AN ACT

To provide for the establishment of the National Foundation on the Arts and the Humanities to promote progress and scholarship in the humanities and the arts in the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “National Foundation on the Arts and the Humanities Act of 1965”.

DECLARATION OF PURPOSE

SEC. 2. The Congress hereby finds and declares—
(1) that the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter for private and local initiative, is also an appropriate matter of concern to the Federal Government;
(2) that a high civilization must not limit its efforts to science and technology alone but must give full value and support to the other great branches of man’s scholarly and cultural activity;
(3) that democracy demands wisdom and vision in its citizens and that it must therefore foster and support a form of education designed to make men masters of their technology and not its unthinking servant;
(4) that it is necessary and appropriate for the Federal Government to complement, assist, and add to programs for the advancement of the humanities and the arts by local, State, regional, and private agencies and their organizations;
(5) that the practice of art and the study of the humanities requires constant dedication and devotion and that, while no government can call a great artist or scholar into existence, it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry but also the material conditions facilitating the release of this creative talent;
(6) that the world leadership which has come to the United States cannot rest solely upon superior power, wealth, and technology, but must be solidly founded upon worldwide respect and admiration for the Nation’s high qualities as a leader in the realm of ideas and of the spirit; and
(7) that, in order to implement these findings, it is desirable to establish a National Foundation on the Arts and the Humanities and to strengthen the responsibilities of the Office of Education with respect to education in the arts and the humanities.
