#### JOINT RESOLUTION

September 28, 1968

[H.J. Res. 1371]

To provide that it be the sense of Congress that a White House Conference on Aging be called by the President of the United States in 1971, to be planned and conducted by the Secretary of Health, Education, and Welfare, and for related purposes.

Whereas the primary responsibility for meeting the challenge and problems of aging is that of the States and communities, all levels of government are involved and must necessarily share responsibility; and it is therefore the policy of the Congress that the Federal Government shall work jointly with the States and their citizens, to develop recommendations and plans for action, consistent with the objectives of this joint resolution, which will serve the purposes of—

(1) assuring middle-aged and older persons equal opportunity with others to engage in gainful employment which they are capable of performing; and

(2) enabling retired persons to enjoy incomes sufficient for health and for participation in family and community life as self-respecting citizens; and

(3) providing housing suited to the needs of older persons and at prices they can afford to pay; and

(4) assisting middle-aged and older persons to make the preparation, develop skills and interests, and find social contacts which will make the gift of added years of life a period of reward and satisfaction; and

(5) stepping up research designed to relieve old age of its burdens of sickness, mental breakdown, and social ostracism; and

(6) evaluating progress made since the last White House Conference on Aging, and examining the changes which the next decade will bring in the character of the problems confronting older persons; and

Whereas it is essential that in all programs developed for the aging, emphasis should be upon the right and obligation of older persons to free choice and self-help in planning their own futures: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That (a) the President of the United States is authorized to call a White House Conference on Aging in 1971 in order to develop recommendations for further

research and action in the field of aging, which will further the policies set forth in the preamble of this joint resolution, shall be planned and conducted under the direction of the Secretary who shall have the cooperation and assistance of such other Federal departments and agencies, including the assignment of personnel, as may be appropriate.

(b) For the purpose of arriving at facts and recommendations concerning the utilization of skills, experience, and energies and the improvement of the conditions of our older people, the conference shall bring together representatives of Federal, State, and local governments, professional and lay people who are working in the field of aging, and of the general public, including older persons themselves.

(c) A final report of the White House Conference on Aging shall be submitted to the President not later than one hundred and twenty days following the date on which the Conference is called and the findings and recommendations included therein shall be immediately made available to the public.
