#### ¶18.4 MINE SAFETY AND HEALTH ACTIVITIES

The Clerk then read the message from the President, as follows:

*To the Congress of the United States:*

In accordance with Section 511(a) of the Federal Coal Mine Health and Safety Act of 1969, as amended ("the Act"), 30 U.S.C. 958(a), I transmit herewith the annual report on mine safety and health activities for fiscal years 1990 and 1991. This report was prepared by, and covers activities occurring exclusively during, the previous Administration. The enclosed report does not necessarily reflect the policies or priorities of the current Administration. Indeed, under the Act, these reports should have been submitted long before the change of Administration.

This Administration is committed to working with the Congress to ensure vigorous enforcement of existing mine safety and health standards. We are also intent on improving these rules where necessary and appropriate to better protect worker health and safety.

The 1992 Mine Safety and Health Administration (MSHA) annual report is due in May 1993. This report will identify strengths and deficiencies in MSHA's performance during the previous Administration and discuss steps the new Administration intends to take to ensure the agency is adequately protecting mine worker safety and health.

WILLIAM J. CLINTON.

THE WHITE HOUSE, *February 25, 1993.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Education and Labor.
