SEC. 101. SHORT TITLE.

This title may be cited as the "Salt River Bay National Historical Park and Ecological Preserve at St. Croix, Virgin Islands, Act of 1992".

SEC. 102. FINDINGS.

The Congress finds that the Salt River Bay area of the north central coast of St. Croix, United States Virgin Islands—

(1) has been inhabited, possibly as far back as 2000 BC, and encompasses all major cultural periods in the United States Virgin Islands;

(2) contains the only ceremonial ball court ever discovered in the Lesser Antilles, village middens, and burial grounds which can provide evidence for the interpretation of Caribbean life prior to Columbus;

(3) is the only known site where members of the Columbus expeditions set foot on what is now United States territory;

(4) was a focal point of various European attempts to colonize the area during the

post-Columbian period and contains sites of Spanish, French, Dutch, English, and Danish settlements, including Fort Sale, one of the few remaining earthwork fortifications in the Western Hemisphere;

(5) presents an outstanding opportunity to preserve and interpret Caribbean history and culture, including the impact of European exploration and settlement;

(6) has been a national natural landmark since February 1980 and has been nominated for acquisition as a nationally significant wildlife habitat;

(7) contains the largest remaining mangrove forest in the United States Virgin Islands and a variety of tropical marine and terrestrial ecosystems which should be preserved and kept unimpaired for the benefit of present and future generations; and

(8) is worthy of a comprehensive preservation effort that should be carried out in partnership between the Federal Government and the Government of the United States Virgin Islands.

SEC. 103. SALT RIVER BAY NATIONAL HISTORICAL PARK AND ECOLOGICAL PRESERVE AT ST. CROIX, VIRGIN ISLANDS.

(a) ESTABLISHMENT.—In order to preserve, protect, and interpret for the benefit of present and future generations certain nationally significant historical, cultural, and natural sites and resources in the Virgin Islands, there is established the Salt River Bay National Historical Park and Ecological Preserve at St. Croix, Virgin Islands (hereafter in this Act referred to as the "park").
