(4) **SPECIAL ADJUSTMENT TO COVER EXISTING RICE PAYMENT REQUIREMENTS.**—As soon as possible after the date of the enactment of this Act, the Secretary shall determine the amount, if any, necessary to satisfy remaining payment requirements under section 101B of the Agricultural Act of 1949 (as in effect prior to the amendment made by section 109(b)(2)) for the 1994 and 1995 crops of rice. The total amount determined under this paragraph shall be deducted, in equal amounts each fiscal year, from the amount allocated for rice under paragraph (2)(G) for fiscal years after the fiscal year in which the final remaining payments are made for rice.

(f) DETERMINATION OF CONTRACT PAYMENTS.—

(1) **INDIVIDUAL PAYMENT QUANTITY OF CONTRACT COMMODITIES.**—For each contract, the payment quantity of a contract commodity for each fiscal year shall be equal to the product of—

(A) 85 percent of the contract acreage; and

(B) the farm program payment yield.

(2) **ANNUAL PAYMENT QUANTITY OF CONTRACT COMMODITIES.**—The payment quantity of each contract commodity covered by all contracts for each fiscal year shall equal the sum of the amounts calculated under paragraph (1) for each individual contract.

(3) ANNUAL PAYMENT RATE.—The payment rate for a contract commodity for each fiscal year shall be equal to—

(A) the amount made available under subsection (e) for the contract commodity for the fiscal year; divided by

(B) the amount determined under paragraph (2) for the fiscal year.

(4) ANNUAL PAYMENT AMOUNT.—The amount to be paid under a contract in effect for each fiscal year with respect to a contract commodity shall be equal to the product of—

(A) the payment quantity determined under paragraph (1) with respect to the contract; and

(B) the payment rate in effect under paragraph (3).

(5) ASSIGNMENT OF CONTRACT PAYMENTS.—The provisions of section 8(g) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(g)) (relating to assignment of payments) shall apply to contract payments under this subsection. The owner or operator making the assignment, or the assignee, shall provide the Secretary with notice, in such manner as the Secretary may require in the contract, of any assignment made under this paragraph.

(6) SHARING OF CONTRACT PAYMENTS.—The Secretary shall provide for the sharing of contract payments among the owners and operators subject to the contract on a fair and equitable basis.

(g) PAYMENT LIMITATION.—Sections 1001 through 1001C of the Food Security Act of 1985 (7 U.S.C. 1308 through 1308-3), as amended by section 105, establish payment limitations on the total amount of contract payments that may be made under contracts during any fiscal year.

(h) EFFECT OF VIOLATION.—

(1) TERMINATION OF CONTRACT.—Except as provided in paragraph (2), if an owner or operator subject to a contract violates a requirement of the contract specified in subparagraphs (A), (B), (C), or (D) of subsection (a)(1), the Secretary shall terminate the contract with respect to the owner or operator on each farm in which the owner or operator has an interest. On the termination, the owner or operator shall forfeit all rights to receive future contract payments on each farm in which the owner or operator has an interest and shall refund to the Secretary all contract payments received by the owner or operator during the period of the violation, together with interest on the contract payments as determined by the Secretary.

(2) REFUND OR ADJUSTMENT.—If the Secretary determines that a violation does not warrant termination of the contract under paragraph (1), the Secretary may require the owner or operator subject to the contract—

(A) to refund to the Secretary that part of the contract payments received by the owner or operator during the period of the violation, together with interest on the contract payments as determined by the Secretary; or

(B) to accept a reduction in the amount of future contract payments that is proportionate to the severity of the violation, as determined by the Secretary.

(3) FORECLOSURE.—An owner or operator subject to a contract may not be required to make repayments to the Secretary of amounts received under the contract if the contract acreage has been foreclosed on and the Secretary determines that forgiving the repayments is appropriate in order to provide fair and equitable treatment. This paragraph shall not void the responsibilities of such an owner or operator under the contract if the owner or operator continues or resumes operation, or control, of the contract acreage. On the resumption of operation or control over the contract acreage by the owner or operator, the provisions of the contract in effect on the date of the foreclosure shall apply.

(4) REVIEW.—A determination of the Secretary under this subsection shall be considered to be an adverse decision for purposes of the availability of administrative review of the determination.

(i) TRANSFER OF INTEREST IN LANDS SUBJECT TO CONTRACT.—

(1) EFFECT OF TRANSFER.—Except as provided in paragraph (2), the transfer by an owner or operator subject to a contract of the right and interest of the owner or operator in the contract acreage shall result in the termination of the contract with respect to the acreage, effective on the date of the transfer, unless the transferee of the acreage agrees with the Secretary to assume all obligations of the contract. At the request of the transferee, the Secretary may modify the contract if the modifications are consistent with the objectives of this section as determined by the Secretary. The Secretary shall carry out this paragraph in such a manner as to ensure that the reconstitution of a farm as part of the transfer of contract acreage results in no additional outlays under this section.

(2) EXCEPTION.—If an owner or operator who is entitled to a contract payment dies, becomes incompetent, or is otherwise unable to receive the contract payment, the Secretary shall make the payment, in accordance with regulations prescribed by the Secretary.

(j) PLANTING FLEXIBILITY.—

(1) PERMITTED CROPS.—Subject to paragraph (2), any commodity or crop may be planted on contract acreage on a farm.

(2) LIMITATIONS.—

(A) HAYING AND GRAZING.—

(i) TIME LIMITATIONS.—Haying and grazing on land exceeding 15 percent of the contract acreage on a farm as provided in clause (iii) shall be permitted, except during any consecutive 5-month period between April 1 and October 31 that is determined by the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (6 U.S.C. 590h(b)) for a State. In the case of a natural disaster, the Secretary may permit unlimited haying and grazing on the contract acreage of a farm.

(ii) CONTRACT COMMODITIES.—Contract acreage planted to a contract commodity for harvest may be hayed or grazed at any time without limitation.

(iii) HAYING AND GRAZING LIMITATION ON PORTION OR CONTRACT ACREAGE.—Unlimited haying and grazing shall be permitted on not more than 15 percent of the contract acreage on a farm.

(B) ALFALFA.—Alfalfa may be grown on contract acreage in excess of the acreage limitation in subparagraph (A)(iii) and without regard to the time limitation in subparagraph (A)(i), except that each contract acre of alfalfa on a farm that is harvested in excess of 15 percent of the total contract acreage on the farm shall be ineligible for contract payments.

(C) FRUITS AND VEGETABLES.—

(i) IN GENERAL.—The planting for harvest of fruits and vegetables shall be prohibited on contract acreage, except in any region in which there is a history of double-cropping, as determined by the Secretary.

(i) not less than 85 percent of the simple average price received by producers of wheat, as determined by the Secretary, during the marketing years for the immediately preceding 5 crops of wheat, excluding the year in which the average price was the highest and the year in which the average price was the lowest in the period; but

(ii) not more than \$2.58 per bushel.

(B) STOCKS TO USE RATIO ADJUSTMENT.—If the Secretary estimates for any marketing year that the ratio of ending stocks of wheat to total use for the marketing year will be—

(i) equal to or greater than 30 percent, the Secretary may reduce the loan rate for wheat for the corresponding crop by an amount not to exceed 10 percent in any year;

(ii) less than 30 percent but not less than 15 percent, the Secretary may reduce the loan rate for wheat for the corresponding crop by an amount not to exceed 5 percent in any year; or

(iii) less than 15 percent, the Secretary may not reduce the loan rate for wheat for the corresponding crop.

(D) OTHER FEED GRAINS.—The loan rate for a marketing assistance loan under subsection (a)(1) for grain sorghum, barley, and oats, respectively, shall be established at such level as the Secretary determines is fair and reasonable in relation to the rate that loans are made available for corn, taking into consideration the feeding value of the commodity in relation to corn.

(3) UPLAND COTTON.—

(A) LOAN RATE.—Subject to subparagraph (B), the loan rate for a marketing assistance loan under subsection (a)(1) for upland cotton shall be established by the Secretary at such loan rate, per pound, as will reflect for the base quality of upland cotton, as determined by the Secretary, at average locations in the United States a rate that is not less than the smaller of—

(5) ADJUSTMENT OF PREVAILING WORLD MARKET PRICE FOR UPLAND COTTON.—

(A) IN GENERAL.—During the period ending July 31, 2003, the prevailing world market price for upland cotton (adjusted to United States quality and location) established under paragraph (4) shall be further adjusted if—

(i) the adjusted prevailing world market price is less than 115 percent of the loan rate for upland cotton established under subsection (b), as determined by the Secretary; and

(B) VALUE OF CERTIFICATES OR PAYMENTS.—The value of the marketing certificates or cash payments shall be based on the amount of the difference (reduced by 1.25 cents per pound) in the prices during the 4th week of the consecutive 4-week period multiplied by the quantity of upland cotton included in the documented sales.

(C) REDEMPTION, MARKETING, OR EXCHANGE.—The Secretary shall establish procedures to assist persons receiving marketing certificates under this paragraph in the redemption of certificates for cash, or in the marketing or exchange of certificates for agricultural commodities owned by the Commodity Credit Corporation, in such manner and at such price levels as the Secretary determines will best effectuate the purposes of the marketing certificates. Any price restrictions that may otherwise apply to the disposition of agricultural commodities by the Commodity Credit Corporation shall not apply to the redemption of certificates under this paragraph.

(D) EXCEPTION.—The Secretary shall not issue marketing certificates or cash payments under subparagraph (A) if, for the immediately preceding consecutive 10-week period, the Friday through Thursday average price quotation for the lowest priced United States growth, as quoted for Middling (M) 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. (2) PROCESSORS.—Whenever any loan or surplus removal operation for any agricultural commodity is carried out through purchases from or loans or payments to processors, the Secretary shall, to the extent practicable, obtain from the processors such assurances as the Secretary considers adequate that the producers of the commodity have received or will receive maximum benefits from the loan or surplus removal operation.

(i) ADJUSTMENTS OF LOANS.—

(1) IN GENERAL.—The Secretary may make appropriate adjustments in the loan levels for any commodity for differences in grade, type, quality, location, and other factors.

(2) LOAN LEVEL.—The adjustments shall, to the maximum extent practicable, be made in such manner that the average loan level for the commodity will, on the basis of the anticipated incidence of the factors, be equal to the level of support determined as provided in this section or the Agricultural Adjustment Act of 1938 (7 U.S.C. 1281 et seq.).

(j) PERSONAL LIABILITY OF PRODUCERS FOR DEFICIENCIES.—

(1) IN GENERAL.—Except as provided in paragraph (2), no producer shall be personally liable for any deficiency arising from the sale of the collateral securing any non-recourse loan made under this section or the Agricultural Adjustment Act of 1938 (7 U.S.C. 1281 et seq.) unless the loan was obtained through a fraudulent representation by the producer.

(B) a failure to properly care for and preserve a commodity; or

(C) a failure or refusal to deliver a commodity in accordance with a program established under this section or the Agricultural Adjustment Act of 1938.

(3) ACQUISITION OF COLLATERAL.—The Secretary may include in a contract for a non-recourse loan made under this section or the Agricultural Adjustment Act of 1938 a provision that permits the Commodity Credit Corporation, on and after the maturity of the loan, to acquire title to the unredeemed collateral without obligation to pay for any

market value that the collateral may have in excess of the loan indebtedness.

(4) SUGARCANE AND SUGAR BEETS.—A security interest obtained by the Commodity Credit Corporation as a result of the execution of a security agreement by the processor of sugarcane or sugar beets shall be superior to all statutory and common law liens on raw cane sugar and refined beet sugar in favor of the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(k) COMMODITY CREDIT CORPORATION SALES PRICE RESTRICTIONS.—

(1) IN GENERAL.—The Commodity Credit Corporation may sell any commodity owned or controlled by the Corporation at any price that the Secretary determines will maximize returns to the Corporation.

(B) a sale of peanuts or oilseeds for the extraction of oil;

(C) a sale for seed or feed if the sale will not substantially impair any loan program;

(E) a sale for the purpose of establishing a claim arising out of a contract or against a person who has committed fraud, misrepresentation, or other wrongful act with respect to the commodity;

(3) INSPECTION, HANDLING, OR STORAGE.—The loan amount may not be reduced by the Secretary by any deductions for inspection, handling, or storage.

(5) OFFERS FROM HANDLERS.—In the case of any producer who had an offer available from a handler to purchase quota peanuts, for delivery within the same county or a contiguous county, at a price equal to or greater than the applicable quota support rate, the Secretary shall reduce the support rate by 5 percent for the peanuts that were subject to the offer.

(b) ADDITIONAL PEANUTS.—

(1) IN GENERAL.—The Secretary shall make nonrecourse loans available to producers of additional peanuts at such rates as the Secretary finds appropriate, taking into consideration the demand for peanut oil and peanut meal, expected prices of other vegetable oils and protein meals, and the demand for peanuts in foreign markets.

(2) ANNOUNCEMENT.—The Secretary shall announce the loan rate for additional peanuts of each crop not later than February 15 preceding the marketing year for the crop for which the loan rate is being determined.

(c) AREA MARKETING ASSOCIATIONS.—

(1) WAREHOUSE STORAGE LOANS.—

(A) IN GENERAL.—In carrying out subsections (a) and (b), the Secretary shall make warehouse storage loans available in each of the producing areas (described in section 1446.95 of title 7 of the Code of Federal Regulations (January 1, 1989)) to a designated area marketing association of peanut producers that is selected and approved by the Secretary and that is operated primarily for the purpose of conducting the loan activities. The Secretary may not make warehouse storage loans available to any cooperative that is engaged in operations or activities concerning peanuts other than those operations and activities specified in this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(B) ADMINISTRATIVE AND SUPERVISORY ACTIVITIES.—An area marketing association shall be used in administrative and supervisory activities relating to loans and marketing activities under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(C) ASSOCIATION COSTS.—Loans made to the association under this paragraph shall include such costs as the area marketing association reasonably may incur in carrying out the responsibilities, operations, and activities of the association under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(2) POOLS FOR QUOTA AND ADDITIONAL PEANUTS.—

(A) IN GENERAL.—The Secretary shall require that each area marketing association establish pools and maintain complete and accurate records by area and segregation for quota peanuts handled under loan and for additional peanuts placed under loan, except that separate pools shall be established for Valencia peanuts produced in New Mexico. Bright hull and dark hull Valencia peanuts shall be considered as separate types for the purpose of establishing the pools.

(B) NET GAINS.—Net gains on peanuts in each pool, unless otherwise approved by the Secretary, shall be distributed only to producers who placed peanuts in the pool and shall be distributed in proportion to the value of the peanuts placed in the pool by each producer. Net gains for peanuts in each pool shall consist of the following:

(i) QUOTA PEANUTS.—For quota peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool.

(ii) ADDITIONAL PEANUTS.—For additional peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool for additional peanuts.

(d) LOSSES.—Losses in quota area pools shall be covered using the following sources in the following order of priority:

(1) TRANSFERS FROM ADDITIONAL LOAN POOLS.—The proceeds due any producer from any pool shall be reduced by the amount of any loss that is incurred with respect to peanuts transferred from an additional loan pool to a quota loan pool by the producer under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)).

(2) OTHER PRODUCERS IN SAME POOL.—Further losses in an area quota pool shall be offset by reducing the gain of any producer in the pool by the amount of pool gains attributed to the same producer from the sale of additional peanuts for domestic and export edible use.

(3) BUY-BACK GAINS WITHIN AREA.—Further losses in an area quota pool shall be offset by

gains or profits attributable to sales of additional peanuts in that area pursuant to the provisions of section 358e(g)(1)(A) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a(g)(1)(A)).

(4) USE OF MARKETING ASSESSMENTS.—The Secretary shall use funds collected under subsection (g) (except funds attributable to handlers) to offset further losses in area quota pools. The Secretary shall transfer to the Treasury those funds collected under subsection (g) and available for use under this subsection that the Secretary determines are not required to cover losses in area quota pools.

(5) CROSS COMPLIANCE.—Further losses in area quota pools, other than losses incurred as a result of transfers from additional loan pools to quota loan pools under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)), shall be offset by any gains or profits from quota pools in other production areas (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) in such manner as the Secretary shall by regulation prescribe. If losses in area quota pools have not been entirely offset through use of the preceding sentence, then further losses shall be offset by gains or profits attributable to sales of additional peanuts in other areas pursuant to section 358e(g)(1)(A) of such Act (7 U.S.C. 1359a(g)(1)(A)).

(6) INCREASED ASSESSMENTS.—If use of the authorities provided in the preceding paragraphs is not sufficient to cover losses in an area quota pool, the Secretary shall increase the marketing assessment established under subsection (g) by such an amount as the Secretary considers necessary to cover the losses. The increased assessment shall apply only to quota peanuts covered by that pool. Amounts collected under subsection (g) as a result of the increased assessment shall be retained by the Secretary to cover losses in that pool.

(e) DISAPPROVAL OF QUOTAS.—Notwithstanding any other provision of law, no loan for quota peanuts may be made available by the Secretary for any crop of peanuts with respect to which poundage quotas have been disapproved by producers, as provided for in section 358-1(d) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(d)).

(f) QUALITY IMPROVEMENT.—

(1) IN GENERAL.—With respect to peanuts under loan, the Secretary shall—

(A) promote the crushing of peanuts at a greater risk of deterioration before peanuts of a lesser risk of deterioration;

(B) ensure that all Commodity Credit Corporation inventories of peanuts sold for domestic edible use must be shown to have been officially inspected by licensed Department inspectors both as farmer stock and shelled or cleaned in-shell peanuts;

(C) continue to endeavor to operate the peanut program so as to improve the quality of domestic peanuts and ensure the coordination of activities under the Peanut Administrative Committee established under Marketing Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937); and

(D) ensure that any changes made in the peanut program as a result of this subsection requiring additional production or handling at the farm level shall be reflected as an upward adjustment in the Department loan schedule.

(2) EXPORTS AND OTHER PEANUTS.—The Secretary shall require that all peanuts in the domestic and export markets fully comply with all quality standards under Marketing Agreement No. 146.

(g) MARKETING ASSESSMENT.—

(1) IN GENERAL.—The Secretary shall provide for a nonrefundable marketing assessment. The assessment shall be made on a per pound basis in an amount equal to 1.1 percent for each of the 1994 and 1995 crops, 1.15 percent for the 1996 crop, and 1.2 percent for each of the 1997 through 2002 crops, of the national average quota or additional peanut loan rate for the applicable crop.

(2) FIRST PURCHASERS.—

(A) IN GENERAL.—Except as provided under paragraphs (3) and (4), the first purchaser of peanuts shall—

(i) collect from the producer a marketing assessment equal to the quantity of peanuts acquired multiplied by—

(I) in the case of each of the 1994 and 1995 crops, .55 percent of the applicable national average loan rate;

(II) in the case of the 1996 crop, .6 percent of the applicable national average loan rate; and

(3) OTHER PRIVATE MARKETINGS.—In the case of a private marketing by a producer directly to a consumer through a retail or wholesale outlet or in the case of a marketing by the producer outside of the continental United States, the producer shall be responsible for the full amount of the assessment and shall remit the assessment by such time as is specified by the Secretary.

(4) LOAN PEANUTS.—In the case of peanuts that are pledged as collateral for a loan made under this section, the grower portion of the assessment shall be deducted from the proceeds of the loan. The remainder of the assessment shall be paid by the first purchaser of the peanuts. For purposes of computing net gains on peanuts under this section, the reduction in loan proceeds shall be treated as having been paid to the producer.

(5) PENALTIES.—If any person fails to collect or remit the reduction required by this subsection or fails to comply with the requirements for recordkeeping or otherwise as are required by the Secretary to carry out this subsection, the person shall be liable to the Secretary for a civil penalty up to an amount determined by multiplying—

“SEC. 1123. TRADE NEGOTIATIONS POLICY.

“(a) FINDINGS.—Congress finds that—

“(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

“(2) exports of United States agricultural products will account for \$54,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

“(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

“(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

“(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

“(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

“(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

“(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

“(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

“(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;

“(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

“(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

“(b) GOALS OF THE UNITED STATES IN AGRICULTURAL TRADE NEGOTIATIONS.—The objectives of the United States with respect to future negotiations on agriculture trade include—

“(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

“(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

“(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at below domestic market prices nor their full costs of acquiring and delivering agricultural products to the foreign markets; and

“(4) encouraging government policies that avoid price-depressing surpluses.”.

The Secretary may not extend the term of a marketing assistance loan for any loan commodity.

(d) REPAYMENT.—

(1) REPAYMENT RATES FOR WHEAT AND FEED GRAINS.—The Secretary shall permit a producer to repay a marketing assistance loan under subsection (a) for wheat, corn, grain sorghum, barley, and oats at a level that the Secretary determines will—

(A) minimize potential loan forfeitures;

(B) minimize the accumulation of stocks of the commodities by the Federal Government;

(C) minimize the cost incurred by the Federal Government in storing the commodities; and

(D) allow the commodities produced in the United States to be marketed freely and competitively, both domestically and internationally.

(2) REPAYMENT RATES FOR UPLAND COTTON, OILSEEDS, AND RICE.—The Secretary shall permit producers to repay a marketing assistance loan under subsection (a) for upland cotton, oilseeds, and rice at a level that is the lesser of—

(A) the loan rate established for upland cotton, oilseeds, and rice, respectively, under subsection (b); or

(B) the prevailing world market price for upland cotton, oilseeds, and rice, respectively (adjusted to United States quality and location), as determined by the Secretary.

(3) REPAYMENT RATES FOR EXTRA LONG STAPLE COTTON.—Repayment of a marketing assistance loan for extra long staple cotton shall be at the loan rate established for the commodity under subsection (b), plus interest (as determined by the Secretary).

(4) PREVAILING WORLD MARKET PRICE.—For purposes of paragraph (2)(B) and subsection (f), the Secretary shall prescribe by regulation—

(A) a formula to determine the prevailing world market price for each loan commodity, adjusted to United States quality and location; and

(B) a mechanism by which the Secretary shall announce periodically the prevailing world market price for each loan commodity.

(5) ADJUSTMENT OF PREVAILING WORLD MARKET PRICE FOR UPLAND COTTON.—

(A) IN GENERAL.—During the period ending July 31, 2003, the prevailing world market price for upland cotton (adjusted to United States quality and location) established under paragraph (4) shall be further adjusted if—

(i) the adjusted prevailing world market price is less than 115 percent of the loan rate for upland cotton established under subsection (b), as determined by the Secretary; and

(ii) the Friday through Thursday average price quotation for the lowest-priced United States growth as quoted for Middling (M) $1\frac{1}{2}$ -inch cotton delivered C.I.F. Northern Europe is greater than the Friday through Thursday average price of the 5 lowest-priced growths of upland cotton, as quoted for Middling (M) $1\frac{1}{2}$ -inch cotton, delivered C.I.F. Northern Europe (referred to in this subsection as the "Northern Europe price").

(B) FURTHER ADJUSTMENT.—Except as provided in subparagraph (C), the adjusted prevailing world market price for upland cotton shall be further adjusted on the basis of some or all of the following data, as available:

(i) The United States share of world exports.

(ii) The current level of cotton export sales and cotton export shipments.

(iii) Other data determined by the Secretary to be relevant in establishing an accurate prevailing world market price for upland cotton (adjusted to United States quality and location).

(C) LIMITATION ON FURTHER ADJUSTMENT.—The adjustment under subparagraph (B) may not exceed the difference between—

(i) the Friday through Thursday average price for the lowest-priced United States growth as quoted for Middling $1\frac{1}{2}$ -inch cotton delivered C.I.F. Northern Europe; and

(ii) the Northern Europe price.

(e) LOAN DEFICIENCY PAYMENTS.—

(1) AVAILABILITY.—Except as provided in paragraph (4), the Secretary may make loan deficiency payments available to producers who, although eligible to obtain a marketing assistance loan under subsection (a) with respect to a loan commodity, agree to forgo obtaining the loan for the commodity in return for payments under this subsection.

(2) COMPUTATION.—A loan deficiency payment under this subsection shall be computed by multiplying—

(A) the loan payment rate determined under paragraph (3) for the loan commodity; by

(B) the quantity of the loan commodity that the producers on a farm are eligible to place under loan but for which the producers forgo obtaining the loan in return for payments under this subsection.

(3) LOAN PAYMENT RATE.—For purposes of this subsection, the loan payment rate shall be the amount by which—

(A) the loan rate established under subsection (b) for the loan commodity; exceeds

(B) the rate at which a loan for the commodity may be repaid under subsection (d).

(4) EXCEPTION FOR EXTRA LONG STAPLE COTTON.—This subsection shall not apply with respect to extra long staple cotton.

(f) SPECIAL MARKETING LOAN PROVISIONS FOR UPLAND COTTON.—

(1) COTTON USER MARKETING CERTIFICATES.—

(A) ISSUANCE.—Subject to subparagraph (D), during the period ending July 31, 2003, the Secretary shall issue marketing certificates or cash payments to domestic users and exporters for documented purchases by domestic users and sales for export by exporters made in the week following a consecutive 4-week period in which—

(i) the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) $1\frac{1}{2}$ -inch cotton, delivered C.I.F. Northern

Europe exceeds the Northern Europe price by more than 1.25 cents per pound; and

(ii) the prevailing world market price for upland cotton (adjusted to United States quality and location) does not exceed 130 percent of the loan rate for upland cotton established under subsection (b).

(B) VALUE OF CERTIFICATES OR PAYMENTS.—The value of the marketing certificates or cash payments shall be based on the amount of the difference (reduced by 1.25 cents per pound) in the prices during the 4th week of the consecutive 4-week period multiplied by the quantity of upland cotton included in the documented sales.

(C) ADMINISTRATION OF MARKETING CERTIFICATES.—

(i) REDEMPTION, MARKETING, OR EXCHANGE.—The Secretary shall establish procedures for redeeming marketing certificates for cash or marketing or exchange of the certificates for agricultural commodities owned by the Commodity Credit Corporation in such manner, and at such price levels, as the Secretary determines will best effectuate the purposes of cotton user marketing certificates. Any price restrictions that would otherwise apply to the disposition of agricultural commodities by the Commodity Credit Corporation shall not apply to the redemption of certificates under this paragraph.

(ii) DESIGNATION OF COMMODITIES AND PRODUCTS.—To the extent practicable, the Secretary shall permit owners of certificates to designate the commodities and products, including storage sites, the owners would prefer to receive in exchange for certificates. If any certificate is not presented for redemption, marketing, or exchange within a reasonable number of days after the issuance of the certificate (as determined by the Secretary), reasonable costs of storage and other carrying charges, as determined by the Secretary, shall be deducted from the value of the certificate for the period beginning after the reasonable number of days and ending with the date of the presentation of the certificate to the Commodity Credit Corporation.

(iii) TRANSFERS.—Marketing certificates issued to domestic users and exporters of upland cotton may be transferred to other persons in accordance with regulations issued by the Secretary.

(D) EXCEPTION.—The Secretary shall not issue marketing certificates or cash payments under subparagraph (A) if, for the immediately preceding consecutive 10-week period, the Friday through Thursday average price quotation for the lowest priced United States growth, as quoted for Middling (M) 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. Northern Europe, adjusted for the value of any certificate issued under this paragraph, exceeds the Northern Europe price by more than 1.25 cents per pound.

(E) LIMITATION ON EXPENDITURES.—Total expenditures under this paragraph shall not exceed \$701,000,000 during fiscal years 1996 through 2002.

(2) SPECIAL IMPORT QUOTA.—

(A) ESTABLISHMENT.—The President shall carry out an import quota program that provides that, during the period ending July 31, 2003, whenever the Secretary determines and announces that for any consecutive 10-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. Northern Europe, adjusted for the value of any certificates issued under paragraph (1), exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.

(B) QUANTITY.—The quota shall be equal to 1 week's consumption of upland cotton by domestic mills at the seasonally adjusted av-

erage rate of the most recent 3 months for which data are available.

(C) APPLICATION.—The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary's announcement under subparagraph (A) and entered into the United States not later than 180 days after the date.

(D) OVERLAP.—A special quota period may be established that overlaps any existing quota period if required by subparagraph (A), except that a special quota period may not be established under this paragraph if a quota period has been established under subsection (g).

(E) PREFERENTIAL TARIFF TREATMENT.—The quantity under a special import quota shall be considered to be an in-quota quantity for purposes of—

(g) LIMITED GLOBAL IMPORT QUOTA FOR UPLAND COTTON.—

(1) IN GENERAL.—The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

(A) QUANTITY.—The quantity of the quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

(B) QUANTITY IF PRIOR QUOTA.—If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

(C) PREFERENTIAL TARIFF TREATMENT.—The quantity under a limited global import quota shall be considered to be an in-quota quantity for purposes of—

(i) section 213(d) of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(d));

(ii) section 204 of the Andean Trade Preference Act (19 U.S.C. 3203);

(bb) cumulative exports of upland cotton plus outstanding export sales for the marketing year in which the quota is established.

(iii) LIMITED GLOBAL IMPORT QUOTA.—The term "limited global import quota" means a quantity of imports that is not subject to the over-quota tariff rate of a tariff-rate quota.

(E) QUOTA ENTRY PERIOD.—When a quota is established under this subsection, cotton may be entered under the quota during the 90-day period beginning on the date the quota is established by the Secretary.

(2) NO OVERLAP.—Notwithstanding paragraph (1), a quota period may not be established that overlaps an existing quota period or a special quota period established under subsection (f)(2).

(h) SOURCE OF LOANS.—

(1) IN GENERAL.—The Secretary shall provide the loans authorized by this section through the Commodity Credit Corporation and other means available to the Secretary.

(2) PROCESSORS.—Whenever any loan or surplus removal operation for any agricultural commodity is carried out through purchases from or loans or payments to processors, the Secretary shall, to the extent practicable, obtain from the processors such assurances as the Secretary considers adequate that the producers of the commodity have received or will receive maximum benefits from the loan or surplus removal operation.

(i) ADJUSTMENTS OF LOANS.—

(1) IN GENERAL.—The Secretary may make appropriate adjustments in the loan levels for any commodity for differences in grade, type, quality, location, and other factors.

(2) LOAN LEVEL.—The adjustments shall, to the maximum extent practicable, be made in such manner that the average loan level for the commodity will, on the basis of the anticipated incidence of the factors, be equal to the level of support determined as provided in this section.

(j) PERSONAL LIABILITY OF PRODUCERS FOR DEFICIENCIES.—

(1) IN GENERAL.—Except as provided in paragraph (2), no producer shall be personally liable for any deficiency arising from the sale of the collateral securing any non-recourse loan made under this section unless the loan was obtained through a fraudulent representation by the producer.

(2) LIMITATIONS.—Paragraph (1) shall not prevent the Commodity Credit Corporation or the Secretary from requiring a producer to assume liability for—

(A) a deficiency in the grade, quality, or quantity of a commodity stored on a farm or delivered by the producer;

(B) a failure to properly care for and preserve a commodity; or

(C) a failure or refusal to deliver a commodity in accordance with a program established under this section.

(3) ACQUISITION OF COLLATERAL.—The Secretary may include in a contract for a non-recourse loan made under this section a provision that permits the Commodity Credit Corporation, on and after the maturity of the loan or any extension of the loan, to acquire title to the unredeemed collateral without obligation to pay for any market value that the collateral may have in excess of the loan indebtedness.

(4) SUGARCANE AND SUGAR BEETS.—A security interest obtained by the Commodity Credit Corporation as a result of the execution of a security agreement by the processor of sugarcane or sugar beets shall be superior to all statutory and common law liens on raw cane sugar and refined beet sugar in favor of the producers of sugarcane and sugar beets and all prior recorded and unre-

corded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(k) COMMODITY CREDIT CORPORATION SALES PRICE RESTRICTIONS.—

(1) IN GENERAL.—The Commodity Credit Corporation may sell any commodity owned or controlled by the Corporation at any price that the Secretary determines will maximize returns to the Corporation.

(2) NONAPPLICATION OF SALES PRICE RESTRICTIONS.—Paragraph (1) shall not apply to—

- (A) a sale for a new or byproduct use;
- (B) a sale of peanuts or oilseeds for the extraction of oil;
- (C) a sale for seed or feed if the sale will not substantially impair any loan program;
- (D) a sale of a commodity that has substantially deteriorated in quality or as to which there is a danger of loss or waste through deterioration or spoilage;
- (E) a sale for the purpose of establishing a claim arising out of a contract or against a person who has committed fraud, misrepresentation, or other wrongful act with respect to the commodity;
- (F) a sale for export, as determined by the Corporation; and
- (G) a sale for other than a primary use.

(3) PRESIDENTIAL DISASTER AREAS.—

(A) IN GENERAL.—Notwithstanding paragraph (1), on such terms and conditions as the Secretary may consider in the public interest, the Corporation may make available any commodity or product owned or controlled by the Corporation for use in relieving distress—

(i) in any area in the United States (including the Virgin Islands) declared by the President to be an acute distress area because of unemployment or other economic cause, if the President finds that the use will not displace or interfere with normal marketing of agricultural commodities; and

(ii) in connection with any major disaster determined by the President to warrant assistance by the Federal Government under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(B) COSTS.—Except on a reimbursable basis, the Corporation shall not bear any costs in connection with making a commodity available under subparagraph (A) beyond the cost of the commodity to the Corporation incurred in—

- (i) the storage of the commodity; and
- (ii) the handling and transportation costs in making delivery of the commodity to designated agencies at 1 or more central locations in each State or other area.

(4) EFFICIENT OPERATIONS.—Paragraph (1) shall not apply to the sale of a commodity the disposition of which is desirable in the interest of the effective and efficient conduct of the operations of the Corporation because of the small quantity of the commodity involved, or because of the age, location, or questionable continued storability of the commodity.

(2) LOAN RATE.—The national average quota loan rate for quota peanuts shall be \$610 per ton.

(3) INSPECTION, HANDLING, OR STORAGE.—The loan amount may not be reduced by the Secretary by any deductions for inspection, handling, or storage.

(4) LOCATION AND OTHER FACTORS.—The Secretary may make adjustments in the loan rate for quota peanuts for location of peanuts and such other factors as are authorized by section 104(i)(1).

(b) ADDITIONAL PEANUTS.—

(1) IN GENERAL.—The Secretary shall make nonrecourse loans available to producers of additional peanuts at such rates as the Secretary finds appropriate, taking into consideration the demand for peanut oil and pea-

nut meal, expected prices of other vegetable oils and protein meals, and the demand for peanuts in foreign markets.

(2) ANNOUNCEMENT.—The Secretary shall announce the loan rate for additional peanuts of each crop not later than February 15 preceding the marketing year for the crop for which the loan rate is being determined.

(c) AREA MARKETING ASSOCIATIONS.—

(1) WAREHOUSE STORAGE LOANS.—

(A) IN GENERAL.—In carrying out subsections (a) and (b), the Secretary shall make warehouse storage loans available in each of the producing areas (described in section 1446.95 of title 7 of the Code of Federal Regulations (January 1, 1989)) to a designated area marketing association of peanut producers that is selected and approved by the Secretary and that is operated primarily for the purpose of conducting the loan activities. The Secretary may not make warehouse storage loans available to any cooperative that is engaged in operations or activities concerning peanuts other than those operations and activities specified in this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(B) ADMINISTRATIVE AND SUPERVISORY ACTIVITIES.—An area marketing association shall be used in administrative and supervisory activities relating to loans and marketing activities under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(C) ASSOCIATION COSTS.—Loans made to the association under this paragraph shall include such costs as the area marketing association reasonably may incur in carrying out the responsibilities, operations, and activities of the association under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(2) POOLS FOR QUOTA AND ADDITIONAL PEANUTS.—

(A) IN GENERAL.—The Secretary shall require that each area marketing association establish pools and maintain complete and accurate records by area and segregation for quota peanuts handled under loan and for additional peanuts placed under loan, except that separate pools shall be established for Valencia peanuts produced in New Mexico.

(B) ELIGIBILITY TO PARTICIPATE.—

(i) IN GENERAL.—Except as provided in clause (ii), in the case of the 1996 and subsequent crops, Valencia peanuts not physically produced in the State of New Mexico shall not be eligible to participate in the pools of the State.

(ii) EXCEPTION.—A resident of the State of New Mexico may enter Valencia peanuts that are produced outside of the State into the pools of the State in a quantity that is not greater than the 1995 crop of the resident that was produced outside the State.

(C) TYPES OF PEANUTS.—Bright hull and dark hull Valencia peanuts shall be considered as separate types for the purpose of establishing the pools.

(D) NET GAINS.—Net gains on peanuts in each pool, unless otherwise approved by the Secretary, shall be distributed only to producers who placed peanuts in the pool and shall be distributed in proportion to the value of the peanuts placed in the pool by each producer. Net gains for peanuts in each pool shall consist of the following:

(i) QUOTA PEANUTS.—For quota peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool.

(ii) ADDITIONAL PEANUTS.—For additional peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool for additional peanuts.

(d) LOSSES.—Losses in quota area pools shall be covered using the following sources in the following order of priority:

(1) TRANSFERS FROM ADDITIONAL LOAN POOLS.—The proceeds due any producer from any pool shall be reduced by the amount of any loss that is incurred with respect to peanuts transferred from an additional loan pool to a quota loan pool by the producer under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)).

(2) OTHER PRODUCERS IN SAME POOL.—Further losses in an area quota pool shall be offset by reducing the gain of any producer in the pool by the amount of pool gains attributed to the same producer from the sale of additional peanuts for domestic and export edible use.

(3) OFFSET WITHIN AREA.—Further losses in an area quota pool shall be offset by any gains or profits from additional peanuts (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) owned or controlled by the Commodity Credit Corporation in that area and sold for domestic edible use, in accordance with regulations issued by the Secretary.

(4) USE OF MARKETING ASSESSMENTS.—The Secretary shall use funds collected under subsection (g) (except funds attributable to handlers) to offset further losses in area quota pools. The Secretary shall transfer to the Treasury those funds collected under subsection (g) and available for use under this subsection that the Secretary determines are not required to cover losses in area quota pools.

(5) CROSS COMPLIANCE.—Further losses in area quota pools, other than losses incurred as a result of transfers from additional loan pools to quota loan pools under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)), shall be offset by any gains or profits from quota pools in other production areas (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) in such manner as the Secretary shall by regulation prescribe.

(6) OFFSET GENERALLY.—If losses in an area quota pool have not been entirely offset under paragraph (3), further losses shall be offset by any gains or profits from additional peanuts (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) owned or controlled by the Commodity Credit Corporation and sold for domestic edible use, in accordance with regulations issued by the Secretary.

(7) INCREASED ASSESSMENTS.—If use of the authorities provided in the preceding paragraphs is not sufficient to cover losses in an area quota pool, the Secretary shall increase the marketing assessment established under subsection (g) by such an amount as the Secretary considers necessary to cover the losses. The increased assessment shall apply only to quota peanuts in the production area covered by the pool. Amounts collected under subsection (g) as a result of the increased assessment shall be retained by the Secretary to cover losses in that pool.

(e) DISAPPROVAL OF QUOTAS.—Notwithstanding any other provision of law, no loan for quota peanuts may be made available by the Secretary for any crop of peanuts with respect to which poundage quotas have been disapproved by producers, as provided for in section 358-1(d) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(d)).

(f) QUALITY IMPROVEMENT.—

(1) IN GENERAL.—With respect to peanuts under loan, the Secretary shall—

(A) promote the crushing of peanuts at a greater risk of deterioration before peanuts of a lesser risk of deterioration;

(B) ensure that all Commodity Credit Corporation inventories of peanuts sold for domestic edible use must be shown to have been officially inspected by licensed Depart-

ment inspectors both as farmer stock and shelled or cleaned in-shell peanuts;

(C) continue to endeavor to operate the peanut program so as to improve the quality of domestic peanuts and ensure the coordination of activities under the Peanut Administrative Committee established under Marketing Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937); and

(D) ensure that any changes made in the peanut program as a result of this subsection requiring additional production or handling at the farm level shall be reflected as an upward adjustment in the Department loan schedule.

(2) EXPORTS AND OTHER PEANUTS.—The Secretary shall require that all peanuts in the domestic and export markets fully comply with all quality standards under Marketing Agreement No. 146.

(g) MARKETING ASSESSMENT.—

(1) IN GENERAL.—The Secretary shall provide for a nonrefundable marketing assessment. The assessment shall be made on a per pound basis in an amount equal to 1.1 percent for each of the 1994 and 1995 crops, 1.15 percent for the 1996 crop, and 1.2 percent for each of the 1997 through 2002 crops, of the national average quota or additional peanut loan rate for the applicable crop.

(2) FIRST PURCHASERS.—

(A) IN GENERAL.—Except as provided under paragraphs (3) and (4), the first purchaser of peanuts shall—

(i) collect from the producer a marketing assessment equal to the quantity of peanuts acquired multiplied by—

(I) in the case of each of the 1994 and 1995 crops, .55 percent of the applicable national average loan rate;

(II) in the case of the 1996 crop, .6 percent of the applicable national average loan rate; and

(III) in the case of each of the 1997 through 2002 crops, .65 percent of the applicable national average loan rate;

(ii) pay, in addition to the amount collected under clause (i), a marketing assessment in an amount equal to the quantity of peanuts acquired multiplied by .55 percent of the applicable national average loan rate; and

(iii) remit the amounts required under clauses (i) and (ii) to the Commodity Credit Corporation in a manner specified by the Secretary.

(B) DEFINITION OF FIRST PURCHASER.—In this subsection, the term "first purchaser" means a person acquiring peanuts from a producer except that in the case of peanuts forfeited by a producer to the Commodity Credit Corporation, the term means the person acquiring the peanuts from the Commodity Credit Corporation.

(3) OTHER PRIVATE MARKETINGS.—In the case of a private marketing by a producer directly to a consumer through a retail or wholesale outlet or in the case of a marketing by the producer outside of the continental United States, the producer shall be responsible for the full amount of the assessment and shall remit the assessment by such time as is specified by the Secretary.

(4) LOAN PEANUTS.—In the case of peanuts that are pledged as collateral for a loan made under this section, ½ of the assessment shall be deducted from the proceeds of the loan. The remainder of the assessment shall be paid by the first purchaser of the peanuts. For purposes of computing net gains on peanuts under this section, the reduction in loan proceeds shall be treated as having been paid to the producer.

(5) PENALTIES.—If any person fails to collect or remit the reduction required by this

subsection or fails to comply with the requirements for recordkeeping or otherwise as are required by the Secretary to carry out this subsection, the person shall be liable to the Secretary for a civil penalty up to an amount determined by multiplying—

(A) the quantity of peanuts involved in the violation; by

(B) the national average quota peanut rate for the applicable crop year.

(6) ENFORCEMENT.—The Secretary may enforce this subsection in the courts of the United States.

(h) CROPS.—Subsections (a) through (f) shall be effective only for the 1996 through 2002 crops of peanuts.

(i) MARKETING QUOTAS.—

Section 1123 of the Food Security Act of 1985 (7 U.S.C. 1736r) is amended to read as follows:

“SEC. 1123. TRADE NEGOTIATIONS POLICY.

“(a) FINDINGS.—Congress finds that—

- “(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;
- “(2) exports of United States agricultural products will account for \$54,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

“(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

“(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

“(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

“(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

“(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

“(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

“(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

“(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;

“(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

“(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

“(b) GOALS OF THE UNITED STATES IN AGRICULTURAL TRADE NEGOTIATIONS.—The objectives of the United States with respect to future negotiations on agricultural trade include—

“(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

“(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

“(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at below domestic market prices nor their full costs of acquiring and delivering agricultural products to the foreign markets; and

“(4) encouraging government policies that avoid price-depressing surpluses.”.

This paragraph shall not apply to the extension of an existing contract."

(2) APPLICATION OF AMENDMENT.—The amendment made by paragraph (1) shall apply with respect to contracts for the enrollment of lands in the conservation reserve program under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) entered into after the date of the enactment of this Act.

SEC. 314. ENVIRONMENTAL QUALITY INCENTIVES PROGRAM.

Subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.) is amended by adding at the end the following:

"CHAPTER 4—ENVIRONMENTAL QUALITY INCENTIVES PROGRAM

"SEC. 1238. FINDINGS AND PURPOSES.

"(a) FINDINGS.—Congress finds that—

"(1) farmers and ranchers cumulatively manage more than 1/2 of the private lands in the continental United States;

"(2) because of the predominance of agriculture, the soil, water, and related natural resources of the United States cannot be protected without cooperative relationships between the Federal Government and farmers and ranchers;

"(3) farmers and ranchers have made tremendous progress in protecting the environment and the agricultural resource base of the United States over the past decade because of not only Federal Government programs but also their spirit of stewardship and the adoption of effective technologies;

"(4) it is in the interest of the entire United States that farmers and ranchers continue to strive to preserve soil resources and make more efforts to protect water quality and wildlife habitat, and address other broad environmental concerns;

"(5) environmental strategies that stress the prudent management of resources, as opposed to idling land, will permit the maximum economic opportunities for farmers and ranchers in the future;

"(6) unnecessary bureaucratic and paperwork barriers associated with existing agricultural conservation assistance programs decrease the potential effectiveness of the programs; and

"(7) the recent trend of Federal spending on agricultural conservation programs suggests that assistance to farmers and ranchers in future years will, absent changes in policy, dwindle to perilously low levels.

"(b) PURPOSES.—The purposes of the environmental quality incentives program established by this chapter are to—

"(1) combine into a single program the functions of—

"(A) the agricultural conservation program authorized by sections 7 and 8 of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590g and 590h) (as in effect before the amendments made by section 355(a)(1) of the Agricultural Reform and Improvement Act of 1996);

"(B) the Great Plains conservation program established under section 16(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590p(b)) (as in effect before the amendment made by section 355(b)(1) of the Agricultural Reform and Improvement Act of 1996); and

"(C) the water quality incentives program established under chapter 2 (as in effect before the amendment made by section 355(k) of the Agricultural Reform and Improvement Act of 1996); and

"(D) the Colorado River Basin salinity control program established under section 202(c) of the Colorado River Basin Salinity Control Act (43 U.S.C. 1592(c)) (as in effect before the amendment made by section 355(c)(1) of the Agricultural Reform and Improvement Act of 1996); and

"(2) carry out the single program in a manner that maximizes environmental benefits per dollar expended, and that provides—

"(A) flexible technical and financial assistance to farmers and ranchers that face the most serious threats to soil, water, and related natural resources, including grazing lands, wetlands, and wildlife habitat;

"(B) assistance to farmers and ranchers in complying with this title and Federal and State environmental laws, and to encourage environmental enhancement;

"(C) assistance to farmers and ranchers in making beneficial, cost-effective changes to cropping systems, grazing management, manure, nutrient, pest, or irrigation management, land uses, or other measures needed to conserve and improve soil, water, and related natural resources; and

"(D) for the consolidation and simplification of the conservation planning process to reduce administrative burdens on the owners and operators of farms and ranches.

"SEC. 1238A. DEFINITIONS.

"In this chapter:

"(A) is a confined animal feeding operation; and

"(B) has more than—

The allocated amount may vary according to the type of expertise required, quantity of time involved, and other factors as determined appropriate by the Secretary. Funding shall not exceed the projected cost to the Secretary of the technical assistance provided in a fiscal year.

“(2) OTHER AUTHORITIES.—The receipt of technical assistance under this chapter shall not affect the eligibility of the operator to receive technical assistance under other authorities of law available to the Secretary.

“(g) MODIFICATION OR TERMINATION OF CONTRACTS.—

“(1) VOLUNTARY MODIFICATION OR TERMINATION.—The Secretary may modify or terminate a contract entered into with an operator under this chapter if—

“(A) the operator agrees to the modification or termination; and

“(B) the Secretary determines that the modification or termination is in the public interest.

“(2) INVOLUNTARY TERMINATION.—The Secretary may terminate a contract under this chapter if the Secretary determines that the operator violated the contract.

“(h) NON-FEDERAL ASSISTANCE.—

“(1) IN GENERAL.—The Secretary may request the services of a State water quality agency, State fish and wildlife agency, State forestry agency, or any other governmental or private resource considered appropriate to assist in providing the technical assistance necessary for the development and implementation of a structural practice or land management practice.

“(2) LIMITATION ON LIABILITY.—No person shall be permitted to bring or pursue any claim or action against any official or entity based on or resulting from any technical assistance provided to an operator under this chapter to assist in complying with a Federal or State environmental law.

“SEC. 1238C. EVALUATION OF OFFERS AND PAYMENTS.

“(a) REGIONAL PRIORITIES.—The Secretary shall provide technical assistance, cost-sharing payments, and incentive payments to operators in a region, watershed, or conservation priority area under this chapter based on the significance of the soil, water, and related natural resource problems in the region, watershed, or area, and the structural practices or land management practices that best address the problems, as determined by the Secretary.

“(b) MAXIMIZATION OF ENVIRONMENTAL BENEFITS.—

“(1) IN GENERAL.—In providing technical assistance, cost-sharing payments, and incentive payments to operators in regions, watersheds, or conservation priority areas under this chapter, the Secretary shall accord a higher priority to assistance and payments that maximize environmental benefits per dollar expended.

“(d) PRIORITY LANDS.—The Secretary shall accord a higher priority to structural practices or land management practices on lands on which agricultural production has been determined to contribute to, or create, the potential for failure to meet applicable water quality standards or other environmental objectives of a Federal or State law.

“SEC. 1238D. DUTIES OF OPERATORS.

“To receive technical assistance, cost-sharing payments, or incentives payments under this chapter, an operator shall agree—

“(1) to implement an environmental quality incentives program plan that describes conservation and environmental goals to be achieved through a structural practice or land management practice, or both, that is approved by the Secretary;

“(2) not to conduct any practices on the farm or ranch that would tend to defeat the purposes of this chapter;

“(3) on the violation of a term or condition of the contract at any time the operator has control of the land, to refund any cost-sharing or incentive payment received with interest, and forfeit any future payments under this chapter, as determined by the Secretary;

“(4) on the transfer of the right and interest of the operator in land subject to the contract, unless the transferee of the right and interest agrees with the Secretary to assume all obligations of the contract, to refund all cost-sharing payments and incentive payments received under this chapter, as determined by the Secretary;

“(5) to supply information as required by the Secretary to determine compliance with the environmental quality incentives program plan and requirements of the program; and

“(5) a description of 1 or more structural practices or 1 or more land management

practices, or both, to be implemented to achieve the conservation and environmental objectives;

"(6) a description of the timing and sequence for implementing the structural practices or land management practices, or both, that will assist the operator in complying with Federal and State environmental laws; and

"(7) information that will enable evaluation of the effectiveness of the plan in achieving the conservation and environmental objectives, and that will enable evaluation of the degree to which the plan has been implemented.

"(8) Notwithstanding any provision of law, the Secretary shall ensure that the process of writing, developing, and assisting in the implementation of plans required in the programs established under this title be open to individuals in agribusiness including but not limited to agricultural producers, representatives from agricultural cooperatives, agricultural input retail dealers, and certified crop advisers. This process shall be included in but not limited to programs and plans established under this title and any other Department program using incentive, technical assistance, cost-share or pilot project programs that require plans.

"SEC. 1238F. DUTIES OF THE SECRETARY.

"To the extent appropriate, the Secretary shall assist an operator in achieving the conservation and environmental goals of an environmental quality incentives program plan by—

"(1) providing an eligibility assessment of the farming or ranching operation of the operator as a basis for developing the plan;

"(2) providing technical assistance in developing and implementing the plan;

"(3) providing technical assistance, cost-sharing payments, or incentive payments for developing and implementing 1 or more structural practices or 1 or more land management practices, as appropriate;

"(4) providing the operator with information, education, and training to aid in implementation of the plan; and

"(5) encouraging the operator to obtain technical assistance, cost-sharing payments, or grants from other Federal, State, local, or private sources.

"SEC. 1238G. ELIGIBLE LANDS.

"Agricultural land on which a structural practice or land management practice, or both, shall be eligible for technical assistance, cost-sharing payments, or incentive payments under this chapter include—

"(1) agricultural land (including cropland, rangeland, pasture, and other land on which crops or livestock are produced) that the Secretary determines poses a serious threat to soil, water, or related resources by reason of the soil types, terrain, climatic, soil, topographic, flood, or saline characteristics, or other factors or natural hazards;

"(2) an area that is considered to be critical agricultural land on which either crop or livestock production is carried out, as identified in a plan submitted by the State under section 319 of the Federal Water Pollution Control Act (33 U.S.C. 1329) as having priority problems that result from an agricultural nonpoint source of pollution;

"(3) an area recommended by a State lead agency for protection of soil, water, and related resources, as designated by a Governor of a State; and

"(4) land that is not located within a designated or approved area, but that if permitted to continue to be operated under existing management practices, would defeat the purpose of the environmental quality incentives program, as determined by the Secretary.

"SEC. 1238H. LIMITATIONS ON PAYMENTS.

"(a) PAYMENTS.—The total amount of cost-sharing and incentive payments paid to a person under this chapter may not exceed—

"(1) \$10,000 for any fiscal year; or

"(2) \$50,000 for any multiyear contract.

"(b) REGULATIONS.—The Secretary shall issue regulations that are consistent with section 1001 for the purpose of—

"(12) agribusiness.

SEC. 353. CONSERVATION OF PRIVATE GRAZING LAND.

(a) FINDINGS.—Congress finds that—

(1) privately owned grazing land constitutes nearly ½ of the non-Federal land of the United States and is basic to the environmental, social, and economic stability of rural communities;

(2) privately owned grazing land contains a complex set of interactions among soil, water, air, plants, and animals;

(3) grazing land constitutes the single largest watershed cover type in the United States and contributes significantly to the quality and quantity of water available for all of the many uses of the land;

(4) private grazing land constitutes the most extensive wildlife habitat in the United States;

(5) private grazing land can provide opportunities for improved nutrient management from land application of animal manures and other by-product nutrient resources;

(6) owners and managers of private grazing land need to continue to recognize conservation problems when the problems arise and receive sound technical assistance to improve or conserve grazing land resources to meet ecological and economic demands;

(7) new science and technology must continually be made available in a practical manner so owners and managers of private grazing land may make informed decisions concerning vital grazing land resources;

(8) agencies of the Department of Agriculture with private grazing land responsibilities are the agencies that have the expertise and experience to provide technical assistance, education, and research to owners and managers of private grazing land for the long-term productivity and ecological health of grazing land;

(9) although competing demands on private grazing land resources are greater than ever before, assistance to private owners and managers of private grazing land is currently limited and does not meet the demand and basic need for adequately sustaining or enhancing the private grazing lands resources; and

(10) privately owned grazing land can be enhanced to provide many benefits to all Americans through voluntary cooperation among owners and managers of the land, local conservation districts, and the agencies of the Department of Agriculture responsible for providing assistance to owners and managers of land and to conservation districts.

(b) PURPOSE.—It is the purpose of this section to authorize the Secretary of Agriculture to provide a coordinated technical, educational, and related assistance program to conserve and enhance private grazing land resources and provide related benefits to all citizens of the United States by—

(1) establishing a coordinated and cooperative Federal, State, and local grazing conservation program for management of private grazing land;

(2) strengthening technical, educational, and related assistance programs that provide assistance to owners and managers of private grazing land;

(3) conserving and improving wildlife habitat on private grazing land;

(4) conserving and improving fish habitat and aquatic systems through grazing land conservation treatment;

(5) protecting and improving water quality;

(6) improving the dependability and consistency of water supplies;

(7) identifying and managing weed, noxious weed, and brush encroachment problems on private grazing land; and

(8) integrating conservation planning and management decisions by owners and managers of private grazing land, on a voluntary basis.

(c) DEFINITIONS.—In this section:

(1) PRIVATE GRAZING LAND.—The term “private grazing land” means privately owned, State-owned, tribally-owned, and any other non-federally owned rangeland, pastureland, grazed forest land, and hay land.

(2) SECRETARY.—The term “Secretary” means the Secretary of Agriculture, acting through the Natural Resources Conservation Service.

(d) PRIVATE GRAZING LAND CONSERVATION ASSISTANCE.—

(1) ASSISTANCE TO GRAZING LANDOWNERS AND OTHERS.—Subject to the availability of appropriations, the Secretary shall establish a voluntary program to provide technical, educational, and related assistance to owners and managers of private grazing land and public agencies, through local conservation districts, to enable the landowners, managers, and public agencies to voluntarily carry out activities that are consistent with this section, including—

(A) maintaining and improving private grazing land and the multiple values and uses that depend on private grazing land;

(B) implementing grazing land management technologies;

(C) managing resources on private grazing land, including—

(i) planning, managing, and treating private grazing land resources;

(ii) ensuring the long-term sustainability of private grazing land resources;

(iii) harvesting, processing, and marketing private grazing land resources; and

(iv) identifying and managing weed, noxious weed, and brush encroachment problems;

(D) protecting and improving the quality and quantity of water yields from private grazing land;

(E) maintaining and improving wildlife and fish habitat on private grazing land;

(F) enhancing recreational opportunities on private grazing land;

(G) maintaining and improving the aesthetic character of private grazing lands; and

(H) identifying the opportunities and encouraging the diversification of private grazing land enterprises.

(2) PROGRAM ELEMENTS.—

(A) FUNDING.—The program under paragraph (1) shall be funded through a specific line-item in the annual appropriations for the Natural Resources Conservation Service.

(B) TECHNICAL ASSISTANCE AND EDUCATION.—Personnel of the Department of Agriculture trained in pasture and range management shall be made available under the program to deliver and coordinate technical assistance and education to owners and managers of private grazing land, at the request of the owners and managers.

(e) GRAZING TECHNICAL ASSISTANCE SELF-HELP.—

(1) FINDINGS.—Congress finds that—

(A) there is a severe lack of technical assistance for grazing producers;

(B) the Federal budget precludes any significant expansion, and may force a reduction of, current levels of technical support; and

(C) farmers and ranchers have a history of cooperatively working together to address common needs in the promotion of their products and in the drainage of wet areas through drainage districts.

(2) ESTABLISHMENT OF GRAZING DEMONSTRATION.—The Secretary may establish 2 grazing management demonstration districts at the recommendation of the Grazing Lands Conservation Initiative Steering Committee.

(3) PROCEDURE.—

(A) PROPOSAL.—Within a reasonable time after the submission of a request of an organization of farmers or ranchers engaged in grazing, the Secretary shall propose that a grazing management district be established.

(B) FUNDING.—The terms and conditions of the funding and operation of the grazing management district shall be proposed by the producers.

(C) APPROVAL.—The Secretary shall approve the proposal if the Secretary determines that the proposal—

(i) is reasonable;

(ii) will promote sound grazing practices; and

(iii) contains provisions similar to the provisions contained in the promotion orders in effect on the effective date of this section.

(D) AREA INCLUDED.—The area proposed to be included in a grazing management district shall be determined by the Secretary on the basis of a petition by farmers or ranchers.

(E) AUTHORIZATION.—The Secretary may use authority under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, to operate, on a demonstration basis, a grazing management district.

(F) ACTIVITIES.—The activities of a grazing management district shall be scientifically sound activities, as determined by the Secretary in consultation with a technical advisory committee composed of ranchers, farmers, and technical experts.

(7) new science and technology must continually be made available in a practical manner so owners and managers of private grazing land may make informed decisions concerning vital grazing land resources;

Subsection (a) of section 2509 of the Food, Agriculture, Conservation, and Trade Act of 1990 (21 U.S.C. 136a) is amended to read as follows:

"(a) QUARANTINE AND INSPECTION FEES.—

"(1) FEES AUTHORIZED.—The Secretary of Agriculture may prescribe and collect fees sufficient—

"(A) to cover the cost of providing agricultural quarantine and inspection services in connection with the arrival at a port in the customs territory of the United States, or

the preclearance or preinspection at a site outside the customs territory of the United States, of an international passenger, commercial vessel, commercial aircraft, commercial truck, or railroad car;

"(B) to cover the cost of administering this subsection; and

"(C) through fiscal year 2002, to maintain a reasonable balance in the Agricultural Quarantine Inspection User Fee Account established under paragraph (5).

"(2) LIMITATION.—In setting the fees under paragraph (1), the Secretary shall ensure that the amount of the fees are commensurate with the costs of agricultural quarantine and inspection services with respect to the class of persons or entities paying the fees. The costs of the services with respect to passengers as a class includes the costs of related inspections of the aircraft or other vehicle.

"(3) STATUS OF FEES.—Fees collected under this subsection by any person on behalf of the Secretary are held in trust for the United States and shall be remitted to the Secretary in such manner and at such times as the Secretary may prescribe.

"(4) LATE PAYMENT PENALTIES.—If a person subject to a fee under this subsection fails to pay the fee when due, the Secretary shall assess a late payment penalty, and the overdue fees shall accrue interest, as required by section 3717 of title 31, United States Code.

"(5) AGRICULTURAL QUARANTINE INSPECTION USER FEE ACCOUNT.—

"(A) ESTABLISHMENT.—There is established in the Treasury of the United States a no-year fund, to be known as the 'Agricultural Quarantine Inspection User Fee Account', which shall contain all of the fees collected under this subsection and late payment penalties and interest charges collected under paragraph (4) through fiscal year 2002.

"(B) USE OF ACCOUNT.—For each of the fiscal years 1996 through 2002, funds in the Agricultural Quarantine Inspection User Fee Account shall be available, in such amounts as are provided in advance in appropriations Acts, to cover the costs associated with the provision of agricultural quarantine and inspection services and the administration of this subsection. Amounts made available under this subparagraph shall be available until expended.

"(C) EXCESS FEES.—Fees and other amounts collected under this subsection in any of the fiscal years 1996 through 2002 in excess of \$100,000,000 shall be available for the purposes specified in subparagraph (B) until expended, without further appropriation.

"(6) USE OF AMOUNTS COLLECTED AFTER FISCAL YEAR 2002.—After September 30, 2002, the unobligated balance in the Agricultural Quarantine Inspection User Fee Account and fees and other amounts collected under this subsection shall be credited to the Department of Agriculture accounts that incur the costs associated with the provision of agricultural quarantine and inspection services and the administration of this subsection. The fees and other amounts shall remain available to the Secretary until expended without fiscal year limitation.

"(7) STAFF YEARS.—The number of full-time equivalent positions in the Department of Agriculture attributable to the provision of agricultural quarantine and inspection services and the administration of this subsection shall not be counted toward the limitation on the total number of full-time equivalent positions in all agencies specified in section 5(b) of the Federal Workforce Restructuring Act of 1994 (Public Law 103-226; 5 U.S.C. 3101 note) or other limitation on the total number of full-time equivalent positions."

SEC. 503. EVERGLADES AGRICULTURAL AREA.

After debate,

¶20.14 POINT OF ORDER

Mr. ROBERTS made a point of order against the motion to recommit, and said:

"It is my understanding there is a nutrition program extension; that is, the Food Stamp Program included. This is not included in H.R. 2854. It is an entitlement program that amounts to about 50 percent of the ag appropriations each year. This is a 7-year extension, not germane to the rest of the bill. I insist on my point of order."

Mr. STENHOLM was recognized to speak to the point of order and said:

"If the gentleman from Kansas insists that the nutrition programs dealing with the feeding of the people with the food that is produced by our farmers should be stricken from this farm bill, I will extract that from our recommendation so that no longer is an issue because I understand the point of order."

The SPEAKER pro tempore, Mr. HASTINGS of Washington, sustained the point of order, and said:

"The amendment proposed in the motion to recommit, among other things, amends the Food Stamp Act. The bill as amended does not amend that act, nor does it otherwise address nutrition assistance programs.

"The bill, as perfected, addresses production and distribution of agricultural products and not the food programs.

"Therefore, the point of order is sustained."

Mr. STENHOLM moved to recommit the bill to the Committee on Agriculture with instructions to report the bill back to the House forthwith with the following amendment in the nature of a substitute:

Strike out all after the enacting clause and insert:
