To amend title 10, United States Code, to authorize transportation at Government expense for dependents accompanying members of the uniformed services at their posts of duty outside the United States, who require medical care not locally available.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That chapter 53 of title 10, United States Code, is amended—

(1) by adding the following new section at the end thereof:

"§ 1040. Transportation of dependent patients

"(a) Except as provided in subsection (b), if a dependent accompanying a member of the uniformed services who is stationed outside the United States and who is on active duty for a period of more than thirty days requires medical attention which is not available in the locality, transportation of the dependents at the expense of the United States is authorized to the nearest appropriate medical facility in which adequate medical care is available. On his recovery or when it is administratively determined that the patient should be removed from the medical facility involved, the dependent may be transported at the expense of the United States to the duty station of the member or to such other place determined to be appropriate under the circumstances. If a dependent is unable to travel unattended, round-trip transportation and travel expenses may be furnished necessary attendants.

"(b) This section does not authorize transportation and travel expenses for a dependent for elective surgery which is determined to be not medically indicated by a medical authority designated under joint regulations to be prescribed under this section.

"(c) 'Dependent' and 'uniformed services' in this section have the meanings of those terms as defined in section 1072 of this title.

"(d) Transportation and travel expenses authorized by this section shall be furnished in accordance with joint regulations to be prescribed by the Secretary of the Treasury, the Secretary of Defense, the Secretary of Commerce, and the Secretary of Health, Education, and Welfare, which shall require the use of transportation facilities of the United States insofar as practicable."
