SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1701, 1727, 1727b, 1727e of this title.

§ 1691a. Food aid to developing countries

(a) Policy

In light of the Uruguay Round Agreement on Agriculture and the Ministerial Decision on Measures Concerning the Possible Negative Effects of the Reform Program on Least-Developed and Net-Food Importing Developing Countries, the United States reaffirms the commitment of the United States to providing food aid to developing countries.

(b) Sense of Congress

It is the sense of Congress that—

(1) the President should initiate consultations with other donor nations to consider appropriate levels of food aid commitments to meet the legitimate needs of developing countries; and

(2) the United States should increase its contribution of bona fide food assistance to developing countries consistent with the Agreement on Agriculture.

(July 10, 1954, ch. 469, §3, as added Pub. L. 94-161, title II, §202, Dec. 20, 1975, 89 Stat. 851; amended Pub. L. 101-624, title XV, §1512, Nov. 28, 1990, 104 Stat. 3633; Pub. L. 104-127, title II, §201(a), Apr. 4, 1996, 110 Stat. 951.)

AMENDMENTS

1996—Pub. L. 104-127 substituted "Food aid to developing countries" for "Global food aid needs" in section catchline and amended text generally. Prior to amendment, text read as follows: "In view of the principal findings of the National Research Council of the National Academy of Sciences that doubling food aid above 1990 levels of about 10,000,000 metric tons per year would be necessary to meet projected global food needs throughout the decade of the nineties, it is the sense of Congress that the President should—

"(1) increase the contributions of food aid by the United States, and encourage other donor countries to increase their contributions toward meeting new food aid requirements; and

"(2) encourage other advanced nations to make increased food aid contributions to combat world hunger and malnutrition, particularly through the expansion of international food and agricultural assistance programs."

1990—Pub. L. 101-624 amended section generally, substituting present provisions for provisions urging President to maintain United States food assistance and encourage other countries to increase their contributions, in order to meet annual goal of World Food Conference

of providing 10,000,000 tons of food assistance annually for needy nations.

EMERGENCY FOOD ASSISTANCE TO INDIA

Pub. L. 90-7, Apr. 1, 1967, 81 Stat. 7, provided: “That the Congress approves the participation of the United States in cooperation with other countries and with multilateral organizations, including the International Bank for Reconstruction and Development, the Organization for Economic Cooperation and Development, the Food and Agriculture Organization, and others, in urgent international efforts designed to—

“(a) develop a comprehensive self-help approach to the war on hunger based on a fair sharing of the burden among the nations of the world;

“(b) encourage and assist the Government of India in achieving food self-sufficiency; and

“(c) help meet India’s critical food and nutritional needs by making available agricultural commodities or other resources needed for food procurement or production.

“Because uncertainty in connection with Public Law 480 transactions tends to depress market prices, it is the sense of Congress that, in carrying out this Aid to India program, the Administration should, subject to the requirement of section 401 of Public Law 480 [section 1731 of this title] with respect to the availability of the commodity at the time of exportation, make announcements of intention, purchases and shipments of commodities on schedules and under circumstances which will protect and strengthen farm market prices to the maximum extent possible.

“The Congress endorses the President’s policy of equal participation on the part of the United States with all other nations, under terms and conditions set forth in Public Law 480, as amended [this chapter], in assisting the Government of India to meet these needs.

“Further, the Congress recommends, on the basis of estimates now available, that the United States pro-

vide an additional amount of food grain not to exceed three million tons at an estimated cost of \$190,000,000 as the United States share toward meeting the India food deficit, provided it is appropriately matched, and specifically extends its support to the allocation of approximately \$190,000,000 of funds available to the Commodity Credit Corporation in calendar year 1967 which will be required to accomplish this purpose.

“The Congress further recommends that the President provide an additional \$25,000,000 of emergency food relief for distribution by CARE and other American voluntary agencies.”

COTTON AND COTTON PRODUCTS

Section 8 of Pub. L. 85-931 as amended by Pub. L. 89-808, §3(d), Nov. 11, 1966, 80 Stat. 1538, provided that: “In carrying out the provisions of the Agricultural Trade Development and Assistance Act of 1954, as amended [this chapter], extra long staple cotton shall be made available for sale pursuant to the provisions of title I of the Act [this subchapter] in the same manner as upland cotton or any other surplus agricultural commodity is made available, and products manufactured entirely from upland or long staple cotton shall be made available for sale pursuant to the provisions of title I of the Act [this subchapter] as long as cotton is in surplus supply in the same manner as any other agricultural commodity or product is made available, and no discriminatory or other conditions shall be imposed which will prevent or tend to interfere with their sale or availability for sale under the Act [this chapter].”

Amendment by Pub. L. 89-808 effective Jan. 1, 1967, see section 5 of Pub. L. 89-808, set out as a note under section 1691 of this title.

CARGO PREFERENCE LAW EXEMPTION

Section 3 of act Aug. 3, 1956, ch. 933, 70 Stat. 988, provided that: “Sales of fresh fruit and the products thereof under title I of the Act [sections 1701 to 1704, 1705 to 1707, 1708 to 1711 of this title] shall be exempt from the requirements of the cargo preference laws (Public Resolution 17, Seventy-third Congress [46 App. U.S.C. 1241-1] and section 901(b) of the Merchant Marine Act, 1936 [46 App. U.S.C. 1241(b)]).”

SUBCHAPTER III-B—EMERGENCY FOOD
ASSISTANCE

§ 1728. Findings regarding emergency food assistance

The Congress finds that—

(1) acute food crises continue to cause loss of life, severe malnutrition, and general human suffering in many areas of the Third World, especially in sub-Saharan Africa;

(2) the United States continues to respond to these needs, as a reflection of its humanitarian concern for the people of the Third World, with emergency food and other necessary assistance to alleviate the suffering of those affected by severe food shortages;

(3) the timely provision of food and other necessary assistance to those in need is of paramount importance if the worst effects of such food crises are to be mitigated; and

(4) the ability of the United States to provide food and other necessary assistance on a timely basis, and to ensure that such assistance is distributed to those in need, should be enhanced in order to better enable the United States to help those affected by severe food shortages.

DELEGATION OF FUNCTIONS

Functions of President under this section delegated to Secretary of Agriculture, in consultation with Food Assistance Policy Council and Department of the Treasury, by section 4(d) of Ex. Ord. No. 12752, Feb. 25, 1991, 56 F.R. 8256, set out as a note under section 1691 of this title.

RENEGOTIATION OF PAYMENT TERMS OF LOANS FOR SALE OF AGRICULTURAL COMMODITIES

Pub. L. 102-27, title II, Apr. 10, 1991, 105 Stat. 147, provided that: “Title I of the Public Law 480 [7 U.S.C. 1701 et seq.] program allowed for the repayment of loans for the sale of agricultural commodities in foreign or local currencies until December 31, 1971. Since that time, until the law was changed in the 1985 farm bill [probably means Pub. L. 99-198, see Tables for classification], all sales have been on dollar credit terms. In view of the present financial situation, it is impossible for many countries to repay their loans in dollars. Therefore, the President may use the authority in section 411 and section 604 of the Agricultural Trade Development and Assistance Act of 1954 [7 U.S.C. 1736e, 1738c] to renegotiate the payment on Public Law 480 debt in eligible countries in Latin America, the Caribbean and sub-Saharan Africa.”

There are authorized to be appropriated such sums as may be necessary to carry out—

- (1) the concessional credit sales program established under subchapter II of this chapter;
- (2) the emergency and private assistance program under subchapter III of this chapter; and
- (3) the grant program established under subchapter III-A of this chapter,

including such amounts as may be required to make payments to the Commodity Credit Corporation to the extent the Commodity Credit Corporation is not reimbursed under the programs under this chapter for the actual costs incurred or to be incurred by such Corporation in carrying out such programs.

(b) Transfer of funds**(1) In general**

Except as provided in paragraph (2) and notwithstanding any other provision of law, the President may direct that up to 15 percent of

the funds available for any fiscal year for carrying out any subchapter of this chapter be used to carry out any other subchapter of this chapter.

(2) Subchapter III-A funds

The President may direct that up to 50 percent of the funds available for any fiscal year for carrying out subchapter III-A of this chapter be used to carry out subchapter III of this chapter.

(c) Budget

In presenting the Budget of the United States, the President shall classify expenditures under this chapter as expenditures for international affairs and finance rather than for agriculture and agricultural resources.

(d) Value of commodities

Notwithstanding any other provision of law, in determining the reimbursement due the Commodity Credit Corporation for all expenses incurred under this chapter, commodities from the inventory of the Commodity Credit Corporation that were acquired under dairy price support operations shall be valued at a price not greater than the export market price for such commodities, as determined by the Secretary, as of the time such commodity is made available under this chapter.

(July 10, 1954, ch. 469, title IV, § 412, as added Pub. L. 94-161, title II, § 212, Dec. 20, 1975, 89 Stat. 855; amended Pub. L. 101-624, title XV, § 1512, Nov. 28, 1990, 104 Stat. 3655; Pub. L. 104-127, title II, § 220, Apr. 4, 1996, 110 Stat. 958; Pub. L. 106-387, § 1(a) [title VII, § 768], Oct. 28, 2000, 114 Stat. 1549, 1549A-45.)

AMENDMENTS

2000—Subsec. (d). Pub. L. 106-387 substituted “dairy price support operations” for “title I of the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.)”.

1996—Subsec. (b). Pub. L. 104-127, § 220(1), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows: “Of the amounts made available in each fiscal year to carry out subchapters II and III-A of this chapter, not less than—

“(1) 40 percent shall be made available to carry out the credit sales program established under subchapter II of this chapter; and

“(2) 40 percent shall be made available to carry out the grant program established under subchapter III-A of this chapter.”

Subsecs. (c) to (e). Pub. L. 104-127, § 220, redesignated subsecs. (d) and (e) as (c) and (d), respectively, and struck out heading and text of former subsec. (c). Text read as follows: “Notwithstanding any other provision of law and except as provided in subsection (b) of this section, if the President determines it to be necessary for purposes of this chapter, the President may direct that not in excess of 15 percent of the funds available in any fiscal year for carrying out any subchapter of this chapter be used to carry out any other subchapter of this chapter.”

1990—Pub. L. 101-624 amended section generally, substituting present provisions for provisions authorizing President to seek agreement for international food reserve, with costs to be shared equitably among nations, and with safeguards against price disruptions.

EFFECTIVE DATE OF 1990 AMENDMENT

Amendment by Pub. L. 101-624 effective Jan. 1, 1991, see section 1513 of Pub. L. 101-624, set out as a note under section 1691 of this title.

§ 1736f-1. Establishment of commodity trust

(a) In general

To provide for a trust solely to meet emergency humanitarian food needs in developing countries, the Secretary of Agriculture (referred to in this section as the “Secretary”) shall establish a trust stock of wheat, rice, corn, or sorghum, or any combination of the commodities, totaling not more than 4,000,000 metric tons for use as described in subsection (c) of this section.

(b) Commodities or funds in trust

(1) In general

The trust established under this section shall consist of—

(A) wheat in the reserve established under the Food Security Wheat Reserve Act of 1980 as of April 4, 1996;

(B) wheat, rice, corn, and sorghum (referred to in this section as “eligible commodities”) acquired in accordance with paragraph (2) to replenish eligible commodities released from the trust, including wheat to replenish wheat released from the reserve established under the Food Security Wheat Reserve Act of 1980 but not replenished as of April 4, 1996;

(2) Replenishment of trust

(A) In general

Subject to subsection (h) of this section, commodities of equivalent value to eligible commodities in the trust established under this section may be acquired—

(I) from producers; or

(II) in the market, if the Secretary determines that the purchases will not unduly disrupt the market; or

(ii) by designation by the Secretary of stocks of eligible commodities of the Commodity Credit Corporation.

(B) Funds

Any funds used to acquire eligible commodities through purchases from producers or in the market to replenish the trust shall be derived—

(i) with respect to fiscal years 2000 through 2007 from funds made available to carry out the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1691 et seq.) that are used to repay or reimburse the Commodity Credit Corporation

for the release of eligible commodities under subsections (c)(2) and (f)(2) of this section, except that, of such funds, not more than \$20,000,000 may be expended for this purpose in each of the fiscal years 2000 through 2007; and

(ii) from funds authorized for that use by an appropriations Act.

(c) Release of eligible commodities

(1) Emergency assistance

(A) In general

Notwithstanding paragraph (2), to meet unanticipated need, the Secretary may release eligible commodities in any fiscal year, without regard to the availability of domestic supply of the commodities, to provide emergency assistance to developing countries under title II of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1721 et seq.).

(B) Release for emergency assistance

If the eligible commodities needed to meet unanticipated need cannot be made available in a timely manner under normal means for obtaining eligible commodities for food assistance because of unanticipated need for emergency assistance as provided under section 202(a) of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1722(a)), the Secretary may in any fiscal year release from the trust—

(i) up to 500,000 metric tons of wheat or the equivalent value of eligible commodities other than wheat; and

Nothing in this paragraph shall require a waiver under section 204(a)(3) of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1724(a)(3)) as a prerequisite for the release of eligible commodities under this paragraph.

(2) Emergency food assistance

(A) In general

Notwithstanding any other provision of law, eligible commodities designated or acquired for the trust established under this section may be released by the Secretary to provide, on a donation or sale basis, emergency food assistance to developing countries at such time as the domestic supply of the eligible commodities is so limited that quantities of the eligible commodities cannot be made available for disposition under the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1691 et seq.) (other than disposition for urgent humanitarian purposes under section 401 of the Act (7 U.S.C. 1731)).

(B) Limitation

The Secretary may release eligible commodities under subparagraph (A) only to the extent such release is consistent with maintaining the long-term value of the trust.

(3) Processing of eligible commodities

Eligible commodities that are released from the trust established under this section may be processed in the United States and shipped to a developing country when conditions in the recipient country require processing.

(4) Exchange

The Secretary may exchange an eligible commodity for another United States commodity of equal value, including powdered milk, pulses, and vegetable oil.

(5) Use of normal commercial practices

To the maximum extent practicable consistent with the fulfillment of the purposes of this section and the effective and efficient administration of this section, the Secretary shall use the usual and customary channels, facilities, arrangements, and practices of trade and commerce to carry out this subsection.

The Secretary shall provide—

(2) for the periodic rotation or replacement of stocks of eligible commodities in the trust to avoid spoilage and deterioration of the commodities; and

(e) Treatment of trust under other law

Eligible commodities in the trust established under this section shall not be—

(1) considered a part of the total domestic supply (including carryover) for the purpose of subsection (c) of this section or for the purpose of administering the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1691 et seq.); and

(2) subject to any quantitative limitation on exports that may be imposed under section 2406 of title 50, Appendix.

(f) Use of Commodity Credit Corporation

(1) In general

Subject to the limitations provided in this section, the funds, facilities, and authorities of the Commodity Credit Corporation shall be used by the Secretary in carrying out this section, except that any restriction applicable to the acquisition, storage, or disposition of eligible commodities owned or controlled by the Commodity Credit Corporation shall not apply.

(2) Reimbursement of trust

(A) In general

The Commodity Credit Corporation shall be reimbursed for the release of eligible commodities from funds made available to carry out the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C.

1691 et seq.) and the funds shall be available to replenish the trust under subsection (b) of this section.

(B) Basis for reimbursement

The reimbursement shall be made on the basis of the lesser of—

(i) the actual costs incurred by the Commodity Credit Corporation with respect to the eligible commodity; or

(ii) the export market price of the eligible commodity (as determined by the Secretary) as of the time the eligible commodity is released from the trust.

(C) Source of funds

The reimbursement may be made from funds appropriated for subsequent fiscal years.

“(3) cooperate fully in all efforts to negotiate with foreign countries reductions in current barriers to fair trade;

§ 1736q. Repealed. Pub. L. 104-127, title II, § 268, Apr. 4, 1996, 110 Stat. 975

Section, Pub. L. 99-198, title XI, § 1122, Dec. 23, 1985, 99 Stat. 1480, related to liberalization of agricultural trade policy.

§ 1736r. Trade negotiations policy**(a) Findings**

Congress finds that—

(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

(2) exports of United States agricultural products accounted for \$54,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;

(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

(b) Goals of the United States in agricultural trade negotiations

The objectives of the United States with respect to future negotiations on agricultural trade include—

(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at prices below domestic market prices or prices below their full costs of acquiring and delivering agricultural products to the foreign markets; and

(4) encouraging government policies that avoid price-depressing surpluses.

AMENDMENTS

1996—Pub. Pub. L. 106-200, title IV, §409, May 18, 2000, 114 Stat. 295, provided that:

“(a) FINDINGS.—Congress finds that—

“(1) United States agriculture contributes positively to the United States balance of trade and

United States agricultural exports support in excess of 1,000,000 United States jobs;

“(2) United States agriculture competes successfully worldwide despite the fact that United States producers are at a competitive disadvantage because of the trade distorting support and subsidy practices of other countries and despite the fact that significant tariff and nontariff barriers exist to United States exports; and

“(3) a successful conclusion of the current World Trade Organization agricultural negotiations is critically important to the United States agricultural sector.

“(b) OBJECTIVES.—The agricultural trade negotiating objectives of the United States with respect to the current World Trade Organization agricultural negotiations include as matters of the highest priority—

“(1) the expeditious elimination of all export subsidies worldwide while maintaining bona fide food aid and preserving United States market development and export credit programs that allow the United States to compete with other foreign export promotion efforts;

“(2) leveling the playing field for United States producers of agricultural products by eliminating blue box subsidies and disciplining domestic supports in a way that forces producers to face world prices on all production in excess of domestic food security needs while allowing the preservation of nontrade distorting programs to support family farms and rural communities;

“(3) the elimination of state trading enterprises or the adoption of rigorous disciplines that ensure operational transparency, competition, and the end of discriminatory pricing practices, including policies supporting cross-subsidization and price undercutting in export markets;

“(4) affirming that the World Trade Organization Agreement on the Application of Sanitary and Phytosanitary Measures applies to new technologies, including biotechnology, and that labeling requirements to allow consumers to make choices regarding biotechnology products or other regulatory requirements may not be used as disguised barriers to trade;

“(5) increasing opportunities for United States exports of agricultural products by reducing tariffs to the same levels that exist in the United States or to lower levels and by eliminating all nontariff barriers, including—

“(A) restrictive or trade distorting practices, including those that adversely impact perishable or cyclical products;

“(B) restrictive rules in the administration of tariff-rate quotas; and

“(C) other barriers to agriculture trade, including unjustified restrictions or commercial requirements affecting new technologies, including biotechnology;

“(6) eliminating government policies that create price-depressing surpluses; and

“(7) strengthening dispute settlement procedures to ensure prompt compliance by foreign governments with their World Trade Organization obligations including commitments not to maintain unjustified restrictions on United States exports.

“(c) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—

“(1) Consultation before offer made.—In developing and before submitting an initial or revised negotiating proposal that would reduce United States tariffs on agricultural products or require a change in United States agricultural law, the United States Trade Representative shall consult with the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate and the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives.

“(2) Consultation with congressional trade advisers.—Prior to and during the course of current negotiations on agricultural trade, the United States

Trade Representative shall consult closely with the congressional trade advisers.

“(3) Consultation before agreement initialed.—Not less than 48 hours before initialing an agreement reached as part of current World Trade Organization agricultural negotiations, the United States Trade Representative shall consult closely with the committees referred to in paragraph (1) regarding—

“(A) the details of the agreement;

“(B) the potential impact of the agreement on United States agricultural producers; and

“(C) any changes in United States law necessary to implement the agreement.

“(4) Disclosure of commitments.—Any agreement or other understanding addressing agricultural trade with a foreign government or governments (whether oral or in writing) that relates to a trade agreement with respect to which Congress must enact implementing legislation and that is not disclosed to Congress before legislation implementing that agreement is introduced in either House of Congress shall not be considered to be part of the agreement approved by Congress and shall have no force and effect under United States law or in any dispute settlement body.

“(d) SENSE OF THE CONGRESS.—It is the sense of the Congress that—

“(1) granting the President trade negotiating authority is essential to the successful conclusion of the new round of World Trade Organization agricultural negotiations;

“(2) reaching a successful agreement on agriculture should be the top priority of United States negotiators; and

“(3) if by the conclusion of the negotiations, the primary agricultural competitors of the United States do not agree to reduce their trade distorting domestic supports and eliminate export subsidies in accordance with the negotiating objectives expressed in this section, the United States should take steps to increase the leverage of United States negotiators and level the playing field for United States producers.”

SUBCHAPTER V—FARMER-TO-FARMER PROGRAM

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in section 1727e of this title.

§ 1737. John Ogonowski Farmer-to-Farmer Program

(a) Definitions

In this section:

(1) Caribbean Basin country

The term “Caribbean Basin country” means a country eligible for designation as a beneficiary country under section 2702 of title 19.

(2) Emerging market

The term “emerging market” means a country that the Secretary determines—

(A) is taking steps toward a market-oriented economy through the food, agriculture, or rural business sectors of the economy of the country; and

(B) has the potential to provide a viable and significant market for United States agricultural commodities or products of United States agricultural commodities.

(3) Middle income country

The term “middle income country” means a country that has developed economically to the point at which the country does not receive bilateral development assistance from the United States.

(4) Sub-Saharan African country

The term “sub-Saharan African country” has the meaning given the term in section 3706 of title 19.

(b) Provision

Notwithstanding any other provision of law, to further assist developing countries, middle-income countries, emerging markets, sub-Saharan African countries, and Caribbean Basin countries to increase farm production and farmer incomes, the President may—

(1) establish and administer a program, to be known as the “John Ogonowski Farmer-to-Farmer Program”, of farmer-to-farmer assistance between the United States and such countries to assist in—

(A) increasing food production and distribution; and

(B) improving the effectiveness of the farming and marketing operations of agricultural producers in those countries;

(2) use United States agricultural producers, agriculturalists, colleges and universities (including historically black colleges and universities, land grant colleges or universities, and foundations maintained by colleges or universities), private agribusinesses, private organizations (including grassroots organizations with an established and demonstrated capacity to carry out such a bilateral exchange program), private corporations, and nonprofit farm organizations to work in conjunction with agricultural producers and farm organizations in those countries, on a voluntary basis—

(A) to improve agricultural and agribusiness operations and agricultural systems in those countries, including improving—

(i) animal care and health;

(ii) field crop cultivation;

(iii) fruit and vegetable growing;

(iv) livestock operations;

(v) food processing and packaging;

(vi) farm credit;

(vii) marketing;

(viii) inputs; and

(ix) agricultural extension; and

(B) to strengthen cooperatives and other agricultural groups in those countries;

(3) transfer the knowledge and expertise of United States agricultural producers and businesses, on an individual basis, to those countries while enhancing the democratic process by supporting private and public agriculturally related organizations that request and support technical assistance activities through cash and in-kind services;

(4) to the maximum extent practicable, make grants to or enter into contracts or other cooperative agreements with private voluntary organizations, cooperatives, land grant universities, private agribusiness, or nonprofit farm organizations to carry out this section (except that any such contract or other agreement may obligate the United States to make outlays only to the extent that the budget authority for such outlays is available under subsection (d) of this section or has otherwise been provided in advance in appropriation Acts);

(5) coordinate programs established under this section with other foreign assistance programs and activities carried out by the United States; and

(6) to the extent that local currencies can be used to meet the costs of a program established under this section, augment funds of the United States that are available for such a program through the use, within the country in which the program is being conducted, of—

(A) foreign currencies that accrue from the sale of agricultural commodities and products under this chapter; and

(B) local currencies generated from other types of foreign assistance activities.

(c) Special emphasis on sub-Saharan African and Caribbean Basin countries

(1) Findings

Congress finds that—

(A) agricultural producers in sub-Saharan African and Caribbean Basin countries need training in agricultural techniques that are appropriate for the majority of eligible agricultural producers in those countries, including training in—

(i) standard growing practices;

(ii) insecticide and sanitation procedures; and

(iii) other agricultural methods that will produce increased yields of more nutritious and healthful crops;

(B) agricultural producers in the United States (including African-American agricultural producers) and banking and insurance professionals have agribusiness expertise that would be invaluable for agricultural producers in sub-Saharan African and Caribbean Basin countries;

(C) a commitment by the United States is appropriate to support the development of a comprehensive agricultural skills training program for those agricultural producers that focuses on—

(i) improving knowledge of insecticide and sanitation procedures to prevent crop destruction;

(ii) teaching modern agricultural techniques that would facilitate a continual analysis of crop production, including—

(I) the identification and development of standard growing practices; and

(II) the establishment of systems for recordkeeping;

(iii) the use and maintenance of agricultural equipment that is appropriate for the majority of eligible agricultural producers in sub-Saharan African or Caribbean Basin countries;

(iv) the expansion of small agricultural operations into agribusiness enterprises by increasing access to credit for agricultural producers through—

(I) the development and use of village banking systems; and

(II) the use of agricultural risk insurance pilot products; and

(v) marketing crop yields to prospective purchasers (including businesses and individuals) for local needs and export; and

(D) programs that promote the exchange of agricultural knowledge and expertise through the exchange of American and foreign agricultural producers have been effective in promoting improved agricultural techniques and food security and the extension of additional resources to such farmer-to-farmer exchanges is warranted.

(2) Goals for programs carried out in sub-Saharan African and Caribbean Basin countries

The goals of programs carried out under this section in sub-Saharan African and Caribbean Basin countries shall be—

(A) to expand small agricultural operations in those countries into agribusiness enterprises by increasing access to credit for agricultural producers through—

(i) the development and use of village banking systems; and

(ii) the use of agricultural risk insurance pilot products;

(B) to provide training to agricultural producers in those countries that will—

(i) enhance local food security; and

(ii) help mitigate and alleviate hunger;

(C) to provide training to agricultural producers in those countries in groups to encourage participants to share and pass on to other agricultural producers in the home communities of the participants, the information and skills obtained from the training, rather than merely retaining the information and skills for the personal enrichment of the participants; and

(D) to maximize the number of beneficiaries of the programs in sub-Saharan African and Caribbean Basin countries.

(d) Minimum funding

Notwithstanding any other provision of law, in addition to any funds that may be specifically appropriated to carry out this section, not less than 0.5 percent of the amounts made available for each of fiscal years 2002 through 2007 to carry out this chapter shall be used to carry out programs under this section, with—

(1) not less than 0.2 percent to be used for programs in developing countries; and

(2) not less than 0.1 percent to be used for programs in sub-Saharan African and Caribbean Basin countries.

(e) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out programs under this section in sub-Saharan African and Caribbean Basin countries \$10,000,000 for each of fiscal years 2002 through 2007.

(2) Administrative costs

Not more than 5 percent of the funds made available for a fiscal year under paragraph (1) may be used to pay administrative costs incurred in carrying out programs in sub-Saharan African and Caribbean Basin countries.
