EX. ORD. NO. 13165. WHITE HOUSE TASK FORCE ON DRUG USE IN SPORTS AND UNITED STATES REPRESENTATIVE ON THE BOARD OF THE WORLD ANTI-DOPING AGENCY

Ex. Ord. No. 13165, Aug. 9, 2000, 65 F.R. 49469, as amended by Ex. Ord. No. 13286, § 11, Feb. 28, 2003, 68 F.R. 10622, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Office of National Drug Control [Policy] Reauthorization Act of 1998, (21 U.S.C. 1701 *et seq.*), and in order to develop recommendations for Federal agency actions to address the use of drugs in sports, in particular among young people, it is hereby ordered as follows:

SECTION 1. *Policy.* The use of drugs in sports has reached a level that endangers not just the legitimacy of athletic competition but also the lives and health of athletes—from the elite ranks to youth leagues. The National Household Survey on Drug Abuse issued in 1999 found that in just 1 year’s time the rate of steroid use among young people rose roughly 50 percent among both sexes and across all age groups. It is the policy of my Administration to take the steps needed to help eliminate illicit or otherwise banned drug use and doping in sports at the State, national, and international level.

SEC. 2. *Establishment of a White House Task Force on Drug Use in Sports.* (a) There is established a White House Task Force on Drug Use in Sports (Task Force). The Task Force shall comprise the co-vice chairs of the White House Olympic Task Force (the “Olympic Task Force Vice Chairs”), and representatives designated by the Office of National Drug Control Policy, the Department of Health and Human Services, the Department of Labor, the President’s Council on Physical Fitness and Sports, the Office of Management and Budget, the National Security Council, the Department of State, the Department of the Treasury, the Department of Education, the Department of Justice, the Department of Transportation, the Department of Homeland Security, the National Institute on Drug Abuse, and the Sub-

stance Abuse and Mental Health Services Administration.

(b) The Task Force shall develop recommendations for the President on further executive and legislative actions that can be undertaken to address the problem of doping and drug use in sports. In developing the recommendations, the Task Force shall consider, among other things: (i) the health and safety of America's athletes, in particular our Nation's young people; (ii) the integrity of honest athletic competition; and (iii) the views and recommendations of State and local governments, the private sector, citizens, community groups, and nonprofit organizations, on actions to address this threat. The Task Force, through its Chairs, shall submit its recommendations to the President.

(c) The Director of the Office of National Drug Control Policy (the Director), the Secretary of the Department of Health and Human Services, and the Olympic Task Force Vice Chairs or their designees shall serve as the Task Force Chairs.

(d) To the extent permitted by law and at the request of the Chairs, agencies shall cooperate with and provide information to the Task Force.

SEC. 3. *Participation in the World Anti-Doping Agency.*
(a) As part of my Administration's efforts to address the problem of drug use in sports, the United States has played a leading role in the formation of a World Anti-Doping Agency (WADA) by the Olympic and sports community and the nations of the world. Through these efforts, the United States has been selected to serve as a governmental representative on the board of the WADA. This order will authorize the Director to serve as the United States Government's representative on the WADA board.

(b) Pursuant to 21 U.S.C. 1701 *et seq.*, the Director, or in his absence his designee, is hereby authorized to take all necessary and proper actions to execute his responsibilities as United States representative to the WADA.

(c) To assist the Director in carrying out these responsibilities as the United States Government representative to the WADA and to the extent permitted by law, Federal employees may serve in their official capacity, *inter alia*, on WADA Committees or WADA advisory committees, serving as experts to the WADA.

§ 1706. High Intensity Drug Trafficking Areas Program

(a) Establishment

(1) In general

There is established in the Office a program to be known as the High Intensity Drug Trafficking Areas Program (in this section referred to as the “Program”).

(2) Purpose

The purpose of the Program is to reduce drug trafficking and drug production in the United States by—

(A) facilitating cooperation among Federal, State, local, and tribal law enforcement agencies to share information and implement coordinated enforcement activities;

(B) enhancing law enforcement intelligence sharing among Federal, State, local, and tribal law enforcement agencies;

(C) providing reliable law enforcement intelligence to law enforcement agencies needed to design effective enforcement strategies and operations; and

(D) supporting coordinated law enforcement strategies which maximize use of available resources to reduce the supply of illegal drugs in designated areas and in the United States as a whole.

(b) Designation

(1) In general

The Director, in consultation with the Attorney General, the Secretary of the Treasury, the Secretary of Homeland Security, heads of the National Drug Control Program agencies, and the Governor of each applicable State, may designate any specified area of the United States as a high intensity drug trafficking area.

(2) Activities

After making a designation under paragraph (1) and in order to provide Federal assistance to the area so designated, the Director may—

(A) obligate such sums as are appropriated for the Program;

(B) direct the temporary reassignment of Federal personnel to such area, subject to the approval of the head of the department or agency that employs such personnel;

(C) take any other action authorized under section 1703 of this title to provide increased Federal assistance to those areas; and

(D) coordinate activities under this section (specifically administrative, recordkeeping,

and funds management activities) with State, local, and tribal officials.

(c) Petitions for designation

The Director shall establish regulations under which a coalition of interested law enforcement agencies from an area may petition for designation as a high intensity drug trafficking area. Such regulations shall provide for a regular review by the Director of the petition, including a recommendation regarding the merit of the petition to the Director by a panel of qualified, independent experts.

(d) Factors for consideration

In considering whether to designate an area under this section as a high intensity drug trafficking area, the Director shall consider, in addition to such other criteria as the Director considers to be appropriate, the extent to which—

- (1) the area is a significant center of illegal drug production, manufacturing, importation, or distribution;
- (2) State, local, and tribal law enforcement agencies have committed resources to respond to the drug trafficking problem in the area, thereby indicating a determination to respond aggressively to the problem;
- (3) drug-related activities in the area are having a significant harmful impact in the area, and in other areas of the country; and
- (4) a significant increase in allocation of Federal resources is necessary to respond adequately to drug-related activities in the area.

(e) Organization of high intensity drug trafficking areas

(1) Executive Board and officers

To be eligible for funds appropriated under this section, each high intensity drug trafficking area shall be governed by an Executive Board. The Executive Board shall designate a chairman, vice chairman, and any other officers to the Executive Board that it determines are necessary.

(3) Board representation

None of the funds appropriated under this section may be expended for any high intensity drug trafficking area, or for a partnership or region of a high intensity drug trafficking area, if the Executive Board for such area, region, or partnership, does not apportion an equal number of votes between representatives of participating Federal agencies and representatives of participating State, local, and

tribal agencies. Where it is impractical for an equal number of representatives of Federal agencies and State, local, and tribal agencies to attend a meeting of an Executive Board in person, the Executive Board may use a system of proxy votes or weighted votes to achieve the voting balance required by this paragraph.

(4) No agency relationship

The eligibility requirements of this section are intended to ensure the responsible use of Federal funds. Nothing in this section is intended to create an agency relationship between individual high intensity drug trafficking areas and the Federal Government.

(f) Use of funds

The Director shall ensure that no Federal funds appropriated for the Program are expended for the establishment or expansion of drug treatment programs, and shall ensure that not more than 5 percent of the Federal funds appropriated for the Program are expended for the establishment of drug prevention programs.

(g) Counterterrorism activities

(1) Assistance authorized

The Director may authorize use of resources available for the Program to assist Federal, State, local, and tribal law enforcement agencies in investigations and activities related to terrorism and prevention of terrorism, especially but not exclusively with respect to such investigations and activities that are also related to drug trafficking.

(2) Limitation

The Director shall ensure—

- (A) that assistance provided under paragraph (1) remains incidental to the purpose of the Program to reduce drug availability and carry out drug-related law enforcement activities; and
- (B) that significant resources of the Program are not redirected to activities exclusively related to terrorism, except on a temporary basis under extraordinary circumstances, as determined by the Director.

(h) Role of Drug Enforcement Administration

The Director, in consultation with the Attorney General, shall ensure that a representative of the Drug Enforcement Administration is included in the Intelligence Support Center for each high intensity drug trafficking area.

 - (A) the reasons for the proposed funding level; how such funding level was determined based on a current assessment of the drug trafficking threat in each high intensity drug trafficking area;

(B) how such funding will ensure that the goals and objectives of each such area will be achieved; and

(C) how such funding supports the National Drug Control Strategy; and

(3) the amount of HIDTA funds used to investigate and prosecute organizations and individuals trafficking in methamphetamine in the prior calendar year, and a description of how those funds were used.

(j) Emerging threat response fund

(1) In general

Subject to the availability of appropriations, the Director may expend up to 10 percent of the amounts appropriated under this section on a discretionary basis, to respond to any emerging drug trafficking threat in an existing high intensity drug trafficking area, or to establish a new high intensity drug trafficking area or expand an existing high intensity drug trafficking area, in accordance with the criteria established under paragraph (2).

(2) Consideration of impact

In allocating funds under this subsection, the Director shall consider—

REFERENCES IN TEXT

December 29, 2006, referred to in subsecs. (k)(1), (l), and (m) was in the original "the date of the enactment of this section", which was translated as meaning the date of enactment of Pub. L. 109-469, which amended this section generally, to reflect the probable intent of Congress.

AMENDMENTS

2006—Pub. L. 109-469, §301, amended section generally. Prior to amendment, section related to the High Intensity Drug Trafficking Areas Program.

Subsec. (q). Pub. L. 109-469, §302(c), added subsec. (q).

FINDINGS

Pub. L. 109-469, title III, §302(b), Dec. 29, 2006, 120 Stat. 3524, provided that: "Congress finds the following:

"(1) In the early morning hours of October 16, 2002, the home of Carnell and Angela Dawson was firebombed in apparent retaliation for Mrs. Dawson's notification to police about persistent drug distribution activity in their East Baltimore City neighborhood.

"(2) The arson claimed the lives of Mr. and Mrs. Dawson and their 5 young children, aged 9 to 14.

"(3) The horrific murder of the Dawson family is a stark example of domestic narco-terrorism.

"(4) In all phases of counternarcotics law enforcement—from prevention to investigation to prosecution to reentry—the voluntary cooperation of ordinary citizens is a critical component.

"(5) Voluntary cooperation is difficult for law enforcement officials to obtain when citizens feel that cooperation carries the risk of violent retaliation by illegal drug trafficking organizations and their affiliates.

"(6) Public confidence that law enforcement is doing all it can to make communities safe is a prerequisite for voluntary cooperation among people who may be subject to intimidation or reprisal (or both).

¹So in original. There probably should be a closing parenthesis.

²So in original.

“(7) Witness protection programs are insufficient on their own to provide security because many individuals and families who strive every day to make distressed neighborhoods livable for their children, other relatives, and neighbors will resist or refuse offers of relocation by local, State, and Federal prosecutorial agencies and because, moreover, the continued presence of strong individuals and families is critical to preserving and strengthening the social fabric in such communities.

“(8) Where (as in certain sections of Baltimore City) interstate trafficking of illegal drugs has severe ancillary local consequences within areas designated as high intensity drug trafficking areas, it is important that supplementary High Intensity Drug Trafficking Areas Program funds be committed to support initiatives aimed at making the affected communities safe for the residents of those communities and encouraging their cooperation with tribal, local, State, and Federal law enforcement efforts to combat illegal drug trafficking.”

COMBATING METHAMPHETAMINE AND AMPHETAMINE IN HIGH INTENSITY DRUG TRAFFICKING AREAS

Pub. L. 106-310, div. B, title XXXVI, §3624, Oct. 17, 2000, 114 Stat. 1232, provided that:

“(a) IN GENERAL.—

“(1) IN GENERAL.—The Director of National Drug Control Policy shall use amounts available under this section to combat the trafficking of methamphetamine and amphetamine in areas designated by the Director as high intensity drug trafficking areas.

“(2) ACTIVITIES.—In meeting the requirement in paragraph (1), the Director shall transfer funds to appropriate Federal, State, and local governmental agencies for employing additional Federal law enforcement personnel, or facilitating the employment of additional State and local law enforcement personnel, including agents, investigators, prosecutors, laboratory technicians, chemists, investigative assistants, and drug-prevention specialists.

“(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section—

“(1) \$15,000,000 for fiscal year 2000; and

“(2) such sums as may be necessary for each of fiscal years 2001 through 2004.

“(c) APPORTIONMENT OF FUNDS.—

“(1) FACTORS IN APPORTIONMENT.—The Director shall apportion amounts appropriated for a fiscal year pursuant to the authorization of appropriations in subsection (b) for activities under subsection (a) among and within areas designated by the Director as high intensity drug trafficking areas based on the following factors:

“(A) The number of methamphetamine manufacturing facilities and amphetamine manufacturing facilities discovered by Federal, State, or local law enforcement officials in the previous fiscal year.

“(B) The number of methamphetamine prosecutions and amphetamine prosecutions in Federal, State, or local courts in the previous fiscal year.

“(C) The number of methamphetamine arrests and amphetamine arrests by Federal, State, or local law enforcement officials in the previous fiscal year.

“(D) The amounts of methamphetamine, amphetamine, or listed chemicals (as that term is defined in section 102(33) of the Controlled Substances Act (21 U.S.C. 802(33)) seized by Federal, State, or local law enforcement officials in the previous fiscal year.

“(E) Intelligence and predictive data from the Drug Enforcement Administration and the Department of Health and Human Services showing patterns and trends in abuse, trafficking, and transportation in methamphetamine, amphetamine, and listed chemicals (as that term is so defined).

“(2) CERTIFICATION.—Before the Director apportions any funds under this subsection to a high intensity drug trafficking area, the Director shall certify that

the law enforcement entities responsible for clandestine methamphetamine and amphetamine laboratory seizures in that area are providing laboratory seizure data to the national clandestine laboratory database at the El Paso Intelligence Center.

“(d) LIMITATION ON ADMINISTRATIVE COSTS.—Not more than 5 percent of the amount appropriated in a fiscal year pursuant to the authorization of appropriations for that fiscal year in subsection (b) may be available in that fiscal year for administrative costs associated with activities under subsection (a).”

FUNDING FOR HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

Pub. L. 106-58, title III, Sept. 29, 1999, 113 Stat. 448, provided in part: “That, hereafter, of the amount appropriated for fiscal year 2000 or any succeeding fiscal year for the High Intensity Drug Trafficking Areas Program, the funds to be obligated or expended during such fiscal year for programs addressing the treatment or prevention of drug use as part of the approved strategy for a designated High Intensity Drug Trafficking Area (HIDTA) shall not be less than the funds obligated or expended for such programs during fiscal year 1999 for each designated HIDTA without the prior approval of the Committees on Appropriations”.

The Director shall ensure that at least 70 percent of no-cost match advertising provided directly relates to substance abuse prevention consistent with the specific purposes of the national media campaign, except that in any fiscal year in which less than \$125,000,000 is appropriated to the national media campaign, the Director shall ensure that at least 85 percent of no-cost match advertising directly relates to substance abuse prevention consistent with the specific purposes of the national media campaign.

(3) No-cost match advertising not directly related

The Director shall ensure that no-cost match advertising that does not directly relate to substance abuse prevention consistent with the purposes of the national media campaign includes a clear anti-drug message. Such message is not required to be the primary message of the match advertising.

(g) Financial and performance accountability

The Director shall cause to be performed—

The Director shall, to the maximum extent feasible, use amounts made available under this section for media that focuses on, or includes specific information on, prevention or treatment resources for consumers within specific local areas.

(j) Prevention of marijuana use**(1) Findings**

The Congress finds the following:

(A) 60 percent of adolescent admissions for drug treatment are based on marijuana use.

(B) Potency levels of contemporary marijuana, particularly hydroponically grown marijuana, are significantly higher than in the past, rising from under 1 percent of THC in the mid-1970s to as high as 30 percent today.

(C) Contemporary research has demonstrated that youths smoking marijuana early in life may be up to 5 times more likely to use hard drugs.

(D) Contemporary research has demonstrated clear detrimental effects in adolescent educational achievement resulting from marijuana use.

(E) Contemporary research has demonstrated clear detrimental effects in adolescent brain development resulting from marijuana use.

(F) An estimated 9,000,000 Americans a year drive while under the influence of illegal drugs, including marijuana.

(G) Marijuana smoke contains 50 to 70 percent more of certain cancer causing chemicals than tobacco smoke.

(H) Teens who use marijuana are up to 4 times more likely to have a teen pregnancy than teens who have not.

(I) Federal law enforcement agencies have identified clear links suggesting that trade in hydroponic marijuana facilitates trade by criminal organizations in hard drugs, including heroin.

(J) Federal law enforcement agencies have identified possible links between trade in cannabis products and financing for terrorist organizations.

(2) Emphasis on prevention of youth marijuana use

In conducting advertising and activities otherwise authorized under this section, the Director may emphasize prevention of youth marijuana use.

(2) Authority to use funds for other drug abuse upon certification that methamphetamine abuse fell during fiscal year 2007

With respect to fiscal year 2008 and any fiscal year thereafter, if the Director certifies in writing to Congress that domestic methamphetamine laboratory seizures (as reported to the El Paso Intelligence Center of the Drug Enforcement Administration) decreased to at least 75 percent of the 2006 level, or the Director has documented a highly, statistically significant increase in a specific drug, from a baseline determined by locally collected data, that can be defined as a local drug crisis, the Director may apply paragraph (1)(A) for that fiscal year with respect to advertisements specifically intended to reduce the use of such other drugs.

(l) Authorization of appropriations

There is authorized to be appropriated to the Office to carry out this section, \$195,000,000 for each of fiscal years 2007 and 2008 and \$210,000,000 for each of fiscal years 2009 through 2011.
