AN ACT

To provide for the erection of suitable markers at Fort Myer, Virginia, to commemorate the first flight of an airplane on an Army installation, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Army shall provide for the erection of a suitable marker at Fort Myer, Virginia, to commemorate the first flight of an airplane on an Army installation, which occurred on September 3, 1908, when Wilbur and Orville Wright demonstrated their "flying machine" for possible purchase by the Army. Such marker shall be unveiled with appropriate military ceremonies on September 3, 1958, the fiftieth anniversary of such flight.

Sec. 2. The Secretary of the Army shall also provide for the erection of a suitable bronze plaque at Fort Myer, Virginia, to mark the approximate site of the first crash of an airplane on an Army installation, which occurred on September 17, 1908. As a result of such crash, Lieutenant Thomas E. Selfridge subsequently lost his life and became the first Army officer to pay the supreme sacrifice in an effort to aid man's endeavor to fly.

JOINT RESOLUTION

To authorize the construction of certain water conservation projects to provide for a more adequate supply of water for irrigation purposes in the Pecos River Basin, New Mexico and Texas.

Whereas there has been an inadequate supply of water for beneficial consumptive uses in the Pecos River Basin, New Mexico and Texas, for a number of years; and

Whereas in recent years the shortage of water for beneficial consumptive uses in such basin has been aggravated by reason of the non-beneficial consumptive use of water by salt cedars in such basin and by reason of the infiltration of brine into such river; and

Whereas the States of New Mexico and Texas, with the consent of Congress, entered into a compact in 1948 with respect to the Pecos River and one of the principal purposes of such compact was to provide for cooperation between the Federal Government and the States of New Mexico and Texas in studies and projects designed to make available a greater supply of water for beneficial consumptive uses in such basin; and

Whereas the Bureau of Reclamation and the Geological Survey, after investigation of certain conditions causing the shortage of water in the Pecos River Basin, have made reports in which they have respectively considered, for the purpose of alleviating such shortage, engineering and other aspects of the construction of a water salvage channel in such basin and the construction of works for the alleviation of salinity in such basin; and
