Hon. THOMAS S. FOLEY,

53.11 MESSAGE FROM THE PRESIDENT—
 YOUTH APPRENTICESHIP ACT

The SPEAKER pro tempore, Mr. MCNULTY, laid before the House a message from the President, which was read as follows:

To the Congress of the United States:
 I am pleased to transmit herewith for your immediate consideration the "National Youth Apprenticeship Act of 1992." Also transmitted is a section-by-section analysis.

This legislation would establish a national framework for implementing comprehensive youth apprenticeship programs. These programs would be a high-quality learning alternative for preparing young people to be valuable and productive members of the 21st century work force. Although this framework has been designed to be comprehensive and national in scope, it is also flexible enough to allow States to customize the model to economic, demographic, and other local conditions.

I am proposing this legislation in order to promote a comprehensive approach for helping our youth make the transition from school to the workplace and strive to reach high levels of academic achievement. The lack of such an approach is one very important reason that a significant proportion of American youth do not possess the necessary skills to meet employer requirements for entry level positions.

There is widespread agreement that the time has come to strengthen the

connection between the academic subjects taught in our schools and the demands of the modern, high-technology workplace. Work-based learning models have proven to be effective approaches for preparing youth at the secondary school level.

Under my proposal, a student could enter a youth apprenticeship program in the 11th or 12th grade. Before reaching these grades, students would receive career and academic guidance to prepare them for entry into youth apprenticeship programs. Particular programs may end with graduation from high school or continue for up to an additional 2 years of postsecondary education. In addition to the high school diploma, all youth apprentices would earn a certificate of competency and quality for a postsecondary program, a registered apprenticeship program, or employment.

A youth apprentice would receive academic instruction, job training, and work experience. The program is intended to attract and develop high-quality, motivated students. Standards of academic achievement, consistent with voluntary, national standards, will apply to all academic instruction, including the required instruction in the core subjects of English, mathematics, science, history, and geography. Students also would be expected to demonstrate mastery of job skills.

My proposal provides for vigorous involvement at the Federal, State, and local levels to ensure the success of the program. It also requires that employers, schools, students, and parents promise to work together to achieve the program goals. Enactment of my proposal will result in national standards applicable to all youth apprenticeship programs. Thus, upon completion of the program, the youth apprentice will have a portable credential that will be recognized wherever the individual may go to seek employment or pursue further education and training.

I believe that the time has come for a national, comprehensive approach to work-based learning. The bill I am proposing would establish a formal process in which business, labor, and education would form partnerships to motivate the Nation's young people to stay in school and become productive citizens. It will provide American youth the opportunity to gain marketable and portable skills while establishing a relationship with a prospective employer.

I urge the Congress to give swift and favorable consideration to the National Youth Apprenticeship Act of 1992.

GEORGE BUSH.
 THE WHITE HOUSE, *May 13, 1992.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Education and Labor and ordered to be printed (H. Doc. 102-329).

53.12 SHIPBUILDING TRADE REFORM

The SPEAKER pro tempore, Mr. MCNULTY, pursuant to House Resolution 443 and rule XXIII, declared the House resolved into the Committee of

the Whole House on the state of the Union for the consideration of the bill (H.R. 2056) to amend the Tariff Act of 1930 to require that subsidy information regarding vessels be provided upon entry within customs collection districts and to provide effective trade remedies under the countervailing and antidumping duty laws against foreign-built ships that are subsidized or dumped.

The SPEAKER pro tempore, Mr. McNULTY, by unanimous consent, designated Ms. PELOSI as Chairman of the Committee of the Whole; and after some time spent therein,

The SPEAKER pro tempore, Mr. McNULTY, assumed the Chair.

When Ms. PELOSI, Chairman, pursuant to House Resolution 443, reported the bill back to the House with an amendment adopted by the Committee.

The previous question having been ordered by said resolution.

The following amendment, reported from the Committee of the Whole House on the state of the Union, was agreed to:

Strike out all after the enacting clause and insert:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—FAIR TRADE FOR THE COMMERCIAL SHIPBUILDING AND REPAIR INDUSTRY

SECTION 101. SHORT TITLE.

This title may be cited as the "Shipbuilding Trade Reform Act of 1992".

SEC. 102. CONGRESSIONAL FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds that—

(1) in 1981, the United States Government terminated funding for the construction differential subsidy program, thereby ending direct subsidization of commercial shipbuilding in the United States;

(2) the international market for shipbuilding and ship repair continues to be distorted by a wide array of foreign subsidies including direct grants, preferential financing, equity infusions, research and development assistance, restructuring aid, special tax concessions, debt forgiveness, and other direct and indirect assistance;

(3) existing United States trade laws and trade agreements provide limited redress to domestic producers of ships for the trade-distorting subsidies and dumping practices of foreign shipbuilders; and

(4) a strong, effective multilateral agreement among all shipbuilding nations to eliminate trade-distorting practices in the shipbuilding and repair industry is the best means of providing for fair international competition, however, absent such an agreement, changes in United States trade laws are necessary to provide domestic producers of ships greater protection against unfair trade practices than is provided under current law.

(b) PURPOSE.—It is the purpose of this title to ensure fair trade in the commercial shipbuilding and repair industry by providing for effective trade remedies against subsidized and dumped foreign commercial ships.

SEC. 103. SUBSIDIZED SHIPYARD LIST AND REQUIRED VESSEL ENTRY DOCUMENTATION REGARDING CONSTRUCTION AND REPAIR SUBSIDIES.

(a) Part II of title IV of the Tariff Act of 1930 (19 U.S.C. 1431 et seq.) is amended by inserting after section 435 the following new sections:

"SEC. 435A. LISTING OF SUBSIDIZED SHIPYARDS.

"(b) INVESTIGATION.—The administering authority shall conduct an investigation to decide whether there is reasonable cause to believe that a foreign shipyard receives or benefits from a subsidy for the construction or repair of vessels. That investigation shall be initiated when the administering authority has reasonable cause to believe that a shipyard receives or benefits from, directly or indirectly, a subsidy for the construction or repair of vessels—

"(1) on the basis of information available to the administering authority; or

"(2) on petition for an investigation from an interested party.

"(d) EMERGENCY LISTING.—

"(1) IN GENERAL.—If at any time the administering authority finds a reasonable basis to suspect that a foreign shipyard may be receiving or benefiting from a subsidy for the construction or repair of vessels, the administering authority may add that shipyard to the list established under subsection (a). The administering authority shall publish notice of that emergency listing in the Federal Register, which shall also include a schedule for investigation of the alleged subsidy.

"(2) INVESTIGATION AND DETERMINATION OF EMERGENCY LISTINGS.—Within 90 days after publication of a listing under paragraph (1), the administering authority shall conclude the investigation and make a determination under subsection (c) whether the shipyard is receiving or benefiting from a subsidy for the construction or repair of vessels.

"(1) RECONSIDERATION.—The administering authority may reconsider a listing under subsection (c)—

"(3) BURDEN OF PERSUASION.—In any reconsideration under paragraph (1)(A), the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant a determination that the foreign shipyard should be removed from the list is on the applicant.

"(A) the foreign shipyard has proven that the foreign shipyard does not receive or benefit from a subsidy, directly or indirectly, for the construction or repair of vessels; or

"(g) PENALTY FOR FALSE INFORMATION AND RENEWAL OF SUBSIDIES.—The administering authority shall place a foreign shipyard on the list established under subsection (a) for a period of not less than 5 years if the administering authority determines—

"(1) that the foreign shipyard, or government of the country in which the shipyard is located, provided the administering authority with false or misleading information during the investigation conducted under subsection (b); or

"(2) after making a determination under subsections (c) or (f) that the shipyard is not subsidized, that the shipyard receives or benefits from, directly or indirectly, any new construction subsidies.

"(h) ACTION AGAINST THE UNITED STATES GOVERNMENT.—An interested party may bring a civil action against the United States Government, in an appropriate district court of the United States, for failure of the administering authority to use due diligence to add a subsidized foreign shipyard to the list established under subsection (a).

"(a) CERTIFICATION REQUIRED AT ENTRY.—The master of a vessel shall, at the time of making formal entry of the vessel under section 434 or 435, deposit with the appropriate customs officer a construction subsidy certification for the vessel.

"(b) CONSTRUCTION SUBSIDY CERTIFICATIONS.—

"(1) IN GENERAL.—For purposes of this section, a construction subsidy certification for a vessel is a document that—

"(B) attests, regarding any construction carried out with respect to the vessel, that the construction meets one of the requirements set forth in paragraph (2).

“(2) CERTIFICATION REQUIREMENTS.—The requirements referred to in paragraph (1)(B) are as follows:

“(A) No construction subsidy was granted or otherwise provided with respect to the construction.

“(B) The construction was carried out with the benefit of one or more subsidies, all of which were granted or otherwise provided before the date of the enactment of this section.

“(D) The construction was carried out with the benefit of one or more subsidies that were granted or otherwise provided during the 2-year period beginning on the date of the enactment of this section, but an amount equal to the value of each construction subsidy has been repaid to the agency that granted or otherwise provided the construction subsidy.

“(E) The construction was carried out with the benefit of one or more subsidies that were granted or provided on or after the date of the enactment of this section, but an amount equal to the value of each construction subsidy, reduced by any amount repaid under paragraph (D), has been paid by the Treasury of the United States.

“(F) The construction was carried out in a foreign country which is signatory to a trade agreement with the United States that provides for the immediate elimination of construction subsidies for vessels.

“(G) The construction was carried out in a shipyard that, at the time of contracting for construction of the vessel, was not on the list established under section 435A(a).

“(3) APPLICATION OF CERTIFICATION REQUIREMENTS.—With respect to vessels constructed in a foreign country which is a signatory to a trade agreement with the United States that provides for the elimination of construction subsidies for vessels, the requirements set forth in paragraph (2) shall be applied in a manner consistent with that agreement.

“(c) ENFORCEMENT.—If the Secretary has reason to believe that an unlawful act under section 436 relating to this section has been committed, the Secretary shall—

“(1) undertake any investigation necessary to ascertain whether action authorized under section 436 against the master of the vessel, or the vessel, or both, is warranted; and

“(2) if the vessel is not covered by a construction subsidy certification issued under subsection (d) and the information obtained during that investigation indicates that there is reason to believe that the vessel does not meet any certification requirement under subsection (b), so inform the administering authority and provide that information to the authority.

“(d) ISSUANCE OF CONSTRUCTION SUBSIDY CERTIFICATIONS BY THE ADMINISTERING AUTHORITY.—

“(1) APPLICATIONS.—The owner or lessee of a vessel, or the builder of a vessel, may apply to the administering authority for the issuance of a construction subsidy certification for that vessel. An application shall be accompanied by any documentation that the administering authority may require for purposes of establishing the eligibility of the vessel for that certification, including, if compliance with the requirement in subsection (b)(2)(D) or (E) is alleged, information regarding the amount of each construction subsidy granted or provided with respect to the vessel and the payment or repayment of amounts equal to the value of the construction subsidy.

“(2) ACTION ON APPLICATIONS.—After considering the documentation submitted with an application under paragraph (1), the administering authority, within 90 days after

the day on which the application was received, shall decide whether to issue or deny the construction subsidy certification. The administering authority shall make the decision publicly available.

“(3) DENIAL OR CONDITION OF ISSUANCE OF CERTIFICATION.—The administering authority shall, if a construction subsidy certification for a vessel is denied under paragraph (2), provide the applicant with a written statement of the reasons for the denial or condition. The applicant may, within 14 days after the date of the written statement, request a review of the denial or condition under subsection (e)(3).

“(e) DETERMINATIONS AND REVIEWS.—

“(C) upon petition therefor from an interested party; initiate a preliminary investigation to decide whether there is reasonable cause to believe that a vessel does not meet the construction subsidy certification requirements under subsection (c).

“(2) DETERMINATIONS AFTER PRELIMINARY INVESTIGATIONS.—If the administering authority makes an affirmative decision under paragraph (1) with respect to a vessel, the administering authority shall determine whether the vessel meets any construction subsidy certification requirement under subsection (b)(2). If the administering authority makes a negative determination on the basis of failure to meet the requirement under subparagraph (D) or (E) of subsection (b)(2), the administering authority shall calculate, and set forth in the determination, the aggregate value of the subsidy or subsidies used in the construction of the vessel.

“(3) REVIEW OF CERTIFICATION DENIALS AND CONDITIONS.—If a person whose application for a construction subsidy certification was denied or conditioned under subsection (d)(3) makes a timely request for review under this paragraph, the administering authority shall review the denial or condition.

“(4) CORRECTIVE ACTIONS.—If the administering authority makes a negative determination under paragraph (2), or upholds any certification denial or condition after review under paragraph (3), the administering authority shall set forth in the determination or review decision the action which must be taken in order to satisfy a requirement for construction subsidy certification for the vessel under subsection (b). The builder of the vessel shall be primarily responsible, and the vessel owner or operator secondarily responsible, for taking any corrective action. If that action is taken, the administering authority shall issue a construction subsidy certification for the vessel and that certification shall be treated as a construction subsidy certification issued under subsection (d).

“(5) CONSEQUENTIAL EFFECTS.—After a negative determination under paragraph (2), or a decision under paragraph (3) upholding a certification denial or condition, becomes final and until a construction subsidy certification for the vessel concerned is issued under paragraph (4), neither that vessel, nor any other vessel that is owned or leased by the owner of that vessel, may—

Notice of this finding shall be provided to the owner or his agent and published in the Federal Register. At any time before the preliminary finding is made, an interested party may file information with the administering authority regarding the validity or accuracy of the information provided by the vessel master or owner.

“(3) PETITION FOR REVIEW.—Unless a petition for review of that determination is received within 15 days after the date of notification under paragraph (2), from either the owner or an interested party, the finding by the administering authority is final.

“(d) FINAL REPAIR SUBSIDY DETERMINATIONS.—If the owner or interested party files a petition for review of the preliminary de-

termination within the 15 days, the administering authority shall make a final determination within 30 days after the date the petition is filed.

“(f) **INSUFFICIENT SURETY.**—If the amount of the surety is insufficient to cover the amount of the repair subsidy ordered to be repaid, then the vessel, and any other vessel owned by that owner, may not enter or clear the United States until the full amount of the repair subsidy is paid to the United States Government.
