

accorded under this section to individuals who apply for conveyances pursuant to section 701 of this title.

§ 707. Reservation of mineral rights

In any conveyance under this chapter the mineral interests of the United States in the lands conveyed are reserved for the term of the estate conveyed. Minerals locatable under the mining laws or disposable under subchapter I of chapter 15 of this title, are withdrawn from all forms of entry and appropriation for the term of the estate. The underlying oil, gas, and other leasable minerals of the United States are reserved for exploration and development purposes, but without the right of surface ingress and egress, and may be leased by the Secretary under the mineral leasing laws.

(Pub. L. 87-851, § 7, Oct. 23, 1962, 76 Stat. 1128.)

REFERENCES IN TEXT

The mining laws and the mineral leasing laws, referred to in text, are classified generally to this title.

§ 708. Assignments; succession

Rights and privileges to qualify as an applicant under this chapter shall not be assignable, but may pass through devise or descent.

(Pub. L. 87-851, § 8, Oct. 23, 1962, 76 Stat. 1128.)

§ 709. Disposition of payments and fees

Payments of filing fees and survey costs, and the payments of the purchase price for patents in fee shall be disposed of by the Secretary of the Interior as are such fees, costs, and purchase prices in the disposition of public lands. All payments and fees for occupancy in conveyances of less than the fee, or for permits for life or shorter periods, shall be disposed of by the administering department or agency as are other receipts for the use of the lands involved.

(Pub. L. 87-851, § 9, Oct. 23, 1962, 76 Stat. 1128.)

CHAPTER 21—METAL AND NONMETALLIC MINE SAFETY

§§ 721 to 740. Repealed. Pub. L. 95-164, title III, § 306(a), Nov. 9, 1977, 91 Stat. 1322

This chapter, covering the operation of only metal and nonmetallic mines, is covered by section 801 et seq. of this title following the enactment of Pub. L. 95-164 which brought the operation of all coal and other mines under a single legislative canopy.

Section 721, Pub. L. 89-577, § 2, Sept. 16, 1966, 80 Stat. 772, defined "commerce", "mine", "operator", "Secretary", and "Board". See section 802 of this title.

Section 722, Pub. L. 89-577, § 3, Sept. 16, 1966, 80 Stat. 773, described mines to be covered and empowered Secretary of the Interior to decline jurisdiction if effect of the mine on commerce was not sufficiently substantial. See section 801 et seq. of this title.

Section 723, Pub. L. 89-577, § 4, Sept. 16, 1966, 80 Stat. 773, related to investigations of metal and nonmetallic mines to obtain information relating to health and safety conditions. See section 811 of this title.

Section 724, Pub. L. 89-577, § 5, Sept. 16, 1966, 80 Stat. 773, related to admission of investigators to mines. See section 813 of this title.

Section 725, Pub. L. 89-577, § 6, Sept. 16, 1966, 80 Stat. 774, related to development of health and safety standards. See section 811 of this title.

Section 726, Pub. L. 89-577, § 7, Sept. 16, 1966, 80 Stat. 775, related to advisory committees. See section 812 of this title.

Section 727, Pub. L. 89-577, § 8, Sept. 16, 1966, 80 Stat. 775, related to findings and orders. See section 814 of this title.

Section 728, Pub. L. 89-577, § 9, Sept. 16, 1966, 80 Stat. 777, related to review of orders by Secretary of the Interior. See section 815 of this title.

Section 729, Pub. L. 89-577, § 10, Sept. 16, 1966, 80 Stat. 778, created Federal Metal and Nonmetallic Mine Safety Board of Review. See section 823 of this title.

Section 730, Pub. L. 89-577, § 11, Sept. 16, 1966, 80 Stat. 779, related to review functions of Federal Metal and Nonmetallic Mine Safety Board of Review. See section 823 of this title.

Section 731, Pub. L. 89-577, § 12, Sept. 16, 1966, 80 Stat. 781, related to judicial review of final orders of Federal Metal and Nonmetallic Mine Safety Board of Review. See section 816 of this title.

Section 732, Pub. L. 89-577, § 13, Sept. 16, 1966, 80 Stat. 782, related to accident and related reports to Secretary of the Interior. See section 813 of this title.

Section 733, Pub. L. 89-577, § 14, Sept. 16, 1966, 80 Stat. 782, related to penalties to be imposed for violations of the chapter. See section 820 of this title.

Section 734, Pub. L. 89-577, § 15, Sept. 16, 1966, 80 Stat. 782, related to programs of education and training for employers and employees. See section 825 of this title.

Section 735, Pub. L. 89-577, § 16, Sept. 16, 1966, 80 Stat. 782, related to State plans and cooperation with State agencies. See section 811 of this title.

Section 736, Pub. L. 89-577, § 17, Sept. 16, 1966, 80 Stat. 783, related to administration of chapter by Bureau of Mines of Department of the Interior. See section 557a of Title 29, Labor.

Section 737, Pub. L. 89-577, § 18, Sept. 16, 1966, 80 Stat. 784, related to non-applicability of Administrative Procedure Act to proceedings under chapter. See section 815 of this title.

Section 738, Pub. L. 89-577, § 19, Sept. 16, 1966, 80 Stat. 784, related to effect of chapter on State laws. See section 811 of this title.

Section 739, Pub. L. 89-577, § 20, Sept. 16, 1966, 80 Stat. 784, related to annual report of Secretary of the Interior to Congress. See section 557a of Title 29, Labor.

Section 740, Pub. L. 89-577, § 21, Sept. 16, 1966, 80 Stat. 784, authorized appropriations necessary to carry out chapter. See section 824 of this title.

EFFECTIVE DATE OF REPEAL

Repeal effective 120 days after Nov. 9, 1977, see section 307 of Pub. L. 95-164, set out as an Effective Date of 1977 Amendment note under section 801 of this title.

CHAPTER 22—MINE SAFETY AND HEALTH

Sec.

- 801. Congressional findings and declaration of purpose.
- 802. Definitions.
- 803. Mines subject to coverage.
- 804. Interim Compliance Panel.
 - (a) Establishment; composition.
 - (b) Compensation; travel and subsistence expenses.
 - (c) Cooperation of Federal agencies.
 - (d) Quorum; voting; selection of chairman.
 - (e) Appointment of administrative law judges; provisions applicable.
 - (f) Functions; hearings; notice and review; termination; annual report.

SUBCHAPTER I—GENERAL

- 811. Mandatory safety and health standards.
 - (a) Development, promulgation, and revision.
 - (b) Emergency temporary mandatory standards.
 - (c) Modification of standards.
 - (d) Judicial review.
 - (e) Distribution of copies of proposed standards or regulations.

 (d) Autopsies.</p> <p>844. Rock dust and gas hazards; controls.
845. Dust standards in presence of quartz.
846. Noise standards; promulgation of new standards; tests; procedures; protective devices.</p> <p>SUBCHAPTER III—INTERIM MANDATORY SAFETY STANDARDS FOR UNDERGROUND COAL MINES</p> <p>861. Mandatory safety standards for underground mines.
 (a) Coverage; enforcement; review.
 (b) Purpose; initiation of studies and research.</p> <p>862. Roof support.
 (a) Roof control plan; contents; review; availability.
 (b) Creation of dangers by roof falls.
 (c) Location and supply of roof support material; safety devices for roof work.
 (d) Roof bolts.
 (e) Recovery of roof bolts.
 (f) Safety inspections; correction of dangerous conditions.</p> <p>863. Ventilation.
 (a) Equipment; approval; daily examinations.
 (b) Standards for air in work areas.
 (c) Line brattice; functions; exceptions; repairs; flame resistant material.
 (d) Pre-shift examinations and tests; scope; violations of mandatory standards; notification; posting of "DANGER" signs; restriction of entry; records; re-entry.
 (e) Daily examinations and tests; scope; imminent danger; withdrawal of persons; abatement of danger.
 (f) Weekly examination for hazardous conditions; scope; notification; repairs; imminent danger; withdrawal of persons; abatement; records.
 (g) Weekly ventilation examinations; scope; records.
 (h) Methane examinations at working place; periodic intervals; standards; procedures for different air contents of methane.
 (i) Methane examination of air returning from working section; periodic intervals; standards; procedures for different air contents; virgin territory.
 (j) Abandoned area air; pre-shift examination.
 (k) Abandoned area air; inaccessible or unsafe for inspection; air from where pillars have been removed.
 (l) Methane monitors; required equipment; maintenance; warnings; deenergizing of equipment.
 (m) Idle area inspections; authorized inspectors.
 (n) Intentional roof falls; prior inspections; safeguards.
 (o) Methane and dust control plans; contents.
 (p) Devices for detection of methane and oxygen deficiency; maintenance.
 (q) Pillar recovery; areas without bleeder systems.</p> | <p>Sec.</p> <p>(r) Overcast and undercast intake air split requirements; time extension.
(s) Blasting; prior and subsequent examinations for methane.
(t) Mine fan stop plans; requisites.
(u) Modifications affecting main air current or any split; withdrawal of personnel; removal of power.
(v) Reading and countersigning of daily and weekly reports; foreman; superintendent.
(w) Daily mine condition reports; requisites; signatures.
(x) Reopening of abandoned or declared inactive mine; notification; inspection.
(y) Separation of intake and return air-courses from belt haulage entries; standards.
(z) Pillar extractions; bleeder systems and sealing requirements; standards.</p> <p>864. Combustible materials and rock dusting.
 (a) Accumulations; maintenance.
 (b) Abatement of hazards in active working areas.
 (c) Rock dusting of all areas of underground mines; exceptions.
 (d) Distribution of rock dust; places, quantities.
 (e) Limitation of applicability.</p> <p>865. Electrical equipment.
 (a) Allowable equipment; replacements; maintenance; permits for non-compliance; renewals; limitations; list of electric face equipment; survey of new and rebuilt equipment; publication of results.
 (b) Notification of permits.
 (c) Gassy mines; maintenance of equipment.
 (d) Location of nonpermissible power connection units.
 (e) Mine map; contents; modifications.
 (f) Repairs; deenergizing of equipment; authorized personnel; locking out of disconnection devices.
 (g) Periodic examinations; maintenance; records; accessibility.
 (h) Electrical conductors.
 (i) Electrical connections.
 (j) Cables and wires; entry through metal frames.
 (k) Support of power wires.
 (l) Insulation of power wires; exceptions.
 (m) Circuit breakers; overload protection for three-phase motors.
 (n) Disconnecting switches for main power circuits; location and installation.
 (o) Switches.
 (p) Lightning arresters.
 (q) Nonapproved devices.
 (r) Deenergizing of electric face equipment.</p> <p>866. Trailing cables.
 (a) Requirements established for flame resistant cables.
 (b) Circuit breakers; markings and visual observation of position of disconnection devices.
 (c) Distribution center junctions; safety connections.
 (d) Temporary splices; usable period; exceptions; quality.
 (e) Permanent splices; quality.
 (f) Clamping of cables.
 (g) Making and breaking of connections to junction boxes.</p> |
