- PART A—VIOLENT OFFENDER INCARCERATION AND TRUTH IN SENTENCING INCENTIVE GRANTS
- § 13701. Grants for correctional facilities**
- (a) Grant authorization**
- The Attorney General may make grants to individual States and to States organized as multi-State compacts to construct, develop, ex-

pand, modify, operate, or improve correctional facilities, including boot camp facilities and other alternative correctional facilities that can free conventional prison space for the confinement of violent offenders, to ensure that prison cell space is available for the confinement of violent offenders and to implement truth in sentencing laws for sentencing violent offenders.

(b) Eligibility

To be eligible to receive a grant under this part, a State or States organized as multi-State compacts shall submit an application to the Attorney General which includes—

(1) assurances that the State or States have implemented, or will implement, correctional policies and programs, including truth in sentencing laws that ensure that violent offenders serve a substantial portion of the sentences imposed, that are designed to provide sufficiently severe punishment for violent offenders, including violent juvenile offenders, and that the prison time served is appropriately related to the determination that the inmate is a violent offender and for a period of time deemed necessary to protect the public;

(2) assurances that the State or States have implemented policies that provide for the recognition of the rights and needs of crime victims;

(3) assurances that funds received under this section will be used to construct, develop, expand, modify, operate, or improve correctional facilities to ensure that prison cell space is available for the confinement of violent offenders;

(4) assurances that the State or States have a comprehensive correctional plan which represents an integrated approach to the management and operation of correctional facilities and programs and which includes diversion programs, particularly drug diversion programs, community corrections programs, a prisoner screening and security classification system, appropriate professional training for corrections officers in dealing with violent offenders, prisoner rehabilitation and treatment programs, prisoner work activities (including, to the extent practicable, activities relating to the development, expansion, modification, or improvement of correctional facilities) and job skills programs, educational programs, a pre-release prisoner assessment to provide risk reduction management, post-release assistance, and an assessment of recidivism rates;

(5) assurances that the State or States have involved counties and other units of local government, when appropriate, in the construction, development, expansion, modification, operation or improvement of correctional facilities designed to ensure the incarceration of violent offenders, and that the State or States will share funds received under this section with counties and other units of local government, taking into account the burden placed on these units of government when they are required to confine sentenced prisoners because of overcrowding in State prison facilities;

(6) assurances that funds received under this section will be used to supplement, not supplant, other Federal, State, and local funds;

(7) assurances that the State or States have implemented, or will implement within 18 months after September 13, 1994, policies to determine the veteran status of inmates and to ensure that incarcerated veterans receive the veterans benefits to which they are entitled;

(8) if applicable, documentation of the multi-State compact agreement that specifies the construction, development, expansion, modification, operation, or improvement of correctional facilities; and

(9) if applicable, a description of the eligibility criteria for prisoner participation in any boot camp that is to be funded.

(c) Consideration

The Attorney General, in making such grants, shall give consideration to the special burden placed on States which incarcerate a substantial number of inmates who are in the United States illegally.

(4) Nonsupplanting requirement

Funds made available under this subchapter to a governmental entity shall not be used to supplant State or local funds, or in the case of Indian tribal governments, funds supplied by the Bureau of Indian Affairs, but shall be used to increase the amount of funds that would, in the absence of Federal funds received under this subchapter, be made available from State or local sources, or in the case of Indian tribal governments, from funds supplied by the Bureau of Indian Affairs.

(B) consideration of the appropriateness of an absolute privilege for communications between victims of sexual assault or domestic violence and their therapists or trained counselors, in light of the likelihood that such an absolute privilege will provide the maximum guarantee of confidentiality but also in light of the possibility that such an absolute privilege may be held to violate the rights of criminal defendants under the Federal or State constitutions by denying them the opportunity to obtain exculpatory evidence and present it at trial; and

(C) consideration of what limitations on the disclosure of confidential communications between victims of these crimes and their counselors, short of an absolute privilege, are most likely to ensure that the counseling programs will not be undermined, and specifically whether no such disclosure should be allowed unless, at a minimum, there has been a particularized showing by a criminal defendant of a compelling need for records of such communications, and adequate procedural safeguards are in place to prevent unnecessary or damaging disclosures; and

(3) prepare and disseminate to State authorities the findings made and model legislation developed as a result of the study and evaluation.

(b) Report and recommendations

Not later than the date that is 1 year after September 13, 1994, the Attorney General shall report to the Congress—

(c) Review of Federal evidentiary rules

This section is referred to in section 14098 of this title.

§ 14096. Selection of participants**(a) In general**

(B) meet the requirements for admission as a trainee of the State or local police force to which the participant will be assigned pursuant to section 14099(5) of this title, including achievement of satisfactory scores on any applicable examination, except that failure to meet the age requirement for a trainee of the State or local police shall not disqualify the applicant if the applicant will be of sufficient age upon completing an undergraduate course of study;

(C) possess the necessary mental and physical capabilities and emotional characteristics to discharge effectively the duties of a law enforcement officer;

(D) be of good character and demonstrate sincere motivation and dedication to law enforcement and public service;

(ii) Clause (i) shall not be construed to preclude counting a participant's previous period of law enforcement experience for purposes other than satisfaction of the requirements of section 14098 of this title, such as for purposes of determining such a participant's pay and other benefits, rank, and tenure.

(3) It is the intent of this part that there shall be no more than 20,000 participants in each graduating class. The Director shall approve State plans providing in the aggregate for such enrollment of applicants as shall assure, as nearly as possible, annual graduating classes of 20,000. In a year in which applications are received in a number greater than that which will produce, in the judgment of the Director, a graduating class of more than 20,000, the Director shall, in deciding which applications to grant, give preference to those who will be participating in State plans that provide law enforcement personnel to areas of greatest need.

(c) Recruitment of minorities

This subsection does not authorize an exception from the competitive standards for admission established pursuant to subsections (a) and (b) of this section.

(d) Enrollment of applicant

Such programs may be carried out at up to 3 training centers established for this purpose and administered by the Director, or by contracting with existing State training facilities. (b) Training sessions

A participant in a State Police Corps program shall attend two 8-week training sessions at a training center, one during the summer following completion of sophomore year and one during the summer following completion of junior year. If a participant enters the program after sophomore year, the participant shall complete 16 weeks of training at times determined by the Director.

(c) Further training

The 16 weeks of Police Corps training authorized in this section is intended to serve as basic law enforcement training but not to exclude further training of participants by the State and local authorities to which they will be assigned. Each State plan approved by the Director under section 14099¹ of this title shall include assur-

The time spent by a participant in such additional training, but not the time spent in Police Corps training, shall be counted toward fulfillment of the participant's 4-year service obligation.

(d) Course of training

(a) In general

Not later than 180 days after September 13, 1994, the Attorney General shall develop, in cooperation with the States, a national voluntary motor vehicle theft prevention program (in this section referred to as the “program”) under which—

(1) the owner of a motor vehicle may voluntarily sign a consent form with a participating State or locality in which the motor vehicle owner—

(A) states that the vehicle is not normally operated under certain specified conditions; and

(B) agrees to—

(i) display program decals or devices on the owner’s vehicle; and

(ii) permit law enforcement officials in any State to stop the motor vehicle and take reasonable steps to determine whether the vehicle is being operated by or with the permission of the owner, if the vehicle is being operated under the specified conditions; and

(2) participating States and localities authorize law enforcement officials in the State or locality to stop motor vehicles displaying program decals or devices under specified conditions and take reasonable steps to determine whether the vehicle is being operated by or with the permission of the owner.

(b) Uniform decal or device designs

The motor vehicle theft prevention program developed pursuant to this section shall include a uniform design or designs for decals or other devices to be displayed by motor vehicles participating in the program.

(2) Type of design

The uniform design shall—

(A) be highly visible; and

(B) explicitly state that the motor vehicle to which it is affixed may be stopped under the specified conditions without additional grounds for establishing a reasonable suspicion that the vehicle is being operated unlawfully.

(c) Voluntary consent form

The voluntary consent form used to enroll in the program shall—

(1) clearly state that participation in the program is voluntary;

(2) clearly explain that participation in the program means that, if the participating vehicle is being operated under the specified conditions, law enforcement officials may stop the vehicle and take reasonable steps to determine whether it is being operated by or with the consent of the owner, even if the law enforcement officials have no other basis for believing that the vehicle is being operated unlawfully;

(3) include an express statement that the vehicle is not normally operated under the specified conditions and that the operation of the

vehicle under those conditions would provide sufficient grounds for a prudent law enforcement officer to reasonably believe that the vehicle was not being operated by or with the consent of the owner; and

(d) Specified conditions under which stops may be authorized

(1) In general

The Attorney General shall promulgate rules establishing the conditions under which participating motor vehicles may be authorized to be stopped under this section. These conditions may not be based on race, creed, color, national origin, gender, or age. These conditions may include—

(B) the operation of the vehicle under other circumstances that would provide a sufficient basis for establishing a reasonable suspicion that the vehicle was not being operated by the owner, or with the consent of the owner.

(2) More than one set of conditions

The Attorney General may establish more than one set of conditions under which participating motor vehicles may be stopped. If more than one set of conditions is established, a separate consent form and a separate design for program decals or devices shall be established for each set of conditions. The Attorney General may choose to satisfy the requirement of a separate design for program decals or devices under this paragraph by the use of a design color that is clearly distinguishable from other design colors.

(3) No new conditions without consent

After the program has begun, the conditions under which a vehicle may be stopped if affixed with a certain decal or device design may not be expanded without the consent of the owner.

(4) Limited participation by States and localities

A State or locality need not authorize the stopping of motor vehicles under all sets of conditions specified under the program in order to participate in the program.

(e) Motor vehicles for hire

(1) Notification to lessees

Any person who is in the business of renting or leasing motor vehicles and who rents or leases a motor vehicle on which a program decal or device is affixed shall, prior to transferring possession of the vehicle, notify the person to whom the motor vehicle is rented or leased about the program.

(2) Type of notice

The notice required by this subsection shall—

(A) be in writing;

(B) be in a prominent format to be determined by the Attorney General; and

(C) explain the possibility that if the motor vehicle is operated under the specified

conditions, the vehicle may be stopped by law enforcement officials even if the officials have no other basis for believing that the vehicle is being operated unlawfully.

(3) Fine for failure to provide notice

Failure to provide proper notice under this subsection shall be punishable by a fine not to exceed \$5,000.

(f) Notification of police

As a condition of participating in the program, a State or locality must agree to take reasonable steps to ensure that law enforcement officials throughout the State or locality are familiar with the program, and with the conditions under which motor vehicles may be stopped under the program.
