¶105.12 SUBMISSION OF CONFERENCE REPORT—H.R. 2281

Mr. COBLE submitted a conference report (Rept. No. 105-796) on the bill (H.R. 2281) to amend title 17, United States Code, to implement the World Intellectual Property Organization Copyright Treaty and Performances and Phonograms Treaty; together with a statement thereon, for printing in the Record under the rule.

¶105.13 NOTICE—CONSIDERATION OF RESOLUTION—QUESTION OF PRIVILEGES

Mr. VISCLOSKEY, pursuant to clause 4(c) of rule XI, announced his intention to call up the following privileged resolution:

A resolution, in accordance with House Rule IX, clause 1, expressing the sense of the House that its integrity has been impugned because the antidumping provisions of the Trade and Tariff Act of 1930, (Subtitle B of Title VII) have not been expeditiously enforced;

Whereas the current financial crisis in Asia, Russia, and other regions have involved massive depreciation in the currencies of several key steel-producing and steel-consuming countries, along with a collapse in the domestic demand for steel in these countries;

Whereas the crises have generated and will continue to generate surges in United States imports of steel, both from the countries whose currencies have depreciated in the crisis and from steel-producing countries that are no longer able to export steel to the countries in economic crisis;
