Abstract: VA intends to withdraw the proposed rule concerning simplified acquisition procedures for health care resources published in the Federal Register on November 9, 1998 (63 FR 60256), and to promulgate a new proposed rule concerning simplified acquisition procedures for health care

resources. The new proposed rule document would amend the Department of Veterans Affairs Acquisition Regulation (VAAR) to establish simplified procedures for the competitive acquisition of health care resources, consisting of commercial services or the use of medical equipment or space, pursuant to 38 U.S.C. 8151-8153. Public Law 104-262, the Veterans' Health Care Eligibility Reform Act of 1996, authorized VA to prescribe simplified procedures for the procurement of health care resources. The proposed rule would prescribe those procedures.

Abstract: This document amends the "Medical" regulations concerning the criteria for provision of drugs and medicines by non-VA physicians for certain veterans. It is our view that the statutory framework inherently requires that the drugs provided be suitable; i.e., FDA-approved, high quality, and best value. In this regard, we have established a list of suitable drugs and medicines in the VA national formulary. Also, we have established a mechanism for allowing the provision of drugs and medicines not listed in the formulary. These changes are needed to ensure that VA provides only those drugs and medicines intended to be provided under the statutory authority. Also, this document makes nonsubstantive changes for the purpose of avoiding unnecessary duplication.

The regulations are amended to allow prescriptions to be filled by non-VA pharmacies in State homes under contract with VA for filling prescriptions for patients in State homes. Abstract: The Veterans' Benefits Act of 1992 extended the termination date for the program of vocational training for certain pensioners through December 31, 1995, and made permanent the programs protecting health care benefits for pensioners who lose their benefits due to income from work or training and the special counseling and employment services program for veterans with total disability ratings because of individual unemployability. In addition, the law authorizes a 10 percent increase in subsistence allowance for participants in the vocational rehabilitation program and extends eligibility for vocational rehabilitation to veterans with service-

Abstract: The Board of Veterans Appeals is amending its rules of practice to end the practice of paying attorney fees from past-due benefits, establish safeguards in case of “disinterested third-party” payees who are individuals, and simplify certain notice procedures. These changes are necessary to permit VA to focus on activities more directly benefiting veterans and their families, i.e., deciding claims and coordinating benefit payments to veterans and their families, and to clarify the situations in which third parties may pay a claimants’ legal fees.

Abstract: The Department of Veterans Affairs (VA) is issuing a rule to implement the provisions of Public Law 104-275 regarding outer burial receptacles. The rule establishes new regulations to notify individuals that they may choose to privately purchase an outer burial receptacle in lieu of using a Government-provided grave liner in VA national cemeteries, where
