PART D—GENERAL PROVISIONS

STATE PLAN

SEC. 131. (a) Any State which desires to receive a grant under part B or C of this title in order to make program or project grants within such State shall, through a single State agency designated for the purposes of this title, submit to the Secretary a comprehensive juvenile delinquency plan in such detail as the Secretary deems necessary.

(b) The Secretary shall approve a State plan or modification thereof for any fiscal year for purposes of this section if he determines that the plan for that fiscal year—

(1) provides that the grant to the State will be used solely (A) for projects and programs which are submitted to the State agency by a community, municipal, or other local public agency or local nonprofit private agency or organization, or combination thereof, which meet the requirements of section 113 or section 123, and which are approved by such State agency, and (B) for paying up to 75 per centum of the cost of administering the plan approved under this section;

(2) (A) sets forth, on the basis of an analysis and survey of the needs in the State for assistance under part B or C, a method of distribution of funds under the plan, including establishment of priorities for locations and types of projects and programs, which gives emphasis to community based alternatives to programs of institutionalization and which conforms to criteria of the Secretary, and (B) provides for distribution of such funds, insofar as financial resources make possible, in accordance with such method;

(3) provides for an appropriate balance of rehabilitation and preventive projects and programs;

(4) provides for (A) effective coordination of plans and programs developed and conducted by the State in fields related to juvenile delinquency, including programs under the Elementary and Secondary Education Act of 1965, the Social Security Act, the Manpower Development and Training Act of 1962, and pro-

grams for the prevention and detection of crime, with plans, projects, and programs developed and conducted by the State under this title, and (B) appropriate application of resources under such other plans and programs to support and reinforce plans, projects, and programs under this title;

(5) provides for the effective participation of persons representative of local and areawide public and private groups and organizations familiar with the field of juvenile delinquency and with associated fields in the development and implementation of the State plan;

(6) demonstrates the capability of the State agency in the areas of planning, project and program development, technical assistance, and evaluation, and sets forth the administrative organization and procedures in such detail as the Secretary may prescribe by regulation;

(7) provides for the maximum use of other Federal, State, and local resources, including resources available through the programs referred to in paragraph (4), in carrying out the State plan and projects and programs under it;

(8) sets forth policies and procedures which give assurance that the Federal grant for any fiscal year will be used to supplement and, to the extent practical, increase the fiscal effort (determined in accordance with criteria prescribed by the Secretary by regulation) that would, in the absence of such Federal grant, be made by the State, and subdivisions thereof, in the field of juvenile delinquency;

(9) provides for adoption of effective procedures (A) for the evaluation at least annually of the effectiveness of the programs and projects supported under the State plan, and (B) for dissemination of information secured thereby and other useful information to local public or nonprofit private agencies and organizations in the State operating in the field of juvenile delinquency or a related field;

(10) provides for adoption of procedures to assure that funds paid to local public or nonprofit private agencies and organizations with respect to projects and programs under the plan will be used in accordance with applications therefor approved under the plan;

(11) provides for making an annual report and such other reports, in such form and containing such information and evaluations, as the Secretary may reasonably require;

(12) provides that final action by the State agency denying (in whole or in part), or withholding funds with respect to, any application (or amendment thereof) made to it for a grant under part B or C shall not be taken without first affording the applicant reasonable notice and opportunity for a hearing;

(13) provides, in the case of an application for a program or a project which is in the nature of an amendment to the State plan or a clear departure from the purview of the State plan, that final approval by the State agency of such application shall not be given unless such application has been submitted to the Secretary together with a brief statement describing the proposed program or project, and the Secretary has not, within thirty days after such submission, disapproved such application; and

(14) provides assurance that the State will furnish at least one-half of the non-Federal share of funds required to meet the cost of programs and projects aided under the State plan.

(c) Depending upon the availability of funds, and the other applications under part B or C, the Secretary may approve all or part of

the assistance requested by a State agency pursuant to an approved State plan, but all assistance requested by such agency, pursuant to an approved State plan, may be disapproved only if he determines that the provision of such assistance would so disperse available funds that the effectiveness of other projects or programs under part B or C which would more effectively carry out the purposes of part B or C, would be impaired.

(d) The Secretary may, if he finds that a State plan for a fiscal year is in substantial (but not complete) compliance with the requirements set forth in subsection (b), approve that part of the plan which is in compliance with such requirements and make available to that State only those funds which he determines to be necessary to carry out that part of the plan so approved.

(e) (1) The Secretary shall not finally disapprove any plan submitted under subsection (a), or any modification thereof, without first affording the State agency submitting the plan reasonable notice and opportunity for a hearing.

(2) Whenever the Secretary, after reasonable notice and opportunity for hearing to any State agency, finds that there has been a failure to comply substantially with any requirement set forth in the plan of that State approved under this section, the Secretary shall notify the agency that further payments will not be made to the State under parts B and C (or, in his discretion, that the State agency shall not make further payments thereunder to specified public agencies or nonprofit private agencies or organizations affected by the failure) until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, no further payments shall be made to the State under such parts or payments by the State agency under such parts shall be limited to public agencies or nonprofit private agencies and organizations not affected by the failure, as the case may be.

DIRECT GRANTS

SEC. 132. Until a State has submitted a State comprehensive juvenile delinquency plan under this title and the Secretary has approved such plan, or upon failure of the State to carry out such plan according to the terms and conditions specified in such plan as approved, the Secretary may make grants directly to public agencies or nonprofit private agencies and organizations in accordance with the provisions of parts B and C of this title. No grant under this section shall be for an amount in excess of 60 per centum in the case of part B or 75 per centum in the case of part C of the cost of the project or program with respect to which it is made.

It shall be a condition of any grant under part B which is wholly or partially for construction that all laborers and mechanics employed by contractors or subcontractors on such construction shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary of Labor shall have with respect to these labor standards the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 P.R. 36, 64 Stat. 1267) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c).
