

Since my last report, penalties totaling more than \$30,000 have been collected from U.S. banks for violations involving unlicensed transfers from blocked Government of Haiti accounts or the failure to block payments to the de facto regime. Additional penalties totaling nearly \$175,000 have been proposed for other violations of the HTR, including penalties against the masters of vessels violating the new regulation, effective June 5, 1992, applicable to vessels calling in Haiti on or after that date.

8. The expenses incurred by the Federal Government in the 6-month period from April 4, 1992, through October 3, 1992, that are directly attributable to the authorities conferred by the declaration of a national emergency with respect to Haiti are estimated at \$2.3 million, most of which represent wage and salary costs for Federal personnel. Personnel costs were largely centered in the Department of the Treasury (particularly in FAC, the U.S. Customs Service, and the Office of the General Counsel), the Department of State, the U.S. Coast Guard, and the Department of Commerce.

9. The assault on Haiti's democracy represented by the military's forced exile of President Aristide continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. The United States remains committed to a multilateral resolution of this crisis through its actions implementing the resolutions of the OAS with respect to Haiti. I shall continue to exercise the powers at my disposal to apply economic sanctions against Haiti as long as these measures are appropriate, and will continue to report periodically to the Congress on significant developments pursuant to 50 U.S.C. 1703(c).

GEORGE BUSH.
