degree, respectively, except that the Secretary may waive the limitation contained in this subparagraph if a nonprofit institution demonstrates to the satisfaction of the Secretary that the institution exceeds such limitation because the institution serves, through contracts with Federal, State, or local government agencies, significant numbers of students who do not have a secondary school diploma or its recognized equivalent.

“Congress makes the following findings:

“(1) It is incumbent on the Federal Government to support the technological and economic competitiveness of the United States by improving and expanding the scientific and technological capacity of the United States. More and better prepared scientists, engineers, and technical experts are needed to improve and expand such capacity.

“(2) As the Nation’s population becomes more diverse, it is important that the educational and training needs of all Americans are met. Underrepresentation of minorities in science and technological fields diminishes our Nation’s competitiveness by impairing the quantity of well prepared scientists, engineers, and technical experts in these fields.

“(3) Despite significant limitations in resources, minority institutions provide an important educational opportunity for minority students, particularly in science and engineering fields. Aid to minority institutions is a good way to address the underrepresentation of minorities in science and technological fields.

“(4) There is a strong Federal interest in improving science and engineering programs at minority institutions as such programs lag behind in program offerings and in student enrollment compared to such programs at other institutions of higher education.”.

“Subpart 8—Learning Anytime Anywhere Partnerships

“SEC. 420D. FINDINGS.

“Congress makes the following findings:

“(1) The nature of postsecondary education delivery is changing, and new technology and other related innovations can provide promising education opportunities for individuals who are currently not being served, particularly for individuals without easy access to traditional campus-based postsecondary education or for whom traditional courses are a poor match with education or training needs.

“(2) Individuals, including individuals seeking basic or technical skills or their first postsecondary experience, individuals with disabilities, dislocated workers, individuals making the transition from welfare-to-work, and individuals who are limited by time and place constraints can benefit from nontraditional, noncampus-based postsecondary education opportunities and appropriate support services.

“(3) The need for high-quality, nontraditional, technology-based education opportunities is great, as is the need for skill competency credentials and other measures of educational progress and attainment that are valid and widely accepted, but neither need is likely to be adequately addressed by the uncoordinated efforts of agencies and institutions acting independently and without assistance.
“(4) Partnerships, consisting of institutions of higher education, community organizations, or other public or private agencies or organizations, can coordinate and combine institutional resources—

“(A) to provide the needed variety of education options to students; and

"(e) OWNERSHIP OF FEDERAL FUND.—The Federal Fund, and any nonliquid asset (such as a building or equipment) developed or purchased by the guaranty agency in whole or in part with Federal reserve funds, regardless of who holds or controls the Federal reserve funds or such asset, shall be considered to be the property of the United States, prorated based on the percentage of such asset developed or purchased with Federal reserve funds, which property shall be used in the operation of the program authorized by this part, as provided in subsection (d). The Secretary may restrict or regulate the use of such asset only to the extent necessary to reasonably protect the Secretary's prorated share of the value of such asset. The Secretary may direct a guaranty agency, or such agency's officers or directors, to cease any activity involving expenditures, use, or transfer of the Federal Fund administered by the guaranty agency that the Secretary determines is a misapplication, misuse, or improper expenditure of the Federal Fund or the Secretary's share of such asset.

"(f) TRANSITION.—

"(1) IN GENERAL.—In order to establish the Operating Fund, each guaranty agency may transfer not more than 180 days' cash expenses for normal operating expenses (not including claim payments) as a working capital reserve as defined in

Such transfers may occur during the first 3 years following the establishment of the Operating Fund. However, no agency may transfer in excess of 45 percent of the balance, as of September 30, 1998, of the agency’s Federal Fund to the agency’s Operating Fund during such 3-year period. In determining the amount that may be transferred, the agency shall ensure that sufficient funds remain in the Federal Fund to pay lender claims within the required time periods and to meet the reserve recall requirements of this section and subsections (h) and (i) of section 422.

“(2) SPECIAL RULE.—A limited number of guaranty agencies may transfer interest earned on the Federal Fund to the Operating Fund during the first 3 years after the date of enactment of this section if the guaranty agency demonstrates to the Secretary that—

“(A) the cash flow in the Operating Fund will be negative without the transfer of such interest; and

“(B) the transfer of such interest will substantially improve the financial circumstances of the guaranty agency.

“(3) REPAYMENT PROVISIONS.—Each guaranty agency shall begin repayment of sums transferred pursuant to this subsection not later than the start of the fourth year after the establishment of the Operating Fund, and shall repay all amounts transferred not later than 5 years from the date of the establishment of the Operating Fund. The Secretary shall pay to the guaranty agency any funds withheld in accordance with this paragraph immediately upon making the determination that the guaranty agency has made all such repayments.

“(5) WAIVER.—The Secretary may—

“(A) waive the requirements of paragraph (3), but only with respect to repayment of interest that was transferred in accordance with paragraph (2); and

“(6) EXTENSION OF REPAYMENT PERIOD FOR INTEREST.—
“(A) Extension permitted.—The Secretary shall extend the period for repayment of interest that was transferred in accordance with paragraph (2) from 2 years to 5 years if the Secretary determines that—

“(i) the cash flow of the Operating Fund will be negative as a result of repayment as required by paragraph (3);

“(II) that the agency will be financially sound on the completion of repayment.

(3) by adding at the end the following new paragraphs:

“(4) DEFINITION OF MITIGATING CIRCUMSTANCES.—(A) For purposes of paragraph (2)(A)(ii), an institution of higher education shall be treated as having exceptional mitigating circumstances that make application of that paragraph inequitable if such institution, in the opinion of an independent auditor, meets the following criteria:

(i) For a 12-month period that ended during the 6 months immediately preceding the fiscal year for which the cohort of borrowers used to calculate the institution’s cohort default rate is determined, at least two-thirds of the students enrolled on at least a half-time basis at the institution—

(I) are eligible to receive a Federal Pell Grant award that is at least equal to one-half the maximum Federal Pell Grant award for which a student would be eligible based on the student’s enrollment status; or

(II) have an adjusted gross income that when added with the adjusted gross income of the student’s parents (unless the student is an independent student), of less than the poverty level, as determined by the Department of Health and Human Services.

(ii) In the case of an institution of higher education that offers an associate, baccalaureate, graduate or professional degree, 70 percent or more of the institution’s regular students who were initially enrolled on a full-time basis and were scheduled to complete their programs during the same 12-month period described in clause (i)—

(I) completed the educational programs in which the students were enrolled;

(II) transferred from the institution to a higher level educational program;
“(III) at the end of the 12-month period, remained enrolled and making satisfactory progress toward completion of the student’s educational programs; or
“(IV) entered active duty in the Armed Forces of the United States.
“(iii)(I) In the case of an institution of higher education that does not award a degree described in clause (ii), had a placement rate of 44 percent or more with respect to the institution’s former regular students who—
“(aa) remained in the program beyond the point the students would have received a 100 percent tuition refund from the institution;
“(bb) were initially enrolled on at least a half-time basis; and
“(cc) were originally scheduled, at the time of enrollment, to complete their educational programs during the same 12-month period described in clause (i).
“(II) The placement rate shall not include students who are still enrolled and making satisfactory progress in the educational programs in which the students were originally enrolled on the date following 12 months after the date of the student’s last date of attendance at the institution.
“(III) The placement rate is calculated by determining the percentage of all those former regular students who—
“(aa) are employed, in an occupation for which the institution provided training, on the date following 12 months after the date of their last day of attendance at the institution;
“(bb) were employed, in an occupation for which the institution provided training, for at least 13 weeks before the date following 12 months after the date of their last day of attendance at the institution; or
“(cc) entered active duty in the Armed Forces of the United States.
“(IV) The placement rate shall not include as placements a student or former student for whom the institution is the employer.
“(B) For purposes of determining a rate of completion and a placement rate under this paragraph, a student is originally scheduled, at the time of enrollment, to complete the educational program on the date when the student will have been enrolled in the program for the amount of time normally required to complete the program. The amount of time normally required to complete the program for a student who is initially enrolled full-time is the period of time specified in the institution’s enrollment contract, catalog, or other materials, for completion of the program by a full-time student. For a student who is initially enrolled less than full-time, the period is the amount of time it would take the student to complete the program if the student remained enrolled at that level of enrollment throughout the program.

“(i) submit to the Secretary a default management plan which the Secretary, in the Secretary's discretion, after consideration of the institution's history, resources, dollars in default, and targets for default reduction, determines is acceptable and provides reasonable assurance that the institution will, by July 1, 2002, have a cohort default rate that is less than 25 percent;

“(ii) engage an independent third party (which may be paid with funds received under section 317 or part B of title III) to provide technical assistance in implementing such default management plan; and

TITLE V—DEVELOPING INSTITUTIONS

SEC. 501. ESTABLISHMENT OF NEW TITLE V.

Title V (20 U.S.C. 1101 et seq.) is amended to read as follows:

“TITLE V—DEVELOPING INSTITUTIONS

“PART A—HISPANIC-SERVING INSTITUTIONS

“SEC. 501. FINDINGS; PURPOSE; AND PROGRAM AUTHORITY.

“(a) Findings.—Congress makes the following findings:

“(1) Hispanic Americans are at high risk of not enrolling or graduating from institutions of higher education.

“(2) Disparities between the enrollment of non-Hispanic white students and Hispanic students in postsecondary education are increasing. Between 1973 and 1994, enrollment of white secondary school graduates in 4-year institutions of higher education increased at a rate two times higher than that of Hispanic secondary school graduates.
“(3) Despite significant limitations in resources, Hispanic-serving institutions provide a significant proportion of post-secondary opportunities for Hispanic students.

“(4) Relative to other institutions of higher education, Hispanic-serving institutions are underfunded. Such institutions receive significantly less in State and local funding, per full-time equivalent student, than other institutions of higher education.

“(5) Hispanic-serving institutions are succeeding in educating Hispanic students despite significant resource problems that—

“(A) limit the ability of such institutions to expand and improve the academic programs of such institutions; and

“(B) could imperil the financial and administrative stability of such institutions.

“(6) There is a national interest in remedying the disparities described in paragraphs (2) and (4) and ensuring that Hispanic students have an equal opportunity to pursue post-secondary opportunities.

“(b) PURPOSE.—The purpose of this title is to—

“(1) expand educational opportunities for, and improve the academic attainment of, Hispanic students; and

“(2) expand and enhance the academic offerings, program quality, and institutional stability of colleges and universities that are educating the majority of Hispanic college students and helping large numbers of Hispanic students and other low-income individuals complete postsecondary degrees.

“(c) PROGRAM AUTHORITY.—The Secretary shall provide grants and related assistance to Hispanic-serving institutions to enable such institutions to improve and expand their capacity to serve Hispanic students and other low-income individuals.

SEC. 502. DEFINITIONS; ELIGIBILITY.

“(2) ELIGIBLE INSTITUTION.—The term ‘eligible institution’ means—

“(A) an institution of higher education—

“(i) that has an enrollment of needy students as required by subsection (b);

“(vi) that is located in a State; and
“(B) any branch of any institution of higher education described under subparagraph (A) that by itself satisfies the requirements contained in clauses (i) and (ii) of such subparagraph.

For purposes of the determination of whether an institution is an eligible institution under this paragraph, the factor described under subparagraph (A)(i) shall be given twice the weight of the factor described under subparagraph (A)(ii).

“(2) a substantial percentage of the students so enrolled are receiving Federal Pell Grants in the second fiscal year preceding the fiscal year for which determination is made, compared to the percentage of students receiving Federal Pell Grants at all such institutions in the second fiscal year preceding the fiscal year for which the determination is made, unless the requirement of this paragraph is waived under section 512(a).

(2) local communities, working to complement or augment services currently offered by area schools and colleges, can raise the educational expectations and increase the rate of postsecondary attendance of their youth by forming locally-based organizations that provide both academic support (including guidance, counseling, mentoring, tutoring, encouragement, and recognition) and tangible, locally raised, effectively targeted, publicly recognized, financial assistance;

(3) proven methods of stimulating these community efforts can be promoted through Federal support for the establishment of regional, State, or community program centers to organize and challenge community efforts to develop educational incentives and support for local students; and

SEC. 821. GRANTS TO STATES FOR WORKPLACE AND COMMUNITY TRANSITION TRAINING FOR INCARCERATED YOUTH OFFENDERS.

(a) FINDINGS.—Congress makes the following findings:

(1) Over 150,000 youth offenders age 21 and younger are incarcerated in the Nation's jails, juvenile facilities, and prisons.

(2) Most youth offenders who are incarcerated have been sentenced as first-time adult felons.

(3) Approximately 75 percent of youth offenders are high school dropouts who lack basic literacy and life skills, have little or no job experience, and lack marketable skills.

(4) The average incarcerated youth has attended school only through grade 10.

(5) Most of these youths can be diverted from a life of crime into productive citizenship with available educational, vocational, work skills, and related service programs.

(6) If not involved with educational programs while incarcerated, almost all of these youths will return to a life of crime upon release.

(7) The average length of sentence for a youth offender is about 3 years. Time spent in prison provides a unique opportunity for education and training.

(8) Even with quality education and training provided during incarceration, a period of intense supervision, support, and counseling is needed upon release to ensure effective reintegration of youth offenders into society.

(9) Research consistently shows that the vast majority of incarcerated youths will not return to the public schools to complete their education.

(10) There is a need for alternative educational opportunities during incarceration and after release.

(b) DEFINITION.—For purposes of this part, the term “youth offender” means a male or female offender under the age of 25, who is incarcerated in a State prison, including a prerelease facility.

(c) GRANT PROGRAM.—The Secretary of Education (in this section referred to as the “Secretary”) shall establish a program in accordance with this section to provide grants to the State correctional education agencies in the States, from allocations for the
States under subsection (i), to assist and encourage incarcerated youths to acquire functional literacy, life, and job skills, through the pursuit of a postsecondary education certificate, or an associate of arts or bachelor's degree while in prison, and employment counseling and other related services which start during incarceration and continue through prerelease and while on parole.

(d) APPLICATION.—To be eligible for a grant under this section, a State correctional education agency shall submit to the Secretary a proposal for a youth offender program that—

(1) identifies the scope of the problem, including the number of incarcerated youths in need of postsecondary education and vocational training;

(2) lists the accredited public or private educational institution or institutions that will provide postsecondary educational services;

(3) lists the cooperating agencies, public and private, or businesses that will provide related services, such as counseling in the areas of career development, substance abuse, health, and parenting skills;

(4) describes the evaluation methods and performance measures that the State correctional education agency will employ, which methods and measures—

(A) shall be appropriate to meet the goals and objectives of the proposal; and

(B) shall include measures of—

(i) program completion;

(ii) student academic and vocational skill attainment;

(iii) success in job placement and retention; and

(iv) recidivism;

(5) describes how the proposed programs are to be integrated with existing State correctional education programs (such as adult education, graduate education degree programs, and vocational training) and State industry programs;

(6) addresses the educational needs of youth offenders who are in alternative programs (such as boot camps); and

(7) describes how students will be selected so that only youth offenders eligible under subsection (f) will be enrolled in postsecondary programs.

(e) PROGRAM REQUIREMENTS.—Each State correctional education agency receiving a grant under this section shall—

(1) integrate activities carried out under the grant with the objectives and activities of the school-to-work programs of such State, including—

(A) work experience or apprenticeship programs;

(B) transitional worksite job training for vocational education students that is related to the occupational goals of such students and closely linked to classroom and laboratory instruction;

(C) placement services in occupations that the students are preparing to enter;

(D) employment-based learning programs; and

(E) programs that address State and local labor shortages;

(2) annually report to the Secretary and the Attorney General on the results of the evaluations conducted using the
methods and performance measures contained in the proposal; and

(3) provide to each State for each student eligible under subsection (f) not more than $1,500 annually for tuition, books, and essential materials, and not more than $300 annually for related services such as career development, substance abuse counseling, parenting skills training, and health education, for each eligible incarcerated youth.

(f) STUDENT ELIGIBILITY.—A youth offender shall be eligible for participation in a program receiving a grant under this section if the youth offender—

(1) is eligible to be released within 5 years (including a youth offender who is eligible for parole within such time); and

(2) is 25 years of age or younger.

(g) LENGTH OF PARTICIPATION.—A State correctional education agency receiving a grant under this section shall provide educational and related services to each participating youth offender for a period not to exceed 5 years, 1 year of which may be devoted to study in a graduate education degree program or to remedial education services for students who have obtained a secondary school diploma or its recognized equivalent. Educational and related services shall start during the period of incarceration in prison or prerelease and may continue during the period of parole.

(h) EDUCATION DELIVERY SYSTEMS.—State correctional education agencies and cooperating institutions shall, to the extent practicable, use high-tech applications in developing programs to meet the requirements and goals of this section.

(i) ALLOCATION OF FUNDS.—From the funds appropriated pursuant to subsection (j) for each fiscal year, the Secretary shall allot to each State an amount that bears the same relationship to such funds as the total number of students eligible under subsection (f) in such State bears to the total number of such students in all States.

(j) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section $17,000,000 for fiscal year 1999 and such sums as may be necessary for each of the 4 succeeding fiscal years.
