Letter to Congressional Leaders on the United States Air Force Operating Location Near Groom Lake, Nevada
January 29, 1999

Dear Mr. Speaker: (Dear Mr. President:)

Consistent with section 6001(a) of the Resource Conservation and Recovery Act (RCRA) (the "Act"), as amended, 42 U.S.C. 6961(a), notification is hereby given that on September 25, 1998, I issued Presidential Determination No. 98–36 (copy attached) and thereby exercised the authority to grant certain exemptions under section 6001(a) of the Act.

Presidential Determination No. 98–36 exempted the United States Air Force’s operating location near Groom Lake, Nevada, from any Federal, State, interstate, or local hazardous or solid waste laws that might require the disclosure of classified information concerning that operating location to unauthorized persons. Information concerning activities at the operating location near Groom Lake has been properly determined to be classified, and its disclosure would be harmful to national security. Continued protection of this information is, therefore, in the paramount interest of the United States.

The determination was not intended to imply that in the absence of a Presidential exemption, RCRA or any other provision of law permits or requires the disclosure of classified information to unauthorized persons. The determination also was not intended to limit the applicability or enforcement of any requirement of law applicable to the Air Force’s operating location near Groom Lake except those provisions, if any, that would require the disclosure of classified information.

Sincerely,

WILLIAM J. CLINTON

NOTE: Identical letters were sent to J. Dennis Hastert, Speaker of the House of Representatives, and Albert Gore, Jr., President of the Senate.

The President’s Radio Address
January 30, 1999

Good morning. Americans have always believed that people who work hard should be able to provide for themselves and their families. That’s a fundamental part of America’s basic bargain. Today I want to talk to you about what we’re doing to make sure that bargain works for all our people, by ensuring that women and men earn equal pay for equal work.

We’re living in a time of remarkable promise, with the strongest economy in a generation: nearly 18 million new jobs; the lowest unemployment in 29 years; family incomes rising by $3,500, the greatest real wage growth in over two decades. We have an opportunity now, and an obligation, to make sure every American fairly benefits from this moment of prosperity.

One big reason why the pay gap persists, despite women’s gains in education and experience, is the demeaning practice of wage discrimination in our workplaces. Too many employers still undervalue and underpay work done by women. And make no mistake, when a woman is denied equal pay, it doesn’t just hurt her; it hurts her family, and that hurts America.
