L. 103-382 without reference to such intervening amendments because of the extensive amendment of the part’s provisions by Pub. L. 103-382, title III, §381, Oct. 20, 1994, 108 Stat. 3979.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 2503, 2504, 2505 of this title; title 20 section 3489.

§ 2001. Standards for basic education of Indian children in Bureau of Indian Affairs schools

(a) Purpose

(1) The purpose of the standards developed under this section shall be to afford Indian students being served by a Bureau funded school with the same opportunities as all other students to achieve the National Education Goals embodied in the Goals 2000: Educate America Act [20 U.S.C. 5801 et seq.]. Consistent with the provisions of this section and section 2011 of this title, the Secretary shall take such actions as are necessary to coordinate standards developed and implemented under this section with those in the State improvement plans developed and implemented pursuant to the Goals 2000: Educate America Act for the States in which each Bureau funded school operates. In developing

and reviewing such standards and coordination, the Secretary shall utilize the findings and recommendations of the panel established in section 315(b)(4)¹ of such Act.

(2) The Secretary shall take immediate steps to encourage school boards of Bureau funded schools to engage their communities in adopting declarations of purposes of education in their communities, analyzing the implications of such purposes for their schools, and determining how such purposes may be made to motivate students and faculties and otherwise animate their schools by May 1, 1995. Such declarations shall represent the aspirations of a community for the kinds of persons such community wants its children to increasingly become, and shall include such purposes as assuring that all learners are becoming accomplished in ways important to themselves and respected by their parents and communities, shaping worthwhile and satisfying lives for themselves, exemplifying the best values of the community and humankind, and becoming increasingly effective in shaping the character and quality of the world all learners share.

(b) Studies and surveys

Within 18 months of the publication of the voluntary national content standards described in section 203(a)(2) of the Goals 2000: Educate America Act [20 U.S.C. 5823(a)(2)], the Secretary, in consultation with the Secretary of Education and Indian organizations and tribes, shall carry out or cause to be carried out by contract with an Indian organization such studies and surveys, making the fullest use possible of other existing studies, surveys, and plans, as are necessary to establish and revise standards for the basic education of Indian children attending Bureau funded schools. Such studies and surveys shall take into account factors such as academic needs, local cultural differences, type and level of language skills, geographic isolation, and appropriate teacher-student ratios for such children, and shall be directed toward the attainment of equal educational opportunity for such children.

(c) Revision of minimum academic standards

(1) The Secretary shall revise the minimum academic standards published in the Federal Register of September 9, 1985 (50 Fed. Reg. 174) for the basic education of Indian children in accordance with the purpose described in subsection (a) of this section and the findings of the studies and surveys described in subsection (b) of this section, and shall publish such revised standards in the Federal Register for the purpose of receiving comments from the tribes and other interested parties. Within 21 months of October 20, 1994, the Secretary shall establish final standards, distribute such standards to all the tribes and publish such final standards in the Federal Register. The Secretary shall revise such final standards periodically as necessary. Prior to any revision of such final standards, the Secretary shall distribute such proposed revision to all the tribes, and publish such proposed revision in the Federal Register, for the purpose of receiving comments from the tribes and other interested parties.
