Memorandum on the Title X “Gag Rule”

January 22, 1993

Memorandum for the Secretary of Health and Human Services

Subject: The Title X “Gag Rule”

Title X of the Public Health Services Act provides Federal funding for family planning clinics to provide services for low-income patients. The Act specifies that Title X funds may not be used for the performance of abortions, but places no restrictions on the ability of clinics that receive Title X funds to provide abortion counseling and referrals or to perform abortions using non-Title X funds. During the first 18 years of the program, medical professionals at Title X clinics provided complete, uncensored information, including nondirective abortion counseling. In February 1988, the Department of Health and Human Services adopted regulations, which have become known as the “Gag Rule,” prohibiting Title X recipients from providing their patients with information, counseling, or referrals concerning abortion. Subsequent attempts by the Bush Administration to modify the Gag Rule and ensuing litigation have created confusion and uncertainty about the current legal status of the regulations.

The Gag Rule endangers women’s lives and health by preventing them from receiving complete and accurate medical information and interferes with the doctor-patient relationship by prohibiting information that medical professionals are otherwise ethically and legally required to provide to their patients. Furthermore, the Gag Rule contravenes the clear intent of a majority of the members of both the United States Senate and House of Representatives, which twice passed legislation to block the Gag Rule’s enforcement but failed to override Presidential vetoes.

For these reasons, you have informed me that you will suspend the Gag Rule pending the promulgation of new regulations in accordance with the “notice and comment” procedures of the Administrative Procedure Act. I hereby direct you to take that action as soon as possible. I further direct that, within 30 days, you publish in the Federal Register new proposed regulations for public comment.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

Memorandum on the Mexico City Policy

January 22, 1993

Memorandum for the Acting Administrator of the Agency for International Development

Subject: AID Family Planning Grants/Mexico City Policy

The Foreign Assistance Act of 1961 prohibits nongovernmental organizations (“NGO’s”) that receive Federal funds from using those funds “to pay for the performance of abortions as a method of family planning, or to motivate or coerce any person to practice abortions.” (22 U.S.C. 2151k(1)(1)). The August 1984 announcement by President Reagan of what has become know as the “Mexico City Policy” directed the Agency for International Development (“AID”) to expand this limitation and withhold AID funds from NGO’s that engage in a wide range of activities, including providing advice, counseling, or information regarding abortion, or lobbying a foreign government to legalize or make abortion available. These conditions have been imposed even where an NGO uses non-AID funds for abortion-related activities.

These excessively broad anti-abortion conditions are unwarranted. I am informed that the conditions are not mandated by the Foreign Assistance Act or any other law. Moreover, they have undermined efforts to promote safe and efficacious family planning programs in foreign
nations. Accordingly, I hereby direct that AID remove the conditions not explicitly mandated by the Foreign Assistance Act or any other law from all current AID grants to NGO’s and exclude them from future grants.

Memorandum on Abortions in Military Hospitals
January 22, 1993

Memorandum for the Secretary of Defense

Subject: Privately Funded Abortions at Military Hospitals

Section 1093 of title 10 of the United States Code prohibits the use of Department of Defense ("DOD") funds to perform abortions except where the life of a woman would be endangered if the fetus were carried to term. By memoranda of December 21, 1987, and June 21, 1988, DOD has gone beyond what I am informed are the requirements of the statute and has banned all abortions at U.S. military facilities, even where the procedure is privately funded. This ban is unwarranted. Accordingly, I hereby direct that you reverse the ban immediately and permit abortion services to be provided, if paid for entirely with non-DOD funds and in accordance with other relevant DOD policies and procedures.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

Memorandum on Importation of RU-486
January 22, 1993

Memorandum for the Secretary of Health and Human Services

Subject: Importation of RU-486

In Import Alert 66-47, the Food and Drug Administration ("FDA") excluded the drug Mifepristone—commonly known as RU-486—from the list of drugs that individuals can import into the United States for their “personal use,” although the drugs have not yet been approved for distribution by the FDA. (See FDA Regulatory Procedures Manual, Chapter 9-71.) Import Alert 66-47 effectively bans the importation into this Nation of a drug that is used in other nations as a nonsurgical means of abortion.

I am informed that in excluding RU-486 from the personal use importation exemption, the FDA appears to have based its decision on factors other than an assessment of the possible health and safety risks of the drug. Accordingly, I hereby direct that you promptly instruct the FDA to determine whether there is sufficient evidence to warrant exclusion of RU-486 from the list of drugs that qualify for the personal use importation exemption. Furthermore, if the FDA concludes that RU-486 meets the criteria for the personal use importation exemption, I direct that you immediately take steps to rescind Import Alert 66-47.

In addition, I direct that you promptly assess initiatives by which the Department of Health and Human Services can promote the testing, licensing, and manufacturing in the United States of RU-486 or other antiprogestins.

You are hereby authorized and directed to publish this memorandum in the Federal Register.
