#### REFERENCES IN TEXT

The General Schedule, referred to in subsec. (a), is set out under section 5332 of Title 5, Government Organization and Employees.

#### § 5709. Authorization of appropriations

There are authorized to be appropriated \$4,000,000 for each fiscal year for carrying out the purposes and provisions of the Agreement and this chapter including—

(1) necessary travel expenses of Panel members, alternate Panel members, United States members of the Joint Technical Committee, and members of the Advisory Committee in accordance with Federal Travel Regulations and sections 5701, 5702, 5704 through 5708, and 5731 of title 5;

(2) the United States share of the joint expenses of the Panel and the Joint Technical Committee; *Provided*, That Panel members and alternate Panel members shall not, with respect to commitments concerning the United States share of the joint expenses, be subject to section 262(b)<sup>1</sup> of title 22, insofar as it limits the authority of United States representatives to international organizations with respect to such commitments;

(3) not more than \$3,000,000 for each fiscal year to the Department of the Interior and to the Department of Commerce for survey, restoration, and enhancement activities related to Yukon River salmon; and

(4) \$400,000 in each of fiscal years 1996, 1997, 1998, and 1999 to be contributed to the Yukon River Restoration and Enhancement Fund and used in accordance with the Agreement.

#### § 5802. National Natural Resources Conservation Foundation

##### (a) Establishment

A National Natural Resources Conservation Foundation is established as a charitable and nonprofit corporation for charitable, scientific, and educational purposes specified in subsection (b) of this section. The Foundation is not an agency or instrumentality of the United States.

##### (b) Duties

The Foundation shall—

(1) promote innovative solutions to the problems associated with the conservation of natural resources on private lands, particularly with respect to agriculture and soil and water conservation;

(2) promote voluntary partnerships between government and private interests in the conservation of natural resources;

(3) conduct research and undertake educational activities, conduct and support demonstration projects, and make grants to State and local agencies and nonprofit organizations;

(4) provide such other leadership and support as may be necessary to address conservation challenges, such as the prevention of excessive soil erosion, the enhancement of soil and water quality, and the protection of wetlands, wildlife habitat, and strategically important farmland subject to urban conversion and fragmentation;
