

stantial progress has been made toward restoring democracy pursuant to United Nations Security Council Resolution 861, all necessary conditions to that restoration have not yet been met. Multilateral sanctions have been suspended but not terminated. Political conditions in Haiti continue, therefore, to be of considerable concern to the United States. For these reasons, I have determined that it is necessary to retain the authority to apply economic sanctions to ensure the restoration and security of the democratically elected Government of Haiti.

¶109.26 MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the House by Mr. Edwin Thomas, one of his secretaries.

¶109.27 MESSAGE FROM THE PRESIDENT—RESTRICTION OF U.S. PERSONS IN WEAPONS PROLIFERATION

The SPEAKER pro tempore, Mr. JOHNSON of South Dakota, laid before the House a message from the President, which was read as follows:

*To the Congress of the United States:*

Pursuant to section 204(b) of the International Emergency Economic Powers Act (50 U.S.C. 1703(b)) and section 301 of the National Emergencies Act (50 U.S.C. 1631), I hereby report to the Congress that I have exercised my statutory authority to declare a national emergency and to issue an Executive order, which authorizes and directs the Secretary of Commerce, in consultation with the Secretary of State, to take such actions, including the promulgation of rules, regulations, and amendments thereto, and to employ such powers granted to the President by the International Emergency Economic Powers Act, as may be necessary to continue to regulate the activities of United States persons in order to prevent their participation in activities, which could contribute to the proliferation of nuclear, chemical, and biological weapons, and the means of their delivery.

These actions are necessary in view of the danger posed to the national security, foreign policy, and economy of the United States by the continued proliferation of nuclear, biological, and chemical weapons, and of the means of delivering such weapons, and in view of the need for more effective controls on activities sustaining such proliferation. In the absence of these actions, the participation of U.S. persons in activities contrary to U.S. nonproliferation objectives and policies, and which may not be adequately controlled through the exercise of the authorities conferred by the Export Administration Act of 1979, as amended (50 U.S.C. App. 2401 *et. seq.*), could take place

without effective control, posing an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States.

The countries and regions affected by this action would include those currently identified in Supplements 4, 5, and 6 to Part 778 of Title 15 of the Code of Federal Regulations, concerning nonproliferation controls, as well as such other countries as may be of concern from time to time due to their involvement in the proliferation of weapons of mass destruction, or due to the risk of their being points of diversion to proliferation activities.

It is my intention to review the appropriateness of proposing legislation to provide standing authority for these controls, and thereafter to terminate the Executive order.

WILLIAM J. CLINTON.

THE WHITE HOUSE, *September 30, 1993.*

By unanimous consent, the message, together with accompanying papers, was referred to the Committee on Foreign Affairs and ordered to be printed (H. Doc. 103-144).
