in practice. Those costs of constructing the project which are properly allocable to flood control and to the preservation and propagation of fish and wildlife as provided in existing law, and the like costs of operating and maintaining the same shall be nonreturnable and nonreimbursable under the reclamation laws.

SEC. 3. The Secretary is authorized, in connection with the Crooked River project, to construct minimum basic public recreational facilities and to arrange for the operation and maintenance of the same by an appropriate State or local agency or organization. The cost of such facilities shall be nonreturnable and nonreimbursable under the Federal reclamation laws.

SEC. 4. In order to promote the preservation and propagation of fish and wildlife in accordance with section 2 of the Act of August 14, 1946 (60 Stat. 1080, 16 U. S. C., sec. 661a), an appropriate screen and fish ladder shall be provided at the diversion canal headworks of the Crooked River project below Prineville Reservoir and a minimum release of ten cubic feet per second shall be maintained from said reservoir for the benefit of downstream fishlife during those months when there is no other discharge therefrom, but this release may be reduced for brief temporary periods by the Secretary whenever he may find that release of the full ten cubic feet per second is harmful to the primary purpose of the project.

SEC. 5. There are hereby authorized to be appropriated $6,339,000 for construction of the new works of the Crooked River project, plus such amounts, if any, as may be required by reason of changes in the cost of construction work of the types involved therein as shown by engineering indices and, in addition thereto, such sums as may be required to operate and maintain said project.

Public Law 993

Te authorize the Secretary of the Interior to construct, operate, and maintain the Little Wood River reclamation project, Idaho.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the principal purposes of improving the irrigation water supply of approximately ten thousand acres of land in Blaine County, Idaho, and assisting in the control of floods, the Secretary of the Interior is authorized to undertake an enlargement of the Little Wood River Reservoir and to operate and maintain the same in accordance with the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto). Any contract entered into under section 9, subsection (d), of the Reclamation Project Act of 1939 (53 Stat. 1187, 1193; 43 U. S. C. 485h) for payment of those portions of the costs of constructing, operating, and maintaining the Little Wood River project which are properly allocable to irrigation and which are assigned to be paid by the contracting organization shall provide for the repayment of the construction cost over a period of not more than forty years or as near thereto as is consistent with the adoption and operation of a variable payment formula which, being based on full repayment within the period stated under average conditions, permits variance in the required annual payments in the light of economic factors pertinent to the ability of the organization to pay.

SEC. 2. The Secretary is authorized to construct minimum basic public recreational facilities in connection with the Little Wood River
Fish and wildlife preservation.

SEC. 3. (a) The Secretary may make such reasonable provision in the works of the Little Wood River project as, upon further study in accordance with section 2 of the Act of August 14, 1946 (60 Stat. 1080, 16 U.S.C. 661a), he finds to be required for the preservation and propagation of fish and wildlife. An appropriate portion of the construction cost of the project shall be allocated as provided in said Act and it, together with the portion of the construction cost allocated to flood control and the portions of the operation and maintenance costs allocated to these functions or the capitalized value of the equivalent thereof, shall be nonreimbursable and nonreturnable under the reclamation laws.

(b) So far as the Secretary finds the same to be consistent with safety and with efficient operation or the primary purpose of the Little Wood River project, the project waters in the project area shall be open to free public use for lawful hunting and fishing purposes, and free access to the waters for those purposes shall be assured.

(c) Little Wood River Reservoir shall be operated in accord with water rights, under decree or permit, which are valid under the laws of the State of Idaho, but the Congress, taking cognizance of the need for clarification of certain of these rights in some formal manner effective under Idaho law, particularly as between the Fish and Game Department of said State and the water users under the Little Wood River project or their organizations, does not by this declaration accept for or impose upon the United States, its officers or employees any responsibility for determining the correctness of such claims of right and does not, either by the enactment of this Act or by any action taken pursuant thereto, intend to aid or prejudice the claims of any party to a dispute with respect thereto or to impose upon any party to a contract entered into under this Act any obligation with respect to such rights that does not exist under the laws of the State of Idaho or to require that water, other than that which is available under established rights, shall be used primarily either for irrigation or for the preservation of fish and wildlife resources.

SEC. 4. There are hereby authorized to be appropriated for construction of the Little Wood River project $1,880,000 plus such amounts, if any, as may be required by reason of changes in construction costs as indicated by engineering cost indexes applicable to the types of construction involved therein and, in addition, such amounts as may be required to operate and maintain said project.

Approved August 6, 1956.
