AN ACT

Making appropriations for the Tennessee Valley Authority, certain agencies of the Department of the Interior, and civil functions administered by the Department of the Army, for the fiscal year ending June 30, 1957, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending June 30, 1957, for the Tennessee Valley Authority, certain agencies of the Department of the Interior, and civil functions administered by the Department of the Army, and for other purposes, namely:

TITLE I—TENNESSEE VALLEY AUTHORITY

For the purpose of carrying out the provisions of the Tennessee Valley Authority Act of 1933, as amended (16 U. S. C., ch. 12A), including hire, maintenance, and operation of aircraft, and purchase (not to exceed two hundred and eleven, for replacement only) and hire of passenger motor vehicles, $5,357,000: Provided, That there shall be available for resource development activities pursuant to the Tennessee Valley Authority Act of 1933, as amended, not to exceed $1,150,000: Provided further, That none of the funds provided herein may be used to acquire a building for use as an Administrative office of the Tennessee Valley Authority.

Reduction in Appropriations

The sum of $6,500,000 appropriated under this head in the Public Works Appropriation Act, 1956, for transmission connections with the Mississippi Valley Generating Company is rescinded as of July 1, 1956, and shall be covered into the Treasury as of that date.

TITLE II—DEPARTMENT OF THE INTERIOR

Office of the Secretary

Operation and Maintenance, Southeastern Power Administration

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy pursuant to the provisions of section 5 of the Flood Control Act of 1944 (16 U. S. C. 825s), as applied to the southeastern power area, $1,378,000.

Operation and Maintenance, Southwestern Power Administration

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy pursuant to the provisions of section 5 of the Flood Control Act of 1944 (16 U. S. C. 825s), as applied to the southwestern power area, including purchase of not to exceed four passenger motor vehicles for replacement only, $1,000,000.
CONTINUING FUND, SOUTHWESTERN POWER ADMINISTRATION

Not to exceed $6,400,000 shall be available during the current fiscal year from the continuing fund for all costs in connection with the purchase of electric power and energy, and rentals for the use of transmission facilities.

BONNEVILLE POWER ADMINISTRATION

CONSTRUCTION

For construction and acquisition of transmission lines, substations, and appurtenant facilities, as authorized by law, to remain available until expended, $18,700,000.

OPERATION AND MAINTENANCE

For necessary expenses of operation and maintenance of the Bonneville transmission system and of marketing electric power and energy, $7,400,000.

ADMINISTRATIVE PROVISIONS

Appropriations of the Bonneville Power Administration shall be available to carry out all the duties imposed upon the Administrator pursuant to law, including purchase of not to exceed thirty-two passenger motor vehicles for replacement only. Appropriations made herein to the Bonneville Power Administration shall be available in one fund, except that the appropriation herein made for operation and maintenance shall be available only for the service of the current fiscal year.

Other than as may be necessary to meet local emergencies, not to exceed 12 per centum of the appropriation for construction herein made for the Bonneville Power Administration shall be available for construction work by force account or on a hired-labor basis.

BUREAU OF RECLAMATION

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau, as follows:

GENERAL INVESTIGATIONS

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans; formulating plans and preparing designs and specifications for authorized Federal reclamation projects or parts thereof prior to initial allocation of appropriations for construction of such projects or parts; and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects; to remain available until expended, $5,680,000 of which $4,970,000 shall be derived from the reclamation fund and $500,000 shall be derived from the Colorado River development fund: Provided, That none of this appropriation shall be used for more than one-half of the cost of an investigation requested by a State, municipality, or other interest.

CONSTRUCTION AND REHABILITATION

For construction and rehabilitation of authorized reclamation projects or parts thereof (including power transmission facilities) and for
other related activities, as authorized by law, to remain available until expended, $131,225,500, of which $63,083,000 shall be derived from the reclamation fund: Provided, That no part of this appropriation shall be available for other than the completion of field engineering, survey work, and preliminary designs of the Southwest Contra Costa County Water District System and no repayment contract shall be executed or construction begun until plans have been submitted to and approved by the Congress through its legislative and appropriation procedures, after submission of a report to the Congress by the Secretary of the Interior (1) on the cost and feasibility of said project, including the necessary distribution system and (2) on the rates required to be charged to the ultimate consumers: Provided further, That not to exceed $208,000 of this appropriation shall be available for the construction of fish protective facilities at Savage Rapids Dam, Oregon, to be nonreimbursable and nonreturnable: Provided further, That not to exceed $200,000 of this appropriation shall be available for lighting the spillway of Grand Coulee Dam and shall be non-reimbursable and nonreturnable: Provided further, That not to exceed $233,800 shall be available for the emergency protection of medicinal waters of Soap Lake, Washington, from irrigation operations of the Columbia Basin project, which amount beyond the ability of the water users to repay shall be repayable from surplus power revenues of Grand Coulee Dam: Provided further, That not to exceed $520,000 shall be available toward emergency rehabilitation of the works of the Hayden Lake unit, Rathdrum Prairie project, Idaho, to be repaid in full under conditions satisfactory to the Secretary of the Interior: Provided further, That no part of this appropriation shall be used to initiate the construction of transmission facilities within those areas covered by power wheeling service contracts which include provision for service to Federal establishments and preferred customers, except those transmission facilities for which construction funds have been heretofore appropriated, those facilities which are necessary to carry out the terms of such contracts or those facilities for which the Secretary of the Interior finds the wheeling agency is unable or unwilling to provide for the integration of Federal projects or for service to a Federal establishment or preferred customer: Provided further, That no part of this or prior appropriations shall be used for construction, nor for further commitments to construction of Moorhead Dam and Reservoir, Montana, or any feature thereof until a definite plan report thereon has been completed, reviewed, by the States of Wyoming and Montana, and approved by the Congress.

OPERATION AND MAINTENANCE

For operation and maintenance of reclamation projects or parts thereof and of other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, $27,267,000, of which $22,055,700 shall be derived from the reclamation fund and $2,115,000 shall be derived from the Colorado River dam fund, including (notwithstanding the provisions of the First Deficiency Appropriation Act, 1944, relating thereto) operation and maintenance of Palo Verde weir: Provided, That funds advanced for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same objects and in the same manner as sums appropriated herein may be expended, and the unexpended balances of such advances shall be credited to the appropriation for the next succeeding fiscal year.
GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the offices of the Commissioner of Reclamation and in the regional offices of the Bureau of Reclamation, $3,942,000 to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377); Provided, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

UPPER COLORADO RIVER BASIN FUND

For payment to the “Upper Colorado River Basin fund”, authorized by section 5 of the Act of April 11, 1956 (Public Law 485), $13,000,000, to remain available until expended.

SPECIAL FUNDS

Sums herein referred to as being derived from the reclamation fund, the Colorado River dam fund, or the Colorado River development fund, are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391), the Act of December 21, 1928 (43 U.S.C. 617a), and the Act of July 19, 1940 (43 U.S.C. 618a), respectively. Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the heads “Operation and Maintenance” and “General Administrative Expenses” shall revert and be credited to the special fund from which derived.

ADMINISTRATIVE PROVISIONS

Appropriations to the Bureau of Reclamation shall be available for purchase of not to exceed seventy-five passenger motor vehicles for replacement only; purchase of two aircraft for replacement only; payment of claims for damage to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expense of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiation and administration of interstate compacts without reimbursement or return under the reclamation laws; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head “Operation and Maintenance Administration”, Bureau of Reclamation, in the Interior Department Appropriation Act, 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Act of August 21, 1935 (16 U.S.C. 461-467): Provided, That no part of any appropriation made herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except “General Administrative Expenses” and amounts provided for reconnaissance, basin surveys, and general engineering and research under the head “General Investigations”.

Allotments to the Missouri River Basin project from the appropriation under the head “Construction and Rehabilitation” shall be available additionally for said project for those functions of the Bureau...
of Reclamation provided for under the head "General Investigations" (but this authorization shall not preclude use of the appropriation under said head within that area), and for the continuation of investigations by agencies of the Department on a general plan for the development of the Missouri River Basin. Such allotments may be expended through or in cooperation with State and other Federal agencies, and advances to such agencies are hereby authorized.

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: Provided, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 6579 of the Revised Statutes, as amended (31 U. S. C. 665).

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefit of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual, when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

Not to exceed $225,000 may be expended from the appropriation "Construction and Rehabilitation" for work by force account on any one project or Missouri Basin unit and then only when such work is unsuitable for contract or no acceptable bid has been received and, other than otherwise provided in this paragraph or as may be necessary to meet local emergencies, not to exceed 12 per centum of the construction allotment for any project from the appropriation "Construction and Rehabilitation" contained in this Act shall be available for construction work by force account.

Sums which have heretofore been expended for construction purposes on the Boulder Canyon project from operation and maintenance appropriations and revenue receipts shall be considered as having been advanced to the Colorado River dam fund and repaid to the Secretary of the Treasury as of May 31 of the same operating year.

Funds made available herein and hereafter to the Trinity division, Central Valley project, shall be available for the design and construction of power and hydraulic facilities totaling not to exceed approximately four hundred thousand kilowatts.

All funds expended for construction, operation, and maintenance of the two thousand-second-foot Wahluke siphon, Columbia Basin project, shall be reimbursable, but repayment of those parts thereof and of other expenditures for said project which the Secretary finds properly allocable to irrigable lands located on the Wahluke slope shall be deferred until they are no longer needed in connection with operations of the Atomic Energy Commission and have been irrigated.

**General Provisions**

SEC. 201. Appropriations in this title available for travel expenses shall be available for expenses of attendance of officers and employees at meetings or conventions of members of societies or associations concerned with the work of the bureau or office for which the appropriation concerned is made.
Sec. 202. Appropriations in this title shall be available for expendi­
ture or transfer (within each bureau or office), with the approval of
the Secretary, for the emergency reconstruction, replacement or repair
of buildings, utilities, or other facilities or equipment damaged or
destroyed by fire, flood, storm, or other unavoidable causes: Provided,
That no funds shall be made available under this authority until funds
specifically made available to the Department of the Interior for
emergencies shall have been exhausted.
Sec. 203. The Secretary may authorize the expenditure or transfer
(within each bureau or office) of any appropriation in this title, in
addition to the amounts included in the budget programs of the sev­
eral agencies, for the suppression or emergency prevention of forest
or range fires on or threatening lands under jurisdiction of the Depart­
ment of the Interior.
Sec. 204. Appropriations in this title shall be available for opera­
tion of warehouses, garages, shops, and similar facilities, wherever
consolidation of activities will contribute to efficiency or economy, and
said appropriations shall be reimbursed for services rendered to any
other activity in the same manner as authorized by the Act of June 30,
1932 (31 U. S. C. 686): Provided, That reimbursements for cost of
supplies, materials and equipment, and for services rendered may
be credited to the appropriation current at the time such reimburse­
ments are received.

TITLE III—CIVIL FUNCTIONS, DEPARTMENT OF THE
ARMY

Cemeterial Expenses

For necessary cemeterial expenses as authorized by law, including
maintenance, operation, and improvement of national cemeteries, and
purchase of headstones and markers for unmarked graves; purchase
of two passenger motor vehicles; maintenance of that portion of Con­
gressional Cemetery to which the United States has title, Confederate
burial places under the jurisdiction of the Department of the Army,
The Surrender Tree site in Cuba, and graves used by the Army in com­
mercial cemeteries; $6,765,000: Provided, That this appropriation shall
not be used to repair more than a single approach road to any national
cemetery: Provided further, That this appropriation shall not be obli­
gated for construction of a superintendent’s lodge or family quarters
at a cost per unit in excess of $14,000, but such limitation may be in­
creased by such additional amounts as may be required to provide
office space, public comfort rooms, or space for the storage of Govern­
ment property within the same structure.

RIVERS AND HARBORS AND FLOOD CONTROL

The following appropriations shall be expended under the direction
of the Secretary of the Army and the supervision of the Chief of En­
gineers for authorized civil functions of the Department of the Army
pertaining to rivers and harbors, flood control, beach erosion, and
related purposes:

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic informa­
tion pertaining to river and harbor, flood control, shore protection,
and related projects, and when authorized by law, preliminary exami­
nations, surveys and studies (including cooperative beach erosion
studies as authorized in Public Law Numbered 520, Seventy-first Con­
For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by law; detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction); and not to exceed $1,400,000 for transfer to the Secretary of the Interior for conservation of fish and wildlife as authorized by law; to remain available until expended, $455,949,500, of which $300,000 shall be for the project "Mississippi River-Gulf Outlet, Louisiana": Provided, That funds appropriated herein may at the discretion and under the direction of the Chief of Engineers be used in payment to the accounts of the Confederated Tribes of the Yakima Reservation; the Confederated Tribes of the Warm Springs Reservation; the Confederated Tribes of the Umatilla Reservation; or other recognized Indian tribes, and those individual Indians not enrolled in any recognized tribe, but who through domicile at or in the immediate vicinity of the reservoir and through custom and usage are found to have an equitable interest in the fishery, all of whose fishing rights and interests will be impaired by the Government incident to the construction, operation, or maintenance of The Dalles Dam, Columbia River, Washington and Oregon, and must be subordinated thereto by agreement or litigation: Provided further, That in view of the physical conditions that developed during construction which increased the cost of land acquisition beyond the legal authority of the city of Grand Forks to provide, the Chief of Engineers is authorized to expend, for land acquisition, not to exceed the sum of $100,000 of the amount herein appropriated for the Grand Forks unit of the Red River of the North project: Provided further, That in lieu of protecting the Lewis and Clark Irrigation District, the sum of $1,935,000 of the funds herein or hereafter appropriated for the Garrison Dam and Reservoir project on the Missouri River shall be available for the purchase of lands and improvements in the Lewis and Clark Irrigation District, and the sum of $1,196,000 shall be available for the relocation of highways and utilities therein. The substitution of land acquisition for the protection shall be made and the Secretary of the Army shall acquire such land and improvements if all of the landowners, on or before June 30, 1957, have offered to sell their property on terms agreeable to said landowners, and within the amount provided herein for such land acquisition: Provided further, That in lieu of protecting the East Bottom of the Buford-Trenton Irrigation District, the sum of $1,341,891 of the funds herein or hereafter appropriated for the Garrison Dam and Reservoir project on the Missouri River shall be available for the purchase of lands and improvements in and contiguous to the Buford-Trenton Irrigation District, and not to exceed $2,000,000 shall be available to the Corps of Engineers for protection of the intake structure of the pumping plant in Zero Bottom and for the construction of bank protection to prevent erosion in the Missouri River adjacent to the Buford-Trenton irrigation project. The substitution of land acquisition for protection shall be made and the Secretary of the Army shall acquire such land and improvements if all of the landowners, except the heirs of Louis Morin, Junior, on or before June 30, 1957, have offered to sell their property on the terms agreeable
to said landowners, and within the amount provided for such land
acquisition: Provided, That the Chief of Engineers, United States
Army, is authorized to acquire by condemnation proceedings, in the
appropriate United States district court, the public domain allotment
of Louis Morin, Junior, now deceased, described as the west half south-
west quarter, section 16, and the north half southeast quarter, section
17, township 153 north, range 102 west, fifth principal meridian, North
Dakota, in connection with the construction and operation of the Garri-
son Dam and Reservoir: Provided further, That in the event land
acquisition is undertaken in lieu of protection of the East Bottom,
that in recognition of the increased per acre annual operation and
maintenance cost of the remaining lands in the Buford-Trenton Irri-
gation District, the construction charge obligation assignable to the
remaining lands of said district pursuant to the Act of October 14,
1940 (54 Stat. 1119), as amended, and the proposed contract between
the United States and Buford-Trenton Irrigation District, approved
as to form February 23, 1955, shall be nonreimbursable, and the Secre-
tary of the Interior is authorized and directed to enter into a contract
with the Buford-Trenton Irrigation District to transfer operation and
maintenance responsibility for project works constructed by the Bureau
of Reclamation for the benefit of the Buford-Trenton Irrigation
District to such district: Provided further, That not to exceed
$2,500,000 of the funds provided herein shall be available for the
construction of small authorized projects selected by the Secretary of
the Army the cost of which is not in excess of $150,000 and any such
project shall be completed within the funds herein appropriated.

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance,
and care of existing river and harbor, flood control, and related works,
including such sums as may be necessary for the maintenance of harbor
channels provided by a State, municipality, or other public agency,
outside of harbor lines, and serving essential needs of general com-
merce and navigation; surveys and charting of northern and north-
western lakes and connecting waters; clearing and straightening
channels; removal of obstructions to navigation; rescue work, and
repair, restoration, or maintenance of flood control projects threatened
or destroyed by flood; and not to exceed $1,250,000 for transfer to the
Secretary of the Interior for conservation of fish and wildlife as
authorized by law; to remain available until expended, $93,900,000.

GENERAL EXPENSES

For expenses necessary for general administration and related func-
tions in the Office of the Chief of Engineers and offices of the Division
Engineers; activities of the Board of Engineers for Rivers and Har-
bors, the Beach Erosion Board, and the California Debris Commission;
administration of laws pertaining to preservation of navigable waters;
commercial statistics; and miscellaneous investigations; $10,400,000.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES

For expenses necessary for prosecuting work of flood control, and
rescue work, repair, restoration or maintenance of flood control proj-
ects threatened or destroyed by flood, as authorized by law (33 U. S. C.
702a, 702g-1), to remain available until expended, $62,791,000.
For financing a part of the United States share of the cost of remedial works in the Niagara River, to be undertaken in accordance with article II of the treaty between the United States of America and Canada, ratified by the United States Senate on August 9, 1950, to remain available until expended, $500,000.

UNITED STATES SECTION, SAINT LAWRENCE RIVER JOINT BOARD OF ENGINEERS

For necessary expenses of the United States section of the Saint Lawrence River Joint Board of Engineers, established by Executive Order 10500, dated November 4, 1953, including services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a), at rates not to exceed $100 per day for individuals; $150,000: Provided, That no part of these funds shall be obligated until agreement has been entered into, by the United States Government and the United States entity authorized to construct the power works in the International Rapids section of the Saint Lawrence River, providing for the reimbursement of the expenditures of the United States section of this Board by the construction entity.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for expenses of attendance at meetings of organizations concerned with the work for which the appropriation is made, for uniforms, or allowances therefor, as authorized by the Act of September 1, 1954 (68 Stat. 1114), as amended, and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress; and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed two hundred and forty-seven for replacement only) and hire of passenger motor vehicles.

This Act may be cited as the “Public Works Appropriation Act, 1957”.

Approved July 2, 1956.
