

Public Law 98-50
98th Congress

An Act

Making appropriations for energy and water development for the fiscal year ending September 30, 1984, and for other purposes.

July 14, 1983
[H.R. 3132]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1984, for energy and water development, and for other purposes, namely:

Energy and
Water
Development
Appropriation
Act, 1984.

TITLE I—DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by law, surveys and detailed studies and plans and specifications of projects prior to construction, \$133,810,000, to remain available until expended.

River and
harbor flood
control, shore
protection,
study.

CONSTRUCTION, GENERAL

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), \$884,104,000, to remain available until expended, of which \$5,200,000 shall be made available for the Miami Harbor, Bayfront Park project, Florida; and, in addition, notwithstanding any other provision of law, \$10,000,000, to remain available until expended, for the Yatesville Lake construction project.

FLOOD CONTROL AND COASTAL EMERGENCIES

33 USC 701n.

For expenses necessary for emergency flood control, hurricane, and shore protection activities, as authorized by section 5 of the Flood Control Act, approved August 18, 1941, as amended, \$10,000,000, to remain available until expended.

REVOLVING FUND

For design and construction of a Corps of Engineers' learning facility at Huntsville, Alabama, \$9,500,000, to remain available until expended.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI, AND TENNESSEE

For expenses necessary for prosecuting work of flood control, and rescue work, repair, restoration, or maintenance of flood control projects threatened or destroyed by flood, as authorized by law (33 U.S.C. 702a, 702g-1), \$300,480,000, to remain available until expended: *Provided*, That not less than \$250,000 shall be available for bank stabilization measures as determined by the Chief of Engineers to be advisable for the control of bank erosion of streams in the Yazoo Basin, including the foothill area, and where necessary such measures shall complement similar works planned and constructed by the Soil Conservation Service and be limited to the areas of responsibility mutually agreeable to the District Engineer and the State Conservationist: *Provided further*, That the unexpended balances of prior appropriations provided for activities covered in this appropriation may be transferred to appropriation accounts for such activities established pursuant to this appropriation. Balances so transferred may be merged with funds in the applicable established account and thereafter may be accounted for as one fund for the same time period as originally enacted.

Appropriation
balances,
transfers.

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; administration of laws pertaining to preservation of navigable waters; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, \$1,184,492,000, to remain available until expended, of which \$319,000 shall be for the Dismal Swamp Canal, Virginia and North Carolina.

GENERAL EXPENSES

For expenses necessary for general administration and related functions in the office of the Chief of Engineers and offices of the Division Engineers; activities of the Board of Engineers for Rivers and Harbors and the Coastal Engineering Research Center; commer-

cial statistics; and miscellaneous investigations, \$103,000,000, to remain available until expended.

SPECIAL RECREATION USE FEES

For construction, operation, and maintenance of outdoor recreation facilities, including collection of special recreation use fees, to remain available until expended, \$6,000,000, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 4601).

16 USC 4601-4.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for expenses of attendance by military personnel at meetings in the manner authorized by 5 U.S.C. 4110, uniforms, and allowances therefore, as authorized by law (5 U.S.C. 5901-5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress; not to exceed \$2,000 for official reception and representation expenses; and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 185 for replacement only) and hire of passenger motor vehicles: *Provided*, That the total accrued expenditures of the capital investment program of the revolving fund shall not exceed \$78,000,000 in fiscal year 1984.

GENERAL PROVISIONS, CORPS OF ENGINEERS

SEC. 101. None of the funds appropriated in this title, except as specifically contained herein, shall be used to alter, modify, dismantle, or otherwise change any project which is partially constructed but not funded for construction in this title.

SEC. 102. The Secretary of the Army, acting through the Chief of Engineers, is authorized to reimburse local and State interests those sums of moneys expended by them subsequent to July 1, 1969, in construction of the Flat River Channel improvement feature of the Bayou Bodcau and Tributaries project in Louisiana to the extent that such work is authorized by Public Law 89-298, approved October 27, 1965, and which the Chief of Engineers determines is compatible with, and constitutes, an integral part of his recommended plan. The total amount of reimbursement is not to exceed \$3,500,000.

79 Stat. 1073.

SEC. 103. Notwithstanding any other provision of law, the Secretary of the Army, acting through the Chief of Engineers, is hereby authorized to enter into a purchase contract for the acquisition of new buildings and appurtenant facilities for the United States Army Engineer District, New Orleans, Louisiana. Such buildings and facilities shall be constructed on a site presently occupied by the Engineer District under a long-term right of use donated by the Board of Commissioners for the Port of New Orleans. The contract shall provide for the payment of the purchase price, which shall not exceed \$38,000,000, and reasonable interest thereon, by lease or installment payments over a period not to exceed 25 years. The contract shall further provide that title to the buildings and facilities shall vest in the United States at or before the expiration of the

Contracts.

contract term upon fulfillment of the terms and conditions of the contract.

TITLE II—DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

43 USC 371 note.

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau as follows:

GENERAL INVESTIGATIONS

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects, to remain available until expended, \$33,831,000, of which \$33,161,000 shall be derived from the reclamation fund and of which \$470,000 shall be available for the termination of activities conducted pursuant to the Act of October 17, 1978, as amended (42 U.S.C. 7801, et seq.).

CONSTRUCTION PROGRAM

For construction and rehabilitation of projects and parts thereof (including power transmission facilities for Bureau of Reclamation use) and for other related activities as authorized by law, to remain available until expended, \$683,818,000, and, in addition \$10,000,000 to remain available until expended, for the Tucson Division to be expended for commencement of excavation and construction of the Picacho, Red Rock and Brady Pumping Plants, purchase of pumps and motors for those plants, and acquisition of rights-of-way and construction for reaches 1, 2, and 3 of phase A of the aqueduct, of which \$161,104,000 shall be available for transfers to the Upper Colorado River Basin Fund authorized by section 5 of the Act of April 11, 1956 (43 U.S.C. 620d), and \$165,600,000 shall be available for transfers to the Lower Colorado River Basin Development Fund authorized by section 403 of the Act of September 30, 1968 (43 U.S.C. 1543): *Provided*, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That transfers to the Upper Colorado River Basin Fund and Lower Colorado River Basin Development Fund may be increased or decreased by transfers within the overall appropriation to this heading: *Provided further*, That the final point of discharge for the interceptor drain for the San Luis Unit shall not be determined until development by the Secretary of the Interior and the State of California of a plan, which shall conform with the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters: *Provided further*, That no part of the funds herein approved shall be available for construction or operation of facilities to prevent waters of Lake Powell from entering any national monument: *Provided further*, That of the amount herein appropriated not to exceed \$20,000 shall be available to initiate a

rehabilitation and betterment program with the Twin Falls Canal Company, Twin Falls County, Idaho, to rehabilitate facilities under the Act of October 7, 1919 (63 Stat. 724), as amended, to be repaid in full by the lands served and under conditions satisfactory to the Secretary of the Interior: *Provided further*, That of the amount herein appropriated \$3,000,000 shall be available to enable the Secretary of the Interior to begin work on rehabilitating the Velarde Community Ditch Project, New Mexico, in accordance with the Federal Reclamation Laws (Act of June 17, 1902, 32 Stat. 788, and Acts amendatory thereof or supplementary thereto) for the purposes of diverting and conveying water to irrigated project lands. The principal features of the project shall consist of improvements such as the installation of more permanent diversion dams and headgates, wasteways, arroyo siphons, and concrete lining of ditches in order to improve irrigation efficiency, conserve water, and reduce operation and maintenance costs. The cost of the rehabilitation will be nonreimbursable and constructed features will be turned over to the appropriate entity for operation and maintenance.

43 USC 504.

43 USC 371 note.

OPERATION AND MAINTENANCE

For operation and maintenance of reclamation projects or parts thereof and other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, to remain available until expended, \$134,291,000: *Provided*, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund and such amounts as may be required for the Boulder Canyon Project shall be derived from the Colorado River Dam fund: *Provided further*, That funds advanced by water users for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same objects and in the same manner as sums appropriated herein may be expended, and such advances shall remain available until expended: *Provided further*, That nonreimbursable funds will be available from revenues for performing examination of existing structures on participating projects of the Colorado River Storage Project: *Provided further*, That such amounts as may be required for replacements on the Boulder Canyon Project which would require readvances to the Colorado River Dam Fund under section 5 of the Boulder Canyon Project Adjustment Act of July 19, 1940 (43 U.S.C. 618d), are to be considered as though readvanced under said section.

LOAN PROGRAM

For loans to irrigation districts and other public agencies for construction of distribution systems on authorized Federal reclamation projects, and for loans and grants to non-Federal agencies for construction of projects, as authorized by the Acts of July 4, 1955, as amended (43 U.S.C. 421a-421d), and August 6, 1956, as amended (43 U.S.C. 422a-422k), including expenses necessary for carrying out the program, \$45,000,000, to be derived from the reclamation fund and to remain available until expended: *Provided*, That during fiscal year 1984 and within the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed \$51,802,000: *Provided further*, That any contract under the Act of

43 USC 421a.

July 4, 1955 (69 Stat. 244), as amended, not yet executed by the Secretary, which calls for the making of loans beyond the fiscal year in which the contract is entered into shall be made only on the same conditions as those prescribed in section 12 of the Act of August 4, 1939 (53 Stat. 1187, 1197).

43 USC 388.

GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the offices of the Commissioner of the Bureau of Reclamation and in the regional offices of the Bureau of Reclamation \$53,750,000, of which \$10,500,000, shall remain available until expended, the total amount to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377): *Provided*, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

EMERGENCY FUND

For an additional amount for the "Emergency fund", as authorized by the Act of June 26, 1948 (43 U.S.C. 502), as amended, to remain available until expended for the purposes specified in said Act, \$1,000,000, to be derived from the reclamation fund.

SPECIAL FUNDS

Sums herein referred to as being derived from the reclamation fund, the Colorado River Dam fund, or the Colorado River development fund, are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391), and the Act of December 21, 1928 (43 U.S.C. 617a), and the Act of July 19, 1940 (43 U.S.C. 618a), respectively. Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the head "General Administrative Expenses" shall revert and be credited to the special fund from which derived.

Transfer of
funds.

ADMINISTRATIVE PROVISIONS

Appropriations for the Bureau of Reclamation shall be available for purchase of not to exceed 17 motor vehicles of which 16 shall be for replacement only; purchase of one aircraft; payment of claims for damages to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expenses of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiations and administration of interstate compacts without reimbursement or return under the reclamation laws; for service as authorized by 5 U.S.C. 3109, in total not to exceed \$500,000; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head "Operation and Maintenance Administration", Bureau of Reclamation, in the Interior Department Appropriations Act, 1945; preparation and dissemination of useful

information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Act of August 21, 1935 (16 U.S.C. 461-467): *Provided*, That no part of any appropriation made herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except "General Administrative Expenses" and amounts provided for appraisal and special investigations, and general engineering and research under the head "General Investigations".

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: *Provided*, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 3679 of the Revised Statutes, as amended (31 U.S.C. 1341).

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

SEC. 201. Appropriations in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities, or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: *Provided*, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

Emergency reconstruction.

SEC. 202. The Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

Additional expenditure or transfer.

SEC. 203. Appropriations in this title shall be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy, and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of June 30, 1932 (31 U.S.C. 686): *Provided*, That reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

Warehouses, garages, shops, and similar facilities.

Aircraft and
motor vehicles.

SEC. 204. Appropriations in this title shall be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

Twin Buttes
Dam, Tex.

SEC. 205. The cost of foundation treatment, drainage, and instrumentation work planned or under way at Twin Buttes Dam, Texas, shall be nonreimbursable under Federal reclamation laws.

TITLE III—DEPARTMENT OF ENERGY

ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

42 USC 7101
note.

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 19 of which 16 are for replacement only), \$1,951,609,000, to remain available until expended: *Provided*, That \$3,000,000 of the proposed deferral No. 83-72 shall be made available for the Second Small Community Experiment project and shall remain available until expended.

URANIUM SUPPLY AND ENRICHMENT ACTIVITIES

42 USC 5821.

96 Stat. 948.
31 USC 3302.

For expenses of the Department of Energy in connection with operating expenses; the purchase, construction, and acquisition of plant and capital equipment and other expenses incidental thereto necessary for uranium supply and enrichment activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 49 of which 48 are for replacement only); \$2,235,000,000, to remain available until expended: *Provided*, That revenues received by the Department for the enrichment of uranium and estimated to total \$2,240,000,000 in fiscal year 1984, shall be retained and used for the specific purpose of offsetting costs incurred by the Department in providing uranium enrichment service activities as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3617 of the Revised Statutes (31 U.S.C. 484): *Provided further*, That the sum herein appropriated shall be reduced as uranium enrichment revenues are received during fiscal year 1984 so as to result in a final fiscal year 1984 appropriation estimated at not more than \$0.

GENERAL SCIENCE AND RESEARCH ACTIVITIES

For expenses of the Department of Energy, activities including the purchase, construction and acquisition of plant and capital equip-

ment and other expenses incidental thereto necessary for general science and research activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 12 for replacement only); \$638,250,000, to remain available until expended.

42 USC 7101
note.

NUCLEAR WASTE DISPOSAL FUND

For nuclear waste disposal activities to carry out the purposes of Public Law 97-425, including the acquisition of real property or facility construction or expansion, \$306,675,000, to remain available until expended, to be derived from the Nuclear Waste Fund. To the extent that balances in the fund are not sufficient to cover amounts available for obligation in this account, the Secretary shall exercise his authority pursuant to section 302(e)(5) to issue obligations to the Secretary of the Treasury.

96 Stat. 2201.

POWER MARKETING ADMINISTRATIONS

OPERATION AND MAINTENANCE, ALASKA POWER ADMINISTRATION

For engineering and economic investigations to promote the development and utilization of the water, power, and related resources of Alaska, and for necessary expenses of operation and maintenance of projects in Alaska and of marketing electric power and energy, \$3,410,000, to remain available until expended, of which not to exceed \$200,000 to be available only upon a determination by the Secretary that such amounts are required to ensure continuity of service in the case of an emergency.

BONNEVILLE POWER ADMINISTRATION FUND

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93-454, are approved for official reception and representation expenses in an amount not to exceed

16 USC 838i.

\$2,500; and for continuity of financing the construction program, as well as financing new programs, an additional \$1,250,000,000 in borrowing authority is made available, under the Federal Columbia River Transmission System Act (Public Law 93-454) to remain outstanding at any given time: *Provided*, That the obligation of such additional borrowing authority shall not exceed \$123,400,000 in fiscal year 1984.

16 USC 838 note.

During fiscal year 1984 and within the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed \$40,000,000; during fiscal year 1984, commitments to guarantee loans may be made only to the extent that the total loan principal, any part of which is to be guaranteed, shall not exceed \$20,000,000.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy pursuant to the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southeastern power area, \$20,594,000, to remain available until expended.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy, and for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses connected therewith, in carrying out the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southwestern power area, \$36,229,000, to remain available until expended.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE, WESTERN AREA POWER ADMINISTRATION

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (Public Law 95-91), and other related activities including conservation and renewable resources programs as authorized, including the purchase of passenger motor vehicles (not to exceed nine for replacement only), purchase, maintenance, and operation of one aircraft, \$194,630,000, to remain available until expended, of which \$163,430,000 shall be derived from the Department of the Interior Reclamation fund and \$1,004,000, shall be derived from the Colorado River Dam fund for power marketing and transmission expenses of the Boulder Canyon Project.

42 USC 7152.

EMERGENCY FUND, WESTERN AREA POWER ADMINISTRATION

For the "Emergency Fund", as authorized by the Act of June 16, 1948 (43 U.S.C. 502), to remain available until expended for the purposes specified in that Act, \$500,000, on a continuing basis to be recovered from the Reclamation Fund against receipts for the transmission and sale of electric power and energy which are deposited

into the Treasury through Western Area Power Administration which shall be available for transfer to the Western Emergency Fund: *Provided*, That expenditures from the Western Emergency Fund shall be replenished from project power revenues for which funds were expended on an emergency basis.

committees.

SEC. 301. Appropriations for the Department of Energy under this title for the current fiscal year shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an appropriation Act. The Secretary is authorized to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, private, or foreign.

SEC. 302. Not to exceed 5 per centum of any appropriations made available for the current fiscal year for Department of Energy activities funded in this Act may be transferred between such

appropriations, but no such appropriation, except as otherwise provided, shall be increased or decreased by more than 5 per centum by any such transfers, and any such proposed transfers shall be submitted promptly to the Committees on Appropriations of the House and Senate.

SEC. 303. The unexpended balances of prior appropriations provided for activities covered in this Act may be transferred to appropriation accounts for such activities established pursuant to this title. Balances so transferred may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

Appropriation

transfers.

SEC. 304. The expenditure of any appropriation under this Act for any consulting service through procurement contract pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 305. None of the funds in the Department of Energy shall be used to pay the expenses of, or otherwise compensate, parties intervening in regulatory or adjudicatory proceedings funded in the Department of Energy.

Funding
restriction.

SEC. 306. Not more than \$500,000 of funds available to the Federal Energy Regulatory Commission shall be available for updating the comprehensive water resources analysis covering Merced County, Mariposa County, Madera County, and Fresno County in California, in accordance with the provisions of sections 4(a) and 10(a) of the Federal Power Act including such public hearings as are necessary and appropriate for that purpose: *Provided*, That notwithstanding any other provision of law or regulation, the construction of any dam or hydroelectric facility on Whiskey Creek, Nelder Creek, and Lewis Fork of the Fresno River, all located in Merced County, Mariposa County, Madera County, and Fresno County in California, shall be suspended and deferred until completion of the aforementioned updating of the comprehensive water resource analysis covering that area, and any permit, license, or exemption issued by the Federal Energy Regulatory Commission shall be modified as necessary to be consistent with the results of that analysis.
