OF REMEMBRANCE OF VICTIMS OF
THE HOLOCAUST

On the request of Mr. REID,

The PRESIDING OFFICER laid before the Senate the concurrent resolution (H. Con. Res. 66) permitting the use of the rotunda of the Capitol for a ceremony as part of the commemoration of the days of remembrance of victims of the Holocaust, received from the House of Representatives for concurrence on Friday, March 23, 2007, and remaining undisposed of.

The Senate proceeded, by unanimous consent, to consider the concurrent resolution.

The question being on agreeing to the concurrent resolution.

Resolved, That the Senate agree thereto.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

ORDERS FOR ADJOURNMENT
UNTIL 10 A.M. ON TOMORROW,
AND FOR PROGRAM

By unanimous consent, on the request of Mr. REID,

Ordered, That, when the Senate concludes its business on today, it adjourn until 10 a.m. on tomorrow; that, on tomorrow, immediately following the prayer and reciting of the Pledge of Allegiance to the Flag of the United States of America, the Journal of the proceedings of the Senate be approved to date, the morning hour be deemed expired, and the times for the two leaders be reserved; that the Senate then proceed to a period of 60 minutes for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein; that the first 30 minutes therein be controlled by the minority, and the second 30 minutes therein be controlled by the majority; and that, following morning business, the Senate resume consideration of bill H.R. 1591.

Ordered further, That, on tomorrow, upon conclusion of the vote on the nomination of George H. Wu, the Senate recess until 2:15 p.m.

Ordered further, That Senators be authorized to "file" first-degree amendments to bill H.R. 1591 until 2:30 p.m. on tomorrow.

ADJOURNMENT

By unanimous consent, on the request of Mr. REID,

At 6:56 p.m.,

The Senate adjourned, under its order of today, until 10 a.m. on tomorrow.

TUESDAY, MARCH 27, 2007

Mr. ROBERT MENENDEZ, from the State of New Jersey, called the Senate to order at 10 a.m., the Chaplain offered a prayer, and Mr. MENENDEZ led the Senate in reciting the Pledge of Allegiance to the Flag of the United States of America.

Pending debate,

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-49. A resolution adopted by the California State Lands Commission urging the Senate to pass Senate Resolution 151; to the Committee on Energy and Natural Resources.

Whereas, U.S. Senators Boxer and Feinstein have introduced S. 151 to prohibit

new oil and gas leasing in federal waters off California; and

Whereas, California's 1,100 mile coastline, with its beautiful beaches, wild cliffs, abundant fish stocks and fragile environment is a national treasure and a valuable state resource, which is at the heart of a tourist industry that generates nearly five billion dollars in state and local taxes each year; and is the heart of the state's \$43 billion ocean economy; and

Whereas, the citizens of California have long opposed new oil and gas drilling off their coastline and support protecting the fragile and valuable coastal environment over development of the relatively small amounts of oil and gas offshore California; and

Whereas, California initiated protection of its coast from oil and gas development when the California Legislature in 1955 and 1963, prohibited oil and gas leasing in the State waters off Monterey and Santa Cruz counties and portions of Los Angeles, Santa Barbara, San Luis Obispo, Humboldt, and Mendocino Counties; and

Whereas, the California State Lands Commission has not issued any offshore oil and gas lease for new areas since the 1969 spill from a well in Federal waters off Santa Barbara that released over three million gallons of crude oil, coating Santa Barbara County's ocean beaches; and

Whereas, the California Legislature continued the State's efforts to restrict oil and development in its own waters by enacting the California Coastal Sanctuary Act in 1994, which codified the Commission's earlier administrative prohibition of new offshore leases and created a statutory statewide coastal sanctuary that prohibits future oil and gas leasing in all State coastal waters, from Mexico to the Oregon border, in perpetuity; and

Whereas, the U.S. Congress has protected California coastline from expanded offshore drilling for more than twenty years, renewing this protection in the form of a legislative moratorium contained in the annual appropriations bill for the Department of the Interior; and

Whereas, the need for new oil development can be reduced by improving automobile fuel efficiency and energy efficiency, utilizing and further researching renewable energy and alternative fuels, and fully funding energy conservation and efficiency programs, including solar and renewables, weatherization, and other initiatives; thus increasing energy independence and reducing the reliance on foreign oil; and

Whereas, in spite of the steady opposition to new oil and gas leasing off California, various proposals have been made in the last five years to end the federal moratorium or to take steps, such as oil and gas inventories, that are intended to lead to new leasing; and

Whereas, the Commission has adopted six resolutions since 2001 supporting the existing moratorium on new federal leases and opposing the new initiatives to open the California coast to new oil and gas development and leases; and

Whereas, S. 151, recently introduced by Senators Boxer and Feinstein would permanently ban new oil and gas leasing in federal waters, consistent with the state's own prohibition of new leasing in state waters; now, therefore, be it

Resolved by the California State Lands Commission, That it supports S. 151 and the prohibition it proposes for new oil and gas leases in federal waters off California and urges Congress to adopt this measure; and be it further

Resolved, That the Congress of the United States and the Federal government be encouraged to explore options to increase energy independence and reduce reliance on foreign oil, such as incentives to improve energy efficiency, requirements to improve automobile fuel efficiency, provide funding for research into renewable energy and alternative fuels, and fully funding energy conservation and efficiency; and be it further

Resolved, That the Commission's Executive Officer transmit copies of this resolution to the President and Vice President of the United States, to the Governor of California, to the Majority and Minority Leaders of the United States Senate, to the Speaker and Minority Leader of the United States House of Representatives, to the Chairs and Ranking Minority Members of the House Committee on Natural Resources, the House Committee on Energy and Commerce, the Senate Committee on Energy and Natural Resources, and the Senate Committee on Environment and Public Works and to each Senator and Representative from California in the Congress of the United States.

POM-50. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan urging Congress to enact the Great Lakes Asian Carp Barrier Act; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 17

Whereas, two species of Asian carp are on the verge of invading the Great Lakes. Silver carp and bighead carp have advanced up the Mississippi River since their escape from southern fish farms in the early 1980s, and now have been identified within miles of Lake Michigan in the Illinois River near Chicago; and

Whereas, Asian carp pose a significant risk to the ecology and economy of the Great Lakes region. Asian carp can grow as large as 100 pounds and are voracious feeders. They compete with native fish for food and degrade water quality by disturbing

sediments. They could become a dominant species in the Great Lakes, threatening a \$4.5 billion commercial and recreational fishery. Silver carp can also jump up to 10 feet out of the water when disturbed, posing a risk to recreational boaters; and

Whereas, Asian carp are the latest in a long line of exotic species to threaten the Great Lakes. Over 180 exotic species have invaded the Great Lakes since European settlement. The most harmful exotic species, zebra mussels and sea lampreys, have cost an estimated \$100 million per year to control during the 1990s. Scientists project that Asian carp could have a similar impact on the Great Lakes; and

Whereas, the only thing preventing the movement of Asian carp into the Great Lakes is a temporary electrical barrier in the Chicago Sanitary and Ship Canal operated by the United States Army Corps of Engineers. In addition, the Army Corps and the state of Illinois are constructing a permanent electrical barrier to replace the temporary barrier; and

Whereas, to date, over \$12 million has been spent on construction and operation of the electrical barriers. To help match federal funding, the state of Michigan has contributed nearly \$70,000 toward the completion of the permanent electrical barrier; and

Whereas, current funding is insufficient to complete construction of the permanent barrier and only finances operation of the temporary barrier through the first half of fiscal year 2007. In addition, there is no funding to renovate the temporary barrier as a permanent backup to the new barrier; and

Whereas, The Great Lakes Asian Carp Barrier Act (H.R. 553 and S. 336) would provide funds to upgrade the current barrier and complete construction of the permanent barrier; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the United States Congress to enact the Great Lakes Asian Carp Barrier Act (H.R. 553 and S. 336) to protect the Great Lakes from Asian carp; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-51. A resolution adopted by the House of Representatives of the General Assembly of the State of Kentucky urging Congress to repeal the Government Pension Offset and the Windfall Elimination Provision; to the Committee on Finance.

HOUSE RESOLUTION NO. 45

Whereas, the intent of Congress in the enactment of the Government Pension Offset

(GPO) and the Windfall Elimination Provision (WEP) was to protect the Social Security program and eliminate perceived abuses in the payment of dual benefits to certain beneficiaries; and

Whereas, the GPO and WEP, have resulted in devastating, unintended consequences for hundreds of thousands of teachers and other public employees nationwide; and

Whereas, the GPO affects teachers and other public employees in Kentucky and other states who are participants in public retirement systems but who do not participate in the Social Security retirement program; and

Whereas, under the GPO, a teacher who receives benefits under the Kentucky Teachers' Retirement System will suffer at least a two-thirds reductions in the Social Security survivor benefits the teacher would otherwise receive from a spouse's private-sector earnings; and

Whereas, teachers in fifteen states, including Kentucky, do not participate in the Social Security program; and

Whereas, the WEP reduces the Social Security benefits of a teacher or other public employee who has participated and received earnings sufficient to qualify for Social Security retirement benefits as well as the benefits procured under the Kentucky Teachers' Retirement System or other public retirement system; and

Whereas, the GPO and WEP unfairly target public employees, especially our highly valued teachers who sacrifice lucrative earnings in the private sector to educate our children; and

Whereas, Kentucky has a significant teacher shortage and loses more than 2000 teachers annually to retirement and must actively recruit new teachers to meet growing enrollment demands; and

Whereas, a federal proposal to repeal both the GPO and WEP, the Social Security Fairness Act of 2007, has been introduced in the U.S. House of Representatives and the U.S. Senate and clearly indicates an awareness and acknowledgment of the devastating impact of these provisions on teachers and other public employees; Now, therefore, be it

Resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives of the Commonwealth of Kentucky urges the Congress of the United States to enact the Social Security Fairness Act of 2007 or similar legislation to repeal the GPO and WEP provisions of the Social Security law.

Section 2. The Clerk of the House of Representatives shall transmit copies of this Resolution to the President and Vice President of the United States to the Speaker of the U.S. House of Representatives, the Majority Floor Leader of the U.S. Senate, and

to each Senator and Representative from the Commonwealth of Kentucky in the Congress of the United States.

POM-52. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan urging the President and Congress to appropriate additional funding for the Low Income Home Energy Assistance Program; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 33

Whereas, Home heating is a fundamental necessity in northern climate states during the months from October through March, However, low-income households in Michigan and across the nation struggle to pay for this basic necessity. High energy bills in winter force many low-income households into difficult situations, such as forgoing medicine or food in order to pay energy bills or putting themselves in danger by using stoves and portable heaters to provide warmth; and

Whereas, In the early 1980s, Congress recognized the need for heating and other home energy assistance when it enacted legislation to create the Low Income Home Energy Assistance Program (LIHEAP). The LIHEAP program has become a crucial safety net for low-income households and families across the nation, especially in northern climate states. LIHEAP assistance has helped millions of families keep their homes at safe and healthy temperatures; and

Whereas, Last year Congress appropriated a record level \$3.2 billion in LIHEAP funding. In spite of this, only a fraction of eligible low income households received assistance. According to the United States Department of Health and Human Services, last winter only 15 percent of 38 million eligible low-income households actually received assistance from the LIHEAP program; and

Whereas, This year, with the adoption of a September 29th, continuing resolution, Congress has appropriated only \$1.98 billion for LIHEAP. The President's proposed FY 2008 budget calls for funding to be reduced further to \$1.78 billion. Under these funding proposals, it is estimated that Michigan will receive as much as \$47 million dollars less than last year. This will surely mean that state energy assistance programs will be forced to shut down programs and turn needy people away. Last year, even with the record level funding, only 35 percent of eligible low-income households in Michigan received LIHEAP assistance; and

Whereas, such inadequate LIHEAP funding could be disastrous for Michigan. The state is struggling through one of the nation's worst economic situations. Currently, nearly one third of Michigan households are at or below 60 percent of the state's median income, and

the unemployment rate, which is already much higher than the national average, keeps growing. Clearly, such tough economic times coupled with a cold, harsh winter, and high heating fuel prices, make LIHEAP funding vital for the state of Michigan; now, therefore be it

Resolved by the House of Representatives. That we urge the President and the Congress of the United States to immediately increase funding for LIHEAP to at least last year's level of \$3.2 billion; and be it further

Resolved, That copies of this resolution be transmitted to the Office of the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-53. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan urging Congress to enact the Employee Free Choice Act; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 21

Whereas, In 1935, the United States established, by law, that workers must be free to form unions. The freedom to form or join a union is internationally recognized as a fundamental human right; and

Whereas, Union membership provides workers better wages and benefits, and protection from discrimination and unsafe workplaces. Unions benefit communities by strengthening tax bases, promoting equal treatment, and enhancing civic participation; and

Whereas, Even though on paper America's workers have the freedom to choose for themselves whether to have a union, in reality, workers across the nation are routinely denied that right. More than 40 million United States workers say they would join a union now if they had the opportunity; and

Whereas, When the right of workers to form a union is violated, wages fall, race and gender pay gaps widen, workplace discrimination increases, and job safety standards disappear; and

Whereas, Many thousands of workers in our country are routinely threatened, coerced, or fired each year because they try to form a union. Most violations of workers' freedom to choose a union occur behind closed doors, and each year millions of dollars are spent to frustrate workers' efforts to form unions; and

Whereas, A worker's fundamental right to choose a union is a public issue that requires a public policy solution, including legislative remedies; and

Whereas, The Employee Free Choice Act (H.R. 800) has been introduced in the United

States Congress in order to restore workers' freedom to join a union; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the United States Congress to enact the Employee Free Choice Act, which would authorize the National Labor Relations Board to certify a union as the bargaining representative when a majority of employees voluntarily sign authorizations designating that union to represent them; provide for first contract mediation and arbitration; and establish meaningful penalties for violations of a worker's freedom to choose a union; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-54. A resolution adopted by the Senate of the Legislature of the State of Michigan urging the President and Congress to increase funding for the Low Income Home Energy Assistance Program and to facilitate the establishment of programs that provide information about responsible energy use; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 10

Whereas, Each winter, public and private programs offering help to low-income families trying to heat their homes usually find their budgets stretched thin; and

Whereas, Fortunately, there is a federally funded program that provides energy assistance to low-income households. The Low Income Home Energy Assistance Program (LIHEAP) is a federal block grant program that provides billions of dollars annually to help low-income households pay energy bills. LIHEAP funds have averted numerous tragedies by enabling needy families to keep their homes at healthy and safe temperatures during the bitter cold months of winter; and

Whereas, Utility companies, government agencies, and nonprofit organizations often make information available to low-income families to help reduce their heating bills. Such information often recognizes the need for reducing home energy costs through the use of conservation technologies and flexible bill payment practices designed to help empower low-income consumers to pay their utility bills on a discounted basis; and

Whereas, Coordinated and efficient consumer education programs of federal, state, and local agencies could help consumers take responsibility for their winter heating bills. Educational programming on things such as how to set proper temperatures in the home, the use of programmable thermostats, tips on household budgeting, how to weatherize a home, and energy

efficiency training could better prepare low-income households with the skills needed to control their winter heating costs; and

Whereas, The President's proposed budget for next year would reduce the percentage of eligible needy families that receive LIHEAP assistance. The President is requesting only \$1.782 billion for LIHEAP in FY 2008. This is far less than the \$5.1 billion that is authorized for the program under the U.S. Energy Policy Act of 2005 and a dramatic 44 percent reduction from FY 2006 funding levels. According to the National Energy Assistance Directors' Association (NEADA), the President's proposed cut to LIHEAP would force states to eliminate energy assistance to more than a million households; and

Whereas, The President's proposal would hit Michigan particularly hard. No other northern climate state is suffering through such tough economic times. Michigan finished last year with one of the nation's worst unemployment rates, second only to Mississippi. Since 2003, the unemployment rate in Michigan has exceeded the national rate by an ever-widening margin. As the number of unemployed persons in the state grows, so, too, does the number of households seeking energy assistance. In spite of this, under the President's proposal, it is estimated that the state would receive nearly \$50 million less than it did last year. Clearly, we should educate customers on how to use energy wisely and we should adequately fund the LIHEAP program to ensure that low-income families in Michigan and across the nation receive the help they need during the bitter cold months of winter; now, therefore, be it

Resolved by the Senate, That we memorialize the President and the Congress of the United States, particularly the Michigan congressional delegation and the chairman of the Committee on Energy and Commerce, to do all they can to provide additional funding for the Low Income Home Energy Assistance Program and facilitate the establishment of programs that provide information on responsible energy use; and be it further

Resolved, That copies of this resolution be transmitted to the Office of the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

Akaka, Alexander, Allard, Baucus, Bayh, Bennett, Biden, Bingaman, Bond, Boxer, Brown, Brownback, Bunning, Burr, Byrd, Cantwell, Cardin, Carper, Casey, Chambliss, Clinton, Coburn, Cochran, Coleman, Collins, Conrad, Corker, Cornyn, Craig, Crapo, DeMint, Dodd, Dole, Domenici, Dorgan, Durbin, Ensign, Feingold, Feinstein, Graham, Grassley, Gregg, Hagel, Harkin, Hatch, Hutchison, Inhofe, Inouye, Isakson, Kennedy, Kerry, Klobuchar, Kohl, Kyl, Landrieu, Lautenberg, Leahy, Levin, Lieberman, Lincoln, Lott, Lugar, Martinez, McCain, McCaskill, McConnell, Menendez, Mikulski, Murkowski, Murray, Nelson (FL), Nelson (NE), Obama, Pryor, Reed, Reid, Roberts, Rockefeller, Salazar, Sanders, Schumer, Sessions, Shelby, Smith, Snowe, Specter, Stabenow, Stevens, Sununu, Tester, Thomas, Thune, Vitter, Voinovich, Warner, Webb, Whitehouse, Wyden.

So the amendment was agreed to.

On motion by Mrs. MURRAY to reconsider the vote agreeing to the amendment.

On motion by Mr. COCHRAN,

The motion to reconsider was laid on the table.

The question being on passage of the bill, as amended.

Mr. KYL raised a point of order, viz, that section 1711 of the bill, as added by amendment No. 641 (in the nature of a substitute), pursuant to the order of March 26, 2007 whereby such amendment was considered adopted, provided that no point of order be waived by that action, is legislation

on appropriations, violates provisions of Rule XVI of the Standing Rules of the Senate, and therefore not in order.

The PRESIDING OFFICER (Mr. OBAMA in the chair) held the point of order well-taken, and the section not in order.

The question being on passage of the bill, as amended.

Mrs. MURRAY asked unanimous consent that it be in order for her to propose the following amendments, on the behalf of the Senators indicated; that the amendments be modified, as indicated; and that the amendments be agreed to en bloc: Mr. KOHL (for himself, Ms. SNOWE, Mr. FEINGOLD, Ms. LANDRIEU, Mr. SCHUMER, Mrs. CLINTON, Ms. COLLINS, Mrs. MURRAY, Mr. LEAHY, and Mr. MENENDEZ), amendment No. 661; Mr. OBAMA (for himself, Mrs. MCCASKILL, Ms. MIKULSKI, Mr. HARKIN, Mr. KERRY, Ms. CANTWELL, Mr. BIDEN, Mr. BINGAMAN, Mr. CASEY, Mr. DURBIN, Mr. BAUCUS, Ms. LANDRIEU, and Mr. LEAHY), amendment No. 664, as modified; Mr. LEAHY, amendment No. 677; Ms. COLLINS (for herself and Mr. LIEBERMAN), amendment No. 679, as modified; Mr. LEAHY, amendment No. 681, as modified; Mr. DORGAN (for himself, Mr. CONRAD, Mr. JOHNSON, and Mr. THUNE), amendment No. 683; Mr. DOMENICI (for himself and Mrs. HUTCHISON), amendment No. 722, as modified; Mr. KERRY, amendment No. 726, as modified; Mr. BOND, amendment No. 728, as modified; Ms. MIKULSKI (for herself and Mr. SHELBY), amendment No. 754, as modified; Mr. BYRD (for himself and Mr. INOUE), amendment No. 757; Mrs. CLINTON (for herself and Mr. SCHUMER), amendment No. 759, as modified; Ms. SNOWE, amendment No. 771; Mr. DURBIN (for himself, Mr. BIDEN, Mr. MENENDEZ, Mr. LEVIN, Mr. CARDIN, Mr. REID, and Mrs. CLINTON), amendment No. 784, as modified; and Mr. LUGAR (for himself, Mr. BOND, Mr. COLEMAN, Mr. KENNEDY, Mr. LEAHY, Mr. LIEBERMAN, Mr. ISAKSON, Mr. SMITH, Mr. LEVIN, and Mr. SUNUNU), amendment No. 799, as modified.

Mr. COCHRAN objected.

The question being on passage of the bill, as amended.

Mr. DEMINT raised a point of order, viz, that provisions of section 431, beginning on page 150, line 13 through line 15, page 151 of the language added by amendment No. 641 (in the nature of a substitute), is legislation on appropriations, violates the provisions of rule XVI of the Standing Rules of the Senate, and therefore is not in order.

Mrs. MURRAY raised the question of germaneness.

The PRESIDING OFFICER stated: Under the provisions of rule XVI of the Standing Rules of the Senate, the Chair submits to the Senate for its decision: Is the provision challenged by Mr. DEMINT germane to the language in the bill?

On motion by Mr. DEMINT,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of germaneness.

The question of germaneness being taken.

It was determined in the affirmative--- yeas... 57, nays... 41

[Rollcall Vote No. 125 Leg.]

YEAS --- 57

Akaka, Baucus, Bayh, Biden, Bingaman, Bond, Boxer, Brown, Byrd, Cantwell, Cardin, Carper, Casey, Clinton, Cochran, Coleman, Conrad, Dodd, Dorgan, Durbin, Feingold, Feinstein, Harkin, Hutchison, Inouye, Kennedy, Kerry, Klobuchar, Kohl, Landrieu, Lautenberg, Leahy, Levin, Lieberman, Lincoln, McCaskill, Menendez, Mikulski, Murray, Nelson (FL), Nelson (NE), Obama, Pryor, Reed, Reid, Rockefeller, Salazar, Sanders, Schumer, Smith, Specter, Stabenow, Stevens, Tester, Webb, Whitehouse, Wyden.

So on a decision of the Senate,

The PRESIDING OFFICER stated that provisions of the language are germane; and The point of order falls.

On motion by Mrs. MURRAY to reconsider the vote on the decision of the Senate.

On motion by Mr. COCHRAN,

The motion to reconsider was laid on the table.

The question being on passage of the bill, as amended.

Mr. ALEXANDER raised a point of order, viz, that section 3001 of language of the bill added by amendment No. 641 (in the nature of a substitute), is legislation on appropriations, violates provisions of Rule XVI of the Standing Rules of the Senate, and therefore not in order.

The PRESIDING OFFICER held the point of order well-taken, and the section not in order.

The question being on passage of the bill, as amended.

The bill, as amended, was read the third time.

On motion by Mrs. MURRAY,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of passage of the bill, as amended.

On the question, Shall the bill, as amended, pass?

It was determined in the affirmative--- yeas... 51, nays... 47

[Rollcall Vote No. 126 Leg.]

YEAS --- 51

Akaka, Baucus, Bayh, Biden, Bingaman, Boxer, Brown, Byrd, Cantwell, Cardin, Carper, Casey,

Clinton, Conrad, Dodd, Dorgan, Durbin, Feingold, Feinstein, Hagel, Harkin, Inouye, Kennedy, Kerry, Klobuchar, Kohl, Landrieu, Lautenberg, Leahy, Levin, Lincoln, McCaskill, Menendez, Mikulski, Murray, Nelson (FL), Nelson (NE), Obama, Pryor, Reed, Reid, Rockefeller, Salazar, Sanders, Schumer, Smith, Stabenow, Tester, Webb, Whitehouse, Wyden.

NAYS --- 47

Alexander, Allard, Bennett, Bond, Brownback, Bunning, Burr, Chambliss, Coburn, Cochran, Coleman, Collins, Corker, Cornyn, Craig, Crapo, DeMint, Dole, Domenici, Ensign, Graham, Grassley, Gregg, Hatch, Hutchison, Inhofe, Isakson, Kyl, Lieberman, Lott, Lugar, Martinez, McCain, McConnell, Murkowski, Roberts, Sessions, Shelby, Snowe, Specter, Stevens, Sununu, Thomas, Thune, Vitter, Voinovich, Warner.

So it was

Resolved, That the bill, as amended, do pass.

On motion by Mrs. MURRAY to reconsider the vote on passage of the bill, as amended.

On motion by Mr. COCHRAN,

The motion to reconsider was laid on the table.

By unanimous consent, on the request of Mrs. MURRAY,

Ordered, That the Senate insist on its amendment and ask a conference with the House of Representatives thereon; and that the chair be authorized to appoint conferees in a ratio of 15 majority- to 14 minority-party Senators.

TRANSACTION OF MORNING BUSINESS

By unanimous consent, on the request of Mr. REID,

Ordered, That, effective immediately, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein.

Pending debate,

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-55. A joint resolution adopted by the Legislature of the State of Montana supporting the "25 x 25" Initiative to Increase Production of Renewable Energy by the Agricultural Community; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE JOINT RESOLUTION NO. 6

Whereas, having an affordable, clean, reliable, and plentiful energy supply is critical to Montana's economy, as well as the national and international food supply; and

Whereas, current and future risks to national energy security are mounting while domestic and global energy demands are growing exponentially; and

Whereas, Montana and the United States have tremendous renewable energy resources; and

Whereas, the development of a broad spectrum of renewable energy resources, including wind power, biofuels, biomass, methane digesters, ethanol, and solar, benefit the environment and will have a direct economic benefit to agricultural landowners and rural communities; and

Whereas, rural communities and agriculture will experience multiple benefits, including establishing additional markets for agricultural commodities, increasing farm income, creating added-value uses for crops, livestock, and their byproducts, encouraging more productive use of marginal lands, resolving air, water, and soil quality problems that may arise from agricultural operations,

improving wildlife habitat, and creating many new job opportunities; and

Whereas, American agriculture is well positioned to play an expanded role in the development and implementation of new energy solutions and with appropriate technological innovation, incentives, and investments, America's farms and ranches can become the factories that produce a new generation of fuels to help meet the nation's energy needs; and

Whereas, "25 x 25" is an agriculturally led initiative that envisions America's farms and ranches producing 25% of America's energy supply by the year 2025 while continuing to produce abundant, safe, and affordable food and fiber; and

Whereas, agriculture's role as an energy producer will have a positive effect on national security and trade imbalances and will serve as a catalyst for rural development in Montana and the United States; and

Whereas, Governor Brian Schweitzer (D-MT), Governor Dave Heineman (R-NE), Governor Tim Pawlenty (R-MN), Governor Mitch Daniels (R-IN), Governor Ed Rendell (D-PA), former Governor Jeb Bush (R-FL), Governor Kathleen Sebelius (D-KS), former Governor Tom Vilsack (D-IA), former Governor George Pataki (R-NY), former Governor Robert Ehrlich (R-MD), Governor Jennifer Granholm (D-MI), former Governor James Risch (R-ID), Governor Jim Doyle (D-WI), Governor Jim Douglas (R-VT), Governor Ernie Fletcher (R-KY), Governor John Lynch (D-NH), former Governor Bob Taft (R-OH), Governor Tim Kaine (D-VA), Governor Arnold Schwarzenegger (R-CA), and Governor Rod Blagojevich (D-IL) have endorsed "25 x 25"; and

Whereas, state legislatures from Colorado, Nebraska, Kansas, and Vermont have endorsed "25 x 25": Now, therefore, be it

RESOLVED by the Senate and the House of Representatives of the State of Montana, That the Montana Legislature endorses the "25 x 25" vision of agriculture providing 25% of the total energy consumed in the United States by the year 2025, while continuing to produce abundant, safe, and affordable food and fiber. Be it further

RESOLVED, That copies of this resolution be sent by the Secretary of State to the Honorable George W. Bush, President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Majority and Minority Leaders of the United States Senate and House of Representatives, and each member of the Montana Congressional Delegation.

POM-56. A concurrent resolution adopted by the Senate of the Legislature of the State of Kansas urging Congress to allow interstate marketing of state inspected meat; to the Committee on Agriculture, Nutrition, and Forestry.

Whereas, the Federal Wholesale Meat Act of 1967 allows states to have state meat inspection programs which are required to meet or exceed federal inspection standards of the United States Department of Agriculture for wholesomeness, cleanliness and food safety; and

Whereas, Kansas is in the majority of states which have elected to operate equivalent meat inspection programs allowing state-licensed and state-inspected meat processing facilities to engage in intrastate commerce. Other states are pursuing implementation of state inspection of their meat processing facilities; and

Whereas, State meat inspection programs are flexible and can efficiently and safely adapt their activities to small, local meat processors that cannot be duplicated by the federal inspection program because of its size and complexity; and

Whereas, State-inspected meat and poultry products are currently barred from interstate commerce under federal law, including neighboring local markets in other states, despite current meat safety and quality assurances, affecting long-range rural development and economic growth strategies within the meat processing industry; and

Whereas, such limitation on marketing of state inspected meat inhibits economic development and value-added agricultural activities in this nation's agricultural sector; and

Whereas, current policy of the National Association of State Departments of Agriculture supports the interstate shipment of state-inspected meat products: Now, therefore, be it

Resolved by the Senate of the State of Kansas, the House of Representatives concurring therein, That we urge the United States Congress to enact revisions to the Federal Meat Inspection Act and the Poultry Products Inspection Act to allow the interstate shipment and marketing of meat products by state inspected meat processing facilities; and be it further

Resolved, That the Secretary of State be directed to send an enrolled copy of this resolution to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of Agriculture and each member of the Kansas Congressional delegation.

POM-57. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan memorializing Congress to invest in Head Start and Quality Child Care; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 40

Whereas, Head Start and high-quality child care prepare children for school and life success by narrowing the educational achievement gap between lower- and upper-income kids, increasing high school graduation rates, and reducing crime.

Whereas, studies show that at-risk children who attend Head Start and high-quality child care are better prepared for school. For example, Head Start narrows the literacy skills gap by nearly half between children in poverty and all children. The research is clear that quality early childhood education programs work to prevent crime. In Ypsilanti, Michigan, three- and four-year-olds from low-income families who were randomly assigned to a group that did not receive preschool preparation were five times more likely to have become chronic lawbreakers by age 27 than those who were assigned to the High/Scope Educational Research Foundation's Perry Preschool program; and

Whereas, currently, only about half of eligible low-income children can attend Head Start due to state and federal funding limitations, and even fewer infants and toddlers. Less than five percent of eligible children three years old and younger are able to participate in Early Head Start. Moreover, only one in seven eligible children in working, low-income families receives help paying for quality child care through the Child Care and Development Block Grant. The combination of state and federal money for preschool has helped Michigan reach two of three at-risk four-year-olds and one of five at-risk three-year-olds; and

Whereas, Real dollar funding levels for Head Start and child care have been cut for the last several years, falling far behind the rising costs that programs face. Instead of reaching more eligible kids with comprehensive health, nutrition, and early education services, Head Start programs have been forced to shorten program hours, cut back staff, reduce parent coaching, and reduce transportation and other services that help families participate: Now, therefore, be it

Resolved, by the House of Representatives, That we memorialize the Congress of the United States to increase discretionary funding in the federal budget for 2008 by \$750 million in additional funding over current levels for Head Start and \$720 million in additional funding over current levels for the Child Care and Development Block Grant (CCDBG). This request does not address the unmet need in Head Start and CCDBG, but simply restores services to children to the Fiscal Year 2002 level. This is a crucial first step toward meeting the need to provide quality early childhood education and care for at-risk children. Investing in Head Start and quality child care now will improve education outcomes for our nation's

at-risk children and will save lives and money down the road: and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-58. A concurrent resolution adopted by the Legislature of the State of North Dakota encouraging a recommitment to the ratification of the Equal Rights Amendment in all states and final passage in Congress; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 3032

Whereas, the proposed Equal Rights Amendment provides "equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex" and Congress sent the Equal Rights Amendment to the states for ratification on March 22, 1972; and

Whereas, on February 11, 1975, North Dakota became the 34th state to ratify the Equal Rights Amendment, due to the efforts of a broad spectrum of supporters, including the Coordinating Council for the Equal Rights Amendment, the 44th Legislative Assembly, and Senate Concurrent Resolution No. 4007 sponsors Senators Redlin and Lips and Representatives Homuth and Pyle; and

Whereas, many women worked all of their lives for a constitutional amendment affirming that women had equal rights and protections under the United States Constitution, including Alice Paul, Elizabeth Cady Stanton, and Susan B. Anthony; and

Whereas, 35 of the needed 38 states ratified the Equal Rights Amendment and without ratification the United States Constitution fails to guarantee female citizens equal rights and equal justice: Now, therefore, be it

Resolved by the House of Representatives of North Dakota, The Senate Concurring Therein, That the Sixtieth Legislative Assembly acknowledges the actions of the 44th Legislative Assembly of North Dakota and the sponsors of Senate Concurrent Resolution No. 4007 affirming the equal application of the United States Constitution to all citizens through the passage of the Equal Rights Amendment; and be it further

Resolved, That the Sixtieth Legislative Assembly declares Friday, March 9, 2007, North Dakota Equal Rights Amendment Recognition Day; and be it further

Resolved, That the Sixtieth Legislative Assembly encourages a recommitment to the ratification of the Equal Rights Amendment in all states and final passage in Congress; and be it further

Resolved, That the Secretary of State forward copies of this resolution to the Governor, the President of the Senate and the Speaker of the House of Representatives of

the Congress of the United States, and to each member of the North Dakota Congressional Delegation.

POM-59. A joint resolution adopted by the Legislature of the State of New Mexico memorializing Congress to fully fund medical care and aid and attendant care services for Honey Sue Newby and the other Level Three Spina Bifida children of parents who served in Vietnam and who are totally disabled; to the Committee on Veterans' Affairs.

Whereas, the Federal Department of Veterans Affairs acknowledges that one thousand two hundred children of Vietnam War veterans have some degree of disability resulting from their birth parents' exposure to Agent Orange during military service in the Vietnam War; and

Whereas, approximately two hundred of these children of war veterans are designated as level three spina bifida children, who are considered to be totally disabled; and

Whereas, these children, designated as totally disabled as a result of their birth parents' exposure to Agent Orange during military service in Vietnam, are in a situation that is indistinguishable from that of any one hundred percent service-connected disabled veteran who is totally disabled as the result of military service; and

Whereas, these two hundred level three spina bifida children of Vietnam War veterans are not treated equally with the disabled military veterans as regards compensatory medical care and aid and attendant care; and

Whereas, the financial cost for families of these children can be crippling, and many proud American military veterans and their families must depend on welfare or charity to provide the vital medical care and attendant care their children need; and

Whereas, at least one of these children, Honey Sue Newby, whose birth father served three tours as a Marine Infantryman in Vietnam, resides in New Mexico; and

Whereas, the Legislature seeks to honor and encourage fair treatment of all persons who have made personal sacrifices in the military defense of our nation: Now, therefore, be it

Resolved by the Legislature of the State of New Mexico, That it urge the United States Congress to provide full medical care and attendant care to Honey Sue Newby and the other level three spina bifida children who are totally disabled as a result of their birth parents' military service in Vietnam; and be it further

Resolved, That the New Mexico Congressional Delegation be requested to work vigorously for adequate funding to provide full medical care and aid and attendant care to all level three spina bifida children who are totally disabled because of

the effects of Agent Orange used in Vietnam; and be it further

Resolved, That copies of this memorial be transmitted to each member of the Congressional Delegation, the Chief Clerks of the United States House of Representatives and the United States Senate and the United States Department of Veterans Affairs.

POM-60. A resolution adopted by the Miami-Dade County Board of County Commissioners directing the County Manager to study the creation of a voluntary "Miami-Dade Trans Fat Free Program" and a program to provide education and guidance to restaurants, bakeries and the public regarding the negative health effects of trans fats; to the Committee on Agriculture, Nutrition, and Forestry.

POM-61. A resolution adopted by the Board of Commissioners of the County of Armstrong of the State of Pennsylvania urging Congress to place a moratorium on new free trade agreements, and to investigate and review current free trade agreements and policies of the United States; to the Committee on Finance.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-62. A joint resolution adopted by the House of Representatives of the Legislature of the State of Idaho urging Congress to consider adoption of a resolution working toward the development of a federal bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments, which help support roads and schools, to forest communities throughout the western states; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE JOINT MEMORIAL NO. 4

Whereas, it has long been the intent and policy of the federal government to hold rural communities harmless from the creation of federal lands and in 1906 the Committee on Public Lands recognized that the presence of federal lands could create hardship for many counties as they provided little revenue or commerce at that time; and

Whereas, in 1908, the federal government promised rural counties twenty-five percent of all revenues generated from the multiple-use management of the newly created national forests to support public roads and public schools; and

Whereas, in recent decades, the forest resources have not been managed in a manner to produce long-term sustainable revenue to share with schools and counties; and

Whereas, in 2000, Congress passed Public Law 106-393, the Secure Rural Schools and Community Self-Determination Act. The Act restored historical payment levels previously made to states and counties from the federal government for road and school purposes because of declining levels of actual forest receipts; and

Whereas, the reauthorization and appropriation of the Secure Rural Schools and Community Self-Determination Act is pending before the United States Congress, and Idaho counties are on record as being strongly supportive of a fully funded approval of this Act; and

Whereas, federal land managers continue to be faced with funding shortages. In the event the Secure Rural Schools and Community Self-Determination Act is not reauthorized and appropriated, counties will be faced with higher property taxes or a reduction in services and, even if the Act is reauthorized and appropriated, it will likely be the last time, and the state of Idaho must seek a long-term solution; and

Whereas, in 2006, House Joint Memorial No. 21 was adopted by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature to provide one option to address the problem of declining forest receipts by urging Congress to support federal legislation transferring management of National Forest System lands within Idaho to the state of Idaho to be managed for the benefit of the rural counties and schools; and

Whereas, in February 2007, a concurrent resolution was introduced in the Idaho House of Representatives and will be voted on by the First Regular Session of the Fifty-ninth Idaho Legislature authorizing Idaho's Legislative Council to appoint an interim committee to undertake and complete an assessment of the decline in receipts on National Forest System lands, which have historically been shared with counties. The goal of the interim committee's recommendations will be to develop a federal, bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments to Idaho's forest counties, which help support roads and schools, and to provide projects that enhance forest ecosystem health, provide employment opportunities, and improve cooperative relationships among those who use and care about the lands the federal government manages. The resolution calls for the interim committee to work in cooperation and coordination with the state of Idaho, its counties, its school and highway districts, along with the recognized Indian tribes of the state of Idaho. The resolution also provides that the interim committee address National Forest System lands, but only those lands that do not have special designations. The interim committee is directed to formulate a solution that will protect all valid existing rights,

existing public access and activities, including hunting, fishing and recreation, and that will not be construed to interfere with treaties or any other obligations to the Indian tribes, commitments to county governments, or the General Mining Law or Taylor Grazing Act: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, That the legislatures of all western states should consider the adoption of similar resolutions, working toward the development of a federal, bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments to forest counties throughout the western United States, which help support roads and schools, and to provide projects that enhance forest ecosystem health and provide employment opportunities, and to improve cooperative relationships among those who use and care about the lands the federal government manages; and be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and Speaker of the House of Representatives of Congress, the congressional delegation representing the State of Idaho in the Congress of the United States and to the Legislatures of the states of Alaska, Arizona, California, Colorado, Hawaii, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

POM-63. A resolution adopted by the Senate of the Legislature of the State of Michigan expressing the Senate's opposition to Norfolk Southern Corporation's proposed sale of its rail lines from Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo and continuing to the Indiana border; to the Committee on Commerce, Science, and Transportation.

SENATE RESOLUTION No. 34

Whereas, The Norfolk Southern Corporation is considering the sale of its Michigan lines from Grand Rapids to Kalamazoo and from Ypsilanti to Kalamazoo. The Ypsilanti to Kalamazoo line carries the state's busiest high-speed AMTRAK train, the Wolverine, which travels from Detroit to Chicago. The Wolverine travels on the Norfolk Southern Railroad's rail corridor from Ypsilanti to Kalamazoo until it connects with AMTRAK's own line. Ridership on this line increased six percent in 2006 to 142,185 passengers; and

Whereas, The Ypsilanti to Kalamazoo portion of the Norfolk Southern line is a vital link between Detroit and Chicago. Expanding the high-speed rail capacity on this line is

vital to the future development of this area. New industry, including coal energy, biodiesel, and ethanol fuel plants are proposed for Michigan and specifically along the I-94 corridor located near the Ypsilanti to Kalamazoo rail line. Continued operation of this line by Norfolk Southern is essential to expansion of new industry in this area. Over 150 railroad employees' jobs are associated with the rail traffic along this line; and

Whereas, Norfolk Southern is a Class One railroad operator, earning revenue in excess of \$250 million annually. As a Class One operator, Norfolk Southern has the capacity to maintain and promote the use of these lines. The proposed sale of the Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo lines will almost certainly place the lines under the management of a Class Three operator, a rail company earning revenue of \$20 million or less annually. A Class Three operator will be far less likely to have the means to maintain the lines, thus increasing the chance of accidents. Class Three operators also rely on federal grants for line and equipment maintenance, grants that are not always guaranteed; Now, therefore, be it

Resolved by the Senate, That we express opposition to Norfolk Southern's proposed sale of its rail lines from Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo and continuing to the Indiana border; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate; the Speaker of the United States House of Representatives; members of the Michigan congressional delegation; the United States Department of Transportation, Surface Transportation Board; the Norfolk Southern Corporation; AMTRAK; and the Michigan Department of Transportation.

POM-64. A joint resolution adopted by the Legislature of the State of Maine memorializing the President and Congress to fully fund the State Children's Health Insurance Program; to the Committee on Finance.

JOINT RESOLUTION MEMORIALIZING THE PRESIDENT AND CONGRESS OF THE UNITED STATES TO FULLY FUND THE STATE CHILDREN'S HEALTH INSURANCE PROGRAM

Whereas, The State of Maine and at least 13 other states have used up much of the federal subsidies for child health care even though the fiscal year is still not ended, due in part to the great need for these funds and also to the inadequate formula by which the money is apportioned; and

Whereas, the State Children's Health Insurance Program, known as SCHIP, was started by Congress in 1998 and is funded by a combination of federal and state funds, as well as by the premiums of participants; and

Whereas, the program was envisioned as a way to provide health insurance to the

children of the working poor and the current budget is \$5.5 billion, which is about \$745 million short of the needs of the states; and

Whereas, the State of Maine has used its SCHIP funds to help significantly with MaineCare, which has provided valuable and important health care to more than 14,850 children in our State, and without additional federal aid 3,500 to 4,000 Maine children will go uninsured; and

Whereas, the State of Maine needs at least \$6,500,000 to help the children at risk and to keep our children healthy, and other states have needs just as important: Now, therefore, be it

Resolved, That We, your Memorialists, on behalf of the people we represent, take this opportunity to request that the State Children's Health Insurance Program be fully funded not only for the children of the State of Maine, but for all of the children of the working poor in the United States; and be it further

Resolved, That official copies of this resolution, duly authenticated by the Secretary of State, be transmitted to President George W. Bush, the Speaker of the United States House of Representatives, the President of the United States Senate and to each member of the Maine Congressional Delegation.

POM-65. A joint resolution adopted by the House of Representatives of the Legislature of the State of Idaho urging Congress to use all efforts, energies, and diligence to withdraw the U.S. from any further participation in the Security and Prosperity Partnership of North America, or any other bilateral or multilateral activity that seeks to advance, authorize, fund or in any way promote the creation of any structure to create any form of the North American Union; to the Committee on Foreign Relations.

HOUSE JOINT MEMORIAL No. 5

Whereas, the U.S. Department of State, the U.S. Department of Commerce and the U.S. Department of Homeland Security participated in the formation of the Security and Prosperity Partnership of North America (SPP) on March 23, 2005, representing a trilateral agreement between Canada, Mexico and the United States designed, among other things, to facilitate common regulatory schemes between these countries; and

Whereas, reports issued by the SPP indicate that it has implemented regulatory changes among the three countries that circumvent United States trade, transportation, homeland security and border security functions and that it is the intention of SPP to continue toward a North American Union in the future; and

Whereas, the actions taken by the SPP to coordinate border security by eliminating

obstacles to migration between Mexico and the United States actually makes the United States-Mexico border less secure and more vulnerable to possible terrorist activities, and Mexico is the primary source country of illegal immigrants, illegal drug entry and illegal human smuggling into the United States; and

Whereas, according to the U. S. Department of Commerce, the United States trade deficits with Mexico and Canada have significantly increased since the implementation of the North American Free Trade Agreement (NAFTA), and the volume of imports from Mexico has soared since NAFTA, straining security checks at the U.S. border; and

Whereas, the economic and physical security of the United States is impaired by the potential loss of control of its borders attendant to the full operation of NAFTA and the SPP; and

Whereas, the regulatory and border security changes implemented and proposed by the SPP violate and threaten United States sovereignty; and

Whereas, the NAFTA Superhighway System from the west coast of Mexico through the United States and into Canada has been suggested as part of a North American Union to facilitate trade between the SPP countries; and

Whereas, the stability and economic viability of the U.S. ports along the western coast will be seriously compromised by huge cargos off-loaded at cheaper labor cost from foreign traders into the ports of Mazatlan and Lazaro Cardenas; and

Whereas, the state of Texas has already approved and begun planning of the Trans-Texas Corridor, a major multi-modal transportation project beginning at the United States-Mexico border, which would serve as an initial section of the NAFTA Superhighway System; and

Whereas, plans of Asian trading powers to divert cargo from U.S. ports such as Los Angeles to ports in Mexico will only put pressure on border inspectors, interfering with their already overwhelming job of intercepting the flow of drugs and illegals flowing into this country; and

Whereas, future unrestricted foreign trucking into the United States can pose a safety hazard due to inadequate maintenance and inspection, and the Transportation Security Administration's (TSA) lack of background checks for violations in Mexico, lack of drug and alcohol testing, lack of enforcement of size and weight requirements and lack of national security procedures, which threaten the American people and undermine the very charge given to our homeland security agency to defend our borders against these threats; and

Whereas, the Eisenhower National Highway System was designed for the

national security of the United States for movement of the military, purposes of commerce from state to state, not from foreign countries, and this highway system should not be compromised by treaties or agreements with other countries that would supplant the control and management of our nation's highways by our U.S. Department of Transportation and the various states; and

Whereas, we strongly object to any treaty or agreement, which threatens to violate national security, private property, United States commerce, constitutional rights and American sovereignty and emphasize our commitment to the Pacific Northwest Economic Region (PNWER) and other cooperative working nations in mutual beneficial goals; and

Whereas, this trilateral partnership to develop a North American Union has never been presented to Congress as an agreement or treaty, and has had virtually no congressional oversight; and

Whereas, recent reports on internet news, Friday, January 26, 2007, WorldNetDaily, stating that Congressman Poe (R-Texas) asked about the U.S. Department of Transportation's work with the trade group North American Super-Corridor Coalition, Inc. (NASCO) and the department's plans to build the Trans-Texas Corridor, Congressman Poe was told that the NAFTA agreement superhighway corridor plans exist to move goods from Mexico through the United States to Canada; and

Whereas, American citizens and state and local governments throughout the United States would be negatively impacted by the SPP process: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, That we emphatically urge and petition the Congress of the United States and particularly the congressional delegation representing the state of Idaho to use all efforts, energies and diligence to withdraw the United States from any further participation in the Security and Prosperity Partnership of North America or any other bilateral or multilateral activity that seeks to advance, authorize, fund or in any way promote the creation of any structure to create any form of North American Union; and be it further

Resolved, That House Concurrent Resolution 40 of the First Session of the 110th Congress addresses the concern herein expressed by the state of Idaho; and be it further

Resolved, That we are asking our congressional delegation, our U.S. Department of Transportation Secretary Mary E. Peters and President Bush to reject appropriated federal fuel tax dollars for such SPP or NAFTA when there is such a need for fuel tax dollars to be dedicated to the needs

of the states in the U.S. in order to maintain our highway system; and be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

POM-66. A joint resolution adopted by the House of Representatives of the Legislature of the State of Idaho supporting the participation of Taiwan in a meaningful and appropriate way in the World Health Organization; to the Committee on Foreign Relations.

HOUSE JOINT MEMORIAL NO. 2

Whereas, direct and unobstructed participation in international health cooperation forums and programs is crucial for all parts of the world, especially with today's greater potential for the cross-border spread of various infectious diseases such as AIDS; and

Whereas, Taiwan's achievements in the field of health care are substantial, including life expectancy levels that are some of the highest in Asia, maternal and infant mortality rates that are comparable to those of western countries, free hepatitis B vaccinations for children and the eradication of polio, cholera, smallpox and the plague; and

Whereas, the Centers for Disease Control and Prevention and its Taiwanese counterpart have enjoyed close collaboration on a wide range of public health issues; and

Whereas, in recent years Taiwan has expressed a willingness to give financial and technical assistance to the international aid and health activities supported by the World Health Organization; and

Whereas, Taiwan's population of twenty-three million is larger than that of seventy-five percent of World Health Organization member states; and

Whereas, the United States, in its 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations; and

Whereas, Taiwan's participation in the World Health Organization could bring many benefits to the state of health care, not only in Taiwan, but also regionally and globally: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, That we support the participation by Taiwan in a meaningful and appropriate way in the World Health Organization; and be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is

hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, to the congressional delegation representing the State of Idaho in the Congress of the United States, to the Director-General of the World Health Organization and to the representative of the Taipei Economic and Cultural Representative Office in the United States.

POM-67. A resolution adopted by the Senate of the Legislature of the State of Michigan memorializing Congress to invest in Head Start and quality child care; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 27

Whereas, Head Start and high-quality child care prepare children for school and life success by narrowing the educational achievement gap between lower- and upper-income kids, increasing high school graduation rates, and reducing crime; and

Whereas, Studies show that at-risk children who attend Head Start and high-quality child care are better prepared for school. For example, Head Start narrows the literacy skills gap by nearly half between children in poverty and all children. The research is clear that quality early childhood education programs work to prevent crime. In Ypsilanti, Michigan, three- and four-year-olds from low-income families who were randomly assigned to a group that did not receive preschool preparation were five times more likely to have become chronic lawbreakers by age 27 than those who were assigned to the High/Scope Educational Research Foundation's Perry Preschool program; and

Whereas, Currently, only about half of eligible low-income children can attend Head Start due to state and federal funding limitations, and even fewer infants and toddlers. Less than five percent of eligible children three years old and younger are able to participate in Early Head Start. Moreover, only one in seven eligible children in working, low-income families receives help paying for quality child care through the Child Care and Development Block Grant. The combination of state and federal money for preschool has helped Michigan reach two of three at-risk four-year-olds and one of five at-risk three-year-olds; and

Whereas, Real dollar funding levels for Head Start and child care have been cut for the last several years, falling far behind the rising costs that programs face. Instead of reaching more eligible kids with comprehensive health, nutrition, and early education services, Head Start programs have been forced to shorten program hours, cut back staff, reduce parent coaching, and reduce transportation and other services that

help families participate: Now, therefore, be it

Resolved by the Senate, That we memorialize the Congress of the United States to increase discretionary funding in the federal budget for 2008 by \$750 million in additional funding over current levels for Head Start and \$720 million in additional funding over current levels for the Child Care and Development Block Grant (CCDBG). This request does not address the unmet need in Head Start and CCDBG, but simply restores services to children to the Fiscal Year 2002 level. This is a crucial first step toward meeting the need to provide quality early childhood education and care for at-risk children. Investing in Head Start and quality child care now will improve education outcomes for our nation's at-risk children and will save lives and money down the road; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-68. A joint resolution adopted by the House of Representatives of the Legislature of the State of Idaho affirming the state's support of the United States campaign to secure our country and urging members of Idaho's congressional delegation to support measures to repeal the federal REAL ID Act of 2005; to the Committee on the Judiciary.

HOUSE JOINT MEMORIAL NO. 3

Whereas, the state of Idaho recognizes the Constitution of the United States as our charter of liberty and the Bill of Rights as affirming the fundamental and inalienable rights of Americans, including freedom of privacy and freedom from unreasonable searches; and

Whereas, Idaho has a diverse population whose contributions are vital to the state's economy, culture and civic character; and

Whereas, Idaho is proud of its tradition of protecting the civil rights and liberties of all its residents, affirming the fundamental rights of all people and providing more expansive protections than are granted by the Constitution of the United States; and

Whereas, the federal REAL ID Act of 2005, Public Law 109-13, creates a national identification card by mandating federal standards for state driver's licenses and identification cards and requires states to share their motor vehicle databases; and

Whereas, the REAL ID Act mandates the documents that states must require to issue driver's licenses and requires states to place uniform information on every driver's license in a standard, machine-readable format; and

Whereas, the REAL ID Act prohibits federal agencies and federally-regulated

commercial aircraft from accepting a driver's license or identification card issued by a state that has not fully complied with the act; and

Whereas, the REAL ID Act places a costly, unfunded mandate on states, with initial estimates for Idaho of more than thirty-nine million dollars with ongoing annual expenses of an estimated nine million three hundred thousand dollars and a national estimate of more than eleven billion dollars over the next five years; and

Whereas, the REAL ID Act requires the creation of a massive public sector database containing information on every American that is accessible to all motor vehicle employees and law enforcement officers nationwide and that can be used to gather and manage information on citizens. Such activities are not the business or responsibility of government; and

Whereas, the REAL ID Act enables the creation of additional massive private sector databases, combining both transactional information and driver's license information gained from scanning the machine-readable information contained on every driver's license; and

Whereas, these public and private databases are likely to contain numerous errors and false information, creating significant hardship for Americans attempting to verify their identities in order to travel on commercial aircraft, open a bank account or perform any of the numerous functions required to live in the United States today; and

Whereas, the federal trade commission estimates that ten million Americans are victims of identity theft annually, and because identity thieves are increasingly targeting motor vehicle departments, the REAL ID Act will enable the crime of identity theft by making the personal information of all Americans, including date of birth and signature, accessible from tens of thousands of locations; and

Whereas, the REAL ID Act requires a driver's license to contain a person's actual home address and makes no exception for individuals in potential danger, such as undercover law enforcement personnel or victims of stalking or criminal harassment; and

Whereas, the REAL ID Act contains onerous record verification and retention provisions that place unreasonable burdens on the motor vehicle division and on third parties required to verify records; and

Whereas, the REAL ID Act will place enormous burdens on consumers seeking new driver's licenses, such as longer lines, increased document requests, higher costs and a waiting period; and

Whereas, the REAL ID Act will place state motor vehicle staff on the front lines of immigration enforcement by forcing state employees to determine federal citizenship

and immigration status, excessively burdening both foreign-born applicants and motor vehicle staff; and

Whereas, the REAL ID Act passed without sufficient deliberation by Congress and did not receive a hearing by any congressional committee or a vote solely on its own merits, despite opposition from more than six hundred organizations; and

Whereas, the REAL ID Act eliminated a process of negotiated rulemaking initiated under the Intelligence Reform and Terrorism Prevention Act of 2004, which had convened federal, state and local policymakers, privacy advocates and industry experts to solve the problem of the misuse of identity documents; and

Whereas, the REAL ID Act provides little security benefit and leaves identification systems open to insider fraud, counterfeit documentation and database failures: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, That we support the government of the United States in its campaign to secure our country, while affirming the commitment of the United States that this campaign not be waged at the expense of the essential civil rights and liberties of the citizens of this country; and be it further

Resolved, That it is the policy of the state of Idaho to oppose any portion of the REAL ID Act that violates the rights and liberties guaranteed under the constitutions of the State of Idaho and the United States, including the Bill of Rights. Be it further

Resolved, That the Idaho Legislature shall enact no legislation nor authorize an appropriation to implement the provisions of the REAL ID Act in Idaho, unless such appropriation is used exclusively for the purpose of undertaking a comprehensive analysis of the costs of implementing the REAL ID Act or to mount a constitutional challenge to the act by the state Attorney General. Be it further

Resolved, That the Idaho Legislature urges the Idaho congressional delegation to support measures to repeal the REAL ID Act. Be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States George W. Bush, the United States Attorney General Alberto Gonzales, the President of the Senate and the Speaker of the House of Representatives of Congress, the Governor of Idaho C. L. Otter and the congressional delegation representing the State of Idaho in the Congress of the United States.

POM-69. A resolution adopted by the Senate of the Legislature of the State of

Massachusetts memorializing the President and Congress to recommend more funding to the Department of Veterans Affairs in the budget for fiscal year 2008; to the Committee on Veterans' Affairs.

RESOLUTION MEMORIALIZING GEORGE W. BUSH, PRESIDENT OF THE UNITED STATES, AND THE UNITED STATES CONGRESS TO RECOMMEND MORE FUNDING TO THE DEPARTMENT OF VETERANS AFFAIRS IN THE FISCAL YEAR 08 FEDERAL BUDGET.

Whereas, President George W. Bush has recommended 34.2 billion for the Department of Veterans Affairs in his proposed fiscal year 08 budget, which is an inadequate appropriation to adequately address the health of our veterans; and

Whereas, while the Bush Administration continues to tout its recommendation for an increase of \$2 billion over the previous fiscal year as a "landmark budget", the reality is that this 6% increase is barely enough to account for the cost of inflation and cannot fund the need for improvements in medical care and expansion of services; and

Whereas, more than 27,000 service members have returned home to Massachusetts since September 11, 2001, having faced a new type of warfare in the form of improvised explosive devices and are, upon return home, in need of specialized services and care; and

Whereas, the United States Government must provide to the Department of Veterans Affairs all the tools available to make this specialized care available, particularly for head, spinal cord and sight injuries and the growing need for mental health services; and

Whereas, in 2006, the Veterans Health Administration's Undersecretary for Health Policy and Coordination stated that some areas of the country did not have any mental health services available and that other areas had such long wait times that certain services were "virtually inaccessible"; and

Whereas, unfortunately, once again, Category 8 Veterans, those veterans deemed "high income" veterans by the Veterans Administration—some who make as little as \$28,000 a year—and who have been ineligible to enroll in the Veterans Administration Health Care System since 2003, may continue to be shut out of the Veterans Administration Health Care System if funding is not increased, adding to the approximately 1 million Category 8 Veterans who have been turned away since 2003; and

Whereas, while the Massachusetts State Senate has supported the Veterans Affairs' recommendations for improvements in medical equipment and facility upgrades to medical centers, for two years, the Senate has fought hard to prevent the possible consolidation of the four existing Veterans Administration medical care facilities in the greater Boston area into one "mega-plex",

since the negative impact of removing thousands of veterans from their familiar health care environment and forcing them to change physicians would have consequences that cannot be balanced by the creation of one modernized facility: Now, therefore, be it

Resolved, That the Massachusetts Senate hereby urges the President of the United States and Congress to address the Veterans Affairs Budget in a timely manner, include in the 2008 budget the Veterans Affairs' recommendations for improvements in medical equipment and facility upgrades to all Massachusetts Veterans Administration Medical Centers and to provide mandatory funding for the Department of Veterans Affairs Health Care system so as to appropriately honor and facilitate the healing of our veterans who selflessly risk their lives and well-being to protect our freedom; and be it further

Resolved, That copies of these resolutions be transmitted forthwith by the clerk of the Senate to the President of the United States, the Presiding Officer of each branch of Congress and to the Members thereof from the Commonwealth.

POM-70. A resolution adopted by the Senate of the Legislature of the State of Vermont urging Congress to enact legislation to assure federal funding for veterans' health care; to the Committee on Veterans' Affairs.

SENATE RESOLUTION 13

Whereas, the United States Department of Veterans Affairs (VA) provides medical care for veterans, including men and women, who have risked their lives to protect the security of our nation, and

Whereas, Congress appropriates funding for VA health care each year as part of the discretionary federal budget, and

Whereas, each year's federal budget for veterans' health care has been very seriously under-funded, and

Whereas, this serious and now chronic shortfall affects the access to and the quality of medical care services that the VA provides for our veterans, and

Whereas, the priority of serving veterans must be absolute and irrevocable, and must serve as the foundation for the VA and of our nation's public policy: Now, therefore, be it

Resolved by the Senate, That the Senate of the State of Vermont urgently requests that Congress enact legislation to assure Federal funding for veterans' health care, and be it further

Resolved, That Governor Douglas also request that Congress enact legislation to assure Federal funding for veterans' health care, and be it further

Resolved, That the Secretary of the Senate be directed to send a copy of this resolution to the Governor, the President, the Vice President, Secretary of Veterans Affairs,

James Nicholson; Speaker of the House, Nancy Pelosi; House Minority Leader, John Boehner; Senate Majority Leader, Harry Reid; Senate Minority Leader, Trent Lott; to the members of the Vermont Congressional delegation; and to Vermont veterans organizations.

COURT SECURITY IMPROVEMENT
ACT

Pursuant to the order of yesterday,

The PRESIDING OFFICER (Mr. OBAMA in the chair) laid before the Senate its pending

business, viz, the bill (S. 378) to amend title 18, United States Code, to protect judges, prosecutors, witnesses, victims, and their family members, and for other purposes; and

The Senate resumed consideration of the bill.

The question being on passage of the bill, as amended.

On motion by Mr. ENSIGN (for himself, Mr. CRAIG, Mr. INHOFE, and Mr. STEVENS) to further amend the bill, at the end thereof, by adding certain words (being amendment No. 897).

Pending debate,

Mrs. FEINSTEIN raised a point of order, viz, that the pending amendment violates provisions of section 505(a) of H. Con. Res. 95 (109th Congress), and therefore is not in order.

By unanimous consent, on the request of Mrs. FEINSTEIN,

Ordered, That, at 2 p.m. on today, the Senate vote on the question of agreeing to a motion to waive; that the time until 2 p.m. be equally divided and controlled for debate between Mrs. FEINSTEIN and Mr. ENSIGN, or their designees; that, if said motion to waive is not agreed to, without further intervening action or debate, the bill be read the third time, and the Senate vote on passage of the bill, as amended.

The question being on the point of order raised by Mrs. FEINSTEIN.

After debate,

The PRESIDING OFFICER (Mr. SALAZAR in the chair) held the point of order well-taken, and the amendment not in order.

Pursuant to the order of today,

The bill, as amended, was read the third time.

On motion by Mrs. FEINSTEIN,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of passage of the bill, as amended.

On the question, Shall the bill, as amended, pass?

It was determined in the affirmative---

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-71. A joint resolution adopted by the House of Representatives of the Legislature of the State of Maine memorializing the President and Congress to fulfill the intent to fund sixty percent of the costs of special education and to end unfunded mandates; to the Committee on Health, Education, Labor, and Pensions.

JOINT RESOLUTION

We, your Memorialists, the Members of the One Hundred and Twenty-third Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the President of the United States and the Congress of the United States as follows:

Whereas, the Congress of the United States has found that all children deserve a high-quality education, including children with disabilities; and

Whereas, the federal Individuals with Disabilities Education Act, 20 United States Code, Section 1400. et seq., provides that the Federal Government and state and local governments are to share in the expense of education for children with disabilities and commits the Federal Government to provide funds to assist with the excess expenses of education for children with disabilities; and

Whereas, the Congress of the United States has committed to contribute up to 40 percent of the average per-pupil expenditure of educating children with disabilities and the Federal Government has failed to meet this commitment to assist the states; and

Whereas, the Federal Government has never contributed more than a fraction of the

national average per-pupil expenditure to assist with the excess expenses of educating children with disabilities under the Individuals with Disabilities Education Act; and

Whereas, this failure of the Federal Government to meet its commitment to assist with the excess expenses of educating a child with a disability contradicts the goal of ensuring that children with disabilities receive a high-quality education; and

Whereas, the imposition of unfunded mandates by the Federal Government on state governments interferes with the separation of powers between the 2 levels of government and the ability of each state to determine the issues and concerns of that state and what resources should be directed to address these issues and concerns; and

Whereas, the Federal Government recognized the inequalities of unfunded mandates on state governments when it passed the Unfunded Mandates Reform Act of 1995; and

Whereas, since the passage of the Unfunded Mandates Reform Act of 1995, however, the Federal Government continues to impose unfunded mandates on state governments, including in areas such as special education requirement: Now, therefore, be it

Resolved, That We, your Memorialists, respectfully urge and request that the President of the United States and the Congress of the United States either provide 60 percent of the national average per-pupil expenditure to assist states and local education agencies with the excess costs of educating children with disabilities or amend the Individuals with Disabilities Education Act to allow the states more flexibility in implementing its mandates; and be it further

Resolved, That We, your Memorialists, respectfully urge and request that the Congress of the United States revisit and reconfirm the Unfunded Mandate Reform Act of 1995 and put the intent and purpose of the Act into practice by ending imposition of unfunded federal mandates on state governments; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the United States, to the President of the Senate of the United States, to the Speaker of the House of Representatives of the United States and to each Member of the Maine Congressional Delegation.

POM-72. A resolution adopted by the Senate of the Legislature of the State of Michigan urging the Department of Homeland Security to complete an economic analysis of the costs of compliance with the requirements of the federal Real ID Act and the Western Hemisphere Travel Initiative; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 20

Whereas, in response to the need for heightened security measures following the 9-11 attacks, Congress enacted the Real ID Act in 2005. This legislation require the states to dramatically redesign their respective driver's licenses. Digital photos, proof of legal status, and centralized database capabilities will be required. The act and the Western Hemisphere Travel Initiative also greatly alter the documentation required from American citizens seeking reentry into this country; and

Whereas, as the deadlines for full compliance with the requirements of the Real ID Act approach, there remains a significant level of confusion over how the states can meet target dates and develop the necessary policies and technology. With the size and scope of the task of redesigning driver's licenses and increasing identification procedures in all 50 states, the current uncertainties are complicating our ability to make our homeland more secure; and

Whereas, as with any undertaking of this magnitude, there are major costs involved. At this point, however, there seems to be no comprehensive estimate of the overall economic impact of complying with the Real ID Act and the Western Hemisphere Travel Initiative; and

Whereas, the multiple issues involved in following the provisions of the Real ID Act and the Western Hemisphere Travel Initiative are vitally important in Michigan. With some of the world's busiest international crossing points, especially at the Detroit/Windsor border, Michigan has a strong stake in this transition proceeding smoothly and with all the information needed to do so: Now, therefore, be it

Resolved by the Senate, That we urge the United States Department of Homeland Security to complete an economic analysis of the costs of compliance with the requirements of the federal Real ID Act and the Western Hemisphere Travel Initiative; and be it further

Resolved, That copies of this resolution be transmitted to the United States Department of Homeland Security, the Office of the President of the United States; the United States Secretary of State; the President of the United States Senate; the Speaker of the United States House of Representatives; the chairs and ranking members of the United States Senate Foreign Relations Committee, the United States Senate Homeland Security and Governmental Affairs Committee, the United States House Homeland Security Committee, and the United States House International Relations Committee; the members of the Michigan congressional delegation; and the Michigan Secretary of State.

POM-73. A resolution adopted by the Senate of the Legislature of the State of

Michigan memorializing the Department of State and the Department of Homeland Security to develop a pilot program in Michigan for a dual purpose state driver's license/personal identification card to comply with the provisions of the Real ID Act and the Western Hemisphere Travel Initiative; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 21

Whereas, in response to the need for heightened security measures following the 9-11 attacks, Congress enacted the Real ID Act in 2005. This legislation requires the states to dramatically redesign their respective driver's licenses. Digital photos, proof of legal status, and centralized database capabilities will be required; and

Whereas, another component of recent federal legislation, the Western Hemisphere Travel Initiative, also greatly alters the documentation required from American citizens seeking reentry into this country. By January 1, 2008, for example, United States citizens may be required to show passports when they drive across the border from Canada; and

Whereas, with the new requirements of the Real ID Act, state driver's licenses would closely mirror passports not only in the way they are used by travelers, but also in providing a higher level of identification. There is an opportunity in this transition to explore the possibility of combining the secure technology of a passport into the driver's license and realizing significant savings without compromising the security that is the goal of the federal legislation; and

Whereas, with some of the busiest international crossing points in the world, Michigan is well-suited for a pilot project to develop a dual driver's license/passport. With \$70 billion worth of commercial traffic and nearly 3 million visitors crossing the Michigan/Canadian border each year, including thousands crossing for their jobs each day, Michigan has an unsurpassed stake in how the Western Hemisphere Travel Initiative is implemented; and

Whereas, Michigan's Secretary of State is in strong support of the concept of exploring a dual purpose state driver's license/personal identification card. The impact of such a project here could reap widespread benefits for our entire country: Now, therefore, be it

Resolved by the Senate, That we memorialize the United States Department of State and the Department of Homeland Security to work with the Michigan Secretary of State to develop a pilot program in Michigan for a dual purpose state driver's license/personal identification card to comply with the provisions of the Real ID Act and the Western Hemisphere Travel Initiative; and be it further

Resolved, That copies of this resolution be transmitted to the United States Department of Homeland Security, the Office of the President of the United States; the United States Secretary of State; the President of the United States Senate; the Speaker of the United States House of Representatives; the chairs and ranking members of the United States Senate Foreign Relations Committee, the United States Senate Homeland Security and Governmental Affairs Committee, the United States House Homeland Security Committee, and the United States House International Relations Committee; the members of the Michigan congressional delegation; and the Michigan Secretary of State.

POM-74. A resolution adopted by the Board of County Commissioners of Miami-Dade County in the State of Florida urging the Florida Legislature to require Florida schools to provide information to 11- and 12-year old girls and their parents about the Human Papillomavirus, the vaccine against HPV, and Cervical Cancer that results from HPV; to the Committee on Health, Education, Labor, and Pensions.

POM-75. A resolution adopted by the Board of County Commissioners of Miami-Dade County in the State of Florida urging Congress to fully fund the local mandates included in the Adam Walsh Child Protection and Safety Act of 2006; to the Committee on the Judiciary.

POM-76. A resolution adopted by the Board of County Commissioners of Miami-Dade County in the State of Florida urging the Florida Legislature to provide for creation of the Magic City Children's Zone Pilot Project; to the Committee on Health, Education, Labor, and Pensions.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-77. A joint resolution adopted by the Legislature of the State of Idaho urging Congress to support Federal legislation transferring management of National Forest System Lands within Idaho to the State of Idaho to be managed for the benefit of the rural counties and schools; to the Committee on Energy and Natural Resources.

HOUSE JOINT MEMORIAL NO. 21

Whereas, the United States Forest Service administers the management of 39 percent of the land base in the state of Idaho, and an additional 22 percent is administered by the United States Bureau of Land Management; and

Whereas, pursuant to 16 U.S.C. Section 471, an 1891 law authorizing the President to establish national forests, the purpose for establishing and administering national forests was to set aside public lands reserved as national forests to be controlled and administered, to the extent practical, in accordance with the Act which provided that "no national forest may be established except to improve and protect the forest, or to secure favorable conditions of water flows, and to furnish a continuous supply of timber for the use and necessities of citizens"; and

Whereas, it has long been the intent and policy of the federal government to hold rural communities harmless from the creation of federal lands and in 1906 the Committee on Public Lands recognized that the presence of federal lands could create a hardship for many counties, as they provided little revenue or commerce at that time; and

Whereas, in 1908, Congress created the Twenty-five Percent Fund Act to pay states and counties 25 percent of receipts collected from national forests and mandated that payments were to be spent on schools and roads, recognizing that viable communities adjacent to the public lands, with adequate roads and schools, were essential for the development and preservation of the national forests; and

Whereas, the federal policy of holding counties harmless from the creation of public lands within counties was reiterated in 1916 with the creation of the Oregon and California Grant Lands under the Chamberlain-Ferris Act, and again in 1937 with passage of the Oregon and California Grant Lands Act; and

Whereas, the forest resources were intended to be managed in such an environmentally responsible manner that they would produce long-term sustainable revenue to share with schools and counties as well as products for the nation; and

Whereas, in 2000, Congress passed the Secure Rural Schools and Community Self-Determination Act, commonly known as public law 106-393, which restored historical payment levels previously made to states and counties from the federal government for road and school purposes due to declining levels of actual forest receipts; and

Whereas, the reauthorization of public law 106-393 is pending before the United States Congress and Idaho counties are on record as being strongly supportive of a fully-funded approval of this Act; and

Whereas, recently, federal land managers have been faced with an ever-present funding shortage and rural counties will be faced with higher property taxes or a reduction in services if the Secure Rural Schools and Community Self-Determination Act is not reauthorized and appropriated; and

Whereas, there is continued concern that if the Act is reauthorized and appropriated it may be the last time it occurs and a long-term solution to these issues is necessary; and

Whereas, the state of Idaho is dependent upon healthy national forest system lands for economic benefit, recreation and scenic beauty and it is time to demonstrate a new initiative and commitment to the intent and policy of the federal government to hold counties and schools harmless from the creation of federal lands and construct a path leading to economic stability for rural communities and schools; and

Whereas, transfer of the management of the national forest system lands that are not designated as wilderness, proposed or recommended wilderness, wild and scenic river, or national recreation area, or designated roadless area in Idaho, to the state of Idaho would promote better stewardship of the public lands, provide financial returns to the counties, secure public access, meet Congress's intent to hold rural communities harmless from the creation of federal lands, and fund schools, road and bridge infrastructure which would offset significant tax increases in rural counties in the event the Secure Rural Schools payments are not reauthorized or are allowed to expire following the 2006 reauthorization; and

Whereas, precedent for state administration of federally-owned lands exists in the state of Idaho at the City of Rocks area in southern Idaho and campground-related facilities and land at Lake Cascade; and

Whereas, a transfer of management to the state of Idaho would demonstrate a new initiative and commitment to the intent and policy of the federal government to hold rural counties and schools harmless from the consequences of the reservation of federal lands and construct a process leading to economic stability for rural communities and schools; and

Whereas, lands for which management responsibility is transferred to the state of Idaho could be administered by the Idaho Department of Lands in cooperation with county officials and with cooperative oversight by the United State Forest Service and state and local government could establish, or use existing natural resource advisory committees composed of a diverse cross-section of the public, with all decisions and actions relating to the lands being required to comply with every federal and state environmental law; and

Whereas, the management of these lands would have to meet the mandates of the Healthy Forest Initiative, the National Fire Plan, and state and county fire mitigation plans: Now, therefore, be it

Resolved by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, That we urge the Congress to support federal legislation transferring management of national forest system lands within Idaho to the state of Idaho to be managed for the benefit of the rural counties and schools with the state of Idaho being held harmless from the costs of administration; and be it further

Resolved, That Congress is urged to provide that any transfer of management authority would not affect any rights or authority of the state with respect to fish and wildlife, or repeal or modify any provision of law that permits the state or political subdivisions of the state to share in the

revenues from federal lands, or any provision of law that provides that fees or charges collected at particular federal areas be used for or credited to specific purposes or special funds; and be it further

Resolved, That Congress is urged to provide that fees or revenues collected under state management be allocated 75 percent, or other appropriate percentage, for the benefit of the counties and schools in which the national forest system lands are located and 25 percent, or other appropriate percentage, for the benefit of the national forest in which the lands administered by the state of Idaho are located to be paid at the end of the year to the Secretary of the Treasury, and that amounts allocated to the counties should not be taken into account for purposes of the Twenty-five Percent Fund pursuant to 16 U.S.C. Section 500; and be it further

Resolved, That Congress is urged to seek a long-term solution to the significant issues that will face rural counties in the event the Secure Rural Schools payments are not reauthorized or are allowed to expire following the 2006 reauthorization; and be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

POM-78. A concurrent resolution adopted by the House of Representatives of the Legislature of the State of Idaho stating findings of the Legislature and authorizing the legislative council to appoint a committee to undertake and complete a study of the decline in receipts on National Forest System Lands; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT RESOLUTION NO. 26

Whereas, it has long been the intent and policy of the federal government to hold rural communities harmless from the creation of federal lands and in 1906 the Committee on Public Lands recognized that the presence of federal lands could create hardship for many counties as they provided little revenue or commerce at that time; and

Whereas, in 1908, the federal government promised rural counties 25 percent of all revenues generated from the multiple-use management of the newly created national forests to support public roads and public schools; and

Whereas, in recent decades, the forest resources have not been managed in a manner to produce long-term sustainable revenue to share with schools and counties; and

Whereas, in 2000, Congress passed Public Law 106-393, the Secure Rural Schools and Community Self-Determination Act. The Act restored historical payment levels previously made to states and counties from the federal government for road and school purposes because of declining levels of actual forest receipts; and

Whereas, the reauthorization and appropriation of the Secure Rural Schools and Community Self-Determination Act is pending before the United States Congress, and Idaho counties are on record as being strongly supportive of a fully funded approval of this Act; and

Whereas, federal land managers continue to be faced with funding shortages. In the event the Secure Rural Schools and Community Self-Determination Act is not reauthorized and appropriated, counties will be faced with higher property taxes or a reduction in services and, even if the Act is reauthorized and appropriated, it will likely be the last time, and the state of Idaho must seek a long-term solution; and

Whereas, in 2006, House Joint Memorial No. 21 was adopted by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature to provide one option to address the problem of declining forest receipts by urging Congress to support federal legislation transferring management of National Forest System lands within Idaho to the state of Idaho to be managed for the benefit of the rural counties and schools: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint an interim committee to undertake and complete an assessment of the decline in receipts on National Forest System lands, which have historically been shared with counties, with the goal of the interim committee's recommendations being to develop a federal, bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments to Idaho's forest counties, which help support roads and schools, and to provided projects that enhance forest ecosystem health and provide employment opportunities, and to improve cooperative relationships among those who use and care about the lands the agencies manage. The Legislative Council shall determine the membership from each house appointed to the interim committee and shall authorize the interim committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature. As much as is practicable, the interim committee shall work in cooperation and coordination with the state of Idaho, its counties, its school and highway districts,

along with the recognized Indian tribes of the state of Idaho. The interim committee is also authorized to retain the services of consultants, within appropriated moneys, who are familiar with forest receipts, and who can provide necessary economic and other research to assist the interim committee and the Legislature in making an informed decision on this most important topic; and now, therefore, be it further

Resolved, That the Idaho legislative interim committee on forest receipts will address National Forest System lands, but only those lands that do not have special designations. The interim committee is directed to formulate a solution that will protect all valid existing rights, existing public access and activities, including hunting, fishing and recreation, and that will not be construed to interfere with treaties or any other obligations to the Indian tribes, commitments to county governments, or the General Mining Law or Taylor Grazing Act; and now, therefore, be it further

Resolved, That nonlegislative members of the interim committee may be appointed by the cochairs of the interim committee who are appointed by the Legislative Council. Nonlegislative members of the interim committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the interim committee's recommendations or proposed legislation; and now, therefore, be it further

Resolved, That the interim committee shall report its findings, recommendations and proposed legislation, if any, to the Second Regular Session of the Fifty-ninth Idaho Legislature.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO THE BLOCKING OF
PROPERTY OF CERTAIN PERSONS AND
PROHIBITING THE EXPORTATION AND
REEXPORTATION OF CERTAIN GOODS
TO SYRIA—PM 12

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency

is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice, stating that the national emergency declared in Executive Order 13338 of May 11, 2004, and expanded in scope in Executive Order 13399 of April 25, 2006, authorizing the blocking of property of certain persons and prohibiting the exportation and reexportation of certain goods to Syria, is to continue in effect beyond May 11, 2007.

The actions of the Government of Syria in supporting terrorism, interfering in Lebanon, pursuing weapons of mass destruction and missile programs, and undermining United States and international efforts with respect to the stabilization and reconstruction of Iraq pose a continuing unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For these reasons, I have determined that it is necessary to continue in effect the national emergency declared with respect to this threat and to maintain in force the sanctions I have ordered to address this national emergency.

GEORGE W. BUSH.
THE WHITE HOUSE, May 8, 2007.

EXECUTIVE AND OTHER
COMMUNICATIONS

The following communication was laid before the Senate, together with accompanying papers, reports, and documents, and was referred as indicated:

EC-1875. A communication from the Secretary of Commerce, transmitting, the report of a draft bill that would reauthorize the Hydrographic Services Improvement Act of 1998; to the Committee on Commerce, Science, and Transportation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-79. A resolution adopted by the Senate of the State of Pennsylvania urging Congress to provide equitable funding to the Department of Housing and Urban Development for the operation of quality affordable housing; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 45

Whereas, Pennsylvania's public housing authorities are essential in the Commonwealth of Pennsylvania; and

Whereas, Pennsylvania is home to 90 public housing authorities serving an estimated 245,819 residents of the Commonwealth of Pennsylvania; and

Whereas, Pennsylvania's public housing authorities provide high-quality affordable housing to residents in the Commonwealth of

Pennsylvania through the use of Federal programs; and

Whereas, Pennsylvania's public housing authorities have successfully assisted residents of the Commonwealth of Pennsylvania with Moving to Work programs and preapprenticeship training, resulting in greater self-sufficiency and a reduced burden on Commonwealth resources; and

Whereas, developments built by Pennsylvania's public housing authorities have in some instances increased the values of neighboring properties and communities in the Commonwealth of Pennsylvania by as much as 142%; and

Whereas, new funding guidelines developed by the United States Department of Housing and Urban Development may result in reduced funding for the Commonwealth of Pennsylvania, its public housing authorities and the Pennsylvanians who rely on these services; and

Whereas, Pennsylvania's public housing authorities are a major employer in the Commonwealth of Pennsylvania, and funding cuts from the United States Department of Housing and Urban Development may result in drastic layoffs and diminished services to the residents of public housing; therefore be it

Resolved, That the Senate of the Commonwealth of Pennsylvania recognize the importance of the quality services, support and housing provided by Pennsylvania's public housing authorities and respectfully urge the Congress to provide equitable funding to the United States Department of Housing and Urban Development for the operation of quality affordable housing; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-80. A resolution adopted by the Senate of the State of Michigan urging Congress to enact legislation to increase protections for the Great Lakes from Asian carp; to the Committee on Environment and Public Works.

SENATE RESOLUTION NO. 15

Whereas, two species of Asian carp, not native to the United States, are on the verge of invading the Great Lakes. Silver carp and bighead carp escaped from confinement at southern fish farms in past decades and have migrated up the Mississippi and the Illinois River to within less than 100 miles of the Great Lakes; and

Whereas, Asian carp could become a dominant species in the Great Lakes, threatening the \$4.5 billion Great Lakes commercial and recreational fishery and recreational boaters. Asian carp are voracious feeders that compete with native fish and

wildlife for food. In addition, silver carp can weigh up to 70 pounds and jump up to 10 feet out of the water when disturbed by boats. Boaters have suffered cuts, blackened eyes, broken bones, back injuries, and concussions from leaping silver carp; and

Whereas, the only thing preventing the movement of Asian carp into the Great Lakes is a temporary electrical barrier in the Chicago Sanitary and Ship Canal operated by the United States Army Corps of Engineers. A permanent electrical barrier is also under construction to replace the temporary barrier; and

Whereas, to date, over \$12 million has been spent on construction and operation of the electrical barriers. To help match federal funding, the state of Michigan has contributed nearly \$70,000 toward the completion of the permanent electrical barrier; and

Whereas, current funding is insufficient to complete construction of the permanent barrier and only finances operation of the temporary barrier through the first half of fiscal year 2007. In addition, there is no funding to renovate the temporary barrier as a permanent backup to the new barrier; and

Whereas, there are provisions in several measures before the Congress that would provide funds to upgrade the current barrier and complete construction of the permanent barrier. Bills with this language include the Great Lakes Asian Carp Barrier Act (H.R. 553 and S. 336), the Water Resources Development Act of 2007 (H.R. 1495), the National Aquatic Invasive Species Act of 2007 (S. 725), and the Great Lakes Collaboration Implementation Act (H.R. 1350). It is of the utmost importance that Congress protect the Great Lakes by providing the funding and authority for the ongoing operation and maintenance of the barriers, compensate states for their contributions to the project, and provide for research into controlling Asian carp and other exotic species; now, therefore, be it

Resolved by the Senate, That we memorialize the United States Congress to enact legislation to increase protections for the Great Lakes from Asian carp; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-81. A resolution adopted by the Senate of the State of Hawaii urging Congress to propose amendments to the No Child Left Behind Act of 2001; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 33

Whereas, the United States Congress must decide in 2007 whether to reauthorize the No Child Left Behind Act of 2001 or let it die and replace it with a new law; and

Whereas, the No Child Left Behind Act, unprecedented in the history of federal and state roles in public education by the mandated imposition of a federally prescribed, single accountability model for all public schools, undermines the established constitutional role of state and local public education governance; and

Whereas, the No Child Left Behind Act, while purporting to create an accountability system for public schools, has in reality, been an enormous financial and programmatic burden on schools and taxpayers; and

Whereas, even if states and schools are satisfied with their educational programs and outcomes, they are forced to participate in this top-down system in order to continue to receive federal funds for education, such as Title I funds; and

Whereas, the No Child Left Behind Act mandates consequences to schools if just one of thirty seven possible adequate yearly progress calculation outcomes are not met, and makes no distinction in the consequences imposed on schools that did not meet one or did not meet all thirty seven, resulting in dilution of energy, time, and money by mandating the treatment of all such schools to include identical sanctions; and

Whereas, the No Child Left Behind Act employs a view of motivation that is misguided and objectionable, using threats, punishments, and pernicious comparisons to “motivate” teachers, students, and schools; and

Whereas, private K-12 schools have chosen not to spend their time or money adopting key elements of the No Child Left Behind Act’s intensive testing and accountability regimen; and

Whereas, the No Child Left Behind Act’s narrow focus on the “basics” has discouraged the implementation of best practices and cutting edge educational research in order to achieve higher test scores; and

Whereas, the No Child Left Behind Act has driven many schools and school systems into a narrowing of curriculum, often focused on only tested subjects, to the detriment of subjects and rich educational experiences, such as the arts; and

Whereas, the goal of achieving one hundred percent proficiency, including special education students, is unrealistic, and the pursuit of which channels millions of dollars into tactically targeted programs that divert limited resources from other critical school programs, professional training, as well as the educational and physical environment of schools; and

Whereas, the requirements of the No Child Left Behind Act penalize schools who enroll

students who have inherent educational deficiencies and who, as a group, will continue to remain below ever increasing No Child Left Behind “annual measurable objectives”; and

Whereas, while there has recently been some interest in the development of so-called “growth models” to recognize the contributions of a school to individual students over time, the lack of adequate funding and the prohibition against states developing their own growth models has rendered this initiative almost meaningless; and

Whereas, the No Child Left Behind Act does not provide additional funds for teacher education or training if a school is in “status” or under restructuring, which creates a punitive environment with little commitment on the part of the federal government for improving teaching and learning, or for supporting increased school success; and

Whereas, Adequate Yearly Progress does not take into account a school’s adoption of meaningful educational innovation or judicious use of research; and

Whereas, the No Child Left Behind Act has channeled countless dollars into high-stake testing, which has largely benefited national private testing companies, but at the expense of ignoring genuine student accomplishments; and

Whereas, the No Child Left Behind Act appears biased towards a one size fits all multiple choice testing system, and tends to ignore other means of engaging and assessing students such as project-based, hands-on, or problem-solving demonstrations of competency; and

Whereas, the United States Department of Education has shown little or no interest in creating incentives among colleges and universities to incorporate innovative portfolios or project-based competencies into their admissions decisions, thus reinforcing the use of high-stake, multiple-choice private contractors; now, therefore, be it

Resolved by the Senate of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2007, That the United States Congress is strongly urged to propose specific amendments to, or recommend the repeal of, the federal No Child Left Behind Act of 2001; and be it further

Resolved, that among the issues and amendments the United States Congress should address are the following:

(1) Improving teacher quality, preparation, and training by:

(A) Building support for a comprehensive incentive program to recruit, place, and retain experienced, well-qualified teachers in high-need schools (e.g., high poverty, or geographically isolated communities);

(B) Providing significant support for teacher education, professional development, in-service training, and career opportunities;

(C) Improving the occupational status and compensation of teaching as a career;

(D) Improving qualifications of teacher candidates at colleges of education;

(E) Providing financial incentives for institutions of higher learning to incorporate portfolios and demonstrations of competency into their admissions decisions;

(F) Strengthening teacher education preparation programs in areas such as science, mathematics, technology, measurement, data analysis, and evaluation;

(G) Recognizing teachers having achieved certification by the National Board for Professional Teaching Standards as “highly qualified” in their respective fields; and

(H) Providing flexibility in recognizing certified secondary level special education teachers as qualified teachers in their own right, and removing the unrealistic expectation that such teachers be additionally certified in every single core subject area;

(2) Improving assessment measures and systems by:

(A) Refining student assessment instruments designed specifically for use in improving instruction as well as school accountability;

(B) Encouraging states and school districts to utilize a wider range of useful assessments, including project-based competency and portfolios;

(C) Developing more appropriate means of assessing the academic progress of English Language Learners, special education students, and those with behavioral health issues; and

(D) Supporting the development and implementation of comprehensive statewide data collection and exchange systems that allow for more efficient support for student record keeping and informed educational policy decision making (e.g., electronic student transcript systems, and longitudinal analyses of growth in academic achievement);

(3) Improving accountability models, indicators of performance, and consequences by:

(A) Supporting states and the educational research community in research and development efforts to further the pioneering work required in refining the technology underlying growth (toward standards) analysis models;

(B) Permitting each state to adopt and pilot its own growth model to calculate adequate yearly progress under the No Child Left Behind Act to take advantage of inherent benefits that motivate students at all levels of proficiency;

(C) Supporting wholesale changes to the “adequate yearly progress” model for educational accountability that would provide for a fairer and more balanced appraisal of school performance and quality;

(D) Replacing punitive, conjunctive “miss one, miss all” criteria;

(E) Expanding accountability indicators to reflect performance on standards in other important disciplines and countering unintended consequences such as a narrowing of curriculum;

(F) Allowing for current limitations in reliable and valid assessments of students within a wide range of disability classifications; and

(G) Allowing for deferrals to test new immigrant students with limited English proficiency for up to three years of entering the country;

(4) Augmenting resources to assist states in efforts to accomplish challenging educational initiatives by:

(A) Requiring schools to maintain a broad and comprehensive curriculum to support adopted content and performance standards, including the arts and physical education;

(B) Fully funding special education programs, as once promised;

(C) Providing adequate funding to research and develop multiple and more valid means of assessing student competence, skills and knowledge for use in both improvement and educational accountability; and

(D) Providing funding and training support for data and technology infrastructure requirements;

(5) Supporting innovation, capacity building, and flexibility to address state and local education needs by:

(A) Recognizing schools that demonstrate successful strategies using innovative curriculum and methodologies;

(B) Developing new initiatives for school facilities that do not push educational funding toward ever larger schools and economy-of-scale construction mentality;

(C) Avoiding simplistic “one size fits all” solutions for assessment, accountability, and intervention;

(D) Addressing unique needs of “high-need” schools (e.g., high poverty, high immigration, extreme geographic isolation); and

(E) Allowing states to determine which and how many grade levels are best to test; and

(6) Returning to the original intent and purpose of the Elementary and Secondary Education Act (ESEA) by:

(A) Restoring the foundational precepts of ESEA and its focus on equity in educational attainment despite disadvantages stemming from socio-economic background;

(B) Allowing states to “opt out” of requirements that impact schools that do not receive ESEA entitlements, without loss of federal funds;

(C) Promoting strategies that directly reduce achievement gaps through better instruction, such as incentives for experienced, well-qualified teachers to accept

positions in high-need schools and for reducing class size;

(D) Resolving to build the best public education system and teacher work force in the world, rather than promoting lofty rhetoric and ploys that undermine and divert public funds to private schools; and

(E) Returning policy setting and curriculum and teaching decision making control back to states, school districts and local communities; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, the Vice President of the United States, the President pro tempore of the United States Senate, the Speaker of the United States House of Representatives, and the members of Hawaii’s Congressional delegation.

POM-82. A joint resolution adopted by the Legislature of the State of Washington urging Congress to raise the authorized funding levels of the No Child Left Behind Act to cover the costs that states and districts will incur to carry out its recommendations; to the Committee on Health, Education, Labor, and Pensions.

SUBSTITUTE SENATE JOINT MEMORIAL 8011

Whereas, Washington State supports, believes in, and has been diligently working on the attainment of the goals of the No Child Left Behind legislation, all students achieving at high levels; and

Whereas, the state welcomes the additional support No Child Left Behind has brought to focus on quality education, the improvements needed to reach all children, and the urgency nationwide to close achievement gaps; and

Whereas, the state supports a fair, feasible, and creditable accountability system; and;

Whereas, Washington State has attached approval and is in compliance with the requirements provided in the regulations; and

Whereas, the reauthorization of the No Child Left Behind legislation will provide the opportunity for essential changes to be made to reach the goals and purposes of the law; and

Whereas, students with limited English proficiency are in a program because they cannot speak, read, or write English and they must be provided appropriate and valid measures for accountability that are not included in the overall accountability until such students develop English academic language proficiency, for a period of not more than three years; and

Whereas, students with disabilities need appropriate assessments that meet the requirements of the Individuals with Disabilities Education Act (IDEA), are aligned with their individual educational plans, and tested according to students’ ability and not limited to their grade level; and

Whereas, all students, all schools, and all districts do not improve on a uniform basis across any state as required by the state uniform bar, so the state uniform bar should be replaced with realistic requirements for continuous growth and improvement based on required yearly percentage increases in performance at the school, district, and state levels, which would provide fairness to accountability and an increased motivation for very low and very high performing schools; and

Whereas, the Act imposes a significant testing burden on states, schools, and districts and unless appropriate federal funding is provided for administering and scoring quality large scale assessments in the new grade levels required, states should be allowed to continue to assess students annually in selected grades in elementary schools, middle schools, and high schools and even if funding is provided for these assessments in the new grade levels, states should be able to use that funding to assess students in a variety of ways that would inform improvements in instruction but would not have to meet the extensive technical standards now required; and

Whereas, the adequate yearly progress provisions are overly prescriptive and rigid, and they identify too many schools “in need of improvement” by creating too many ways to fail, which reduces the opportunities and funding to assist schools that truly are in need of improvement; and

Whereas, the Act requires all teachers to be highly qualified regardless of state systems of certification and licensure in place, states must continue to have authority to use flexibility in meeting these requirements so that the educational needs of the students and the diverse conditions in the state are met; and

Whereas, career and technical education teachers are often hired from industries in which a bachelor’s degree is not the preferred level of certification; and

Whereas, the Washington State Legislature passed legislation in 2006 that recognizes credit for core academic subjects learned through career and technical education, but if the teacher does not have a bachelor’s degree the school district must report them to parents as “not highly qualified,” which places these teachers at a disadvantage in school districts; and

Whereas, positive changes in the definition of highly qualified teachers will assist in the awarding of equivalency credits and remove the stigma surrounding industry-certified teachers; and

Whereas, providers of supplemental services instruct students and are funded with federal funds, therefore these providers must meet the same safety and qualification standards required of public school educators; and

Whereas, supplemental services are most appropriately provided by public schools, public school educators should be allowed to offer supplemental services to qualifying students; and

Whereas, the Act imposes significant costs on the state and local school districts, teachers, and paraprofessionals; and

Whereas, these costs include the administration of newly required assessments, and the costs of staff development, certification upgrades, and coursework; now, therefore, your Memorialists respectfully request that the President and Congress of the United States work together with state legislatures and the United States Department of Education to raise authorized funding levels of the No Child Left Behind Act to cover the costs that states and districts will incur to carry out these recommendations, and fully fund the law at those levels without reducing expenditures for other education programs and to improve language in the Act and regulations concerning its implementation, to make improvements to address the issues raised in this Memorial, and to grant the time, flexibility, and changes that will ensure successful nationwide implementation of the No Child Left Behind Act; be it

Resolved, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the President of the United States Senate, the Speaker of the House of Representatives, each member of Congress from the State of Washington, and the Governor of the State of Washington.

ORDERS FOR CONSIDERATION OF THE HOUSE MESSAGE ON CONCURRENT RESOLUTION S. CON. RES. 21

By unanimous consent, on the request of Mr. CONRAD,

Ordered, That the Chair lay before the Senate the amendment (in the nature of a substitute) received from the House of Representatives for concurrence to the concurrent resolution (S. Con. Res. 21) setting forth the congressional budget for the United States Government for fiscal year 2008 and including the appropriate budgetary levels for fiscal years 2007 and 2009 through 2012; that the motion to disagree to the amendment (in the nature of a substitute) be agreed to; that the motion to agree to the request of conference be agreed to; and that the motion to authorize the Chair to appoint conferees be agreed to.

Ordered further, That, prior to the Chair appointing conferees, the following be the only motions to instruct conferees in order; and that no amendments be in order thereto:

A motion, intended to be made by Mr. KYL, relative to "Death Tax";

A motion, intended to be made by Mr. GREGG, relative to extension of certain tax cuts;

A motion, intended to be made by Mr. CONRAD, relative to extension of certain tax cuts;

A motion, intended to be made by Mr. CORNYN, relative to the point of order on increasing tax rates;

A motion, intended to be made by Mr. DEMINT, relative to tax increases;

A motion, intended to be made by Ms. STABENOW, relative to energy.

Ordered further, That there be 60 minutes, equally divided and controlled, for debate on each motion; that, upon conclusion of debate, the motion be laid aside; that there be 1 hour, equally divided and controlled, for debate between the chairman and ranking member of the Committee on Finance; that, at 7:30 p.m., the Senate vote in "stacked" sequence on the question of agreeing to said motions; that

each vote following the first be 10 minutes in duration; and that there be 2 minutes, equally divided and controlled, for debate before each vote.

Pending debate,

HOUSE AMENDMENT TO S. CON.

RES. 21

Pursuant to the order of today,

The PRESIDING OFFICER (Mr. SANDERS in the chair) laid before the Senate the amendment (in the nature of a substitute) received from the House of Representatives for concurrence to concurrent resolution S. Con. Res. 21.

Pursuant to the order of today,

The Senate disagreed to the amendment (in the nature of a substitute) of the House of Representatives, agreed to the conference requested by the House thereon, and authorized the Chair to appoint conferees.

On motion by Mr. KYL (for himself and Mr. GREGG) that the conferees on the part of the Senate on the disagreeing votes of the two Houses on concurrent resolution S. Con. Res. 21 be instructed to insist that the final conference report include the Senate position to provide for a reduction in revenues, sufficient to accommodate legislation to provide for permanent death tax relief, with a top marginal rate of no higher than 35%, a lower rate for smaller estates, and with a meaningful exemption that shields smaller estates from having to file estate tax returns, and to permanently extend other family tax relief, so that American families, including farmers and small business owners, can continue to enjoy higher after-tax levels of income, increasing standards of living, and a growing economy, as contained in the recommended levels and amounts of Title I of S. Con. Res. 21, as agreed to by the Senate.

Pending debate,

On motion by Mr. GREGG that the conferees on the part of the Senate on the disagreeing votes of the two Houses on concurrent resolution S. Con. Res. 21 be instructed to reject the House amendment that assumes a \$916 billion tax increase, the largest tax increase in U.S. history, and insist that the final conference report include in the recommend levels and amounts in Title I of S. Con. Res. 21, reductions in revenues commensurate with extending the existing tax policy:

\$1,000 child tax credit;

Marriage penalty relief;

10% income tax bracket—so those earning \$15,000 or less continue to benefit from low tax rate;

Lower marginal rates for American families and small businesses (15%, 25%, 28%, 33%, and 35%);

Earned Income Tax Credit relief for military families;

Adoption tax credit;

Dependent care tax credit;

College tuition deduction;

Deduction for student loan interest;

\$2,000 Coverdell Ed. IRA;

15% rate on capital gains and dividends; and death tax repeal.

Pending debate,

On motion by Mr. CONRAD that the managers on the part of the Senate at the conference on the disagreeing votes of the two houses on the House amendment to concurrent resolution S. Con. Res. 21 be instructed to—

(A) insist on the Senate amendment with regard to relief, which cuts taxes in the resolution by \$180 billion to provide for extension of the child tax credit, marriage penalty relief, and ten-percent bracket; reform of the estate tax to protect small businesses and family farms; extension of the adoption tax credit, dependent care tax credit, treatment of combat pay for purposes of EITC; and other tax relief;

(B) insist on Section 303 of the Senate resolution that provides for tax relief, including extensions of expiring tax relief and refundable tax relief, provided that such legislation would not increase the deficit over the total of the period of fiscal years 2007-2012; and

(C) insist on the Senate position that any additional revenues to meet these tax policies are achieved by closing the tax gap, shutting down abusive tax shelters, addressing offshore tax havens, and without raising taxes.

Pending debate,

On motion by Ms. STABENOW to instruct the conferees on the part of the Senate to insist on including in the conference report the Deficit-Neutral Reserve Fund for Energy Legislation in section 307 of S. Con. Res. 21 as it passed the Senate, which would provide for legislation to reduce our Nation's Dependence on foreign sources of energy and lower gas prices.

Pending debate,

On motion by Mr. CORNYN that the conferees on the part of the Senate on the disagreeing votes of the two Houses on the concurrent resolution S. Con. Res. 21 be instructed to insist that the final conference report include the supermajority point of order against consideration of any bill, resolution, amendment, amendment between Houses, motion, or conference report that includes a Federal income tax rate increase, in order to protect the pocketbooks of working and middle-class families, college students, seniors, farmers, small business owners and entrepreneurs, and to promote the elimination of government waste, fraud, and abuse to reduce the deficit and offset new spending, as contained in section 210 of S. Con. Res. 21, as agreed to by the Senate.

After debate,

The motion was agreed.

The question recurring on agreeing to the motion by Ms. STABENOW.

After debate,

The motion was agreed to.

The question recurring on agreeing to the motion by Mr. CONRAD.

Pending debate,

By unanimous consent, on the request of Mr. CONRAD,

Ordered, That the Senate vote on the question of agreeing to the following motions in the following order: the motion by Mr. KYL, the motion by Mr. CONRAD, and the motion by Mr. GREGG.

By unanimous consent, on the request of Mr. GREGG,

Ordered, That it be in order to request the yeas and nays on the question of agreeing to the pending motions with one show of seconds, notwithstanding the motions not presently being before the Senate.

Under the authority of the foregoing order,

On motion by Mr. GREGG,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of agreeing to the pending motions.

The hour of 7:30 p.m. having arrived,

Pursuant to the order of today,

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-83. A joint resolution adopted by the House of Representatives of the Legislature of the State of Maine urging Congress to increase funding for Community Development Block Grants; to the Committee on Banking, Housing, and Urban Affairs.

JOINT RESOLUTION

Whereas, the primary objective of the Community Development Block Grant program is the development of viable communities by providing decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low income and moderate income; and

Whereas, the State of Maine and the Maine entitlement communities receive direct allocations from the Community Development Block Grant program annually for a wide variety of community and economic development activities that principally benefit low-income and moderate-income persons, including the elderly, children and those who are at risk; and

Whereas, in Maine and in communities throughout the nation, 33 years of Community Development Block Grant program funding has developed a strong network of relationships among local governments, residents, businesses and nonprofit organizations; and

Whereas, the Community Development Block Grant program has been cut every year since fiscal year 2001, and President Bush has released his fiscal year 2008 federal budget to Congress proposing only \$2,986,000,000 in formula funding for the Community Development Block Grant program, a reduction of \$736,000,000 from last year that would present a severe hardship to Maine communities; now, therefore, be it

Resolved, That we, your Memorialists, on behalf of the people we represent, take this opportunity to indicate that this valuable program has made a tremendous contribution to the viability of the housing stock, infrastructure, public services and economic vitality of the State and that we respectfully urge and request that the President of the United States and the Congress of the United States recognize the outstanding work being done locally and nationally by the Community Development Block Grant program by supporting increased funding for the program in fiscal year 2008; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the United States, to the President of the Senate of the United States, to the Speaker of the House of Representatives of the United States

and to each Member of the Maine Congressional Delegation.

POM-84. A resolution adopted by the House of Representatives of the State of Michigan expressing opposition to Norfolk Southern Corporation's proposed sale of its rail lines from Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo and continuing to the Indiana border; to the Committee on Commerce, Science, and Transportation.

HOUSE RESOLUTION NO. 56

Whereas, the Norfolk Southern Corporation is considering the sale of its Michigan lines from Grand Rapids to Kalamazoo and from Ypsilanti to Kalamazoo. The Ypsilanti to Kalamazoo line carries the state's busiest high-speed Amtrak train, the Wolverine, which travels from Detroit to Chicago. The Wolverine travels on the Norfolk Southern Railroad's rail corridor from Ypsilanti to Kalamazoo until it connects with Amtrak's own line. Ridership on this line increased six percent in 2006 to 142,185 passengers; and

Whereas, the Ypsilanti to Kalamazoo portion of the Norfolk Southern line is a vital link between Detroit and Chicago. Expanding the high-speed rail capacity on this line is vital to the future development of this area. New industry, including coal energy, bio-diesel, and ethanol fuel plants are proposed for Michigan and specifically along the I-94 corridor located near the Ypsilanti to Kalamazoo rail line. Continued operation of this line by Norfolk Southern is essential to expansion of new industry in this area. Over 150 railroad employees' jobs are associated with the rail traffic along this line; and

Whereas, Norfolk Southern is a Class One railroad operator, earning revenue in excess of \$250 million annually. As a Class One operator, Norfolk Southern has the capacity to maintain and promote the use of these lines. The proposed sale of the Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo lines will almost certainly place the lines under the management of a Class Three operator, a rail company earning revenue of \$20 million of less annually. A Class Three operator will be far less likely to have the means to maintain the lines, thus increasing the chance of accidents. Class Three operators also rely on federal grants for line and equipment maintenance, grants that are not always guaranteed; now, therefore, be it

Resolved by the House of Representatives, That we express opposition to Norfolk Southern's proposed sale of its rail lines from Ypsilanti to Kalamazoo and Grand Rapids to Kalamazoo and continuing to the Indiana border; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate; the Speaker of the United States House of Representative; members of the Michigan congressional delegation; the

United States Department of Transportation, Surface Transportation Board; the Norfolk Southern Corporation; AMTRAK; and the Michigan Department of Transportation.

POM-85. A resolution adopted by the Senate of the State of Michigan urging Congress to restore funding for the Weatherization Assistance Program in fiscal year 2008 and to consider increasing future funding for this important federal program; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 36

Whereas, the Federal Weatherization Assistance Program (WAP), created in 1976 during the nation's oil crisis and administered by the United States Department of Energy (DOE), provides funding to states to operate programs that pay for weatherization improvements for low-income homes. Weatherization refers to a wide variety of measures and technologies, such as weather stripping, caulking, insulation, and energy-efficient appliances that reduce a building's energy consumption. The WAP is the country's longest running and perhaps most successful energy-efficiency program. During the last 30 years, the WAP has provided weatherization services to more than 5.5 million low-income families; and

Whereas, the WAP is a proven and effective program that helps not only low-income households, but the nation as a whole. The WAP empowers low-income families by enabling them to reduce energy costs and take responsibility for their energy bills. Weatherization reduces heating bills by an average of 31 percent. Low-income families receiving WAP retrofits commonly save about \$200 to \$300 each year in energy costs. In addition to the direct benefits that low-income families receive, a recent study by Oak Ridge National Laboratory (ORNL) documents a multitude of indirect benefits to local economies, the nation's energy security, and the environment. These benefits include job creation, increased property values, reduced national energy consumption, and a reduction in carbon dioxide emissions by an average of one ton per weatherized house. The ORNL study concludes that for each \$1 of investment in the WAP program, the nation receives \$3.71 worth of benefits. Surely, no other program receives such bang for its buck; and

Whereas, the effectiveness of the WAP program is threatened by recent DOE funding decisions. The DOE recently cut the Fiscal Year 2007 budget for the WAP by about 16 percent or about \$38 million less than it was a year ago. Local communities and state weatherization directors throughout the nation were dismayed by this decision; and

Whereas, under the Fiscal Year 2007 budget, Michigan is receiving almost \$2

million less than it did a year ago, and it could not have come at a worse time. The state is suffering through disturbingly high unemployment rates and a weakened economy and is in the midst of its most devastating and prolonged economic downturn since the Great Depression. Losing about \$1.9 million in WAP funds and the associated job stimulus that WAP generally provides is a hard pill for the state to swallow; and

Whereas, as the Fiscal Year 2008 federal budget is hammered out, the WAP program should be recognized and celebrated for its immense effectiveness rather than having its budget slashed. Clearly, it is fiscally wise to invest in the energy-saving WAP program; now, therefore, be it

Resolved by the Senate, That we urge the President of the United States, the United States Congress, and the United States Department of Energy to restore funding for the Weatherization Assistance Program in Fiscal Year 2008 and to consider increasing future funding for this important federal program; and be it further

Resolved, That copies of this resolution be transmitted to the Office of the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the Secretary of the United States Department of Energy.

POM-86. A joint resolution adopted by the Legislature of the State of Montana urging Congress to reauthorize the Secure Rural Schools and Community Self-Determination Act and work toward a permanent solution to compensate states and local governments for lost tax revenue on federal land within Montana; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 4

Whereas, the stability of Montana's economy has historically been dependent on use of our abundant natural resources; and

Whereas, the natural resource harvest has historically contributed billions of dollars to Montana's economy by providing employment opportunities to members of our communities, supporting our business communities, and contributing to the health of our schools; and

Whereas, revenue from industries related to the natural resource harvest has produced taxes for the support of local and state governments; and

Whereas, the amount of money generated by national forests has dropped more than 85% between 1986 and 2005, creating a financial crisis for rural forest communities in Montana and around the country; and

Whereas, Congress passed the Secure Rural Schools and Community Self-Determination

Act of 2000 to provide a safety net for these communities, and the purpose of the Act was to stabilize payments to states and counties to help support roads and schools, provide projects that enhance forest ecosystem health, provide employment opportunities, and improve cooperative relationships among federal land management agencies and those who use and care about the lands that the agencies manage; and

Whereas, counties in Montana received more than \$14 million in the last year to maintain schools and roads; and

Whereas, the Secure Rural Schools and Community Self-Determination Act has expired; and

Whereas, if the Act is not reauthorized, many counties will suffer severe financial impacts resulting in significant reduction in services, including but not limited to public safety and education: Now, therefore, be it

Resolved, by the Senate and the House of Representatives of the State of Montana:

(1) That the Legislature of the State of Montana urge the U.S. Congress to reauthorize the Secure Rural Schools and Community Self-Determination Act of 2000 and work toward a permanent solution to compensate states and local governments for lost tax revenue on federal land within Montana.

(2) That the Secretary of State send copies of this resolution to the President of the United States, the Secretary of State of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Western Governors' Association, and the Montana Congressional Delegation.

POM-87. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to establish a "Marshall Plan" for the United States automotive industry; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 31

Whereas, at a time when our country's auto sector is facing untold, and often unfair, challenges, it is in our national interest to establish a "Marshall Plan," similar to the plan instituted to jump-start the decimated post-WWII European economy, to help accelerate the domestic production of alternative fuel and advanced technology vehicles. Providing assistance to the automobile manufacturers and auto parts suppliers to dramatically accelerate the domestic production of alternative fuel and advanced technology (hybrid, clean diesel, and fuel cell) vehicles and their key components is of paramount importance to our entire economy; and

Whereas, only through action of the federal government could a comprehensive plan be developed to help retain and create tens of

thousands of jobs for American workers, and assure that American companies are producing the cars and trucks of the future right here in the United States. Providing the opportunity for the automotive sector to retool and expand existing facilities, and helping to make sure that there is a level playing field among all automotive companies with respect to corporate taxes and health care costs, will produce tremendous benefits for years to come; and

Whereas, indeed, a Marshall Plan would have any number of direct and indirect benefits. It would reduce our dependence on foreign oil, thereby reducing our dangerous reliance on foreign oil and increasing our energy security. It would also improve the environment by reducing global warming emissions. The plan would further generate additional revenue for federal, state, and local governments because of the jobs that would be created for American workers. Moreover, it would benefit consumers through lower costs for flex fuel and advanced technology vehicles, and lower overall fuel costs. Finally, the plan would help corporate profitability and help ensure that workers and retirees receive the health care and retirement benefits they have earned; now, therefore, be it

Resolved by the House of Representatives, That we hereby memorialize the Congress of the United States to establish a "Marshall Plan" for the United States automotive industry; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-88. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to reauthorize the State Children's Health Insurance Program for the State of Michigan; to the Committee on Finance.

HOUSE RESOLUTION NO. 50

Whereas, the House of Representatives regard the health of our children to be of paramount importance to families in our state. Poor child health is a threat to educational achievement as well as the social and psychological well-being of the children of our state; and

Whereas, the members of the Michigan Legislature consider protecting the health of our children to be essential to improving the lives of our youngest citizens and the quality of life in this state. The Michigan SCHIP program, which has enrolled uninsured children since its inception, is an integral part of the arrangements for health benefits for the children of the State of Michigan. We recognize the value of the Michigan SCHIP

in preserving child wellness, preventing and treating childhood disease, and improving health outcomes, including overall health costs; and

Whereas, the federal funding available to the State of Michigan through SCHIP is an invaluable source of funding to provide health benefits for children of modest means. Furthermore, we encourage all components of state government to work with educators, health care providers, social workers, and parents to ensure that all available public and private assistance to provide health benefits for uninsured children be garnered and used to the maximum extent; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the United States Congress to ensure timely reauthorization of the State Children's Health Insurance Program (SCHIP) to assure federal funding for Michigan SCHIP; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-89. A resolution adopted by the House of Representatives of the State of Georgia urging Congress to continue to press for strong measures to end the violence in Sudan and urging the Securities and Exchange Commission to provide guidance to public pension fund managers in order to avoid investments which may be supporting nations involved in the support of terrorism or human rights violations; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 273

Whereas, Sudan's government and southern rebels have come to an historic, long-awaited agreement that ends Africa's longest civil war and brings hope to millions of exiled Sudanese yearning to return home; and

Whereas, continued violence in the troubled region of Darfur, Sudan, previously described by the Bush administration as genocide, casts a shadow over the agreement that does not cover the Darfur conflict; and

Whereas, the government of Sudan appears to have sponsored a militia composed of a loose collection of fighters, apparently of Arab background, known as the "Janjaweed"; and with the active support of the regular army, the Janjaweed have attacked villages and committed numerous human rights violations; and

Whereas, the humanitarian consequences of the situation in Darfur are grave, with an estimated over 100,000 innocent civilians brutally murdered; and according to the Office of the United Nations High Commissioner for Refugees 2004 statistics, 662,302 people have been internally

displaced and 730,650 people have been forced from their homes to flee to neighboring countries; and

Whereas, the citizens of the State of Georgia abhor this violence and desire that their tax dollars neither directly nor indirectly support these human rights violations through investment in companies aiding the government of Sudan in these acts of terror; and

Whereas, the United States Congress established the Office of Global Security Risk in the Securities and Exchange Commission to provide information to United States investors, including public pension plans, to ascertain whether their funds are invested in corporations with ties to governments that support terrorism; and

Whereas, the National Conference of State Legislatures, the National Association of State Retirement Administrators, the National Association of State Auditors, Comptrollers and Treasurers, and the National Council on Teacher Retirement have joined in urging the Securities and Exchange Commission to assist investors by requiring companies to disclose business conducted in states designated by the State Department as sponsoring terrorism: Now, therefore, be it

Resolved by the House of Representatives, That the President, the United States Congress, the United Nations, and the African Union are urged to continue to work with the international community to press the government of Sudan to halt these ongoing human rights violations; and be it further

Resolved, That the Securities and Exchange Commission is urged to issue guidance to public pension fund managers so that the state may be assured that its funds are not invested in companies that are not in compliance with relevant U.S. laws and are not contributing to terrorism; be it further

Resolved, That the Clerk of the House of Representatives is authorized and directed to transmit appropriate copies of this resolution to the Clerk of the House of Representatives of the United States, the Clerk of the Senate of the United States, each member of the Georgia delegation to the Congress of the United States, Christopher Cox, Chairman, Securities and Exchange Commission, the Secretary General of the United Nations, and the President of the African Union.

POM-90. A resolution adopted by the Senate of the State of Massachusetts commending Taiwan on its contributions to promote world health; to the Committee on Foreign Relations.

RESOLUTION

Whereas, good health is essential to every person and access to the highest standards of health information and services is necessary to improve public health, especially in view of such world health crises as HIV/AIDS,

severe acute respiratory syndrome, Avian flu, Tuberculosis and Malaria; and

Whereas, public health knows neither borders nor politics; and

Whereas, there is a genuine need to improve management and surveillance, foster communications and improve laboratory capabilities among nations; and

Whereas, the World Health Organization set forth, in the first chapter of its charter, the objective of attaining the highest possible level of health for all people; and

Whereas, Taiwan's achievements in the field of health are substantial including, having one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those of western countries, having eradicated diseases such as cholera, smallpox and the plague and being the first to eradicate polio and providing children with Hepatitis-B vaccinations; and

Whereas, Taiwan's population of 23.5 million is larger than that of three-quarters of the member states in the World Health Organization; and

Whereas, the great potential of cross-borderspread of diseases has made it crucial for all countries, including Taiwan, to have direct and unobstructed access to information and assistance from the World Health Organization in order to successfully limit the spread of various infectious diseases and achieve world health; and

Whereas, the United States Centers for Disease Control and Prevention and its Taiwanese counterpart have enjoyed close collaboration on a wide range of public health issues and concerns; and

Whereas, Taiwan has been eagerly and voluntarily assisting, financially and technically, in international health activities supported by the World Health Organization and donating generously to disaster areas; and

Whereas, in 2001, President George W. Bush and senior members of his administration vocalized support for Taiwan's participation in the World Health Organization; and

Whereas, in 2002, the European Parliament called on the World Health assembly to accept observer status for Taiwan, and its member states to support the application of Taiwan as an observer to the World Health Organization; and

Whereas, in 2002, the United States House of Representatives and Senate authorized the Secretary of State to endorse observer status for Taiwan at the World Health assembly; and

Whereas, in 2002, the United States House of Representatives passed H.R. 441, entitled "WHO for Taiwan", in support of Taiwan's participation as an observer in the World Health Organization; Now therefore be it

Resolved, That the Massachusetts General Court hereby commends the Republic of

China, Taiwan, on its many contributions to promote world health and supports its application as an observer to the World Health Organization; and be it further

Resolved, That a copy of these resolutions be transmitted forthwith by the Clerk of the Senate to President George W. Bush, the Secretary of Health and Human Services, the Massachusetts Congressional Delegation, President Chen Shui-Bian on behalf of the 23 million citizens of Taiwan, the Director-General of the World Health Organization and Director-General Kuo-Tung Yang of the Taipei Economic and Cultural Office in Boston.

POM-91. A resolution adopted by the House of Representatives of the State of Pennsylvania designating April 24, 2007, as "Pennsylvania's Day of Remembrance of the Armenian Genocide of 1915-1923"; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 25

Whereas, one and one-half million men, women and children of Armenian descent were victims of the brutal genocide perpetrated by the Turkish Ottoman Empire from 1915 to 1923; and

Whereas, the Armenian genocide and massacres of the Armenian people have been recognized as an attempt to eliminate all traces of a thriving and noble civilization more than 3,000 years old; and

Whereas, revisionists still inexplicably deny the existence of these horrific events; and

Whereas, modern Turkey continues to deny and distort the facts of the Armenian genocide and honors the perpetrators of that crime against humanity as national heroes; and

Whereas, before the implementation of the Holocaust of European Jews, in order to encourage his followers, Adolf Hitler asked, "Who remembers the Armenians?"; and

Whereas, by consistently remembering and openly condemning the atrocities committed against the Armenians, Pennsylvanians affirm the need for constant vigilance to prevent similar atrocities in the future; and

Whereas, the Armenian people have not received reparations for their losses; and

Whereas, recognition of the 92nd anniversary of the Armenian genocide and education about past horrors is crucial to ensuring against future genocide; and

Whereas, Armenia is now a free and independent republic, having embraced democracy following nearly 70 years of oppressive Soviet domination; and

Whereas, Armenian Americans living in Pennsylvania have greatly enriched this Commonwealth through their leadership in business, agriculture, academia, government and the arts; Therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania designate April 24, 2007, as "Pennsylvania's Day of Remembrance of the Armenian Genocide of 1915-1923"; and be it further

Resolved, That the Chief Clerk of the House of Representatives transmit copies of this resolution to the Pennsylvania congressional delegation and to the Armenian National Committee of Pennsylvania.

POM-92. A resolution adopted by the House of Representatives of the State of Pennsylvania urging the Citizens' Stamp Advisory Committee of the United States Postal Service to issue a commemorative stamp honoring coal miners; to the Committee on Homeland Security and Governmental Affairs.

HOUSE RESOLUTION NO. 197

Whereas, our entire nation owes our coal miners a great deal more than we could ever repay them for the difficult and dangerous job which they perform so that we can have the fuel we need to operate our industries and to heat our homes; and

Whereas, coal mining is as much a culture as it is an industry; and

Whereas, coal miners sacrifice life and limb for little recognition, and it would be proper and fitting for our nation to recognize our coal miners, past and present, for their contributions: Therefore be it

Resolved, That the General Assembly of the Commonwealth of Pennsylvania memorialize the Citizens' Stamp Advisory Committee of the United States Postal Service to issue a commemorative stamp honoring our coal miners and their contributions to our nation and its citizens; and be it further

Resolved, That copies of this resolution be delivered to the Citizens' Stamp Advisory Committee, c/o Stamp Development, United States Postal Service, 1735 North Lynn Street, Room 5013, Arlington, VA 22209-6432, to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-93. A joint resolution adopted by the Legislature of the State of Montana opposing the relaxation of mail delivery standards under consideration by the President's Commission on the U.S. Postal Service; requesting that the U.S. Postal Service maintain current levels of service; and requesting that the U.S. Postal Service maintain current overnight delivery standards and not centralize Montana's mail sorting operations; to the Committee on Homeland Security and Governmental Affairs.

HOUSE JOINT RESOLUTION NO. 4

Whereas, the United States Postal Service, founded in 1775, provides dependable,

affordable mail service to Montana communities; and

Whereas, the United States Postal Service remains an important part of the nation's economic infrastructure through which nearly \$1 trillion of economic activity is conducted each year and in which 9 million people are employed; and

Whereas, many Montanans, especially in rural areas, do not have easy access to the Internet or to electronic banking and bill paying and are heavily dependent on the United States Postal Service for communication and conducting business transactions; and

Whereas, Americans currently enjoy the most extensive postal service at the lowest postage rates of any major industrialized nation in the world; and

Whereas, the President's Commission on the United States Postal Service has recommended changes to postal operations that could sever postal employees from federal employee health, retirement, and workers' compensation programs and has recommended repeal of laws that could pave the way toward reducing rank-and-file wages and benefits while simultaneously eliminating the current salary cap on executive level postal positions; and

Whereas, the Commission has recommended a new Presidentially appointed, corporate-style board of directors and a new postal regulatory board and has proposed giving these new politically appointed governing bodies broad authority to set rates; and

Whereas, the Commission has proposed to refine the scope of the United States Postal Service's "universal service" obligation and uniform rate structure and change and restrict the scope of services currently protected under postal monopoly regulations; and

Whereas, the new board's broad authority could allow post offices to be closed and prices to be set with a complicated postage rate structure or could turn over postal operations to private, for-profit enterprises; and

Whereas, replacing the United States Postal Service's public service obligation with a profit-seeking mandate would undermine the United States Postal Service's historical "universal service" obligation and weaken its national infrastructure; and

Whereas, in the interim period prior to legislated postal reform, the United States Postal Service may move forward with initiatives to close postal facilities in Montana; and

Whereas, the United States Postal Service is requesting that the United States Postal Rate Commission investigate relaxation of overnight delivery standards; and

Whereas, the United States Postal Service could consolidate the processing of mail in Montana, including moving all Helena

outgoing mail-sorting operations to Great Falls; and

Whereas, this consolidation would not serve the public's best interest because of the decrease in productivity compared to the current processing of mail in Helena; and

Whereas, the consolidation could result in the elimination of the agency's current obligation to deliver local mail overnight and could relax other mail delivery standards across Montana; and

Whereas, the economy of the Helena area would be negatively impacted as a result of the relaxation of overnight delivery standards; and

Whereas, the public health and the public services provided by state agencies would be negatively impacted as a result of the relaxation of overnight delivery standards: Now, therefore, be it

Resolved, by the Senate and the House of Representatives of the State of Montana, That the Montana Legislature urges the President, the Congress of the United States, and the United States Postal Service to continue to maintain affordable, dependable mail service at current levels because of its social and economic importance to our nation; and Be it further

Resolved, That any recommendation from the President's Commission on the United States Postal Service or the United States Postal Rate Commission that curtails public services in the current postal service be rejected; and be it further

Resolved, That the Legislature of the State of Montana opposes any changes that would harm the public and workers of the United States Postal Service, including legislated or United States Postal Service initiatives to close or consolidate postal facilities, relax overnight delivery standards, centralize mail-sorting operations, take away or modify the collective bargaining system of postal workers, or change the current bargaining system for employee benefits; and be it further

Resolved, That copies of this resolution be sent by the Secretary of State to the Honorable George W. Bush, President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Majority and Minority Leaders of the United States Senate and House of Representatives, the Postmaster General of the United States Postal Service, the United States Postal Rate Commission, the President's Commission on the United States Postal Service, the Committee on Ways and Means, the Committee on Rules, and the Committee on the Budget of the United States House of Representatives, the Budget Committee of the United States Senate, and each member of the Montana Congressional Delegation.

POM-94. A resolution adopted by the Senate of the State of Michigan urging

Congress to enact the Second Chance Act to help juvenile and adult ex-offenders to successfully reenter their communities; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 45

Whereas, the transition from confinement to release presents both great risks and opportunities for young ex-offenders and the communities in which they live. Unsuccessful transitions into the community can result in an alarmingly high recidivism rate for offenders. Effective reentry programs can reduce recidivism rates by providing the necessary support and resources to guide ex-offenders through a successful transition from confinement to community life; and

Whereas, comprehensive reentry programs are especially effective among young people. With their development still in progress, young ex-offenders are more amenable to effective behavior modification interventions, thus saving lives, anguish, and public tax dollars. An example of an effective program that reduces recidivism is Multidimensional Treatment Foster Care (MTFC). This program provides services to youth and their families to assist in the transition from confinement to reentry into the community. MTFC includes ongoing supervision, frequent contact, and coordination of services with the youth's probation officer, teachers, and other involved adults. Studies show that youths in MTFC were less likely to turn back to crime compared to ex-offenders in residential group homes; and

Whereas, research-based reentry programs such as MTFC not only reduce crime, but they are also cost effective. Currently, many young people are released unconditionally when they "age-out" of juvenile court jurisdiction and are not provided access to family reunification or aftercare services. Such unconditional releases increase the likelihood that ex-offenders will return to crime. MTFC and similar programs could save taxpayers thousands of dollars and could save innocent people the heartache of suffering from a criminal attack; and

Whereas, the Second Chance Act calls for an authorization of around \$200 million over two years to assist ex-offenders in making a successful transition from confinement to release into the community. The United States Department of Justice would administer demonstration grants to states and local governments to provide and coordinate reentry programs for juvenile and adult offenders. This legislation includes family reunification services, job training, education, housing, and substance abuse and mental health services. This legislation would establish a federal interagency task force on offender reentry, provide research on reentry, and create a national resource center to collect and disseminate information on best

practices in offender reentry: Now, therefore, be it

Resolved by the Senate, That we memorialize the United States Congress to enact the Second Chance Act to help juvenile and adult ex-offenders to successfully reenter their communities; and be it further

MESSAGE FROM THE PRESIDENT

The following message from the President
of the United States was transmitted to the
Senate by Ms. Evans, one of his secretaries:

REPORT CERTIFYING THAT THE
EXPORT TO THE PEOPLE'S REPUBLIC OF
CHINA OF CERTAIN MATERIALS IS NOT
DETRIMENTAL TO THE U.S. SPACE
LAUNCH INDUSTRY AND THAT THE
MATERIAL WILL NOT MEASURABLY
IMPROVE THE MISSILE OR SPACE
LAUNCH CAPABILITIES OF THE
PEOPLE'S REPUBLIC OF CHINA—PM 13

The PRESIDING OFFICER laid before the
Senate the following message from the
President of the United States, together with
an accompanying report; which was referred
to the Committee on Foreign Relations:

To the Congress of the United States:

In accordance with the provisions of
section 1512 of the Strom Thurmond
National Defense Authorization Act for
Fiscal Year 1999 (Public Law 105-261), I
hereby certify that the export to the People's
Republic of China of the following items is
not detrimental to the U.S. space launch
industry, and that the material and equipment,
including any indirect technical benefit that
could be derived from such exports, will not
measurably improve the missile or space
launch capabilities of the People's Republic
of China:

A four-axis filament winding machine for
production of spare parts for China's water
purification and treatment industries;

A computer control system upgrade to a
three-axis filament winding machine for
production of spare parts for China's water

MORNING BUSINESS

The following morning business occurred on today:

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Evans, one of his secretaries:

REPORT RELATIVE TO THE
CONTINUATION OF THE NATIONAL
EMERGENCY WITH RESPECT TO
BURMA—PM 14

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. I have sent the enclosed notice to the *Federal Register* for publication, stating that the Burma emergency is to continue beyond May 20, 2007.

The crisis between the United States and Burma arising from the actions and policies of the Government of Burma, including its policies of committing large-scale repression of the democratic opposition in Burma, that led to the declaration of a national emergency on May 20, 1997, has not been resolved. These actions and policies are hostile to U.S. interests and pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency and maintain in force the sanctions against Burma to respond to this threat.

GEORGE W. BUSH,

THE WHITE HOUSE, *May 17, 2007.*

EXECUTIVE AND OTHER

EC-1961. A communication from the Director, Office of Administration and Management, Department of Defense, transmitting, pursuant to law, a report certifying that the cost of Wedges 2 through 5 of the Pentagon Renovation will be within the specified limitation; to the Committee on Armed Services.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-95. A resolution adopted by the House of Representatives of the State of New Hampshire supporting the U.S. Mayors Climate Protection Agreement; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION NO. 9

Whereas, the people of New Hampshire value clean air and water, and prioritize natural resources protection for economic growth, and better health, and quality of life for our citizens;

Whereas, the governor of New Hampshire has declared in executive order number 2005-4 that New Hampshire will lead-by-example in energy efficiency to protect public health, future economic growth, our environment, quality of life, and taxpayer dollars; and

Whereas, the use of energy for electricity, heating, cooling, and transportation has a significant effect on public health and the environment, contributing to such problems as ground-level ozone, acid rain, eutrophication of water bodies, soot, haze, mercury contamination, and climate change; and

Whereas, 5 New Hampshire cities, Dover, Keene, Manchester, Nashua, and Portsmouth, and many cities across the United States, have signed onto the U.S. Mayors Climate Protection Agreement and have reduced global warming pollution through programs that provide economic and quality of life benefits such as reduced energy bills, green

space preservation, air quality improvements, reduced traffic congestion, improved transportation choices, economic development, and job creation through energy conservation and new energy technologies, and have recognized that energy efficiency and conservation will save taxpayer money; and

Whereas, rural communities and agriculture sectors will benefit from energy efficiency and conservation and the development of a broad spectrum of renewable energy sources including wind power, biodiesel, biomass, methane digesters, and solar, including establishing additional markets for agricultural commodities, creating new uses for crops, livestock, and their byproducts, more productive use of marginal lands, improving wildlife habitat, and providing new employment opportunities; and

Whereas, significant reduction in New Hampshire's greenhouse gas emissions, diversification of in-state energy sources, and collaboration with other northeastern states will have a measurable effect on global warming and New Hampshire will lead the region with sustainable economic growth, the next generation of new technology, and dynamic job creation; and

Whereas, producing 25 percent of New Hampshire's energy demand from renewable sources by the year 2025 is realistic and presents numerous benefits for the state's communities, diversifies the business sector, protects the environment and public health, and promotes national security; now, therefore, be it

Resolved by the House of Representatives: That the New Hampshire house of representatives supports the vision of a "25 by 25" goal, whereby renewable energy will provide 25 percent of the total energy consumed in New Hampshire by the year 2025; and

That the New Hampshire house of representatives supports incentives to consumers to increase energy efficiency and conservation; and

That the New Hampshire house of representatives agrees that smart energy measures, like anti-idling policies, expanding public transportation choices, and appropriate vehicle selection for state agency uses, will help reduce air pollution and global warming gases; and

That copies of this resolution, signed by the speaker of the house of representatives be forwarded by the house clerk to the governor of New Hampshire, the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the New Hampshire congressional delegation.

POM-96. A resolution adopted by the House of Representatives of the State of New Hampshire urging Congress to take actions

relative to veterans' benefits and the war in Iraq; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 10

Whereas, in the history of military campaigns for over 2 centuries beginning with the Revolutionary War, the people of the United States of America have engaged in military and diplomatic initiatives to gain and preserve freedom for all people; and

Whereas, the citizens of the state of New Hampshire strongly support the men and women serving in the United States Armed Forces in Iraq, Afghanistan, and arenas known and not yet known; and

Whereas, over 3,000 American military personnel, including 17 from New Hampshire, have died since March of 2003 in the hostilities in Iraq, and tens of thousands have returned home with significant unmet physical and other health care needs; and

Whereas, the citizens of the state of New Hampshire recognize, appreciate, and are forever thankful for the sacrifices that all of our American and New Hampshire soldiers have made, especially those who have given their lives or been wounded in previous and current battles to protect our freedoms; and

Whereas, the unknown time line of the war in Iraq has stretched thin our National Guard and Reserves, including the New Hampshire national guard, and created a severe equipment shortage, thereby reducing the readiness level of our National Guard to fully meet its missions of responding to natural disasters, terrorism, and protecting us at home; and

Whereas, the New Hampshire house of representatives has an obligation to speak out on matters which affect the people of our state, and the ability of our government to protect us at home; now, therefore, be it

Resolved by the House of Representatives: That the New Hampshire house of representatives and the American people will continue to support and protect the members of the United States Armed Forces and the New Hampshire national guard who are serving or who have served bravely and honorably in Iraq and elsewhere; and

That the New Hampshire house of representatives disapproves of the decision of President George W. Bush, announced on January 10, 2007, to deploy more than 20,000 additional United States combat troops to Iraq; and

That the New Hampshire house of representatives calls on the Bush Administration and Congress to fund fully all benefits for veterans to appropriately care for our brave men and women when they return from this war and other combat; and

That the New Hampshire house of representatives urges the President and Congress to commence talks with the neighbors in the Middle East and begin the

orderly withdrawal of American military forces from Iraq; and

That the clerk of the New Hampshire house of representatives send copies of this resolution to governor John Lynch, the president and minority leader of the New Hampshire state senate, the President of the United States, the United States Secretary of Defense, the United States Secretary of State, the President of the United States Senate, the Speaker of the United States House of Representatives, and the New Hampshire congressional delegation.

MESSAGE FROM THE PRESIDENT RECEIVED DURING ADJOURNMENT

The following message from the President of the United States was transmitted to the Senate, one of his secretaries:

REPORT RELATIVE TO THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO IRAQ -- PM 15

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* for publication. This notice states that the national emergency declared in Executive Order 13303 of May 22, 2003, as modified in scope and relied upon for additional steps taken in Executive Order 13315 of August 28, 2003, Executive Order 13350 of July 29, 2004, and Executive Order 13364 of November 29, 2004, is to continue in effect beyond May 22, 2007.

The threats of attachment or other judicial process against (i) the Development Fund for Iraq, (ii) Iraqi petroleum and petroleum products, and interests therein, and proceeds,

obligations, or any financial instruments of any nature whatsoever arising from or related to the sale or marketing thereof, and interests therein, or (iii) any accounts, assets, investments, or any other property of any kind owned by, belonging to, or held by, on behalf of, or otherwise for the Central Bank of Iraq obstruct the orderly reconstruction of Iraq. These threats also impede the restoration and maintenance of peace and security and the development of political, administrative, and economic institutions in Iraq. These threats continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Accordingly, I have determined that it is necessary to continue the national emergency protecting the Development Fund for Iraq, certain other property in which Iraq has an interest, and the Central Bank of Iraq and maintain in force the measures to respond to this threat.

GEORGE W. BUSH.
THE WHITE HOUSE, *May 18, 2007.*

MOTION TO PROCEED TO

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-97. A resolution adopted by the City Commission of Sunny Isles Beach, Florida, requesting fair treatment for Haitian asylum seekers who recently arrived ashore in Hallandale Beach, Florida; to the Committee on the Judiciary.

POM-98. A concurrent resolution adopted by the House of Representatives of the State of Arizona urging Congress to take immediate action to allow the Arizona Game and Fish Commission to recover the Kofa National Wildlife Refuge desert bighorn sheep population; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT MEMORIAL 2008

Whereas, the Kofa National Wildlife Refuge was created primarily in response to concerns for historic declines in desert bighorn populations throughout the west, and the refuge is critical to the health of desert bighorn sheep; and

Whereas, the Kofa National Wildlife Refuge desert bighorn sheep population has declined from 812 sheep in 2000 to 390 sheep in 2006, as documented through extrapolation of data from surveys conducted by the Arizona Game and Fish Commission and the Kofa National Wildlife Refuge; and

Whereas, the Kofa National Wildlife Refuge is the primary source of desert bighorn sheep, mexicana subspecies, throughout the southwestern portion of the United States; and

Whereas, the Kofa National Wildlife Refuge has served as the primary resource for repatriation of desert bighorn sheep to mountain ranges in Arizona, Texas, New Mexico and Colorado and has repatriated at least 513 desert bighorn sheep in 25 of the past 49 years since transplanting began; and

Whereas, the decline in the Kofa National Wildlife Refuge sheep herd coincides with periods of drought and a known increase in the resident population of mountain lions on the Kofa National Wildlife Refuge; and

Whereas, the current population of Kofa desert bighorn sheep is inadequate to support continuing repatriation; and

Whereas, failure to take immediate action will likely result in further decline and threaten the viability of the Kofa herd; and

Whereas, the Arizona Game and Fish Commission has a trust responsibility under title 17, Arizona Revised Statutes, to manage all wildlife in Arizona; and

Whereas, although the United States Fish and Wildlife Service is mandated to manage the natural resources of the Kofa National Wildlife Refuge, the National Wildlife Refuge System Improvement Act of 1997 which provides that the Secretary of the Interior shall ensure effective coordination, interaction and cooperation with the fish and wildlife agency of the states in which the units of the system are located; and

Whereas, the Arizona Game and Fish Commission and Department are recognized for their body of expertise relative to managing both desert bighorn sheep and mountain lions, and immediate management action is needed to secure the health and

viability of the Kofa desert bighorn sheep population.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress take immediate action to reaffirm the Arizona Game and Fish Department's position as the leading agency in the management of non-migratory and non-endangered state wildlife.

2. That the Arizona Game and Fish Commission employ, without any unnecessary delays, burdens or obstacles, all management tools and measures necessary to recover the Kofa National Wildlife Refuge desert bighorn sheep population, including the management of predators, water developments, human intervention and the potential for disease epizootics.

3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives, each Member of Congress from the State of Arizona and the Director of the Arizona Game and Fish Department.

POM-99. A concurrent resolution adopted by the Senate of the State of Arizona urging Congress to repeal federal tax withholding on certain payments made by government agencies; to the Committee on Finance.

SENATE CONCURRENT MEMORIAL 1001

Whereas, section 511 of the Tax Increase Prevention and Reconciliation Act of 2005 imposes on certain governmental agencies the duty to withhold and remit income taxes on certain payments for providers of services or property; and

Whereas, many providers of covered transactions may be in marginal businesses with little or no federal income tax liability, thereby forcing an interest-free loan to the federal government by the businesses that can least afford them; and

Whereas, section 511 places an undue burden on governmental agencies, creating yet another unfunded mandate to state and local governments; and

Whereas, the Internal Revenue Service is barely able to cope with the current level of tracking of withholding payments, much less handle the exponential increase in such payments that section 511 creates; and

Whereas, this withholding scheme will inevitably lead to endless disputes between governmental agencies and their service providers over billing and account balances.

Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the Congress of the United States repeal section 511 of the Tax Increase Prevention and Reconciliation Act of 2005, codified as section 3402(t) of the Internal Revenue Code.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-100. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to take such actions as are necessary to support the goals and ideals of a National Day of Remembrance for Murder Victims; to the Committee on the Judiciary.

House Concurrent Resolution No. 61

Whereas, the death of a child is a devastating experience, and the murder of a child is exceptionally difficult; and

Whereas, Parents of Murdered Children, Inc., (POMC) helps families of murder victims cope with grief through a variety of support services, including counseling, crisis intervention, professional referrals, and assistance in dealing with the criminal justice system; and

Whereas, POMC was formed in 1978 by Robert and Charlotte Hullinger after the tragic murder of their daughter, Lisa, on September 25 of that year; and

Whereas, POMC has grown from only five parents at the first meeting of the organization in Cincinnati, Ohio, in 1978 to over 100,000 members in more than 300 chapters worldwide; and

Whereas, POMC membership is open to anyone who has suffered the murder of a loved one and to professionals who are in frequent contact with survivors of murder victims; and

Whereas, POMC provides comfort and vital, ongoing assistance to countless loved ones of murder victims; and

Whereas, POMC helps guide families of murder victims through the process of pursuing justice in the criminal justice system, which can be an overwhelming experience for grieving loved ones; and

Whereas, POMC has designated September 25 of each year as a National Day of Remembrance for Murder Victims; and

Whereas, the designation of a National Day of Remembrance for Murder Victims provides an opportunity for the people of the United States to honor the memories of murder victims: therefore, be it

Resolved that the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to support the goals and ideals of a National Day of Remembrance for Murder Victims and to recognize the significant benefits that Parents of Murdered Children, Inc., provides to the loved ones of murder victims, be it further

Resolved that a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of

the Congress of the United States of America and to each member of the Louisiana congressional delegation.

On motion by Mr. KENNEDY to reconsider the vote agreeing to the amendment.

On motion by Mr. REID,

The motion to reconsider was laid on the table.

The question being on agreeing to amendment No. 1202 to amendment No. 1150 (in the nature of a substitute), as amended, to the bill.

Mr. REID asked unanimous consent that, at 5:45 p.m. today, the Senate vote in relation to an amendment to be proposed by Mr. KENNEDY as an alternative to amendment No. 1184; and that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1184.

Mr. MCCONNELL objected.

Pending debate,

Mr. REID asked unanimous consent that, on tomorrow, the Senate vote in relation to amendment No. 1235, proposed by Mr. SESSIONS; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1176, proposed by Mr. FEINGOLD (for himself, Mr. LIEBERMAN, and Mr. INOUE); that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1151, proposed by Mr. INHOFE (for himself, Mr. ALEXANDER, Mr. SESSIONS, Mr. ENZI, Mr. CHAMBLISS, Mr. BURR, Mr. ISAKSON, Mr. BUNNING, Mr. COLEMAN, Mr. CORKER, Mrs. DOLE, Mr. COBURN, Mr. DEMINT, Mr. GREGG, Mr. SHELBY, Mr. MARTINEZ, and Mr. VITTER); that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1250, proposed by Mr. CORNYN; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1194, proposed by Mr. MENENDEZ; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1183, proposed by Mrs. CLINTON; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1234, proposed by Mr. SESSIONS; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1199, proposed by Mr. DODD; that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1170, proposed by Mr. MCCONNELL; and that, upon conclusion of the vote, the Senate vote in relation to amendment No. 1191, proposed by Mr. LIEBERMAN.

Mr. REID further asked unanimous consent that it be in order for majority and minority alternative amendments to be proposed relative to each of the aforementioned amendments; and that the Senate vote in relation to the above amendments at a time to be determined with the concurrence of the majority and minority leaders, and the majority and minority managers of the bill.

Mr. MCCONNELL objected.

Mr. REID asked unanimous consent that, if a motion to bring to a close debate on amendment No. 1150 (in the nature of a substitute) is presented on today, the Senate not vote on agreeing to said motion until 6 p.m. on Thursday, June 7, 2007.

Mr. MCCONNELL objected.

Mr. REID asked unanimous consent that, if amendment No. 1150 (in the nature of a substitute) is agreed to, the bill, as thus amended, be read the third time; and that the Senate then vote, without intervening action or debate, on the passage of the bill, as amended.

Mr. MCCONNELL objected.

Mr. KENNEDY objected.

The question being on agreeing to amendment No. 1267, as modified, to amendment No. 1150 (in the nature of a substitute), as amended, to the bill.

Pending debate,

By unanimous consent, on the request of Mr. REID,

Ordered, That the time until 7:20 p.m. be for concurrent debate on amendments numbered 1170 and 1176; that the time therein be equally divided and controlled in the usual form for debate between Mr. MCCONNELL and Mr. FEINGOLD, or their designees; that, upon conclusion of debate, the Senate vote on the question of agreeing to amendment No. 1170; that, upon conclusion of said vote, the Senate vote on the question of agreeing to amendment No. 1176; that no amendment to the amendments be in order prior to the votes; that there be 2 minutes, equally divided and controlled in the usual form, for debate between the votes; and that, if the Senate fails to agree to either amendment with a minimum of 60 yeas votes, the amendments be withdrawn.

Ordered further, That the second vote in "stacked" sequence be 10 minutes in duration.

Ordered further, That, when the Senate resumes consideration of bill S. 1348 on tomorrow, there be 2 hours for concurrent debate on amendment No. 1184, as modified, and a relative amendment intended to be proposed by Mr. KENNEDY; that the time therein be equally divided and controlled in the usual form for debate between Mr. KENNEDY and Mr. CORNYN, or their designees; that, upon conclusion of debate, the Senate vote in relation to the amendment intended to be proposed by Mr. KENNEDY; that, upon conclusion of said vote, the Senate vote in relation to amendment No. 1184, as modified; that no amendment to the amendments be in order prior to the vote; that there be 2 minutes, equally divided and controlled in the usual form, for debate between the votes; and that all occur without intervening action or debate.

The question being on agreeing to amendment No. 1267, as modified, to amendment No. 1150 (in the nature of a substitute), as amended, to the bill.

Pending debate,

Pursuant to the order of today,

The question being on agreeing to amendment No. 1170, proposed by Mr. MCCONNELL (for himself, Mr. BOND, Mr. CORNYN, and Mr. DEMINT), to amendment No. 1150 (in the nature of a substitute), as amended, to the bill.

Pending debate,

By unanimous consent, on the request of Mr. FEINGOLD,

Ordered, That it be in order to request the yeas and nays on the question of agreeing to amendment No. 1176, notwithstanding the amendment not presently being before the Senate.

On motion by Mr. FEINGOLD,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on

the question of agreeing to amendment No. 1176.

The question being on agreeing to amendment No. 1170 to amendment No. 1150 (in the nature of a substitute), as amended, to the bill.
