Statement on the Helicopter Tragedy in North Korea
December 18, 1994

We have been informed by the Government of the Democratic Republic of North Korea, through Congressman Bill Richardson who is in Pyongyang, that one of the pilots of the U.S. Army helicopter that strayed into North Korean airspace on December 16, Chief Warrant Officer David Hilemon of Clarksville, TN, was killed in the downing of the helicopter. North Korean officials have told Congressman Richardson that the other crewman, Chief Warrant Officer Bobby Hall of Brooksville, FL, is alive and reportedly uninjured. Our thoughts and prayers are with the families of both of these dedicated aviators.

Congressman Richardson, who has been in continuing contact with Secretary of State Warren Christopher during this period, has at my instructions told the North Korean Government that we want prompt access to Chief Warrant Officer Hall and his return to a U.S. facility along with the remains of Chief Warrant Officer Hilemon. We are using all available channels to press for an early resolution of this matter.

This tragic loss of life was unnecessary. Our primary concern now is the welfare of Chief Warrant Officer Hall and his return along with the body of Chief Warrant Officer Hilemon. Congressman Richardson, who has worked tirelessly to resolve this matter over the past 2 days, is staying in North Korea for now and will remain in constant contact with North Korean officials on our behalf.

Remarks on the Middle Class Bill of Rights and North Korea
December 19, 1994

The President. Last week, I outlined my proposal for a middle class bill of rights to help the American people restore the American dream. The GI bill after World War II gave a generation of Americans a chance to build their own lives and their own dreams. Now we can help a new generation of hardworking people get the right education and skills, raise their children, and keep their families strong so that they can get ahead in the new American economy.

I want to take just a moment to remind you of the four features in that bill of rights. First, for a family making less than $120,000, the tuition they pay for postsecondary education, training, and retraining would be fully deductible from a taxable income, phased up to $10,000 a year; second, for a family with an income of $75,000 a year or less, a tax cut phased up to $500 a year for every child under the age of 13; third, for families with incomes under $100,000 a year, the ability to put away $2,000 tax-free into an IRA and then withdraw that money tax-free for costs of education, health care, first-time home, or the care of an elderly parent. Finally, we will make billions of dollars available that the Government normally spends itself, through separate job-training programs, directly to workers who can decide on how best to use the money to learn new skills.

There’s only one reason we can afford to do this at this time. We have worked very hard to cut Government spending and to bring the deficit under control. The Government debt increased by 4 times during the 12 years before I took office. I want to remind you what that burden means. It means that this April when people make their checks to the Government, 28 cents of every dollar of Federal income tax will be necessary to pay interest on the debt accumulated between 1981 and the day I was inaugurated. It is our responsibility to turn that
