Semiannual Regulatory Agenda

**CONSUMER PRODUCT SAFETY COMMISSION (CPSC)**

**CONSUMER PRODUCT SAFETY COMMISSION**

**16 CFR Ch. II**

**Regulatory Flexibility Act; Semiannual Regulatory Flexibility and Unified Agendas**

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Semiannual regulatory agenda.

**SUMMARY:** The Regulatory Flexibility Act (RFA) requires each Federal agency to publish, twice each year, a regulatory flexibility agenda listing the rules that the agency expects to propose or issue and that are likely to have a significant economic impact on a substantial number of small entities, including small businesses, small organizations, and small governmental units. In this document, the Commission publishes its semiannual regulatory flexibility agenda.

Additionally, Executive Order 12866 requires each agency to publish an agenda of regulatory actions that the agency expects to develop or review during the next year and provides that the agency may combine its agenda of expected regulatory actions with the agency's regulatory flexibility agenda published in accordance with the RFA.

**DATES:** The Commission welcomes comments on each subject area of the regulatory flexibility agenda, particularly from small entities. Written comments concerning the agenda should be received in the Office of the Secretary by December 31, 1997.

**ADDRESSES:** Comments on the regulatory flexibility agenda should be mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 504-0800, or delivered to the Office of

the Secretary, Room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Alternatively, comments may be filed by telefacsimile to (301) 504-0127 or by e-mail to cpsc-os@cpsc.gov. Comments should be captioned "Regulatory Flexibility Agenda."

**FOR FURTHER INFORMATION CONTACT:** For further information on the agenda in general, contact: Allen F. Brauning, Office of the General Counsel, Consumer Product Safety Commission, Washington, DC 20207; telephone (301) 504-0980. For further information regarding a particular item on the agenda, consult the individual listed in the column headed "Contact" for that particular item.

**SUPPLEMENTARY INFORMATION:** The Regulatory Flexibility Act (5 U.S.C. 601-612) contains several provisions intended to reduce unnecessary and disproportionate regulatory requirements on small businesses, small governmental organizations, and other small entities. Section 602 of the RFA (5 U.S.C. 602) requires each agency to publish, twice each year, a regulatory flexibility agenda containing a brief description of the subject area of any rule that the agency expects to propose or issue and that is likely to have a "significant economic impact" on a "substantial number" of small entities. The agency must also provide a summary of the nature of the rule and a schedule for acting on each rule for which the agency has issued a notice of proposed rulemaking.

The regulatory flexibility agenda shall also contain the name and address of the agency official knowledgeable about the items listed. Further, agencies are required to provide notice of their agendas to small entities and to solicit their comments by direct notification or by inclusion in publications likely to be obtained by such entities. Additionally,

Executive Order 12866 requires each agency to publish, twice each year, a regulatory agenda of all regulations the agency expects to develop or review during the next year and states that the agency may combine the agenda required by the Executive Order with the agenda published in accordance with the RFA.

The regulatory flexibility agenda published below lists the regulatory activities that the Commission expects to develop or review during the next 12 months. It includes all such activities, whether or not they may have a significant economic impact on a substantial number of small entities.

The agenda contains a brief description and summary of each regulatory activity, including the objectives and legal basis for each; an approximate schedule of target dates, subject to revision, for the development or completion of each activity; and the name and telephone number of a knowledgeable agency official concerning particular items on the agenda. All agency contacts identified have the same address: Consumer Product Safety Commission, Washington, DC 20207.

**Consumer Product Safety Commission Regulatory Plan**

For this edition of the Commission's regulatory agenda, the regulatory actions selected by the Commission for inclusion in The Regulatory Plan appear in Part II of this issue of the **Federal Register**. The Regulatory Plan entries are listed in the Table of Contents below and are denoted by a bracketed bold reference that directs the reader to the appropriate Sequence Number in Part II.

**Dated:** August 19, 1997.

**Sadye E. Dunn,**  
*Secretary, Consumer Product Safety Commission.*

**Prerule Stage**

Sequence Number	Title	Regulation Identifier Number
4145	Petition HP 93-1 Requesting Development of a Rule To Ban Certain Backyard Playsets .....	3041-AB47
4146	Amendment of the Standard for the Flammability of Clothing Textiles .....	3041-AB68
4147	Amendment of Laundering Procedures in Flammability Standards for Children's Sleepwear, Carpets and Rugs, and Mattress Pads .....	3041-AB69
4148	Petition CP 97-1 Requesting Development of a Safety Standard for Escalators .....	3041-AB70
4149	Petition CP 97-2 Requesting Development of a Safety Standard for Shopping Carts .....	3041-AB71

**CPSC**

Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
4150	Flammability Standard for Upholstered Furniture ( <b>Reg Plan Seq. No. 164</b> ) .....	3041-AB35
4151	Requirements for Child-Resistance of Multi-Purpose Lighters ( <b>Reg Plan Seq. No. 165</b> ) .....	3041-AB66
4152	Requirements for Child-Resistant Packaging of Minoxidil .....	3041-AB72

References in boldface appear in the Regulatory Plan in Part II of this issue of the **Federal Register**.

Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
4153	Safety Standard for Bicycle Helmets ( <b>Reg Plan Seq. No. 166</b> ) .....	3041-AB42

References in boldface appear in the Regulatory Plan in Part II of this issue of the **Federal Register**.

Long-Term Actions

Sequence Number	Title	Regulation Identifier Number
4154	Baby Walkers .....	3041-AB40
4155	Requirements for Child-Resistant Packaging of Household Products Containing Ammonia .....	3041-AB56
4156	Requirements for Child-Resistant Packaging of Household Products Containing Petroleum Distillates .....	3041-AB57
4157	Amendment of Safety Regulations for Cribs .....	3041-AB67

Completed Actions

Sequence Number	Title	Regulation Identifier Number
4158	Requirements for Child-Resistant Packaging of Ketoprofen .....	3041-AB55

**CONSUMER PRODUCT SAFETY COMMISSION (CPSC)**

**Prerule Stage**

**4145. PETITION HP 93-1 REQUESTING DEVELOPMENT OF A RULE TO BAN CERTAIN BACKYARD PLAYSETS**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

**Legal Authority:** 5 USC 553(e) Administrative Procedure Act; 15 USC 1261 Federal Hazardous Substances Act

**CFR Citation:** None

**Legal Deadline:** None

**Abstract:** A petition from the New York City Department of Consumer Affairs requests the Commission to develop a rule to ban certain backyard playsets. The petition asserts that backyard playsets present unreasonable risks of injury to children if they do not meet the requirements of a

voluntary standard for home playground equipment published by ASTM (formerly the American Society for Testing and Materials); are not accompanied with adequate information about ground surfacing; or lack specific features described in the petition. On May 21, 1996, the Commission denied those parts of the petition requesting issuance of a rule to ban any backyard playset that does not conform to all requirements of the ASTM voluntary standard; that has an accessible height that exceeds six feet above protective surfacing; that does not have adequate fall zones under climbing structures; or that does not provide adequate space between any item of swinging equipment and any other item of swinging or stationary

equipment. The Commission deferred a decision on those parts of the petition requesting a rule to ban backyard playsets that are not accompanied with instructions to use and maintain specified ground surfacing; that do not have handrails on all platforms that are 30 inches or higher above protective surfacing; that have swing seats made of wood, metal, plastic, or other hard material capable of inflicting serious injury to the head; that have free-swinging ropes; and that are unanchored playsets with swings. In November 1997, the staff is scheduled to transmit additional information to the Commission concerning revisions of the voluntary standard now being considered by ASTM. The Commission will then decide whether to grant,

CPSC

Prerule Stage

deny, or continue to defer the remaining requests in the petition.

Phone: 301 504-0494

**RIN:** 3041-AB47

**4146. AMENDMENT OF THE STANDARD FOR THE FLAMMABILITY OF CLOTHING TEXTILES**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

**Legal Authority:** 15 USC 1191 Flammable Fabrics Act

**CFR Citation:** 16 CFR 1610

**Legal Deadline:** None

**Abstract:** The Standard for the Flammability of Clothing Textiles prohibits the manufacture, importation, or sale of clothing, and fabrics and related materials intended for use in clothing, which are dangerously flammable because of rapid and intense burning. The standard prescribes the apparatus, procedure, and criteria to be used for testing to determine compliance with that standard. The standard was made mandatory by the Flammable Fabrics Act of 1953 (Pub. L. 83-88, 67 Stat. 111; June 30, 1953). Some of the equipment and procedures specified by the standard, particularly those for laundering and dry cleaning of test specimens, have become obsolete, unavailable, or unrepresentative of current practices. The staff is preparing a briefing package describing modifications of the standard that may be needed to assure that the test in the standard is conducted with equipment and procedures representative of conditions to which garments currently are exposed. After consideration of the briefing package, the Commission will

decide whether to begin a proceeding for amendment of the standard.

**RIN:** 3041-AB68

**4147. AMENDMENT OF LAUNDERING PROCEDURES IN FLAMMABILITY STANDARDS FOR CHILDREN'S SLEEPWEAR, CARPETS AND RUGS, AND MATTRESS PADS**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

**Legal Authority:** 15 USC 1191 Flammable Fabrics Act

**CFR Citation:** 16 CFR 1615; 16 CFR 1616; 16 CFR 1630; 16 CFR 1631; 16 CFR 1632

**Legal Deadline:** None

**Abstract:** Flammability standards for children's sleepwear, carpets and rugs, and mattress pads contain procedures for washing and drying specimens before testing to assure that flame retardants used in these products will not be removed by repeated laundering or dry cleaning. The laundering procedures in all of these standards currently require use of a detergent and washing methods that are no longer representative of those used for home laundering. The staff is preparing a briefing package concerning the laundering procedures in these standards and modifications that may be needed to assure that the effect of laundering on the flammability of the products covered by these standards is assessed with equipment and methods currently used by consumers. After consideration of the briefing package, the Commission will decide whether to begin proceedings for amendment of the standards to revise their laundering procedures.

**4148. • PETITION CP 97-1 REQUESTING DEVELOPMENT OF A SAFETY STANDARD FOR ESCALATORS**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

**Legal Authority:** 5 USC 553(e) Administrative Procedure Act; 15 USC 2051 Consumer Product Safety Act

**CFR Citation:** 00 CFR 0000

**Legal Deadline:** None

**Abstract:** A petition from Scott and Diana Anderson requests development of a safety standard for escalators. The petition asserts that escalators are associated with unreasonable risks of serious injuries resulting from entrapment of feet, toes, and other body parts in openings between the moving stairs and the sides of the escalators. On May 22, 1997, the Commission published a notice in the Federal Register to solicit comments on the petition from all interested persons. The staff is preparing a briefing package for consideration by the Commission.

REQUESTING DEVELOPMENT OF A  
SAFETY STANDARD FOR SHOPPING  
CARTS**

**Priority:** Substantive, Nonsignificant.  
Major status under 5 USC 801 is  
undetermined.

**Legal Authority:** 5 USC 553(e)  
Administrative Procedure Act; 15 USC  
2051 Consumer Product Safety Act

**CFR Citation:** 00 CFR 0000

**Legal Deadline:** None

**Abstract:** The Commission has docketed correspondence from John S. Morse, Ph.D., PE, requesting development of a safety standard for shopping carts as petition CP97-2. The petition asserts that shopping carts that tip over present risks of injury to children and requests development of a standard with performance tests to prevent shopping carts from tipping over to the side or rear. On June 2, 1997, the Commission published a notice in the Federal Register to solicit comments on the petition from all interested persons. The staff is preparing a briefing package for consideration by the Commission.

**RIN:** 3041-AB66

**4152. • REQUIREMENTS FOR CHILD-  
RESISTANT PACKAGING OF  
MINOXIDIL**

**Priority:** Substantive, Nonsignificant.  
Major status under 5 USC 801 is  
undetermined.

**Legal Authority:** 15 USC 1471, Poison  
Prevention Packaging Act

**CFR Citation:** 16 CFR 1700.14

**Legal Deadline:** None

**Abstract:** Regulations implementing the Poison Prevention Packaging Act (PPPA) require all prescription drugs in oral dosage form that are intended for human use to be in child-resistant packaging. Topical minoxidil is a liquid medication that can be applied to the scalp to stimulate regrowth of hair. However, if ingested, minoxidil is a potent vasodilator capable of producing serious cardiovascular effects. In 1996, the Food and Drug Administration acted to permit the sale of topical minoxidil as an over-the-counter drug, thereby expanding its potential availability to consumers. The staff is preparing a briefing package on the issue of whether the Commission should amend the PPPA regulations to require topical minoxidil to be in child-resistant packaging. The staff is scheduled to transmit that briefing

package to the Commission in December 1997.

CONSUMER PRODUCT SAFETY COMMISSION (CPSC)

Long-Term Actions

**4154. BABY WALKERS**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.  
**Legal Authority:** 15 USC 1261 Federal Hazardous Substances Act; 15 USC 1262 Federal Hazardous Substances Act  
**CFR Citation:** 16 CFR 1500  
**Legal Deadline:** None

**Abstract:** On August 2, 1994, the Commission published an advance notice of proposed rulemaking (ANPRM) to begin a proceeding that may result in the issuance of mandatory design or performance requirements for baby walkers. A baby walker is a device that supports a child so that the child can use his or her feet to move about before or while learning to walk. Typically, a baby walker consists of a fabric seat that has leg openings and is mounted to a rigid plastic deck. The deck is attached to a base that is mounted on wheels to allow mobility. In 1994, an estimated 25,500 children younger than 15 months of age were treated in hospital emergency rooms for injuries associated with baby walkers. Among the options under consideration by the Commission are mandatory performance or design requirements to reduce risks of injury associated with baby walkers, particularly those resulting to children from falls down stairs. The majority of these injuries resulted from falls down stairs. In response to the Commission's work in this area, the industry approved revisions to the voluntary standard for baby walkers in 1996 to address the hazard of falling down stairs. The staff is developing information concerning the extent of industry conformance with that voluntary standard, designated "Standard Consumer Safety Specification for Infant Walkers," SF 977-96, published by ASTM (formerly, the American Society for Testing and Materials). The ASTM standard contains performance requirements to address risks of injury to children from falls down stairs associated with baby walkers. The staff will send that information to the Commission together with options for Commission action, including withdrawal of the ANPRM or further regulatory proceedings.

**4155. REQUIREMENTS FOR CHILD-RESISTANT PACKAGING OF HOUSEHOLD PRODUCTS CONTAINING AMMONIA**

**Priority:** Substantive, Nonsignificant  
**Legal Authority:** 15 USC 1471 Poison Prevention Packaging Act  
**CFR Citation:** 16 CFR 1700.14  
**Legal Deadline:** None

**Abstract:** Ammonia has both irritant and corrosive properties. Some household products containing ammonia are subject to requirements for cautionary labeling by the Federal Hazardous Substances Act. The staff is reviewing information to determine whether some of these products containing ammonia should also be subject to requirements for child-resistant packaging under the Poison Prevention Packaging Act. The staff is preparing a briefing package for consideration by the Commission.

**4156. REQUIREMENTS FOR CHILD-RESISTANT PACKAGING OF HOUSEHOLD PRODUCTS CONTAINING PETROLEUM DISTILLATES**

**Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.  
**Legal Authority:** 15 USC 1471 Poison Prevention Packaging Act  
**CFR Citation:** 16 CFR 1700.14(a)

**Legal Deadline:** None

**Abstract:** Some household products containing ten percent or more by weight of petroleum distillates are subject to requirements for child-resistant packaging by regulations issued under the Poison Prevention Packaging Act and codified at 16 CFR 1700.14(a). These products include liquid furniture polish (section 1700.14(a)(2)), lighter fluid (section 1700.14(a)(7)), and prepackaged solvents for paint (section 1700.14(a)(15)). However, many other household products containing petroleum distillates are not required to be in child-resistant packaging. On February 26, 1997, the Commission published an advance notice of proposed rulemaking (ANPRM) to initiate a proceeding which may result in mandatory requirements for child-resistant packaging of other household products containing petroleum distillates or other hydrocarbons. On April 28, 1997, the Commission extended the period for receipt of written comments on the ANPRM until July 11, 1997. In the Federal Register of July 21, 1997, the Commission reopened the comment period through September 1, 1997. The Commission will consider comments received in response to the ANPRM before deciding whether to propose requirements for child-resistant packaging of additional household products containing petroleum distillates or other hydrocarbons.

**RIN:** 3041-AB57

**CFR Citation:** 16 CFR 1508; 16 CFR 1509  
**Legal Deadline:** None  
**Abstract:** On December 16, 1996, the Commission published an advance notice of proposed rulemaking (ANPRM) to begin a proceeding that may result in amendment of the safety regulations for full-size and non-full-size cribs, 16 CFR parts 1508 and 1509. Among the regulatory alternatives under consideration is amendment of the regulations to add tests to assure that slats will not disengage from the side panels of cribs. The Commission began this proceeding after considering information about incidents in which crib slats disengaged from the side panels of cribs, creating a risk that children may become entrapped between the remaining slats or fall out of the crib. The Commission will consider written comments received in response to the ANPRM and assess progress toward amending the

voluntary standard before deciding whether to continue the proceeding by publication of a notice of proposed rulemaking (NPRM) or terminate further proceedings in reliance on the voluntary standard.
