

"We, who know what objective truth is, must make a firm commitment every day \* \* \* to never, ever compromise in this intense conflict to preserve a culture that is not just safe for children but for their families \* \* \* a culture with virtue, a culture that pleases God.

"And what possible claims can homosexual activists make toward Christian loyalty. A true Christian must be able to say with believability, 'I try to walk in the footsteps of my Savior Jesus Christ.' For someone to claim without shame, that the disgusting display of hedonism at the majestic, publicly-owned Andrew W. Mellon Auditorium had anything to do with Jesus Christ or his followers is to exercise raw evil egotism. Dr. Billy Graham had it exactly right. We are 'a nation on the brink of self-destruction.' But we need not self-destruct nor commit national suicide. Honest Abe Lincoln, at only age 38, warned us to steel ourselves against national self-destruction.

"Mr. Speaker, let me repeat those words from a four-star general that I used in my opening, 'we must insist on disciplined and principled behavior. \* \* \* The majority of our members understand well that integrity is essential in an organization where we count on fellow members and that honesty is the glue that binds the members into a cohesive team.

"And they easily take responsibility for their actions and exhibit the courage to do the right thing.

"Yes, most professionals place service before self and willingly subordinate personal interests for the good of their unit, the Air Force and the Nation and, if called upon, are willing to risk their lives in defense of the United States."

"Thank you, General Ron Fogelman for inspiring me in a period when I certainly find myself on a solo deep-strike recon mission.

"Mr. Speaker, true love will always protect the innocent. I will always challenge the child corrupters, my shield is always the chastening and fearful words of Jesus Christ in Matthew 18:6, 'Whosoever shall cause one of these little ones who believe in me to sin, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea'. . . I will do a post mortem on these matters, if I have to, in a Special Order, so as to clear up, with the truth, any late breaking developments. Thank you for your attention, Mr. Speaker, and may God truly bless and watch over our bountiful land. I yield back the balance of my time, but I will never yield my sense of decency."

§82.25 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. ANDREWS:

Page 55, after line 15, insert the following new section:

SEC. 406. (a) LIMITATION ON USE OF FUNDS FOR CERTAIN SURFACE TRANSPORTATION PROJECTS.—None of the funds made available in this Act may be used to provide, or to pay the salaries or expenses of Department of Transportation personnel who provide, to a State more than \$50,000 in Federal assistance from the Highway Trust Fund (other than the Mass Transit Account) for any surface transportation project except when it is made known to the Federal official having authority to obligate or expend such funds that—

At least 30 days before entering a contract or agreement with a private business entity for the performance of work usually performed by employees of a State under which the State will obligate more than \$50,000, the

State has conducted and submitted a cost-benefit analysis of the project;

(2) the cost-benefit analysis includes a detailed description of—

(A) the costs of labor;
(B) the costs of employer-provided fringe benefits;

(C) the costs of equipment or materials, whether supplied by the State or private contractor;

(D) the costs directly attributable to transferring the work being performed by State employees to a private business entity;

(E) the costs of administering and inspecting the contracted service; and

(F) the costs of any anticipated unemployment compensation or other benefits which are likely to be paid to State employees who are displaced as a result of the contracted services; (3) the cost-benefit analysis includes an analysis of whether it is more cost effective to use employees of a private business entity than to use State employees to perform the work required;

(4) the cost-benefit analysis is accompanied by an analysis of the State's finances and personnel and an analysis of the ability of the State to reassume the contracted service if contracting of the service ceases to serve the public interest;

(5) in the case of a contract or agreement described in paragraph (1) that will result in a decrease in the amount of work assigned to State employees, the cost-benefit analysis demonstrates that—

(A) the contract or agreement will result in a substantial cost savings to the State; and

(B) the potential cost savings of contracting of services are not outweighed by the public's interest in having a particular function performed directly by the State;

(6) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a past performance history of the private business entity contract or agreement, which includes—

(A) work performed for the State under contracts and agreements described in paragraph (1) in the 5-year period ending on the 45th day before the date of entry into the contract or agreement;

(B) if no work was performed for the State under such contracts and agreements during such 5-year period, then any work performed for other States under contracts and agreements described in paragraph (1) in such 5-year period;

(C) with respect to each contract or agreement to which subparagraph (A) or (B) applies, the amount of funds originally committed by the State under the contract or agreement and the amount of funds actually expended by the State under the contract or agreement; and

(D) with respect to each contract or agreement to which subparagraph (A) or (B) applies, deadlines originally established for all work performed under the contract or agreement and the actual date or dates on which performance of such work was completed;

(7) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a copy of any performance bond or any similar instrument that ensures performance by the private business entity under the contract or agreement or certifies the amount of such bond;

(8) at least 30 days before entering into a contract or agreement described in paragraph (1), the State has submitted a political contribution history of the private business entity with whom the State is entering into the contract or agreement, which political contribution history lists all political contributions the private business entity has made to political parties and candidates for
