CONGRESSIONAL FINDINGS

Section 9(a) of Pub. L. 102-586 provided that: “The Congress finds that—

“(1) circumstances surrounding the death of a young boy named Adam Mann in New York City prompted a shocking documentary focusing on the inability of child protection services to protect suffering children;

“(2) the documentary described in paragraph (1) showed the serious need for systemic changes in our child welfare protection system;

“(3) thorough, coordinated, and comprehensive investigation will, it is hoped, lead to the prevention of abuse, neglect, or death in the future;

“(4) an undue burden is placed on investigation due to strict Federal and State laws and regulations regarding confidentiality;

“(5) while the Congress recognizes the importance of maintaining the confidentiality of records pertaining to child abuse, neglect, and death, often the purpose of confidentiality laws and regulations are [sic] defeated when they have the effect of protecting those responsible;

“(6) comprehensive and coordinated interagency communication needs to be established, with adequate provisions to protect against the public disclosure of any detrimental information need to be established [sic];

“(7) certain States, including Georgia, North Carolina, California, Missouri, Arizona, Minnesota, Oklahoma, and Oregon, have taken steps to establish by statute interagency, multidisciplinary fatality review teams to fully investigate incidents of death believed to be caused by child abuse or neglect;

“(8) teams such as those described in paragraph (7) should be established in every State, and their scope of review should be expanded to include egregious incidents of child abuse and neglect before the child in question dies; and

“(9) teams such as those described in paragraph (7) will increase the accountability of child protection services.”

SUBCHAPTER II—ADOPTION OPPORTUNITIES

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in section 5107 of this title.

§ 5111. Congressional findings and declaration of purpose

(a) Findings

Congress finds that—

(1) the number of children in substitute care increased by nearly 61 percent between 1986 and 1994, as our Nation's foster care population included more than 452,000 as of June 1994;

(2) increasingly children entering foster care have complex problems which require intensive services;

(3) an increasing number of infants are born to mothers who did not receive prenatal care,

are born addicted to alcohol and other drugs, and exposed to infection with the etiologic agent for the human immunodeficiency virus, are medically fragile, and technology dependent;

(4) the welfare of thousands of children in institutions and foster homes and disabled infants with life-threatening conditions may be in serious jeopardy and some such children are in need of placement in permanent, adoptive homes;

(5) many thousands of children remain in institutions or foster homes solely because of legal and other barriers to their placement in permanent, adoptive homes;

(6) the majority of such children are of school age, members of sibling groups or disabled;

(7)(A) currently, 40,000 children are free for adoption and awaiting placement;

(B) such children are typically school aged, in sibling groups, have experienced neglect or abuse, or have a physical, mental, or emotional disability; and

(C) while the children are of all races, children of color and older children (over the age of 10) are over represented in such group;

(8) adoption may be the best alternative for assuring the healthy development of such children;

(9) there are qualified persons seeking to adopt such children who are unable to do so because of barriers to their placement; and

(10) in order both to enhance the stability and love of the child's home environment and to avoid wasteful expenditures of public funds, such children should not have medically indicated treatment withheld from them nor be maintained in foster care or institutions when adoption is appropriate and families can be found for such children.

(b) Purpose

It is the purpose of this subchapter to facilitate the elimination of barriers to adoption and to provide permanent and loving home environments for children who would benefit from adoption, particularly children with special needs, including disabled infants with life-threatening conditions, by providing a mechanism to—

(1) promote quality standards for adoption services, pre-placement, post-placement, and post-legal adoption counseling, and standards to protect the rights of children in need of adoption;

(2) maintain a national adoption information exchange system to bring together children who would benefit from adoption and qualified prospective adoptive parents who are seeking such children, and conduct national recruitment efforts in order to reach prospective parents for children awaiting adoption; and

(3) demonstrate expeditious ways to free children for adoption for whom it has been determined that adoption is the appropriate plan.

(2) The Attorney General shall require as a part of each State timetable that the State—

(B) continue to maintain a reporting rate of at least 80 percent for final dispositions in all identifiable child abuse crime cases in which there has been an event of activity within the preceding 5 years; and

(C) take steps to achieve 100 percent disposition reporting, including data quality audits and periodic notices to criminal justice agencies identifying records that lack final dispositions and requesting those dispositions.

Section 320928(g) of Pub. L. 103-322 provided that:

"(1) IN GENERAL.—The Attorney General, in consultation with Federal, State, and local officials, including officials responsible for criminal history record systems, and representatives of public and private care organizations and health, legal, and social welfare organizations, shall develop guidelines for the adoption of appropriate safeguards by care providers and by States for protecting children, the elderly, or individuals with disabilities from abuse.

"(3) DISSEMINATION.—The Attorney General shall, subject to the availability of appropriations, disseminate the guidelines to State and local officials and to public and private care providers."

§ 5119a. Background checks

(a) In general

(1) A State may have in effect procedures (established by State statute or regulation) that require qualified entities designated by the State to contact an authorized agency of the

State to request a nationwide background check for the purpose of determining whether a provider has been convicted of a crime that bears upon the provider's fitness to have responsibility for the safety and well-being of children, the elderly, or individuals with disabilities.

(2) The authorized agency shall access and review State and Federal criminal history records through the national criminal history background check system and shall make reasonable efforts to respond to the inquiry within 15 business days.

(3) In the absence of State procedures referred to in paragraph (1), a qualified entity designated under paragraph (1) may contact an authorized agency of the State to request national criminal fingerprint background checks. Qualified entities requesting background checks under this paragraph shall comply with the guidelines set forth in subsection (b) of this section and with procedures for requesting national criminal fingerprint background checks, if any, established by the State.

(b) Guidelines

The procedures established under subsection (a) of this section shall require—

(1) that no qualified entity may request a background check of a provider under subsection (a) of this section unless the provider first provides a set of fingerprints and completes and signs a statement that—

(A) contains the name, address, and date of birth appearing on a valid identification document (as defined in section 1028 of title 18) of the provider;

(B) the provider has not been convicted of a crime and, if the provider has been convicted of a crime, contains a description of the crime and the particulars of the conviction;

(C) notifies the provider that the entity may request a background check under subsection (a) of this section;

(D) notifies the provider of the provider's rights under paragraph (2); and

(E) notifies the provider that prior to the completion of the background check the qualified entity may choose to deny the provider unsupervised access to a person to whom the qualified entity provides care;

(2) that each provider who is the subject of a background check is entitled—

(A) to obtain a copy of any background check report; and

(B) to challenge the accuracy and completeness of any information contained in any such report and obtain a prompt determination as to the validity of such challenge before a final determination is made by the authorized agency;

(3) that an authorized agency, upon receipt of a background check report lacking disposition data, shall conduct research in whatever State and local recordkeeping systems are available in order to obtain complete data;

(4) that the authorized agency shall make a determination whether the provider has been convicted of, or is under pending indictment for, a crime that bears upon the provider's fit-

ness to have responsibility for the safety and well-being of children, the elderly, or individuals with disabilities and shall convey that determination to the qualified entity; and

(5) that any background check under subsection (a) of this section and the results thereof shall be handled in accordance with the requirements of Public Law 92-544, except that this paragraph does not apply to any request by a qualified entity for a national criminal fingerprint background check pursuant to subsection (a)(3) of this section.

(c) Regulations

(1) The Attorney General may by regulation prescribe such other measures as may be required to carry out the purposes of this subchapter, including measures relating to the security, confidentiality, accuracy, use, misuse, and dissemination of information, and audits and recordkeeping.

(2) The Attorney General shall, to the maximum extent possible, encourage the use of the best technology available in conducting background checks.

(d) Liability

A qualified entity shall not be liable in an action for damages solely for failure to conduct a criminal background check on a provider, nor shall a State or political subdivision thereof nor any agency, officer or employee thereof, be liable in an action for damages for the failure of a qualified entity (other than itself) to take action adverse to a provider who was the subject of a background check.

(e) Fees

In the case of a background check pursuant to a State requirement adopted after December 20, 1993, conducted with fingerprints on a person who volunteers with a qualified entity, the fees collected by authorized State agencies and the Federal Bureau of Investigation may not exceed eighteen dollars, respectively, or the actual cost, whichever is less, of the background check conducted with fingerprints. The States shall establish fee systems that insure that fees to non-profit entities for background checks do not discourage volunteers from participating in child care programs.
