§ 6406. Compliance

The Council may bring suit in Federal court to compel compliance with an assessment levied by the Council under this chapter. A successful action for compliance under this section may also require payment by the defendant of the costs incurred by the Council in bringing such action.

(Pub. L. 104-284, § 7, Oct. 11, 1996, 110 Stat. 3374.)

§ 6407. Lobbying restrictions

§ 6408. Market survey and consumer protection

(a) Price analysis

Beginning 2 years after establishment of the Council and annually thereafter, the Secretary of Commerce, using only data provided by the Energy Information Administration and other public sources, shall prepare and make available to the Council, the Secretary of Energy, and the public an analysis of changes in the price of propane relative to other energy sources. The propane price analysis shall compare indexed changes in the price of consumer grade propane to a composite of indexed changes in the price of residential electricity, residential natural gas, and refiner price to end users of No. 2 fuel oil on an annual national average basis. For purposes of indexing changes in consumer grade propane, residential electricity, residential natural gas, and end user No. 2 fuel oil prices, the Secretary of Commerce shall use a 5-year rolling average price beginning with the year 4 years prior to the establishment of the Council.

(b) Authority to restrict activities

If in any year the 5-year average rolling price index of consumer grade propane exceeds the 5-year rolling average price composite index of residential electricity, residential natural gas, and refiner price to end users of No. 2 fuel oil in an amount greater than 10.1 percent, the activities of the Council shall be restricted to research and development, training, and safety matters. The Council shall inform the Secretary of Energy and the Congress of any restriction of activities under this subsection. Upon expiration of 180 days after the beginning of any such restriction of activities, the Secretary of Commerce shall again conduct the propane price analysis described in subsection (a) of this section. Activities of the Council shall continue to

be restricted under this subsection until the price index excess is 10.1 percent or less.

(Pub. L. 104-284, § 9, Oct. 11, 1996, 110 Stat. 3375.)

§ 6409. Pricing

In all cases, the price of propane shall be determined by market forces. Consistent with the antitrust laws, the Council may take no action, nor may any provision of this chapter be interpreted as establishing an agreement to pass along to consumers the cost of the assessment provided for in section 6405 of this title.

(Pub. L. 104-284, § 10, Oct. 11, 1996, 110 Stat. 3375.)

§ 6410. Relation to other programs

Nothing in this chapter may be construed to preempt or supersede any other program relating to propane education and research organized and operated under the laws of the United States or any State.

(Pub. L. 104-284, § 11, Oct. 11, 1996, 110 Stat. 3375.)

§ 6411. Reports

Within 2 years after October 11, 1996, and at least once every 2 years thereafter, the Secretary of Commerce shall prepare and submit to the Congress and the Secretary a report examining whether operation of the Council, in conjunction with the cumulative effects of market changes and Federal programs, has had an effect on propane consumers, including residential, agriculture, process, and nonfuel users of propane. The Secretary of Commerce shall consider and, to the extent practicable, shall include in the report submissions by propane consumers, and shall consider whether there have been long-term and short-term effects on propane prices as a result of Council activities and Federal programs, and whether there have been changes in the proportion of propane demand attributable to various market segments. To the extent that the report demonstrates that there has been an adverse effect, the Secretary of Commerce shall include recommendations for correcting the situation. Upon petition by affected parties or upon request by the Secretary of Energy, the Secretary of Commerce may prepare and submit the report required by this section at less than 2-year intervals.
