“(i) INITIAL DECISIONS.—If a request for benefit payments, a request for advance determination of coverage, or a request for required determination of medical necessity is submitted to a group health plan in such reasonable form as may be required under the

plan, the plan shall issue in writing an initial coverage decision on the request before the end of the initial decision period under paragraph (10)(I) following the filing completion date. Failure to issue a coverage decision on such a request before the end of the period required under this clause shall be treated as an adverse coverage decision for purposes of internal review under clause (ii).

“(3) PHYSICIANS MUST REVIEW INITIAL COVERAGE DECISIONS INVOLVING MEDICAL APPROPRIATENESS OR NECESSITY OR INVESTIGATIONAL ITEMS OR EXPERIMENTAL TREATMENT.—If an initial coverage decision under paragraph (2)(A)(i) or (2)(B)(i) is based on a determination that provision of a particular item or service is excluded from coverage under the terms of the plan because the provision of such item or service does not meet the requirements for medical appropriateness or necessity or would constitute provision of investigational items or experimental treatment or technology, the review under paragraph (2)(A)(ii) or (2)(B)(ii), to the extent that it relates to medical appropriateness or necessity or to investigational items or experimental treatment or technology, shall be conducted by a physician who is selected by the plan and who did not make the initial denial.

“(4) ELECTIVE EXTERNAL REVIEW BY INDEPENDENT MEDICAL EXPERT AND RECONSIDERATION OF INITIAL REVIEW DECISION.—

“(A) IN GENERAL.—In any case in which a participant or beneficiary, who has received an adverse coverage decision which is not reversed upon review conducted pursuant to paragraph (1)(C) (including review under paragraph (2)(A)(ii) or (2)(B)(ii)) and who has not commenced review of the coverage decision under section 502, makes a request in writing, within 30 days after the date of such review decision, for reconsideration of such review decision, the requirements of subparagraphs (B), (C), (D) and (E) shall apply in the case of such adverse coverage decision, if the requirements of clause (i) or (ii) are met, subject to clause (iii).

“(i) MEDICAL APPROPRIATENESS OR INVESTIGATIONAL ITEM OR EXPERIMENTAL TREATMENT OR TECHNOLOGY.—The requirements of this clause are met if such coverage decision is based on a determination that provision of a particular item or service that would otherwise be covered is excluded from coverage because the provision of such item or service—

“(ii) EXCLUSION OF ITEM OR SERVICE REQUIRING EVALUATION OF MEDICAL FACTS OR EVIDENCE.—The requirements of this clause are met if—

“(I) such coverage decision is based on a determination that a particular item or service is not covered under the terms of the plan because provision of such item or service is specifically or categorically excluded from coverage under the terms of the plan, and

“(iii) MATTERS SPECIFICALLY NOT SUBJECT TO REVIEW.—The requirements of subparagraphs (B), (C), (D), and (E) shall not apply in the case of any adverse coverage decision if such decision is based on—

“(I) a determination of eligibility for benefits,

“(III) a limitation on the amount of any benefit payment or a requirement to make copayments under the terms of the plan.

Review under this paragraph shall not be available for any coverage decision that has previously undergone review under this paragraph.

“(B) LIMITS ON ALLOWABLE ADVANCE PAYMENTS.—The review under this paragraph in connection with an adverse coverage decision shall be available subject to any requirement of the plan (unless waived by the plan for financial or other reasons) for payment in advance to the plan by the participant or beneficiary seeking review of an amount not to exceed the greater of—

No such payment may be required in the case of any

participant or beneficiary whose enrollment under the plan is paid for, in whole or in part, under a State plan under title XIX or XXI of the Social Security Act. Any such advance payment shall be subject to reimbursement if the recommendation of the independent medical expert (or panel of such experts) under subparagraph (D)(ii)(IV) is to reverse or modify the coverage decision.

“(C) REQUEST TO INDEPENDENT CONTRACT EXPERT FOR DETERMINATION OF WHETHER COVERAGE DECISION REQUIRED EVALUATION OF MEDICAL FACTS OR EVIDENCE.—

“(i) IN GENERAL.—In the case of a request for review made by a participant or beneficiary as described in subparagraph (A), if the requirements of subparagraph (A)(ii) are met (and review is not otherwise precluded under subparagraph (A)(iii)), the terms of the plan shall provide for a procedure for initial review by an independent contract expert selected in accordance with subparagraph (H) under which the expert will determine whether the coverage decision requires the evaluation of medical facts or evidence by a health professional. If the expert determines that the coverage decision requires such evaluation, reconsideration of such adverse decision shall proceed under this paragraph. If the expert determines that the coverage decision does not require such evaluation, the adverse decision shall remain the final decision of the plan.

“(ii) INDEPENDENT CONTRACT EXPERTS.—For purposes of this subparagraph, the term ‘independent contract expert’ means a professional—

“(I) who has appropriate credentials and has attained recognized expertise in the applicable area of contract interpretation;

“(II) who was not involved in the initial decision or any earlier review thereof; and

“(D) RECONSIDERATION OF INITIAL REVIEW DECISION.—

“(i) IN GENERAL.—In the case of a request for review made by a participant or beneficiary as described in subparagraph (A), if the requirements of subparagraph (A)(i) are met or reconsideration proceeds under this paragraph pursuant to subparagraph (C), the terms of the plan shall provide for a procedure for such reconsideration in accordance with clause (ii).

“(ii) PROCEDURE FOR RECONSIDERATION.—The procedure required under clause (i) shall include the following—

“(I) An independent medical expert (or a panel of such experts, as determined necessary) will be selected in accordance with subparagraph (H) to reconsider any coverage decision described in subparagraph (A) to determine whether such decision was in accordance with the terms of the plan and this title.

“(II) The record for review (including a specification of the terms of the plan and other criteria serving as the basis for the initial review decision) will be presented to such expert (or panel) and maintained in a manner which will ensure confidentiality of such record.

“(III) Such expert (or panel) will reconsider the initial review decision to determine whether such decision was in accordance with the terms of the plan and this title. The expert (or panel) in its reconsideration will take into account the medical condition of the patient, the recommendation of the treating physician, the initial coverage decision (including the reasons for such decision) and the decision upon review conducted pursuant to paragraph (1)(C) (including review under paragraph (2)(A)(ii) or (2)(B)(ii)), any guidelines adopted by the plan through a process involving medical practitioners and peer-reviewed medical literature identified

as such under criteria established by the Food and Drug Administration, and any other valid, relevant, scientific or clinical evidence the expert (or panel) determines appropriate for its review. The expert (or panel) may consult the participant or beneficiary, the treating physician, the medical director of the plan, or any other party who, in the opinion of the expert (or panel), may have relevant information for consideration.

“(E) ISSUANCE OF BINDING FINAL DECISION.—Upon completion of the procedure for review under subparagraph (D), the independent medical expert (or panel of such experts) shall issue a written decision affirming, modifying, or reversing the initial review decision, setting forth the grounds for the decision. Such decision shall be the final decision of the plan and shall be binding on the plan. Such decision shall set forth specifically the determination of the expert (or panel) of the appropriate period for timely compliance by the plan with the decision. Such decision shall be issued concurrently to the participant or beneficiary, to the treating physician, and to the plan, shall constitute conclusive, written authorization for the provision of benefits under the plan in accordance with the decision, and shall be treated as terms of the plan for purposes of any action by the participant or beneficiary under section 502.

“(F) TIME LIMITS FOR RECONSIDERATION.—Any review under this paragraph (including any review under subparagraph (C)) shall be completed before the end of the reconsideration period (as defined in paragraph (10)(L)) following the review filing date in connection with such review. Failure to issue a written decision before the end of the reconsideration period in any reconsideration requested under this paragraph shall be treated as a final decision affirming the initial review decision of the plan.

“(G) INDEPENDENT MEDICAL EXPERTS.—

“(i) IN GENERAL.—For purposes of this paragraph, the term ‘independent medical expert’ means, in connection with any coverage decision by a group health plan, a professional—

Each such entity shall provide to the Secretary, in such manner and at such times as the Secretary may prescribe, information relating to the volume of claims with respect to which the entity has served under this subparagraph, the types of such claims, and such other information regarding such claims as the Secretary may determine appropriate.

#### SEC. 403. EFFECTIVE DATE.

This title will apply to—

(1) any health care liability action brought in a Federal or State court; and

(2) any health care liability claim subject to an alternative dispute resolution system, that is initiated on or after the date of enactment of this title, except that any health care liability claim or action arising from an injury occurring before the date of enactment of this title shall be governed by the applicable statute of limitations provisions in effect at the time the injury occurred.

#### Subtitle B—Uniform Standards for Health Care Liability Actions

#### SEC. 411. STATUTE OF LIMITATIONS.

A health care liability action may not be brought after the expiration of the 2-year period that begins on the date on which the alleged injury that is the subject of the action was discovered or should reasonably have been discovered, but in no case after the expiration of the 5-year period that begins on the date the alleged injury occurred.

#### SEC. 412. CALCULATION AND PAYMENT OF DAMAGES.

(a) TREATMENT OF NON-ECONOMIC DAMAGES.—

(1) LIMITATION ON NON-ECONOMIC DAMAGES.—The total amount of non-economic damages that may be awarded to a claimant for losses resulting from the injury which is the subject of a health care liability action may not exceed \$250,000, regardless of the number of parties against whom the action is brought or the number of actions brought with respect to the injury. The limitation under this paragraph shall not apply to an action for damages based solely on intentional denial of medical treatment necessary to preserve a patient's life that the patient is otherwise qualified to receive, against the wishes of a patient, or if the patient is incompetent, against the wishes of the patient's guardian, on the basis of the patient's present or predicated age, disability, degree of medical dependency, or quality of life.

(2) LIMIT.—If, after the date of the enactment of this Act, a State enacts a law which prescribes the amount of non-economic damages which may be awarded in a health care liability action which is different from the amount prescribed by section 412(a)(1), the State amount shall apply in lieu of the amount prescribed by such section. If, after the date of the enactment of this Act, a State enacts a law which limits the amount of recovery in a health care liability action without delineating between economic and non-economic damages, the State amount shall apply in lieu of the amount prescribed by such section.

(3) JOINT AND SEVERAL LIABILITY.—In any health care liability action brought in State or Federal court, a defendant shall be liable only for the amount of non-economic damages attributable to such defendant in direct proportion to such defendant's share of fault or responsibility for the claimant's actual damages, as determined by the trier of fact. In all such cases, the liability of a defendant for non-economic damages shall be several and not joint and a separate judgment shall be rendered against each defendant for the amount allocated to such defendant.

(b) TREATMENT OF PUNITIVE DAMAGES.—

(1) GENERAL RULE.—Punitive damages may, to the extent permitted by applicable State law, be awarded in any health care liability action for harm in any Federal or State court against a defendant if the claimant establishes by clear and convincing evidence that the harm suffered was the result of conduct—

(A) specifically intended to cause harm; or

(B) conduct manifesting a conscious, flagrant indifference to the rights or safety of others.

(2) APPLICABILITY.—This subsection shall apply to any health care liability action brought in any Federal or State court on any theory where punitive damages are sought. This subsection does not create a cause of action for punitive damages.

(3) LIMITATION ON PUNITIVE DAMAGES.—The total amount of punitive damages that may be awarded to a claimant for losses resulting from the injury which is the subject of a health care liability action may not exceed the greater of—

(A) 2 times the amount of economic damages, or

(B) \$250,000,

regardless of the number of parties against whom the action is brought or the number of actions brought with respect to the injury. This subsection does not preempt or supersede any State or Federal law to the extent that such law would further limit the award of punitive damages.

(4) BIFURCATION.—At the request of any party, the trier of fact shall consider in a separate proceeding whether punitive damages are to be awarded and the amount of such award. If a separate proceeding is requested, evidence relevant only to the claim of punitive damages, as determined by applicable State law, shall be inadmissible in any proceeding to determine whether actual damages are to be awarded.

(4) DRUGS AND DEVICES.—

(A) IN GENERAL.—

(i) PUNITIVE DAMAGES.—Punitive damages shall not be awarded against a manufacturer or product seller of a drug or medical device which caused the claimant's harm where—

(I) such drug or device was subject to premarket approval by the Food and Drug Administration with respect to the safety of the formulation or performance of the aspect of such drug or device which caused the claimant's harm, or the adequacy of the packaging or labeling of such drug or device which caused the harm, and such drug, device, packaging, or labeling was approved by the Food and Drug Administration; or

(II) the drug is generally recognized as safe and effective pursuant to conditions established by the Food and Drug Administration and applicable regulations, including packaging and labeling regulations.

(ii) APPLICATION.—Clause (i) shall not apply in any case in which the defendant, before or after premarket approval of a drug or device—

(I) intentionally and wrongfully withheld from or misrepresented to the Food and Drug Administration information concerning such drug or device required to be submitted under the Federal Food, Drug, and Cosmetic

Act (21 U.S.C. 301 et seq.) or section 351 of the Public Health Service Act (42 U.S.C. 262) that is material and relevant to the harm suffered by the claimant; or

(II) made an illegal payment to an official or employee of the Food and Drug Administration for the purpose of securing or maintaining approval of such drug or device.

(B) PACKAGING.—In a health care liability action for harm which is alleged to relate to the adequacy of the packaging or labeling of a drug which is required to have tamper-resistant packaging under regulations of the Secretary of Health and Human Services (including labeling regulations related to such packaging), the manufacturer or product seller of the drug shall not be held liable for punitive damages unless such packaging or labeling is found by the court by clear and convincing evidence to be substantially out of compliance with such regulations.

(C) PERIODIC PAYMENTS FOR FUTURE LOSSES.—

(1) GENERAL RULE.—In any health care liability action in which the damages awarded for future economic and non-economic loss exceeds \$50,000, a person shall not be required to pay such damages in a single, lump-sum payment, but shall be permitted to make such payments periodically based on when the damages are likely to occur, as such payments are determined by the court.

(2) FINALITY OF JUDGMENT.—The judgment of the court awarding periodic payments under this subsection may not, in the absence of fraud, be reopened at any time to contest, amend, or modify the schedule or amount of the payments.

(3) LUMP-SUM SETTLEMENTS.—This subsection shall not be construed to preclude a settlement providing for a single, lump-sum payment.

(d) TREATMENT OF COLLATERAL SOURCE PAYMENTS.—

(1) INTRODUCTION INTO EVIDENCE.—In any health care liability action, any defendant may introduce evidence of collateral source payments. If any defendant elects to introduce such evidence, the claimant may introduce evidence of any amount paid or contributed or reasonably likely to be paid or contributed in the future by or on behalf of the claimant to secure the right to such collateral source payments.

(2) NO SUBROGATION.—No provider of collateral source payments shall recover any amount against the claimant or receive any lien or credit against the claimant's recovery or be equitably or legally subrogated to the right of the claimant in a health care liability action.

(3) APPLICATION TO SETTLEMENTS.—This subsection shall apply to an action that is settled as well as an action that is resolved by a fact finder.

#### SEC. 413. ALTERNATIVE DISPUTE RESOLUTION.

Any ADR used to resolve a health care liability action or claim shall contain provisions relating to statute of limitations, non-economic damages, joint and several liability, punitive damages, collateral source rule, and periodic payments which are consistent with the provisions relating to such matters in this title.

#### SEC. 414. REPORTING ON FRAUD AND ABUSE ENFORCEMENT ACTIVITIES.

The General Accounting Office shall—

(1) monitor—

(A) the compliance of the Department of Justice and all United States Attorneys with the guideline entitled “Guidance on the Use of the False Claims Act in Civil Health Care Matters” issued by the Department on June 3, 1998, including any revisions to that guideline; and

(B) the compliance of the Office of the Inspector General of the Department of Health and Human Services with the protocols and

guidelines entitled "National Project Protocols—Best Practice Guidelines" issued by the Inspector General on June 3, 1998, including any revisions to such protocols and guidelines; and

(2) submit a report on such compliance to the Committee on Commerce, the Committee on the Judiciary, and the Committee on Ways and Means of the House of Representatives and the Committee on the Judiciary and the Committee on Finance of the Senate not later than February 1, 2000, and every year thereafter for a period of 4 years ending February 1, 2003.
