CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in title 12 section 1715z-13a; title 20 section 7713; title 26 section 42; title 42 sections 1396r-1a, 1437z-6, 11902, 11903, 11904, 11905, 11908, 14614.

§ 4101. Congressional findings

The Congress finds that—

(1) the Federal Government has a responsibility to promote the general welfare of the Nation—

(A) by using Federal resources to aid families and individuals seeking affordable homes in safe and healthy environments and, in particular, assisting responsible, deserving citizens who cannot provide fully for

themselves because of temporary circumstances or factors beyond their control; (B) by working to ensure a thriving national economy and a strong private housing market; and

(C) by developing effective partnerships among the Federal Government, State, tribal, and local governments, and private entities that allow government to accept responsibility for fostering the development of a healthy marketplace and allow families to prosper without government involvement in their day-to-day activities;

(2) there exists a unique relationship between the Government of the United States and the governments of Indian tribes and a unique Federal responsibility to Indian people;

(3) the Constitution of the United States invests the Congress with plenary power over the field of Indian affairs, and through treaties, statutes, and historical relations with Indian tribes, the United States has undertaken a unique trust responsibility to protect and support Indian tribes and Indian people;

(4) the Congress, through treaties, statutes, and the general course of dealing with Indian tribes, has assumed a trust responsibility for the protection and preservation of Indian tribes and for working with tribes and their members to improve their housing conditions and socioeconomic status so that they are able to take greater responsibility for their own economic condition;

(5) providing affordable homes in safe and healthy environments is an essential element in the special role of the United States in helping tribes and their members to improve their housing conditions and socioeconomic status;

(6) the need for affordable homes in safe and healthy environments on Indian reservations, in Indian communities, and in Native Alaskan villages is acute and the Federal Government should work not only to provide housing assistance, but also, to the extent practicable, to assist in the development of private housing finance mechanisms on Indian lands to achieve the goals of economic self-sufficiency and self-determination for tribes and their members; and

(7) Federal assistance to meet these responsibilities should be provided in a manner that recognizes the right of Indian self-determination and tribal self-governance by making such assistance available directly to the Indian tribes or tribally designated entities under authorities similar to those accorded Indian tribes in Public Law 93-638 (25 U.S.C. 450 et seq.).
