

(2) publish and transmit such report to the President and the chairman of the Committee on Education and Labor of the House of Representatives and chairman of the Committee on Labor and Human Resources of the Senate. (Pub. L. 101-501, title IX, §986, Nov. 3, 1990, 104 Stat. 1282.)

CHANGE OF NAME

Committee on Education and Labor of House of Representatives changed to Committee on Economic and Educational Opportunities of House of Representatives by House Resolution No. 6, One Hundred Fourth Congress, Jan. 4, 1995.

§ 12376. Definitions

For purposes of this subchapter—

- (1) the term “Conference” means the 1993 White House Conference on Children, Youth, and Families; and
- (2) the terms “child”, “youth”, and “young individual” means¹ an individual who is less than 21 years of age.

(Pub. L. 101-501, title IX, §987, Nov. 3, 1990, 104 Stat. 1283.)

§ 12377. Authorization of appropriations

(a) Authorization

There are authorized to be appropriated such sums as may be necessary, for each of the fiscal years 1993 and 1994, to carry out this subchapter. Sums appropriated under this subsection shall remain available until the expiration of the 1-year period beginning on the date the Conference is adjourned. New spending authority or authority to enter into contracts as provided in this subchapter shall be effective only to the extent and in such amounts as are provided in advance in appropriations Acts.

(b) Return of unexpended funds

Any funds remaining upon the expiration of the 1-year period referred to in subsection (a) of this section shall be returned to the Treasury of the United States and credited as miscellaneous receipts.

(Pub. L. 101-501, title IX, §988, Nov. 3, 1990, 104 Stat. 1283.)

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in section 13436 of this title.

§ 12401. Finding, purposes, and definitions

(a) Finding

Congress finds that it is in the national interest to accelerate efforts to develop a domestic capability to economically produce hydrogen in quantities that will make a significant contribution toward reducing the Nation's dependence on conventional fuels.

(b) Purposes

The purposes of this chapter are—

- (1) to direct the Secretary to prepare a comprehensive 5-year comprehensive program management plan that will identify and resolve critical technical issues necessary for the realization of a domestic capability to produce, distribute, and use hydrogen economically within the shortest time practicable;
- (2) to direct the Secretary to develop a technology assessment and information transfer program among the Federal agencies and aerospace, transportation, energy, and other entities; and
- (3) to develop renewable energy resources as a primary source of energy for the production of hydrogen.

(c) Definitions

As used in this chapter, the term:

- (1) “critical technology” (or “critical technical issue”) means a technology (or issue) that, in the opinion of the Secretary, requires understanding and development in order to take the next needed step in the development of hydrogen as an economic fuel or storage medium; and
- (2) “Secretary” means the Secretary of Energy.

(Pub. L. 101-566, §102, Nov. 15, 1990, 104 Stat. 2797.)

SHORT TITLE

Section 101 of Pub. L. 101-566 provided that: “This Act [enacting this chapter] may be referred to as the ‘Spark M. Matsunaga Hydrogen Research, Development, and Demonstration Act of 1990.’”

§ 12402. Comprehensive management plan

(a) Plan

The Secretary shall prepare a comprehensive 5-year program management plan for research

¹ So in original. Probably should be “mean”.

and development activities, which shall be conducted over a period of no less than 5 years and shall be consistent with the provisions of sections 12403 and 12404 of this title. In the preparation of such plan, the Secretary shall consult with the Administrator of the National Aeronautics and Space Administration, the Secretary of Transportation, the Hydrogen Technical Advisory Panel established under section 12407 of this title, and the heads of such other Federal agencies and such public and private organizations as he deems appropriate. The plan shall be structured to identify and address areas of research critical to the realization of a domestic hydrogen production capability within the shortest time practicable.

(b) Contents of plan

Within 180 days after November 15, 1990, the Secretary shall transmit the comprehensive program management plan to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate. Subsequent plans shall be incorporated in the management plan under this section. The plan shall include—

- (1) a prioritization of research areas critical to the economic use of hydrogen as a fuel and energy storage medium;
- (2) the program elements, management structure, and activities, including program responsibilities of individual agencies and individual institutional elements;
- (3) the program strategies including technical milestones to be achieved toward specific goals during each fiscal year for all major activities and projects;
- (4) the estimated costs of individual program items, including current as well as proposed funding levels for each of the 5 years of the plan for each of the participating agencies;
- (5) a description of the methodology of coordination and technology transfer; and
- (6) the proposed participation by industry and academia in the planning and implementation of the program.

(c) Demonstration plan

The Secretary shall, in consultation with the Secretary of Transportation, the Administrator of the National Aeronautics and Space Administration, and the Hydrogen Technical Advisory Panel established under section 12407 of this title, also prepare a comprehensive large-scale hydrogen demonstration plan with respect to demonstrations carried out pursuant to section 12404 of this title. Subsequent plans shall be incorporated in the management plan under this section. Such plan shall include—

- (1) a description of the necessary research and development activities that must be completed before initiation of a large-scale hydrogen production and storage demonstration program;
- (2) an assessment of the appropriateness of a large-scale demonstration immediately upon completion of the necessary research and development activities;
- (3) an implementation schedule with associated budget and program management resource requirements; and

- (4) a description of the role of the private sector in carrying out the demonstration program.

(Pub. L. 101-566, §103, Nov. 15, 1990, 104 Stat. 2797.)

CHANGE OF NAME

Committee on Science, Space, and Technology of House of Representatives changed to Committee on Science of House of Representatives by House Resolution No. 6, One Hundred Fourth Congress, Jan. 4, 1995.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 12403, 12407 of this title.

§ 12403. Research and development

(a) Program

The Secretary shall conduct a research and development program, consistent with the comprehensive 5-year program management plan under section 12402 of this title, to ensure the development of a domestic hydrogen fuel production capability within the shortest time practicable consistent with market conditions.

(b) Research

(1) Particular attention shall be given to developing an understanding and resolution of all critical technical issues preventing the introduction of hydrogen into the marketplace.

(2) The Secretary shall initiate research or accelerate existing research in critical technical issues that will contribute to the development of more economic hydrogen production and use, including, but not limited to, critical technical issues with respect to production, liquefaction, transmission, distribution, storage, and use (including use of hydrogen in surface transportation).

(c) Renewable energy priority

The Secretary shall give priority to those production techniques that use renewable energy resources as their primary source of energy for hydrogen production.

(d) New technologies

The Secretary shall, for the purpose of performing his responsibilities pursuant to this chapter, solicit proposals for and evaluate any reasonable new or improved technology that could lead or contribute to the development of economic hydrogen production storage and utilization.

(e) Information

The Secretary shall conduct evaluations, arrange for tests and demonstrations, and disseminate to developers information, data, and materials necessary to support efforts undertaken pursuant to this section, consistent with section 12405 of this title.

(Pub. L. 101-566, §104, Nov. 15, 1990, 104 Stat. 2798.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 12402, 12404 of this title.

§ 12404. Demonstrations

(a) Requirement

The Secretary shall conduct demonstrations of critical technologies, preferably in self-con-

tained locations, so that technical and non-technical parameters can be evaluated to best determine commercial applicability of the technology.

(b) Small-scale demonstrations

Concurrently with activities conducted pursuant to section 12403 of this title, the Secretary shall conduct small-scale demonstrations of hydrogen technology at self-contained sites.

(Pub. L. 101-566, §105, Nov. 15, 1990, 104 Stat. 2799.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 12402 of this title.

§ 12405. Technology transfer program

(a) Program

The Secretary shall conduct a program designed to accelerate wider application of hydrogen production, storage, utilization, and other technologies available in near term as a result of aerospace experience as well as other research progress by transferring critical technologies to the private sector. The Secretary shall direct the program with the advice and assistance of the Hydrogen Technical Advisory Panel established under section 12407 of this title. The objective in seeking this advice is to increase participation of private industry in the demonstration of near commercial applications through cooperative research and development arrangements, joint ventures or other appropriate arrangements involving the private sector.

(b) Information

The Secretary, in carrying out the program authorized by subsection (a) of this section, shall—

(1) undertake an inventory and assessment of hydrogen technologies and their commercial capability to economically produce, store, or utilize hydrogen in aerospace, transportation, electric utilities, petrochemical, chemical, merchant hydrogen, and other industrial sectors; and

(2) develop a National Aeronautics Space Administration, Department of Energy, and industry information exchange program to improve technology transfer for—

- (A) application of aerospace experience by industry;
- (B) application of research progress by industry and aerospace;
- (C) application of commercial capability of industry by aerospace; and
- (D) expression of industrial needs to research organizations.

The information exchange program may consist of workshops, publications, conferences, and a data base for the use by the public and private sectors.

(Pub. L. 101-566, §106, Nov. 15, 1990, 104 Stat. 2799.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 12403 of this title.

§ 12406. Coordination and consultation

(a) Secretary's responsibility

The Secretary shall have overall management responsibility for carrying out programs under this chapter. In carrying out such programs, the Secretary, consistent with such overall management responsibility—

(1) shall use the expertise of the National Aeronautics and Space Administration and the Department of Transportation; and

(2) may use the expertise of any other Federal agency in accordance with subsection (b) of this section in carrying out any activities under this chapter,¹ to the extent that the Secretary determines that any such agency has capabilities which would allow such agency to contribute to the purpose of this chapter.

(b) Assistance

The Secretary may, in accordance with subsection (a) of this section, obtain the assistance of any department, agency, or instrumentality of the Executive branch of the Federal Government upon written request, on a reimbursable basis or otherwise and with the consent of such department, agency, or instrumentality. Each such request shall identify the assistance the Secretary deems necessary to carry out any duty under this chapter.

(c) Consultation

The Secretary shall consult with the Administrator of the National Aeronautics and Space Administration, the Administrator of the Environmental Protection Agency, the Secretary of Transportation, and the Hydrogen Technical Advisory Panel established under section 12407 of this title in carrying out his authorities pursuant to this chapter.

(Pub. L. 101-566, §107, Nov. 15, 1990, 104 Stat. 2800.)

REFERENCES IN TEXT

This chapter, the first time appearing in subsec. (a)(2), was in the original "this title", and was translated as reading "this Act" meaning Pub. L. 101-566, to reflect the probable intent of Congress, because Pub. L. 101-566 is not divided into titles.

§ 12407. Technical panel

(a) Establishment

There is hereby established the Hydrogen Technical Advisory Panel (the "technical panel"), to advise the Secretary on the programs under this chapter.

(b) Membership

The technical panel shall be appointed by the Secretary and shall be comprised of such representatives from domestic industry, universities, professional societies, Government laboratories, financial, environmental, and other organizations as the Secretary deems appropriate based on his assessment of the technical and other qualifications of such representatives. Appointments to the technical panel shall be made within 90 days after November 15, 1990. The

¹ See References in Text note below.

technical panel shall have a chairman, who shall be elected by the members from among their number.

(c) Cooperation

The heads of the departments, agencies, and instrumentalities of the Executive branch of the Federal Government shall cooperate with the technical panel in carrying out the requirements of this section and shall furnish to the technical panel such information as the technical panel deems necessary to carry out this section.

(d) Review

The technical panel shall review and make any necessary recommendations to the Secretary on the following items—

- (1) the implementation and conduct of programs under this chapter;
- (2) the economic, technological, and environmental consequences of the deployment of hydrogen production and use systems; and
- (3) comments on and recommendations for improvements in the comprehensive 5-year program management plan required under section 12402 of this title.

(e) Support

The Secretary shall provide such staff, funds and other support as may be necessary to enable the technical panel to carry out the functions described in this section.

(Pub. L. 101-566, §108, Nov. 15, 1990, 104 Stat. 2800.)

TERMINATION OF ADVISORY PANELS

Advisory panels established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a panel established by the President or an officer of the Federal Government, such panel is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a panel established by Congress, its duration is otherwise provided for by law. See sections 3(2) and 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 12402, 12405, 12406 of this title.

§ 12408. Authorization of appropriations

There is hereby authorized to be appropriated to carry out the purposes of this chapter (in addition to any amounts made available for such purposes to other Acts)—

- (1) \$3,000,000 for the fiscal year 1992;
- (2) \$7,000,000 for the fiscal year 1993; and
- (3) \$10,000,000 for the fiscal year 1994.

(Pub. L. 101-566, §109, Nov. 15, 1990, 104 Stat. 2801.)
