EXTRACT FROM RULE X, RULES OF THE HOUSE OF REPRESENTATIVES

RULE X

ESTABLISHMENT AND JURISDICTION OF STANDING COMMITTEES

The Committees and Their Jurisdiction

1. There shall be in the House the following standing committees, each of which shall have the jurisdiction and related functions assigned to it by this clause and clauses 2, 3, and 4; and all bills, resolutions, and other matters relating to subjects within the jurisdiction of any standing committee as listed in this clause shall (in accordance with and subject to clause 5) be referred to such committees, as follows:

* * * * *

(o) Committee on Small Business

- (1) Assistance to and protection of small business, including financial aid, regulatory flexibility and paperwork reduction.
- (2) Participation of small-business enterprises in Federal procurement and Government contracts.

GENERAL OVERSIGHT RESPONSIBILITIES

2. (b)(1) Each standing committee (other than the Committee on Appropriations and the Committee on the Budget) shall review and study, on a continuing basis, the application, administration, execution, and effectiveness of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that committee and the organization and operation of the Federal agencies and entities having responsibilities in or for the administration and execution thereof, in order to determine whether such laws and the programs thereunder are being implemented and carried out in accordance with the intent of the Congress and whether such programs should be continued, curtailed, or eliminated. In addition, each such committee shall review and study any conditions or circumstances which may indicate the necessity or desirability of enacting new or additional legislation within the jurisdiction of that committee (whether or not any bill or resolution has been introduced with respect thereto), and shall on a continuing basis undertake future research and forecasting on matters within the jurisdiction of that committee. Each such committee having more than twenty members shall establish an oversight subcommittee, or require its subcommittees, if any, to conduct oversight in the area of their respective jurisdiction, to assist in carrying out its responsibilities under this subparagraph. The establishment of oversight subcommittees shall in no way limit the responsibility of the subcommittees with legislative jurisdiction from carrying out their oversight responsibilities.

* * * * *

(c) Each standing committee of the House shall have the function of reviewing and studying on a continuing basis the impact or probable impact of tax policies affecting subjects within its jurisdiction as described in clauses 1 and 3.

SPECIAL OVERSIGHT FUNCTIONS

3. (g) The Committee on Small Business shall have the function of studying and investigating, on a continuing basis, the problems of all types of small business.

**RULES AND PROCEDURES OF THE COMMITTEE ON SMALL BUSINESS
U.S. HOUSE OF REPRESENTATIVES**

105TH CONGRESS

1. GENERAL PROVISIONS

The Rules of the House of Representatives, and in particular the committee rules enumerated in rule XI, are the rules of the Committee on Small Business to the extent applicable and by this reference are incorporated. Each subcommittee of the Committee on Small Business (hereinafter referred to as the "committee") is a part of the committee and is subject to the authority and direction of the committee, and to its rules to the extent applicable.

2. REFERRAL OF BILLS BY CHAIRMAN

Unless retained for consideration by the full committee, all legislation and other matters referred to the committee shall be referred by the Chairman to the subcommittee of appropriate jurisdiction within 2 weeks. Where the subject matter of the referral involves the jurisdiction of more than one subcommittee or does not fall within any previously assigned jurisdictions, the Chairman shall refer the matter as he may deem advisable.

3. DATE OF MEETING

The regular meeting date of the committee shall be the second Thursday of every month when the House is in session. A regular meeting of the Committee may be dispensed with if, in the judgment of the Chairman, there is no need for the meeting. Additional meetings may be called by the Chairman as he may deem necessary or at the request of a majority of the members of the committee in accordance with clause 2(c) of rule XI of the House.

At least 3 days' notice of such an additional meeting shall be given unless the Chairman determines that there is good cause to call the meeting on less notice.

The determination of the business to be considered at each meeting shall be made by the Chairman subject to clause 2(c) of rule XI of the House.

A regularly scheduled meeting need not be held if there is no business to be considered or, upon at least 3 days' notice, it may be set for a different date.

4. ANNOUNCEMENT OF HEARINGS

Unless the Chairman, with the concurrence of the ranking minority member, or the committee by majority vote, determines that there is good cause to begin a hearing at an earlier date, public announcement shall be made of the date, place and subject matter of any hearing to be conducted by the committee at least 1 week before the commencement of that hearing.

5. MEETINGS AND HEARINGS OPEN TO THE PUBLIC

(A) MEETINGS

Each meeting of the committee or its subcommittees for the transaction of business, including the markup of legislation, shall be open to the public, including to radio, television and still photography coverage, except as provided by clause 3(f)(2) of rule XI of the House, except when the committee or subcommittee, in open session and with a majority present, determines by rollcall vote that all or part of the remainder of the meeting on that day shall be closed to the public because disclosure of matters to be considered would endanger national security, would compromise sensitive law enforcement information, or would tend to defame, degrade or incriminate any person or otherwise would violate any law or rule of the House: Provided, however, That no person other than members of the committee, and such congressional staff and such executive branch representatives as they may authorize, shall be present in any business meeting or markup session which has been closed to the public.

(B) HEARINGS

Each hearing conducted by the committee or its subcommittees shall be open to the public, including radio, television and still photography coverage, except when the committee or subcommittee, in open session and with a majority present, determines by rollcall vote that all or part of the remainder of the meeting on that day shall be closed to the public because disclosure of testimony, evidence or other matters to be considered would endanger the national security, would compromise sensitive law enforcement information, or

would violate any law or rule of the House: Provided, however, That the committee or subcommittee may by the same procedure vote to close one subsequent day of hearings. Notwithstanding the requirements of the preceding sentence, a majority of those present, there being in attendance the requisite number required under the rules of the committee to be present for the purpose of taking testimony, (i) may vote to close the hearing for the sole purpose of discussing whether testimony or evidence to be received would endanger the national security, would compromise sensitive law enforcement information, or violate clause 2(k)(5) of rule XI of the House; or (ii) may vote to close the hearing, as provided in clause 2(k)(5) of rule XI of the House.

No member of the House may be excluded for nonparticipatory attendance at any hearing of the committee or any subcommittee, unless the House of Representatives shall by majority vote authorize the committee or subcommittee, for purposes of a particular series of hearings on a particular article of legislation or on a particular subject of investigation, to close its hearing to members by the same procedures designated for closing hearings to the public.

6. WITNESSES

(A) STATEMENT OF WITNESSES

Each witness shall file with the committee, 48 hours in advance of his or her appearance, 50 copies of his or her written statement of proposed testimony, and shall limit the oral presentation at such appearance to a brief summary of his or her views.

The committee will provide public access to its printed materials, including the proposed testimony of witnesses, in electronic form.

(B) INTERROGATION OF WITNESSES

The right to interrogate witnesses before the committee or any of its subcommittees shall alternate between the majority members and the minority members. In recognizing members to question witnesses, the Chairman may take into consideration the ratio of majority and minority members present.

7. SUBPOENAS

A subpoena may be authorized and issued by the Chairman of the committee in the conduct of any investigation or series of investigations or activities to require the attendance and testimony of such witness and the production of such books, records, correspondence, memoranda, papers and documents as he deems necessary. The ranking minority member shall be promptly notified of the issuance of such a subpoena.

Such a subpoena may be authorized and issued by the Chairman of a subcommittee with the approval of a majority of the members of the subcommittee and the approval of the Chairman of the committee.

8. QUORUM

No measure or recommendation shall be reported unless a majority of the committee was actually present. For purposes of taking testimony or receiving evidence, two members shall constitute a quorum. For all other purposes, one-third of the members shall constitute a quorum.

9. AMENDMENTS DURING MARKUP

Any amendment offered to any pending legislation before the committee must be made available in written form when requested by any member of the committee. If such amendment is not available in written form when requested, the Chairman shall allow an appropriate period for the provision thereof.

The Chairman of the full committee shall notify the ranking minority member of the full committee of any decision, pursuant to clause 3(b)(3) or clause 4(b) of rule XXXVI of the House, to withhold a record otherwise available, and the matter shall be presented to the committee for a determination of the written request of any member of the committee.

16. ACCESS TO CLASSIFIED OR SENSITIVE INFORMATION

Access to classified or sensitive information supplied to the committee and attendance at closed sessions of the committee or its subcommittees shall be limited to members and necessary committee staff and stenographic reporters who have appropriate security clearance when the Chairman determines that such access or attendance is essential to the functioning of the committee.

(c) The clerk will maintain an accurate access log which identifies the circumstances surrounding access to the information, without revealing the material examined.

(d) If the material desired to be reviewed is material which the committee or subcommittee deems to be sensitive enough to require special handling, before receiving access to such information, individuals will be required to sign an access information sheet acknowledging such access and that the individual has read and understands the procedures under which access is being granted.

(e) Material provided for review under this rule shall not be removed from a specified room within the committee offices.

(f) Individuals reviewing materials under this rule shall make certain that the materials are returned to the proper custodian.

(g) No reproductions or recordings may be made of any portion of such materials.

(h) The contents of such information shall not be divulged to any person in any way, form, shape or manner, and shall not be discussed with any person who has not received the information in an authorized manner.

(j) These procedures only address access to information the committee or a subcommittee deems to be sensitive enough to require special treatment.

(k) If a Member of the House of Representatives believes that certain sensitive information should not be restricted as to dissemination or use, the Member may petition the committee or subcommittee to so rule. With respect to information and materials provided to the committee by the executive branch, the classification of information and materials as determined by the executive branch shall prevail unless affirmatively changed by the committee or the subcommittee involved, after consultation with the appropriate executive agencies.

(l) Other materials in the possession of the committee are to be handled in accordance with the normal practices and traditions of the committee.
