction, and the commission is committed to protecting consumers and families from products that pose a fire, electrical, chemical, or mechanical hazard or can injure children; and

Whereas, despite success in general, injuries and deaths resulting from the use of all-terrain vehicles (ATVs), particularly involving children, are on the rise; and

Whereas, a CPSC staff report from 2005 includes the following ATV-related injury and death data:

In 2003, there were an estimated seven hundred forty deaths associated with ATVs.

In 2001, the most recent year for which death data collection is complete, twenty-six percent of the reported deaths were of children under sixteen years old.

The estimated risk of death was 1.1 deaths per ten thousand four-wheeled ATVs in use in 2003.

The estimated number of ATV-related emergency-room-treated injuries for all ages in 2004 was one hundred thirty-six thousand one hundred, an increase of ten thousand six hundred from 2003. This increase was statistically significant.

Children under sixteen years of age accounted for forty-four thousand seven hundred, or thirty-three percent, of the total estimated number of injuries in 2004.

There were about one hundred eighty-eight emergency-room-treated injuries per ten thousand four-wheeled ATVs in use in 2004; and

Whereas, currently ATVs are subject only to voluntary standards and Letters of

Undertaking entered into by the CPSC and the major manufacturers; and

Whereas, there are gaps in the current, voluntary system of regulating the industry; primary among them is the fact that the regulations do not apply to "new entrants", that is, those manufacturers who have not agreed to participate in the standards; and

Whereas, despite a recommendation from its own staff that equipment standards and safety measures should be applied to all manufacturers and distributors, the CPSC has failed to adopt final mandatory regulations applicable to ATVs; and

Whereas, in the interest of saving lives and preventing injury, it is appropriate that Congress get involved in this issue: Therefore be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to do all of the following:

(1) Require the Consumer Product Safety Commission to promulgate a consumer product safety standard for all-terrain vehicles. The standard shall be the same as the American National Standard for Four Wheel All-Terrain Vehicles-Equipment, Configuration, and Performance Requirements ANSI/SVIA-1-2001 or its successor standard.

(2) Require each manufacturer or importer of an all-terrain vehicle to which the ATV standard applies to submit an action plan to the commission for its approval. Such plan shall include the offer of free rider training, dissemination of safety information, age recommendations, the monitoring of such sales, and other safety-related measures.

(3) Prohibit a manufacturer or importer of all-terrain vehicles from distributing an all-terrain vehicle in commerce unless the manufacturer or importer has complied with its obligations under its action plan that has been approved by the commission.

(4) Require each all-terrain vehicle to which the ATV standard applies to bear a permanent label certifying that the all-terrain vehicle complies with the consumer product safety standard and is subject to an action plan accepted by the commission; identifies the manufacturer or importer issuing the certification; and contains sufficient information to enable the commission to identify the particular action plan that applies to that all-terrain vehicle; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-178. A resolution adopted by the General Assembly of the State of New Jersey urging Congress to reinstate its offshore water quality testing program along the New

Jersey coastline; to the Committee on Environment and Public Works.

ASSEMBLY RESOLUTION NO. 270

Whereas, The United States Environmental Protection Agency has conducted a seasonal offshore monitoring program by helicopter for the last 30 years along the New Jersey coastline that searched for and tested the presence of dissolved oxygen and enterococci (i.e., fecal) bacteria in ocean waters; and

Whereas, The existence of certain levels of dissolved oxygen and enterococci bacteria are precursors or indicators of potential fish kills and harmful algal blooms or "brown tide"; and

Whereas, The United States Environmental Protection Agency has announced that it is terminating this offshore water testing program in favor of alternative methods of testing for these environmental indicators; and

Whereas, A massive algal bloom appeared in Raritan and Sandy Hook Bays in late May 2007, turning coastal ocean waters brown from Sandy Hook to Manasquan, thereby reemphasizing the need for the continuation of the federal ocean water testing program; and

Whereas, The State, counties and municipalities affected by the termination of the federal ocean water testing program do not have the logistical or financial capability to continue or replace this program in time for the 2007 summer shore season; and

Whereas, New Jersey has a coastline of beautiful beaches which is not only one of the State's greatest natural resources but also is vital to the State's economy through the billions of dollars generated from shore-related tourism; and

Whereas, The United States Environmental Protection Agency is continuing the use of its coastal monitoring helicopter to conduct surveillance of floatable objects in the ocean off the coast of New Jersey and therefore could reinstate the ocean water testing program in an expeditious manner without undue financial or logistical hardships; Now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

(1) This House opposes the decision by the United States Environmental Protection Agency to terminate the offshore ocean water quality testing program along the coast of New Jersey and urges that it be reinstated immediately.

(2) Duly authenticated copies of this resolution, signed by the Speaker of the Assembly and attested by the Clerk thereof, shall be transmitted to the President and Vice-President of the United States, the Administrator of the United States Environmental Protection Agency, the Region II Administrator of that agency, the

Speaker of the United States House of Representatives, the majority and minority leaders of the United States Senate and the United States House of Representatives, each member of the Congress of the United States elected from this State, and the Commissioner of the New Jersey Department of Environmental protection.

POM-179. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to vote in favor of H.R. 1229, the Non-Market Economy Trade Remedy Act of 2007; to the Committee on Finance.

SENATE CONCURRENT RESOLUTION NO. 115

Whereas, H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007," will ensure that the United States countervailing duty law applies to imports from non-market economies; and

Whereas, the purpose of the countervailing duty law is to offset any unfair competitive advantage that foreign manufacturers or exporters have as a result of subsidies; and

Whereas, manufacturing is a vital part of the American economy; and

Whereas, each American manufacturing job results in the creation of approximately four additional jobs; and

Whereas, since 1997, Louisiana has lost over thirty-nine thousand manufacturing jobs due to unfair trade practices; and

Whereas, Louisiana's coastal area is home to some of the Nation's premiere commercial fisheries, accounting for 30 percent of the commercial fisheries production of the lower 48 States; and

Whereas, the Louisiana seafood industry provides an annual economic impact of approximately two billion eight hundred million dollars and over thirty-one thousand jobs; and

Whereas, the Louisiana seafood industry has lost over eleven thousand jobs and millions of dollars due to illegally subsidized seafood imports and dumping from foreign nations; and

Whereas, industries that once were the pride of their communities and employed generations of the same family have been shut down resulting from jobs being shifted to foreign nations where labor is cheap and environmental standards are not enforced; and

Whereas, billions of dollars in wages and millions of jobs are expected to move from the United States to low-cost nations by 2015; and

Whereas, H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007," is being considered in Congress to correct the longstanding inequity of trade law, and requires the Department of Commerce to take action in countervailing duty cases in support of American businesses: Now, therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to vote in favor of H.R. 1229, the "Non-Market Economy Trade Remedy Act of 2007"; and be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-180. A resolution adopted by the Senate of the State of Wisconsin urging Congress to create a system that ensures that trade agreements are developed and implemented using a democratic, inclusive mechanism that enshrines the principles of federalism and state sovereignty; to the Committee on Finance.

SENATE RESOLUTION NO. 8

Whereas, democratic, accountable governance in the States, generally, and the authority granted by the Wisconsin constitution to the legislative branch, specifically, are being undermined by international commercial and trade rules enforced by the World Trade Organization (WTO) and established by the North American Free Trade Agreement (NAFTA) and are further threatened by similar provisions in an array of pending trade agreements; and

Whereas, today's "trade" agreements have impacts that extend significantly beyond the bounds of traditional trade matters, such as tariffs and quotas, and instead grant foreign investors and service providers certain rights and privileges regarding acquisition of land and facilities and regarding operations within a State's territory, subject State laws to challenge as "nontariff barriers to trade" in the binding dispute resolution bodies that accompany the pacts, and place limits on the future policy options of State legislatures; and

Whereas, NAFTA and other U.S. free trade agreements grant foreign firms new rights and privileges for operating within a State that exceed those rights and privileges granted to U.S. businesses under State and Federal law; and

Whereas, NAFTA already has generated "regulatory takings" cases against State and local land-use decisions, State environmental and public health policies, adverse State court rulings, and State and local contracts that would not have been possible in U.S. courts; and

Whereas, when States are bound to comply with government procurement provisions contained in trade agreements, common economic development and environmental policies, such as buy-local laws, prevailing wage laws, and policies to prevent offshoring of State jobs, as well as recycled content

laws, could be subject to challenge as violating the obligations in the trade agreements; and

Whereas, recent trade agreements curtail State regulatory authority by placing constraints on future policy options; and

Whereas, the WTO general agreement on trade in services (GATS) could undermine State efforts to expand health care coverage and rein in health care costs and places constraints on State and local land-use planning and gambling policy; and

Whereas, new GATS negotiations could impose additional constraints on State regulation of energy, higher education, professional licensing, and other areas; and

Whereas, despite the indisputable fact that international trade agreements have a far-reaching impact on State and local laws, Federal Government trade negotiators have failed to respect States' rights to prior informed consent before binding States to conform State law and authority to trade agreement requirements and have refused even to inform State legislatures of key correspondence; and

Whereas, the current encroachment on State regulatory authority by international commercial and trade agreements has occurred in no small part because U.S. trade policy is being formulated and implemented under the Fast Track Trade Authority procedure; and

Whereas, Fast Track eliminates vital checks and balances established in the U.S. Constitution by broadly delegating to the executive branch Congress's exclusive constitutional authority to set the terms of trade, such that the executive branch is empowered to negotiate broad-ranging trade agreements and to sign them prior to Congress voting on the agreements; and

Whereas, the ability of the executive branch to sign trade agreements prior to Congress's vote of approval means that executive branch negotiators can ignore congressional negotiating objectives or States' demands, and neither Congress nor the States have any means to enforce any decision regarding what provisions must be contained in every U.S. trade agreement or what provisions may not be included in any U.S. trade agreement; and

Whereas, Federal trade negotiators have ignored and disrespected States' demands regarding whether States agree to be bound to certain nontariff trade agreement provisions; and

Whereas, Fast Track also circumvents normal congressional review and amendment committee procedures, limits debate to 20 hours, and forbids any floor amendments to the implementing legislation that is presented to Congress to conform hundreds of U.S. laws to trade agreement obligations and to incorporate the actual trade agreement itself

into U.S. Federal law that preempts State law; and

Whereas, Fast Track is not necessary for negotiating trade agreements as demonstrated by the existence of scores of trade agreements, including major pacts, implemented in the past 30 years without use of Fast Track; and

Whereas, Fast Track, which was established in 1974 by President Richard Nixon when trade agreements were limited to traditional matters, such as tariffs and quotas, is now woefully outdated and inappropriate given the diverse range of nontrade issues now included in "trade" agreements that broadly affect State and Federal nontrade regulatory authority; and

Whereas, the current grant of Fast Track expires in June 2007: Now, therefore, be it
Resolved, by the Senate, That:

(1) The U.S. Congress be urged to create a replacement for the outdated Fast Track system so that U.S. trade agreements are developed and implemented using a more democratic, inclusive mechanism that enshrines the principles of federalism and State sovereignty.

(2) This new process for developing and implementing trade agreements include an explicit mechanism for ensuring the prior informed consent of State legislatures before States are bound to the nontariff terms of any trade agreement that affects State regulatory authority to ensure that the United States trade representative respects the decisions made by States.

(3) Copies of this resolution be sent to President George W. Bush, Ambassador Susan Schwab, U.S. Trade Representative, the President of the U.S. Senate, the Speaker of the House of Representatives, and the Wisconsin Congressional Delegation.

POM-181. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to examine the provisions of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 to provide prenatal care to immigrants; to the Committee on Finance.

HOUSE CONCURRENT RESOLUTION NO. 258

Whereas, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, (PRWORA) significantly changed the eligibility of noncitizens for federal means-tested public benefits, including Medicaid and the State Children's Health Insurance Program; and

Whereas, as a general rule, only "qualified aliens" as defined in §431 of PRWORA maybe eligible for coverage; and

Whereas, some immigrants cannot be eligible for coverage for five years from the date they enter the country as a qualified alien; and

Whereas, the five-year bar only applies to qualified aliens who entered the United States on or after August 22, 1996, unless they meet one of the exceptions in PRWORA; and

Whereas, the five-year bar never applies to immigrants who are applying for treatment of an emergency medical condition only; and

Whereas, under PRWORA all immigrants, both qualified and non-qualified aliens as well as those who are residing in the country in an undocumented status, may be eligible for treatment of an emergency medical condition only, provided that they otherwise meet the eligibility criteria for the state's Medicaid program; and

Whereas, if prenatal care was provided for immigrants who are currently not eligible, there would likely be a great return on the money because once the baby is born in the United States, it becomes a citizen and may possibly receive Medicaid benefits; and

Whereas, it would be beneficial to our citizens if the Federal Government would study the costs of providing prenatal care versus the costs for caring for a preterm baby; and

Whereas, changes in the PRWORA may save the lives of many preterm babies born to immigrants in this country; and

Whereas, this Resolution is executed in memory of baby Jui: Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to examine the provisions of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 to provide prenatal care to immigrants; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-182. A communication from the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to provide the same tax breaks and federal financial assistance to Louisiana residents affected by Hurricane Rita as those afforded to Louisiana residents affected by Hurricane Katrina; to the Committee on Finance.

HOUSE CONCURRENT RESOLUTION NO. 223.

Whereas, in August and September 2005, Louisiana was decimated by multiple hurricanes striking the state, resulting in a combination of natural disasters of unprecedented proportions in American history; and

Whereas, these disasters caused a burden no state has ever had to bear, including the loss of life, livelihoods, and homes, destruction and damage to public buildings

and public works, and damage to its coastal wetlands and coastline; and

Whereas, the citizens, businesses, communities, schools, and state and local governments of Louisiana have suffered tremendous loss; and

Whereas, the ramifications of these events continue to affect every citizen of the state as we continue to struggle to rebuild our lives, homes, businesses, and communities; and

Whereas, because of the mass devastation and loss of life suffered by the citizens of New Orleans and southeast Louisiana as a result of Hurricane Katrina, congress acted quickly in granting victims and survivors of Hurricane Katrina various tax breaks and federal financial assistance aimed at long-term recovery; and

Whereas, although the devastation realized as a result of Hurricane Rita was not as large-scale as the devastation of Hurricane Katrina, the victims and survivors of Hurricane Rita who lost their homes, businesses, livelihoods, and entire communities are suffering every bit as much as the citizens affected by Hurricane Katrina; and

Whereas, the citizens of southwest Louisiana are in need for congress to act quickly in granting them the same tax breaks and federal financial assistance as was granted to the victims and survivors of Hurricane Katrina in order to sustain long-term recovery: Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to provide the same tax breaks and federal financial assistance to Louisiana residents affected by Hurricane Rita as those afforded to Louisiana residents affected by Hurricane Katrina; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-183. A resolution adopted by the House of Representatives of the State of Illinois establishing May 2007 as Amyotrophic Lateral Sclerosis Awareness Month; to the Committee on Health, Education, Labor, and Pensions.

HOUSE JOINT RESOLUTION NO. 58

Whereas, Amyotrophic lateral sclerosis or ALS is better known as Lou Gehrig's disease; and

Whereas, ALS is a fatal neurodegenerative disease characterized by degeneration of cell bodies of the lower motor neurons in the gray matter of the anterior horns of the spinal cord; and

Whereas, The initial symptom of ALS is weakness of the skeletal muscles, especially those of the extremities; and

Whereas, As ALS progresses the patient experiences difficulty in swallowing, talking, and breathing; and

Whereas, ALS eventually causes muscles to atrophy and the patient becomes a functional quadriplegic; and

Whereas, ALS does not affect a patient's mental capacity, so that the patient remains alert and aware of his or her loss of motor functions and the inevitable outcome of continued deterioration and death; and

Whereas, On average, patients diagnosed with ALS only survive two to five years from the time of diagnosis; and

Whereas, research indicates that military veterans are at a 50% or greater risk of developing ALS than those who have not served in the military; and

Whereas, ALS has no known cause, means of prevention, or cure; and

Whereas, Amyotrophic Lateral Sclerosis Awareness Month increases the public's awareness of ALS patients' circumstances and acknowledges the terrible impact this disease has not only on the patient but on his or her family and the community and recognizes the research being done to eradicate this horrible disease; Now, therefore, be it

Resolved, by the House of Representatives of the Ninety-Fifth General Assembly of the State of Illinois, The Senate concurring herein, that we proclaim the month of May 2007 as Amyotrophic Lateral Sclerosis Awareness Month in the State of Illinois; and be it further

Resolved, That we memorialize the President and Congress of the United States to enact legislation to provide additional funding for research in order to find a treatment and eventually a cure for amyotrophic lateral sclerosis; and be it further

Resolved, That suitable copies of this resolution be presented to the President of the United States and each member of the Illinois congressional delegation.

POM-184. A resolution adopted by the House of Representatives of the State of Illinois urging Congress to address certain concerns relative to the reauthorization of the No Child Left Behind Act; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 396

Whereas, The federal No Child Left Behind Act of 2001 (NCLB) requires reauthorization in 2007; Now therefore, be it

Resolved, by the House of Representatives of the Ninety-Fifth General Assembly of the State of Illinois, That we urge the United States Congress to address the following concerns when considering the reauthorization of NCLB:

(1) allow states the flexibility to use growth model assessment models to enhance existing measures of student progress;

(2) provide flexibility in program implementation with respect to varying student and teacher needs related to diversity of geography, wealth, and background;

(3) revise assessment guidelines for special needs students so that such students are more fairly assessed considering their specific individualized education programs and, therefore, better served;

(4) resolve other contradictions between NCLB and the Individuals with Disabilities Education Act (IDEA);

(5) address issues arising from students who are counted in multiple groups when determining adequate yearly progress;

(6) allow schools to offer, and provide full funding for, important supplemental education services before schools are forced to offer choice;

(7) provide greater flexibility when determining the sizes of groups regarding assessment subgroups;

(8) school improvement grants must be funded so that the sanctions placed on schools will result in improved student achievement and the reversal of negative trends;

(9) seek greater consistency in state certification criteria and the federal "highly qualified" designation;

(10) the highly qualified teacher provisions of NCLB require clarification, greater flexibility regarding alignment with state certification, and appropriate, specific, technical assistance in order to ensure compliance; and

(11) resident school districts of special needs students attending private schools must pay for IDEA services delivered at a private school; and be it further

Resolved, That suitable copies of this resolution be delivered to President of the United States George W. Bush, United States Secretary of Education Margaret Spellings, and each member of the Illinois congressional delegation.

POM-185. A resolution adopted by the Senate of the State of Michigan urging Congress to enact the Education Begins at Home Act; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 61

Whereas, each year, an estimated 2.7 million children in America are abused or neglected, including 900,000 cases that are actually investigated and verified by overburdened state child protection systems. Nationally, more than 1,400 children die from abuse or neglect each year. Over half of them were previously unknown to child protective services. In Michigan during 2005, 147,628 families were investigated for

suspected child maltreatment. In those families investigated, 28,154 children were confirmed to be victims of child abuse and neglect. Of all confirmed cases of abuse and neglect, more than a third involved children three years old or younger. Another 19,265 children were in out-of-home placement as the result of child abuse and neglect and delinquency; and

Whereas, children who survive abuse or neglect likely carry the emotional scars for life, while studies also show that being abused or neglected multiplies the risk that a child will grow up to be violent. The best available research indicates that, based on confirmed cases of child abuse and neglect in just one year, of these children, there will be an additional 35,000 adult violent criminals and more than 250 murderers who would never have become violent criminals if not for the abuse or neglect they endured as children. Fortunately, evidence-based in-home parent coaching programs can prevent child abuse and neglect and reduce later crime and violence. In general, these programs provide voluntary coaching to parents of children up to five years old in home settings for some period of time; and

Whereas, a number of programs exist to help parents. The Nurse Family Partnership randomly assigned interested at-risk pregnant women to receive in-home visits by nurses starting before the birth of the first child and continuing until the child was two years old. The program cut abuse and neglect among at-risk children in half according to research published in a leading medical journal. In addition, children of mothers who received this coaching had 59 percent fewer arrests by age 15 than the children of mothers who were not coached. Yet this program reaches only a tiny fraction of eligible parents. Other major home-visiting programs include Parents as Teachers, Healthy Families America, Early Head Start, Home Instruction for Parents of Preschool Youngsters, and the Parent-Child Home Program. However, hundreds of thousands of at-risk mothers across the country receive no in-home parent coaching. The impacts of child abuse and neglect cost Americans \$94 billion a year. In 2005, the direct cost of child abuse and neglect in Michigan was an estimated \$531,744,598. Prevention efforts such as Michigan's 0-3 Secondary Prevention Initiative, which reflects the use of a variety of program models, saved an estimated \$41,268,095 in direct costs associated with child abuse and neglect; and

Whereas, in the 109th Congress, Senator Bond and Representatives Davis and Platts, together with many of their colleagues, cosponsored the bipartisan Education Begins at Home Act in the Senate and House (S. 503/H.R. 3628) to provide grants to help states establish or expand voluntary in-home parent-coaching programs for families with

young children. The Education Begins at Home Act would have authorized \$400 million over three years in grants from the United States Department of Health and Human Services for voluntary in-home parent-coaching programs. The Education Begins at Home Act would also have authorized \$100 million over three years in grants for voluntary in-home parent-coaching programs for English language learners and military families. These programs would strengthen Early Head Start, which includes center-based and in-home parent coaching components. Each of the major home-visiting programs operates in Michigan, and the Education Begins at Home Act would allow program flexibility so that states would not be tied to one particular model. These voluntary programs would help new parents learn skills to promote healthy child development and be better parents; Now: therefore, be it

Resolved by the Senate, That we memorialize the United States Congress to reintroduce an expanded Education Begins at Home Act. We encourage sponsors of the new bill to include separate funding authorization levels for each of the next five years, to target funding first toward jurisdictions with the greatest need, and to ensure that funding priority be given to evidence-based approaches that deliver effective results in improving outcomes for children and families; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-186. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to take a proactive role in assisting the communities of New Orleans East in protecting their health and safety and in promoting economic development; to the Committee on Health, Education, Labor, and Pensions.

SENATE CONCURRENT RESOLUTION NO. 134

Whereas, the health, safety, welfare, and economic recovery of the residents and businesses of New Orleans East are dependent upon the continued assistance and encouragement from our federal partners; and

Whereas, the Legislature of Louisiana created the New Orleans Regional Business Park as a special municipal district for the primary purpose of engaging industrial, manufacturing, processing, assembling, distribution, and wholesale businesses; and

Whereas, as of early May 2006, approximately forty companies out of one hundred four pre-Katrina were back in business and the future of the others is largely uncertain; and

Whereas, New Orleans East has become the illegal burial grounds for homes and businesses washed out by hurricanes Katrina and Rita; and

Whereas, illegal dumping makes it extremely hard to attract businesses to New Orleans East and to the business park; and

Whereas, in the business park alone there are twenty-three known illegal dumping sites and thirteen illegal automobile dumping sites; and

Whereas, the U.S. Environmental Protection Agency awarded the business park \$400,000 in grants to catalogue contamination, but none of the federal funds will be used for cleanup; and

Whereas, the Louisiana Department of Environmental Quality Enforcement Division, Surveillance Division and Criminal Investigations Section of the Legal Affairs Division have inspected over one hundred seventy-five sites and found potential environmental violations on one hundred fifty of these sites in the Almonaster/Gentilly area alone; and

Whereas, on one of these sites, sixty-five thousand cubic yards of debris or approximately an eleven foot tall mound of debris was found to have been illegally dumped on this one site in New Orleans East; and

Whereas, the illegal piles of debris do not have protective barriers to keep whatever poisons are in the piles contained and from leaking out into the wetlands surrounding this area; and

Whereas, numerous federal agencies have roles and responsibilities in the health, safety, and economic development after hurricanes Katrina and Rita which range from debris removal, oversight of regulations, and recovery funding; and

Whereas, the removal of all dump sites within the New Orleans Regional Business Park will improve the health, safety, and economic development: Now Therefore, be it *Resolved,* That the Legislature of Louisiana memorializes the Congress of the United States to urge and request the respective executive branch departments to take a proactive role in assisting the communities of New Orleans East in protecting their health and safety and in promoting economic development: and be it further

Resolved, That the Legislature of Louisiana does hereby request the Congress of the United States and the appropriate federal agencies, in coordination with appropriate Louisiana state agencies, to immediately take the following actions: (a) cease funding any waste disposal activities within the New Orleans Regional Business Park, except for the city of New Orleans' landfill known as the Gentilly Landfill which is legally permitted and should continue working with all state and federal agencies; (b) develop and implement procedures for expeditious

environmental sampling, analysis, and reporting; (c) resolve the blurring of debris management responsibilities between the Federal Emergency Management Agency and Environmental Protection Agency, and state environmental and public health agencies; (d) review and enhance the Environmental Protection Agency's oversight role of illegal and improper debris disposal; and (e) provide guidance and mechanisms for the development of public/private partnerships in restoring and redeveloping the New Orleans Regional Business Park and the New Orleans East community; and be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-187. A concurrent resolution adopted by the Senate of the State of New Hampshire urging Congress to fully fund the federal government's share of special education services under the Individuals with Disabilities Education Act; to the Committee on Health, Education, Labor, and Pensions.

Whereas, since its enactment in 1975, the Individuals with Disabilities Education Act (IDEA) has helped millions of children with special needs to receive a quality education and to develop to their full capacities; and

Whereas, IDEA has moved children with disabilities out of institutions and into public school classrooms with their peers; and

Whereas, IDEA has helped break down stereotypes and ignorance about people with disabilities, improving the quality of life and economic opportunity for millions of Americans; and

Whereas, when the federal government enacted IDEA, it promised to fund up to 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States; and

Whereas, the federal government currently funds, on average, less than 17 percent of the average per pupil expenditure in public elementary and secondary schools in the United States; and

Whereas, local school districts and state government end up bearing the largest share of the cost of special education services; and

Whereas, the federal government's failure to adequately fulfill its responsibility to special needs children undermines public support for special education and creates hardship for disabled children and their families; and

Whereas, the general court is currently challenged with the responsibility of defining and funding an adequate education for all children in this state; and

Whereas, these legislative efforts are significantly burdened and constrained by the costs incurred by the federal government's

failure to meet its full financial promise under IDEA: Now, therefore, be it

Resolved by the Senate, the House of Representatives concurring, That the New Hampshire general court urges the President and the Congress, prior to spending any surplus in the federal budget, to fund 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States as promised under IDEA to ensure that all children, regardless of disability, receive a quality education and are treated with the dignity and respect they deserve; and be it further

Resolved, That copies of this resolution be forwarded by the senate clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the New Hampshire congressional delegation.

POM-188. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to forgive student loans of college graduates who move to Louisiana to support activities to rebuild and revitalize communities damaged by Hurricane Katrina or Rita; to the Committee on Health, Education, Labor, and Pensions.

HOUSE CONCURRENT RESOLUTION NO. 15

Whereas, there are currently student loan forgiveness programs administered by the United States Department of Education for Stafford Loan recipients who serve as teachers serving low-income students and some childcare providers serving in low-income areas; and

Whereas, there are currently student loan forgiveness programs administered by the United States Department of Education for Perkins Loan recipients who serve as teachers serving low-income students, Head Start staff, special education teachers or providers, members of the armed forces in an area of hostilities, Vista or Peace Corps volunteers, full-time law enforcement and corrections officers, full-time teachers in shortage areas, full-time nurses and medical technicians, and service providers to high-risk children and families in low-income communities; and

Whereas, the United States Military and federal agencies may pay all or a portion of an individual's student loans based on years of service; and

Whereas, these loan forgiveness and repayment programs, by decreasing the financial demands on recent college graduates, provide incentive for individuals to work in professions and for pay that would otherwise not be economically feasible; and

Whereas, the needs and demands for assistance in the areas damaged by Hurricanes Katrina and Rita to children and families exceed the services provided by

education to low-income schools, the federal government, Vista, law enforcement, or the medical community: Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to expand the student loan forgiveness programs currently provided by the United States Department of Education to provide for loan forgiveness of Stafford Loan and Perkins Loan recipients for college graduates who relocate to Louisiana to support efforts to rebuild and revitalize communities damaged by Hurricane Katrina or Rita; and be it further

Resolved, That such efforts shall include but not be limited to partial or total forgiveness of loans for individuals employed by public and nonprofit agencies and providing services to communities damaged by Hurricane Katrina or Rita; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-189. A resolution adopted by the House of Representatives of the State of Louisiana urging Congress to fulfill the commitment to the citizens of Louisiana to fully fund recovery from damages resulting from Hurricanes Katrina and Rita; to the Committee on Homeland Security and Governmental Affairs.

HOUSE RESOLUTION NO. 68

Whereas, in August and September 2005, the state of Louisiana experienced two of the most damaging natural disasters to occur in the United States with Hurricanes Katrina and Rita; and

Whereas, as a result of these devastating events, the President's Office of Gulf Coast Rebuilding estimated that over one hundred twenty-seven thousand owner-occupied homes received major or severe damage based on the criteria used by the Federal Emergency Management Agency; and

Whereas, in the aftermath of Hurricane Katrina, President George W. Bush made a commitment to the people of Louisiana, in a nationally covered statement, that the federal government would do what was necessary to provide for the recovery of the state and its citizens; and

Whereas, the state of Louisiana has always proposed that The Road Home Program pay for owner-occupied uninsured or underinsured wind damage as well as flood damage within the parameters of the program; and

Whereas, in Action Plan Amendment No.1 proposed by the Louisiana Recovery Authority, captioned Action Plan Amendment for Disaster Recovery Funds for

The Road Home Housing Program, which, according to news releases, was approved by the United States Department of Housing and Urban Affairs in May 2006, it was clearly stated in the program proposed to provide "the full proposed assistance to all of the Louisiana homeowners who suffered major or severe damage" and stated, "It is the State's policy that participants in the Homeowner Assistance Program deserve a fair and independent estimate or projection of damages from the storm, regardless of the cause of the damage"; and

Whereas, according to federal sources, 43,298 homeowners experienced no major flooding but major or severe wind damage; and

Whereas, since the adoption of the Action Plan Amendment No.1, the state has experienced increased costs in the program, resulting in a current three billion dollar shortfall, duly from a combination of factors, including an increase in the number of eligible claimants from the original estimates by approximately eleven thousand, more homes severely damaged than originally estimated, increased costs per eligible claimant than originally estimated, lower than anticipated homeowner property insurance claim benefits received from private insurers, and higher than estimated costs of repair and construction: Therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana memorializes the Congress of the United States and urges and requests the federal administration to fulfill the commitment to the citizens of Louisiana to fully fund recovery from damages resulting from Hurricanes Katrina and Rita; and be it further

Resolved, That a copy of this Resolution be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives, to each member of the Louisiana delegation to the United States Congress, and to the president of the United States.

POM-190. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to grant an extension to Louisiana with regard to the deadlines for implementing the provisions of the Adam Walsh Child Protection and Safety Act of 2006; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 251

Whereas, the United States Congress enacted the Adam Walsh Child Protection and Safety Act of 2006 to provide for a comprehensive national system for the registration of sex offenders and child predators; and

Whereas, the Act provides for a set of minimum standards governing the sex

offender registration and notification programs in each state to provide for a more effective method of tracking offenders nationwide; and

Whereas, the federal legislation made significant changes in the manner in which sex offenders and child predators register with law enforcement agencies, including but not limited to requiring offenders to provide additional information to law enforcement at the time of registration, increasing the length of time in which an offender must maintain registration, and requiring offenders to register in the jurisdiction of residence, employment, or enrollment; and

Whereas, Section 126 of the Adam Walsh Child Protection and Safety Act of 2006 authorizes bonus payments for states or other jurisdictions that substantially implement the federal provisions not later than two years after the enactment date; and

Whereas, although the federal legislation created incentive grant programs for those states who implement the new requirements within the first two years after the enactment of the Adam Walsh Act, the United States Department of Justice only recently issued the proposed National Guidelines for Sex Offender Registration and Notification, which were intended to provide further guidance to states in implementing the provisions of the Adam Walsh Act; and

Whereas, the proposed National Guidelines for Sex Offender Registration and Notification were issued in May of this year, over a month after the 2007 Regular Session of the Louisiana Legislature began; and

Whereas, these guidelines, although issued in May, will not become finalized prior to the end of the 2007 Regular Session and are subject to change until that time; and

Whereas, legislation was introduced in the Louisiana Legislature by Representative Cazayoux (House Bill No. 970) to amend Louisiana's sex offender registration and notification provisions to comply with the provisions of the federal Adam Walsh Child Protection and Safety Act of 2007; and

Whereas, once the National Guidelines for Sex Offender Registration and Notification are finalized, it will be necessary to review and analyze Louisiana's laws on sex offender registration and notification to determine if additional changes are necessary: Therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to grant an extension to Louisiana with regard to the deadlines for implementing the provisions of the Adam Walsh Child Protection and Safety Act of 2006, and federal guidelines adopted pursuant thereto, regarding Louisiana's eligibility to receive incentive grants created by the Adam Walsh Act; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-191. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to ensure the passage of the Online Pharmacy Consumer Protection Act of 2007; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 106

Whereas, a great number of rogue online pharmacy web sites offer controlled substances for sale based simply on the results of a cursory online questionnaire and without the need for a valid prescription; and

Whereas, Senators Dianne Feinstein of California and Jeff Sessions of Alabama have introduced Senate Bill No. 980 in the first session of the One Hundred Tenth Congress, the Online Pharmacy Consumer Protection Act of 2007, to combat abuse by rogue online pharmacy web sites; and

Whereas, the Act requires a valid prescription and physician-patient relationship in order for a controlled substance to be dispensed through an online pharmacy; and

Whereas, the Act requires an online pharmacy to file a registration statement with the attorney general as well as report controlled substances dispensed under such registration; and

Whereas, the Act mandates that an online pharmacy comply with state law licensure requirements for both the state from which it delivers a controlled substance and the state to which it delivers a controlled substance; and

Whereas, the Act requires that the web site of an online pharmacy prominently display identifying information about the business, a list of states in which the pharmacy is licensed, all applicable licenses and certifications, and identifying information about the practitioners who provide medical consultations through the web site; and

Whereas, the Act provides criminal penalties for any individual or entity who unlawfully dispenses controlled substances online, gives state attorneys general the right to file a civil action against an individual or entity who violates the Act if the violation has affected residents of the state, and allows the federal government to seize any tangible or intangible property which has been used illegally by an online pharmacy. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to ensure the passage of the Online

Pharmacy Consumer Protection Act of 2007. Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-192. A resolution adopted by the Senate of the State of Texas urging Congress to support legislation for veterans' health care budget reform to allow assured funding; to the Committee on Veterans' Affairs.

SENATE RESOLUTION NO. 594

Whereas, Military veterans who have served their country honorably and who were promised and have earned health care and benefits from the federal government through the Department of Veterans Affairs are now in need of these benefits; and

Whereas, Federal discretionary funding is controlled by the executive branch and the United States Congress through the budget and appropriations process; and

Whereas, Direct funding provides the Department of Veterans Affairs with a reliable, predictable, and consistent source of funding to provide timely, efficient, and high-quality health care for our veterans; and

Whereas, Currently almost 90 percent of federal health care spending is direct rather than discretionary, and only the funding for health care for active duty military, Native Americans, and veterans is subject to the discretion of the United States Congress; and

Whereas, Discretionary funding for health care lags behind both medical inflation and the increased demand for services; for example, the enrollment for veterans' health care increased 134 percent between fiscal years 1996 and 2004 yet funding increased only 34 percent during the same period when adjusted to 1996 dollars; and

Whereas, The Department of Veterans Affairs is the largest integrated health care system in the United States and has four critical health care missions: to provide health care to veterans, to educate and train health care personnel, to conduct medical research, and to serve as a backup to the United States Department of Defense and support communities in times of crisis; and

Whereas, The Department of Veterans Affairs operates 157 hospitals, with at least one in each of the contiguous states, Puerto Rico, and the District of Columbia; and

Whereas, The Department of Veterans Affairs operates more than 850 ambulatory care and community-based outpatient clinics, 132 nursing homes, 42 residential rehabilitation treatment programs, and 88 home care programs; and

Whereas, The Department of Veterans Affairs provides a wide range of specialized services to meet the unique needs of veterans,

including spinal cord injury and dysfunction care and rehabilitation, blind rehabilitation, traumatic brain injury care, post-traumatic stress disorder treatment, amputee care and prosthetics programs, mental health and substance abuse programs, and long-term care programs; and

Whereas, The Department of Veterans Affairs health care system is severely underfunded, and had funding for the department's medical programs been allowed to grow proportionately as the system sought to admit newly eligible veterans following the eligibility reform legislation in 1996, the current veterans' health care budget would be approximately \$10 billion more; and

Whereas, In a spirit of bipartisan accommodation, members of the United States Congress should collectively resolve the problem of discretionary funding and jointly fashion an acceptable formula for funding the medical programs of the Department of Veterans Affairs; now, therefore, be it

Resolved, That the Senate of the State of Texas, 80th Legislature, hereby express its profound gratitude the for sacrifices made by veterans, including those who suffer from medical or mental health problems resulting from injuries that occurred while serving in the United States Armed Forces at home or abroad; and, be it further

Resolved, That the Senate hereby respectfully urge the Congress of the United States to support legislation for veterans' health care budget reform to allow assured funding; and, be it further

Resolved, That the Secretary of the Senate forward official copies of this Resolution to the Secretary of Veterans Affairs, to the President of the United States, to the Speaker of the House of Representatives and the President of the Senate of the United States Congress, and to all the members of the Texas delegation to the Congress with the request that this Resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America.

DECLARATION OF A NATIONAL
EMERGENCY RELATIVE TO THE
THREAT IN LEBANON POSED BY THE
ACTIONS OF CERTAIN PERSONS TO
UNDERMINE LEBANON'S LEGITIMATE
DEMOCRATIC INSTITUTIONS -- PM 23

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act, as amended (50

U.S.C. 1701 et. seq.) (IEEPA), I hereby report that I have issued an Executive Order declaring a national emergency to deal with the threat in Lebanon posed by the actions of certain persons to undermine Lebanon's legitimate and democratically elected government or democratic institutions, to contribute to the deliberate breakdown in the rule of law in Lebanon, including through politically motivated violence and intimidation, to reassert Syrian control or contribute to Syrian interference in Lebanon or to infringe upon or undermine Lebanese sovereignty, contributing to political and economic instability in that country and the region. Such actions constitute an unusual and extraordinary threat to the national security and foreign policy of the United States.

This order will block the property and interests in property of persons determined by the Secretary of the Treasury, in consultation with the Secretary of State, to have taken, or to pose a significant risk of taking, actions, including acts of violence, that have the purpose or effect of undermining Lebanon's democratic processes or institutions or contributing to the breakdown of the rule of law in Lebanon, supporting the reassertion of Syrian control or contributing to Syrian interference in Lebanon, or infringing upon or undermining Lebanese sovereignty. The order further authorizes the Secretary of the Treasury, in consultation with the Secretary of State, to block the property and interests in property of those persons determined to have materially assisted, sponsored, or provided financing, material, logistical, or technical support for, or goods or services in support of, such actions or any person whose property and interests in property are blocked pursuant to the order; to be a spouse or dependent child of any person whose property and interests in property are blocked pursuant to the order; or to be owned or controlled by, or to act or purport to act for or on behalf of, directly or indirectly, any person whose property and interests in property are blocked pursuant to the order.

I delegated to the Secretary of the Treasury, in consultation with the Secretary of State, the authority to take such actions, including the promulgation of rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to carry out the purposes of my order.

I am enclosing a copy of the Executive Order I have issued.

GEORGE W. BUSH.

THE WHITE HOUSE, *August 1, 2007.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-193. A resolution adopted by the Legislature of Rockland County, New York, urging Congress to schedule a public hearing in Rockland County with the Federal Aviation Administration and to not close the public comment period on the proposed airspace redesign; to the Committee on Commerce, Science, and Transportation.

POM-194. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to provide funding for the Louisiana University of Medical Sciences, Inc., College of Primary Care Medicine; to the Committee on Health, Education, Labor, and Pensions.

SENATE CONCURRENT RESOLUTION NO. 137

Whereas, Louisiana suffers with one of the worst health environments in the country, including a high infant mortality rate, a high rate of low birth weight babies, and an incidence of stroke that is 1.3 times that of the rest of the country, outside of the "stroke belt"; and

Whereas, despite the best efforts of medical education institutions in Louisiana, the deficit of primary care physicians continues; and

Whereas, less than one-half of the 1998 graduates of medical education institutions in Louisiana selected a primary care specialty; and

Whereas, Louisiana University of Medical Sciences, Inc., College of Primary Care Medicine, is a non-profit organization designed to address the shortage of primary care physicians in small towns, rural areas, and underserved areas; and

Whereas, the faculty and staff of the College of Primary Care Medicine are committed to a teaching program that addresses the shortage of primary care physicians both in Louisiana and nationwide; and

Whereas, throughout the educational experience at the College of Primary Care Medicine of the Louisiana University of Medical Services, Inc., the student will be exposed to a wide variety of primary health care settings; and

Whereas, through the program at the College of Primary Care Medicine of the Louisiana University of Medical Services, Inc., the traditional basic medical sciences will be thoroughly presented, and students will be given all the tools necessary to be successful on the United States Medical Licensing Examination. Therefore, be it

Resolved, That the Legislature of Louisiana hereby memorializes the Congress of the United States to provide funding for the Louisiana University of Medical Services, Inc., College of Primary Care Medicine. Be it further

Resolved, That a copy of this Resolution be transmitted to the President of the United States, the secretary of the United States Senate, the clerk of the United States House of Representatives, and each member of the Louisiana delegation to the Congress of the United States.

POM-195. A resolution adopted by the House of Representatives of the State of Illinois urging Congress to act on legislation that would ensure the safety and well-being of the returning veterans who face mental illness caused by their fulfillment of their duties; to the Committee on Veterans' Affairs.

Whereas, A significant growth in Post-Traumatic Stress Disorder (PTSD) has been identified over the past few years with the escalation of combat veterans returning home from the Iraq and Afghanistan conflicts;

nation-wide calls for more assistance for those returning with mental issues as a result of combat have been growing, and this resolution is in response to those calls; and

Whereas, As of January 2007, more than 1.6 million U.S. Servicemen and women had served in Afghanistan and Iraq; and

Whereas, In October 2005, the U.S. Department of Veterans Affairs reported that more than 430,000 U.S. soldiers have been discharged from the military following service in Afghanistan and Iraq; more than 119,000 have sought help for medical or mental health issues from the Department of Veterans Affairs to date; and

Whereas, In January 2006, the Journal of the American Medical Association reported that 35% of Iraq Veterans have already sought help for mental health concerns; a 2003 New England Journal of Medicine Study found that more than 60% of Operation Iraqi Freedom/Operation Enduring Freedom veterans showing symptoms of PTSD were unlikely to seek help due to fears of stigmatization or loss of career advancement opportunities; and

Whereas, In 2005, the Department of Veterans Affairs reported that 18% of Afghanistan Veterans and 20% of Iraq Veterans in their care were suffering from some type of service-connected psychological disorder; and

Whereas, The Department of Veterans Affairs has seen a tenfold increase in PTSD cases in 2006; according to the VA, more than 37,000 Vets of Iraq and Afghanistan are suffering from mental health disorders, and more than 16,000 have already been diagnosed with PTSD; and

Whereas, According to the Army, since March 2003, at least 45 U.S. soldiers and 9 Marines have committed suicide in Iraq; at least 20 soldiers and 23 Marines have committed suicide since returning home, though exact numbers are not available; and

Whereas, The United States Congress is currently considering H.R. 612, H.R. 1538, S. 713, and H.R. 1268, which address the tragic Post-Traumatic Stress Disorder situation among our returning veterans; therefore, be it

Resolved, by the House of Representatives of the Ninety-fifth General Assembly of the State of Illinois, that our returning veterans deserve the very best in healthcare, including mental care, and that both the Federal Government and State Governments must work together to provide this healthcare; and be it further

Resolved, That the State of Illinois wishes to be a model State for the medical care that we offer to our returning soldiers in joint partnership with the Federal Government; and be it further

Resolved, That we urge Congress to act on H.R. 612, H.R. 1538, S. 713, and H.R. 1268 for the safety and well-being of our returning

veterans who face mental illness caused by their fulfillment of their duties; and be it further

Resolved, That suitable copies of this resolution be sent to the Majority Leader and the Minority Leader of the U.S. Senate, the Speaker and the Minority Leader of the U.S. House of Representatives, the Illinois Congressional Delegation, and the Director of the Illinois Department of Veterans' Affairs.
