¶79.14 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. SHAYS:

At the end of title XII (page 409, after line 18), insert the following new section:

SEC. 1228. REDUCTION OF UNITED STATES MILITARY FORCES IN EUROPE

(a) END STRENGTH REDUCTIONS FOR MILITARY PERSONNEL IN EUROPE.—Notwithstanding section 1002(c)(1) of the National Defense Authorization Act, 1985 (22 U.S.C. 1928 note), but subject to subsection (d), for each of fiscal years 1996, 1997, 1998, and 1999, the Secretary of Defense shall reduce the end strength level of members of the Armed Forces of the United States assigned to permanent duty ashore in European member nations of the North Atlantic Treaty Organization (NATO) in accordance with subsection (b).

(b) REDUCTION FORMULA.—

(1) APPLICATION OF FORMULA.—For each percentage point by which, as of the end of a fiscal year, the allied contribution level determined under paragraph (2) is less than the allied contribution goal specified in subsection (c), the Secretary of Defense shall reduce the end strength level of members of the Armed Forces of the United States assigned to permanent duty ashore in European member nations of NATO by 1,000 for the next fiscal year. The reduction shall be made from the end strength level in effect, pursuant to section 1002(c)(1) of the National Defense Authorization Act, 1985 (22 U.S.C. 1928 note), and subsection (a) of this section (if applicable), for the fiscal year in which the allied contribution level is less than the goal specified in subsection (c).

(2) DETERMINATION OF ALLIED CONTRIBUTION LEVEL.—To determine the allied contribution level with respect to a fiscal year, the Secretary of Defense shall calculate the aggregate amount of nonpersonnel costs for United States military installations in European member nations of NATO that are assumed during that fiscal year by such nations, except that the Secretary may consider only those cash and in-kind contributions by such nations that replace expenditures that would otherwise be made by the Secretary using funds appropriated or otherwise made available in defense appropriations Acts.

(c) ANNUAL ALLIED CONTRIBUTION GOALS.—(1) GOALS.—In continuing efforts to enter into revised host-nation agreements as described in the provisions of law specified in paragraph (2), the President is urged to seek to have European member nations of NATO assume an increased share of the nonpersonnel costs of United States military installations in those nations in accordance with the following timetable:

(A) By September 30, 1996, 18.75 percent of such costs should be assumed by those nations.

(B) By September 30, 1997, 37.5 percent of such costs should be assumed by those nations.

(C) By September 30, 1998, 56.25 percent of such costs should be assumed by those nations.

(D) By September 30, 1999, 75 percent of such costs should be assumed by those nations.

(2) SPECIFIED LAWS.—The provisions of law referred to in paragraph (1) are—

(A) section 1301(e) of National Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484; 106 Stat. 2545);

(B) section 1401(c) of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103-160; 107 Stat. 1824); and

(C) section 1304 of the National Defense Authorization Act for Fiscal Year 1995 (Public Law 103-337; 108 Stat. 2890),

(d) EXCEPTIONS.—

(1) MINIMUM END STRENGTH AUTHORITY.—Notwithstanding reductions required pursuant to subsection (a), the Secretary of Defense may maintain an end strength of at least 25,000 members of the Armed Forces of the United States assigned to permanent duty ashore in European member nations of NATO.

(2) WAIVER AUTHORITY.—The President may waive operation of this section if the President declares an emergency. The President shall immediately inform Congress of any such waiver and the reasons for the waiver.

(e) ALLOCATION OF FORCE REDUCTIONS.—To the extent that there is a reduction in end strength level for any of the Armed Forces in European member nations of NATO in a fiscal year pursuant to subsection (a)—

(1) half of the reduction shall be used to make a corresponding reduction in the authorized end strength level for active duty personnel for such Armed Forces for that fiscal year; and

(2) half of the reduction shall be used to make a corresponding increase in permanent assignments or deployment of forces in the United States or other nations (other than European member nations of NATO) for each such Armed Force for that fiscal year, as determined by the Secretary of Defense.

(f) NONPERSONNEL COSTS DEFINED.—For purposes of this section, the term "nonpersonnel costs", with respect to United States military installations in European member nations of NATO, means costs for those installations other than costs paid from military personnel accounts.

79.16 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. POMBO:

At the end of title X (page 377, after line 19), insert the following new section:

SEC. 1033. ROTC ACCESS TO CAMPUSES.

“(a) IN GENERAL.—Chapter 49 of title 10, United States Code, is amended by adding at the end the following new section:

“§983. Institutions of higher education that prohibit Senior ROTC units: denial of Department of Defense grants and contracts

“(a) DENIAL OF DEPARTMENT OF DEFENSE GRANTS AND CONTRACTS.—(1) No funds appropriated or otherwise available to the Department of Defense may be made obligated by contract or by grant (including a grant of funds to be available for student aid) to any institution of higher education that, as de-

termined by the Secretary of Defense, has an anti-ROTC policy and at which, as determined by the Secretary, the Secretary would otherwise maintain or seek to establish a unit of the Senior Reserve Officer Training Corps or at which the Secretary would otherwise enroll or seek to enroll students for participation in a unit of the Senior Reserve Officer Training Corps at another nearby institution of higher education.

“(2) In the case of an institution of higher education that is ineligible for Department of Defense grants and contracts by reason of paragraph (1), the prohibition under that paragraph shall cease to apply to that institution upon a determination by the Secretary that the institution no longer has an anti-ROTC policy.

“(b) NOTICE OF DETERMINATION.—Whenever the Secretary makes a determination under subsection (a) that an institution has an anti-ROTC policy, or that an institution previously determined to have an anti-ROTC policy no longer has such a policy, the Secretary—

“(1) shall transmit notice of that determination to the Secretary of Education and to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives; and

“(2) shall publish in the Federal Register notice of that determination and of the effect of that determination under subsection (a)(1) on the eligibility of that institution for Department of Defense grants and contracts.

“(c) SEMI-ANNUAL NOTICE IN FEDERAL REGISTER.—The Secretary shall publish in the Federal Register once every six months a list of each institution of higher education that is currently ineligible for Department of Defense grants and contracts by reason of a determination of the Secretary under subsection (a).

“(d) ANTI-ROTC POLICY.—In this section, the term ‘anti-ROTC policy’ means a policy or practice of an institution of higher education that—

“(1) prohibits, or in effect prevents, the Secretary of Defense from maintaining or establishing a unit of the Senior Reserve Officer Training Corps at that institution, or

“(2) prohibits, or in effect prevents, a student at that institution from enrolling in a unit of the Senior Reserve Officer Training Corps at another institution of higher education.”.

“(b) CLERICAL AMENDMENT.—The table of sections at the beginning of such chapter is amended by adding at the end the following new item:
