

EFFECTIVE DATE OF REPEAL

Repeal effective 120 days after Nov. 9, 1977, see section 307 of Pub. L. 95-164, set out as an Effective Date of 1977 Amendment note under section 801 of this title.

CHAPTER 22—MINE SAFETY AND HEALTH

- | Sec. | | Sec. | |
|------|--|------|--|
| 801. | Congressional findings and declaration of purpose. | | (g) Untrained miners. |
| 802. | Definitions. | | (h) Duration of citations and orders. |
| 803. | Mines subject to coverage. | 815. | Procedure for enforcement. <ul style="list-style-type: none"> (a) Notification of civil penalty; contest. (b) Failure of operator to correct violation; notification; contest; temporary relief. (c) Discrimination or interference prohibited; complaint; investigation; determination; hearing. (d) Contest proceedings; hearing; findings of fact; affirmance, modification, or vacatur of citation, order, or proposed penalty; procedure before Commission. |
| 804. | Interim Compliance Panel. <ul style="list-style-type: none"> (a) Establishment; composition. (b) Compensation; travel and subsistence expenses. (c) Cooperation of Federal agencies. (d) Quorum; voting; selection of chairman. (e) Appointment of administrative law judges; provisions applicable. (f) Functions; hearings; notice and review; termination; annual report. | 816. | Judicial review of Commission orders. <ul style="list-style-type: none"> (a) Petition by person adversely affected or aggrieved; temporary relief. (b) Petition by Secretary for review or enforcement of final Commission orders. (c) Stay of order or decision of Commission or Panel. |
| | SUBCHAPTER I—GENERAL | 817. | Procedures to counteract dangerous conditions. <ul style="list-style-type: none"> (a) Withdrawal orders. (b) Notice to mine operators; further investigation; findings and decision by Secretary. (c) Form and content of orders. (d) Findings; duration of orders. (e) Reinstatement, modification, and vacatur of orders. |
| 811. | Mandatory safety and health standards. <ul style="list-style-type: none"> (a) Development, promulgation, and revision. (b) Emergency temporary mandatory standards. (c) Modification of standards. (d) Judicial review. (e) Distribution of copies of proposed standards or regulations. | 818. | Injunctions. <ul style="list-style-type: none"> (a) Civil action by Secretary. (b) Jurisdiction; relief; findings of Commission or Secretary. |
| 812. | Advisory committees. <ul style="list-style-type: none"> (a) Committee on coal or other mine safety research; establishment; membership; chairman; functions; conflicts of interest. (b) Committee on coal or other mine health research; establishment; membership; chairman; functions; conflicts of interest. (c) Additional advisory committees; chairman; conflicts of interest. (d) Compensation; travel and subsistence expenses. | 819. | Posting of orders and decisions. <ul style="list-style-type: none"> (a) Mine office; bulletin board. (b) Distribution of orders, citations, notices, and decisions. (c) Compliance. (d) Filing; designation of health and safety officers. |
| 813. | Inspections, investigations, and record-keeping. <ul style="list-style-type: none"> (a) Purposes; advance notice; frequency; guidelines; right of access. (b) Notice and hearing; subpoenas; witnesses; contempt. (c) Records of employee exposure to toxic materials or harmful physical agents; undue exposure. (d) Accident investigations; records. (e) Collecting information without unreasonable burden on operators. (f) Participation of representatives of operators and miners in inspections. (g) Immediate inspection; notice of violation or danger; determination. (h) Records and reports; compilation and publication; availability. (i) Spot inspections. (j) Accident notification; rescue and recovery activities. (k) Safety orders; recovery plans. | 820. | Penalties. <ul style="list-style-type: none"> (a) Civil penalty for violation of mandatory health or safety standards. (b) Civil penalty for failure to correct violation for which citation has been issued. (c) Liability of corporate directors, officers, and agents. (d) Criminal penalties. (e) Unauthorized advance notice of inspections. (f) False statements, representations, or certifications. (g) Violation by miners of safety standards relating to smoking. (h) Equipment falsely represented as complying with statute, specification, or regulations. <ul style="list-style-type: none"> (i) Authority to assess civil penalties. (j) Payment of penalties; interest. (k) Compromise, mitigation, and settlement of penalty. <ul style="list-style-type: none"> (l) Inapplicability to black lung benefit provisions. |
| 814. | Citations and orders. <ul style="list-style-type: none"> (a) Issuance and form of citations; prompt issuance. (b) Follow-up inspections; findings. (c) Exempt persons. (d) Findings of violations; withdrawal order. (e) Pattern of violations; abatement; termination of pattern. (f) Respirable dust concentrations; dust control person or team. | 821. | Entitlement of miners to full compensation. |
| | | 822. | Representation of Secretary in civil litigation by Solicitor of Labor. |
| | | 823. | Federal Mine Safety and Health Review Commission. <ul style="list-style-type: none"> (a) Establishment; membership; chairman. (b) Terms; personnel; administrative law judges. (c) Delegation of powers. (d) Proceedings before administrative law judge; administrative review. |

- | | | | |
|-------|---|------|---|
| Sec. | | Sec. | |
| | (e) Witnesses and evidence; subpoenas; contempt. | | (f) Weekly examination for hazardous conditions; scope; notification; repairs; imminent danger; withdrawal of persons; abatement; records. |
| 823a. | Principal office in District of Columbia; proceedings held elsewhere. | | (g) Weekly ventilation examinations; scope; records. |
| 824. | Authorization of appropriations. | | (h) Methane examinations at working place; periodic intervals; standards; procedures for different air contents of methane. |
| 825. | Mandatory health and safety training. | | (i) Methane examination of air returning from working section; periodic intervals; standards; procedures for different air contents; virgin territory. |
| | (a) Approved program; regulations. | | (j) Abandoned area air; pre-shift examination. |
| | (b) Training compensation. | | (k) Abandoned area air; inaccessible or unsafe for inspection; air from where pillars have been removed. |
| | (c) Certificate. | | (l) Methane monitors; required equipment; maintenance; warnings; deenergizing of equipment. |
| | (d) Standards. | | (m) Idle area inspections; authorized inspectors. |
| | (e) Proposed regulations. | | (n) Intentional roof falls; prior inspections; safeguards. |
| | SUBCHAPTER II—INTERIM MANDATORY HEALTH STANDARDS | | (o) Methane and dust control plans; contents. |
| 841. | Mandatory health standards for underground mines; enforcement; review; purpose. | | (p) Devices for detection of methane and oxygen deficiency; maintenance. |
| 842. | Dust concentration and respiratory equipment. | | (q) Pillar recovery; areas without bleeder systems. |
| | (a) Samples; procedures; transmittal; notice of excess concentration; periodic reports to Secretary; contents. | | (r) Overcast and undercast intake air split requirements; time extension. |
| | (b) Standards; noncompliance permit; renewal; procedures; limitations; extension period. | | (s) Blasting; prior and subsequent examinations for methane. |
| | (c) Applications for noncompliance; contents. | | (t) Mine fan stop plans; requisites. |
| | (d) Promulgation of new standards; procedures. | | (u) Modifications affecting main air current or any split; withdrawal of personnel; removal of power. |
| | (e) Concentration of respirable dust. | | (v) Reading and countersigning of daily and weekly reports; foreman; superintendent. |
| | (f) Average concentration. | | (w) Daily mine condition reports; requisites; signatures. |
| | (g) Compliance inspections. | | (x) Reopening of abandoned or declared inactive mine; notification; inspection. |
| | (h) Maintenance of respiratory equipment; substitutes for environmental controls. | | (y) Separation of intake and return air-courses from belt haulage entries; standards. |
| 843. | Medical examinations. | | (z) Pillar extractions; bleeder systems and sealing requirements; standards. |
| | (a) Chest roentgenogram; availability; periodic intervals; other tests; transmittal of results; advice of rights. | 864. | Combustible materials and rock dusting. |
| | (b) Evidence of pneumoconiosis; option to transfer; wages. | | (a) Accumulations; maintenance. |
| | (c) Costs of examinations and tests. | | (b) Abatement of hazards in active working areas. |
| | (d) Autopsies. | | (c) Rock dusting of all areas of underground mines; exceptions. |
| 844. | Rock dust and gas hazards; controls. | | (d) Distribution of rock dust; places, quantities. |
| 845. | Dust standards in presence of quartz. | | (e) Limitation of applicability. |
| 846. | Noise standards; promulgation of new standards; tests; procedures; protective devices. | 865. | Electrical equipment. |
| | SUBCHAPTER III—INTERIM MANDATORY SAFETY STANDARDS FOR UNDERGROUND COAL MINES | | (a) Allowable equipment; replacements; maintenance; permits for noncompliance; renewals; limitations; list of electric face equipment; survey of new and rebuilt equipment; publication of results. |
| 861. | Mandatory safety standards for underground mines. | | (b) Notification of permits. |
| | (a) Coverage; enforcement; review. | | (c) Gassy mines; maintenance of equipment. |
| | (b) Purpose; initiation of studies and research. | | (d) Location of nonpermissible power connection units. |
| 862. | Roof support. | | (e) Mine map; contents; modifications. |
| | (a) Roof control plan; contents; review; availability. | | (f) Repairs; deenergizing of equipment; authorized personnel; locking out of disconnection devices. |
| | (b) Creation of dangers by roof falls. | | |
| | (c) Location and supply of roof support material; safety devices for roof work. | | |
| | (d) Roof bolts. | | |
| | (e) Recovery of roof bolts. | | |
| | (f) Safety inspections; correction of dangerous conditions. | | |
| 863. | Ventilation. | | |
| | (a) Equipment; approval; daily examinations. | | |
| | (b) Standards for air in work areas. | | |
| | (c) Line brattice; functions; exceptions; repairs; flame resistant material. | | |
| | (d) Pre-shift examinations and tests; scope; violations of mandatory standards; notification; posting of "DANGER" signs; restriction of entry; records; re-entry. | | |
| | (e) Daily examinations and tests; scope; imminent danger; withdrawal of persons; abatement of danger. | | |

- | | | | |
|------|--|------|--|
| Sec. | <ul style="list-style-type: none"> (g) Periodic examinations; maintenance; records; accessibility. (h) Electrical conductors. (i) Electrical connections. (j) Cables and wires; entry through metal frames. (k) Support of power wires. (l) Insulation of power wires; exceptions. (m) Circuit breakers; overload protection for three-phase motors. (n) Disconnecting switches for main power circuits; location and installation. (o) Switches. (p) Lightning arresters. (q) Nonapproved devices. (r) Deenergizing of electric face equipment. | Sec. | <ul style="list-style-type: none"> 869. Underground low- and medium-voltage alternating current circuits. <ul style="list-style-type: none"> (a) Circuits providing power for three-phase equipment; circuit breakers. (b) Circuits used underground; direct neutral grounds; ground conductors for frames; exceptions; grounding resistors. (c) Inclusion of fail safe ground check circuits in resistance ground systems; operative functions; time extension; couplers for power circuits; guidelines for construction. (d) Disconnecting devices installed in conjunction with circuit breakers; purpose; trailing cables for mobile equipment; guidelines for construction; time extension; splices. (e) Connections of single phase loads. (f) Circuit breakers; markings. (g) Trailing cables for medium voltage circuits; guidelines for construction. |
| 866. | <ul style="list-style-type: none"> Trailing cables. <ul style="list-style-type: none"> (a) Requirements established for flame resistant cables. (b) Circuit breakers; markings and visual observation of position of disconnection devices. (c) Distribution center junctions; safety connections. (d) Temporary splices; usable period; exceptions; quality. (e) Permanent splices; quality. (f) Clamping of cables. (g) Making and breaking of connections to junction boxes. | 870. | <ul style="list-style-type: none"> Trolley wires and trolley feeder wires. <ul style="list-style-type: none"> (a) Intervals for cutoff switches. (b) Overcurrent protection devices. (c) Location of wires. (d) Adequate insulation and guard devices; promulgation of safety guidelines. |
| 867. | <ul style="list-style-type: none"> Grounding of equipment. <ul style="list-style-type: none"> (a) Metallic enclosed power conductors; metallic frames and other equipment; methods. (b) Frames of offtrack direct current machines; enclosures of related detached components. (c) Stationary high-voltage equipment powered by underground delta systems. (d) Repairs of high-voltage lines; exceptions. (e) Deenergizing of underground power circuits on idle days; exceptions. | 871. | <ul style="list-style-type: none"> Fire protection. <ul style="list-style-type: none"> (a) Firefighting equipment; promulgation of minimum requirements for equipment; existing requirements; examinations after blasting. (b) Underground storage areas for lubricating oils and greases; construction; exceptions. (c) Housing of underground structures, stations, shops, and pumps; construction; ventilation. (d) Use of arc or flame in underground mines; fireproof enclosures; operations outside fireproof enclosures; procedures; standards. (e) Installation of fire suppression devices on unattended underground equipment; flame-resistant hydraulic fluids. (f) Deluge-type water sprays at main and secondary drives. (g) Installation of slippage and sequence switches on belt conveyors; fire suppression devices on belt haulageways. (h) Flame-resistant conveyor belt. |
| 868. | <ul style="list-style-type: none"> Underground high-voltage distribution. <ul style="list-style-type: none"> (a) Circuits entering underground areas of mines; circuit breakers. (b) Circuits extending underground and supplying equipment; direct neutral grounds; ground conductors for frames, exceptions; location of disconnection devices, exceptions. (c) Grounding resistors. (d) Inclusion of fail safe ground check circuits in resistance grounded systems; operative functions; time extension. (e) Underground cables used in resistance grounded systems; metallic shields for power conductors; standards; splices. (f) Couplers for power circuits; guidelines for construction. (g) Connections of single-phase loads. (h) Installation of underground transmission cables. (i) Disconnection devices; location; visual observation of position of switch. (j) Circuit breakers and disconnection devices; markings. (k) Splices in cables used as trailing cables; terminations and splices in other cables. (l) Grounding of frames of underground equipment. (m) Moving of power centers, transformers, and cables; deenergizing; exceptions; safety guidelines; record of examinations. | 872. | <ul style="list-style-type: none"> Maps. <ul style="list-style-type: none"> (a) Fireproof repository; contents; certification. (b) Availability for inspection; confidential copies. (c) Notification of mine closures; filing of revised and supplemental map; certification. |
| | | 873. | <ul style="list-style-type: none"> Blasting and explosives. <ul style="list-style-type: none"> (a) Limitations on storage and use of black powder and mudcaps. (b) Storage of explosives and detonators; mudcaps in anthracite mines; restrictions; tests. (c) Permissible explosives, detonators, and devices; firing; stem boreholes; nonpermissible explosives; compressed air blasting. (d) Container construction for carrying explosives or detonators in underground mines. (e) Transportation of explosives or detonators in underground mines. |

Sec.		Sec.	
	(f) Storage of explosives and detonators in working sections of underground mines; containers; locations.	902.	Definitions.
	(g) Location of explosive and detonator containers in working places of underground mines.	903.	Field offices.
874.	Hoisting and mantrips.	904.	Information to potential beneficiaries of changes made by Black Lung Benefits Reform Act of 1977.
	(a) Transporting of persons; required equipment and capabilities; safety catches; daily examinations; operators.	PART B—CLAIMS FOR BENEFITS FILED ON OR BEFORE DECEMBER 31, 1973	
	(b) Promulgation of other safeguards.	921.	Regulations and presumptions.
	(c) Rated capacities; indicator for position of cage.		(a) Promulgation; payment of benefits.
	(d) Methods for signaling between shaft stations and hoist rooms.		(b) Promulgation of standards determining total disability.
	(e) Braking equipment for haulage cars used in underground mines.		(c) Presumptions.
	(f) Automatic couplers for haulage equipment.		(d) Applicability of presumptions.
875.	Emergency shelters; construction; contents; implementation plans.	922.	Payment of benefits.
876.	Communication facilities; locations.		(a) Schedules.
877.	General safety provisions.		(b) Reduction of benefits.
	(a) Location of oil and gas wells; establishment and maintenance of barriers; minimum requisites; exceptions.		(c) Reporting of income.
	(b) Boreholes in advance of work face; distance in advance of work face; distance between boreholes.	923.	Filing of notice of claim.
	(c) Prohibition against smoking; implementation programs.		(a) Promulgation of regulations; time requirement.
	(d) Portable electric lamps; exceptions.		(b) Utilization of personnel and procedures; evidence required to establish claim; medical evidence; affidavits; autopsy reports; reimbursement of expenses.
	(e) Promulgation of lighting standards.		(c) Filing of claim for workmen's compensation; necessity; exceptions.
	(f) Escapeways; ventilation; maintenance; tests of passageways; protection of entrance; connection between mine openings.		(d) Employment termination and benefits entitlement.
	(g) Erection of fireproof structures; prior existing structures; fire doors; monthly tests; records; availability.	924.	Time for filing claims.
	(h) Prevention of accumulations of coal dust and methane gas; surface coal-handling facilities; air-intake openings.		(a) Claims filed before December 31, 1973.
	(i) Training programs.		(b) Filing of claims after June 30, 1973.
	(j) Electric face equipment; installation of canopies.		(c) Effective date of claims.
	(k) Mine entrances; sealing; prevention of entry by unauthorized personnel.		(d) Reduction of State benefits.
	(l) Facilities for changing and storing clothes; toilet and bathing facilities.		(e) Conditions upon payment.
	(m) Emergency medical assistance preparations; locations for medical equipment; filing of implementation plans.	924a.	Notification to miners of eligibility for medical services and supplies; period for filing claim.
	(n) Self-rescue device; training of personnel.	925.	Procedure for the determination of claims during transition period.
	(o) Methods of eliminating oxygen deficiencies.	PART C—CLAIMS FOR BENEFITS AFTER DECEMBER 31, 1973	
	(p) Identification check system; records.	931.	Benefits under State workmen's compensation laws.
	(q) Installation of devices to prevent and suppress ignition on electric cutting face equipment.		(a) Filing.
	(r) Tunnelling under water; permits; contents; necessity; safety zones; restrictions.		(b) Adequacy of compensation; listing of States providing adequate compensation; requisites for listing.
	(s) Drinking water.		(c) Publication in the Federal Register; review of listings.
	(t) Standards for prevention of explosions from nonmethane gases and for testing for accumulations.	932.	Failure to meet workmen's compensation requirements.
878.	Definitions.		(a) Benefits; applicability of Longshore and Harbor Workers' Compensation Act; promulgation of regulations.
SUBCHAPTER IV—BLACK LUNG BENEFITS			(b) Liability of operators.
PART A—GENERAL PROVISIONS			(c) Persons entitled to benefits.
901.	Congressional findings and declaration of purpose; short title.		(d) Monthly payments; amounts; accrual of interest.
			(e) Conditions upon payment.
			(f) Limitation on filing of claims.
			(g) Reduction of monthly benefits.
			(h) Promulgation of regulations.
			(i) Subsequent operators' liability for benefit payments.
			(j) Failure of operators to secure benefits.
			(k) Secretary as party in claim proceedings.
			(l) Filing of new claims or refiling or revalidation of claims of miners already determined eligible at time of death.
		932a.	Appointment of qualified individuals to hear and determine claims for benefits.
		933.	Duties of operators in States not qualifying under workmen's compensation laws.
