§ 2001. Congressional declaration of policy and objectives

(a) It is declared to be the policy of the Congress, recognizing that a prosperous, productive agriculture is essential to a free nation and recognizing the growing need for credit in rural areas, that the farmer-owned cooperative Farm Credit System be designed to accomplish the objective of improving the income and well-being of American farmers and ranchers by furnishing sound, adequate, and constructive credit and closely related services to them, their cooperatives, and to selected farm-related businesses necessary for efficient farm operations.

(b) It is the objective of this chapter to continue to encourage farmer- and rancher-borrowers participation in the management, control, and ownership of a permanent system of credit for agriculture which will be responsive to the credit needs of all types of agricultural producers having a basis for credit, and to modernize and improve the authorizations and means for furnishing such credit and credit for housing in rural areas made available through the institutions constituting the Farm Credit System as herein provided.

(c) It is declared to be the policy of Congress that the credit needs of farmers, ranchers, and their cooperatives are best served if the institutions of the Farm Credit System provide equi-

table and competitive interest rates to eligible borrowers, taking into consideration the creditworthiness and access to alternative sources of credit for borrowers, the cost of funds, including any costs of defeasance under section 2159(b) of this title, the operating costs of the institution, including the costs of any loan loss amortization under section 2254(b) of this title, the cost of servicing loans, the need to retain earnings to protect borrowers' stock, and the volume of net new borrowing. Further, it is declared to be the policy of Congress that Farm Credit System institutions take action in accordance with the Farm Credit Act Amendments of 1986 in such manner that borrowers from the institutions derive the greatest benefit practicable from that Act: *Provided*, That in no case is any borrower to be charged a rate of interest that is below competitive market rates for similar loans made by private lenders to borrowers of equivalent creditworthiness and access to alternative credit.

(b) read as follows: “Each production credit association at the end of each fiscal year shall apply the amount of the earnings of the association for such year in excess of the operating expenses of the association (including provision for valuation reserves against loan assets in an amount equal to one-half of 1 percent of the loans outstanding at the end of the fiscal year to the extent that such earnings in such year in excess of other operating expenses permit, or in such greater amounts as are deemed necessary under generally accepted accounting principles, until such reserves equal or exceed 3½ percent of the loans outstanding at the end of the fiscal year, beyond which 3½ percent further additions to such reserves may be made, if deemed necessary under generally accepted accounting principles) first to the restoration of the impairment, if any, of capital, and second, to the establishment and maintenance of the surplus accounts, the minimum aggregate amount of which shall be prescribed by the Farm Credit Bank.”

§ 2075. Short- and intermediate-term loans; participation; other financial assistance; terms; conditions; interest; security

(a) Short- and intermediate-term loans

Each production credit association, under standards prescribed by the board of directors of the Farm Credit Bank of the district, may make, guarantee, or participate with other lenders in short- and intermediate-term loans and other similar financial assistance to—

(1) bona fide farmers and ranchers and the producers or harvesters of aquatic products, for agricultural or aquatic purposes and other requirements of such borrowers, including financing for basic processing and marketing directly related to the operations of the borrower and those of other eligible farmers, ranchers, and producers or harvesters of aquatic products, except that the operations of the borrower shall supply some portion of the total processing or marketing for which financing is extended, except that the aggregate of the financing provided by any association for basic processing and marketing directly related to the operations of farmers, ranchers, and producers or harvesters of aquatic products, if the operations of the applicant supply less than 20 percent of the total processing or marketing for which financing is extended, shall not exceed 15 percent of the total of all

outstanding loans of all associations in the district at the end of its preceding fiscal year;

(2) rural residents for housing financing in rural areas, under regulations of the Farm Credit Administration; and

(3) persons furnishing to farmers and ranchers farm-related services directly related to their on-farm operating needs.

(b) Rural housing

(1) In general

Rural housing financed under this part shall be for single-family, moderate-priced dwellings and the appurtenances of such not inconsistent with the general quality and standards of housing existing in, or planned or recommended for, the rural area where it is located.

(2) Limitation

The aggregate of such housing loans in an association to persons other than farmers or ranchers shall not exceed 15 percent of the outstanding loans at the end of its preceding fiscal year except on prior approval by the Farm Credit Bank of the district. The aggregate of such housing loans in any farm credit district shall not exceed 15 percent of the outstanding loans of all associations in the district at the end of the preceding fiscal year.

(3) Rural areas

For rural housing purposes under this section the term "rural areas" shall not be defined to include any city or village having a population in excess of 2,500 inhabitants.

(4) Equipment

Each association may own and lease, or lease with option to purchase, to stockholders of the association equipment needed in the operations of the stockholder.

(c) Interest rates and charges

(1) In general

Loans authorized in subsection (a) of this section shall bear such rate or rates of interest as are determined under standards prescribed by the board of the bank subject to the provisions of section 2205 of this title, and shall be made upon such terms, conditions, and upon such security, if any, as shall be authorized in such standards.

(2) Setting of rates

In setting rates and charges, it shall be the objective to provide the types of credit needed by eligible borrowers, at the lowest reasonable cost on a sound business basis, taking into account the cost of money to the association, necessary reserves and expenses of the association, and services provided to borrowers and members.

(3) Varying rates

The loan documents may provide for the interest rate or rates to vary from time to time during the repayment period of the loan in accordance with the rate or rates currently being charged by the association.

(4) Prior approval

Such standards may require prior approval of the bank on certain classes of loans, and

may authorize a continuing commitment to a borrower of a line of credit.

(d) Special district rule

(1) Provision of credit and technical assistance outside service territory

Notwithstanding any territorial limitation in the charter of a production credit association located in a district in which there are only two such associations, the Farm Credit Administration Board, on request of such association, may permit such association to provide credit and technical assistance to any borrower who is denied credit by the other production credit association in the district if the Board determines that such other production credit association in the district is unduly restrictive in the application of credit standards.

(2) Timing of determination

If the Farm Credit Administration Board approves the extension of credit and technical assistance under paragraph (1), the association shall approve or deny the application for credit within 90 days after receipt of the application from the borrower.

§ 2128. Loans, commitments, and technical and financial assistance**(a) Authorities**

The banks for cooperatives are authorized to make loans and commitments to eligible cooperative associations and to extend to them other technical and financial assistance at any time (whether or not they have a loan from the bank outstanding), including but not limited to dis-

Such regulations may include provisions for avoiding duplication between the Central Bank and district banks for cooperatives. Each bank may own and lease, or lease with option to purchase, to stockholders eligible to borrow from the bank equipment needed in the operations of the stockholder and may make or participate in loans or commitments and extend other technical and financial assistance to other domestic parties for the acquisition of equipment and facilities to be leased to such stockholders for use in their operations in the United States.

(b) Additional authorities

(1) A bank for cooperatives is authorized to make or participate in loans and commitments to, and to extend other technical and financial assistance to a domestic or foreign party with respect to its transactions with an association that is a voting stockholder of the bank for the import of agricultural commodities or products thereof, agricultural supplies, or aquatic products through purchases, sales or exchanges, if the bank for cooperatives determines, under regulations of the Farm Credit Administration, that the voting stockholder will benefit substantially as a result of such loan, commitment, or assistance.

(2)(A) A bank for cooperatives may make or participate in loans and commitments to, and extend other technical and financial assistance to—

(i) any domestic or foreign party for the export, including (where applicable) the cost of freight, of agricultural commodities or products thereof, agricultural supplies, or aquatic products from the United States under policies and procedures established by the bank to ensure that the commodities, products, or supplies are originally sourced, where reasonably available, from one or more eligible cooperative associations described in section 2129(a) of this title on a priority basis, except that if the total amount of the balances outstanding on loans made by a bank under this clause that—

(I) are made to finance the export of commodities, products, or supplies that are not originally sourced from a cooperative, and

(II) are not guaranteed or insured, in an amount equal to at least 95 percent of the amount loaned, by a department, agency, bureau, board, commission, or establishment of the United States or a corporation wholly-owned directly or indirectly by the United States,

exceeds an amount that is equal to 50 percent of the bank's capital, then a sufficient interest in the loans shall be sold by the bank for cooperatives to commercial banks and other non-System lenders to reduce the total

amount of such outstanding balances to an amount not greater than an amount equal to 50 percent of the bank's capital; and

(ii) except as provided in subparagraph (B), any domestic or foreign party in which an eligible cooperative association described in section 2129(a) of this title (including, for the purpose of facilitating its domestic business operations only, a cooperative or other entity described in section 2129(b)(1)(A) of this title) has an ownership interest, for the purpose of facilitating the domestic or foreign business operations of the association, except that if the ownership interest by an eligible cooperative association, or associations, is less than 50 percent, the financing shall be limited to the percentage held in the party by the association or associations.

(B) A bank for cooperatives shall not use the authority provided in subparagraph (A)(ii) to provide financial assistance to a party for the purpose of financing the relocation of a plant or facility from the United States to another country.

(3) A bank for cooperatives is authorized to provide such services as may be customary and normal in maintaining relationships with domestic or foreign entities to facilitate the activities specified in paragraphs (1) and (2), consistent with this chapter.

(d) Regulatory limitations

The regulations of the Farm Credit Administration implementing subsection (b) of this section and other provisions of this subchapter relating to the authority under subsection (b) of this section may not confer upon the banks for cooperatives powers and authorities greater than those specified in this subchapter. The Farm Credit Administration shall, during the formulation of such regulations, closely consult on a continuing basis with the Board of Governors of the Federal Reserve System to insure that such regulations conform to national banking policies, objectives, and limitations.

(e) Speculative futures transactions

Notwithstanding any other provision of this subchapter, the banks for cooperatives shall not make or participate in loans or commitments for the purpose of financing speculative futures transactions by eligible borrowers in foreign currencies.

(f) Installation, expansion, or improvement of water and waste disposal facilities

The banks for cooperatives may, for the purpose of installing, maintaining, expanding, improving, or operating water and waste disposal facilities in rural areas, make and participate in loans and commitments and extending other technical and financial assistance to—

- (1) cooperatives formed specifically for the purpose of establishing or operating such facilities; and
- (2) public and quasi-public agencies and bodies, and other public and private entities that, under authority of State or local law, establish or operate such facilities.

In setting rates and charges, it shall be the objective to provide the types of credit needed by eligible borrowers at the lowest reasonable cost on a sound business basis, taking into account the net cost of money to the bank, necessary reserves and expenses of the bank, and services provided. At the end of each fiscal year, the net savings shall, under regulations prescribed by the Farm Credit Administration, continue to be applied on a cooperative basis with provision for sound, adequate capitalization to meet the changing financing needs of eligible cooperative borrowers and prudent corporate fiscal management, to the end that current year's patrons carry their fair share of the capitalization, ultimate expenses, and reserves related to the year's operations and the remaining net savings shall be distributed as patronage refunds as provided in subsections (b) and (c) of this section. Such regulations may provide for application of net savings to the restoration or maintenance of an allocated surplus account, reasonable additions to unallocated surplus, or to unallocated reserves after payment of operating expenses, and provide for allocations to patrons not qualified under title 26, or payment of such per centum of patronage refunds in cash, as the board may determine.

The net savings of each district bank for cooperatives, after the earnings for the fiscal year have been applied in accordance with subsection (a) of this section shall be paid in stock, participation certificates, or cash, or in any of them, as determined by its board, as patronage refunds to borrowers to whom such refunds are payable who are borrowers of the fiscal year for which such patronage refunds are distributed. Except as provided in subsection (c) below, all patronage refunds shall be paid in proportion that the amount of interest and service fees on the loans to each borrower during the year bears to the interest and service fees on the loans of all borrowers during the year or on such other proportionate patronage basis as may be approved by the board of directors.

(c) Savings of Central Bank for Cooperatives

The net savings of the Central Bank for Cooperatives after the earnings for the fiscal year have been applied in accordance with subsection (a) of this section shall be paid in stock or cash, or both, as determined by the board, as patron-

age refunds to the district banks on the basis of interests held by the Central Bank in loans made by the district banks and upon any direct loans made by the Central Bank to cooperative associations, or on such other proportionate patronage basis as may be approved by the board of directors. In cases of direct loans, such refund shall be paid to the district bank or banks which issued their stock to the borrower incident to such loans, and the district bank or banks shall issue a like amount of patronage refunds to the borrower.

(d) Loss carryover

In the event of a net loss in any fiscal year after providing for all operating expenses (including reasonable valuation reserves and losses in excess of any applicable reserves), such loss may be carried forward or carried back, if appropriate, or otherwise shall be absorbed by charges to unallocated reserve or surplus accounts established after December 10, 1971; charges to allocated contingency reserve account; charges to allocated surplus accounts; charges to other contingency reserve and surplus accounts; the impairment of voting stock; or the impairment of all other stock.

(e) Charge of unrecognized costs or expenses to reserve, surplus, or patronage allocations

Notwithstanding any other provisions of this section any costs or expenses attributable to a prior year or years but not recognized in determining the net savings for such year or years may be charged to reserves or surplus of the bank or to patronage allocations for such years, as may be determined by the board of directors.

(f) Payment of patronage refunds in cash

A bank for cooperatives may pay in cash such portion of its patronage refunds as will permit its taxable income to be determined without taking into account savings applied as allocated surplus, allocated contingency reserves, and patronage refunds under subsection (a) of this section.

Pub. L. 100-233 amended section generally. Prior to amendment, section read as follows: “The revolving fund established by Public Law 87-343, 75 Stat. 758, as amended, and the revolving fund established by Public Law 87-494, 76 Stat. 109, as amended, and continued by Public Law 96-592, shall be merged and shall be available to the Farm Credit Administration for the purchase, on behalf of the United States, of capital stock of the Capital Corporation. The Farm Credit Administration may make such purchases of stock as the Farm Credit Administration determines, in its discretion, are necessary to achieve the purposes of this chapter.”

1985—Pub. L. 99-205 substituted provisions relating to revolving funds and investments for provisions respecting stock purchased by the Governor for the Farm Credit Administration, retirement, and franchise tax.

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-399 effective as if enacted immediately after enactment of Pub. L. 100-233, which was approved Jan. 6, 1988, see section 1001(a) of Pub. L. 100-399, set out as a note under section 2002 of this title.

EFFECTIVE DATE OF 1985 AMENDMENT

Amendment by Pub. L. 99-205 effective thirty days after Dec. 23, 1985, see section 401 of Pub. L. 99-205, set out as a note under section 2001 of this title.

REVOLVING FUNDS

The revolving fund established by this section (in effect immediately before January 6, 1988), referred to in text, means the revolving fund created by former provisions of this section, which merged the revolving fund established by Public Law 87-343, 75 Stat. 758, as amended (described below as “first fund”), with the revolving fund established by Public Law 87-494, 76 Stat. 109, as amended (described below as “second fund”), which was regarded as continued by Pub. L. 96-592.

At the time of enactment of former section 2152 of this title (see second par. of note under former section 2152 of this title) by Pub. L. 92-181 funds for temporary investment by the Governor of the Farm Credit Administration in the farm credit system were available from two revolving funds.

The first fund, providing moneys for investment in production credit associations and intermediate credit banks, was covered by former section 1131i of this title. Such fund was itself the result of an earlier merger of two revolving funds, the first having been created by the Farm Credit Act of 1933 and the second having been created by the Federal Farm Mortgage Corporation Act of 1934. These two were combined into a single fund pursuant to Pub. L. 87-343, §2(1), Oct. 3, 1961, 75 Stat. 758. Each of the statutory steps in the establishment of such fund was cast in the form of an amendment to the Farm Credit Act of 1933. Since such Farm Credit Act of 1933 has been repealed by section 5.26 of Pub. L. 92-181, section 1131i of this title is carried as repealed. Notwithstanding such apparent repeal, statements of Congressional intent indicate an intention to retain the fund using as its statutory base the law (Pub. L. 87-343) which had effected the consolidation in 1961.

The second fund, providing moneys for investment in banks for cooperatives, is covered by section 1141d of this title. Although the basic authority for such fund would be the Agricultural Marketing Act of 1929, a more updated authority for such fund is the Agricul-

tural Marketing Act Amendment of 1962, Pub. L. 87-494, June 25, 1962, 76 Stat. 109, under which the fund was reduced to \$150,000,000 and the amount in such fund in excess of such figure was returned to the Treasury as miscellaneous receipts.

Pub. L. 96-592, referred to above as continuing the revolving fund established by Pub. L. 87-494, is the Farm Credit Act Amendment of 1980, Pub. L. 96-592, Dec. 24, 1980, 94 Stat. 3437. For complete classification of this Act to the Code, see Short Title of 1980 Amendment note set out under section 2001 of this title and Tables.

§ 2152. Repealed. Pub. L. 100-233, title II, § 207(a)(1), Jan. 6, 1988, 101 Stat. 1607

Section, Pub. L. 92-181, title IV, § 4.1, as added Pub. L. 99-205, title I, § 104, Dec. 23, 1985, 99 Stat. 1687, contained requirements for purchase of stock and payment of assessments and contribution of capital to Capital Corporation.

A prior section 2152, Pub. L. 92-181, title IV, § 4.1, Dec. 10, 1971, 85 Stat. 609, related to revolving funds and government deposits, prior to repeal, effective thirty days after Dec. 23, 1985, by Pub. L. 99-205, title I, § 101(2), Dec. 23, 1985, 99 Stat. 1678. See section 2151 of this title.

EFFECTIVE DATE OF REPEAL

Section 207(b) of Pub. L. 100-233 provided that: "The repeals made by subsection (a) [repealing this section and sections 2216 to 2216k, and 2252(a)(8) of this title] shall take effect 15 days after the date of the enactment of this Act [Jan. 6, 1988]."

§ 2153. Power to borrow; issuance of notes, bonds, debentures, and other obligations

Each of the banks of the System, in order to obtain funds for its authorized purposes, shall have power, subject to regulation by the Farm Credit Administration, and subject to the limitations of paragraph (e) of this section, to—

(a) Borrow money from or loan to any other institution of the System, borrow from any commercial bank or other lending institution, issue its notes or other evidence of debt on its own individual responsibility and full faith and credit, and invest its excess funds in such sums, at such times, and on such terms and conditions as it may determine.

(b) Issue its own notes, bonds, debentures, or other similar obligations, fully collateralized as provided in section 2154(c) of this title by the notes, mortgages, and security instruments it holds in the performance of its functions under this chapter in such sums, maturities, rates of interest, and terms and conditions of each issue as it may determine with approval of the Farm Credit Administration.

(c) Join with any or all banks organized and operating under the same subchapter of this chapter in borrowing or in issuance of consolidated notes, bonds, debentures, or other obligations as may be agreed with approval of the Farm Credit Administration.

(d) Join with other banks of the System in issuance of System-wide notes, bonds, debentures, and other obligations in the manner, form, amounts, and on such terms and conditions as may be agreed upon with approval of the Farm Credit Administration. Such System-wide issue by the participating banks and such participations by each bank shall not exceed the limits to which each such bank is subject in the issuance of its individual or consolidated obligations and each such issue shall be subject to approval of

the Farm Credit Administration: *Provided, however,* There shall be no issues of System-wide obligations without the concurrence of the boards of directors of each bank and the approval of the Farm Credit Administration for such issues shall be conditioned on and be evidence of the compliance with this provision.

(e) No bank or banks shall issue notes, bonds, debentures, or other obligations individually or in concert with one or more banks of the System other than through the Federal Farm Credit Banks Funding Corporation under any provision of this chapter except under subsection (a) of this section: *Provided,* That any bank or banks may issue investment bonds or like obligations other than through the Federal Farm Credit Banks Funding Corporation if the interest rate is not in excess of the interest allowable on savings deposits of commercial banks of comparable amounts and maturities under Federal Reserve regulation on its member banks.

§ 2154. Capital adequacy of banks and institutions

(a) Minimum levels of capital

The Farm Credit Administration shall cause System institutions to achieve and maintain adequate capital by establishing minimum levels of capital for such System institutions and by using such other methods as the Farm Credit Administration deems appropriate. The Farm Credit Administration may establish such minimum level of capital for a System institution as the Farm Credit Administration, in its discretion, deems to be necessary or appropriate in

light of the particular circumstances of the System institution.

(b) Failure to maintain minimum levels; directives; plans for achieving minimum levels; proposals affecting compliance

(1) Failure of a System institution to maintain capital at or above its minimum level as established under subsection (a) of this section may be deemed by the Farm Credit Administration, in its discretion, to constitute an unsafe and unsound practice within the meaning of this chapter.

(2) In addition to, or in lieu of, any other action authorized by law, including paragraph (1), the Farm Credit Administration may issue a directive to a System institution that fails to maintain capital at or above its required level as established under subsection (a) of this section. Such directive may require the System institution to submit and adhere to a plan acceptable to the Farm Credit Administration describing the means and timing by which the System institution shall achieve its required capital level, but may not require merger or consolidation without a majority vote of the voting stockholders or the contributors to the guaranty fund of the institution.

(3) The Farm Credit Administration may consider such System institution's progress in adhering to any plan required under paragraph (2) whenever such System institution, or an affiliate thereof, seeks the requisite approval of the Farm Credit Administration for any proposal that would divert earnings, diminish capital, or otherwise impede such System institution's progress in achieving its minimum capital level. The Farm Credit Administration may deny such approval where it determines that such proposal would adversely affect the ability of the System institution to comply with such plan.

(c) Enhancement of capital adequacy of banks

Each bank shall have on hand at the time of issuance of any note, bond, debenture, or other similar obligation and at all times thereafter maintain, free from any lien or other pledge, notes and other obligations representing loans made under this chapter or real or personal property acquired in connection with loans made under this chapter, obligations of the United States or any agency thereof direct or fully guaranteed, other bank assets (including marketable securities) approved by the Farm Credit Administration, or cash, in an aggregate value equal to the total amount of notes, bonds, debentures, or other similar obligations outstanding for which the bank is primarily liable.

(Pub. L. 92-181, title IV, §4.3, Dec. 10, 1971, 85 Stat. 611; Pub. L. 99-205, title I, §101(3), Dec. 23, 1985, 99 Stat. 1678; Pub. L. 100-233, title III, §304, title VIII, §§804(a)(3), 805(q), Jan. 6, 1988, 101 Stat. 1621, 1715, 1716; Pub. L. 100-399, title VII, §702(b), Aug. 17, 1988, 102 Stat. 1006.)

AMENDMENTS

1988—Subsec. (b)(2). Pub. L. 100-233, §804(a)(3), struck out subpar. (A) designation and struck out subpar. (B) which read as follows: "Any directive issued under this paragraph, including plans submitted pursuant thereto, shall be enforceable under the provisions of section 2267 of this title to the same extent as an effective and out-

standing order issued under section 2261 of this title that has become final."

Subsec. (c). Pub. L. 100-233, §805(q), which directed the amendment of subsec. (c) by substituting "direct or fully guaranteed" for "direct of fully guaranteed" was repealed by Pub. L. 100-399, §702(b). See Construction of 1988 Amendment note below.

Pub. L. 100-233, §304, amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: "Each bank shall have on hand at the time of issuance of any long-term notes, bonds, debentures, or other similar obligations and at all times thereafter maintain, free from any lien or other pledge, notes and other obligations representing loans made under the authority of this chapter, obligations of the United States or any agency thereof direct or fully guaranteed, other readily marketable securities approved by the Farm Credit Administration, or cash, in an aggregate value equal to the total amount of long-term notes, bonds, debentures, or other similar obligations outstanding for which the bank is primarily liable."

1985—Pub. L. 99-205 substituted "Capital adequacy of banks and associations" for "Aggregate of obligations; collateral" in section catchline.

Subsec. (a). Pub. L. 99-205 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "No issue of long-term notes, bonds, debentures, or other similar obligations by a bank or banks shall be approved in an amount which, together with the amount of other bonds, debentures, long-term notes, or other similar obligations issued and outstanding, exceeds twenty times the capital and surplus of all the banks which will be primarily liable on the proposed issue, or such lesser amount as the Farm Credit Administration shall establish by regulation."

Subsecs. (b), (c). Pub. L. 99-205 added subsec. (b) and redesignated former subsec. (b) as (c).

EFFECTIVE DATE OF 1985 AMENDMENT

Amendment by Pub. L. 99-205 effective thirty days after Dec. 23, 1985, see section 401 of Pub. L. 99-205, set out as a note under section 2001 of this title.

CONSTRUCTION OF 1988 AMENDMENT

Section 702(b) of Pub. L. 100-399 provided that section 805(q) of Pub. L. 100-233, cited as a credit to this section, is repealed and that subsec. (c) of this section shall be applied and administered as if such section had not been enacted.

MINIMUM CAPITAL ADEQUACY STANDARDS

Section 301(a) of Pub. L. 100-233, as amended by Pub. L. 100-399, title III, §301(a), Aug. 17, 1988, 102 Stat. 993, provided that:

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—Within 120 days after the date of the enactment of this Act [Jan. 6, 1988], the Farm Credit Administration shall issue regulations under section 4.3(a) of the Farm Credit Act of 1971 (12 U.S.C. 2154(c) [12 U.S.C. 2154(a)]) that establish minimum permanent capital adequacy standards for Farm Credit System institutions.

"(B) BASIS FOR ESTABLISHMENT.—The standards established under subparagraph (A) shall apply to an institution based on the financial statements of the institution prepared in accordance with generally accepted accounting principles.

"(C) RATIO OF CAPITAL TO ASSETS.—The standards established under subparagraph (A) shall specify fixed percentages representing the ratio of permanent capital of the institution to the assets of the institution, taking into consideration relative risk factors as determined by the Farm Credit Administration.

"(D) PHASE-IN PERIOD.—The standards established under subparagraph (A) shall be phased in during the 5-year period beginning on the date of the enactment of this Act [Jan. 6, 1988].

"(2) EMERGENCY POWER NOT AVAILABLE.—The Farm Credit Administration shall not invoke the emergency

provisions of section 5.17(c)(2) of the Farm Credit Act of 1971 (12 U.S.C. 2251(c)(2) [12 U.S.C. 2252(c)(2)]) with respect to the issuance of the regulations required under paragraph (1)(A).

“(3) PROHIBITIONS DURING TRANSITION PERIOD.—During the 5-year period specified in paragraph (1)(D), the Farm Credit Administration shall not initiate any receivership, conservatorship, liquidation, or enforcement action against any System institution certified to issue preferred stock under section 6.27 of the Farm Credit Act of 1971 (as added by section 201 of this Act) [12 U.S.C. 2278b–7], solely because of the failure of such institution to meet minimum permanent capital adequacy standards unless such action is recommended or concurred in by the Farm Credit System Assistance Board established under section 6.0 of such Act (as added by section 201 of this Act) [12 U.S.C. 2278a].

“(4) PERMANENT CAPITAL.—For purposes of this subsection, the term ‘permanent capital’ has the same meaning given that term in section 4.3A(a)(1) of the Farm Credit Act of 1971 [12 U.S.C. 2154a(a)(1)].”

§ 2154a. Capitalization of System institutions

(a) Definitions

As used in this section:

(1) Permanent capital

The term “permanent capital” means—

- (A) current year retained earnings;
- (B) allocated and unallocated earnings (which, in the case of earnings allocated in any form by a System bank to any association or other recipient and retained by the bank, shall be considered, in whole or in part, permanent capital of the bank or of any such association or other recipient as provided under an agreement between the bank and each such association or other recipient);
- (C) all surplus (less allowances for losses);
- (D) stock issued by a System institution, except—
 - (i) stock that may be retired by the holder of the stock on repayment of the holder’s loan, or otherwise at the option or request of the holder; or
 - (ii) stock that is protected under section 2162 of this title or is otherwise not at risk; and
- (E) any other debt or equity instruments or other accounts that the Farm Credit Administration determines appropriate to be considered permanent capital.

(2) Stock

The term “stock” means voting and nonvoting stock (including preferred stock), equivalent contributions to a guaranty fund, participation certificates, allocated equities, and other forms and types of equities.

(b) Adoption of bylaws

Subject to approval by shareholders under subsection (c)(2) of this section, each bank and association shall adopt bylaws, developed by its board of directors, that provide for the capitalization of the institution in accordance with subsection (c)(1) of this section.

(c) Requirements of bylaws

(1) In general

Notwithstanding any other provision of this chapter, the bylaws adopted under subsection (b) of this section—

(A) shall provide for such classes, par value, and amounts of the stock of the institution, the manner in which such stock shall be issued, transferred, and retired, and the payment of dividends and patronage refunds, as determined appropriate by the Board of Directors, subject to this section;

(B) may provide for the charging of loan origination fees as determined appropriate by the Board of Directors;

(C) shall enable the institution to meet the capital adequacy standards established under the regulations issued under section 2154(a) of this title;

(D) shall provide for the issuance of voting stock, which may only be held by—

(i) borrowers who are farmers, ranchers, or producers or harvesters of aquatic products, and cooperative associations eligible to borrow from System institutions under this chapter;

(ii) in the case of a Central Bank for Cooperatives, other banks for cooperatives; and

(iii) in the case of banks other than banks for cooperatives, System associations;

(E) shall require that—

(i) as a condition of borrowing from or through the institution, any borrower who is entitled to hold voting stock or participation certificates shall, at the time a loan is made, acquire voting stock or participation certificates in an amount not less than \$1,000 or 2 percent of the amount of the loan, whichever is less; and

(ii) within 2 years after the loan of a borrower is repaid in full, any voting stock held by the borrower be converted to nonvoting stock;

(F) may provide that persons who are not borrowers from the institution may hold nonvoting stock of the institution;

(G) shall require that any holder of voting stock issued before the adoption of bylaws under this section exchange a portion of such stock for new voting stock;

(H) do not need to provide for maximum or minimum standards of borrower stock ownership based on a percentage of the loan of the borrower, except as otherwise provided in this section;

(I) shall permit the retirement of stock at the discretion of the institution if the institution meets the capital adequacy standards established under section 2154(a) of this title; and

(J) shall permit stock to be transferable.

(2) Effective date

The bylaws adopted by the board of directors of a System institution under subsection (b) of this section shall take effect only on approval of a majority of the stockholders of such institution present and voting, or voting by written proxy, at a duly authorized stockholders’ meeting.

(d) Reduction of capital

(1) General rule

Except as provided in paragraph (2), the board of directors of a System institution may

not reduce the permanent capital of the institution through the payment of patronage refunds or dividends, or the retirement of stock if, after or due to such action, the permanent capital of the institution would thereafter fail to meet the minimum capital adequacy standards established under section 2154(a) of this title.

(2) Exceptions

Paragraph (1) shall not apply to the payment of noncash patronage refunds by any institution exempt from Federal income tax if the entire refund paid qualifies as permanent capital. Notwithstanding paragraph (1), any System institution subject to Federal income tax may pay patronage refunds partially in cash as long as the cash portion of the refund is the minimum amount required to qualify the refund as a deductible patronage distribution for Federal income tax purposes and the remaining portion of the refund paid qualifies as permanent capital.

(e) Compliance

The Farm Credit Administration may issue a directive that requires compliance with subsection (d) of this section, to the board of directors of any System institution that fails to comply therewith.

(f) Loans designated for sale or sold into secondary market

(1) In general

Subject to paragraph (2) and notwithstanding any other provision of this section, the bylaws adopted by a bank or association under subsection (b) of this section may provide—

(A) in the case of a loan made on or after February 10, 1996, that is designated, at the time the loan is made, for sale into a secondary market, that no voting stock or participation certificate purchase requirement shall apply to the borrower for the loan; and

(B) in the case of a loan made before February 10, 1996, that is sold into a secondary market, that all outstanding voting stock or participation certificates held by the borrower with respect to the loan shall, subject to subsection (d)(1) of this section, be retired.

(2) Applicability

Notwithstanding any other provision of this section, in the case of a loan sold to a secondary market under subchapter VIII of this chapter, paragraph (1) shall apply regardless of whether the bank or association retains a subordinated participation interest in a loan or pool of loans or contributes to a cash reserve.

(3) Exception

(A) In general

Subject to subparagraph (B) and notwithstanding any other provision of this section, if a loan designated for sale under paragraph (1)(A) is not sold into a secondary market during the 180-day period that begins on the date of the designation, the voting stock or participation certificate purchase requirement that would otherwise apply to the loan in the absence of a bylaw provision described in paragraph (1)(A) shall be effective.

(B) Retirement

The bylaws adopted by a bank or association under subsection (b) of this section may provide that if a loan described in subparagraph (A) is sold into a secondary market after the end of the 180-day period described in the subparagraph, all outstanding voting stock or participation certificates held by the borrower with respect to the loan shall, subject to subsection (d)(1) of this section, be retired.

(g) Construction

This section shall not be construed to affect the provisions of this chapter that confer on System institutions a lien on borrower stock or other equities and the privilege to retire or cancel such stock or other equities for application against the indebtedness on a defaulted or restructured loan.

(h) Controlling authority

To the extent that any provision of this section is inconsistent with any other provision of this chapter (other than section 2162 of this title), the provision of this section shall control.

§ 2155. Liability of banks; United States not liable

(a) Joint and several liability of banks

(1) Each bank of the System shall be fully liable on notes, bonds, debentures, or other obliga-

tions issued by it individually, and shall be liable for the interest payments on long-term notes, bonds, debentures, or other obligations issued by other banks operating under the same subchapter of this chapter.

(2)(A) Each bank shall also be primarily liable for the portion of any issue of consolidated or System-wide obligations made on its behalf and be jointly and severally liable for the payment of any additional sums as called upon by the Farm Credit Administration in order to make payments of interest or principal which any bank primarily liable therefor shall be unable to make.

(B) Such calls first shall be made on all non-defaulting banks in proportion to each such bank's proportionate share of the aggregate available collateral held by all such banks.

(C) For purposes of this paragraph, the term "available collateral" means the amount (determined at the close of the last calendar quarter ending before such call) by which a bank's collateral as described in section 2154 of this title exceeds the collateral required to support the bank's outstanding notes, bonds, debentures, and other similar obligations.

(D) If the Farm Credit Administration makes any such call and the available collateral of all such banks does not fully satisfy the liability necessitating such calls, such calls shall be made on all nondefaulting banks in proportion to each such bank's remaining assets.

(E) Any System bank that, pursuant to a call by the Farm Credit Administration, makes a payment of principal or interest to the holder of any consolidated or System-wide obligation issued on behalf of another System bank shall be subrogated to all rights of the holder against such other bank to the extent of such payment.

(F) On making such a call with respect to obligations issued on behalf of a System bank, the Farm Credit Administration shall appoint a receiver for the bank, which shall expeditiously liquidate or otherwise wind up the affairs of the bank.

(b) Resolutions as to liability; execution of obligations

Each bank participating in an issue shall by appropriate resolution undertake such responsibility as provided in subsection (a) of this section, and in the case of consolidated or System-wide obligations shall authorize the execution of such long-term notes, bonds, debentures, or other obligations on its behalf. When a consolidated or System-wide issue is approved, the notes, bonds, debentures, or other obligations shall be executed and the banks shall be liable thereon as provided herein.

(c) United States liability

The United States shall not be liable or assume any liability directly or indirectly thereon.

(d) Insurance Fund called on before invoking joint and several liability

Beginning 5 years after January 6, 1988, the Farm Credit Administration shall not call on any System institution to satisfy the liability of the institution on any joint, consolidated, or System-wide obligation participated in by the

institution or with respect to which the institution is primarily, or jointly and severally, liable, before the Farm Credit Insurance Fund is exhausted, even if the Fund is only able to make a partial payment because of insufficient amounts in the Fund.

Such calls shall be made first upon the other banks operating under the same subchapter of this chapter as the defaulting bank, and second upon banks operating under other subchapters of this chapter, taking into consideration the capital, surplus, bonds, debentures, or other obligations which each may have outstanding at the time of such assessment."

(2) Applications not required for restructuring plans

This section shall not prevent a qualified lender from proposing a restructuring plan for an individual borrower in the absence of an application for restructuring from the borrower.

§ 2252. Powers and duties

(a) Enumerated powers

The Farm Credit Administration shall have the following powers, functions, and responsibilities

in connection with the institutions of the Farm Credit System and the administration of this chapter:

(1) Modify the boundaries of farm credit districts, with due regard for the farm credit needs of the country, as approved by the Board, with the concurrence of the district banks involved.

(2)(A) Where necessary or appropriate to carry out the policy and objectives of this chapter, issue and approve amendments to Federal charters of institutions of the System; approve change in names of banks operating under this chapter; approve the merger of districts when agreed to by the district bank boards involved and by a majority vote of the voting stockholders and contributors to the guaranty funds of each bank for each of such districts, voting in the same manner as is provided in section 2279a of this title; approve mergers and any related activities as provided for in subchapter VII of this chapter; and approve the consolidation or division of the territories of institutions when agreed to by a majority vote of the voting stockholders or contributors to the guaranty fund of each of the institutions involved; and approve consolidations of boards of directors when agreed to by a majority vote of the voting stockholders or contributors to the guaranty fund of each of the institutions involved. In issuing charters and certificates of territory for district-wide mergers of associations where stockholders of one or more associations did not approve the merger, the charter of the new or merged association shall not include the territory of the disagreeing association or associations; charters issued during calendar year 1985 for district-wide new or merged associations which included the territory of a disagreeing association shall be revoked and reissued to exclude such territory, unless subsequently agreed to by the board of directors of such association or associations. The Farm Credit Administration Board shall ensure that disapproving associations (A) shall not be charged any assessment under this chapter at a rate higher than that charged other like associations in the district, and (B) shall be provided with financial services and assistance on the same basis as other like associations in the district (including, but not limited to, access to credit and rates of interest on loans and discounts) by a district Farm Credit bank to the association and its member-borrowers. The Farm Credit Administration Board, after consultation with the respective boards of directors of the affected banks, may require two or more banks operating under the same or different titles to merge if the Board determines that one of such banks has failed to meet its outstanding obligations.

(B) The Farm Credit Administration shall not issue a charter to, or approve an amendment to the charter of, any institution of the Farm Credit System to operate under subchapter I or II of this chapter that would authorize the institution to exercise lending authority, whether directly or indirectly as an agent of a Farm Credit Bank, in a territory in which the charter of another such institution authorizes the other institution to exercise

like authority, whether directly or indirectly as an agent of a Farm Credit Bank, except with the approval of—

(i) in a case affecting only the charter of one or more associations—

(I) a majority of the shareholders (present and voting or voting by proxy) of each of the associations that would have like lending authority (whether directly or indirectly as an agent of a Farm Credit Bank) in any of that territory if the charter action were taken; and

(II) a majority of the board of directors of the Farm Credit Bank with which the affected associations are affiliated; or

(ii) in a case affecting the charter of one or more banks—

(I) a majority of the shareholders (present and voting or voting by proxy) of the affiliated associations of each of the banks that would have like lending authority in any of that territory if the charter action were taken;

(II) a majority of the shareholders (present and voting or voting by proxy) of each of the banks that would have like lending authority in any of that territory if the charter action were taken; and

(III) a majority vote of the boards of directors of each of the banks that would have like lending authority in any of that territory if the charter action were taken.

(C) Subparagraph (B) shall apply only in those geographic areas where, due to the failure of a Federal intermediate credit bank to merge in accordance with section 410(a) of the Agricultural Credit Act of 1987 (12 U.S.C. 2011 note), the Federal intermediate credit bank or its successor is chartered to provide short- and intermediate-term credit, and a neighboring Farm Credit Bank that is not the successor to the Federal intermediate credit bank is chartered to provide long-term credit, in the same geographic territory.

(3) Make annual reports directly to Congress on the condition of the System and its institutions, based on the examinations carried out under section 2254 of this title, and on the manner and extent to which the purposes and objectives of this chapter are being carried out and, from time to time, recommend directly legislative changes. The annual reports shall include a summary and analysis of the reports submitted to the Farm Credit Administration by the Farm Credit Banks under section 2207(b) of this title relating to programs for serving young, beginning, and small farmers and ranchers.

(4) Approve the issuance of obligations of the System under subsections (c) and (d) of section 2153 of this title for the purpose of funding the authorized operations of the institutions of the System, and prescribe collateral therefor.

(5) Grant approvals provided for under this chapter either on a case-by-case basis or through regulations that confer approval on actions of Farm Credit System institutions.

(6) Establish standards for the System institutions with respect to loan security requirements and regulate the borrowing, repayment,

and transfer of funds and equities between institutions of the System.

(7) Conduct loan and collateral security review.

(8) Regulate the preparation by System institutions and the dissemination to stockholders and investors of information on the financial condition and operations of such institutions, except that the requirements of the Farm Credit Administration governing the dissemination to stockholders of quarterly reports of System institutions may not be more burdensome or costly than the requirements applicable to national banks, and the Farm Credit Administration may not require any System institution to disclose in any report to stockholders information concerning the condition or classification of a loan—

(A) to a director of the institution—

(i) who has resigned before the time for filing the applicable report with the Farm Credit Administration; or

(ii) whose term of office will expire no later than the date of the meeting of stockholders to which the report relates; or

(B) to a member of the immediate family of a director of the institution unless—

(i) the family member resides in the same household as the director; or

RESTRAINT BY FEDERAL BANK REGULATORY AGENCIES IN OVERSEEING AGRICULTURAL BORROWERS

Pub. L. 99-198, title XIII, §1326, Dec. 23, 1985, 99 Stat. 1540, provided that:

“(a) Congress finds and declares that—

“(1) high production costs and low commodity prices have combined to reduce farm income to the lowest levels since the depths of the Depression in the 1930's, to subject many agricultural producers, through no fault of their own, to severe economic hardship, and in many cases temporarily but seriously to impair producers' ability to meet loan repayment schedules in a timely fashion; and

“(2) a policy of adverse classification of agricultural loans by bank examiners under these circumstances will trigger a wave of foreclosures and similar actions on the part of banks, thereby depressing land values and prices for agricultural facilities and equipment and having a devastating effect on farmers and the banking industry, and upon rural areas of the United States in general.

“(b) It is therefore the sense of Congress that the Federal bank regulatory agencies should ensure, in their examination procedures, that examiners exercise caution and restraint and give due consideration not only to the current cash flow of agricultural borrowers under financial stress, but to factors such as their loan collateral and ultimate ability to repay as well, for so long as the adverse economic effects of the cost-price squeeze of recent years continue to impair the ability of these borrowers to meet scheduled repayments on their loans.”

§ 2255. Conditions of other banks and lending institutions

The Comptroller of the Currency is authorized and directed, upon request of the Farm Credit Administration to furnish for confidential use of an institution of the System such reports, records, and other information as he may have available relating to the financial condition of national banks through, for, or with which such institution of the System has made or contemplates making discounts or loans and to make such further examination, as may be agreed, of organizations through, for, or with which such institution of the Farm Credit System has made or contemplates making discounts or loans.

PART C—ENFORCEMENT POWERS OF FARM
CREDIT ADMINISTRATION

§ 2261. Cease and desist proceedings

(a) If, in the opinion of the Farm Credit Administration, any institution in the Farm Credit System, or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such an institution is engaging or has engaged, or the Farm Credit Administration has reasonable cause to believe that the institution or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution is about to engage, in an unsafe or unsound practice in conducting the business of such institution, or is violating or has violated, or the Farm Credit Administration has reasonable cause to believe that the institution or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution is about to violate, a law, rule, or regulation, or any condition imposed in writing by the Farm Credit Administration in connection with the granting of any application or other request by the institution or any written agreement entered into with the Farm Credit Administration, the Farm Credit Administration may issue and serve upon the institution or such director, officer, employee, agent, or other person a notice of charges in respect thereof. The notice shall contain a statement of the facts constituting the alleged violation or violations or the unsafe or unsound practice or practices, and shall fix a time and place at which a hearing will be held to determine whether an order to cease and desist therefrom should issue against the institution or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after service of such notice unless an earlier or a later date is set by the Farm Credit Administration at the request of any party so served. Unless the party or parties so served shall appear at the hearing personally or by a duly authorized representative, they shall be deemed to have consented to the issuance of the cease and desist order. In the event of such consent, or if upon the record made at any such hearing, the Farm Credit Administration shall find that any violation or unsafe or unsound practice specified in the notice of charges has been established, the Farm Credit Administration may issue and serve upon the institution or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution an order to cease and desist from any such violation or practice. Such order may, by provisions that may be mandatory or otherwise, require the institution or its directors, officers, employees, agents, and other persons participating in the conduct of the affairs of such institution to cease and desist from the same, and, further, to

take affirmative action to correct the conditions resulting from any such violation or practice.

(b) A cease and desist order shall become effective at the expiration of thirty days after the service of such order upon the institution or other person concerned (except in the case of a cease and desist order issued upon consent, which shall become effective at the time specified therein), and shall remain effective and enforceable as provided therein except to such extent as it is stayed, modified, terminated, or set aside by action of the Farm Credit Administration or a reviewing court.

Such order shall become effective upon service upon the institution or such director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution and, unless set aside, limited, or suspended by a court in proceedings authorized by subsection (b) of this section, shall remain effective and enforceable pending the completion of the administrative proceedings pursuant to such notice and until such time as the Farm Credit Administration shall dismiss the charges specified in such notice, or if a cease and desist order is issued against the institution or such director, officer, employee, agent, or other person, until effective date of such order.

(b) Within ten days after the institution concerned or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution has been served with a temporary cease and desist order, the in-

stitution or such director, officer, employee, agent, or other person may apply to the United States district court for the judicial district in which the home office of the institution is located, or the United States district court for the District of Columbia, for an injunction setting aside, limiting, or suspending the enforcement, operation, or effectiveness of such order pending the completion of the administrative proceedings pursuant to the notice of charges served upon the institution or such director, officer, employee, agent, or other person under section 2261 of this title, and such court shall have jurisdiction to issue such injunction.

§ 2264. Suspension or removal of director or officer

(a) Written notice of intention to remove; violation of law, rule, regulation, or final cease and desist order; unsafe or unsound practice; breach of fiduciary duty

Whenever, in the opinion of the Farm Credit Administration, any director or officer of any institution in the Farm Credit System has committed any violation of law, rule, or regulation or of a cease and desist order that has become final, or has engaged or participated in any unsafe or unsound practice in connection with the institution, or has committed or engaged in any

act, omission, or practice which constitutes a breach of a fiduciary duty as such director or officer, and the Farm Credit Administration determines that the institution has suffered or will probably suffer substantial financial loss or other damage or that the interests of its shareholders or investors in Farm Credit System obligations could be seriously prejudiced by reason of such violation or practice or breach of fiduciary duty, or that the director or officer has received financial gain by reason of such violation or practice or breach of fiduciary duty, and that such violation or practice or breach of fiduciary duty is one involving personal dishonesty on the part of such director or officer, or one that demonstrates a willful or continuing disregard for the safety or soundness of the System institution, the Farm Credit Administration may serve upon such director or officer a written notice of its intention to remove him from office.

(b) Written notice of intention to remove or suspend director, officer or other person; personal dishonesty; willful or continuing disregard; unfitness to continue in office or to participate in affairs of institution

Whenever, in the opinion of the Farm Credit Administration, any director or officer of an institution in the Farm Credit System, by conduct or practice with respect to another institution in the Farm Credit System or other business institution that resulted in substantial financial loss or other damage, has evidenced either his personal dishonesty or a willful or continuing disregard for its safety and soundness and, in addition, has evidenced his unfitness to continue as a director or officer, and whenever, in the opinion of the Farm Credit Administration, any other person participating in the conduct of the affairs of an institution in the Farm Credit System, by the conduct or practice with respect to such institution or other institution in the Farm Credit System or other business institution that resulted in substantial financial loss or other damage, has evidenced either personal dishonesty or a willful or continuing disregard for its safety and soundness and, in addition, has evidenced his unfitness to participate in the conduct of the affairs of such institution, the Farm Credit Administration may serve upon such director, officer, or other person a written notice of its intention to remove that director, officer, or other person from office or to prohibit his further participation in any manner in the conduct of the affairs of the institution.

(c) Suspension from office; prohibition from further participation in conduct of affairs of institution; service of notice

In respect to any director or officer of an institution in the Farm Credit System or any other person referred to in subsection (a) or (b) of this section, the Farm Credit Administration may, if it deems it necessary for the protection of the institution or the interests of its shareholders and the investors in the Farm Credit System obligations, by written notice to such effect served upon such director, officer, or other person, suspend such director, officer, or other person from office or prohibit such director, officer, or other person from further participation in any manner in the conduct of the af-

fairs of the institution. Such suspension or prohibition shall become effective upon service of such notice and, unless stayed by a court in proceedings authorized by subsection (e) of this section, shall remain in effect pending the completion of the administrative proceedings pursuant to the notice served under subsection (a) or (b) of this section and until such time as the Farm Credit Administration shall dismiss the charges specified in such notice, or, if an order of removal or prohibition is issued against the director or officer or other person, until the effective date of any such order. Copies of any such notice shall also be served upon the institution of which the person is a director or officer or in the conduct of whose affairs the person has participated.

(d) Statement of grounds for removal or prohibition; notice and hearing; order of suspension, removal or prohibition; service of order

A notice of intention to remove a director, officer, or other person from office or to prohibit such director's, officer's, or other person's participation in the conduct of the affairs of an institution in the Farm Credit System, shall contain a statement of the facts constituting grounds therefor, and shall fix a time and place at which a hearing will be held thereon. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after the date of service of such notice, unless an earlier or a later date is set by the Farm Credit Administration at the request of (1) such director or officer or other person, and for good cause shown, or (2) the Attorney General of the United States. Unless such director, officer, or other person shall appear at the hearing in person or by a duly authorized representative, such director, officer, or other person shall be deemed to have consented to the issuance of an order of such removal or prohibition. In the event of such consent, or if upon the record made at any such hearing the Farm Credit Administration shall find that any of the grounds specified in such notice have been established, the Farm Credit Administration may issue such orders of suspension or removal from office, or prohibition from participation in the conduct of the affairs of the institution, as it may deem appropriate. A copy of an order issued under this subsection shall be served upon the institution concerned. Any such order shall become effective at the expiration of thirty days after service upon such institution and the director, officer, or other person concerned (except in the case of an order issued upon consent, which shall become effective at the time specified therein). Such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the agency or a reviewing court.

(e) Stay of suspension or prohibition

Within ten days after any director, officer, or other person has been suspended from office or prohibited from participation in the conduct of the affairs of a System institution under subsection (c) of this section, such director, officer, or other person may apply to the United States district court for the judicial district in which the home office of the institution is located, or

the United States district court for the District of Columbia, for a stay of either such suspension or prohibition, or both, pending the completion of the administrative proceedings pursuant to the notice served upon such director, officer, or other person under subsection (a) or (b) of this section, and such court shall have jurisdiction to stay either such suspension or prohibition, or both.

§ 2265. Suspension or removal of director or officer charged with felony

(a) Whenever any director or officer of an institution in the Farm Credit System, or other person participating in the conduct of the affairs of such institution, is charged in any information, indictment, or complaint authorized by a United States attorney, with the commission of or participation in a crime involving dishonesty or breach of trust that is punishable by imprisonment for a term exceeding one year under State or Federal law, the Farm Credit Administration may, if continued service or participation by the individual may pose a threat to the interests of the institution's shareholders or investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System, by written notice served upon such director, officer, or other person, suspend such director, officer, or other person from office or prohibit such director, officer, or other person from further participation in any manner in the conduct of the affairs of the institution. A copy of such notice shall also be served upon the institution. Such suspension or prohibition shall remain in effect until such information, indictment, or complaint is finally disposed of or until terminated by the Farm Credit Administration. In the event that a judgment of conviction with respect to such crime is entered against such director, offi-

cer, or other person, and at such time as such judgment is not subject to further appellate review, the Farm Credit Administration may, if continued service or participation by the individual may pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or may threaten to impair public confidence in the institution or the Farm Credit System, issue and serve upon such director, officer, or other person an order removing such director, officer, or other person from office or prohibiting such director, officer, or other person from further participation in any manner in the conduct of the affairs of the institution except with the consent of the Farm Credit Administration. A copy of such order shall also be served upon such institution, whereupon such director or officer shall cease to be a director or officer of such institution. A finding of not guilty or other disposition of the charge shall not preclude the Farm Credit Administration from thereafter instituting proceedings to remove such director, officer, or other person from office or to prohibit further participation in Farm Credit System affairs under section 2264 of this title. Any notice of suspension or order of removal issued under this paragraph shall remain effective and outstanding until the completion of any hearing or appeal authorized under subsection (b) of this section unless terminated by the Farm Credit Administration.

(b) Within thirty days from service of any notice of suspension or order of removal issued under subsection (a) of this section, the director, officer, or other person concerned may request in writing an opportunity to appear before the Farm Credit Administration to show that the continued service to or participation in the conduct of the affairs of the institution by such individual does not, or is not likely to, pose a threat to the interest of the institution's shareholders or the investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System. Such hearing shall be private, unless the Farm Credit Administration, in its discretion, after fully considering the views of the party afforded the hearing, determines that a public hearing is necessary to protect the public interest. After such hearing, and within ninety days after the Farm Credit Administration has notified the parties that the case has been submitted to it for final decision, it shall render its decision (which shall include findings of fact upon which its decision is predicated) and shall issue and serve upon each party to the proceeding an order or orders consistent with the provisions of this part. Upon the filing of such petition, such court shall have jurisdiction, which upon the filing of the record shall except as provided in the last sentence of subsection (a) of this section be exclusive, to affirm, modify, terminate, or set aside, in whole or in part, the order of the Farm Credit Administration. Review of such proceedings shall be had as provided in chapter 7 of title 5. § 2277a-4. Premiums

(a) Amount in Fund not exceeding secure base amount

(1) In general

If at the end of any calendar year the aggregate of amounts in the Farm Credit Insurance

Fund does not exceed the secure base amount, subject to paragraph (2), the annual premium due from any insured System bank for the calendar year shall be equal to the sum of—

(A) the annual average principal outstanding for such year on loans made by the bank that are in accrual status, excluding the guaranteed portions of loans provided for in subparagraphs (C) and (D), multiplied by 0.0015;

(B) the annual average principal outstanding for such year on loans made by the bank that are in nonaccrual status, multiplied by 0.0025;

(C)(i) the annual average principal outstanding for such year on the guaranteed portions of Federal Government-guaranteed loans made by the bank that are in accrual status, multiplied by 0.00015; and

(ii) the annual average principal outstanding for such year on the guaranteed portions of State government-guaranteed loans made by the bank that are in accrual status, multiplied by 0.0003; and

(D) the annual average principal outstanding for such year on the guaranteed portions of Government Sponsored Enterprise-guaranteed loans made by the bank that are in accrual status, multiplied by a factor, not to exceed 0.0015, determined by the Corporation at the sole discretion of the Corporation.

(2) Reduced premiums

The Corporation, in the sole discretion of the Corporation, may reduce by a percentage uniformly applied to all insured System banks the annual premium due from each insured System bank during any calendar year, as determined under paragraph (1).

(3) “Government-guaranteed loans” defined

As used in this section and section 2020(b) of this title, the term “government-guaranteed loans” means loans or credits, or portions of loans or credits, that are guaranteed—

(A) by the full faith and credit of the United States Government or any State government;

(B) by an agency or other entity of the United States Government whose obligations are explicitly guaranteed by the United States Government; or

(C) by an agency or other entity of a State government whose obligations are explicitly guaranteed by such State government.

(4) Definition of Government Sponsored Enterprise-guaranteed loan

In this section and sections 2020(b) and 2277a-5(a) of this title, the term “Government Sponsored Enterprise-guaranteed loan” means a loan or credit, or portion of a loan or credit, that is guaranteed by an entity that is chartered by Congress to serve a public purpose and the debt obligations of which are not explicitly guaranteed by the United States, including the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Home Loan Bank System, and the Federal Agricultural Mortgage Corporation, but not including any other institution of the Farm Credit System.

(b) Amount in Fund exceeding secure base amount

At any time the aggregate of amounts in the Farm Credit Insurance Fund exceeds the secure base amount, the Corporation shall reduce the annual premium due from each insured System bank, as determined under subsection (a)(1) of this section, by a percentage determined by the Corporation so that the aggregate of the premiums payable by all System banks is sufficient to ensure that the aggregate of amounts in the Farm Credit Insurance Fund after such premiums are paid is not less than the secure base amount at such time.

(c) Secure base amount

For purposes of this part, the term “secure base amount” means, with respect to any point in time, 2 percent of the aggregate outstanding insured obligations of all insured System banks at such time (adjusted downward to exclude an amount equal to the sum of (1) 90 percent of the guaranteed portions of principal outstanding on Federal Government-guaranteed loans in accrual status made by such banks and (2) 80 percent of the guaranteed portions of principal outstanding on State government-guaranteed loans in accrual status made by such banks, as determined by the Corporation), or such other percentage of the aggregate amount as the Corporation in its sole discretion determines is actuarially sound to maintain in the Insurance Fund taking into account the risk of insuring outstanding insured obligations.

(d) Determination of principal outstanding

For the purpose of subsections (a), (c), and (e) of this section, the principal outstanding on all loans made by an insured System bank shall be determined based on all loans made—

(1) by any production credit association, or any other association making direct loans under authority provided under section 2279b of this title, that is able to make such loans because such association is receiving, or has received, funds provided through the insured System bank;

(2) by any bank, company, institution, corporation, union, or association described in section 2015(b)(1)(B) of this title, that is able to make such loans because such entity is receiving, or has received, funds provided through the insured System bank; and

(3) by such insured System bank (other than loans made to any party described in paragraph (1) or (2)).

(e) Allocation to System institutions of excess reserves**(1) Establishment of Allocated Insurance Reserves Accounts**

There is hereby established in the Farm Credit Insurance Fund an Allocated Insurance Reserves Account—

(A) for each insured System bank; and

(B) subject to paragraph (6)(C), for all holders, in the aggregate, of Financial Assistance Corporation stock.

(2) Treatment

Amounts in any Allocated Insurance Reserves Account shall be considered to be part of the Farm Credit Insurance Fund.

(3) Annual allocations

If, at the end of any calendar year, the aggregate of the amounts in the Farm Credit Insurance Fund exceeds the average secure base amount for the calendar year (as calculated on an average daily balance basis), the Corporation shall allocate to the Allocated Insurance Reserves Accounts the excess amount less the amount that the Corporation, in its sole discretion, determines to be the sum of the estimated operating expenses and estimated insurance obligations of the Corporation for the immediately succeeding calendar year.

(4) Allocation formula

From the total amount required to be allocated at the end of a calendar year under paragraph (3)—

(A) 10 percent of the total amount shall be credited to the Allocated Insurance Reserves Account established under paragraph (1)(B), subject to paragraph (6)(C); and

(B) there shall be credited to the Allocated Insurance Reserves Account of each insured System bank an amount that bears the same ratio to the total amount (less any amount credited under subparagraph (A)) as the average principal outstanding for the 3-year period ending on the end of the calendar year on loans made by the bank that are in accrual status bears to the average principal outstanding for the 3-year period ending on the end of the calendar year on loans made by all insured System banks that are in accrual status (excluding, in each case, the guaranteed portions of loans described in subparagraph (C) or (D) of subsection (a)(1) of this section).

(5) Use of funds in Allocated Insurance Reserves Accounts

To the extent that the sum of the operating expenses of the Corporation and the insurance obligations of the Corporation for a calendar year exceeds the sum of operating expenses and insurance obligations determined under paragraph (3) for the calendar year, the Corporation shall cover the expenses and obligations by—

(A) reducing each Allocated Insurance Reserves Account by the same proportion; and

(B) expending the amounts obtained under subparagraph (A) before expending other amounts in the Fund.

(6) Other disposition of Account funds**(A) In general**

As soon as practicable during each calendar year beginning more than 8 years after the date on which the aggregate of the amounts in the Farm Credit Insurance Fund exceeds the secure base amount, but not earlier than January 1, 2005, the Corporation may—

(i) subject to subparagraphs (D) and (F), pay to each insured System bank, in a manner determined by the Corporation, an amount equal to the lesser of—

(I) 20 percent of the balance in the insured System bank’s Allocated Insurance Reserves Account as of the preceding December 31; or

(II) 20 percent of the balance in the bank's Allocated Insurance Reserves Account on the date of the payment; and

(ii) subject to subparagraphs (C), (E), and (F), pay to each System bank and association holding Financial Assistance Corporation stock a proportionate share, determined by dividing the number of shares of Financial Assistance Corporation stock held by the institution by the total number of shares of Financial Assistance Corporation stock outstanding, of the lesser of—

(I) 20 percent of the balance in the Allocated Insurance Reserves Account established under paragraph (1)(B) as of the preceding December 31; or

(II) 20 percent of the balance in the Allocated Insurance Reserves Account established under paragraph (1)(B) on the date of the payment.

(B) Authority to eliminate or reduce payments

The Corporation may eliminate or reduce payments during a calendar year under subparagraph (A) if the Corporation determines, in its sole discretion, that the payments, or other circumstances that might require use of the Farm Credit Insurance Fund, could cause the amount in the Farm Credit Insurance Fund during the calendar year to be less than the secure base amount.

(C) Reimbursement for Financial Assistance Corporation stock

(i) Sufficient funding

Notwithstanding paragraph (4)(A), on provision by the Corporation for the accumulation in the Account established under paragraph (1)(B) of funds in an amount equal to \$56,000,000 (in addition to the amounts described in subparagraph (F)(ii)), the Corporation shall not allocate any further funds to the Account except to replenish the Account if funds are diminished below \$56,000,000 by the Corporation under paragraph (5).

(ii) Wind down and termination

(I) Final disbursements

On disbursement of \$53,000,000 (in addition to the amounts described in subparagraph (F)(ii)) from the Allocated Insurance Reserves Account, the Corporation shall disburse the remaining amounts in the Account, as determined under subparagraph (A)(ii), without regard to the percentage limitations in subclauses (I) and (II) of subparagraph (A)(ii).

(II) Termination of Account

On disbursement of \$56,000,000 (in addition to the amounts described in subparagraph (F)(ii)) from the Allocated Insurance Reserves Account, the Corporation shall close the Account established under paragraph (1)(B) and transfer any remaining funds in the Account to the remaining Allocated Insurance Reserves

Accounts in accordance with paragraph (4)(B) for the calendar year in which the transfer occurs.

(D) Distribution of payments received

Not later than 60 days after receipt of a payment made under subparagraph (A)(i), each insured System bank, in consultation with affiliated associations of the insured System bank, and taking into account the direct or indirect payment of insurance premiums by the associations, shall develop and implement an equitable plan to distribute payments received under subparagraph (A)(i) among the bank and associations of the bank.

(E) Exception for previously reimbursed associations

For purposes of subparagraph (A)(ii), in any Farm Credit district in which the funding bank has reimbursed 1 or more affiliated associations of the bank for the previously unreimbursed portion of the Financial Assistance Corporation stock held by the associations, the funding bank shall be deemed to be the holder of the shares of Financial Assistance Corporation stock for which the funding bank has provided the reimbursement.

(F) Initial payment

Notwithstanding subparagraph (A), the initial payment made to each payee under subparagraph (A) shall be in such amount determined by the Corporation to be equal to the sum of—

(i) the total of the amounts that would have been paid if payments under subparagraph (A) had been authorized to begin, under the same terms and conditions, in the first calendar year beginning more than 5 years after the date on which the aggregate of the amounts in the Farm Credit Insurance Fund exceeds the secure base amount, and to continue through the 2 immediately subsequent years;

(ii) interest earned on any amounts that would have been paid as described in clause (i) from the date on which the payments would have been paid as described in clause (i); and

(iii) the payment to be made in the initial year described in subparagraph (A), based on the amount in each Account after subtracting the amounts to be paid under clauses (i) and (ii).

The Corporation, in its sole discretion and on such terms and conditions as the Board of Directors may prescribe, may make loans to, purchase the assets or securities of, assume the liabilities of, or make contributions to, any insured System bank if such action is taken—

Assistance may not be provided to an insured System bank under this subsection unless the means of providing the assistance is the least costly means of providing the assistance by the Farm Credit Insurance Fund of all possible alternatives available to the Corporation, including liquidation of the bank (including paying the insured obligations issued on behalf of the bank). Any determination that the Corporation makes under this paragraph shall be in the sole discretion of the Corporation.

(4) Subordination

Any assistance provided under this subsection may be in subordination to the rights of owners of obligations and other creditors.

(i) In general

After the end of the 15-year period beginning on the date of the issuance of any ob-

(ii) Banks leaving system

Any bank leaving the Farm Credit System pursuant to section 2279d of this title shall be required, under regulations of the Farm Credit Administration, to pay to the Financial Assistance Corporation the estimated present value of the payment required under this subparagraph had the bank remained in the System.

(iii) Banks undergoing liquidation

With respect to any bank undergoing liquidation under this chapter, a liability to the Financial Assistance Corporation in the amount of the payment required under this subparagraph (calculated as if the bank had left the System on the date it was placed in liquidation) shall be recognized as a claim in favor of the Financial Assistance Corporation against the estate of the bank.

(iv) Obligations of other banks

The obligations of other banks shall not be reduced in anticipation of any recoveries under this subparagraph from banks leaving the System or in liquidation, but the Financial Assistance Corporation shall apply the recoveries, when received, and all earnings on the recoveries, to reduce the other banks' payment obligations, or, to the extent the recoveries are received after the other banks have met their entire payment obligation, shall refund the recoveries, when received, to the other banks in proportion to the other banks' payments.

(D) Annual payments

The Financial Assistance Corporation shall partially discharge the bank from its obligation under subparagraph (C) to the extent of each such payment and the earnings on the payment as earned.

(ii) Capital requirements

The agreement shall not require payments to be made to the extent that making a particular payment or part of a payment would cause the bank to fail to satisfy applicable regulatory permanent capital requirements, but shall provide for recalculation of subsequent payments accordingly.

(iii) Investment; availability

The funds received by the Financial Assistance Corporation pursuant to the agreements shall be invested in eligible investments as defined in section 2278b-5(a)(1) of this title. The funds and the earnings on the funds shall be available only for the payment of the principal of the bonds issued by the Financial Assistance Corporation under this subsection.

Until each obligation issued in accordance with this subsection reaches maturity, for all financial reporting purposes, such obligation shall be considered to be the sole obligation of the Financial Assistance Corporation and shall not be considered a liability of any System bank, nor shall the obligation to make future annuity payments to the Financial Assistance Corporation under subparagraph (D) be considered a liability of any System bank.

(4) Funds not considered financial assistance

The funds made available to each bank, whether through the issuance of stock or otherwise, by the Financial Assistance Corporation to meet obligations under any agreement referred to in paragraph (1) or to meet any obligations of the contributing banks under any such agreement, as required by this subsection, shall not be considered financial assistance under this chapter.

(5) Suspension of preservation agreements

During the 5-year period beginning on January 6, 1988, and thereafter whenever funds from the Farm Credit System Insurance Fund are available for use in assisting System institutions to meet their obligations on their debt instruments, activation of the Thirty-Seven Banks Capital Preservation Agreement, the Federal Land Banks Capital Preservation Agreement, the Federal Intermediate Credit Banks Capital Preservation Agreement, and the Banks for Cooperatives Loss Sharing Agreement shall be suspended, in exchange for the benefits flowing to the signatories to such agreements under the Agricultural Credit Act of 1987.

During the period beginning 61 days after January 6, 1988, and ending September 30, 1992, the Financial Assistance Corporation, subject to the approval of the Assistance Board, may issue uncollateralized bonds, notes, debentures, and similar obligations, guaranteed as to the timely payment of principal and interest by the Secretary of the Treasury as set forth in subsection

(d) of this section, with semiannual interest coupon payments and a maturity period of 15 years—

(1) in an aggregate amount not to exceed \$2,800,000,000; and

The debt obligations shall be in such forms and denominations, bear such rates of interest, be subject to such conditions, be issued in such manner, and be sold at such prices as may be prescribed by the Financial Assistance Corporation.

(c) Interest payments

(1) Payment of interest during first 5-year period

During each year of the first 5-year period of the 10-year period beginning on the date of issuance of each obligation under subsection (a) of this section, the Financial Assistance Corporation shall pay, without recourse to System institutions, other than that described in paragraph (5), all of the interest due on such obligation.

(B) Payment by System banks to Financial Assistance Corporation

During each year of the second 5-year period, System banks shall pay to the Financial Assistance Corporation 50 percent of the interest due on the obligations, except that System banks shall pay an additional 10 percent of the interest expense for each 1 percent that the unallocated retained earnings of the System (as determined under generally accepted accounting principles) exceed 5 percent of net assets (total assets less allowance for loan losses) based on a year-end financial statement for the preceding year.

(C) Allocation

During each year of the second 5-year period, each System bank shall pay to the Financial Assistance Corporation a proportion, as calculated by the Financial Assistance

Corporation, of the interest due from System banks under this paragraph equal to—

(i) the amount of the average accruing retail loan volume of the bank and its affiliated associations for the preceding year; divided by

(ii) the total average accruing retail loan volume of all such banks and their affiliated associations for the preceding year.

(3) Payments by Treasury

The Secretary of the Treasury, in accordance with section 2278b-8 of this title, shall pay to the Financial Assistance Corporation, in a timely manner, the balance of each interest payment not made by the System banks.

(4) Payment of interest after first 10-year period

During each year of the third 5-year period of the 15-year period beginning on the date of the issuance of each obligation under subsection (a) of this section, the Financial Assistance Corporation shall pay all of the interest due on such obligation. Such payments shall be made to the Financial Assistance Corporation at such times as the Financial Assistance Corporation shall determine.

(5) Repayment of Treasury-paid interest

(A) In general

On the maturity date of the last-maturing debt obligation issued under subsection (a) of this section, the Financial Assistance Corporation shall repay to the Secretary of the Treasury the total amount of any annual interest charges on the debt obligations that Farm Credit System institutions (other than the Financial Assistance Corporation) have not previously paid, and the Financial Assistance Corporation shall not be required to pay any additional interest charges on the payments.

(B) Assessment

In order to provide for the orderly funding by the banks of the System of the repayment by the Financial Assistance Corporation to the Secretary of the Treasury, the Financial Assistance Corporation shall assess each System bank, on or about December 31 of each year beginning in 1992, and each System bank shall promptly pay to the Financial Assistance Corporation, an annual annuity type payment in an amount designed to accumulate, in total, including earnings thereon, the amount of the bank's ultimate obligation (as determined by the Corporation on a fair and equitable basis), and no greater than .0006 nor less than .0004 times the bank's and its affiliated associations' average accruing retail loan volume for the preceding year, subject to—

(i) upward or downward adjustment, as appropriate, by the Financial Assistance Corporation during each of the last 5 years prior to the date the Financial Assistance Corporation is obligated to make the re-

payment, in order to ensure that the Financial Assistance Corporation will have the amount of funds needed to make the repayment on the due date; and

(ii) reduction or termination in any year when the funds paid to the Financial Assistance Corporation, including any anticipated future earnings on the funds, are sufficient to make the repayment on the due date.

(C) Investment of funds

The Financial Assistance Corporation shall invest funds derived from the investment in eligible investments as defined in section 2278b-5(a)(1) of this title. The funds and the earnings on the funds shall be available only for the repayment to the Secretary of the Treasury provided for in subparagraph (A).

(D) Pass through

A bank may (and, to the extent necessary to satisfy its obligations, shall) pass on (either directly, or indirectly through loan pricing or otherwise) all or part of the assessments to its affiliated direct lender associations based on proportionate average accruing retail loan volumes for the preceding year, but the bank shall remain primarily liable for the amounts.

(E) Liability

(i) Banks terminating System status or in liquidation

Any bank terminating System status pursuant to section 2279d of this title shall be required, under regulations of the Farm Credit Administration, to pay to the Financial Assistance Corporation the estimated present value of all future such assessments against the bank had the bank remained in the System. A liability to the Financial Assistance Corporation in this amount (calculated as if the bank had left the System on the date the bank was placed in liquidation) shall be recognized as a claim in favor of the Financial Assistance Corporation against the estate of any bank undergoing liquidation.

(ii) No anticipatory reductions in other obligations

The obligations of other banks shall not be reduced in anticipation of any recoveries under this subparagraph from banks leaving the System or in liquidation.

(iii) Refund of recoveries

The Financial Assistance Corporation shall apply the recoveries, when received, and all earnings on the recoveries, to reduce the other banks' payment obligations, or, to the extent the recoveries are received after the other banks have met their entire payment obligation, shall refund the recoveries, when received, to the other banks in proportion to the other banks' payments.

(F) Associations terminating System status or in liquidation

Any association terminating System status pursuant to section 2279d of this title

shall be required, under regulations of the Farm Credit Administration, to pay to its supervising bank a share, based on the association's retail loan volume relative to the retail loan volume of the bank and its affiliated associations had the association remained in the System, of the estimated present value of all future such assessments against the bank. A liability to the bank in this amount (calculated as if the association had left the System on the date it was placed in liquidation) shall be recognized as a claim in favor of the bank against the estate of any association undergoing liquidation.

(G) Capital requirements

(i) In general

Until the date that is 5 years prior to the date on which the Financial Assistance Corporation is required to repay the Secretary of the Treasury pursuant to subparagraph (A), all assessments paid by banks to the Financial Assistance Corporation pursuant to subparagraph (B), and any part of the obligation to pay future assessments to the Financial Assistance Corporation under subparagraph (B) that is recognized as an expense on the books of any System bank or association, shall nonetheless be included in the capital of the bank or association for purposes of determining its compliance with regulatory capital requirements.

(ii) During the final 5 years prior to repayment

During the—

(I) period beginning 5 years, and ending 4 years, prior to the date on which the Financial Assistance Corporation is required to repay the Secretary of the Treasury pursuant to subparagraph (A), 60 percent;

(II) period beginning 4 years, and ending 3 years, prior to the date on which the Financial Assistance Corporation is required to repay the Secretary of the Treasury pursuant to subparagraph (A), 30 percent; and

(III) period beginning 3 years prior to the date on which the Financial Assistance Corporation is required to repay the Secretary of the Treasury pursuant to subparagraph (A), 0 percent,

of all assessments paid by banks to the Financial Assistance Corporation pursuant to subparagraph (B), and of any part of the obligation to pay future assessments to the Financial Assistance Corporation under subparagraph (B) that is recognized as an expense on the books of any System bank or association, shall nonetheless be included in the capital of the bank or association for purposes of determining its compliance with regulatory capital requirements.

(d) Refinancing and payment of principal; defaults

(1) In general

(A) Time of repayment

On maturity of an obligation issued under subsection (a) of this section, the obligation shall be repaid by the Financial Assistance Corporation.

(B) Payments by institutions

(i) In general

Except as provided in subparagraph (C), in order to enable the Financial Assistance Corporation to repay the obligation referred to in subparagraph (A), each institution that issued preferred stock under section 2278b-7(a) of this title with respect to the obligation (or the successor to the institution) shall pay to the Financial Assistance Corporation, before the maturity date of the obligation, an amount equal to the par value of the stock outstanding for the institution.

(ii) Annual appropriation

Except as provided in clause (iii), each year beginning in 1992, as soon as practicable following the end of the prior year, each such institution (except institutions in receivership and institutions that have previously redeemed their preferred stock) shall appropriate from its earnings in the prior year to an appropriated unallocated surplus account with respect to preferred stock, the sum of—

(I) the greater of—

(aa) such amount as the institution may be required to appropriate under any assistance agreement the institution has with the Farm Credit System Assistance Board or the Farm Credit System Insurance Corporation; or

(bb) the amount that, if appropriated to the account in equal amounts in each year thereafter until the maturity of the obligation referred to in subparagraph (A), would cause the amount in the account to equal the par value of the preferred stock issued by the institution with respect to the obligation; plus

(II) any amount that had been appropriated to the account in a previous year but had thereafter been offset by losses.

(iii) Limitation

An annual appropriation shall not be made to the extent that the appropriation would exceed the institution's net income (as determined pursuant to generally accepted accounting principles) in that year or to the extent that the appropriation would cause the institution's preferred stock to be impaired.

(iv) Use

The amount in the appropriated unallocated surplus account shall be unavailable to pay dividends or other allocations or distributions to shareholders or holders of participation certificates. The account

shall be senior to all other unallocated surplus accounts but junior to all preferred and common stock for purposes of the application of operating losses.

(v) Preferred stock

The appropriations of surplus by an institution shall not affect the treatment of its preferred stock (and of the appropriated unallocated surplus) as equity for purposes of regulatory permanent capital requirements.

(C) Systemwide repayment

(i) In general

In order to enable the Financial Assistance Corporation to repay the obligations issued to provide assistance under subsections (c) and (e) of section 410 of the Agricultural Credit Act of 1987 (12 U.S.C. 2011 note) and section 2162(c) of this title, or issued to provide funds to cover the expenses of the Assistance Board or the Financial Assistance Corporation under sections 2278a-7(a) and 2278b-4, respectively, of this title, each System bank shall pay to the Financial Assistance Corporation a proportion, as calculated by the Financial Assistance Corporation, of the obligation equal to—

(I) the average accruing retail loan volume of the bank and its affiliated associations for the preceding 15 years; divided by

(II) the average accruing retail loan volume of all such banks and their affiliated associations for the same period.

(ii) Expense item

The annual increase in the present value of the estimated obligation of each bank to the Financial Assistance Corporation under this subparagraph shall be recorded each year as an expense item, in accordance with generally accepted accounting principles, on the books of the bank.

(iii) Pass through

A bank may (and, to the extent necessary to satisfy its obligations, shall) pass on (either directly, or indirectly through loan pricing or otherwise) all or part of the amount necessary to satisfy the payment requirement to its affiliated direct lender associations based on proportionate average accruing retail loan volumes for the preceding 15 years, except that the bank shall remain primarily liable for the amount.

(iv) Banks leaving System

Any bank leaving the Farm Credit System pursuant to section 2279d of this title shall be required, under regulations of the Farm Credit Administration, to pay to the Financial Assistance Corporation the estimated present value of the payment required under this subparagraph had the bank remained in the System. A liability to the Financial Assistance Corporation in this amount (calculated as if the bank had left the System on the date it was placed

in liquidation) shall be recognized as a claim in favor of the Financial Assistance Corporation against the estate of any bank undergoing liquidation. The obligations of other banks shall not be reduced in anticipation of any such recoveries from banks leaving the System or in liquidation, but the Financial Assistance Corporation shall apply the recoveries, when received, and all earnings on the recoveries, to reduce the other banks' payment obligations, or, to the extent the recoveries are received after the other banks have met their entire payment obligation, shall refund the recoveries, when received, to the other banks in proportion to the other banks' payments.

(v) Associations terminating System status or in liquidation

Any association leaving the Farm Credit System pursuant to section 2279d of this title shall be required, under regulations of the Farm Credit Administration, to pay to its supervising bank a share, based on the association's retail loan volume relative to the retail loan volume of the bank and its affiliated associations had the association remained in the System, of the present value of the future payment obligation of its supervising bank. A liability to the bank in this amount (calculated as if the association had left the System on the date it was placed in liquidation) shall be recognized as a claim in favor of the bank against the estate of any association undergoing liquidation.

(D) Funds for payments

Payments under subparagraphs (B) and (C) shall be made by each such institution from the funds of the institution or from funds raised by the institution through the issuance of debt obligations, which may be issued without a collateral requirement and without any guarantee by the Secretary of the Treasury.

(2) Refinanced obligations

The refinanced obligations issued under paragraph (1) shall be solely the obligations of the institutions refinancing such, and sections 2154 and 2155 of this title shall not apply to such obligations.

(3) Defaults

(A) Certain principal and interest obligations

(i) Payment by Corporation

If a System bank defaults on the payment of interest due under subsection (c) of this section during the first 15 years after an obligation is issued under subsection (a) of this section, on the payment of principal or interest due under subparagraphs (B) and (C) of section 2278a-9(e)(3) of this title, on the payment of principal due under paragraph (1)(C), or on the payment of an assessment due under subsection (c)(5)(B) of this section, the Financial Assistance Corporation shall pay the amount due by the System bank out of the Trust Fund, and shall recover the amount

due from the defaulting System bank, and such amount shall be paid to the Trust Fund.

(ii) Payment by Insurance Fund

If the Financial Assistance Corporation has not recovered the full amount due from a defaulting bank by the end of the 12-month period beginning on the date of default, any uncollected amount shall be paid to the Trust Fund from the Insurance Fund established under section 2277a-9 of this title, to the full extent of funds available in the Insurance Fund as of the date the Financial Assistance Corporation notified the Farm Credit System Insurance Corporation of amounts due under this section.

(iii) Payment by remaining institutions

To the extent that the payment from the Insurance Fund is insufficient to reimburse the Trust Fund, the remaining balance shall be allocated to other System banks in accordance with the allocation mechanism applicable under this chapter to the particular defaulted obligation.

(B) Principal of bonds issued to fund purchase of preferred stock

(i) Evaluation

Not later than 90 days before the maturity of any obligation issued under subsection (a) of this section, the Farm Credit Administration shall complete an evaluation of the general financial condition of each System institution that issued preferred stock under section 2278b-7(a) of this title with respect to such obligation to determine whether such System institution will be able to redeem such stock at par value on the maturity of the obligation, and remain a viable institution capable of providing credit to eligible borrowers at equitable and competitive interest rates.

(ii) Availability of evaluation

A copy of the evaluation required under clause (i) shall be furnished to the Secretary of the Treasury and the appropriate committees of Congress.

(iii) Redemption by institution; purchase by Secretary of the Treasury

If the Farm Credit Administration determines, in consultation with the Secretary of the Treasury, on the basis of the evaluation required under clause (i), that the redemption of such stock at par value would impair the other stock or equities of such institution or render such institution incapable of meeting its capital adequacy standards, the institution shall be prohibited from redeeming the preferred stock it issued under section 2278b-7 of this title with respect to the maturing obligation. If the Farm Credit Administration determines, in consultation with the Secretary of the Treasury, on the basis of the evaluation required under clause (i), that such institution will be able to redeem, in a time-

ly manner and at par value, the preferred stock it issued under section 2278b-7 of this title with respect to the maturing obligation, and remain a viable and competitive institution, such institution shall have the option of redeeming or not redeeming such stock. If such institution is prohibited from redeeming or elects not to redeem such stock, the Financial Assistance Corporation shall withdraw funds from the Trust Fund in an amount equal to the par value of the preferred stock issued by such institution under section 2278b-7 of this title so as to enable the Financial Assistance Corporation to pay the principal of the maturing obligation. Simultaneously with such withdrawal of funds from the Trust Fund, the Financial Assistance Corporation shall transfer to the Insurance Fund an equal amount, at par value, of preferred stock of such institution. To the extent that the Trust Fund is insufficient to enable the Financial Assistance Corporation to pay the full principal of the maturing obligation, the Insurance Fund shall be used by the Farm Credit System Insurance Corporation to purchase, at par value, the preferred stock issued by such institution under section 2278b-7(a) of this title to enable the Financial Assistance Corporation to pay the principal of the maturing obligation. To the extent that the Insurance Fund is insufficient to enable the Financial Assistance Corporation to pay the full principal of the maturing obligation, the Secretary of the Treasury shall purchase, at par value, the remaining quantity of the preferred stock issued by such institution to enable the Financial Assistance Corporation to make such full payment. For that purpose, the Secretary of the Treasury may use, as a public debt transaction, the proceeds from the sale of any securities issued under chapter 31 of title 31. The purposes for which such securities may be issued under such chapter are extended to include such purchases of stock. Any preferred stock transferred to, or purchased by, the Farm Credit System Insurance Corporation under this clause shall be retired by the issuing institution at such times and under such terms and conditions as are agreed to between the Insurance Corporation and such institution.

(C) Recourse by other System banks

A defaulting bank shall be liable to the remaining System banks for any amounts paid by the remaining banks under this paragraph.

(4) Payment by United States

(A) Inability to pay

Notwithstanding any other provision of this chapter, if the Financial Assistance Corporation is unable to pay the principal or interest of any obligation issued under subsection (a) of this section or section 2278a-9(e)(3)(A) of this title, the Secretary of the Treasury shall pay to the Financial Assistance Corporation the amount due which

shall be used by the Financial Assistance Corporation to pay the obligation.

(B) Recovery

(i) Certain principal and interest obligations

In each instance in which the Secretary of the Treasury is required to make a payment under subparagraph (A) to the Financial Assistance Corporation as a result of a default made by a System bank on interest due from such System bank under subsection (c) of this section, on the payment of principal or interest due under subparagraphs (B) and (C) of section 2278a-9(e)(3) of this title, on the payment of principal due under paragraph (1)(C), or on the payment of an assessment due under subsection (c)(5)(B) of this section, the Secretary of the Treasury shall recover the amount of the payments the Secretary made, with respect to each defaulting bank, from such defaulting bank. If the Secretary has not recovered the full amount due from the defaulting bank by the end of the 12-month period beginning on the date of payment by the Secretary, the uncollected amount shall be paid to the Secretary from the Insurance Fund established under section 2277a-9 of this title.

(ii) Principal of bonds issued to fund purchase of preferred stock

In each instance in which the Secretary of the Treasury is required under paragraph (3)(B)(iii) to purchase preferred stock issued by a System institution under section 2278b-7(a) of this title, the Farm Credit System Insurance Corporation shall use funds deposited in the Insurance Fund to repurchase, at par value, from the Secretary of the Treasury such stock required to be purchased under paragraph (3)(B)(iii) as funds become available for such repurchase.

(iii) Priority

Notwithstanding any other provision of this chapter except for section 2277a-9(c)(2)(B) of this title, during any year in which payments are due to the Secretary of the Treasury from the Insurance Fund under clause (i), or preferred stock held by the Secretary is due to be repurchased by the Insurance Fund under clause (ii), the funds in such Fund, and all funds deposited in such Fund during such year, shall be used first for the purposes specified in clauses (i) and (ii).

(e) Administration

(1) "Retail loan volume" defined

As used in this section, the term "retail loan volume" means all loans (as defined in accordance with generally accepted accounting principles) by a System bank or association, excluding loans by such a bank or association to another System institution.

(2) Calculation of average annual loan volumes

For purposes of this section and section 2278a-9 of this title, average annual loan vol-

umes shall be calculated using month-end balances.

(3) Exclusion of banks undergoing liquidation

For purposes of this section and section 2278a-9 of this title, the term "bank" shall not include a bank that had entered liquidation prior to October 28, 1992.

The originator of any loan in such pool shall be permitted to retain the right to service the loan.

(4) Minority participation in public offerings

United States have an opportunity to participate to a significant degree in any public offering of securities.

(5) No discrimination against States with borrowers rights

The facility may not refuse to purchase qualified loans originating in States that have established borrowers rights laws either by statute or under the constitution of such States, except that the facility may require discounts or charge fees reasonably related to costs and expenses arising from such statutes or constitutional provisions.

(1) Applicability of certain Federal securities laws

For purposes of section 77c(a)(2) of title 15, no security representing an interest in, or obligations backed by, a pool of qualified loans for which guarantees have been provided by the Corporation shall be deemed to be a security issued or guaranteed by a person controlled or supervised by, or acting as an instrumentality of, the Government of the United States. No such security shall be deemed to be a “government security” for purposes of the Securities Exchange Act of 1934 [15 U.S.C. 78a et seq.] or for purposes of the Investment Company Act of 1940 [15 U.S.C. 80a-1 et seq.].

(2) No full faith and credit of the United States

Each security for which credit enhancement has been provided by the Corporation shall clearly indicate that the security is not an obligation of, and is not guaranteed as to principal or interest by, the Farm Credit Administration, the United States, or any other agency or instrumentality of the United States (other than the Corporation).

(b) State securities laws

(1) General exemption

Any security or obligation that has been provided a guarantee by the Corporation shall be exempt from any law of any State with respect to or requiring registration or qualification of securities or real estate to the same extent as any obligation issued by, or guaranteed as to principal and interest by, the United States or any agency or instrumentality of the United States.

(2) State override

The provisions of paragraph (1) shall not be applicable to any State that, during the 8-year

period beginning on January 6, 1988, enacts a law that—

(B) expressly provides that paragraph (1) shall not apply to the State.

(c) Authorized investments

(1) In general

Securities representing an interest in, or obligations backed by, pools of qualified loans with respect to which the Corporation has provided a guarantee shall be authorized investments of any person, trust, corporation, partnership, association, business trust, or business entity created pursuant to or existing under the laws of the United States or any State to the same extent that the person, trust, corporation, partnership, association, business trust, or business entity is authorized under any applicable law to purchase, hold, or invest in obligations issued by or guaranteed as to principal and interest by the United States or any agency or instrumentality of the United States. Such securities or obligations may be accepted as security for all fiduciary, trust, and public funds, the investment or deposits of which shall be under the authority and control of the United States or any State or any officers of either.

(2) State limitations on purchase, holding, or investment

If State law limits the purchase, holding, or investment in obligations issued by the United States by the person, trust, corporation, partnership, association, business trust, or business entity, securities or obligations of a certified facility issued on which the Corporation has provided a guarantee shall be considered to be obligations issued by the United States for purposes of the limitation.

(3) Nonapplicability of provisions

(A) Subsequent State law

Paragraphs (1) and (2) shall not apply with respect to a particular person, trust, corporation, partnership, association, business trust, or business entity, or class thereof, in any State that, prior to the expiration of the 8-year period beginning on January 6, 1988, enacts a law that specifically refers to this section and either prohibits or provides for a more limited authority to purchase, hold, or invest in the securities by any person, trust, corporation, partnership, association, business trust, or business entity, or class thereof, than is provided in paragraphs (1) and (2).

(B) Effect of subsequent State law

The enactment by any State of a law of the type described in subparagraph (A) shall not affect the validity of any contractual commitment to purchase, hold, or invest that was made prior to the effective date of the law and shall not require the sale or other disposition of any securities acquired prior to the effective date of the law.

(d) State usury laws superseded

A provision of the Constitution or law of any State shall not apply to an agricultural loan

made by an originator or a certified facility in accordance with this subchapter for sale to the Corporation or to a certified facility for inclusion in a pool for which the Corporation has provided, or has committed to provide, a guarantee, if the loan, not later than 180 days after the date the loan was made, is sold to the Corporation or included in a pool for which the Corporation has provided a guarantee, if the provision—

(1) limits the rate or amount of interest, discount points, finance charges, or other charges that may be charged, taken, received, or reserved by an agricultural lender or a certified facility; or

(2) limits or prohibits a prepayment penalty (either fixed or declining), yield maintenance, or make-whole payment that may be charged, taken, or received by an agricultural lender or a certified facility in connection with the full or partial payment of the principal amount due on a loan by a borrower in advance of the scheduled date for the payment under the terms of the loan, otherwise known as a prepayment of the loan principal.

§ 2279bb-1. Risk-based capital levels

(a) Risk-based capital test

Not sooner than the expiration of the 3-year period beginning on February 10, 1996, the Director of the Office of Secondary Market Oversight shall, by regulation, establish a risk-based capital test under this section for the Corporation. When applied to the Corporation, the risk-based capital test shall determine the amount of regulatory capital for the Corporation that is sufficient for the Corporation to maintain positive capital during a 10-year period in which both of the following circumstances occur:

(1) Credit risk

With respect to securities representing an interest in, or obligations backed by, a pool of qualified loans owned or guaranteed by the Corporation and other obligations of the Corporation, losses on the underlying qualified loans occur throughout the United States at a rate of default and severity (based on any measurements of default reasonably related to prevailing industry practice in determining capital adequacy) reasonably related to the rate and severity that occurred in contiguous

areas of the United States containing an aggregate of not less than 5 percent of the total population of the United States that, for a period of not less than 2 years (as established by the Director), experienced the highest rates of default and severity of agricultural mortgage losses, in comparison with such rates of default and severity of agricultural mortgage losses in other such areas for any period of such duration, as determined by the Director.

(2) Interest rate risk

Interest rates on Treasury obligations of varying terms increase or decrease over the first 12 months of such 10-year period by not more than the lesser of (A) 50 percent (with respect to the average interest rates on such obligations during the 12-month period preceding the 10-year period), or (B) 600 basis points, and remain at such level for the remainder of the period. This paragraph may not be construed to require the Director to determine interest rate risk under this paragraph based on the interest rates for various long-term and short-term obligations all increasing or all decreasing concurrently.

(b) Considerations

(1) Establishment of test

In establishing the risk-based capital test under subsection (a) of this section—

(A) the Director shall take into account appropriate distinctions based on various types of agricultural mortgage products, varying terms of Treasury obligations, and any other factors the Director considers appropriate;

(B) the Director shall conform loan data used in determining credit risk to the minimum geographic and commodity diversification standards applicable to pools of qualified loans eligible for guarantee;

(C) the Director may take into account retained subordinated participating interests under section 2279aa-6(b)(2) of this title (as in effect before February 10, 1996);

(D) the Director may take into account other methods or tests to determine credit risk developed by the Corporation before December 13, 1991; and

(E) the Director shall consider any other information submitted by the Corporation in writing during the 180-day period beginning on December 13, 1991.

(2) Revising test

Upon the expiration of the 8-year period beginning on December 13, 1991, the Director shall examine the risk-based capital test under subsection (a) of this section and may revise the test. In making examinations and revisions under this paragraph, the Director shall take into account that, before December 13, 1991, the Corporation has not issued guarantees for pools of qualified loans. To the extent that the revision of the risk-based capital test causes a change in the classification of the Corporation within the enforcement levels established under section 2279bb-4 of this title, the Director shall waive the applicability of any additional enforcement actions available because of such change for a reasonable period

of time, to permit the Corporation to increase the amount of regulatory capital of the Corporation accordingly.

(c) Risk-based capital level

For purposes of this part, the risk-based capital level for the Corporation shall be equal to the sum of the following amounts:

(1) Credit and interest rate risk

The amount of regulatory capital determined by applying the risk-based capital test under subsection (a) of this section to the Corporation, adjusted to account for foreign exchange risk.

(2) Management and operations risk

To provide for management and operations risk, 30 percent of the amount of regulatory capital determined by applying the risk-based capital test under subsection (a) of this section to the Corporation.

(d) Specified contents

(1) In general

The regulations establishing the risk-based capital test under this section shall—

(A) be issued by the Director for public comment in the form of a notice of proposed rulemaking, to be first published after the expiration of the period referred to in subsection (a) of this section; and

(B) contain specific requirements, definitions, methods, variables, and parameters used under the risk-based capital test and in implementing the test (such as loan loss severity, float income, loan-to-value ratios, taxes, yield curve slopes, default experience, prepayment rates, and performance of pools of qualified loans).

(2) Specificity

The regulations referred to in paragraph (1) shall be sufficiently specific to permit an individual other than the Director to apply the test in the same manner as the Director.

(e) Availability of model

The Director shall make copies of the statistical model or models used to implement the risk-based capital test under this section available for public acquisition and may charge a reasonable fee for such copies.

(C) Contractual arrangements

The conservator or receiver may contract with any governmental entity, including the Farm Credit System Insurance Corporation, to make personnel, services, and facilities of the entity available to the conservator or receiver on such terms and compensation arrangements as shall be mutually agreed, and each entity may provide the same to the conservator or receiver.

(f) Borrowings for working capital**(1) In general**

If the conservator or receiver of the Corporation determines that it is likely that there will be insufficient funds to pay the ongoing administrative expenses of the conservatorship or receivership or that there will be insufficient liquidity to fund maturing obligations of the conservatorship or receivership, the conservator or receiver may borrow funds in such amounts, from such sources, and at such rates of interest as the conservator or receiver considers necessary or appropriate to meet the administrative expenses or liquidity needs of the conservatorship or receivership.

§ 2281. Congressional findings and declaration of purpose

The Congress finds that demands for funds through Federal and federally assisted borrowing programs are increasing faster than the total supply of credit and that such borrowings are not adequately coordinated with overall

Federal fiscal and debt management policies. The purpose of this chapter is to assure coordination of these programs with the overall economic and fiscal policies of the Government, to reduce the cost of Federal and federally assisted borrowings from the public, and to assure that such borrowings are financed in a manner least disruptive of private financial markets and institutions.
