CHAPTER 185

AN ACT

To establish a Commission on Intergovernmental Relations.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled, That—

DECLARATION OF PURPOSE

SECTION 1. Because any existing confusion and wasteful duplication
of functions and administration pose a threat to the objectives of pro­
grams of the Federal Government shared in by the States, including
their political subdivisions, because the activity of the Federal Gov­
ernment has been extended into many fields which, under our con­
stitutional system, may be the primary interest and obligation of the
several States and the subdivisions thereof, and because of the result­
ing complexity to intergovernmental relations, it is necessary to study
the proper role of the Federal Government in relation to the States
and their political subdivisions, with respect to such fields, to the end
that these relations may be clearly defined and the functions concerned
may be allocated to their proper jurisdiction. It is further necessary
that intergovernmental fiscal relations be so adjusted that each level
of government discharges the functions which belong within its jurisdic­tion in a sound and effective manner.
