SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. Subject to the requirements of section 503 of this Act, the unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this Act: Provided, That balances so transferred may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 503. (a) None of the funds provided by this Act, provided by previous appropriation Acts to the agencies in or transferred to the Department of Homeland Security that remain available for obligation or expenditure in fiscal year 2004, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that: (1) creates a new program; (2) eliminates a program, project, or activity; (3) increases funds for any program, project, or activity for which funds have been denied or restricted by the Congress; or (4) proposes to use funds directed for a specific activity by either the House or Senate Committees on Appropriations for a different purpose, unless both Committees on Appropriations of the Senate and the House of Representatives are notified 15 days in advance of such reprogramming of funds.

(b) None of the funds provided by this Act, provided by previous appropriation Acts to the agencies in or transferred to the Department of Homeland Security that remain available for obligation or expenditure in fiscal year 2004, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure for programs, projects, or activities through a reprogramming of funds in excess of $5,000,000 or 10 percent, whichever is less, that: (1) augments existing programs, projects, or activities; (2) reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by

(c) Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Homeland Security by this Act or provided by previous appropriation Acts may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by such transfers: Provided, That any transfer under this section shall be treated as a reprogramming of funds under subsection (b) of this section and shall not be available for obligation unless the Committees on Appropriations of the Senate and the House of Representatives are notified 15 days in advance of such transfer.

SEC. 504. Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2004 from appropriations for salaries and expenses for fiscal year 2004 in this Act shall remain available through September 30, 2005, in the account and for the purposes for which the appropriations were provided: Provided, That prior to the obligation of such funds, a request shall be submitted to the Committees on Appropriations of the Senate and the House of Representatives for approval in accordance with section 503 of this Act.

SEC. 511. Notwithstanding any other provision of law, no agency shall purchase, construct, and/or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without the advance approval of the Committees on Appropriations of the Senate and the House of Representatives, except that the Federal Law Enforcement Training Center is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training which cannot be accommodated in existing Center facilities.

SEC. 514. For fiscal year 2004 and thereafter, none of the funds appropriated or otherwise made available to the Department of Homeland Security shall be available for any activity or for paying the salary of any Government employee where funding an activity or paying a salary to a Government employee would result in a determination, regulation, or policy that would prohibit the enforcement of section 307 of the Tariff Act of 1930 (19 U.S.C. 1307).

SEC. 515. For fiscal year 2004 and thereafter, none of the funds appropriated or otherwise made available to the Department of Homeland Security may be used to allow—

(1) the importation into the United States of any good, ware, article, or merchandise mined, produced, or manufactured
by forced or indentured child labor, as determined under section 307 of the Tariff Act of 1930 (19 U.S.C. 1307); or
(2) the release into the United States of any good, ware, article, or merchandise on which there is in effect a detention order under such section 307 on the basis that the good, ware, article, or merchandise may have been mined, produced, or manufactured by forced or indentured child labor.

Sec. 516. None of the funds appropriated or otherwise made available by this Act may be used for expenses of any construction, repair, alteration, and acquisition project for which a prospectus, if required by the Public Buildings Act of 1959, has not been approved, except that necessary funds may be expended for each project for required expenses for the development of a proposed prospectus.

Sec. 517. None of the funds appropriated or otherwise made available by this Act shall be used to pursue or adopt guidelines or regulations requiring airport sponsors to provide to the Transportation Security Administration without cost building construction, maintenance, utilities and expenses, or space in airport sponsor-owned buildings for services relating to aviation security: Provided, That the prohibition of funds in this section does not apply to—
(1) negotiations between the agency and airport sponsors to achieve agreement on “below-market” rates for these items, or
(2) space for necessary security checkpoints.

Sec. 518. None of the funds in this Act may be used in contravention of the applicable provisions of the Buy American Act (41 U.S.C. 10a et seq.).

Sec. 519. (a) None of the funds provided by this or previous appropriations Acts may be obligated for deployment or implementation, on other than a test basis, of the Computer Assisted Passenger Prescreening System (CAPPS II) that the Transportation Security Administration (TSA) plans to utilize to screen aviation passengers, until the General Accounting Office has reported to the Committees on Appropriations of the Senate and the House of Representatives that—
(1) a system of due process exists whereby aviation passengers determined to pose a threat and either delayed or prohibited from boarding their scheduled flights by the TSA may appeal such decision and correct erroneous information contained in CAPPS II;
(2) the underlying error rate of the government and private data bases that will be used both to establish identity and assign a risk level to a passenger will not produce a large number of false positives that will result in a significant number of passengers being treated mistakenly or security resources being diverted;
(3) the TSA has stress-tested and demonstrated the efficacy and accuracy of all search tools in CAPPS II and has demonstrated that CAPPS II can make an accurate predictive assessment of those passengers who may constitute a threat to aviation;
(4) the Secretary of Homeland Security has established an internal oversight board to monitor the manner in which CAPPS II is being developed and prepared;
(5) the TSA has built in sufficient operational safeguards to reduce the opportunities for abuse;
(6) substantial security measures are in place to protect CAPPS II from unauthorized access by hackers or other intruders;

(7) the TSA has adopted policies establishing effective oversight of the use and operation of the system; and

(8) there are no specific privacy concerns with the technological architecture of the system.

(b) During the testing phase permitted by paragraph (a) of this section, no information gathered from passengers, foreign or domestic air carriers, or reservation systems may be used to screen aviation passengers, or delay or deny boarding to such passengers.

(c) The General Accounting Office shall submit the report required under paragraph (a) of this section no later than February 15, 2004.

Sec. 520. For fiscal year 2004 and thereafter, the Secretary of Homeland Security shall charge reasonable fees for providing credentialing and background investigations in the field of transportation: Provided, That the establishment and collection of fees shall be subject to the following requirements:

(1) such fees, in the aggregate, shall not exceed the costs incurred by the Department of Homeland Security associated with providing the credential or performing the background record checks;

(2) the Secretary shall charge fees in amounts that are reasonably related to the costs of providing services in connection with the activity or item for which the fee is charged;

(3) a fee may not be collected except to the extent such fee will be expended to pay for the costs of conducting or obtaining a criminal history record check and a review of available law enforcement databases and commercial databases and records of other governmental and international agencies; reviewing and adjudicating requests for waiver and appeals of agency decisions with respect to providing the credential, performing the background record check, and denying requests for waiver and appeals; and any other costs related to providing the credential or performing the background record check; and

(4) any fee collected shall be available for expenditure only to pay the costs incurred in providing services in connection with the activity or item for which the fee is charged and shall remain available until expended.

Sec. 521. The Secretary of Homeland Security is directed to research, develop, and procure certified systems to inspect and screen air cargo on passenger aircraft at the earliest date possible: Provided, That until such technology is procured and installed, the Secretary shall take all possible actions to enhance the known shipper program to prohibit high-risk cargo from being transported on passenger aircraft.
This Act may be cited as the “Department of Homeland Security Appropriations Act, 2004”.

Approved October 1, 2003.
