HARRY S TRUMAN.

§ 742a. Declaration of policy

The Congress declares that the fish, shellfish, and wildlife resources of the Nation make a material contribution to our national economy and food supply, as well as a material contribution to the health, recreation, and well-being of our citizens; that such resources are a living, renewable form of national wealth that is capable of being maintained and greatly increased with proper management, but equally capable of destruction if neglected or unwisely exploited; that such resources afford outdoor recreation throughout the Nation and provide employment, directly or indirectly, to a substantial number of citizens; that the fishing industries strengthen the defense of the United States through the provision of a trained seafaring citizenry and action-ready fleets of seaworthy vessels; that the training and sport afforded by fish and wildlife resources strengthen the national defense by

contributing to the general health and physical fitness of millions of citizens; and that properly developed, such fish and wildlife resources are capable of steadily increasing these valuable contributions to the life of the Nation.

The Congress further declares that the fishing industry, in its several branches, can prosper and thus fulfill its proper function in national life only if certain fundamental needs are satisfied by means that are consistent with the public interest and in accord with constitutional functions of governments. Among these needs are:

(1) Freedom of enterprise—freedom to develop new areas, methods, products, and markets in accordance with sound economic principles, as well as freedom from unnecessary administrative or legal restrictions that unreasonably conflict with or ignore economic needs;

(2) Protection of opportunity—maintenance of an economic atmosphere in which domestic production and processing can prosper; protection from subsidized competing products; protection of opportunity to fish on the high seas in accordance with international law;

(3) Assistance—assistance consistent with that provided by the Government for industry generally, such as is involved in promoting good industrial relations, fair trade standards, harmonious labor relations, better health standards and sanitation; and including, but not limited to—

(a) services to provide current information on production and trade, market promotion and development, and an extension service,

(b) research services for economic and technologic development and resource conservation, and

(c) resource management to assure the maximum sustainable production for the fisheries.

The Congress further declares that the provisions of this Act are necessary in order to accomplish the objective of proper resource development, and that this Act shall be administered with due regard to the inherent right of every citizen and resident of the United States to engage in fishing for his own pleasure, enjoyment, and betterment, and with the intent of maintaining and increasing the public opportunities for recreational use of our fish and wildlife resources, and stimulating the development of a strong, prosperous, and thriving fishery and fish processing industry.

§ 742c. Loans for financing or refinancing of cost of purchasing, constructing, equipping, maintaining, repairing, or operating commercial fishing vessels or gear

(a) Authorization

The Secretary of the Interior is authorized, under such rules and regulations and under such terms and conditions as he may prescribe, to make loans for financing or refinancing of the cost of purchasing, constructing, equipping, maintaining, repairing, or operating new or used commercial fishing vessels or gear.

(b) Conditions

Any loans made under the provisions of this section shall be subject to the following restrictions:

(1) Bear an interest rate of not less than (a) a rate determined by the Secretary of the Treasury, taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus (b) such additional charge, if any, toward covering other costs of the program as the Secretary may determine to be consistent with its purpose.

(2) Mature in not more than ten years, except that where a loan is for all or part of the costs of constructing a new fishing vessel, such period may be fourteen years.

(3) No financial assistance shall be extended pursuant to this section unless reasonable financial assistance applied for is not otherwise available on reasonable terms.

(4) Loans shall be approved only upon the furnishing of such security or other reasonable assurance of repayment as the Secretary may require considering the objectives of this section which are to upgrade commercial fishing vessels and gear and to provide reasonable financial assistance not otherwise available to commercial fishermen. The proposed collateral for a loan must be of such a nature that, when considered with the integrity and ability of the management, and the applicant's past and prospective earnings, repayment of the loan will be reasonably assured.

(5) The applicant shall possess the ability, experience, resources, and other qualifications necessary to enable him to operate and maintain new or used commercial fishing vessels or gear.

(6) Before the Secretary approves a loan for the purchase or construction of a new or used vessel which will not replace an existing commercial fishing vessel, he shall determine that the applicant's contemplated operation of such vessel in a fishery will not cause economic hardship or injury to the efficient vessel operators already operating in that fishery.

(7) An applicant for a fishery loan must be a citizen or national of the United States.

(8) Within the meaning of this section, a corporation, partnership, or association shall not be deemed to be a citizen of the United States unless the Secretary determines that it satisfactorily meets all of the requirements set forth in section 802 of title 46, Appendix, for determining the United States citizenship of a corporation, partnership, or association operating a vessel in the coastwise trade.

(9)(A) The nationality of an applicant shall be established to the satisfaction of the Secretary. Within the meaning of this section, no corporation, partnership, or association organized under the laws of American Samoa shall be deemed a national of the United States unless 75 per centum of the interest therein is owned by nationals of the United States, citizens of the United States, or both, and in the case of a corporation, unless its president or other chief executive officer and the chairman of its board are nationals or citizens of the United States and unless no more of its directors than a minority of the number necessary to constitute a quorum are nonnationals and noncitizens.

(B) Seventy-five per centum of the interest in a corporation shall not be deemed to be owned by nationals of the United States, citizens of the United States, or both, (i) if the title to 75 per centum of its stock is not vested in such nationals and citizens free from any trust or fiduciary obligation in favor of any person not a national or citizen of the United States; or (ii) if 75 per centum of the voting power in such corporation is not vested in nationals of the United States, citizens of the United States, or both; or (iii) if through any contract or understanding it is so arranged that more than 25 per centum of the voting power may be exercised, directly or indirectly, in behalf of any person who is not a national or citizen of the United States; or (iv) if by any other means whatsoever control of any interest in the corporation in excess of 25 per centum is conferred upon or permitted to be exercised by any person who is not a national or citizen of the United States.

(c) Fisheries loan fund; interest payments on appropriations available as capital to the fund less average undispersed cash balance

There is created a fisheries loan fund, which shall be used by the Secretary as a revolving fund to make loans for financing and refinancing under this section. Any funds received by the Secretary on or before September 30, 1986, in payment of principal or interest on any loans so made shall be deposited in the fund and be available for making additional loans under this section. Any funds received in the fisheries loan fund after September 30, 1986, shall be covered into the Treasury as miscellaneous receipts. There is authorized to be appropriated to the fisheries loan fund the sum of \$20,000,000 to provide initial capital.

(d) Modification of loan contract

The Secretary, subject to the specific limitations in this section, may consent to the modification, with respect to the rate of interest,

time of payment of any installment of principal, or security, of any loan contract to which he is a party.

(e) Chartering vessels; loans to Alaskan earthquake victims; termination date

The Secretary is authorized under such terms and conditions and pursuant to regulations prescribed by him to use the funds appropriated under this section to make loans to commercial fishermen for the purpose of chartering fishing vessels pending the construction or repair of vessels lost, destroyed, or damaged by the earthquake of March 27, 1964, and subsequent tidal waves related thereto: *Provided*, That any loans made under this subsection shall only be repaid from the net profits of the operations of such chartered vessels, which profits shall be reduced by such reasonable amount as determined by the Secretary for the salary of the fishermen chartering such vessels. The funds authorized herein shall not be available for such loans after June 30, 1966.

LOANS UNDER FISH AND WILDLIFE ACT OF 1956

Pub. L. 96-561, title II, § 221, Dec. 22, 1980, 94 Stat. 3295, as amended by Pub. L. 98-44, title I, § 103(b), July 12,

1983, 97 Stat. 216; Pub. L. 98-498, title IV, § 431, Oct. 19, 1984, 98 Stat. 2310, provided that:

“(a) LOAN AUTHORITY.—During the period beginning on the date of the enactment of this title [Dec. 22, 1980] and ending at the close of September 30, 1986, the Secretary of Commerce (hereinafter in this section referred to as the ‘Secretary’) may make loans from the fisheries loan fund established under subsection (c) of section 4 of the Fish and Wildlife Act of 1956 (16 U.S.C. 742c) only for the purposes set forth in subsections (b) and (c) of this section. Except to the extent that they are inconsistent with, or contrary to, this section, the provisions of such section 4 shall apply with respect to loans made for such purposes.

“(b) LOANS TO AVOID DEFAULT ON OBLIGATIONS COVERING FISHING VESSELS.—(1) The Secretary may make loans for the purpose of assisting obligors to avoid default on obligations that are issued with respect to the construction, reconstruction, reconditioning or purchase of fishing vessels and that—

“(A) are guaranteed by the United States under title XI of the Merchant Marine Act, 1936 (46 U.S.C. 1271-1280, relating to Federal ship mortgage insurance); or

“(B) are not guaranteed under such title XI, but the fishing vessels concerned meet the use and documentation requirements, and the obligors meet the citizenship requirements, that would apply if the obligations were guaranteed under that title.

“(2)(A) Within the 30-day period beginning on the date of the enactment of this title [Dec. 22, 1980] in the case of fiscal year 1981, and before the beginning of each of fiscal years 1982, 1983, 1984, 1985, and 1986, the Secretary shall estimate the number, and the aggregate amount, of loans described in paragraph (1)(A) for which application will likely be made during each of such fiscal years and shall reserve that amount in the fisheries loan fund for the purpose of making such loans during such year (or if such amount is larger than the fund balance, the Secretary shall reserve the whole fund for such purpose).

“(B) If any moneys are available in the fisheries loan fund for each such fiscal year after subparagraph (A) is complied with for that year, the Secretary shall use such moneys for the purpose of making loans described in paragraph (1)(B) during that year.

“(C) At an appropriate time during each of fiscal years 1981, 1982, 1983, 1984, 1985, and 1986, the Secretary shall compare the actual loan experience during that year with the estimate made for that year under subparagraph (A) and if the Secretary determines, on the basis of such comparison, that the demand for loans described in paragraph (1)(A) will be less than estimated, the Secretary shall, for the fiscal year concerned, apply moneys reserved for such loans for the purpose of making loans described in paragraph (1)(B) and, to the extent not utilized for loans described in paragraph (1)(B), for the purpose of making loans under subsection (c).

“(3) The Secretary may make loans under this subsection only to owners or operators who, in the judgment of the Secretary, have substantial experience and proven ability in the management and financing of fishing operations, and only if (A) loans for the purpose described in paragraph (1) are not otherwise available at reasonable rates which permit continued operations, and (B) the loans are likely to result in the financial viability of the fishing operations of the owners or operators. Each such loan shall be subject to such terms and conditions as the Secretary deems necessary or appropriate to protect the interests of the United States and to carry out the purpose of this subsection. In establishing such terms and conditions, the Secretary shall take into account, among such other factors he deems pertinent, the extent to which the obligations concerned have been retired, and the overall financial condition of the obligors. The interest rate on loans made under the authority of this subsection shall not exceed that rate determined by the Secretary to be sufficient to cover the costs incurred in processing and servicing of such loans.

“(c) LOANS TO COVER OPERATING LOSSES.—(1) If the Secretary determines that moneys will be available in such fisheries loan fund for any of fiscal years 1981, 1982, 1983, 1984, 1985, and 1986, after loans under subsection (b) are provided for for that year, the Secretary may make loans for the purpose of assisting owners and operators of fishing vessels to cover vessel operating expenses in cases where an owner or operator incurs, or may incur, a net operating loss within such fiscal year.

“(2) Each loan made by the Secretary under this subsection shall be subject to such terms and conditions as the Secretary deems necessary or appropriate to protect the interests of the United States and to carry out the purposes of this subsection. The Secretary may make loans under this subsection only to owners or operators who, in the judgment of the Secretary, have substantial experience and proven ability in the management and financing of fishing operations, and only if (A) loans for the purpose described in paragraph (1) are not otherwise available at reasonable rates which permit continued operation, and (B) the loans are likely to result in the financial viability of the fishing operations of the owners or operators. The interest rate on loans made under this subsection shall be the rate prevailing for loans made under the Emergency Agricultural Credit Act of 1978 (7 U.S.C. preceding 1961 note).”
