¶115.13 PROVIDING FOR THE CONSIDERATION OF H.R. 1804

Mr. DERRICK, by direction of the Committee on Rules, called up the following resolution (H. Res. 274):

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 1(b) of rule XXIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 1804) to improve learning and teaching by providing a national framework for education reform; to promote the research, consensus building, and systemic changes needed to ensure equitable educational opportunities and high levels of educational achievement for all American students; to provide a framework for reauthorization of all Federal education programs; to promote the development and adoption of a voluntary national system of skill standards and certifications; and for other purposes. The first reading of the bill shall be dispensed with. General debate shall be confined to the bill and the amendments made in order by this resolution and shall not exceed eighty minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Education and Labor. After general debate the bill shall be considered for amendment under the five-minute rule. In lieu of the amendment in the nature of a substitute recommended by the Committee on Education

and Labor now printed in the bill, it shall be in order to consider as an original bill for the purpose of amendment under the five-minute rule an amendment in the nature of a substitute consisting of the text of H.R. 3210. The amendment in the nature of a substitute shall be considered as read. No amendment to the amendment in the nature of a substitute shall be in order except those printed in the report of the Committee on Rules accompanying this resolution and amendments en bloc described in section 2 of this resolution. Except as specified in section 2, each amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment (except that pro forma amendments for the purpose of debate may be offered by the chairman or ranking minority member of the Committee on Education and Labor), and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill or to the amendment in the nature of a substitute made in order as original text. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommitt with or without instructions.

SEC. 2. It shall be in order at any time for the chairman of the Committee on Education and Labor or a designee to offer amendments en bloc consisting of amendments printed in the report of the Committee on Rules accompanying this resolution or germane modifications thereof. Amendments en bloc shall be considered as read except that modifications shall be reported. Amendments en bloc shall be debatable for twenty minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Education and Labor, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against amendments en bloc are waived. The original proponent of an amendment included in amendments en bloc may insert a statement in the Congressional Record immediately before the disposition of the amendments en bloc.

When said resolution was considered. After debate,

On motion of Mr. DERRICK, the previous question was ordered on the resolution to its adoption or rejection and under the operation thereof, the resolution was agreed to.
