Whereas the recommendations of Presidential Emergency Board Number 180 did not result in a settlement of this dispute, and all procedures for resolving such dispute provided for in the Railway Labor Act have been exhausted; and

Whereas such dispute has now resulted in a cessation of the Penn Central Transportation Company's rail carrier operations; and

Whereas such cessation of operations by the Penn Central Transportation Company, a rail carrier which transports two hundred and twenty five thousand passengers a day and 20 per centum of the Nation's freight, and which provides many necessary connections with numerous other rail carriers operating throughout the Nation, threatens essential transportation services vital to the national health and safety; and

Whereas the Penn Central Transportation Company is now undergoing reorganization proceedings under section 77 of the Federal Bankruptcy Act, and its court-appointed trustees have indicated that present reorganization proceedings will not be successful, even with the eventual elimination of five thousand seven hundred train crew positions, alone, and that a massive infusion of Federal financial assistance would be needed; and

Whereas the financial crisis of the Penn Central Transportation Company is so acute that cessation of its operations for even a short period of time, may make it financially impossible to resume operations; and

Whereas failure of the Penn Central Transportation Company to resume operations, in addition to the previously stated impact on vital transportation services throughout the Nation, will further threaten the continued operation of other financially-imperiled rail carriers in the Northeast section of the Nation; and

Whereas the President has not provided the Congress with any proposals for preserving essential rail services in the Northeast section of the Nation, including those services which would be jeopardized by financial collapse of the Penn Central Company; and

Whereas the Congress finds that emergency measures are necessary to assure the continuity of essential rail transportation services: Now, therefore, in order to encourage the parties to the dispute to reach their own agreement, and to provide time for the submission to Congress of a comprehensive plan for preserving essential rail services in the Northeast section of the Nation; be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the provisions of the final paragraph of section 10 of the Railway Labor Act (45 U.S.C. 160) shall apply and be extended for an additional period commencing at the expiration of the thirty-day period provided for in the third paragraph of section 10 of the Railway Labor Act (45 U.S.C. 160) and ending at 12:01 antemeridian May 9, 1973, so that during such period no change except by agreement shall be made by the Penn Central Transportation Company or its employees

SEC. 2. Not later than forty-five days from the enactment of this joint resolution the Secretary of Transportation shall submit to the Congress a report which, regardless of the settlement of the particular dispute between the Penn Central Transportation Company and its employees represented by the United Transportation Union, provides a full and comprehensive plan for the preservation of essential rail transportation services in the Northeast section of the Nation, including the President's proposals, if any, regarding Federal financial expenditures necessary for restoration or preservation of rail transportation services imperiled by the financial failure of rail carriers, and for alternative means for providing essential transportation services now provided by such carriers.

To amend the National School Lunch Act to assure that Federal financial assistance to the child nutrition programs is maintained at the level budgeted for fiscal year ending June 30, 1973.

[H. R. 4278]

CONGRESSIONAL FINDINGS

SECTION 1. The Congress finds that the volume and variety of Federal food donations to the school lunch and child nutrition programs are significantly below the amounts programed and budgeted for the fiscal year ending June 30, 1973, and that schools participating in these programs are confronted with serious financial problems in

SCHOOL PURCHASES OF FOOD SUPPLIES

SEC. 2. Section 6 of the National School Lunch Act is amended by adding at the end thereof the following new subsections and by redesignating the existing portions of said section as subsection (a):

“(b) As of March 15, 1973, the Secretary shall make an estimate of the value of agricultural commodities and other foods that will be delivered during the fiscal year ending June 30, 1973, to States for school food service programs under the provisions of this section, section 416 of the Agricultural Act of 1949, and section 32 of the Act of August 24, 1935. If such estimated value is less than 90 per centum of the value of such deliveries initially programed for the fiscal year ending June 30, 1973, the Secretary shall pay to State educational agencies, by not later than April 15, 1973, an amount of funds that is equal to the difference between the value of such deliveries initially programed for such fiscal year and the estimated value as of March 15, 1973, of the commodities and other foods to be delivered in such fiscal year. The share of such funds to be paid to each State educational agency shall bear the same ratio to the total of such payment to all such agencies as the number of meals served under the provisions of section 9(a) of this Act and section 4(e) of the Child Nutrition Act of 1966 during the fiscal year ending June 30, 1972, bears to the total of all such meals served in all the States during such fiscal year: *Provided*, That in any State in which the Secretary directly administers school food service programs in the nonprofit private schools of such State, the Secretary shall withhold from the funds to be paid to any such State under the provisions of this subsection an amount that bears the same ratio to the total of such payment as the number of meals served in nonprofit private schools under the provisions of section 9(a) of this Act and section 4(e) of the Child Nutrition Act of 1966 during the fiscal year ending June 30, 1972, bears to the total of such meals served in all the schools in such State in such fiscal year. Each State educational agency, and the Secretary in the case of nonprofit private schools in which he directly administers school food service programs, shall promptly and equitably disburse such funds to schools participating in the lunch and breakfast programs under this Act and the Child Nutrition Act of 1966 and such disbursements shall be used by such schools to obtain agricultural commodities and other foods for their food service program. Such food shall be limited to the requirements for lunches and breakfasts for children as provided for in the regulations by the Department of Agriculture under title 7, subtitle b, chapter II, subchapter a, parts 210 and 220.

“(c) Notwithstanding any other provision of law, the Secretary, until such time as a supplemental appropriation may provide additional funds for the purpose of subsection (b) of this section, shall use funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612c) to make any payments to States authorized under such subsection. Any section 32 funds utilized to make such payments shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out subsection (b) of this section and such reimbursement shall be deposited into the fund established pursuant to section 32 of the Act of August 24, 1935, to be available for the purposes of said section 32.

"(1) the State shall, in accordance with regulations of the Commissioner, designate a State agency as the sole State agency (hereinafter in this title referred to as 'the State agency') to: (A) develop the State plan to be submitted to the Commissioner for approval under section 305, (B) administer the State plan within such State, (C) be primarily responsible for the coordination of all State activities related to the purposes of this Act, (D) review and comment on, at the request of any Federal department or agency, any application from any agency or organization within such State to such Federal department or agency for assistance related to meeting the needs of older persons; and (E) divide

the entire State into distinct areas (hereinafter in this title referred to as 'planning and service areas'), in accordance with regulations of the Commissioner, after considering the geographical distribution of individuals aged sixty and older in the State, the incidence of the need for social services (including the numbers of older persons with low incomes residing in such areas), the distribution of resources available to provide such services, the boundaries of existing areas within the State which were drawn for the planning or administration of social services programs, the location of units of general purpose local government within the State, and any other relevant factors: *Provided*, That any unit of general purpose local government which has a population aged sixty or over of fifty thousand or more or which contains 15 per centum or more of the State's population aged sixty or over shall be designated as a planning and service area; except that the State may designate as a planning and service area, any region within the State recognized for purposes of areawide planning which includes one or more such units of general purpose local government when the State determines that the designation of such a regional planning and service area is necessary for, and will enhance, the effective administration of the programs authorized by this title, the State may include in any planning and service area designated pursuant to this provision such additional areas adjacent to the unit of general purpose local government or region so designated as the State determines to be necessary for, and will enhance, the effective administration of the programs authorized by this title, and

"(2) the State agency designated pursuant to paragraph (1) shall—

"(A) determine for which planning and service areas an area plan will be developed, in accordance with subsection (c) of this section, and for each such area designate, after consideration of the views offered by the unit or units of general purpose local government in such area, a public or nonprofit private agency or organization as the area agency on aging for such area; and

"(b) An area agency on aging designated under subsection (a) must be—

"(1) an established office of aging which is operating within a planning and service area designated pursuant to subsection (a) of this section, or

"(3) any office or agency designated by the chief elected official or officials of a combination of units of general purpose local government to act on behalf of such combination for this purpose, or

"(4) any public or nonprofit private agency in a planning and service area which is under the supervision or direction for this purpose of the designated State agency and which can engage

in the planning or provision of a broad range of social services within such planning and service area, and must provide assurance, found adequate by the State agency, that it will have the ability to develop an area plan and to carry out, directly or through contractual or other arrangements, a program pursuant to the plan within the planning and service area. In designating an area agency on aging, the State agency shall give preference to an established office on aging, unless the State agency finds that no such office within the planning and service area will have the capacity to carry out the area plan.

#### “Area Plans

“(c) In order to be approved by the State agency, an area plan for a planning and service area shall be developed by the area agency on aging designated with respect to such area under subsection (a) and shall—

“(1) provide for the establishment of a comprehensive and coordinated system for the delivery of social services within the planning and service area covered by the plan, including determining the need for social services in such area (taking into consideration, among other things, the numbers of older persons with low incomes residing in such area), evaluating the effectiveness of the use of resources in meeting such need, and entering into agreements with providers of social services in such area, for the provision of such services to meet such need;

“(2) in accordance with criteria established by the Commissioner by regulation relating to priorities, provide for the initiation, expansion, or improvement of social services in the planning and service area covered by the area plan;

“(3) provide for the establishment or maintenance of information and referral sources in sufficient numbers to assure that all older persons within the planning and service area covered by the plan will have reasonably convenient access to such sources. For purposes of this section and section 305(a)(7), an information and referral source is a location where the State or other public or private agency or organization (A) maintains current information with respect to the opportunities and services available to older persons, and develops current lists of older persons in need of services and opportunities, and (B) employs a specially trained staff to inform older persons of the opportunities and services which are available, and assists such persons to take advantage of such opportunities and services; and

“(1) provides that the State agency will evaluate the need for social services within the State and determine the extent to which existing public or private programs meet such need;

“(2) provides for the use of such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Commissioner shall exercise no authority with respect to the selection, tenure of office, or compensation of an individual employed in accordance with such methods) as are necessary for the proper and efficient administration of the plan;

“(3) provides that the State agency will make such reports, in such form, and containing such information, as the Commissioner may from time to time require, and comply with such requirements as the Commissioner may impose to assure the correctness of such reports;

“(4) provides that the State agency will conduct periodic evaluations of activities and projects carried out under the State plan;

“(5) establishes objectives, consistent with the purposes of this title, toward which activities under the plan will be directed, identifies obstacles to the attainment of those objectives, and indicates how it proposes to overcome those obstacles;

“(7) provides for establishing or maintaining information and referral sources in sufficient numbers to assure that all older persons in the State who are not furnished adequate information and referral sources under section 304(c)(3) will have reasonably convenient access to such sources;

“(9) provides that subject to the requirements of merit employment systems of State and local governments, preference shall be given to persons aged sixty or over for any staff positions (full time or part time) in State and area agencies for which such persons qualify.

“(b) The Commissioner shall approve any State plan which he finds fulfills the requirements of subsection (a) of this section.

Hearing.

“(c) The Commissioner shall not make a final determination disapproving any State plan, or any modification thereof, or make a final determination that a State is ineligible under section 304, without first affording the State reasonable notice and opportunity for a hearing.

“(d) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State agency, finds that—

“(1) the State is not eligible under section 304,

“(2) the State plan has been so changed that it no longer complies with the provisions of subsection (a), or

“(3) in the administration of the plan there is a failure to comply substantially with any such provision of subsection (a), the Commissioner shall notify such State agency that no further payments from its allotments under section 303 and section 306 will be made to the State (or, in his discretion, that further payments to the State will be limited to projects under or portions of the State plan not affected by such failure), until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, no further payments shall be made to such State from its allotments under section 303 and section 306 (or payments shall be limited to projects under or portions of the State plan not affected by such failure). The Commissioner shall, in accordance with regulations he shall prescribe, disburse the funds so withheld directly to any public or nonprofit private organization or agency or political subdivision of such State submitting an approved plan in accordance with the provisions of section 304 and section 306. Any such payment or payments shall be matched in the proportions specified in sections 303 and 306.

“(e) A State which is dissatisfied with a final action of the Commissioner under subsection (b), (c), or (d) may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner, or any officer designated by him for that purpose. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Commissioner may modify or set aside his order. The findings of the Commissioner as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Commissioner shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Commissioners' action.

(B) the income and resources of such individual shall (for purposes of such title XVI) be deemed to include the income and resources of such essential person;

except that the provisions of this subsection shall not, in the case of any individual, be applicable for any period which begins in or after the first month that such individual—

(C) does not but would (except for the provisions of subparagraph (B)) meet—

(i) the criteria established with respect to income in section 1611 (a) of such Act, or

SEC. 212. (a) (1) In order for any State (other than the Commonwealth of Puerto Rico, Guam, or the Virgin Islands) to be eligible for payments pursuant to title XIX, with respect to expenditures for any quarter beginning after December 1973, such State must have in effect an agreement with the Secretary of Health, Education, and Welfare (hereinafter in this section referred to as the "Secretary") whereby the State will provide to individuals residing in the State supplementary payments as required under paragraph (2).

79 Stat. 343;  
86 Stat. 1426.  
42 USC 1396.

(2) Any agreement entered into by a State pursuant to paragraph (1) shall provide that each individual who—

(A) is an aged, blind, or disabled individual (within the meaning of section 1614(a) of the Social Security Act, as enacted by section 301 of the Social Security Amendments of 1972), and

86 Stat. 1471.  
42 USC 1382c.

(B) for the month of December 1973 was a recipient of (and was eligible to receive) aid or assistance (in the form of money payments) under a State plan of such State (approved under title I, X, XIV, or XVI, of the Social Security Act)

86 Stat. 1484.  
42 USC 301,  
1201, 1351.

shall be entitled to receive, from the State, the supplementary payment described in paragraph (3) for each month, beginning with January 1974, and ending with whichever of the following first occurs:

(C) the month in which such individual dies, or

(D) the first month in which such individual ceases to meet the condition specified in subparagraph (A);

except that no individual shall be entitled to receive such supplementary payment for any month, if, for such month, such individual was ineligible to receive supplemental income benefits under title XVI of the Social Security Act by reason of the provisions of section 1611(e)(1)(A), (2), or (3), 1611(f), or 1615(c) of such Act.

86 Stat. 1467.  
42 USC 1382,

(3)(A) The supplementary payment referred to in paragraph (2) which shall be paid for any month to any individual who is entitled thereto under an agreement entered into pursuant to this subsection

shall (except as provided in subparagraph (D)) be an amount equal to (i) the amount by which such individual's "December 1973 income" (as determined under subparagraph (B)) exceeds the amount of such individual's "title XVI benefit plus other income" (as determined under subparagraph (C)) for such month, or (ii) if greater, such amount as the State may specify.

(B) For purposes of subparagraph (A), an individual's "December 1973 income" means an amount equal to the aggregate of—

(i) the amount of the aid or assistance (in the form of money payments) which such individual would have received (including any part of such amount which is attributable to meeting the needs of any other person whose presence in such individual's home is essential to such individual's well-being) for the month of December 1973 under a plan (approved under title I, X, XIV, or XVI, of the Social Security Act) of the State entering into an agreement under this subsection, if the terms and conditions of such plan (relating to eligibility for and amount of such aid or assistance payable thereunder) were, for the month of December 1973, the same as those in effect, under such plan, for the month of June 1973, and

(ii) the amount of the income of such individual (other than the aid or assistance described in clause (i)) received by such individual in December 1973, minus any such income which did not result, but which if properly reported would have resulted in a reduction in the amount of such aid or assistance.

(C) For purposes of subparagraph (A), the amount of an individual's "title XVI benefit plus other income" for any month means an amount equal to the aggregate of—

(i) the amount (if any) of the supplemental security income benefit to which such individual is entitled for such month under title XVI of the Social Security Act, and

(ii) the amount of any income of such individual for such month (other than income in the form of a benefit described in clause (i)).

(D) If the amount determined under subparagraph (B)(i) includes, in the case of any individual, an amount which was payable to such individual solely because of—

(i) a special need of such individual (including any special allowance for housing, or the rental value of housing furnished in kind to such individual in lieu of a rental allowance) which existed in December 1973, or

(ii) any special circumstance (such as the recognition of the needs of a person whose presence in such individual's home, in December 1973, was essential to such individual's well-being), and, if for any month after December 1973 there is a change with respect to such special need or circumstance which, if such change had existed in December 1973, the amount described in subparagraph (B)(i) with respect to such individual would have been reduced on account of such change, then, for such month and for each month thereafter the amount of the supplementary payment payable under the agreement entered into under this subsection to such individual shall (unless the State, at its option, otherwise specifies) be reduced by an amount equal to the amount by which the amount (described in subparagraph (B)(i)) would have been so reduced.

(b)(1) Any State having an agreement with the Secretary under subsection (a) may enter into an administration agreement with the Secretary whereby the Secretary will, on behalf of such State, make the supplementary payments required under the agreement entered into under subsection (a).

86 Stat. 1484,  
1465.  
42 USC 301,  
1201, 1351, 1381.

(2) Any such administration agreement between the Secretary and a State entered into under this subsection shall provide that the State will (A) certify to the Secretary the names of each individual who, for December 1973, was a recipient of aid or assistance (in the form of money payments) under a plan of such State approved under title I, X, XIV, or XVI of the Social Security Act, together with the amount of such assistance payable to each such individual and the amount of such individual's December 1973 income (as defined in subsection (a)(3)(B)), and (B) provide the Secretary with such additional data at such times as the Secretary may reasonably require in order properly, economically, and efficiently to carry out such administration agreement.

86 Stat. 1484,  
1465.  
42 USC 301,  
1201, 1351, 1381.

(3) Any State which has entered into an administration agreement under this subsection shall, at such times and in such installments as may be agreed upon between the Secretary and the State, pay to the Secretary an amount equal to the expenditures made by the Secretary as supplementary payments to individuals entitled thereto under the agreement entered into with such State under subsection (a).

(c)(1) Supplementary payments made pursuant to an agreement entered into under subsection (a) shall be excluded under section 1612(b)(6) of the Social Security Act (as in effect after December 1973) in determining income of individuals for purposes of title XVI of such Act (as so in effect).

42 USC 1382a.

(2) Supplementary payments made by the Secretary (pursuant to an administration agreement entered into under subsection (b)) shall, for purposes of section 401 of the Social Security Amendments of 1972, be considered to be payments made under an agreement entered into under section 1616 of the Social Security Act (as enacted by section 301 of the Social Security Amendments of 1972); except that nothing in this paragraph shall be construed to waive, with respect to the payments so made by the Secretary, the provisions of subsection (b) of such section 401.

86 Stat. 1485.  
42 USC 1382e  
note.  
42 USC 1382e.

(d) For purposes of subsection (a)(1), a State shall be deemed to have entered into an agreement under subsection (a) of this section if such State has entered into an agreement with the Secretary under section 1616 of the Social Security Act under which—

(1) individuals, other than individuals described in subsection (a)(2)(A) and (B), are entitled to receive supplementary payments, and

(2) supplementary benefits are payable, to individuals described in subsection (a)(2)(A) and (B) at a level and under terms and conditions which meet the minimum requirements specified in subsection (a).

(e) Except as the Secretary may by regulations otherwise provide, the provisions of title XVI of the Social Security Act (as enacted by section 301 of the Social Security Amendments of 1972), including the provisions of part B of such title, relating to the terms and conditions under which the benefits authorized by such title are payable shall, where not inconsistent with the purposes of this section, be applicable to the payments made under an agreement under subsection (b) of this section; and the authority conferred upon the Secretary by such title may, where appropriate, be exercised by him in the administration of this section.

(f) The provisions of subsection (a)(1) shall not be applicable in the case of any State—

(1) the Constitution of which contains provisions which make it impossible for such State to enter into and commence carrying out (on January 1, 1974) an agreement referred to in subsection (a), and

(2) the Attorney General (or other appropriate State official) of which has, prior to July 1, 1973, made a finding that the State

Constitution of such State contains limitations which prevent such State from making supplemental payments of the type described in section 1616 of the Social Security Act.

For purposes of this paragraph, individuals entitled to an annuity under section 2(a)(2) of this Act shall be deemed to be age 65, and individuals entitled to an annuity under section 2(a)(3) of this Act who have not attained age 62 shall be deemed to be age 62. SEC. 201. Section 15a of the Interstate Commerce Act (49 U.S.C. 15a) is amended by adding at the end thereof the following new paragraph:

"(4) (a) The Commission shall by rule, on or before August 1, 1973, establish requirements for petitions for adjustment of interstate rates of common carriers subject to this part based upon increases in expenses of such carriers resulting from any increases in taxes under the Railroad Retirement Tax Act, as amended, occurring on or before January 1, 1975, or as a result of the enactment of the Railroad Retirement Amendments of 1973. Such requirements, established pursuant to section 553 of title 5 of the United States Code (with time for comment limited so as to meet the required date for establishment and subject to future amendment or revocation), shall be designed to facilitate fair and expeditious action on any such petition as required in subparagraph (b) of this paragraph by disclosing such information as the amount needed in rate increases to offset such increases in expenses and the availability of means other than a rate increase by which the carrier might absorb or offset such increases in expenses.

"(b) Notwithstanding any other provision of law, the Commission shall, within thirty days of the filing of a verified petition in accordance with rules promulgated under subparagraph (a) of this paragraph, by any carrier or group of carriers subject to this part, permit the establishment of increases in the general level of the interstate rates of said carrier or carriers in an amount approximating that needed to offset increases in expenses theretofore experienced or demonstrably certain to occur commencing on or before the effective date of the increased rates, as a result of any increases in taxes under the Railroad Retirement Tax Act, as amended, occurring on or before January 1, 1975, or as a result of the enactment of the Railroad Retirement Amendments of 1973. Such increases in rates may be made effective on not more than thirty nor less than ten days' notice to the public, notwithstanding any outstanding orders of the Commission. To the extent necessary to effectuate their establishment, rates so increased shall be relieved from the provisions of section 4 of this part and may be published in tariff supplements of the kind ordinarily authorized in general increase proceedings.

"(c) The Commission shall within sixty days from the date of establishment of interim rates under paragraph (4) (b) of this section commence hearings for the purpose of making the final rate determination. determination, the Commission may take into account all factors appropriate to ratemaking generally under part I of this Act and shall determine such final rates under the standards and limitations applicable to ratemaking generally under part I of this Act. If the increases in rates finally authorized by the Commission are less than the increases in rates initially made effective, the carrier or carriers shall, subject to such tariff provisions as the Commission shall deem sufficient, make such refunds (in the amount by which the initially increased rate collected exceeds the finally authorized increased rate) as may be ordered by the Commission, plus a reasonable rate of interest as determined by the Commission. Nothing contained in this paragraph shall limit or otherwise affect the authority of the Commission to authorize or to permit to become effective any increase in rates other than the increases herein specified.

“(d) (A) The State authority having jurisdiction over petitions for intrastate rate increases by any carrier or group of carriers subject to part I of this Act shall, within 60 days of the filing of a verified petition for such increases based upon increases in expenses of such carriers as a result of any increases in taxes under the Railroad Retirement Tax Act, as amended, occurring on or before January 1, 1975, or as a result of the enactment of the Railroad Retirement Amendments of 1973, act upon said petition. Such State authority may grant an interim rate increase or a final rate increase. If such State authority grants any interim rate increases, it shall thereafter investigate and determine the reasonableness of such increases and modify them to the extent required by applicable law. To the extent that any such interim increases are reduced as a result of the action of a State authority, the carrier or carriers shall make such refunds (in the amount by which the initially increased rate collected exceeds the finally authorized increased rate) as may be ordered by such State authority, plus a reasonable rate of interest as determined by the State authority.

“(B) If a State authority denies in toto such a petition filed with it by such carrier or group of carriers seeking relief regarding such intrastate rate increases or does not act finally on such petition within 60 days from the presentation thereof, the Commission shall, within 30 days of the filing of a verified petition by such carrier or group of carriers relating to such intrastate rates, act upon such petition by applying the ratemaking criteria of subparagraph (4) (c) of this paragraph. If the Commission grants, in whole or in part, such petition by any carrier or group of carriers, the increase authorized shall be considered as an interim rate increase as provided in subparagraph (A) above and shall be subject to final determination by the State authority in accordance with the procedures prescribed for interim intrastate rate increases as provided above, including the ordering of refunds by such State authority.

“(C) If a State authority denies in part such a petition filed with it by such carrier or group of carriers, within 60 days from the presentation thereof, the Commission shall, within 30 days of the filing of a verified petition by such carrier or group of carriers relating to the intrastate rates involved, act upon such petition by applying the criteria of section 13(4) of this part.

“(D) Nothing in subparagraph (A) or (B) shall be construed to abrogate the authority of the Commission under section 13(4) of this part and in the event a carrier or group of carriers subject to a refund requirement under subparagraph (A) or (B) files a petition under section 13(3), the refund requirement shall be stayed pending final order of the Commission under section 13(4) of this part.

(e) When so specified in an appropriation Act, (1) any amount appropriated for "Research and development" or for "Construction of facilities" may remain available without fiscal year limitation, and (2) maintenance and operation of facilities, and support services contracts may be entered into under the "Research and program management" appropriation for periods not in excess of twelve months beginning at any time during the fiscal year.

The Secretary of Defense shall furnish to the Administrator or his designee within sixty days after the date of enactment of this Act and each January 30 and June 30 thereafter the names of any nonprofit institutions of higher learning which the Secretary of Defense determines on the date of each such report are barring such recruiting personnel from premises or property of any such institution.

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for that particular program by sections 1(a) and 1(c), and

(3) no amount appropriated pursuant to this Act may be used for any program which has not been presented to or requested of either such committee,

unless (A) a period of thirty days has passed after the receipt by the Speaker of the House of Representatives and the President of the Senate and each such committee of notice given by the Administrator or his designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

(b) Nothing in this section shall be construed to authorize the expenditure of amounts for personnel and related costs pursuant to section 1(c) to exceed amounts authorized for such costs.

A concession agreement under this paragraph may be negotiated with any qualified proposer following due consideration of all proposals received after reasonable public notice of the intention to contract. The concessioner shall be afforded a reasonable opportunity to make a profit commensurate with the capital invested and the obligations assumed, and the consideration paid by him for the concession shall be based on the probable value of such opportunity and not on maximizing revenue to the United States. Each concession agreement shall specify the manner in which the concessioner's records are to be maintained, and shall provide for access to any such records by the Administration and the Comptroller General of the United States for a period of five years after the close of the business year to which such records relate. A concessioner may be accorded a possessory interest, consisting of all incidents of ownership except legal title (which shall vest in the United States), in any structure, fixture, or improvement he constructs or locates upon land owned by the United States; and, with the approval of the Administration, such possessory interest may be assigned, transferred, encumbered, or relinquished by him, and, unless otherwise provided by contract, shall not be extinguished by the expiration or other termination of the concession and may not be taken for public use without just compensation;".

August 6, 1973  
[H. R. 8152]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Crime Control Act of 1973".

Crime Control  
Act of 1973.

SEC. 2. Title I of the Omnibus Crime Control and Safe Streets Act of 1968 is amended to read as follows:

82 Stat. 197;  
84 Stat. 1881.  
42 USC 3701.

## "TITLE I—LAW ENFORCEMENT ASSISTANCE

## "DECLARATION AND PURPOSE

"Congress finds that the high incidence of crime in the United States threatens the peace, security, and general welfare of the Nation and its citizens. To reduce and prevent crime and juvenile delinquency, and to insure the greater safety of the people, law enforcement and criminal justice efforts must be better coordinated, intensified, and made more effective at all levels of government.

"Congress finds further that crime is essentially a local problem that must be dealt with by State and local governments if it is to be controlled effectively.

"It is therefore the declared policy of the Congress to assist State and local governments in strengthening and improving law enforcement and criminal justice at every level by national assistance. It is the purpose of this title to (1) encourage States and units of general local government to develop and adopt comprehensive plans based upon their evaluation of State and local problems of law enforcement and criminal justice; (2) authorize grants to States and units of local government in order to improve and strengthen law enforcement and criminal justice; and (3) encourage research and development directed toward the improvement of law enforcement and criminal justice and the development of new methods for the prevention and reduction of crime and the detection, apprehension, and rehabilitation of criminals.

## "PART A—LAW ENFORCEMENT ASSISTANCE ADMINISTRATION

"SEC. 101. (a) There is hereby established within the Department of Justice, under the general authority of the Attorney General, a Law Enforcement Assistance Administration (hereinafter referred to in this title as 'Administration') composed of an Administrator of Law Enforcement Assistance and two Deputy Administrators of Law Enforcement Assistance, who shall be appointed by the President, by and with the advice and consent of the Senate.

"(b) The Administrator shall be the head of the agency. One Deputy Administrator shall be designated the Deputy Administrator for Policy Development. The second Deputy Administrator shall be designated the Deputy Administrator for Administration.

## "PART B—PLANNING GRANTS

"SEC. 201. It is the purpose of this part to encourage States and units of general local government to develop and adopt comprehensive law enforcement and criminal justice plans based on their evaluation of State and local problems of law enforcement and criminal justice.

State planning agencies.

"SEC. 202. The Administration shall make grants to the States for the establishment and operation of State law enforcement and criminal justice planning agencies (hereinafter referred to in this title as 'State planning agencies') for the preparation, development, and revision of the State plan required under section 303 of this title. Any State may make application to the Administration for such grants within six months of the date of enactment of this Act.

"SEC. 203. (a) A grant made under this part to a State shall be utilized by the State to establish and maintain a State planning agency. Such agency shall be created or designated by the chief executive of the State and shall be subject to his jurisdiction. The State planning agency and any regional planning units within the State shall, within their respective jurisdictions, be representative of the law enforcement and criminal justice agencies, units of general local government, and public agencies maintaining programs to reduce and control crime and may include representatives of citizen, professional, and community organizations. The regional planning units within the State shall be comprised of a majority of local elected officials.

Functions.

"(b) The State planning agency shall—

"(1) develop, in accordance with part C, a comprehensive statewide plan for the improvement of law enforcement and criminal justice throughout the State;

"(2) define, develop, and correlate programs and projects for the State and the units of general local government in the State or combinations of States or units for improvement in law enforcement and criminal justice; and

"(3) establish priorities for the improvement in law enforcement and criminal justice throughout the State.

Funds, availability.

"(c) The State planning agency shall make such arrangements as such agency deems necessary to provide that at least 40 per centum of all Federal funds granted to such agency under this part for any fiscal year will be available to units of general local government or combinations of such units to enable such units and combinations of such units to participate in the formulation of the comprehensive State plan required under this part. The Administration may waive this requirement, in whole or in part, upon a finding that the requirement is inappropriate in view of the respective law enforcement and criminal justice planning responsibilities exercised by the State and its units of general local government and that adherence to the requirement would not contribute to the efficient development of the State plan required under this part. In allocating funds under this subsection, the State planning agency shall assure that major cities and counties within the State receive planning funds to develop comprehensive plans and coordinate functions at the local level. Any portion of such 40 per centum in any State for any fiscal year not required for the purpose set forth in this subsection shall be available for expenditure by such State agency from time to time on dates during such year as the Administration may fix, for the development by it of the State plan required under this part.

Meetings.

"(d) The State planning agency and any other planning organization for the purposes of the title shall hold each meeting open to the public, giving public notice of the time and place of such meeting, and the nature of the business to be transacted, if final action is taken at that meeting on (A) the State plan, or (B) any application for funds under this title. The State planning agency and any other planning organization for the purposes of the title shall provide for public access to all records relating to its functions under this Act, except

Records, accessibility.

such records as are required to be kept confidential by any other provisions of local, State, or Federal law.

"SEC. 204. A Federal grant authorized under this part shall not exceed 90 per centum of the expenses incurred by the State and units of general local government under this part, and may be up to 100 per centum of the expenses incurred by regional planning units under this part. The non-Federal funding of such expenses, shall be of money appropriated in the aggregate by the State or units of general local government, except that the State shall provide in the aggregate not less than one-half of the non-Federal funding required of units of general local government under this part.

Limitation.

"SEC. 205. Funds appropriated to make grants under this part for a fiscal year shall be allocated by the Administration among the States for use therein by the State planning agency or units of general local government, as the case may be. The Administration shall allocate \$200,000 to each of the States; and it shall then allocate the remainder of such funds available among the States according to their relative populations.

Funds,  
allocation.

"SEC. 301. (a) It is the purpose of this part to encourage States and units of general local government to carry out programs and projects to improve and strengthen law enforcement and criminal justice.

"(b) The Administration is authorized to make grants to States having comprehensive State plans approved by it under this part, for:

"(1) Public protection, including the development, demonstration, evaluation, implementation, and purchase of methods, devices, facilities, and equipment designed to improve and strengthen law enforcement and criminal justice and reduce crime in public and private places.

"(2) The recruiting of law enforcement and criminal justice personnel and the training of personnel in law enforcement and criminal justice.

"(3) Public education relating to crime prevention and encouraging respect for law and order, including education programs in schools and programs to improve public understanding of and cooperation with law enforcement and criminal justice agencies.

"(4) Constructing buildings or other physical facilities which would fulfill or implement the purpose of this section, including local correctional facilities, centers for the treatment of narcotic addicts, and temporary courtroom facilities in areas of high crime incidence.

"(5) The organization, education, and training of special law enforcement and criminal justice units to combat organized crime, including the establishment and development of State organized crime prevention councils, the recruiting and training of special investigative and prosecuting personnel, and the development of systems for collecting, storing, and disseminating information relating to the control of organized crime.

"(6) The organization, education, and training of regular law enforcement and criminal justice officers, special law enforcement and criminal justice units, and law enforcement reserve units for the prevention, detection, and control of riots and other violent civil disorders, including the acquisition of riot control equipment.

"(7) The recruiting, organization, training, and education of community service officers to serve with and assist local and State

law enforcement and criminal justice agencies in the discharge of their duties through such activities as recruiting; improvement of police-community relations and grievance resolution mechanisms; community patrol activities; encouragement of neighborhood participation in crime prevention and public safety efforts; and other activities designed to improve police capabilities, public safety and the objectives of this section: *Provided*, That in no case shall a grant be made under this subcategory without the approval of the local government or local law enforcement and criminal justice agency.

“(8) The establishment of a Criminal Justice Coordinating Council for any unit of general local government or any combination of such units within the State, having a population of two hundred and fifty thousand or more, to assure improved planning and coordination of all law enforcement and criminal justice activities.

“(9) The development and operation of community-based delinquent prevention and correctional programs, emphasizing halfway houses and other community-based rehabilitation centers for initial preconviction or post-conviction referral of offenders; expanded probationary programs, including paraprofessional and volunteer participation; and community service centers for the guidance and supervision of potential repeat youthful offenders.

“(10) The establishment of interstate metropolitan regional planning units to prepare and coordinate plans of State and local governments and agencies concerned with regional planning for metropolitan areas.

“(c) The portion of any Federal grant made under this section for the purposes of paragraph (4) of subsection (b) of this section may be up to 50 per centum of the cost of the program or project specified in the application for such grant. The portion of any Federal grant made under this section to be used for any other purpose set forth in this section may be up to 90 per centum of the cost of the program or project specified in the application for such grant. No part of any grant made under this section for the purpose of renting, leasing, or constructing buildings or other physical facilities shall be used for land acquisition. In the case of a grant under this section to an Indian tribe or other aboriginal group, if the Administration determines that the tribe or group does not have sufficient funds available to meet the local share of the cost of any program or project to be funded under the grant, the Administration may increase the Federal share of the cost thereof to the extent it deems necessary. The non-Federal funding of the cost of any program or project to be funded by a grant under this section shall be of money appropriated in the aggregate, by State or individual units of government, for the purpose of the shared funding of such programs or projects.

Prohibition.

Limitation.

“(d) Not more than one-third of any grant made under this section may be expended for the compensation of police and other regular law enforcement and criminal justice personnel. The amount of any such grant expended for the compensation of such personnel shall not exceed the amount of State or local funds made available to increase such compensation. The limitations contained in this subsection shall not apply to the compensation of personnel for time engaged in conducting or undergoing training programs or to the compensation of personnel engaged in research, development, demonstration or other short-term programs.

"SEC. 302. Any State desiring to participate in the grant program under this part shall establish a State planning agency as described in part B of this title and shall within six months after approval of a planning grant under part B submit to the Administration through such State planning agency a comprehensive State plan developed pursuant to part B of this title.

State participation.

"SEC. 303. (a) The Administration shall make grants under this title to a State planning agency if such agency has on file with the Administration an approved comprehensive State plan (not more than one year in age) which conforms with the purposes and requirements of this title. No state plan shall be approved as comprehensive unless the Administration finds that the plan provides for the allocation of adequate assistance to deal with law enforcement and criminal justice problems in areas characterized by both high crime incidence and high law enforcement and criminal justice activity. No State plan shall be approved as comprehensive, unless it includes a comprehensive program, whether or not funded under this title, for the improvement of juvenile justice. Each such plan shall—

Comprehensive State plans, requirements.

"(1) provide for the administration of such grants by the State planning agency;

"(2) provide that at least the per centum of Federal assistance granted to the State planning agency under this part for any fiscal year which corresponds to the per centum of the State and local law enforcement expenditures funded and expended in the immediately preceding fiscal year by units of general local government will be made available to such units or combinations of such units in the immediately following fiscal year for the development and implementation of programs and projects for the improvement of law enforcement and criminal justice, and that with respect to such programs or projects the State will provide in the aggregate not less than one-half of the non-Federal funding. Per centum determinations under this paragraph for law enforcement funding and expenditures for such immediately preceding fiscal year shall be based upon the most accurate and complete data available for such fiscal year or for the last fiscal year for which such data are available. The Administration shall have the authority to approve such determinations and to review the accuracy and completeness of such data;

"(3) adequately take into account the needs and requests of the units of general local government in the State and encourage local initiative in the development of programs and projects for improvements in law enforcement and criminal justice, and provide for an appropriately balanced allocation of funds between the State and the units of general local government in the State and among such units;

"(4) provide for procedures under which plans may be submitted to the State planning agency for approval or disapproval, in whole or in part, annually from units of general local government or combinations thereof having a population of at least two hundred and fifty thousand persons to use funds received under this part to carry out a comprehensive plan consistent with the State comprehensive plan for the improvement of law enforcement and criminal justice in the jurisdiction covered by the plan;

"(5) incorporate innovations and advanced techniques and contain a comprehensive outline of priorities for the improvement and coordination of all aspects of law enforcement and criminal justice, dealt with in the plan, including descriptions of: (A)

general needs and problems; (B) existing systems; (C) available resources; (D) organizational systems and administrative machinery for implementing the plan; (E) the direction, scope, and general types of improvements to be made in the future; and (F) to the extent appropriate, the relationship of the plan to other relevant State or local law enforcement and criminal justice, plans and systems;

“(6) provide for effective utilization of existing facilities and permit and encourage units of general local government to combine or provide for cooperative arrangements with respect to services, facilities, and equipment;

“(7) provide for research and development;

“(8) provide for appropriate review of procedures of actions taken by the State planning agency disapproving an application for which funds are available or terminating or refusing to continue financial assistance to units of general local government or combinations of such units;

“(9) demonstrate the willingness of the State and units of general local government to assume the costs of improvements funded under this part after a reasonable period of Federal assistance;

“(10) demonstrate the willingness of the State to contribute technical assistance or services for programs and projects contemplated by the statewide comprehensive plan and the programs and projects contemplated by units of general local government or combinations of such units;

“(11) set forth policies and procedures designed to assure that Federal funds made available under this title will be so used as not to supplant State or local funds, but to increase the amounts of such funds that would in the absence of such Federal funds be made available for law enforcement and criminal justice;

“(12) provide for such fund accounting, audit, monitoring, and evaluation procedures as may be necessary to assure fiscal control, proper management, and disbursement of funds received under this title;

“(13) provide for the maintenance of such data and information, and for the submission of such reports in such form, at such times, and containing such data and information as the National Institute for Law Enforcement and Criminal Justice may reasonably require to evaluate pursuant to section 402(c) programs and projects carried out under this title and as the Administration may reasonably require to administer other provisions of this title;

“(14) provide funding incentives to those units of general local government that coordinate or combine law enforcement and criminal justice functions or activities with other such units within the State for the purpose of improving law enforcement and criminal justice; and

“(15) provide for procedures that will insure that (A) all applications by units of general local government or combinations thereof to the State planning agency for assistance shall be approved or disapproved, in whole or in part, no later than ninety days after receipt by the State planning agency, (B) if not disapproved (and returned with the reasons for such disapproval, including the reasons for the disapproval of each fairly severable part of such application which is disapproved) within ninety days of such application, any part of such application which is not so disapproved shall be deemed approved for the purposes

of this title, and the State planning agency shall disburse the approved funds to the applicant in accordance with procedures established by the Administration, (C) the reasons for disapproval of such application or any part thereof, in order to be effective for the purposes of this section, shall contain a detailed explanation of the reasons for which such application or any part thereof was disapproved, or an explanation of what supporting material is necessary for the State planning agency to evaluate such application, and (D) disapproval of any application or part thereof shall not preclude the resubmission of such application or part thereof to the State planning agency at a later date.

Any portion of the per centum to be made available pursuant to paragraph (2) of this section in any State in any fiscal year not required for the purposes set forth in such paragraph (2) shall be available for expenditure by such State agency from time to time on dates during such year as the Administration may fix, for the development and implementation of programs and projects for the improvement of law enforcement and criminal justice and in conformity with the State plan.

Funds,  
availability.

“(b) No approval shall be given to any State plan unless and until the Administration finds that such plan reflects a determined effort to improve the quality of law enforcement and criminal justice throughout the State. No award of funds which are allocated to the States under this title on the basis of population shall be made with respect to a program or project other than a program or project contained in an approved plan.

“(c) No plan shall be approved as comprehensive unless it establishes statewide priorities for the improvement and coordination of all aspects of law enforcement and criminal justice, and considers the relationships of activities carried out under this title to related activities being carried out under other Federal programs, the general types of improvements to be made in the future, the effective utilization of existing facilities, the encouragement of cooperative arrangements between units of general local government, innovations and advanced techniques in the design of institutions and facilities, and advanced practices in the recruitment, organization, training, and education of law enforcement and criminal justice personnel. It shall thoroughly address improved court and correctional programs and practices throughout the State.

“SEC. 304. State planning agencies shall receive applications for financial assistance from units of general local government and combinations of such units. When a State planning agency determines that such an application is in accordance with the purposes stated in section 301 and is in conformance with any existing statewide comprehensive law enforcement plan, the State planning agency is authorized to disburse funds to the applicant.

“SEC. 305. Where a State has failed to have a comprehensive State plan approved under this title within the period specified by the Administration for such purpose, the funds allocated for such State under paragraph (1) of section 306(a) of this title shall be available for reallocation by the Administration under paragraph (2) of section 306(a).

Funds,  
reallocation.

“SEC. 306. (a) The funds appropriated each fiscal year to make grants under this part shall be allocated by the Administration as follows:

Funds,  
allocation.

“(1) Eighty-five per centum of such funds shall be allocated among the States according to their respective populations for grants to State planning agencies.

“(2) Fifteen per centum of such funds, plus any additional amounts made available by virtue of the application of the provisions of sections 305 and 509 of this title to the grant of any State, may, in the discretion of the Administration, be allocated among the States for grants to State planning agencies, units of general local government, combinations of such units, or private nonprofit organizations, according to the criteria and on the terms and conditions the Administration determines consistent with this title.

Prohibition.

Any grant made from funds available under paragraph (2) of this subsection may be up to 90 per centum of the cost of the program or project for which such grant is made. No part of any grant under such paragraph for the purpose of renting, leasing, or constructing buildings or other physical facilities shall be used for land acquisition. In the case of a grant under such paragraph to an Indian tribe or other aboriginal group, if the Administration determines that the tribe or group does not have sufficient funds available to meet the local share of the costs of any program or project to be funded under the grant, the Administration may increase the Federal share of the cost thereof to the extent it deems necessary. The limitations on the expenditure of portions of grants for the compensation of personnel in subsection (d) of section 301 of this title shall apply to a grant under such paragraph. The non-Federal share of the cost of any program or project to be funded under this section shall be of money appropriated in the aggregate by the State or units of general local government, or provided in the aggregate by a private nonprofit organization. The Administration shall make grants in its discretion under paragraph (2) of this subsection in such a manner as to accord funding incentives to those States or units of general local government that coordinate law enforcement and criminal justice functions and activities with other such States or units of general local government thereof for the purpose of improving law enforcement and criminal justice.

Funds,  
reallocation.

“(b) If the Administration determines, on the basis of information available to it during any fiscal year, that a portion of the funds allocated to a State for that fiscal year for grants to the State planning agency of the State will not be required by the State, or that the State will be unable to qualify to receive any portion of the funds under the requirements of this part, that portion shall be available for reallocation to other States under paragraph (1) of subsection (a) of this section.

“SEC. 307. In making grants under this part, the Administration and each State planning agency, as the case may be, shall give special emphasis, where appropriate or feasible, to programs and projects dealing with the prevention, detection, and control of organized crime and of riots and other violent civil disorders.

“SEC. 308. Each State plan submitted to the Administration for approval under section 302 shall be either approved or disapproved, in whole or in part, by the Administration no later than ninety days after the date of submission. If not disapproved (and returned with the reasons for such disapproval) within such ninety days of such application, such plan shall be deemed approved for the purposes of this title. The reasons for disapproval of such plan, in order to be effective for the purposes of this section, shall contain an explanation of which requirements enumerated in section 302(b) such plan fails to comply with, or an explanation of what supporting material is necessary for the Administration to evaluate such plan. For the purposes of this section, the term ‘date of submission’ means the date on which a State plan which the State has designated as the ‘final State plan application’ for the appropriate fiscal year is delivered to the Administration.

“Date of  
submission.”

“PART D—TRAINING, EDUCATION, RESEARCH, DEMONSTRATION, AND SPECIAL GRANTS

“SEC. 401. It is the purpose of this part to provide for and encourage training, education, research, and development for the purpose of improving law enforcement and criminal justice, and developing new methods for the prevention and reduction of crime, and the detection and apprehension of criminals.

“SEC. 402. (a) There is established within the Department of Justice a National Institute of Law Enforcement and Criminal Justice (hereafter referred to in this part as ‘Institute’). The Institute shall be under the general authority of the Administration. The chief administrative officer of the Institute shall be a Director appointed by the Administrator. It shall be the purpose of the Institute to encourage research and development to improve and strengthen law enforcement and criminal justice, to disseminate the results of such efforts to State and local governments, and to assist in the development and support of programs for the training of law enforcement and criminal justice personnel.

While participating in the training program or traveling in connection with

participation in the training program, State and local personnel shall be allowed travel expenses and a per diem allowance in the same manner as prescribed under section 5703(b) of title 5, United States Code, for persons employed intermittently in the Government service;

“(7) to carry out a program of collection and dissemination of information obtained by the Institute or other Federal agencies, public agencies, institutions of higher education, or private organizations engaged in projects under this title, including information relating to new or improved approaches, techniques, systems, equipment, and devices to improve and strengthen law enforcement; and

“(c) The Institute shall serve as a national and international clearinghouse for the exchange of information with respect to the improvement of law enforcement and criminal justice, including but not limited to police, courts, prosecutors, public defenders, and corrections.

“The Institute shall undertake, where possible, to evaluate the various programs and projects carried out under this title to determine their impact upon the quality of law enforcement and criminal justice and the extent to which they have met or failed to meet the purposes and policies of this title, and shall disseminate such information to State planning agencies and, upon request, to units of general local government.

“The Institute shall, before the end of the fiscal year ending June 30, 1976, survey existing and future personnel needs of the Nation in the field of law enforcement and criminal justice and the adequacy of Federal, State and local programs to meet such needs. Such survey shall specifically determine the effectiveness and sufficiency of the training and academic assistance programs carried out under this title and relate such programs to actual manpower and training requirements in the law enforcement and criminal justice field. In carrying out the provisions of this section, the Director of the Institute shall consult with and make maximum use of statistical and other related information of the Department of Labor, Department of Health, Education, and Welfare, Federal, State and local criminal justice agencies and other appropriate public and private agencies. The Administration shall thereafter, within a reasonable time develop and issue guidelines, based upon the need priorities established by the survey, pursuant to which project grants for training and academic assistance programs shall be made.

“The Institute shall report annually to the President, the Congress, the State planning agencies, and, upon request, to units of general local government, on the research and development activities undertaken pursuant to paragraphs (1), (2), and (3) of subsection (b), and shall describe in such report the potential benefits of such activities of law enforcement and criminal justice and the results of the evaluations made pursuant to the second paragraph of this subsection. Such report shall also describe the programs of instructional assistance, the special workshops, and the training programs undertaken pursuant to paragraphs (5) and (6) of subsection (b).

“SEC. 403. A grant authorized under this part may be up to 100 per centum of the total cost of each project for which such grant is made. The Administration or the Institute shall require, whenever feasible, as a condition of approval of a grant under this part, that the recipient contribute money, facilities, or services to carry out the purposes for which the grant is sought.

The Secretary shall proclaim the national acreage allotment not later than April 15 of each calendar year for the crop harvested in the next succeeding calendar year. Such national allotment shall be the number of acres he determines on the basis of the estimated national average yield for the crop for which the determination is being made will produce the quantity (less imports) that he estimates will be utilized domestically and for export during the marketing year for such crop. If the Secretary determines that carryover stocks are excessive or an increase in stocks is needed to assure a desirable carryover, he may adjust the allotment by the amount he determines will accomplish the desired decrease or increase in carryover stocks. The national acreage allotment for any crop of wheat shall be apportioned by the Secretary among the States on the basis of the apportionment to each State of the national acreage allotment for the preceding crop (1973 national domestic allotment in the case of apportionment of the 1974 national acreage allotment) adjusted to the extent deemed necessary by the Secretary to establish a fair and equitable apportionment base for each State, taking into consideration established crop rotation practices, the estimated decrease in farm acreage allotments, and other relevant factors.

“(2) The State acreage allotment for wheat, less a reserve of not to exceed 1 per centum thereof for apportionment as provided in this subsection, shall be apportioned by the Secretary among the counties in the State, on the basis of the apportionment to each such county of the wheat allotment for the preceding crop, adjusted to the extent deemed necessary by the Secretary in order to establish a fair and equitable apportionment base for each county taking into consideration established crop-rotation practices, the estimated decrease in farm allotments, and other relevant factors.

“(3) The farm allotment for each crop of wheat shall be determined by apportioning the county wheat allotment among farms in the county which had a wheat allotment for the preceding crop on the basis of such allotment, adjusted to reflect established crop-rotation practices and such other factors as the Secretary determines should be considered for the purpose of establishing a fair and equitable allotment. Notwithstanding any other provision of this subsection, the farm allotment shall be adjusted downward to the extent required by subsection (b).

“(4) Not to exceed 1 per centum of the State allotment for any crop may be apportioned to farms for which there was no allotment for the preceding crop on the basis of the following factors: suitability of the land for production of wheat, the past experience of the farm operator in the production of wheat, the extent to which the farm operator is dependent on income from farming for his livelihood, the production of wheat on other farms owned, operated, or controlled by the farm operator, and such other factors as the Secretary determines should be considered for the purpose of establishing fair and equitable farm allotments. No part of such reserve shall be apportioned to a farm to

“(5) The planting on a farm of wheat of any crop for which no farm allotment was established shall not make the farm eligible for an allotment under subsection (a)(3) nor shall such farm by reason of such planting be considered ineligible for an allotment under subsection (a)(4).

Acreage adjustments.

“(6) The Secretary may make such adjustments in acreage under this Act as he determines necessary to correct for abnormal factors affecting production, and to give due consideration to tillable acreage, crop rotation practices, types of soil, soil and water conservation measures, and topography, and in addition, in the case of conserving use acreages to such other factors as he deems necessary in order to establish a fair and equitable conserving use acreage for the farm.

Allotment reduction, conditions.

“(b)(1) If for any crop the total acreage of wheat planted on a farm is less than the farm allotment, the farm allotment used as a base for the succeeding crop shall be reduced by the percentage by which such planted acreage was less than such farm allotment, but such reduction shall not exceed 20 per centum of the farm allotment for the preceding crop. If no acreage has been planted to wheat for three consecutive crop years on any farm which has an allotment, such farm shall lose its allotment. Producers on any farm who have planted to wheat not less than 90 per centum of the allotment for the farm shall be considered to have planted an acreage equal to 100 per centum of such allotment. An acreage on the farm which the Secretary determines was not planted to wheat because of drought, flood, or other natural disaster or condition beyond the control of the producer shall be considered to be an acreage of wheat planted for harvest. For the purpose of this subsection, the Secretary may permit producers of wheat to have acreage devoted to soybeans, feed grains for which there is a set-aside program in effect, guar, castor beans, cotton, triticale, oats, rye, or such other crops as the Secretary may deem appropriate considered as devoted to the production of wheat to such extent and subject to such terms and conditions as the Secretary determines will not impair the effective operation of the program.

“(2) Notwithstanding the provisions of subsection (b)(1), no farm allotment shall be reduced or lost through failure to plant the farm allotment, if the producer elects not to receive payments for the portion of the farm allotment not planted, to which he would otherwise be entitled under the provisions of section 107(c) of the Agricultural Act of 1949.’”

Loans and

7 USC 1441  
note.

(18) Effective only with respect to the 1974 through 1977 crops of feed grains, section 501 is amended by—

(A) striking out that portion through the first colon and section 105(a) of the Agriculture Act of 1949, as it appears therein, and inserting the following:

"SEC. 501. (a) Effective only with respect to the 1971 through 1977 crops of feed grains, section 105(a) of the Agricultural Act of 1949, as amended, is further amended to read as follows:

"SEC. 105. Notwithstanding any other provision of law—

"(a) (1) The Secretary shall make available to producers loans and purchases on each crop of corn at such level, not less than \$1.10 per bushel nor in excess of 90 per centum of the parity price therefor, as the Secretary determines will encourage the exportation of feed grains and not result in excessive total stocks of feed grains in the United States.

"(2) The Secretary shall make available to producers loans and purchases on each crop of barley, oats, and rye, respectively, at such level as the Secretary determines is fair and reasonable in relation to the level that loans and purchases are made available for corn, taking into consideration the feeding value of such commodity in relation to corn and other factors specified in section 401(b), and on each crop of grain sorghums at such level as the Secretary determines is fair and reasonable in relation to the level that loans and purchases are made available for corn, taking into consideration the feeding value and average transportation costs to market of grain sorghums in relation to corn."

(B) adding at the end thereof the following:

"(b) Effective only with respect to the 1974 through 1977 crops of feed grains, section 105(b) of the Agricultural Act of 1949, as amended, is further amended to read as follows:

"(b) (1) In addition, the Secretary shall make available to producers payments for each crop of corn, grain sorghums, and, if designated by the Secretary, barley, computed by multiplying (1) the payment rate, times (2) the allotment for the farm for such crop, times (3) the yield established for the farm for the preceding crop with such adjustments as the Secretary determines necessary to provide a fair and equitable yield. The payment rate for corn shall be the amount by which the higher of—

"(1) the national weighted average market price received by farmers during the first five months of the marketing year for such crop, as determined by the Secretary, or

"(2) the loan level determined under subsection (a) for such crop

is less than the established price of \$1.38 per bushel in the case of the 1974 and 1975 crops, \$1.38 per bushel adjusted to reflect any change during the calendar year 1975 in the index of prices paid by farmers

for production items, interest, taxes, and wage rates in the case of the 1976 crop, and the established price for the 1976 crop adjusted to reflect any change during the calendar year 1976 in such index in the case of the 1977 crop: *Provided*, That any increase that would otherwise be made in the established price to reflect a change in the index of prices paid by farmers shall be adjusted to reflect any change in (i) the national average yield per acre of feed grains for the three calendar years preceding the year for which the determination is made, over (ii) the national average yield per acre of feed grains for the three calendar years preceding the year previous to the one for which the determination is made. The payment rate for grain sorghums and, if designated by the Secretary, barley, shall be such rate as the Secretary determines fair and reasonable in relation to the rate at which payments are made available for corn. If the Secretary determines that the producers on a farm are prevented from planting any portion of the farm acreage allotment to feed grains or other nonconserving crop, because of drought, flood, or other natural disaster or condition beyond the control of the producer, the rate of payment on such portion shall be the larger of (A) the foregoing rate, or (B) one-third of the established price. If the Secretary determines that, because of such a disaster or condition, the total quantity of feed grains (or other nonconserving crop planted instead of feed grains) which the producers are able to harvest on any farm is less than 66 $\frac{2}{3}$  percent of the farm acreage allotment times the yield of feed grains (or other nonconserving crop planted instead of feed grains) established for the farm, the rate of payment for the deficiency in production below 100 percent shall be the larger of (A) the foregoing rate, or (B) one-third of the established price.

“(2) The Secretary shall, prior to January 1 of each calendar year, determine and proclaim for the crop produced in such calendar year a national acreage allotment for feed grains, which shall be the number of acres he determines on the basis of the estimated national average yield of the feed grains included in the program for the crop for which the determination is being made will produce the quantity (less imports) of such feed grains that he estimates will be utilized domestically and for export during the marketing year for such crop. If the Secretary determines that carryover stocks of any of the feed grains are excessive or an increase in stocks is needed to assure a desirable carryover, he may adjust the feed grain allotment by the amount he determines will accomplish the desired decrease or increase in carryover stocks. State, county, and farm feed grain allotments shall be established on the basis of the feed grain allotments established for the preceding crop (for 1974 on the basis of the feed grain bases established for 1973), adjusted to the extent deemed necessary to establish a fair and equitable apportionment base for each State, county, and farm. Not to exceed 1 per centum of the State feed grain allotment may be reserved for apportionment to new feed grain farms on the basis of the following factors: suitability of the land for production of feed grains, the extent to which the farm operator is dependent on income from farming for his livelihood, the production of feed grains on other farms owned, operated, or controlled by the farm operator, and such other factors as the Secretary determines should be considered for the purpose of establishing fair and equitable feed grain allotments.

“(3) If for any crop the total acreage on a farm planted to feed grains included in the program formulated under this subsection is less than the feed grain allotment for the farm, the feed grain allotment for the farm for the succeeding crops shall be reduced by the percentage by which the planted acreage is less than the feed grain allotment for the farm, but such reduction shall not exceed 20 per

allotment, reduc-  
tion.

centum of the feed grain allotment. If no acreage has been planted to such feed grains for three consecutive crop years on any farm which has a feed grain allotment, such farm shall lose its feed grain allotment: *Provided*, That no farm feed grain allotment shall be reduced or lost through failure to plant, if the producer elects not to receive payment for such portion of the farm feed grain allotment not planted, to which he would otherwise be entitled under the provisions of this Act. Any such acres eliminated from any farm shall be assigned to a national pool for the adjustment of feed grain allotments as provided for in subsection (e) (2). Producers on any farm who have planted to such feed grains not less than 90 per centum of the feed grain allotment shall be considered to have planted an acreage equal to 100 per centum of such allotment. An acreage on the farm which the Secretary determines was not planted to such feed grains because of drought, flood, or other natural disaster or condition beyond the control of the producer shall be considered to be an acreage of feed grains planted for harvest. For the purpose of this paragraph, the Secretary may permit producers of feed grains to have acreage devoted to soybeans, wheat, guar, castor beans, cotton, triticale, oats, rye, or such other crops as the Secretary may deem appropriate, considered as devoted to the production of such feed grains to such extent and subject to such terms and conditions as the Secretary determines will not impair the effective operation of the program.”

(C) amending the last sentence of section 105(c) (1) to read as follows:

“The Secretary shall permit producers to plant and graze on set-aside acreage sweet sorghum, and the Secretary may permit, subject to such terms and conditions as he may prescribe, all or any of the set-aside acreage to be devoted to hay and grazing or the production of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovato, flaxseed, triticale, oats, rye, or other commodity, if he determines that such production is needed to provide an adequate supply, is not likely to increase the cost of the price-support program, and will not adversely affect farm income.”

(C) striking out “1971, 1972, 1973” where it appears in that part which amends section 105(c) (1) of the Agricultural Act of 1949 and inserting “1971 through 1977”, and by amending the second sentence of section 105(c) (1) to read as follows: “If a set-aside of cropland is in effect under this subsection (c), then as a condition of eligibility for loans, purchases, and payments on corn, grain sorghums, and, if designated by the Secretary, barley, respectively, the producers on a farm must set aside and devote to approved conservation uses an acreage of cropland equal to (i) such percentage of the feed grain allotment for the farm as may be specified by the Secretary, plus, if required by the Secretary (ii) the acreage of cropland on the farm devoted in preceding years to soil conserving uses, as determined by the Secretary.”

(D) amending the third sentence of section 105(c) (1) to read as follows: “The Secretary is authorized for the 1974 through 1977 crops to limit the acreage planted to feed grains on the farm to a percentage of the farm acreage allotment.”

(E) striking out paragraphs (1) and (3) of subsection (e), changing “bases” to “allotments” wherever it appears in paragraph (2) of subsection (e), and striking out all of subsection (g).

(F) inserting after the second sentence of section 105(c) (3) the following: “The Secretary may, in the case of programs for the 1974 through 1977 crops, pay an appropriate share of the cost of practices designed to carry out the purposes of the foregoing sentences.”

“(2) the loan level determined under paragraph (1) for such crop is less than the established price of 38 cents per pound in the case of the 1974 and 1975 crops, 38 cents per pound adjusted to reflect any change during the calendar year 1975 in the index of prices paid by farmers for production items, interest, taxes, and wage rates in the case of the 1976 crop, and the established price for the 1976 crop adjusted to reflect any change during the calendar year 1976 in such index in the case of the 1977 crop: *Provided*, That any increase that would otherwise be made in the established price to reflect a change in the index of prices paid by farmers shall be adjusted to reflect any change in (i) the national average yield per acre of cotton for the three calendar years preceding the year for which the determination is made, over (ii) the national average yield per acre of cotton for the three calendar years preceding the year previous to the one for which the determination is made. If the Secretary determines that the producers on a farm are prevented from planting, any portion of the allotment to cotton because of drought, flood, or other natural disaster, or condition beyond the control of the producer, the rate of payment for such portion shall be the larger of (A) the foregoing rate, or (B) one-third of the established price. If the Secretary determines that, because of such a disaster or condition, the total quantity of cotton which the producers are able to harvest on any farm is less than 66 $\frac{2}{3}$  percent of the farm base acreage allotment times the average yield established for the farm, the rate of payment for the deficiency in production below 100 percent shall be the larger of (A) the foregoing rate, or (B) one-third of the established price. “SEC. 611. Section 104 of the Agricultural Act of 1949, as amended, is amended by adding a new subsection (d) as follows:

72 Stat. 993;  
78 Stat. 174.  
7 USC 1441  
note.

“(d) In order to reduce cotton production costs, to prevent the movement of certain cotton plant insects to areas not now infested, and to enhance the quality of the environment, the Secretary is authorized and directed to carry out programs to destroy and eliminate cotton boll weevils in infested areas of the United States as provided herein and to carry out similar programs with respect to pink bollworms or any other major cotton insect if the Secretary determines that methods and systems have been developed to the point that success in eradication of such insects is assured. The Secretary shall carry out the eradication programs authorized by this subsection through the Commodity Credit Corporation. In carrying out insect eradication projects, the Secretary shall utilize the technical and related services of appropriate Federal, State, private agencies, and cotton organizations. Producers and landowners in an eradication zone, established by the Secretary, who are receiving benefits from any program administered by the United States Department of Agriculture, shall, as a condition of receiving or continuing any such benefits, participate in and cooperate with the eradication project, as specified in regulations of the Secretary.

“The Secretary may issue such regulations as he deems necessary to enforce the provisions of this subsection with respect to achieving

Penalty.

the compliance of producers and landowners who are not receiving benefits from any program administered by the United States Department of Agriculture. Any person who knowingly violates any such regulation promulgated by the Secretary under this subsection may be assessed a civil penalty of not to exceed \$5,000 for each offense. No civil penalty shall be assessed unless the person shall have been given notice and opportunity for a hearing on such charge in the county, parish, or incorporated city of the residence of the person charged. In determining the amount of the penalty the Secretary shall consider the appropriateness of such penalty to the size of the business of the person charged, the effect on the person's ability to continue in business, and the gravity of the violation. Where special measures deemed essential to achievement of the eradication objective are taken by the project and result in a loss of production and income to the producer, the Secretary shall provide reasonable and equitable indemnification from funds available for the project, and also provide for appropriate protection of the allotment, acreage history, and average yield for the farm. The cost of the program in each eradication zone shall be determined, and cotton producers in the zone shall be required to pay up to one-half thereof, with the exact share in each zone area to be specified by the Secretary upon his finding that such share is reasonable and equitable based on population levels of the target insect and the degree of control measures normally required. Each producer's pro rata share shall be deducted from his cotton payment under this Act or otherwise collected, as provided in regulations of the Secretary. Insofar as practicable, cotton producers and other persons engaged in cotton production in the eradication zone shall be employed to participate in the work of the project in such zone. Funding of the program shall be terminated at such time as the Secretary determines and reports to the Congress that complete eradication of the insects for which programs are undertaken pursuant to this subsection has been accomplished. Funds in custody of agencies carrying out the program shall, upon termination of such program, be accounted for to the Secretary for appropriate disposition.

Government of Mexico, cooperation.

"The Secretary is authorized to cooperate with the Government of Mexico in carrying out operations or measures in Mexico which he deems necessary and feasible to prevent the movement into the United States from Mexico of any insects eradicated under the provisions of this subsection. The measure and character of cooperation carried out under this subsection on the part of the United States and on the part of the Government of Mexico, including the expenditure or use of funds made available by the Secretary under this subsection, shall be such as may be prescribed by the Secretary. Arrangements for the cooperation authorized by this subsection shall be made through and in consultation with the Secretary of State. The purposes of such a program shall be to encourage landowners to apply practices which will provide for the afforestation of suitable open lands and reforestation of cutover and other nonstocked and understocked forest lands and intensive multiple-purpose management and protection of forest resources so as to provide for production of timber and related benefits.

"(b) For the purposes of this section, the term 'non-industrial private forest lands' means lands capable of producing crops of industrial wood and owned by any private individual, group, association, corporation, or other legal entity. Such term does not include private entities which regularly engage in the business of manufacturing forest products or providing public utilities services of any type, or the subsidiaries of such entities.

"(c) The Secretary shall consult with the State forester or other appropriate official of the respective States in the conduct of the forestry incentives program under this section, and Federal assistance shall be extended in accordance with section 1003(b) of this title. The Secretary shall for the purposes of this section distribute funds available for cost sharing among and within the States only after assessing the public benefit incident thereto, and after giving appropriate consideration to the number and acreage of commercial forest lands, number of eligible ownerships in the State, and counties to be served by such cost sharing; the potential productivity of such lands; and the need for reforestation, timber stand improvement, or other forestry investments on such land. No forest incentives contract shall be approved under this section on a tract greater than five hundred acres, unless the Secretary finds that significant public benefit will be incident to such approval.

"(d) The Secretary may, if he determines that such action will contribute to the effective and equitable administration of the program established by this section, use an advertising and bid procedure in determining the lands in any area to be covered by agreements.

"(e) In implementing the program under this section, the Secretary will cause it to be coordinated with other related programs in such a manner as to encourage the utilization of private agencies, firms, and individuals furnishing services and materials needed in the application of practices included in the forestry incentives improvement program. The Secretary shall periodically report to the appropriate congressional committees of the progress and conduct of the program established under this section.

The mileage of the route or portion thereof approval of which is withdrawn under this paragraph shall be available for designation on the Interstate System in any other State in accordance with paragraph (1) of this subsection. Approval of the plans, specifications, and estimates for such project by the Secretary shall be deemed a contractual obligation of the United States for payment out of the general funds in the Treasury of its proportional share of the cost of such project in an amount equal to the Federal share which would be paid for such a project under the Urban Mass Transportation Act of 1964, except that the total Federal cost of all such projects under this paragraph with respect to such route or portion thereof approval of which is withdrawn under this paragraph, shall not exceed the Federal share of the cost which would have been paid for such route or portion thereof, as such cost is included in the 1972 Interstate System cost estimate set forth in table 5 of House Public Works Committee Print Numbered 92-29, as revised in House Report Numbered 92-1443. Funds apportioned to such State for the Interstate System, which apportionment is based upon an Interstate System cost estimate that includes a route or portion thereof approval of which is withdrawn under this paragraph, shall be reduced by an amount equal to the Federal share of such project as such share

## AN ACT

To improve the laws relating to the regulation of insurance in the District of Columbia, and for other purposes.

August 14, 1973  
[H. R. 4083]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "District of Columbia Insurance Act".*

District of  
Columbia Insur-  
ance Act.

**TITLE I—DISTRICT OF COLUMBIA POST ASSESSMENT  
INSURANCE GUARANTY ASSOCIATION ACT**

SEC. 101. This title shall be known and may be cited as the "District of Columbia Insurance Guaranty Association Act".

Citation of  
title.

SEC. 102. The purpose of this title is to provide a mechanism for the payment of covered claims under certain insurance policies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of the insolvency of an insurer, to assist in the detection and prevention of insurer insolvencies, and to provide an association to assess the cost of such protection among insurers.

SEC. 103. This title shall apply to all kinds of direct insurance, except life, title, disability, and mortgage guaranty insurance.

SEC. 104. As used in this title—

Definitions.

(1) The term "Commissioner" means the Commissioner of the District of Columbia or his designated agent.

(2) The term "covered claim" means an unpaid claim, including one for unearned premiums, which arises out of and is within the coverage and not in excess of the applicable limits of an insurance policy to which this title applies issued by an insurer, if such insurer becomes an insolvent insurer after the effective date of this title and (a) the claimant or insured is a resident of the District of Columbia at the time of the insured event; or (b) the property from which the claim arises is permanently located in the District of Columbia. Such term shall not include any amount due any reinsurer, insurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise.

(3) The term "insolvent insurer" means (a) an insurer authorized to transact insurance in the District of Columbia, either at the time the policy was issued or when the insured event occurred, who has been determined to be insolvent by a court of competent jurisdiction.

(4) The term "member insurer" means any person who (a) writes any kind of insurance to which this title applies, including the exchange of reciprocal or interinsurance contracts, and (b) is licensed to transact insurance in the District of Columbia.

(5) The term "net direct written premiums" means direct gross premiums written in the District on insurance policies to which this title applies, less return premiums thereon and dividends paid or credited to policyholders on such direct business. Such term does not include premiums on contracts between insurers or reinsurers.

(6) The term "person" includes individuals, corporations, associations, exchanges, and partnerships.

SEC. 105. There is created a nonprofit unincorporated legal entity to be known as the District of Columbia Insurance Guaranty Association (hereafter in this title referred to as the "Association"). All member insurers shall be and remain members of the Association as a condition of their authority to transact insurance in the District of Columbia. The Association shall perform its functions under a plan of operation established and approved by the Commissioner and shall exercise its powers through a Board of Directors (hereafter in this

D.C. Insurance  
Guaranty Associ-  
ation.  
Establishment.

title referred to as the "Board"). For purposes of administration and assessment, the Association shall be divided into three separate accounts: (a) the workmen's compensation insurance account; (b) the automobile insurance account; and (c) the account for all other insurance to which this title applies.

Board members.

SEC. 106. (a) The Board shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The members of the Board shall be selected by member insurers subject to the approval of the Commissioner. Vacancies on the Board shall be filled for the remaining period of the term in the same manner as initial appointments. If no members are selected within sixty days after the effective date of this title, the Commissioner may appoint the initial members of the Board.

Vacancies.

(b) In approving selections to the Board, the Commissioner shall consider among other things whether all member insurers are fairly represented.

Expenses.

(c) Members of the Board may be reimbursed from the assets of the Association for expenses incurred by them as members of the Board.

Duties.

SEC. 107. (a) The Association shall—

(1) be obligated to the extent of the covered claims existing prior to the determination of insolvency and arising within thirty days after the determination of insolvency, or before the policy expiration date if less than thirty days after the determination, or before the insured replaces the policy or causes its cancellation, if he does so within thirty days of the determination, but such obligation shall include only that amount of each covered claim which is in excess of \$100 and is less than \$300,000, except that the Association shall pay the full amount of any covered claim arising out of a workmen's compensation policy; except in no event shall the Association be obligated to a policyholder or claimant in an amount in excess of the obligation of the insolvent insurer under the policy from which the claim arises;

(2) be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent;

(3) allocate claims paid and expenses incurred among the three accounts separately, and assess member insurers separately, according to subsection (b) of this section, for each account amounts necessary to pay the obligations of the Association under paragraph (1) of this subsection subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under section 112 and other expenses authorized by this title;

(4) investigate claims brought against the Association and adjust, compromise, settle, and pay covered claims to the extent of the Association's obligation and deny all other claims and may review settlements, releases and judgments to which the insolvent insurer or its insureds were parties to determine the extent to which such settlements, releases and judgments may be properly contested;

(5) notify such persons as the Commissioner directs under section 109(b)(1);

(6) handle claims through its employees or through one or more insurers or other persons designated, subject to the approval of the Commissioner, as servicing facilities, except such designation may be declined by a member insurer; and

(7) reimburse each servicing facility for obligations of the Association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the Association, and pay the other expenses of the Association authorized by this title.

(b) The assessments of each member insurer under paragraph (3) of subsection (a) of this section shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the preceding calendar year on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than 2 per centum of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the Association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The Association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer if they are chargeable to the account for which the assessment is made.

Assessments.

(c) The Association may—

(1) employ or retain such persons as are necessary to handle claims and perform other duties of the Association;

(2) borrow funds necessary to effect the purposes of this title in accord with the plan of operation;

(3) sue or be sued;

(4) negotiate and become a party to such contracts as are necessary to carry out the purpose of this title;

(5) perform such other acts as are necessary or proper to effectuate the purpose of this title; and

(6) refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities, if, at the end of any calendar year, the Board finds that the assets of the Association in any account exceed the liabilities of that account as estimated by the Board for the coming year.

SEC. 108. (a) (1) The Board shall submit to the Commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the Association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the Commissioner.

Plan of operation.

(2) If the Board fails to submit a suitable plan of operation within ninety days following the effective date of this title or if at any time thereafter the Board fails to submit suitable amendments to the plan, the Commissioner shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this title. Such rules shall continue in force until modified by the Commissioner or superseded by a plan submitted by the Board and approved by the Commissioner.

Rules.

(b) All member insurers shall comply with the plan of operation.

(c) The plan of operation shall—

(1) establish the procedures whereby all the powers and duties of the Association under section 107 will be performed;

(2) establish procedures for handling assets of the Association;

(3) establish the amount and method of reimbursing members of the Board under section 106;

(4) establish procedures by which claims may be filed with the Association and establish acceptable forms of proof of covered claims;

(5) establish regular places and times for meetings of the Board;

(6) establish procedures for records to be kept of all financial transactions of the Association, its agents, and the Board;

(7) provide that any member insurer aggrieved by a final action or decision of the Association may appeal to the Commissioner within thirty days after the action or decision;

(8) establish the procedures whereby selections for the Board will be submitted to the Commissioner; and

(9) contain additional provisions necessary or proper for the execution of the powers and duties of the Association.

(d) The plan of operation may provide that any or all powers and duties of the Association, except those under subsections 107 (a) (3) and (c) (2), are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this Association, or its equivalent, in two or more States. Such a corporation, association, or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the Association. A delegation under this subsection shall take effect only with the approval of both the Board and the Commissioner, and may be made only to a corporation, association, or organization which extends protection in a manner substantially similar to that provided by this title.

(e) Notice of claims to the receiver or liquidator of the insolvent insurer shall be deemed notice to the Association or its agent and a list of such claims shall be periodically submitted to the Association or similar organization in another State by the receiver or liquidator.

SEC. 109. (a) The Commissioner shall—

(1) notify the Association of the existence of an insolvent insurer not later than three days after he receives notice of the determination of the insolvency; and

(2) upon request of the Board provide the Association with a statement of the net direct written premiums of each member insurer.

(b) The Commissioner may—

(1) require that the Association notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this title by mail at their last known address, where available, or by publication in a newspaper of general circulation, if sufficient information for notification by mail is not available;

(2) suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in the District of Columbia of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation, or levy a fine on any member insurer which fails to pay an assessment when due, except such fine shall not exceed 5 per centum of the unpaid assessment per month, except that no fine shall be less than \$100 per month; and

Delegation of powers.

(3) revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

(c) All final orders or decisions of the Commissioner made under this Act shall be subject to review in accordance with section 11 of the District of Columbia Administrative Procedures Act (D.C. Code, sec. 1-1510).

SEC. 110. (a) Any person recovering under this title shall be deemed to have assigned his rights under the policy to the Association to the extent of his recovery from the Association. Every insured or claimant seeking the protection of this title shall cooperate with the Association to the same extent as such person would have been required to cooperate with the insolvent insurer. The Association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out except such causes of action as the insolvent insurer would have had if such sums had been paid by the insolvent insurer. In the case of an insolvent insurer operating on a plan with assessment liability, payments of claims of the Association shall not operate to reduce the insured's liability to the receiver, liquidator, or statutory successor for unpaid assessments.

(b) The receiver, liquidator, or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the Association or a similar organization in another State. The court having jurisdiction shall grant such claims priority equal to that which the claimant would have been entitled in the absence of this title against the assets of the insolvent insurer.

(c) The Association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the Association which shall preserve the rights of the Association against the assets of the insolvent insurer.

SEC. 111. (a) Any person having a claim against an insurer under any provision in an insurance policy, other than a policy of an insolvent insurer which is also a covered claim, shall be required to exhaust first his right under such policy. Any amount payable on a covered claim under this title shall be reduced by the amount of any recovery under such insurance policy.

(b) Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, he shall seek recovery first from the association of the location of the property, and if it is a workmen's compensation claim, he shall seek recovery first from the association of the residence of the claimant. Any recovery under this title shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent.

SEC. 112. (a) To aid in the detection and prevention of insurer insolvencies—

(1) it shall be the duty of the Board, upon majority vote, to notify the Commissioner of any information indicating any member insurer may be insolvent or in a financial condition hazardous to the policyholders or the public; and

(2) the Board may, upon majority vote, request that the Commissioner order an examination of any member insurer which the Board in good faith believes may be in a financial condition hazardous to the policyholders or the public.

(b) An examination may be conducted, under this section, as a National Association of Insurance Commissioner examination or may be conducted by such person as the Commissioner designates. The cost of such examination shall be paid by the Association and the examina-

tion report shall be treated as are other examination reports. In no event shall such examination report be released to the Board prior to its release to the public, but this shall not preclude the Commissioner from complying with subsection (c) of this section. The Commissioner shall notify the Board when the examination is completed. The request for an examination shall be kept on file by the Commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(c) It shall be the duty of the Commissioner to report to the Board when he has reasonable cause to believe that any member insurer examined or being examined at the request of the Board may be insolvent or in a financial condition hazardous to the policyholders or the public.

Reports.

(d) The Board may, upon majority vote, make reports and recommendations to the Commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(e) The Board may, upon majority vote, make recommendations to the Commissioner for the detection and prevention of insurer insolvencies.

(f) The Board shall, at the conclusion of any insurer insolvency in which the Association was obligated to pay covered claims, prepare a report on the history and causes of such insolvency, based on the information available to the Association, and submit such report to the Commissioner.

SEC. 113. The Association shall be subject to examination and regulation by the Commissioner. The Board shall submit, not later than March 30 of each year, a financial report for the preceding calendar year on a form approved by the Commissioner.

Tax exemption.

SEC. 114. The Association shall be exempt from payment of all fees and taxes levied or collected by the District of Columbia, except taxes levied on real or personal property.

SEC. 115. The rates and premiums charged for insurance policies to which this title applies shall include amounts sufficient to recoup a sum equal to the amounts paid to the Association by the member insurer less any amounts returned to the member insurer by the Association and such rates shall not be deemed excessive because they contain an amount reasonably calculated to recoup assessments paid by the member insurer.

SEC. 116. There shall be no liability on the part of and no cause of action of any nature shall rise against any member insurer, the Association or its agents or employees, the Board, or the Commissioner or his representatives for any action taken by them in the performance of their powers and duties under this title.

SEC. 117. All proceedings in which the insolvent insurer is a party or is obligated to defend a party in any court in the District of Columbia shall be stayed for sixty days from the date the insolvency is determined to permit proper defense by the Association of all pending causes of action. As to any covered claims arising from a judgment under any decision, verdict, or finding based on the default of the insolvent insurer or its failure to defend an insured, the Association either on its own behalf or on behalf of such insured may apply to have such judgment, order, decision, verdict, or finding set aside by the same court or administrator that made such judgment, order, decision, verdict, or finding and shall be permitted to defend against such claim on the merits.

SEC. 118. (a) The Commissioner shall by order terminate the operation of the District of Columbia Insurance Guaranty Association as

to any kind of insurance afforded by property or casualty insurance policies with respect to which he has found, after hearing, that there is in effect a statutory or voluntary plan which—

(1) is a permanent plan which is adequately funded or for which adequate funding is provided; and

(2) extends or will extend to District of Columbia policyholders and residents protection and benefits with respect to insolvent insurers not substantially less favorable and effective to such policyholders and residents and the protection and benefits provided with respect to such kind of insurance under this title.

the time the certificate is issued by the Corporation under section 403, and thereafter annually, except that under regulations prescribed by the Corporation such premium may be paid semiannually.

“(2) If, at the close of any December 31, the primary reserve equals or exceeds 2 per centum of the total amount of all accounts of insured members of all insured institutions as of such close, no premium under paragraph (1) of this subsection shall be payable by any insured institution with respect to its premium year beginning during the year commencing on May 1 next succeeding such December 31, except that the foregoing provisions of this sentence shall not be applicable to any insured institution with respect to any of the twenty premium years beginning with the premium year commencing with the date on which such certificate is issued.

“(c) The Corporation is further authorized to assess against each insured institution additional premiums for insurance until the amount of such premiums equals the amount of all losses and expenses of the Corporation; except that the total amount so assessed in any one year against any such institution shall not exceed one-eighth of 1 per centum of the total amount of the accounts of its insured members.

Assessments.

“(d) (1) The Corporation shall not, on or after the date of enactment of this sentence, accept or receive further payments in the nature of prepayments of future premiums as was formerly required by this subsection (including any such payments which have accrued or are payable under such former provisions). When no insured institution has any pro rata share of the secondary reserve, other than any such share immediately payable to it, the Corporation may take such steps as it may deem appropriate to close out and discontinue the secondary reserve.

Prepayments,  
prohibition.

“(2) The Corporation may provide for the adjustment of payments made under former provisions of this subsection or made or to be made under subsections (b) and (c) of this section in cases of merger or consolidation, transfer of bulk assets or assumption of liabilities, and similar transactions, as defined by the Corporation for the purposes of this paragraph.

Payment adjust-  
ments.

“(e) The Corporation shall credit to the secondary reserve, as of the close of each calendar year a return on the outstanding balances of the secondary reserve, during such calendar year, as determined by the Corporation, at a rate equal to the average annual rate of return to the Corporation during the year ending at the close of November 30 of such calendar year, as determined by the Corporation, on the investments held by the Corporation in obligations of, or guaranteed as to principal and interest by, the United States. Except as provided in subsections (f) and (g), the secondary reserve shall be available to the Corporation only for losses of the Corporation and shall be so available only to such extent as other accounts of the Corporation which are available therefor are insufficient for such losses. No right, title, or interest of any institution in or with respect to its pro rata share of the secondary reserve shall be assignable or transferable whether by operation of law or otherwise, except to such extent as the Corporation may provide for transfer of such pro rata share in cases of merger or consolidation, transfer of bulk assets or assumption of liabilities, and similar transactions, as defined by the Corporation for purposes of this sentence.

Will be treated

“(f) If (i) the status of an insured institution as an insured institution is terminated pursuant to any provision of section 407 or the insurance of accounts of an insured institution is otherwise terminated, (ii) a conservator, receiver, or other legal custodian is appointed for

an insured institution under the circumstances and for the purpose set forth in subsection (d) of section 401, or (iii) the Corporation makes a determination that for the purposes of this subsection an insured institution has gone into liquidation, the Corporation shall pay in cash to such institution its pro rata share of the secondary reserve, in accordance with such terms and conditions as the Corporation may prescribe, or, at the option of the Corporation, the Corporation may apply the whole or any part of the amount which would otherwise be paid in cash toward the payment of any indebtedness or obligation, whether matured or not, of such institution to the Corporation, then existing or arising before such payment in cash: *Provided*, That such payment or such application need not be made to the extent that the provisions of the exception in the last sentence of subsection (e) are applicable.

“(g) If, at the close of December 31 in any year after 1971, the aggregate of the primary reserve and the secondary reserve equals or exceeds  $1\frac{1}{4}$  per centum of the total amount of all accounts of insured members of all insured institutions but the primary reserve does not equal or exceed 2 per centum of such base, each insured institution’s pro rata share of the secondary reserve shall, during the year beginning with May 1 next succeeding such close, be used, to the extent available, to discharge such institution’s obligation for its premium under subsection (b) for the premium year beginning in such year, but only to the extent of such percentage, to be the same for all insured institutions and to be not less than 30 nor more than 70 per centum of such premium, as the Corporation may determine; and the use of such pro rata shares as provided in this sentence shall continue unless and until the next sentence or the last sentence of this subsection shall become operative. If, at the close of any December 31 occurring before the last sentence of this subsection shall become operative, the aggregate of the primary reserve and the secondary reserve is not at least equal to  $1\frac{1}{4}$  per centum of the total amount of all accounts of insured members of all insured institutions, the use of any insured institution’s pro rata share of the secondary reserve under the first sentence of this subsection shall terminate with respect to its premium under subsection (b) for the premium year beginning during the calendar year commencing on May 1 next succeeding such December 31, and such termination shall continue unless and until the first sentence of this subsection shall become operative. If, at the close of any December 31, the primary reserve equals or exceeds such 2 per centum, the Corporation shall, at such time (which shall be the same for all insured institutions and shall not be later than May 1 next succeeding such close) and in such manner as the Corporation shall determine, pay in cash to each insured institution its pro rata share of the secondary reserve.

Deposit calls.

“(h) (1) Each insured institution shall make such deposits in the Corporation as may from time to time be required by call of the Federal Home Loan Bank Board. Any such call shall be calculated by applying a specified percentage, which shall be the same for all insured institutions, to the total amount of all withdrawable or repurchasable shares, investment certificates, and deposits in each insured institution. No such call shall be made unless such Board determines that the total amount of such call, plus the outstanding deposits previously made pursuant to such calls, does not exceed 1 per centum of the total amount of all withdrawable or repurchasable shares, investment certificates, and deposits in all insured institutions. For the purposes of this subsection, the total amounts hereinabove referred to shall be determined or estimated by such Board or in such manner as it may prescribe.

“(2) The Corporation shall credit as of the close of each calendar year, to each deposit outstanding at such close, a return on the outstanding balance, as determined by the Corporation, of such deposit during such calendar year, at a rate equal to the average annual rate of return, as determined by the Corporation, to the Corporation during the year ending at the close of November 30 of such calendar year, on the investments held by the Corporation in obligations of, or guaranteed as to principal and interest by, the United States.

Deposit  
credits.

“(3) The Corporation in its discretion may at any time repay all such deposits, or repay pro rata a portion of each of such deposits, in such manner and under such procedure as the Corporation may prescribe. Any procedure for such pro rata repayment may provide for total repayment of any deposit, if total repayment of any and all deposits of equal or smaller amount is likewise provided for.

Repayment.

“(4) The provisions of subsection (f) of this section and of the last sentence of subsection (e) of this section shall be applicable to deposits under this subsection, and for the purposes of this subsection the references in such subsection (f) and such last sentence to the prepayments and the pro rata shares therein mentioned shall be deemed instead to be references respectively to the deposits under this subsection and the pro rata shares of the holders thereof, and the reference in such subsection (f) to that subsection shall be deemed instead to be a reference to this subsection.”

#### STATE TAXATION OF FEDERALLY INSURED FINANCIAL INSTITUTIONS

SEC. 7. (a) This section may be cited as the “State Taxation of Depositories Act”.

Citation of title.

(b) The Congress finds that the national goals of fostering an efficient banking system and the free flow of commerce among the States will be furthered by clarifying the principles governing State taxation of interstate transactions of banks and other depositories. Application of taxes measured by income or receipts, or other “doing business” taxes, in States other than the States in which depositories have their principal offices should be deferred until such time as uniform and equitable methods are developed for determining jurisdiction to tax and for dividing the tax base among States.

(c) With respect to any taxable year or other taxable period beginning on or after the date of enactment of this section and before January 1, 1976, no State or political subdivision thereof may impose any tax measured by income or receipts or any other “doing business” tax on any insured depository not having its principal office within such State.

(2) The term “State” means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, and American Samoa.

(e) (1) The Advisory Commission on Intergovernmental Relations shall make a study of all pertinent matters relating to the application of State “doing business” taxes on out-of-State commercial banks, mutual savings banks, and savings and loan associations. Such study shall include recommendations for legislation which will provide equitable State taxation of out-of-State commercial banks, mutual

savings banks, and savings and loan associations. Such recommendations shall include, but shall not be limited to, the matter of the proper allocation, apportionment, or other division of tax bases and such other matters relating to the question of multistate taxation of commercial banks, mutual savings banks, and savings and loan associations as the Commission shall determine to be pertinent. In conducting the study, the Commission shall consult with the Secretary of the Treasury, the Federal Reserve Board, the Federal Deposit Insurance Corporation, the Federal Home Loan Bank Board, appropriate State banking and taxing authorities, and others as needed.

Report to Congress.

(2) The Commission shall make a report to the Congress of the results of its study and recommendations not later than December 31, 1974.

Appropriation.

(3) There are authorized to be appropriated to the Commission such sums as may be necessary to carry out the provisions of this subsection.

shall be headed by a Commissioner (hereinafter in this Act referred to as the "Commissioner") appointed by the President. Except for titles IV and V and as otherwise specifically provided in this Act, such Administration shall be the principal agency for carrying out this Act. The Secretary shall not approve any delegation of the functions of the Commissioner to any other officer not directly responsible to the Commissioner unless the Secretary shall first submit a plan for such delegation to the Congress. Such delegation is effective at the end of the first period of sixty calendar days of continuous session of Congress after the date on which the plan for such delegation is transmitted to it: *Provided, however,* That within thirty days of such transmittal, the Secretary shall consult with the Committee on Labor and Public Welfare of the Senate and the Committee on Education and Labor of the House of Representatives respecting such proposed delegation. For the purposes of this section, continuity of session is broken only by an adjournment of Congress sine die, and the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of the thirty-day and sixty-day periods.

(b) The Secretary, through the Commissioner in coordination with other appropriate programs in the Department of Health, Education, and Welfare, in carrying out research under this Act shall establish the expertise and technological competence to, and shall, in consultation with, the National Science Foundation and the National Academy of Sciences develop and support, and stimulate the development and utilization (including production and distribution of new and existing devices) of, innovative methods of applying advanced medical technology, scientific achievement, and psychological and social knowledge to solve rehabilitation problems, and be responsible for carrying out the activities described in section 202(b)(2).

SEC. 110. (a) For each fiscal year, each State shall be entitled to an allotment of an amount bearing the same ratio to the amount authorized to be appropriated under subsection (b) (1) of section 100 for allotment under this section as the product of (1) the population of the State and (2) the square of its allotment percentage bears to the sum of the corresponding products for all the States. The allotment to any State (other than Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands) under the first sentence of this subsection for any fiscal year which is less than one-quarter of 1 per centum of the amount appropriated under subsection (b) (1) of section 100, or \$2,000,000, whichever is greater, shall be increased to that amount, the total of the increases thereby required being derived by proportionately reducing the allotments to each of the remaining such States under the first sentence of this subsection, but with such adjustments as may be necessary to prevent the allotment of any such remaining States from being thereby reduced to less than that amount.

(b) If the payment to a State under section 111(a) for a fiscal year is less than the total payments such State received under section 2 of the Vocational Rehabilitation Act for the fiscal year ending June 30, 1973, such State shall be entitled to an additional payment (subject to the same terms and conditions applicable to other payments under this part) equal to the difference between such payment under section 111(a) and the amount so received by it. Payments attributable to the additional payment to a State under this subsection shall be made only from appropriations specifically made to carry out this subsection, and such additional appropriations are hereby authorized.

(c) Whenever the Secretary determines, after reasonable opportunity for the submission to him of comments by the State agency administering or supervising the program established under this title, that any payment of an allotment to a State under section 111(a) for

any fiscal year will not be utilized by such State in carrying out the purposes of this title, he shall make such amount available for carrying out the purposes of this title to one or more other States to the extent he determines such other State will be able to use such additional amount during such year for carrying out such purposes. (b) The method of computing and paying amounts pursuant to subsection (a) shall be as follows:

(1) The Secretary shall, prior to the beginning of each calendar quarter or other period prescribed by him, estimate the amount to be paid to each State under the provisions of such subsection for such period, such estimate to be based on such records of the State and information furnished by it, and such other investigation, as the Secretary may find necessary.

(2) The Secretary shall pay, from the allotment available therefor, the amount so estimated by him for such period, reduced or increased, as the case may be, by any sum (not previously adjusted under this paragraph) by which he finds that his estimate of the amount to be paid the State for any prior period under such subsection was greater or less than the amount which should have been paid to the State for such prior period under such subsection. Such payment shall be made prior to audit or settlement by the General Accounting Office, shall be made through the disbursing facilities of the Treasury Department, and shall be made in such installments as the Secretary may determine.

Any amount made available to a State for any fiscal year pursuant to the preceding sentence shall, for purposes of this part, be regarded as an increase of such State's allotment (as determined under the preceding provisions of this section) for such year.

SEC. 121. (a) From each State's allotment under this part for any fiscal year, the Secretary shall pay to such State or, at the option of the State agency designated pursuant to section 101 (a) (1), to a public or nonprofit organization or agency, a portion of the cost of planning, preparing for, and initiating special programs under the State plan approved pursuant to section 101 to expand vocational rehabilitation services, including programs to initiate or expand such services to individuals with the most severe handicaps, or of special programs under such State plan to initiate or expand services to classes of handicapped individuals who have unusual and difficult problems in connection with their rehabilitation, particularly handicapped individuals who are poor, and responsibility for whose treatment, education, and rehabilitation is shared by the State agency designated in section 101 with other agencies. The Secretary may require that any portion of a State's allotment under this section, but not more than 50 per centum of such allotment, may be expended in connection with only such projects as have first been approved by the Secretary. Payments with respect to any project may not exceed 90 per centum of the cost of such project. Such study shall encompass the extent to which other programs administered by the Secretary do or might contribute to the objectives set forth in clauses (1) and (2) of the preceding sentence and the methods by which all such programs can be coordinated at Federal, State, and local levels with those carried out under this Act to the end that individuals with the most severe handicaps are assured of receiving the kinds of assistance necessary for them to achieve such objectives.

(b) The Secretary shall report the findings of the study, research, and demonstrations directed by subsection (a) of this section to the Congress and to the President together with such recommendations for legislative or other action as he may find desirable, not later than February 1, 1975.

## PART A—VOLUNTEERS IN SERVICE TO AMERICA

## STATEMENT OF PURPOSE

SEC. 101. This part provides for the Volunteers in Service to America (VISTA) program of full-time volunteer service, together with appropriate powers and responsibilities designed to assist in the development and coordination of such program. The purpose of this part is to strengthen and supplement efforts to eliminate poverty and poverty-related human, social, and environmental problems in the United States by encouraging and enabling persons from all walks of life and all age groups, including elderly and retired Americans, to perform meaningful and constructive volunteer service in agencies, institutions, and situations where the application of human talent and dedication may assist in the solution of poverty and poverty-related problems and secure and exploit opportunities for self-advancement by persons afflicted with such problems.

## AUTHORITY TO OPERATE VISTA PROGRAM

SEC. 102. The Director may recruit, select, and train persons to serve in full-time volunteer programs consistent with the provisions and to carry out the purpose of this part.

## ASSIGNMENT OF VOLUNTEERS

SEC. 103. (a) The Director, upon request of Federal, State, or local agencies, or private nonprofit organizations, may assign such volunteers to work in the several States in appropriate projects and programs—

(1) in meeting the health, education, welfare, or related needs of Indians living on reservations or Federal trust lands, of migratory and seasonal farmworkers and their families, and of residents of the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, or the Virgin Islands;

(2) in the care and rehabilitation of mentally ill, developmentally disabled, and other handicapped individuals, especially those with severe handicaps, under the supervision of nonprofit institutions or facilities; and

(3) in connection with programs or activities authorized, supported, or of a character eligible for assistance under this Act or the Economic Opportunity Act of 1964, as amended (42 U.S.C. chapter 34) in furtherance of the purpose of this title.

(b) The Director, wherever feasible and appropriate, shall assign low-income community volunteers to serve in their home communities

in teams with nationally recruited specialist volunteers. Prior to the assignment of any such community volunteer, the Director shall insure that each such volunteer is provided an individual plan designed to provide an opportunity for job advancement or for transition to a situation leading to gainful employment. One hundred and twenty days prior to the completion of such community volunteer's term of service, the Director shall insure that such plan is updated and reviewed with the volunteer.

(c) Except as provided in subsection (d), the assignment of volunteers under this section shall be on such terms and conditions (including restrictions on political activities that appropriately recognize the special status of volunteers living among the persons or groups served by programs to which they have been assigned) as the Director may determine, including work assignments in their own or nearby communities.

(d) Volunteers under this part shall not be assigned to duties or work in any State unless such program has been submitted to the Governor or other chief executive officer of the State concerned, and has not been disapproved by him within forty-five days of such submission. The assignment of a volunteer shall be terminated by the Director when so requested by the Governor or chief executive officer of the State concerned not later than thirty days after such request has been made, or at a time after such request has been made as agreed upon by such Governor or chief executive officer of the State concerned and the Director.

Program, sub-

#### TERMS AND PERIODS OF SERVICE

SEC. 104. (a) Volunteers serving under this part shall be required to make a full-time personal commitment to combating poverty and poverty-related human, social, and environmental problems. To the maximum extent practicable, this shall include a commitment to live among and at the economic level of the people served, and to remain available for service without regard to regular working hours, at all times during their periods of service, except for authorized periods of leave.

(b) Volunteers serving under this part may be enrolled for periods of service not exceeding two years, but for not less than one-year periods of service, except that volunteers serving under this part may be enrolled for periods of service of less than one year when the Director determines, on an individual basis, that a period of service of less than one year is necessary to meet a critical scarce-skill need. Volunteers serving under this part may be reenrolled for periods of service totaling not more than two years. No volunteer shall serve for more than a total of five years under this part.

Limitation.

(c) Volunteers under this part shall, upon enrollment, take the oath of office as prescribed in section 5(j) of the Peace Corps Act, as amended (22 U.S.C. 2504(j)), except that persons legally residing within a State but who are not citizens or nationals of the United States, may serve under this part without taking or subscribing to such oath, if the Director determines that the service of such persons will further the interests of the United States. Such persons shall take such alternative oath or affirmation as the Director shall deem appropriate.

75 Stat. 613.

Hearing opportunity.

(d) The Director shall establish a procedure, including notice and opportunity to be heard, for volunteers under this part to present and obtain resolution of grievances and to present their views in connection with the terms and conditions of their service. The Director shall promptly provide to each volunteer in service on the date of enactment of this Act, and to each such volunteer beginning service thereafter, information regarding such procedure and the terms and conditions of their service.

SUPPORT SERVICES

Stipends.

SEC. 105. (a) (1) The Director may provide a stipend to volunteers, while they are in training and during their assignments, enrolled for periods of service of not less than one year under this part, except that the Director may, on an individual basis, make an exception to provide a stipend to a volunteer enrolled under this part for an extended period of service not totaling one year. Such stipend shall not exceed \$50 per month during the volunteer's service, except that the Director may provide a stipend not to exceed \$75 per month in the case of persons who have served for at least one year and who, in accordance with standards established in regulations which the Director shall prescribe, have been designated volunteer leaders on the basis of experience and special skills and a demonstrated leadership among volunteers.

Limitation.

Payment.

(2) Stipends shall be payable only upon completion of a period of service, except that in extraordinary circumstances the Director may from time to time advance all or a portion of the accrued stipend to or on behalf of a volunteer. In the event of the death of a volunteer during service, the amount of any unpaid stipend shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

80 Stat. 495.

(b) The Director shall also provide volunteers such living, travel (including travel to and from places of training), and leave allowances, and such housing, supplies, equipment, subsistence, clothing, health and dental care, transportation, supervision, technical assistance, and such other support as he deems necessary and appropriate to carry out the purpose and provisions of this part, and shall insure that each such volunteer has available such allowances and support as will enable the volunteer to carry out the purpose and provisions of this part and to effectively perform the work to which such volunteer is assigned.

PARTICIPATION OF BENEFICIARIES

SEC. 106. To the maximum extent practicable, the people of the communities to be served by volunteers under this title shall participate in planning, developing, and implementing programs thereunder, and the Director, after consultation with sponsoring agencies (including volunteers assigned to them) and the people served by such agencies, shall take all necessary steps to establish, in regulations he shall prescribe, a continuing mechanism for the meaningful participation of such program beneficiaries.

(b) Loadlines shall be permanently and conspicuously marked and maintained in the manner prescribed by the Secretary. #### APPOINTMENT OF SURVEYORS; REVOCATION

SEC. 6. If after consultation or otherwise, the Secretary is satisfied that such tanker does not comply with annex C, he may for this reason deny such tanker access to ports of the United States or to offshore terminals under United States control until such time as he is satisfied that the tanker has been brought into compliance.

Noncompliance.

“(e) If the Secretary is satisfied that any other foreign tanker which, if registered in a country party to the convention, would be required to be constructed in accordance with annex C, does not in fact comply with the standards relating to tank arrangement and limitation of tank size of annex C, then he may deny such tanker access to ports of the United States or to offshore terminals under United States control.”

"(D) Four members elected annually by the preferred stockholders of the Corporation, which members shall be elected as soon as practicable after the first issuance of preferred stock by the Corporation.

"(2) Any vacancy in the membership of the board shall be filled in the same manner as in the case of the original selection; except that any member appointed by the President under paragraph (1) (B) of this subsection to fill a vacancy shall be appointed only for the unexpired term of the member he is appointed to succeed.

Chairman.

"(3) The board shall elect one of its members annually to serve as Chairman.

"(6) No member elected by railroads shall vote on any action of the board relating to any contract or operating relationship between the Corporation and a railroad, but he may be present at meetings of the

“(1) the Commission finds that such auto-ferry service—

“(A) will not impair the ability of the Corporation to reduce its losses or to increase its revenues, and

Elderly or  
handicapped

SEC. 6. Section 305 of the Rail Passenger Service Act of 1970 (45 U.S.C. 545), relating to general powers of the Corporation, is amended by adding at the end thereof the following new subsections:

"(c) The Corporation is authorized to take all steps necessary to insure that no elderly or handicapped individual is denied intercity transportation on any passenger train operated by or on behalf of the Corporation, including but not limited to, acquiring special equipment and devices and conducting special training for employees; designing and acquiring new equipment and facilities and eliminating architectural and other barriers in existing equipment and facilities to comply with the highest standards for the design, construction, and alteration of property for the accommodation of elderly and handicapped individuals; and providing special assistance while boarding and alighting and in terminal areas to elderly and handicapped individuals.

Acquisition of  
property.

"(d) (1) The Corporation is authorized, to the extent financial resources are available, to acquire any right-of-way, land, or other property (except right-of-way, land, or other property of a railroad or property of a State or political subdivision thereof or of any other governmental agency), which is required for the construction of tracks or other facilities necessary to provide intercity rail passenger service, by the exercise of the right of eminent domain, in accordance with the provisions of this subsection, in the district court of the United States in which such property is located or in any such court if a single piece of property is located in more than one judicial district: *Provided*, That such right may only be exercised when the Corporation cannot acquire such property by contract or is unable to agree with the owner as to the amount of compensation to be paid.

"(2) The Corporation shall file with the complaint, or at any time before judgment, a declaration of taking containing or having annexed thereto—

"(A) a statement of the public use for which the property is taken;

"(B) a description of the property taken sufficient for the identification thereof;

"(D) a plan showing the property taken; and

"(E) a statement of the amount of money estimated by the Corporation to be just compensation for the property taken.

Compensation  
for property.

"(3) Upon the filing of the declaration of taking and the depositing in the court of the amount of money estimated in such declaration to be just compensation for the property, the property shall be deemed to be condemned and taken for the use of the Corporation. Title to such property shall thereupon vest in the Corporation in fee simple absolute or in any lesser estate or interest specified in the declaration of taking, and the right to the money deposited as estimated just compensation shall immediately vest in the persons entitled thereto. The court, after a hearing, shall make a finding as to the amount of money which constitutes just compensation for such property and shall make an award and enter judgment accordingly. Such judgment shall include, as part of the just compensation awarded, interest on the

amount finally awarded as the value of the property on the date of taking minus the amount deposited in the court on such date, at the rate of 6 per centum per annum from the date of taking to the date of payment.

“(4) Upon the application of the parties in interest, the court may order that the money deposited in the court, or any part thereof, be paid forthwith for or on account of the just compensation to be awarded in the proceeding. If the compensation finally awarded exceeds the amount of the money received by any person entitled to compensation, the court shall enter judgment against the Corporation for the amount of the deficiency.

“(5) Upon the filing of a declaration of taking, the court may fix the time within which, and the terms upon which, the parties in possession are required to surrender possession to the Corporation. The court may make such orders in respect to encumbrances, liens, rents, taxes, assessments, insurance, and other charges, if any, as shall be just and equitable.

“(e) The Corporation is authorized to take all steps necessary to—

“(1) establish improved reservations systems and advertising;

“(2) service, maintain, repair, and rehabilitate railroad passenger equipment;

“(3) conduct research and development and demonstration programs respecting new rail passenger services;

“(4) develop and demonstrate improved rolling stock;

“(5) establish and maintain essential fixed facilities for the operation of passenger trains on lines and routes included in the basic system, over which no through passenger trains are being operated at the time of enactment of this Act, including necessary track connections between lines on the same or different railroads;

“(6) purchase or lease railroad rolling stock;

“(7) develop and operate international intercity rail passenger service between points within the United States and points in Canada and Mexico, including Montreal, Canada; Vancouver, Canada; and Nuevo Laredo, Mexico (for purposes of section 404(b) of this Act, such international rail passenger service is service included within the basic system); and

“(8) to carry out other corporate purposes.”

SEC. 7. Section 306 of the Rail Passenger Service Act of 1970 (45 U.S.C. 546), relating to the applicability of the Interstate Commerce Act and other laws, is amended by adding at the end thereof the following new subsection:

“(h) No common carrier by railroad may refuse to participate with the Corporation in providing auto-ferry service on the grounds that a State or local law or regulation makes the service unlawful; and neither the Corporation nor such railroad shall be subject to any fine, penalty, or other sanction for violation of a State or local law or regulation which has the effect of prohibiting or impairing the provision of auto-ferry service.”

SEC. 8. Section 308(b) of the Rail Passenger Service Act of 1970 (45 U.S.C. 548(b)), relating to reports to the Congress, is amended by striking out “January 15” and inserting in lieu thereof “February 15”.

SEC. 10. Section 402 of the Rail Passenger Service Act of 1970 (45 U.S.C. 562), relating to facility and service agreements, is amended—

(1) by inserting immediately after the second sentence of subsection (a) the following new sentence: "In fixing just and reasonable compensation for the provision of services ordered by the Commission under the preceding sentence, the Commission shall, in fixing compensation in excess of incremental costs, consider quality of service as a major factor in determining the amount (if any) of such compensation."; and

(2) by adding at the end thereof the following new subsections:  
“(d) (1) If the Corporation and a railroad are unable to agree upon terms for the sale to the Corporation of property (including interests in property) owned by the railroad and required for the construction of tracks or other facilities necessary to provide intercity rail passenger service, the Corporation may apply to the Commission for an order establishing the need of the Corporation for the property at issue and requiring the conveyance thereof from the railroad to the Corporation on reasonable terms and conditions, including just compensation. Unless the Commission finds that—

“(A) conveyance of the property to the Corporation would significantly impair the ability of the railroad to carry out its obligations as a common carrier; and

“(B) the obligations of the Corporation to provide modern, efficient, and economical rail passenger service can adequately be met by the acquisition of alternative property (including interests in property) which is available for sale on reasonable terms to the Corporation, or available to the Corporation by the exercise of its authority under section 305 (d) of this Act;

the need of the Corporation for the property shall be deemed to be established and the Commission shall order the conveyance of the property to the Corporation on such reasonable terms and conditions as it may prescribe, including just compensation.

“(2) The Commission shall expedite proceedings under this subsection and, in any event, issue its order within one hundred and twenty days from receipt of the application from the Corporation. If just compensation has not been determined on the date of the order, the order shall require, as part of just compensation, interest at the rate of 6 per centum per annum from the date prescribed for conveyance until just compensation is paid.

“(e) (1) Except in an emergency, intercity passenger trains operated by or on behalf of the Corporation shall be accorded preference over freight trains in the use of any given line of track, junction, or crossing, unless the Secretary has issued an order to the contrary in accordance with paragraph (2) of this subsection.

“(2) Any railroad whose rights with regard to freight train operation are affected by paragraph (1) of this subsection may file an application with the Secretary requesting appropriate relief. If, after hearing under section 553 of title 5 of the United States Code, the Secretary finds that adherence to such paragraph (1) will materially lessen the quality of freight service provided to shippers, the Secretary shall issue an order fixing rights of trains, on such terms and conditions as are just and reasonable.

“(f) If, upon request of the Corporation, a railroad refuses to permit accelerated speeds by trains operated by or on behalf of the Corporation, the Corporation may apply to the Secretary for an order requiring the railroad to permit such accelerated speeds. The Secretary shall make findings as to whether such accelerated speeds are unsafe or otherwise impracticable, and with respect to the nature and extent

of improvements to track, signal systems, and other facilities that would be required to make such accelerated speeds safe and practicable. After hearing, the Secretary shall issue an order fixing maximum permissible speeds of Corporation trains, on such terms and conditions as he shall find to be just and reasonable."

SEC. 11. (a) Section 403 of the Rail Passenger Service Act of 1970 (45 U.S.C. 563), relating to new service, is amended by adding at the end thereof the following new subsection:

"(d) The Corporation shall initiate not less than one experimental route each year, such route to be designated by the Secretary, and shall operate such route for not less than two years. After such two-year period, the Secretary shall terminate such route if he finds that it has attracted insufficient patronage to serve the public convenience and necessity, or he may designate such route as a part of the basic system."

(b) Section 404(b) of the Rail Passenger Service Act of 1970 (45 U.S.C. 564(b)), relating to discontinuance of service, is amended—

(1) by striking out "July 1, 1973" in paragraph (1) and inserting in lieu thereof "July 1, 1974";

(2) by amending paragraph (2) to read as follows:

"(2) Except as otherwise provided in this paragraph and in section 403(a) of this Act, service beyond that prescribed for the basic system undertaken by the Corporation upon its own initiative may be discontinued at any time. No such service undertaken by the Corporation on or after January 1, 1973, shall be discontinued until the expiration of the one-year period beginning on the date of enactment of this sentence."; and

(3) by striking out "July 1, 1973" in paragraph (3) and inserting in lieu thereof "July 1, 1974".

SEC. 12. Section 601 of the Rail Passenger Service Act of 1970 (45 U.S.C. 601), relating to Federal grants, is amended to read as follows:

**"SEC. 601. AUTHORIZATION FOR APPROPRIATIONS.**

"(a) There are authorized to be appropriated to the Secretary for the benefit of the Corporation in fiscal year 1971, \$40,000,000, and in subsequent fiscal years a total of \$334,300,000. Funds appropriated pursuant to such authorization shall be made available to the Secretary during the fiscal year for which appropriated and shall remain available until expended. Such sums shall be paid by the Secretary to the Corporation for expenditure by it in accordance with spending plans approved by Congress at the time of appropriation and general guidelines established annually by the Secretary.

"(b) (1) Whenever the Corporation submits any budget estimate or request to the President, the Department of Transportation, or the Office of Management and Budget, it shall concurrently transmit a copy of that estimate or request to the Congress.

"(2) Whenever the Corporation submits any legislative recommendation, proposed testimony, or comments on legislation to the President, the Department of Transportation, or the Office of Management and Budget, it shall concurrently transmit a copy thereof to the Congress. No officer or agency of the United States shall have any authority to require the Corporation to submit its legislative recommendations, proposed testimony, or comments on legislation to any officer or agency of the United States for approval, comments, or review, prior to the submission of such recommendations, testimony, or comments to the Congress."

(3) by adding at the end thereof the following new subsection: "(g) Notwithstanding any other provision of this Act, a guarantee may not be made of any security, obligation, or loan, if the nature of such security, obligation, or loan is such that the income therefrom is not includable in gross income for the purposes of chapter 1 of the Internal Revenue Code of 1954."

Concerning the war powers of Congress and the President.

November 7, 1973  
[H. J. Res. 542]

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,*

War Powers  
Resolution.

SHORT TITLE

SECTION 1. This joint resolution may be cited as the "War Powers Resolution".

PURPOSE AND POLICY

SEC. 2. (a) It is the purpose of this joint resolution to fulfill the intent of the framers of the Constitution of the United States and insure that the collective judgment of both the Congress and the President will apply to the introduction of United States Armed Forces into hostilities, or into situations where imminent involvement in hostilities is clearly indicated by the circumstances, and to the continued use of such forces in hostilities or in such situations.

(b) Under article I, section 8, of the Constitution, it is specifically provided that the Congress shall have the power to make all laws necessary and proper for carrying into execution, not only its own powers but also all other powers vested by the Constitution in the Government of the United States, or in any department or officer thereof.

(c) The constitutional powers of the President as Commander-in-Chief to introduce United States Armed Forces into hostilities, or into situations where imminent involvement in hostilities is clearly indicated by the circumstances, are exercised only pursuant to (1) a declaration of war, (2) specific statutory authorization, or (3) a national emergency created by attack upon the United States, its territories or possessions, or its armed forces.

USC prec.  
title 1.

CONSULTATION

SEC. 3. The President in every possible instance shall consult with Congress before introducing United States Armed Forces into hostilities or into situations where imminent involvement in hostilities is clearly indicated by the circumstances, and after every such introduction shall consult regularly with the Congress until United States Armed Forces are no longer engaged in hostilities or have been removed from such situations.

REPORTING

SEC. 4. (a) In the absence of a declaration of war, in any case in which United States Armed Forces are introduced—

(1) into hostilities or into situations where imminent involvement in hostilities is clearly indicated by the circumstances;

(2) into the territory, airspace or waters of a foreign nation, while equipped for combat, except for deployments which relate solely to supply, replacement, repair, or training of such forces; or

(3) in numbers which substantially enlarge United States Armed Forces equipped for combat already located in a foreign nation;

the President shall submit within 48 hours to the Speaker of the House of Representatives and to the President pro tempore of the Senate a report, in writing, setting forth—

(A) the circumstances necessitating the introduction of United States Armed Forces;

(B) the constitutional and legislative authority under which such introduction took place; and

(C) the estimated scope and duration of the hostilities or involvement.

(b) The President shall provide such other information as the Congress may request in the fulfillment of its constitutional responsibilities with respect to committing the Nation to war and to the use of United States Armed Forces abroad.

(c) Whenever United States Armed Forces are introduced into hostilities or into any situation described in subsection (a) of this section, the President shall, so long as such armed forces continue to be engaged in such hostilities or situation, report to the Congress periodically on the status of such hostilities or situation as well as on the scope and duration of such hostilities or situation, but in no event shall he report to the Congress less often than once every six months.

#### CONGRESSIONAL ACTION

SEC. 5. (a) Each report submitted pursuant to section 4(a)(1) shall be transmitted to the Speaker of the House of Representatives and to the President pro tempore of the Senate on the same calendar day. Each report so transmitted shall be referred to the Committee on Foreign Affairs of the House of Representatives and to the Committee on Foreign Relations of the Senate for appropriate action. If, when the report is transmitted, the Congress has adjourned sine die or has adjourned for any period in excess of three calendar days, the Speaker of the House of Representatives and the President pro tempore of the Senate, if they deem it advisable (or if petitioned by at least 30 percent of the membership of their respective Houses) shall jointly request the President to convene Congress in order that it may consider the report and take appropriate action pursuant to this section.

(b) Within sixty calendar days after a report is submitted or is required to be submitted pursuant to section 4(a)(1), whichever is earlier, the President shall terminate any use of United States Armed Forces with respect to which such report was submitted (or required to be submitted), unless the Congress (1) has declared war or has enacted a specific authorization for such use of United States Armed Forces, (2) has extended by law such sixty-day period, or (3) is physically unable to meet as a result of an armed attack upon the United States. Such sixty-day period shall be extended for not more than an additional thirty days if the President determines and certifies to the Congress in writing that unavoidable military necessity respecting the safety of United States Armed Forces requires the continued use of such armed forces in the course of bringing about a prompt removal of such forces.

(c) Notwithstanding subsection (b), at any time that United States Armed Forces are engaged in hostilities outside the territory of the United States, its possessions and territories without a declaration of

war or specific statutory authorization, such forces shall be removed by the President if the Congress so directs by concurrent resolution.

(c) Such a joint resolution or bill passed by one House shall be referred to the committee of the other House named in subsection (a) and shall be reported out not later than fourteen calendar days before the expiration of the sixty-day period specified in section 5(b). three calendar days, unless such House shall otherwise determine by yeas and nays.

(d) In the case of any disagreement between the two Houses of Congress with respect to a concurrent resolution passed by both Houses, conferees shall be promptly appointed and the committee of conference shall make and file a report with respect to such concurrent resolution within six calendar days after the legislation is referred to the committee of conference. Notwithstanding any rule in either House concerning the printing of conference reports in the Record or concerning any delay in the consideration of such reports, such report shall be acted on by both Houses not later than six calendar days after the conference report is filed. In the event the conferees are unable to agree within 48 hours, they shall report back to their respective Houses in disagreement.

“(a) Except as provided in section 10 of this Act, in each fiscal year each State educational agency shall receive special-assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to subsection 9(a) of this Act) served free to children eligible for such lunches in schools within that State during such fiscal year by the special-assistance factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced-price lunches in schools within that State during such fiscal year by the special-assistance factor for reduced-price lunches prescribed by the Secretary for such fiscal year. Notwithstanding the foregoing two sentences, (1) for the fiscal year beginning July 1, 1973, no special assistance factor under this section 11 shall, for any State, be less than the average reimbursement paid for each free lunch (in the case of the special assistance factor for free lunches), or for each reduced price lunch (in the case of the special assistance factor for reduced price lunches), in such State under this section in the fiscal year beginning July 1, 1972; and (2) adjustments required by the sentence immediately preceding this sentence shall be based on the special assistance factors for the fiscal year beginning July 1, 1973, as determined without regard to any increase required by the application of this sentence.

Disbursements shall be made from said fund in such manner as may be authorized by the Commission. Such funds shall not be subject to the audit and accounting procedures of the States; however, all receipts and disbursements of funds handled by the Commission shall be audited by a qualified independent public accountant at regular intervals, and the report of such audit shall be included in and become a part of the annual report of the Commission, provided by Article IX(B)(6) below. "(8) Make and file official certified copies of any of its findings, recommendations or reports with such officers or agencies of either State, or the United States as may have any interest in or jurisdiction over the subject matter. Findings of fact made by the Commission shall be admissible in evidence and shall constitute prima facie evidence of such fact in any court or before any agency of competent jurisdiction. The making of findings, recommendations, or reports by the Commission shall not be a condition precedent to instituting or maintaining any action or proceeding of any kind by a signatory State in any court, or before any tribunal agency or officer, for the protection of any right under this Compact or for the enforcement of any of its provisions;

"(9) Secure from the head of any department or agency of the Federal or State government such information, suggestions, estimates and statistics as it may need or believe to be useful for carrying out its functions and as may be available to or procurable by the department or agency to which the request is addressed;

60 Stat. 950;  
74 Stat. 790.  
30 USC 181.

### “Definitions

“(b) (1) For the purposes of this section ‘Federal lands’ means all lands owned by the United States except lands in the National Park System, lands held in trust for an Indian or Indian tribe, and lands on the Outer Continental Shelf. A right-of-way through a Federal reservation shall not be granted if the Secretary or agency head determines that it would be inconsistent with the purposes of the reservation.

“(2) ‘Secretary’ means the Secretary of the Interior.

“(3) ‘Agency head’ means the head of any Federal department or independent Federal office or agency, other than the Secretary of the Interior, which has jurisdiction over Federal lands.

### “Inter-Agency Coordination

“(c) (1) Where the surface of all of the Federal lands involved in a proposed right-of-way or permit is under the jurisdiction of one Federal agency, the agency head, rather than the Secretary, is authorized to grant or renew the right-of-way or permit for the purposes set forth in this section.

“(2) Where the surface of the Federal lands involved is administered by the Secretary or by two or more Federal agencies, the Secretary is authorized, after consultation with the agencies involved, to grant or renew rights-of-way or permits through the Federal lands involved. The Secretary may enter into interagency agreements with all other Federal agencies having jurisdiction over Federal lands for the purpose of avoiding duplication, assigning responsibility, expediting review of rights-of-way or permit applications, issuing joint regulations, and assuring a decision based upon a comprehensive review of all factors involved in any right-of-way or permit application. Each agency head shall administer and enforce the provisions of this section, appropriate regulations, and the terms and conditions of rights-of-way or permits insofar as they involve Federal lands under the agency head’s jurisdiction.

### “Width Limitations

“(d) The width of a right-of-way shall not exceed fifty feet plus the ground occupied by the pipeline (that is, the pipe and its related facilities) unless the Secretary or agency head finds, and records the reasons for his finding, that in his judgment a wider right-of-way is necessary for operation and maintenance after construction, or to protect the environment or public safety. Related facilities include but are not limited to valves, pump stations, supporting structures, bridges, monitoring and communication devices, surge and storage tanks, terminals, roads, airstrips and campsites, and they need not necessarily be connected or contiguous to the pipe and may be the subjects of separate rights-of-way.

### “Temporary Permits

“(e) A right-of-way may be supplemented by such temporary permits for the use of Federal lands in the vicinity of the pipeline as the Secretary or agency head finds are necessary in connection with construction, operation, maintenance, or termination of the pipeline, or to protect the natural environment or public safety.

### “Regulatory Authority

“(f) Rights-of-way or permits granted or renewed pursuant to this section shall be subject to regulations promulgated in accord with the provisions of this section and shall be subject to such terms and conditions as the Secretary or agency head may prescribe regarding extent, duration, survey, location, construction, operation, maintenance, use, and termination.

### “Pipeline Safety

“(g) The Secretary or agency head shall impose requirements for the operation of the pipeline and related facilities in a manner that will protect the safety of workers and protect the public from sudden ruptures and slow degradation of the pipeline.

### “Environmental Protection

“(h) (1) Nothing in this section shall be construed to amend, repeal, modify, or change in any way the requirements of section 102(2)(C) or any other provision of the National Environmental Policy Act of 1969 (Public Law 91-190, 83 Stat. 852).

“(2) The Secretary or agency head, prior to granting a right-of-way or permit pursuant to this section for a new project which may have a significant impact on the environment, shall require the applicant to submit a plan of construction, operation, and rehabilitation for such right-of-way or permit which shall comply with this section. The Secretary or agency head shall issue regulations or impose stipulations which shall include, but shall not be limited to: (A) requirements for restoration, revegetation, and curtailment of erosion of the surface of the land; (B) requirements to insure that activities in connection with the right-of-way or permit will not violate applicable air and water quality standards nor related facility siting standards established by or pursuant to law; (C) requirements designed to control or prevent (i) damage to the environment (including damage to fish and wildlife habitat), (ii) damage to public or private property, and (iii) hazards to public health and safety; and (D) requirements to protect the interests of individuals living in the general area of the right-of-way or permit who rely on the fish, wildlife, and biotic resources of the area for subsistence purposes. Such regulations shall be applicable to every right-of-way or permit granted pursuant to this section, and may be made applicable by the Secretary or agency head to existing rights-of-way or permits, or rights-of-way or permits to be renewed pursuant to this section.

42 USC 4332.

Construction,  
operation, and  
rehabilitation  
plan, submittal.  
Regulations or  
stipulations.

#### “Disclosure

“(i) If the applicant is a partnership, corporation, association, or other business entity, the Secretary or agency head shall require the applicant to disclose the identity of the participants in the entity. Such disclosure shall include where applicable (1) the name and address of each partner, (2) the name and address of each shareholder owning 3 per centum or more of the shares, together with the number and percentage of any class of voting shares of the entity which such shareholder is authorized to vote, and (3) the name and address of each affiliate of the entity together with, in the case of an affiliate controlled by the entity, the number of shares and the percentage of any class of voting stock of that affiliate owned, directly or indirectly, by that entity, and, in the case of an affiliate which controls that entity, the number of shares and the percentage of any class of voting stock of that entity owned, directly or indirectly, by the affiliate.

#### “Technical and Financial Capability

“(j) The Secretary or agency head shall grant or renew a right-of-way or permit under this section only when he is satisfied that the applicant has the technical and financial capability to construct, operate, maintain, and terminate the project for which the right-of-way or permit is requested in accordance with the requirements of this section.

#### “Public Hearings

“(k) The Secretary or agency head by regulation shall establish procedures, including public hearings where appropriate, to give Federal, State, and local government agencies and the public adequate notice and an opportunity to comment upon right-of-way applications filed after the date of enactment of this subsection.

#### “Reimbursement of Costs

“(l) The applicant for a right-of-way or permit shall reimburse the United States for administrative and other costs incurred in processing the application, and the holder of a right-of-way or permit shall reimburse the United States for the costs incurred in monitoring the construction, operation, maintenance, and termination of any pipeline and related facilities on such right-of-way or permit area and shall pay annually in advance the fair market rental value of the right-of-way or permit, as determined by the Secretary or agency head.

#### “Bonding

“(m) Where he deems it appropriate the Secretary or agency head may require a holder of a right-of-way or permit to furnish a bond, or other security, satisfactory to the Secretary or agency head to secure all or any of the obligations imposed by the terms and conditions of the right-of-way or permit or by any rule or regulation of the Secretary or agency head.

### “Duration of Grant

“(n) Each right-of-way or permit granted or renewed pursuant to this section shall be limited to a reasonable term in light of all circumstances concerning the project, but in no event more than thirty years. In determining the duration of a right-of-way the Secretary or agency head shall, among other things, take into consideration the cost of the facility, its useful life, and any public purpose it serves. The Secretary or agency head shall renew any right-of-way, in accordance with the provisions of this section, so long as the project is in commercial operation and is operated and maintained in accordance with all of the provisions of this section.

### “Suspension or Termination of Right-of-Way

“(o) (1) Abandonment of a right-of-way or noncompliance with any provision of this section may be grounds for suspension or termination of the right-of-way if (A) after due notice to the holder of the right-of-way, (B) a reasonable opportunity to comply with this section, and (C) an appropriate administrative proceeding pursuant to title 5, United States Code, section 554, the Secretary or agency head determines that any such ground exists and that suspension or termination is justified. No administrative proceeding shall be required where the right-of-way by its terms provides that it terminates on the occurrence of a fixed or agreed upon condition, event, or time.

“(2) If the Secretary or agency head determines that an immediate temporary suspension of activities within a right-of-way or permit area is necessary to protect public health or safety or the environment, he may abate such activities prior to an administrative proceeding.

“(3) Deliberate failure of the holder to use the right-of-way for the purpose for which it was granted or renewed for any continuous two-year period shall constitute a rebuttable presumption of abandonment of the right-of-way: *Provided*, That where the failure to use the right-of-way is due to circumstances not within the holder's control the Secretary or agency head is not required to commence proceedings to suspend or terminate the right-of-way.

### “Joint Use of Rights-of-Way

“(p) In order to minimize adverse environmental impacts and the proliferation of separate rights-of-way across Federal lands, the utilization of rights-of-way in common shall be required to the extent practical, and each right-of-way or permit shall reserve to the Secretary or agency head the right to grant additional rights-of-way or permits for compatible uses on or adjacent to rights-of-way or permit area granted pursuant to this section.

### “Statutes

“(q) No rights-of-way for the purposes provided for in this section shall be granted or renewed across Federal lands except under and subject to the provisions, limitations, and conditions of this section. Any application for a right-of-way filed under any other law prior to the effective date of this provision may, at the applicant's option, be considered as an application under this section. The Secretary or agency head may require the applicant to submit any additional information he deems necessary to comply with the requirements of this section.

“Common Carriers

“(r) (1) Pipelines and related facilities authorized under this section shall be constructed, operated, and maintained as common carriers.

“(2) (A) The owners or operators of pipelines subject to this section shall accept, convey, transport, or purchase without discrimination all oil or gas delivered to the pipeline without regard to whether such oil or gas was produced on Federal or non-Federal lands.

“(B) In the case of oil or gas produced from Federal lands or from the resources on the Federal lands in the vicinity of the pipeline, the Secretary may, after a full hearing with due notice thereof to the interested parties and a proper finding of facts, determine the proportionate amounts to be accepted, conveyed, transported or purchased.

Notice, hearing requirements.

## TITLE II

### SHORT TITLE

Citation of title.

SEC. 201. This title may be cited as the “Trans-Alaska Pipeline Authorization Act”.

### CONGRESSIONAL FINDINGS

SEC. 202. The Congress finds and declares that:

(a) The early development and delivery of oil and gas from Alaska's North Slope to domestic markets is in the national interest because of growing domestic shortages and increasing dependence upon insecure foreign sources.

(b) The Department of the Interior and other Federal agencies, have, over a long period of time, conducted extensive studies of the technical aspects and of the environmental, social, and economic impacts of the proposed trans-Alaska oil pipeline, including consideration of a trans-Canada pipeline.

(c) The earliest possible construction of a trans-Alaska oil pipeline from the North Slope of Alaska to Port Valdez in that State will make the extensive proven and potential reserves of low-sulfur oil available for domestic use and will best serve the national interest.

(d) A supplemental pipeline to connect the North Slope with a trans-Canada pipeline may be needed later and it should be studied now, but it should not be regarded as an alternative for a trans-Alaska pipeline that does not traverse a foreign country.

### CONGRESSIONAL AUTHORIZATION

SEC. 203. (a) The purpose of this title is to insure that, because of the extensive governmental studies already made of this project and the national interest in early delivery of North Slope oil to domestic markets, the trans-Alaska oil pipeline be constructed promptly without further administrative or judicial delay or impediment. To accomplish this purpose it is the intent of the Congress to exercise its constitutional powers to the fullest extent in the authorizations and directions herein made and in limiting judicial review of the actions taken pursuant thereto.

(b) The Congress hereby authorizes and directs the Secretary of the Interior and other appropriate Federal officers and agencies to issue and take all necessary action to administer and enforce rights-of-way, permits, leases, and other authorizations that are necessary for or related to the construction, operation, and maintenance of the trans-Alaska oil pipeline system, including roads and airstrips, as that

system is generally described in the Final Environmental Impact Statement issued by the Department of the Interior on March 20, 1972. The route of the pipeline may be modified by the Secretary to provide during construction greater environmental protection.

(c) Rights-of-way, permits, leases, and other authorizations issued pursuant to this title by the Secretary shall be subject to the provisions of section 28 of the Mineral Leasing Act of 1920, as amended by title I of this Act (except the provisions of subsections (h) (1), (k), (q), (w) (2), and (x)); all authorizations issued by the Secretary and other Federal officers and agencies pursuant to this title shall include the terms and conditions required, and may include the terms and conditions permitted, by the provisions of law that would otherwise be applicable if this title had not been enacted, and they may waive any procedural requirements of law or regulation which they deem desirable to waive in order to accomplish the purposes of this title. The direction contained in section 203 (b) shall supersede the provisions of any law or regulation relating to an administrative determination as to whether the authorizations for construction of the trans-Alaska oil pipeline shall be issued.

(d) The actions taken pursuant to this title which relate to the construction and completion of the pipeline system, and to the applications filed in connection therewith necessary to the pipeline's operation at full capacity, as described in the Final Environmental Impact Statement of the Department of the Interior, shall be taken without further action under the National Environmental Policy Act of 1969; and the actions of the Federal officers concerning the issuance of the necessary rights-of-way, permits, leases, and other authorizations for construction and initial operation at full capacity of said pipeline system shall not be subject to judicial review under any law except that claims alleging the invalidity of this section may be brought within sixty days following its enactment, and claims alleging that an action will deny rights under the Constitution of the United States, or that the action is beyond the scope of authority conferred by this title, may be brought within sixty days following the date of such action. A claim shall be barred unless a complaint is filed within the time specified. Any such complaint shall be filed in a United States district court, and such court shall have exclusive jurisdiction to determine such proceeding in accordance with the procedures hereinafter provided, and no other court of the United States, of any State, territory, or possession of the United States, or of the District of Columbia, shall have jurisdiction of any such claim whether in a proceeding instituted prior to or on or after the date of the enactment of this Act. Any such proceeding shall be assigned for hearing at the earliest possible date, shall take precedence over all other matters pending on the docket of the district court at that time, and shall be expedited in every way by such court. Such court shall not have jurisdiction to grant any injunctive relief against the issuance of any right-of-way, permit, lease, or other authorization pursuant to this section except in conjunction with a final judgment entered in a case involving a claim filed pursuant to this section. Any review of an interlocutory or final judgment, decree, or order of such district court may be had only upon direct appeal to the Supreme Court of the United States.

(e) The Secretary of the Interior and the other Federal officers and agencies are authorized at any time when necessary to protect the public interest, pursuant to the authority of this section and in accordance with its provisions, to amend or modify any right-of-way, permit, lease, or other authorization issued under this title.

## LIABILITY

Sec. 204. (a) (1) Except when the holder of the pipeline right-of-way granted pursuant to this title can prove that damages in connection with or resulting from activities along or in the vicinity of the proposed trans-Alaskan pipeline right-of-way were caused by an act of war or negligence of the United States, other government entity, or the damaged party, such holder shall be strictly liable to all damaged parties, public or private, without regard to fault for such damages, and without regard to ownership of any affected lands, structures, fish, wildlife, or biotic or other natural resources relied upon by Alaska Natives, Native organizations, or others for subsistence or economic purposes. Claims for such injury or damages may be determined by arbitration or judicial proceedings.

Limitation.

(2) Liability under paragraph (1) of this subsection shall be limited to \$50,000,000 for any one incident, and the holders of the right-of-way or permit shall be liable for any claim allowed in proportion to their ownership interest in the right-of-way or permit. Liability of such holders for damages in excess of \$50,000,000 shall be in accord with ordinary rules of negligence.

(3) In any case where liability without fault is imposed pursuant to this subsection and the damages involved were caused by the negligence of a third party, the rules of subrogation shall apply in accordance with the law of the jurisdiction where the damage occurred.

(4) Upon order of the Secretary, the holder of a right-of-way or permit shall provide emergency subsistence and other aid to an affected Alaska Native, Native organization, or other person pending expeditious filing of, and determination of, a claim under this subsection.

(5) Where the State of Alaska is the holder of a right-of-way or permit under this title, the State shall not be subject to the provisions of subsection 204(a), but the holder of the permit or right-of-way for the trans-Alaska pipeline shall be subject to that subsection with respect to facilities constructed or activities conducted under rights-of-way or permits issued to the State to the extent that such holder engages in the construction, operation, maintenance, and termination of facilities, or in other activities under rights-of-way or permits issued to the State.

(b) If any area within or without the right-of-way or permit area granted under this title is polluted by any activities conducted by or on behalf of the holder to whom such right-of-way or permit was granted, and such pollution damages or threatens to damage aquatic life, wildlife, or public or private property, the control and total removal of the pollutant shall be at the expense of such holder, including any administrative and other costs incurred by the Secretary or any other Federal officer or agency. Upon failure of such holder to adequately control and remove such pollutant, the Secretary, in cooperation with other Federal, State, or local agencies, or in cooperation with such holder, or both, shall have the right to accomplish the control and removal at the expense of such holder.

(c) (1) Notwithstanding the provisions of any other law, if oil that has been transported through the trans-Alaska pipeline is loaded on a vessel at the terminal facilities of the pipeline, the owner and operator of the vessel (jointly and severally) and the Trans-Alaska Pipeline Liability Fund established by this subsection, shall be strictly liable without regard to fault in accordance with the provisions of this subsection for all damages, including clean-up costs, sustained by any person or entity, public or private, including residents of Canada, as the result of discharges of oil from such vessel.

(2) Strict liability shall not be imposed under this subsection if the owner or operator of the vessel, or the Fund, can prove that the damages were caused by an act of war or by the negligence of the United States or other governmental agency. Strict liability shall not be imposed under this subsection with respect to the claim of a damaged party if the owner or operator of the vessel, or the Fund, can prove that the damage was caused by the negligence of such party.

(3) Strict liability for all claims arising out of any one incident shall not exceed \$100,000,000. The owner and operator of the vessel shall be jointly and severally liable for the first \$14,000,000 of such claims that are allowed. Financial responsibility for \$14,000,000 shall be demonstrated in accordance with the provisions of section 311 (p) of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1321(p)) before the oil is loaded. The Fund shall be liable for the balance of the claims that are allowed up to \$100,000,000. If the total claims allowed exceed \$100,000,000, they shall be reduced proportionately. The unpaid portion of any claim may be asserted and adjudicated under other applicable Federal or state law.

(4) The Trans-Alaska Pipeline Liability Fund is hereby established as a non-profit corporate entity that may sue and be sued in its own name. The Fund shall be administered by the holders of the trans-Alaska pipeline right-of-way under regulations prescribed by the Secretary. The Fund shall be subject to an annual audit by the Comptroller General, and a copy of the audit shall be submitted to the Congress.

(5) The operator of the pipeline shall collect from the owner of the oil at the time it is loaded on the vessel a fee of five cents per barrel. The collection shall cease when \$100,000,000 has been accumulated in the Fund, and it shall be resumed when the accumulation in the Fund falls below \$100,000,000.

(6) The collections under paragraph (5) shall be delivered to the Fund. Costs of administration shall be paid from the money paid to the Fund, and all sums not needed for administration and the satisfaction of claims shall be invested prudently in income-producing securities approved by the Secretary. Income from such securities shall be added to the principal of the Fund.

(7) The provisions of this subsection shall apply only to vessels engaged in transportation between the terminal facilities of the pipeline and ports under the jurisdiction of the United States. Strict liability under this subsection shall cease when the oil has first been brought ashore at a port under the jurisdiction of the United States.

(8) In any case where liability without regard to fault is imposed pursuant to this subsection and the damages involved were caused by the unseaworthiness of the vessel or by negligence, the owner and operator of the vessel, and the Fund, as the case may be, shall be subrogated under applicable State and Federal laws to the rights under said laws of any person entitled to recovery hereunder. If any subrogee brings an action based on unseaworthiness of the vessel or negligence of its owner or operator, it may recover from any affiliate of the owner or operator, if the respective owner or operator fails to satisfy any claim by the subrogee allowed under this paragraph.

(9) This subsection shall not be interpreted to preempt the field of strict liability or to preclude any State from imposing additional requirements.

Limitation.

(10) If the Fund is unable to satisfy a claim asserted and finally determined under this subsection, the Fund may borrow the money needed to satisfy the claim from any commercial credit source, at the lowest available rate of interest, subject to approval of the Secretary.

“Affiliate.”

(11) For purposes of this subsection only, the term “affiliate” includes—

(A) Any person owned or effectively controlled by the vessel owner or operator; or

(B) Any person that effectively controls or has the power effectively to control the vessel owner or operator by—

(i) stock interest, or

### TITLE III—NEGOTIATIONS WITH CANADA

SEC. 301. The President of the United States is authorized and requested to enter into negotiations with the Government of Canada to determine—

(a) the willingness of the Government of Canada to permit the construction of pipelines or other transportation systems across Canadian territory for the transport of natural gas and oil from Alaska's North Slope to markets in the United States, including the use of tankers by way of the Northwest Passage;

(b) the need for intergovernmental understandings, agreements, or treaties to protect the interests of the Governments of Canada and the United States and any party or parties involved with the construction, operation, and maintenance of pipelines or other transportation systems for the transport of such natural gas or oil;

(e) the quantity of such oil and natural gas from the North Slope of Alaska for which the Government of Canada would guarantee transit; and

(f) the feasibility, consistent with the needs of other sections of the United States, of acquiring additional energy from other sources that would make unnecessary the shipment of oil from the Alaska pipeline by tanker into the Puget Sound area.

The President shall report to the House and Senate Committees on Interior and Insular Affairs the actions taken, the progress achieved, the areas of disagreement, and the matters about which more information is needed, together with his recommendations for further action.

SEC. 302. (a) The Secretary of the Interior is authorized and directed to investigate the feasibility of one or more oil or gas pipelines from the North Slope of Alaska to connect with a pipeline through Canada that will deliver oil or gas to United States markets.

(b) All costs associated with making the investigations authorized by subsection (a) shall be charged to any future applicant who is granted a right-of-way for one of the routes studied. The Secretary shall submit to the House and Senate Committees on Interior and Insular Affairs periodic reports of his investigation, and the final report of the Secretary shall be submitted within two years from the date of this Act.

SEC. 303. Nothing in this title shall limit the authority of the Secretary of the Interior or any other Federal official to grant a gas or oil pipeline right-of-way or permit which he is otherwise authorized by law to grant.

(f) Section 13 of the Federal Trade Commission Act (15 U.S.C. 53) is amended by redesignating “(b)” as “(c)” and inserting the following new subsection:

“(b) Whenever the Commission has reason to believe—

“(1) that any person, partnership, or corporation is violating, or is about to violate, any provision of law enforced by the Federal Trade Commission, and

“(2) that the enjoining thereof pending the issuance of a complaint by the Commission and until such complaint is dismissed by the Commission or set aside by the court on review, or until the order of the Commission made thereon has become final, would be in the interest of the public—

the Commission by any of its attorneys designated by it for such purpose may bring suit in a district court of the United States to enjoin any such act or practice. Upon a proper showing that, weighing the equities and considering the Commission’s likelihood of ultimate success, such action would be in the public interest, and after notice to the defendant, a temporary restraining order or a preliminary injunction may be granted without bond: *Provided, however*, That if a complaint is not filed within such period (not exceeding 20 days) as may be specified by the court after issuance of the temporary restraining order or preliminary injunction, the order or injunction shall be dissolved by the court and be of no further force and effect: *Provided further*, That in proper cases the Commission may seek, and after proper proof, the court may issue, a permanent injunction. Any such suit shall be brought in the district in which such person, partnership, or corporation resides or transacts business.”

“(b) In carrying out the policy of this section, the Comptroller General shall review all existing information gathering practices of independent regulatory agencies as well as requests for additional information with a view toward—

“(1) avoiding duplication of effort by independent regulatory agencies, and

“(2) minimizing the compliance burden on business enterprises and other persons.

“(c) In complying with this section, an independent regulatory agency shall not conduct or sponsor the collection of information upon an identical item from ten or more persons, other than Federal employees, unless, in advance of adoption or revision of any plans or forms to be used in the collection—

“(2) the Comptroller General has advised that the information is not presently available to the independent agency from another source within the Federal Government and has determined that the proposed plans or forms are consistent with the provision of this section. The Comptroller General shall maintain facilities for carrying out the purposes of this section and shall render such advice to the requestive independent regulatory agency within forty-five days.

“(d) While the Comptroller General shall determine the availability from other Federal sources of the information sought and the appropriateness of the forms for the collection of such information, the independent regulatory agency shall make the final determination as to the necessity of the information in carrying out its statutory responsibilities and whether to collect such information. If no advice is received from the Comptroller General within forty-five days, the independent regulatory agency may immediately proceed to obtain such information.
