Part G of title IV of the Public Health Service Act (42 U.S.C. 289 et seq.) is amended by inserting after section 492 the following section:

“CERTAIN PROVISIONS REGARDING REVIEW AND APPROVAL OF PROPOSALS FOR RESEARCH

“SEC. 492A. (a) REVIEW AS PRECONDITION TO RESEARCH.—

“(1) PROTECTION OF HUMAN RESEARCH SUBJECTS.—

“(A) In the case of any application submitted to the Secretary for financial assistance to conduct research, the Secretary may not approve or fund any application that is subject to review under section 491(a) by an Institutional Review Board unless the application has undergone review in accordance with such section and has been recommended for approval by a majority of the members of the Board conducting such review.

“(B) In the case of research that is subject to review under procedures established by the Secretary for the protection of human subjects in clinical research conducted by the National Institutes of Health, the Secretary may not authorize the conduct of the research unless the research has, pursuant to such procedures, been recommended for approval.

“(2) PEER REVIEW.—In the case of any proposal for the National Institutes of Health to conduct or support research, the Secretary may not approve or fund any proposal that is subject to technical and scientific peer review under section 492 unless the proposal has undergone such review in accordance with such section and has been recommended for approval by a majority of the members of the entity conducting such review.

“(b) ETHICAL REVIEW OF RESEARCH.—

“(1) PROCEDURES REGARDING WITHHOLDING OF FUNDS.—If research has been recommended for approval for purposes of subsection (a), the Secretary may not withhold funds for the research because of ethical considerations unless—

“(A) the Secretary convenes an advisory board in accordance with paragraph (5) to study such considerations; and

“(B)(i) the majority of the advisory board recommends that, because of such considerations, the Secretary withhold funds for the research; or

(ii) the majority of such board recommends that the Secretary not withhold funds for the research because of such considerations, but the Secretary finds, on the basis of the report submitted under paragraph (5)(B)(ii), that the recommendation is arbitrary and capricious.

“(2) RULES OF CONSTRUCTION.—Paragraph (1) may not be construed as prohibiting the Secretary from withholding funds for research on the basis of—

“(A) the inadequacy of the qualifications of the entities that would be involved with the conduct of the research (including the entity that would directly receive the funds from the Secretary), subject to the condition that, with respect to the process of review through which the research was recommended for approval for purposes of subsection (a), all findings regarding such qualifications made in such process are conclusive; or

“(B) the priorities established by the Secretary for the allocation of funds among projects of research that have been so recommended.

“(3) APPLICABILITY.—The limitation established in paragraph (1) regarding the authority to withhold funds because of ethical considerations shall apply without regard to whether the withholding of funds on such basis is characterized as a disapproval, a moratorium, a prohibition, or other characterization.

“(4) PRELIMINARY MATTERS REGARDING USE OF PROCEDURES.—

“(A) If the Secretary makes a determination that an advisory board should be convened for purposes of paragraph (1), the Secretary shall, through a statement published in the Federal Register, announce the intention of the Secretary to convene such a board.

“(B) A statement issued under subparagraph (A) shall include a request that interested individuals submit to the Secretary recommendations specifying the particular individuals who should be appointed to the advisory board involved. The Secretary shall consider such recommendations in making appointments to the board.

“(C) The Secretary may not make appointments to an advisory board under paragraph (1) until the expiration of the 30-day period beginning on the date on which the statement required in subparagraph (A) is made with respect to the board.

“(A) Any advisory board convened for purposes of paragraph (1) shall be known as an ethics advisory board (in this paragraph referred to as an ‘ethics board’).

“(B)(i) An ethics board shall advise, consult with, and make recommendations to the Secretary regarding the ethics of the project

of biomedical or behavioral research with respect to which the board has been convened.

“(ii) Not later than 180 days after the date on which the statement required in paragraph (4)(A) is made with respect to an ethics board, the board shall submit to the Secretary, and to the Committee on Energy and Commerce of the House of Representatives and the Committee on Labor and Human Resources of the Senate, a report describing the findings of the board regarding the project of research involved and making a recommendation under clause (i) of whether the Secretary should or should not withhold funds for the project. The report shall include the information considered in making the findings.

“(C) An ethics board shall be composed of no fewer than 14, and no more than 20, individuals who are not officers or employees of the United States. The Secretary shall make appointments to the board from among individuals with special qualifications and competence to provide advice and recommendations regarding ethical matters in biomedical and behavioral research. Of the members of the board—

“(i) no fewer than 1 shall be an attorney;

“(ii) no fewer than 1 shall be an ethicist;

“(iii) no fewer than 1 shall be a practicing physician;

“(iv) no fewer than 1 shall be a theologian; and

“(v) no fewer than one-third, and no more than one-half, shall be scientists with substantial accomplishments in biomedical or behavioral research.

¶61.10 MESSAGE FROM THE PRESIDENT—  
NATIONAL EMERGENCY WITH RESPECT  
TO YUGOSLAVIA

The SPEAKER pro tempore, Mr. MONTGOMERY, laid before the House a message from the President, which was read as follows:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the Federal Register and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice, stating that the emergency declared with respect to the Federal Republic of Yugoslavia (Serbia and Montenegro) is to continue in effect beyond May 30, 1993, to the Federal Register for publication.

The circumstances that led to the declaration on May 30, 1992, of a national emergency have not been resolved. The Government of the Federal Republic of Yugoslavia (Serbia and Montenegro) continues to support groups seizing and attempting to seize territory in the Republics of Croatia and Bosnia-Herzegovina by force and violence. The actions and policies of the Government of the Federal Republic of Yugoslavia (Serbia and Montenegro) pose a continuing unusual and extraordinary threat to the national security, vital foreign policy interests, and the economy of the United States. For these reasons, I have determined that it is necessary to maintain in force the broad authorities necessary to apply economic pressure to the Government of the Federal Republic of Yugoslavia (Serbia and Montenegro) to reduce its ability to support the continuing civil strife and bloodshed in the former Yugoslavia.

WILLIAM J. CLINTON.

THE WHITE HOUSE, May 25, 1993.

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Foreign Affairs and ordered to be printed (H. Doc. 103-91).

¶61.11 MESSAGE FROM THE PRESIDENT—  
NATIONAL EMERGENCY WITH RESPECT  
TO SERBIA

The SPEAKER pro tempore, Mr. MONTGOMERY, laid before the House a message from the President, which was read as follows:

*To the Congress of the United States:*

On May 30, 1992, in Executive Order No. 12808, President Bush declared a national emergency to deal with the threat to the national security, foreign policy, and economy of the United States arising from actions and policies of the Governments of Serbia and Montenegro, acting under the name of the Socialist Federal Republic of Yugoslavia or the Federal Republic of Yugoslavia, in their involvement in and support for groups attempting to seize territory in Croatia and Bosnia-Herzegovina by force and violence utilizing, in part, the forces of the so-called Yugoslav National Army (57 FR 23299, June 2, 1992). The present report is submitted pursuant to 50 U.S.C. 1641(c) and 1703(c). It discusses Administration actions and expenses directly related to the exercise of powers and authorities conferred by the declaration of a national emergency in Executive Order No. 12808 and to expanded sanctions against the Federal Republic of Yugoslavia (Serbia and Montenegro) (the "FRY (S/M)") contained in Executive Order No. 12810 of June 5, 1992 (57 FR 24347, June 9, 1992), Executive Order No. 12831 of January 15, 1993 (58 FR 5253, January 21, 1993), and Executive Order No. 12846 of April 26, 1993 (58 FR 25771, April 27, 1993).

1. Executive Order No. 12808 blocked all property and interests in property of the Governments of Serbia and Montenegro, or held in the name of the former Government of the Socialist Federal Republic of Yugoslavia or the Government of the Federal Republic of Yugoslavia, then or thereafter located in the United States or within the possession or control of U.S. persons, including their overseas branches.

Subsequently, Executive Order No. 12810 expanded U.S. actions to implement in the United States the U.N. sanctions against the FRY (S/M) adopted in United Nations Security Council Resolution No. 757 of May 30, 1992. In addition to reaffirming the blocking of FRY (S/M) Government property, this order prohibits transactions with respect to the FRY (S/M) involving imports, exports, dealing in FRY-origin property, air and sea transportation, contract performance, funds transfers, activity promoting importation or exportation or dealings in property, and official sports, scientific, technical, or cultural representation of the FRY (S/M) in the United States.

Executive Order No. 12810 exempted from trade restrictions (1) trans-

shipments through the FRY (S/M), and (2) activities related to the United Nations Protection Force ("UNPROFOR"), the Conference on Yugoslavia, or the European Community Monitor Mission.

On January 15, 1993, President Bush issued Executive Order No. 12831 to implement new sanctions contained in United Nations Security Council Resolution No. 787 of November 16, 1992. The order revokes the exemption for transshipments through the FRY (S/M) contained in Executive Order No. 12810; prohibits transactions within the United States or by a U.S. person relating to FRY (S/M) vessels and vessels in which a majority or controlling interest is held by a person or entity in, or operating from, the FRY (S/M), and states that all such vessels shall be considered as vessels of the FRY (S/M), regardless of the flag under which they sail. Executive Order No. 12831 also delegates discretionary authority to the Secretary of the Treasury, in consultation with the Secretary of State, to prohibit trade and financial transactions involving any areas of the former Socialist Federal Republic of Yugoslavia as to which there is inadequate assurance that such transactions will not be diverted to the benefit of the FRY (S/M).

On April 26, 1993, I issued Executive Order No. 12846 to implement in the United States the sanctions adopted in United Nations Security Council Resolution No. 820 of April 17, 1993. That resolution called on the Bosnian Serbs to accept the Vance-Owen peace plan for Bosnia-Herzegovina and, if they failed to do so by April 26, called on member states to take additional measures to tighten the embargo against the FRY (S/M) and Serbian-controlled areas of Croatia and Bosnia-Herzegovina.

Effective 12:01 a.m. e.d.t., April 26, 1993, Executive Order No. 12846: (1) blocks all property and interests in property of businesses organized or located in the FRY (S/M), including the property of their U.S. and other foreign subsidiaries, that are in or later come within the United States or the possession or control of U.S. persons, including their overseas branches; (2) confirms the charging to the owners or operators of property blocked under this order or Executive Orders No. 12808, No. 12810, or No. 12831 all expenses incident to the blocking and maintenance of such property, requires that such expenses be satisfied from sources other than blocked funds, and permits such property to be sold and the proceeds (after payment of expenses) placed in a blocked account; (3) orders (a) the detention pending investigation of all nonblocked vessels, aircraft, freight vehicles, rolling stock, and cargo within the United States suspected of violating United Nations Security Council Resolutions No. 713, No. 757, No. 787, or No. 820, and (b) the blocking of such conveyances or cargo if a violation is determined to have been committed, and permits the liquidation of such

blocked conveyances or cargo and the placing of the proceeds into a blocked account; (4) prohibits any vessel registered in the United States, or owned or controlled by U.S. persons, other than U.S. naval vessels, from entering the territorial waters of the FRY (S/M); and (5) prohibits U.S. persons from engaging in any transactions relating to the shipment of goods to, from, or through United Nations Protected Areas in the Republic of Croatia and areas in the Republic of Bosnia-Herzegovina under the control of Bosnian Serb forces.

Executive Order No. 12846 authorizes the Secretary of the Treasury in consultation with the Secretary of State to take such actions, and to employ all powers granted to me by the authorities cited above, as may be necessary to carry out the purposes of that order. The sanctions imposed in the order do not invalidate existing licenses or authorizations issued pursuant to Executive Orders No. 12808, No. 12810, or No. 12831 except as those licenses and authorizations may thereafter be terminated, suspended, or modified by the issuing Federal agencies, but otherwise the sanctions apply notwithstanding any preexisting contracts, international agreements, licenses, or authorizations.

2. The declaration of the national emergency on May 30, 1992, was made pursuant to the authority vested in the President by the Constitution and laws of the United States, including the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), the National Emergencies Act (50 U.S.C. 1601 et seq.), and section 301 of title 3 of the United States Code. The emergency declaration was reported to the Congress on May 30, 1992, pursuant to section 204(b) of the International Emergency Economic Powers Act (50 U.S.C. 1703(b)). The additional sanctions set forth in Executive Orders No. 12810, No. 12831, and No. 12846 were imposed pursuant to the authority vested in the President by the Constitution and laws of the United States, including the statutes cited above, section 1114 of the Federal Aviation Act of 1958, as amended (49 U.S.C. App. 1514), and section 5 of the United Nations Participation Act of 1945, as amended (22 U.S.C. 287c).

3. Since the last report, the Office of Foreign Assets Control of the Department of the Treasury ("FAC"), in consultation with the Department of State and other Federal agencies, issued the Federal Republic of Yugoslavia (Serbia and Montenegro) Sanctions Regulations, 31 C.F.R. Part 585 (58 FR 13199, March 10, 1993—the "Regulations"), to implement the prohibitions contained in Executive Orders No. 12808, No. 12810, and No. 12831. A copy of the Regulations is enclosed with this report. The seven general licenses discussed in the last report were incorporated into the Regulations. The Regulations contain general licenses for certain transactions incident to: the receipt or transmission of mail and informational materials and for telecommunications

transmissions between the United States and the FRY (S/M); the importation and exportation of diplomatic pouches; certain transfers of funds or other financial or economic resources for the benefit of individuals located in the FRY (S/M); the importation and exportation of household and personal effects of persons arriving from or departing to the FRY (S/M); transactions related to nonbusiness travel by U.S. persons to, from, and within the FRY (S/M); and transactions involving secondary-market trading in debt obligations originally incurred by banks organized in Slovenia, Croatia, Bosnia-Herzegovina, and Macedonia.

On January 15, 1993, FAC issued General Notice No. 2, entitled "Notification of Status of Yugoslav Entities." A copy of the notice is attached. The list is composed of government, financial, and commercial entities organized in Serbia or Montenegro and a number of foreign subsidiaries of such entities. The list is illustrative of entities covered by FAC's presumption, stated in the notice, that all entities organized or located in Serbia or Montenegro, as well as their foreign branches and subsidiaries, are controlled by the Government of the FRY (S/M) and thus subject to the blocking provisions of the Executive orders. General Notice No. 2, which includes more than 400 entities, expands and incorporates the list of 284 entities identified in General Notice No. 1 (57 FR 32051, July 20, 1992), noted in the previous report.

As part of a U.S.-led allied effort to tighten economic sanctions against Yugoslavia, on March 11, 1993, FAC named 25 maritime firms and 55 ships controlled by these firms as "Specially Designated Nationals" ("SDNs") of Yugoslavia. A copy of General Notice No. 3 is attached. These shipping firms and the vessels they own, manage, or operate by using foreign front companies, changing vessel names, and re-flagging ships, are presumed to be owned or controlled by or to be acting on behalf of the Government of the FRY (S/M). In addition, pursuant to Executive Order No. 12846, the property within U.S. jurisdiction of these firms is blocked as direct or indirect property interests of firms organized or located in the FRY (S/M).

The FRY (S/M) has continued to operate its maritime fleet and trade in violation of the international economic sanctions mandated by United Nations Security Council Resolutions No. 757 and No. 787. Operations and activities by Yugoslav front companies, or SDNs, enable the Government of the FRY (S/M) to circumvent the international trade embargo. The effect of FAC's SDN designation is to identify agents and property of the Government of the FRY (S/M), and property of entities organized or located in the FRY (S/M), and thus to extend the applicability of the regulatory prohibitions governing transactions with the Government of the FRY (S/M) and its nationals by U.S. persons to these designated individuals and entities wherever located,

irrespective of nationality or registration. U.S. persons are prohibited from engaging in any transaction involving property in which an SDN has an interest, which includes all financial and trade transactions. All SDN property within the jurisdiction of the United States (including financial assets in U.S. bank branches overseas) is blocked.

The two court cases in which the blocking authority was challenged as applied to FRY (S/M) subsidiaries and vessels in the United States remain pending at this time. In one case, the plaintiffs have challenged the application of Executive Order No. 12846, and the challenge remains to be resolved. The other case is presently pending before a U.S. Court of Appeals.

4. Over the past 6 months, the Departments of State and the Treasury have worked closely with European Community (the "EC") member states and other U.N. member nations to coordinate implementation of the sanctions against the FRY (S/M). This has included visits by assessment teams formed under the auspices of the United States, the EC, and the Conference for Security and Cooperation in Europe (the "CSCE") to states bordering on Serbia and Montenegro; deployment of CSCE sanctions assistance missions ("SAMS") to Albania, Bulgaria, Croatia, the Former Yugoslav Republic of Macedonia, Hungary, Romania, and Ukraine to assist in monitoring land and Danube River traffic; bilateral contacts between the United States and other countries with the purpose of tightening financial and trade restrictions on the FRY (S/M); and establishment of a mechanism to coordinate enforcement efforts and to exchange technical information.

5. In accordance with licensing policy and the Regulations, FAC has exercised its authority to license certain specific transactions with respect to the FRY (S/M) that are consistent with the Security Council sanctions. During the reporting period, FAC has issued 163 specific licenses regarding transactions pertaining to the FRY (S/M) or assets it owns or controls, bringing the total as of April 30, 1993, to 426. Specific licenses have been issued for (1) payment to U.S. or third-country secured creditors, under certain narrowly defined circumstances, for pre-embargo import and export transactions; (2) for legal representation or advice to the Government of the FRY (S/M) or FRY (S/M)-controlled clients; (3) for restricted and closely monitored operations by subsidiaries of FRY (S/M)-controlled firms located in the United States; (4) for limited FRY (S/M) diplomatic representation in Washington and New York; (5) for patent, trademark and copyright protection, and maintenance transactions in the FRY (S/M) not involving payment to the FRY (S/M) Government; (6) for certain communications, news media, and travel-related transactions; (7) for the payment of crews' wages and vessel maintenance of FRY (S/M)-controlled ships blocked

in the United States; (8) for the removal from the FRY (S/M) of manufactured property owned and controlled by U.S. entities; and (9) to assist the United Nations in its relief operations and the activities of the U.N. Protection Force. Pursuant to United Nations Security Council Resolutions No. 757 and No. 760, specific licenses have also been issued to authorize exportation of food, medicine, and supplies intended for humanitarian purposes in the FRY (S/M).

During the past 6 months, FAC has continued to closely monitor 15 U.S. subsidiaries of entities organized in the FRY (S/M) that were blocked as entities owned or controlled by the Government of the FRY (S/M). Treasury agents performed on-site audits and reviewed numerous reports submitted by the blocked subsidiaries. Subsequent to the issuance of Executive Order No. 12846, operating licenses issued for U.S.-located Serbian or Montenegrin subsidiaries or joint ventures were revoked and the U.S. entities closed for business.

The Board of Governors of the Federal Reserve Board and the New York State Banking Department again worked closely with FAC with regard to two Serbian banking institutions in New York that were closed on June 1, 1992. Full-time bank examiners continue to be posted in their offices to ensure that banking records are appropriately safeguarded.

During the past 6 months, U.S. financial institutions have continued to block funds transfers in which there is an interest of the Government of the FRY (S/M). Such transfers have accounted for an additional \$24.5 million in blocked Yugoslav assets since the issuance of Executive Order No. 12808.

To ensure compliance with the terms of the licenses that have been issued under the program, stringent reporting requirements are imposed. Some 350 submissions were reviewed since the last report, and more than 150 compliance cases are currently open. In addition, licensed bank accounts are regularly audited by FAC compliance personnel and by cooperating auditors from other regulatory agencies.

6. Since the issuance of Executive Order No. 12810, FAC has worked closely with the U.S. Customs Service to ensure both that prohibited imports and exports (including those in which the Government of the FRY (S/M) has an interest) are identified and interdicted, and that permitted imports and exports move to their intended destination without undue delay. Violations and suspected violations of the embargo are being investigated, and appropriate enforcement actions are being taken. There are currently 39 cases under active investigation.

7. The expenses incurred by the Federal Government in the 6-month period from December 1, 1992, through May 30, 1993, that are directly attributable to the authorities conferred by the declaration of a national emergency with respect to the FRY (S/M) are estimated

at \$2.9 million, most of which represent wage and salary costs for Federal personnel. Personnel costs were largely centered in the Department of the Treasury (particularly in FAC and its Chief Counsel's Office and the U.S. Customs Service), the Department of State, the National Security Council, the U.S. Coast Guard, and the Department of Commerce.

8. The actions and policies of the Government of the FRY (S/M), in its involvement in and support for groups attempting to seize and hold territory in Croatia and Bosnia-Herzegovina by force and violence, continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. The United States remains committed to a multilateral resolution of this crisis through its actions implementing the binding resolutions of the United Nations Security Council with respect to the FRY (S/M). I shall continue to exercise the powers at my disposal to apply economic sanctions against the FRY (S/M) as long as these measures are appropriate, and will continue to report periodically to the Congress on significant developments pursuant to 50 U.S.C. 1703(c).

WILLIAM J. CLINTON.

**SEC. 2. FINDINGS.**

The Congress finds that—

(1) an estimated 300,000 Somalis reportedly have died of hunger or as casualties of widespread violence since the fall of Siad Barre in January, 1991;

(2) international relief agencies were unable to deliver adequate assistance to those most in need due to increasingly difficult and dangerous security conditions, including pervasive banditry and looting;

(3) the Congress expressed its support for a greater United Nations role in addressing the political and humanitarian situation in Somalia through Senate Concurrent Resolution 132 and House Concurrent Resolution 370 of the 102d Congress;

(4) the United Nations Secretary General and United States officials concluded that intervention in Somalia would be necessary to avert further massive starvation;

(5) the United Nations Security Council on December 3, 1992, adopted Resolution 794, authorizing the use of "all necessary means to establish as soon as possible a secure environment for humanitarian relief operations in Somalia";

(6) President Bush on December 8, 1992, began deploying United States Armed Forces in Somalia in response to United Nations Security Council Resolution 794;

(7) on December 10, 1992, President Bush formally reported to the Congress on the deployment of United States Armed Forces in Somalia;

(8) on January 15, 1993, the Department of Defense announced the beginning of the withdrawal of United States Armed Forces from Somalia;

(9) as of mid-May 1993, approximately 3,800 American servicemen and women remain in and near Somalia;

(10) President Bush emphasized that United States Armed Forces would be withdrawn from Somalia and that the security mission would be assumed by a new United Nations peace-keeping operation (UNOSOM II) as soon as a "secure environment" was created for the delivery of food and other humanitarian assistance;

(11) the deployment of United States Armed Forces in Somalia, together with those from other countries, has led to a substantial increase in the delivery of humanitarian assistance and has opened up access to more remote areas of the country;

(12) further starvation on a massive scale has been averted in Somalia, but there remains a need for continuing humanitarian efforts under UNOSOM II;

(13) in a report dated March 3, 1993, the United Nations Secretary General proposed that the transfer of command from UNITAF to UNOSOM II take place on May 1, 1993;

(14) on March 26, 1993, the United Nations Security Council adopted Resolution 814, approving the Secretary General's report of March 3, 1993;

(15) pursuant to Resolution 814, United States Armed Forces will play a key role in the UNOSOM II operation, United States Armed Forces participating in UNOSOM II will be under the command of a United Nations official, and United States Armed Forces participating in UNOSOM II will be asked to fulfill a mission in Somalia that is much broader and more open-ended than the mission originally outlined by President Bush;

(16) United States Armed Forces in Somalia are not now in a situation of hostilities or a situation in which imminent involvement in hostilities is clearly indicated by the circumstances within the meaning of the War Powers Resolution, nor is it contemplated that they will be in such a situation while participating in UNOSOM II; and

(17) the Congress has not been adequately consulted on the new United Nations mission in Somalia and has not had an opportunity to debate and consider what United States policy should be in the context of a broadened United Nations mandate for that country.

**SEC. 3. SUPPORT FOR UNITED STATES ARMED FORCES IN SOMALIA.**

(a) FINDINGS.—The Congress finds that—

(1) prior to United Nations-authorized operations in Somalia, over 300,000 Somalis (including one-fourth of the children under the age of five) died due to civil strife, disease, and famine, and at least one-half of Somalia's population of 8,000,000 people, were considered at risk of starvation;

(2) the number of deaths from starvation in Somalia has declined significantly since the arrival of the United States-led force in Somalia; and

(3) the United States contributed immeasurably to UNITAF, including the deployment of over 20,000 members of the Armed Forces and the loss of American lives.

(b) COMMENDATION OF U.S. ARMED FORCES.—The Congress commends the United States Armed Forces for successfully establishing a secure environment for the humanitarian relief operations in Somalia.

**SEC. 4. PARTICIPATION OF UNITED STATES ARMED FORCES IN UNOSOM II.**

(a) AUTHORIZATION.—The President is authorized to deploy United States Armed Forces in Somalia in order to participate in UNOSOM II, subject to subsection (b).

(b) EXPIRATION.—The authorization provided in subsection (a) shall expire 6 months after the date of enactment of this joint resolution, unless Congress extends such authorization.

**SEC. 5. CONGRESSIONAL POLICY STATEMENTS.**

(a) RESTORATION OF SOMALI SELF-GOVERNMENT AND WITHDRAWAL OF FOREIGN MILITARY FORCES.—It is the sense of the Congress that—

(1) the restoration of self-government to Somalia and the withdrawal of all foreign military forces from Somalia at the earliest date consistent with the humanitarian situation in that country are fundamental objectives of the international community;

(2) to achieve these objectives, the United Nations should foster the establishment of competent local authorities in Somalia that will enable the Somali people to reclaim control of their country; and

(3) the size and scope of UNOSOM II should be reduced as quickly as local institutions and the humanitarian situation will permit.

(b) WITHDRAWAL OF UNITED STATES ARMED FORCES.—It is the sense of the Congress that—

(1) United States Armed Forces have performed a humanitarian service in Somalia that the armed forces of very few other countries could have performed;

(2) increasingly, however, the security needs of Somalia can be handled by the armed forces of other countries; and

(3) the mission of UNOSOM II established by United Nations Security Council Resolution 814 is considerably broader than the original United States objective of creating a secure environment for the delivery of humanitarian assistance.

For these reasons, and consistent with the objectives of promptly restoring Somalia self-government and withdrawing foreign military forces from Somalia, the Congress

declares that all United States Armed Forces should be withdrawn from Somalia not later than 6 months after the date of enactment of this joint resolution and their functions assumed by other UNOSOM II personnel or forces to the extent required after that date.

(c) REIMBURSEMENT OF COSTS INCURRED BY THE UNITED STATES IN SOMALIA.—It is the sense of the Congress that the President should seek to ensure that incremental costs incurred by the United States in connection with UNITAF and in connection with UNOSOM II are reimbursed to the maximum extent possible by the United Nations and other members of the international community.

**SEC. 6. REPORTING REQUIREMENT.**

Not later than 2 months after the date of enactment of this joint resolution and at least once every 2 months thereafter until 2 months after all United States Armed Forces have been withdrawn from Somalia, the President shall submit to the Congress a report on developments related to Somalia. Each such report shall include—

(1) a statement of United States policy objectives in Somalia and an assessment of the progress that has been made in achieving those objectives;

(2) an assessment of the progress that has been made in fostering the establishment of competent local authorities in Somalia;

(3) the projected date for withdrawal of all United States Armed Forces from Somalia and an assessment of the progress that has been made toward completing that withdrawal;

(4) a full accounting of all United States incremental costs in connection with UNITAF and UNOSOM II;

(5) a full accounting of the estimated incremental costs of other countries in connection with UNITAF and UNOSOM II;

(6) a full accounting of all contributions that have been made to the United Nations Somalia Trust Fund, and all disbursements from the Fund; and

(7) a statement of the steps that have been taken, and an assessment of the progress that has been achieved, in obtaining reimbursement of the incremental costs incurred by the United States in connection with UNITAF and UNOSOM II.

**SEC. 7. DEFINITIONS.**

As used in this joint resolution—

(1) the term "UNITAF" means the Unified Task Force established pursuant to United Nations Security Council Resolution 794 (1992); and

(2) the term "UNOSOM II" means the international force established pursuant to the United Nations Security Council Resolution 814 (1993).

The following amendment, as amended, was then agreed to:

Strike out all after the enacting clause and insert:

**SECTION 1. SHORT TITLE.**

This joint resolution may be cited as the "Resolution Authorizing the Use of United States Armed Forces in Somalia".

**SEC. 2. CONGRESSIONAL FINDINGS.**

The Congress finds the following:

(1) An estimated 300,000 Somalis have died as a result of hunger and widespread violence since the fall of Siad Barre in January 1991.

(2) On December 3, 1992, the United Nations Security Council adopted Resolution 794 in which the Security Council—

(A) determined that "the magnitude of the human tragedy caused by the conflict in Somalia, further exacerbated by the obstacles being created to the distribution of humanitarian assistance, constitutes a threat to international peace and security", and

(B) acting under Chapter VII of the Charter of the United Nations, authorized the use of "all necessary means to establish as soon as possible a secure environment for humanitarian relief operations in Somalia".

(3) United States Armed Forces entered Somalia on December 9, 1992, in response to Security Council Resolution 794.

(4) The United Nations Secretary General concluded in his report of March 3, 1993, that without improved security throughout Somalia "the political process cannot prosper and humanitarian relief operations will remain vulnerable to disruption".

(5) The Secretary General recommended in his report that the United Nations Security Council adopt a resolution effecting the transition from the United States-led force in Somalia to a United Nations-led force, with the formal date of transfer of command to be May 1, 1993.

(6) The Secretary General's report envisioned a United Nations-led force having a multinational military component of 20,000 personnel, plus an additional 8,000 personnel to provide logistic support.

(7) On March 26, 1993, the United Nations Security Council, acting under Chapter VII of the Charter of the United Nations, adopted Resolution 814 in response to the Secretary General's report. This resolution provides for the establishment of the United Nations-led force in Somalia by expanding the size and mandate of the original United Nations peacekeeping force in Somalia (commonly referred to as "UNOSOM") in accordance with the recommendations contained in the report of the Secretary General.

(8) United States Armed Forces will participate in the United Nations-led force in Somalia as part of the multinational logistic support contingent, providing logistical, communications, and intelligence support.

(9) In addition to logistic forces, the United States will make available a battalion-sized tactical quick reaction force to respond to requests for emergency assistance from the United Nations Force Commander in Somalia. This quick reaction force will be under United States operational control.

(10) The transfer of operations in Somalia from the United States-led force to the United Nations-led force will result in a substantial reduction in the number of members of the United States Armed Forces that are deployed in Somalia and in the costs incurred by the United States as a result of United Nations-authorized operations in Somalia.

(11) The Congress should authorize any use of United States Armed Forces to implement United Nations Security Council Resolutions 794 and 814.

(12)(A) The Congress does not anticipate that United States Armed Forces will need to remain in Somalia for more than 12 months after the date of enactment of this joint resolution to implement United Nations Security Council Resolution 814.

(B) Given the importance of the mission of the United Nations-led force in Somalia, however, the Congress will give strong consideration to extending the authorization for the use of United States Armed Forces to implement Resolution 814 should such continued use be necessary to ensure the success of the United Nations-led force in Somalia.

**SEC. 3. SUPPORT FOR UNITED NATIONS EFFORTS IN SOMALIA.**

The Congress supports United Nations efforts in Somalia—

(1) to help provide a secure environment for famine relief efforts;

(2) to prevent a resumption of violence;

(3) to help restore peace, stability, and order through reconciliation, rehabilitation, and reconstruction of Somali society; and

(4) to help the people of Somalia create and maintain democratic institutions for their own governance.

**SEC. 4. SUPPORT FOR UNITED STATES ARMED FORCES IN SOMALIA.**

(a) FINDINGS.—The Congress finds that—

(1) prior to United Nations-authorized operations in Somalia, over 300,000 Somalis (including one-fourth of the children under the age of five) died due to civil strife, disease, and famine, and at least one-half of Somalia's population of 8,000,000 people, were considered at risk of starvation;

(2) the number of deaths from starvation in Somalia has declined significantly since the arrival of the United States-led force in Somalia; and

(3) the United States contributed immeasurably to the United States-led force in Somalia, including the deployment of over 20,000 members of the Armed Forces and the loss of American lives.

(b) COMMENDATION OF UNITED STATES ARMED FORCES.—The Congress commends the United States Armed Forces for successfully establishing a secure environment for the humanitarian relief operations in Somalia.

**SEC. 5. AUTHORIZATION FOR USE OF ARMED FORCES.**

(a) IMPLEMENTATION OF SECURITY COUNCIL RESOLUTIONS.—The President is authorized to use United States Armed Forces to implement United Nations Security Council Resolutions 794 (1992) and 814 (1993), including the use of such Armed Forces—

(1) to provide logistic and related support for the United Nations-led force in Somalia under the authorization provided by United Nations Security Council Resolution 814 (1993); and

(2) to serve as a tactical quick reaction force, under United States operational control, to respond to requests for emergency assistance from the United Nations Force Commander in Somalia.

(b) STATEMENTS OF INTENT REQUIRED BY WAR POWERS RESOLUTION.—Consistent with section 8(a)(1) of the War Powers Resolution, the Congress declares that subsection (a) is intended to constitute specific statutory authorization within the meaning of section 5(b) of the War Powers Resolution to the extent that any United States Armed Forces being used for the purposes described in subsection (a) are or become involved in hostilities or situations where imminent involvement in hostilities is clearly indicated by the circumstances.

(c) EXPIRATION OF AUTHORIZATIONS.—The authorizations provided by subsection (a) shall expire at the earlier of—

(1) the end of the 12-month period beginning on the date of enactment of this joint resolution, unless the Congress finds that continued participation by the United States Armed Forces is necessary to ensure the success of the United Nations-led force in Somalia and extends the period of such authorizations; or

(2) the expiration of the mandate of the United Nations-led force in Somalia.

**SEC. 6. REPORTS REGARDING USE OF UNITED STATES ARMED FORCES.**

(a) PERIODIC REPORTS.—

(1) INFORMATION TO BE PROVIDED.—The President shall submit periodic reports to the Congress with respect to United States

Armed Forces participation in and support for the United Nations-led force in Somalia. Each such report shall—

(B) specify where United States Armed Forces are deployed as part of the United Nations-led force in Somalia and where United States Armed Forces are deployed that are operating in support of that force;

(C) specify the functions being performed by United States Armed Forces participating in the United Nations-led force in Somalia;

(D) specify the functions of United States Armed Forces operating as a tactical quick reaction force in support of the United Nations-led force in Somalia, and describe any use of United States Armed Forces as a quick reaction force;

(E) specify the command arrangements applicable with respect to United States Armed Forces participating in the United Nations-led force in Somalia or operating in support of that force; and

(B) not later than July 1, 1994, covering the period since the preceding report pursuant to this subsection.

(3) WAR POWERS RESOLUTION REPORTING REQUIREMENTS.—The requirements of this subsection do not supersede the requirements of section 4 of the War Powers Resolution.

(b) REPORT ON TRANSITION TO UN-LED FORCE.—The first report submitted pursuant to subsection (a) shall specify the number of members of the United States Armed Forces, if any, remaining in Somalia as part of the United States-led force in Somalia.

(c) AGREEMENTS WITH UNITED NATIONS.—The President shall transmit promptly to the Congress a copy of any memorandum of understanding or other written agreement entered into by the United States with the United Nations Security Council, the Secretary General of the United Nations (or his Special Representative), or the United Nations Force Commander in Somalia—

(1) regarding the participation of United States Armed Forces in the United Nations-led force in Somalia;

(2) regarding United States Armed Forces operating as a tactical quick reaction force in support of that force or otherwise in support of that force; or

(3) otherwise regarding the availability to the United Nations Security Council of United States Armed Forces, assistance, or facilities to implement Security Council Resolution 794 or 814.

**SEC. 7. REPORTS ON COSTS OF UNITED NATIONS-AUTHORIZED OPERATIONS IN SOMALIA.**

(a) REQUIREMENT FOR PERIODIC REPORTS.—The President shall submit to the Congress periodic reports regarding the costs of the United States-led force in Somalia and the United Nations-led force in Somalia.

(b) INFORMATION ON COSTS AND OTHER CONTRIBUTIONS.—Each report pursuant to this section shall specify (to the extent such information is available to the United States)—

(1) the amount of the incremental costs incurred by the United States as the result of its participation in the United States-led force in Somalia or as the result of its participation in or military operations in support of the United Nations-led force in Somalia;

(2) the amount of other in-kind or financial contributions pledged, and the amount of such contributions made, by each participating country toward the costs associated with the United States-led force in Somalia and the United Nations-led force in Somalia, including contributions to the United Nations Trust Fund for Somalia and excluding amounts reported pursuant to paragraph (3);

(3) the amount assessed by the United Nations to the United States and each other country for its contributions to the costs associated with the United Nations-led force in Somalia;

(4) the amount received by the United States and each other country as reimbursement from the United Nations, including reimbursements from the United Nations Trust Fund for Somalia, as the result of its participation in the United States-led force in Somalia; and

(5) the amount received by the United States and each other country as credit against an assessment described in paragraph (3) from the United Nations for costs that it incurred as the result of its participation in or military operations in support of the United Nations-led force in Somalia.

(c) REIMBURSEMENT OF COSTS INCURRED BY THE UNITED STATES IN SOMALIA.—It is the sense of the Congress that the President should seek to ensure that incremental costs incurred by the United States in connection with the United States-led force in Somalia and in connection with the United Nations-led force in Somalia are reimbursed to the maximum extent possible by the United Nations and other members of the international community. Each report pursuant to this section shall review all actions taken by the United States to achieve this objective.

(d) REPORTING DATES AND PERIOD COVERED BY EACH REPORT.—A report pursuant to this section shall be submitted—

(1) not later than 1 month after the date of enactment of this joint resolution, covering the period ending on the last day of the penultimate month preceding the enactment of this joint resolution; and
