§ 122. Determination of place of primary use

(a) PLACE OF PRIMARY USE.—A home service provider shall be responsible for obtaining and maintaining the customer's place of primary use (as defined in section 124). Subject to section 121, and if the home service provider's reliance on information provided by its customer is in good faith, a taxing jurisdiction shall—

(1) allow a home service provider to rely on the applicable residential or business street address supplied by the home service provider's customer; and

(2) not hold a home service provider liable for any additional taxes, charges, or fees based on a different determination of the place of primary use for taxes, charges, or fees that are customarily passed on to the customer as a separate itemized charge.

(b) ADDRESS UNDER EXISTING AGREEMENTS.—Except as provided in section 121, a taxing jurisdiction shall allow a home service provider to treat the address used by the home service provider for tax purposes for any customer under a service contract or agreement in effect 2 years after the date of the enactment of the Mobile Telecommunications Sourcing Act as that customer's place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement, for purposes of determining the taxing jurisdictions to which taxes, charges, or fees on charges for mobile telecommunications services are remitted.

§ 123. Scope; special rules

(a) ACT DOES NOT SUPERSEDE CUSTOMER'S LIABILITY TO TAXING JURISDICTION.—Nothing in sections 116 through 126 modifies, impairs, supersedes, or authorizes the modification, impairment, or supersession of, any law allowing a taxing jurisdiction to collect a tax, charge, or fee from a customer that has failed to provide its place of primary use.

(b) ADDITIONAL TAXABLE CHARGES.—If a taxing jurisdiction does not otherwise subject charges for mobile telecommunications services to taxation and if these charges are aggregated with and not separately stated from charges that are subject to taxation, then the charges for nontaxable mobile telecommunications services may be subject to taxation unless the home service provider can reasonably identify charges not subject to such tax, charge, or fee from its books and records that are kept in the regular course of business.

(c) NONTAXABLE CHARGES.—If a taxing jurisdiction does not subject charges for mobile telecommunications services to taxation, a customer may not rely upon the nontaxability of charges for mobile telecommunications services unless the customer's home service provider separately states the charges for nontaxable mobile telecommunications services from taxable charges or the home service provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the home service provider's books and records that are kept in the regular course of business that reasonably identifies the nontaxable charges.
