Public Law 90-371

AN ACT

To authorize the Bureau of Prisons to assist State and local governments in the improvement of their correctional systems.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 4042 of title 18, United States Code, is amended by striking out the period and inserting a semicolon and by adding the following at the end of the first paragraph:

“(4) Provide technical assistance to State and local governments in the improvement of their correctional systems.”

Approved July 1, 1968.

Public Law 90-372

AN ACT

To name the United States customhouse, Providence, Rhode Island, the “John E. Fogarty Federal Building”.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the United States customhouse, Providence, Rhode Island, shall, from and after the date of enactment of this Act, be known and designated as the “John E. Fogarty Federal Building”. Any reference in a law, map, regulation, document, record, or other paper of the United States to such United States customhouse shall be held to be a reference to the “John E. Fogarty Federal Building”.

Approved July 2, 1968.

Public Law 90-373

AN ACT

To authorize appropriations to the National Aeronautics and Space Administration for research and development, construction of facilities, and administrative operations, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby authorized to be appropriated to the National Aeronautics and Space Administration:

(a) For “Research and development,” for the following programs:

1. Apollo, $2,025,000,000;
2. Apollo applications, $253,200,000;
3. Advanced missions, $2,500,000;
4. Physics and astronomy, $136,900,000;
5. Lunar and planetary exploration, $92,300,000;
6. Biocience, $33,000,000;
7. Space applications, $98,700,000;
8. Launch vehicle procurement, $115,700,000;
9. Sustaining university program, $9,000,000;
10. Space vehicle systems, $31,800,000;
11. Electronics systems, $35,500,000;
12. Human factor systems, $19,700,000;
13. Basic research, $21,000,000;
14. Space power and electric propulsion systems, $42,300,000;
15. Nuclear rockets, $55,000,000;
(16) Chemical propulsion, $30,200,000;
(17) Aeronautical vehicles, $74,900,000;
(18) Tracking and data acquisition, $289,800,000;
(19) Technology utilization, $3,800,000.

(b) For “Construction of facilities,” including land acquisitions, as follows:

(1) Ames Research Center, Moffett Field, California, $386,000;
(2) John F. Kennedy Space Center, NASA, Kennedy Space Center, Florida, $12,109,000;
(3) Manned Spacecraft Center, Houston, Texas, $1,500,000;
(4) Michoud Assembly Facility, New Orleans and Slidell, Louisiana, $400,000;
(5) Wallops Station, Wallops Island, Virginia, $500,000;
(6) Various locations, $23,705,000;
(7) Facility planning and design not otherwise provided for, $1,000,000.

(c) For “Administrative operations,” $603,173,000.

(d) Appropriations for “Research and development” may be used (1) for any items of a capital nature (other than acquisition of land) which may be required for the performance of research and development contracts, and (2) for grants to nonprofit institutions of higher education, or to nonprofit organizations whose primary purpose is the conduct of scientific research, for purchase or construction of additional research facilities; and title to such facilities shall be vested in the United States unless the Administrator determines that the national program of aeronautical and space activities will best be served by vesting title in any such grantee institution or organization. Each such grant shall be made under such conditions as the Administrator shall determine to be required to insure that the United States will receive therefrom benefit adequate to justify the making of that grant. None of the funds appropriated for “Research and development” pursuant to this Act may be used for construction of any major facility, the estimated cost of which, including collateral equipment, exceeds $250,000, unless the Administrator or his designee has notified the Speaker of the House of Representatives and the President of the Senate and the Committee on Science and Astronautics of the House of Representatives and the Committee on Aeronautical and Space Sciences of the Senate of the nature, location, and estimated cost of such facility.

(e) When so specified in an appropriation Act, (1) any amount appropriated for “Research and development” or for “Construction of facilities” may remain available without fiscal year limitation, and (2) maintenance and operation of facilities, and support services contracts may be entered into under the “Administrative operations” appropriation for periods not in excess of twelve months beginning at any time during the fiscal year.

(f) Appropriations made pursuant to subsection 1(c) may be used, but not to exceed $35,000, for scientific consultations or extraordinary expenses upon the approval or authority of the Administrator and his determination shall be final and conclusive upon the accounting officers of the Government.

(g) No part of the funds appropriated pursuant to subsection 1(c) for maintenance, repairs, alterations, and minor construction shall be used for the construction of any new facility the estimated cost of which, including collateral equipment, exceeds $100,000.

(h) No part of the funds appropriated pursuant to subsection (a) of this section may be used for grants to any nonprofit institution of higher learning unless the Administrator or his designee determines at the time of the grant that recruiting personnel of any of the Armed
Forces of the United States are not being barred from the premises or property of such institution except that this subsection shall not apply if the Administrator or his designee determines that the grant is a continuation or renewal of a previous grant to such institution which is likely to make a significant contribution to the aeronautical and space activities of the United States. The Secretary of Defense shall furnish to the Administrator or his designee within sixty days after the date of enactment of this Act and each January 30 and June 30 thereafter the names of any nonprofit institutions of higher learning which the Secretary of Defense determines on the date of each such report are barring such recruiting personnel from premises or property of any such institution.

Sec. 2. Authorization is hereby granted whereby any of the amounts prescribed in paragraphs (1), (2), (3), (4), (5), and (6) of subsection 1(b) may, in the discretion of the Administrator of the National Aeronautics and Space Administration, be varied upward 5 per centum to meet unusual cost variations, but the total cost of all work authorized under such paragraphs shall not exceed the total of the amounts specified in such paragraphs.

Sec. 3. Not to exceed one-half of 1 per centum of the funds appropriated pursuant to subsection 1(a) hereof may be transferred to the “Construction of facilities” appropriation, and, when so transferred, together with $10,000,000 of the funds appropriated pursuant to subsection 1(b) hereof (other than funds appropriated pursuant to paragraph (7) of such subsection) shall be available for expenditure to construct, expand, or modify laboratories and other installations at any location (including locations specified in subsection 1(b)), if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments, and (2) he determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations unless (A) a period of thirty days has passed after the Administrator or his designee has transmitted to the Speaker of the House of Representatives and to the President of the Senate and to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a written report containing a full and complete statement concerning (1) the nature of such construction, expansion, or modification, (2) the cost thereof including the cost of any real estate action pertaining thereto, and (3) the reason why such construction, expansion, or modification is necessary in the national interest, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

Sec. 4. Notwithstanding any other provision of this Act—

(1) no amount appropriated pursuant to this Act may be used for any program deleted by the Congress from requests as originally made to either the House Committee on Science and Astronautics or the Senate Committee on Aeronautical and Space Sciences,

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for
that particular program by sections 1(a) and 1(c), and
(3) no amount appropriated pursuant to this Act may be used
for any program which has not been presented to or requested of
either such committee,
unless (A) a period of thirty days has passed after the receipt by the
Speaker of the House of Representatives and the President of the Sen­
ate and each such committee of notice given by the Administrator or
his designee containing a full and complete statement of the action
proposed to be taken and the facts and circumstances relied upon in
support of such proposed action, or (B) each such committee before
the expiration of such period has transmitted to the Administrator
written notice to the effect that such committee has no objection to the
proposed action.

Sec. 5. (a) No part of the funds appropriated pursuant to this Act
shall be available for the payment of any salary of an individual con­
victed by any Federal, State, or local court of competent jurisdiction of—
(1) inciting a riot or civil disorder;
(2) organizing, promoting, encouraging, or participating in a
riot or civil disorder;
(3) aiding or abetting any person in committing any offense
specified in clause (1) or (2); or
(4) any offense determined by the Administrator of the National
Aeronautics and Space Administration to have been committed in
furtherance of, or while participating in, a riot or civil disorder;
if the offense for which he is convicted is a felony. Any such individual
holding a position in the National Aeronautics and Space Administra­
tion on the date his conviction becomes final shall be removed from
such position.

(b) For the purposes of this section, “felony” means any offense
for which imprisonment is authorized for a term exceeding one year.
(c) The provisions of subsection (a) shall apply only with respect
to acts referred to in clauses (1)–(4) which are committed after the
date of enactment of this Act.

Sec. 6. It is the sense of the Congress that it is in the national interest
that consideration be given to geographical distribution of Federal re­
search funds whenever feasible, and that the National Aeronautics
and Space Administration should explore ways and means of dis­
tributing its research and development funds whenever feasible.

Sec. 7. This Act may be cited as the “National Aeronautics and
Space Administration Authorization Act, 1969”.

Approved July 3, 1968.

Public Law 90-374

AN ACT

To amend title 10, United States Code, to increase the number of congressional
alternates authorized to be nominated for each vacancy at the Military, Naval,
and Air Force Academies.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled, That sections 4342(a) (last sentence), 6954(a) (last sentence), 6956(a), and 9342(a) (last sentence) of title 10, United States Code, are each amended by strik­
ing out “five” and inserting in place thereof “nine”.

Approved July 5, 1968.
