On motion of Mr. VENTO, by unanimous consent, the bill (H.R. 1348) to establish the Quinebaug and Shetucket Rivers Valley National Heritage Corridor in the State of Connecticut, and for other purposes; together with the following amendment of the Senate thereto, was taken from the Speaker's table:

TITLE I—QUINEBAUG AND SHETUCKET RIVERS VALLEY NATIONAL HERITAGE CORRIDOR

SECTION 101. SHORT TITLE.

This title may be cited as the "Quinebaug and Shetucket Rivers Valley National Heritage Corridor Act of 1994".

SEC. 102. FINDINGS.

The Congress finds that—

(1) the Quinebaug and Shetucket Rivers Valley in the State of Connecticut is one of the last unspoiled and undeveloped areas in the Northeastern United States and has remained largely intact, including important aboriginal archaeological sites, excellent water quality, beautiful rural landscapes, architecturally significant mill structures and mill villages, and large acreages of parks and other permanent open space;

(2) the State of Connecticut ranks last among the 50 States in the amount of federally protected park and open space lands within its borders and lags far behind the other Northeastern States in the amount of land set-aside for public recreation;

(3) the beautiful rural landscapes, scenic vistas and excellent water quality of the Quinebaug and Shetucket Rivers contain significant undeveloped recreational opportunities for people throughout the United States;

(4) the Quinebaug and Shetucket Rivers Valley is within a two-hour drive of the major metropolitan areas of New York City, Hartford, Providence, Worcester, Springfield, and Boston. With the President's Commission on Americans Outdoors reporting that Americans are taking shorter "closer-to-home" vacations, the Quinebaug and Shetucket Rivers Valley represents important close-by recreational opportunities for significant population;

(5) the existing mill sites and other structures throughout the Quinebaug and

Shetucket Rivers Valley were instrumental in the development of the industrial revolution;

(6) the Quinebaug and Shetucket Rivers Valley contains a vast number of discovered and unrecovered Native American and colonial archaeological sites significant to the history of North America and the United States;

(7) the Quinebaug and Shetucket Rivers Valley represents one of the last traditional upland farming and mill village communities in the Northeastern United States;

(8) the Quinebaug and Shetucket Rivers Valley played a nationally significant role in the cultural evolution of the prewar colonial period, leading the transformation from Puritan to Yankee, the "Great Awakening" religious revival and early political development leading up to and during the War of Independence; and

(9) many local, regional and State agencies businesses, and private citizens and the New England Governors' Conference have expressed an overwhelming desire to combine forces: to work cooperatively to preserve and enhance resources region-wide and better plan for the future.

#### TITLE III—CANE RIVER CREOLE NATIONAL HISTORICAL PARK

#### SECTION 301. SHORT TITLE.

Titles III and IV of this Act may be cited as the "Cane River Creole National Historical Park and National Heritage Area Act".

#### SEC. 302. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) the Natchitoches area along Cane River, established in 1714, is the oldest permanent settlement in the Louisiana Purchase territory;

(2) the Cane River area is the locale of the development of Creole culture, from French-Spanish interactions of the early 18th century to today's living communities;

(3) the Cane River, historically a segment of the Red River, provided the focal point for early settlement, serving as a transportation route upon which commerce and communication reached all parts of the colony;

(4) although a number of Creole structures, sites, and landscapes exist in Louisiana and elsewhere, unlike the Cane River area, most are isolated examples, and lack original out-building complexes or integrity;

(5) the Cane River area includes a great variety of historical features with original elements in both rural and urban settings and a cultural landscape that represents various aspects of Creole culture, providing the base for a holistic approach to understanding the broad continuum of history within the region;

(6) the Cane River region includes the Natchitoches National Historic Landmark District, composed of approximately 300 publicly and privately owned properties, four other national historic landmarks, and other structures and sites that may meet criteria for landmark significance following further study;

(7) historic preservation within the Cane River area has greatly benefited from individuals and organizations that have strived to protect their heritage and educate others about their rich history; and

(8) because of the complexity and magnitude of preservation needs in the Cane River area, and the vital need for a culturally sensitive approach, a partnership approach is desirable for addressing the many preservation and educational needs.

(b) PURPOSES.—The purposes of titles III and IV of this Act are to—

(1) recognize the importance of the Cane River Creole culture as a nationally significant element of the cultural heritage of the United States;

(2) establish a Cane River Creole National Historical Park to serve as the focus of interpretive and educational programs on the history of the Cane River area and to assist in the preservation of certain historic sites along the river; and

(3) establish a Cane River National Heritage Area and Commission to be undertaken in partnership with the State of Louisiana, the City of Natchitoches, local communities and settlements of the Cane River area, preservation organizations, and private landowners, with full recognition that programs must fully involve the local communities and landowners.

**SEC. 303. ESTABLISHMENT OF CANE RIVER CREOLE NATIONAL HISTORICAL PARK.**

(a) IN GENERAL.—In order to assist in the preservation and interpretation of, and education concerning, the Creole culture and diverse history of the Natchitoches region, and to provide technical assistance to a broad range of public and private landowners and preservation organizations, there is hereby established the Cane River Creole National Historical Park in the State of Louisiana (hereinafter in titles III and IV of this Act referred to as the "historical park").

The Secretary shall manage the historical park in such a manner as will preserve resources and cultural landscapes relating to the Creole culture of the Cane River and enhance public understanding of the important cultural heritage of the Cane River region.

Such cooperative agreements shall specify that the National Park Service shall have reasonable rights of access for operational and visitor use needs and that preservation treatments will meet the Secretary's standards for rehabilitation of historic buildings.

(2) The Secretary is authorized to enter into cooperative agreements with the City of Natchitoches, the State of Louisiana, and other public or private organizations for the development of the interpretive center, educational programs, and other materials that will facilitate public use of the historical park and heritage area.

(e) RESEARCH.—The Secretary, acting through the National Park Service, shall coordinate a comprehensive research program on the complex history of the Cane River region, including ethnography studies of the living communities along the Cane River, and how past and present generations have adapted to their environment, including genealogical studies of families within the Cane River area. Research shall include, but not be limited to, the extensive primary historic documents within the Natchitoches and Cane River areas, and curation methods for their care and exhibition. The research program shall be coordinated with Northwestern State University of Louisiana, and the National Center for Preservation Technology and Training in Natchitoches.
