

§ 8287c. Definitions

For purposes of this subchapter, the following definitions apply:

(1) The term “Federal agency” means each authority of the Government of the United States, whether or not it is within or subject to review by another agency.

(2) The term “energy savings” means a reduction in the cost of energy, from a base cost established through a methodology set forth in the contract, utilized in an existing federally owned building or buildings or other federally owned facilities as a result of—

(A) the lease or purchase of operating equipment, improvements, altered operation and maintenance, or technical services; or

(B) the increased efficient use of existing energy sources by cogeneration or heat recovery, excluding any cogeneration process for other than a federally owned building or buildings or other federally owned facilities.

(3) The terms “energy savings contract” and “energy savings performance contract” mean a contract which provides for the performance of services for the design, acquisition, installation, testing, operation, and, where appropriate, maintenance and repair, of an identified energy conservation measure or series of measures at one or more locations. Such contracts—

(A) may provide for appropriate software licensing agreements; and

(B) shall, with respect to an agency facility that is a public building as such term is defined in section 612(1) of title 40, be in compliance with the prospectus requirements and procedures of section 606 of title 40.

(4) The term “energy conservation measures” has the meaning given such term in section 8259(4) of this title.

AMENDMENTS

1998—Par. (1). Pub. L. 105-388 amended par. (1) generally. Prior to amendment, par. (1) read as follows: “The term ‘Federal agency’ means an agency defined in section 551(1) of title 5.”

1992—Pub. L. 102-486, § 155(b)(1), substituted “subchapter, the following definitions apply:” for “subchapter—” in introductory provisions

Par. (1). Pub. L. 102-486, § 155(b)(2), substituted “The” for “the” and a period for “, and” at end.

Par. (2). Pub. L. 102-486, § 155(b)(3), substituted “The term” for “the term”.

Pars. (3), (4). Pub. L. 102-486, § 155(b)(4), added pars. (3) and (4).

§ 8287d. Assistance to Federal agencies in achieving energy efficiency in Federal facilities and operations

The Secretary in fiscal year 1999 and thereafter, shall continue the process begun in fiscal year 1998 of accepting funds from other Federal agencies in return for assisting agencies in achieving energy efficiency in Federal facilities

and operations by the use of privately financed, energy savings performance contracts and other private financing mechanisms. The funds may be provided after agencies begin to realize energy cost savings; may be retained by the Secretary until expended; and may be used only for the purpose of assisting Federal agencies in achieving greater efficiency, water conservation and use of renewable energy by means of privately financed mechanisms, including energy savings performance contracts and utility incentive programs. These recovered funds will continue to be used to administer even greater energy efficiency, water conservation and use of renewable energy by means of privately financed mechanisms such as utility efficiency service contracts and energy savings performance contracts. The recoverable funds will be used for all necessary program expenses, including contractor support and resources needed, to achieve overall Federal energy management program objectives for greater energy savings. Any such privately financed contracts shall meet the provisions of the Energy Policy Act of 1992, Public Law 102-486 regarding energy savings performance contracts and utility incentive programs.
